

2013

Crosstour

POWERFUL

Crosstour

VERSATILE

LUXURIOUS

It all comes together in the 2013 **Crosstour**. Styling that's aggressive and defiant. Premium refinements you deserve. Innovative technology you demand. And with an available 278-hp V-6 engine, the kind of performance that fuels your desire. Finally, the car you should have and the car you must have are one and the same.

UNCONVENTIONAL

STYLE

UNINHIBITED

The 2013 Crosstour grabs attention and never lets go. The distinctively streamlined shape and sleek lines make it easy to admire. The athletic stance and bold look make it impossible to ignore.

The Crosstour functions like a versatile crossover thanks to its unique design. It looks and acts like a luxury sports car in just about every other way.

From new 18" alloy wheels (V-6 models) to chrome door handles and a fin-type roof-mounted antenna, the Crosstour flaunts fresh features from the ground up.

Enhanced styling throughout projects the utmost confidence and delivers just enough attitude. The Crosstour says a lot about you without saying a word.

RATING¹

PURR

Something special happens when you blend exhilarating power, remarkable efficiency and fist-pumping fun. You get the 2013 Crosstour, a car that proves you can have the best of all worlds.

When the weather takes a turn, the available Real Time 4WD™ system takes charge. The system can detect a loss of traction when traveling down practically any low-traction surface. It can then automatically send power to the rear wheels to help you grip the road and stay on course.

Corner with confidence. A double wishbone front and multi-link rear suspension offer stable handling and a smooth ride. And the front shocks utilize a rebound spring within the shock tube that enhances front tire contact with the road when cornering.

The Crosstour has a high, commanding presence, and yet its center of gravity is low. Honda engineers achieved this by placing the engine, transmission and fuel tank as low as possible in the chassis. The results can be felt in how well the Crosstour handles.

Under the hood, you'll find more juice than ever before. Choose between the 2.4-liter i-VTEC® 4-cylinder engine or the 3.5-liter i-VTEC V-6 that now produces 278 hp and 252 lb-ft of torque. And all V-6 models now include a 6-speed automatic transmission that helps improve both efficiency¹ and performance.

Variable Cylinder Management™ (VCM™) activates and deactivates the V-6 engine's cylinders based on power demands. Enhancements for 2013 let the engine run in 3-cylinder mode longer—maximizing fuel efficiency¹—while still providing seamless transitions to all 6 cylinders when more muscle is needed.

Crosstour 4WD EX-L V-6 shown in Basque Red Pearl II.

With plenty of room, rear vents and a flip-down center armrest, rear passengers get the royal treatment, too.

REFINED

SPACIOUS

INSIDE

FLEXIBLE

Sacrifice nothing. The 2013 Crosstour puts a premium on interior design. It's got all the luxurious features you've always wanted. And an expansive cargo space that meets your every need.*

*Honda reminds you to properly secure items stored in the cargo area.

It doesn't matter if you and your front passenger run hot or cold. Available dual-zone climate control lets each of you select your own temperature setting.

Heated front seats bring warmth to cool days. Leather trim on the steering wheel, shift knob and adjustable seats add even more comfort and style (EX-L models).

Crosstour EX-L V-6 shown in Black Leather with available Honda Satellite-Linked Navigation System.^{TM2}

If you've got something to hide, or something that's wet, put it in the removable, water resistant utility box. It's also great for carrying tools, storing a first-aid kit and more.*

The cargo floor is covered with pristine, high quality carpet. Keep it that way by simply flipping the floor panels for a durable surface that's easy to clean.

Sometimes you need room for people. Other times you need room for packages. The 60/40 split rear seatback can be folded down so you can carry both.

Bulky items don't stand a chance. With the rear seatback folded down, you'll have a full 51.3 cubic feet³ of packing pleasure at your disposal.

Steering-wheel mounted controls let you answer a phone call or change the music.* Paddle shifters (V-6 models) let you change gears, too.

Tell your Crosstour where you want to go. The available Honda Satellite-Linked Navigation System² with voice recognition will show you the way.

High tech meets hi-fi in the 2013 Crosstour. And it all starts with HondaLink™. The innovative system gives you access to almost everything on your smartphone,* from text messages⁴ to Pandora⁵ and the robust cloud-based content of Aha.^{TM6} Rock out to both—or to music from the USB Audio Interface⁷—through a 360-watt audio system (EX-L and V-6 models).

*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

SMARTY-PANTS

Navigation System

TECHNOLOGY

See more than ever before. Literally. Signal right (EX-L and V-6 models) and Honda LaneWatch™ displays video that improves your passenger-side visibility. Shift into reverse and the standard rearview camera helps you back up. And with the available audio system with touch-screen display, you can access information and media options while looking straight ahead.

SAFETY

ACE™ Body Structure

PASSIVE

6 Airbags

VSA™

ACTIVE

ABS

At Honda, safety never goes out of style. Our engineers design systems that not only help protect you, but also help you avoid collisions altogether. Making advanced safety features standard is more than a goal. It's a philosophy.

The Crosstour has an Advanced Compatibility Engineering™ (ACE) body structure. This Honda-exclusive design enhances occupant protection and crash compatibility in frontal collisions. By dispersing crash energy more evenly throughout the front of the vehicle, less force is transmitted to the passenger compartment.

To help reduce the likelihood of whiplash injuries, the front seats have active head restraints that move up and forward in a sufficient rear collision.

All five passengers benefit from 3-point seat belts.

And the front seat belts are equipped with an automatic tensioning system that will tighten in a moderate-to-severe frontal impact.

The Crosstour's standard front, front side and side curtain airbags* can help reduce the likelihood of injuries in a collision. The side curtain airbags also feature a rollover sensor. The front passenger's side airbag uses the Occupant Position Detection System (OPDS) to help prevent deployment if a child or small-statured passenger is out of position and in the airbag's path of deployment.

The new Forward Collision Warning (FCW)⁹ system can detect the presence of vehicles in front of you and issues alerts when it calculates that you are at risk of a collision (EX-L models).

With the new Lane Departure Warning (LDW)¹⁰ system, a small camera between the windshield and the rearview mirror can track lane markings on the road. The system alerts you when it detects you moving into a different lane without signaling (EX-L models).

Brake Assist, a component of the anti-lock braking system (ABS), helps apply full braking force in some emergency situations. Electronic Brake Distribution (EBD) helps balance braking forces, depending upon dynamic loading.

During oversteer or understeer, Vehicle Stability Assist™ (VSA)[†] can brake individual wheels and/or reduce engine power to help restore your intended course.

Airbags inflated for display purposes only.

*Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly restrained in the rear seat.

†VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

All 2013 Honda vehicles – and any Honda Genuine Accessories installed at the time of vehicle purchase – are covered by a 3-year/36,000-mile limited warranty.¹⁸ Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,¹⁸ too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care® is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your Honda dealer for details.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

¹22 city/31 highway/25 combined mpg rating for 2WD 4-cylinder models. 20 city/30 highway/23 combined mpg rating for 2WD V-6 models. 19 city/28 highway/22 combined mpg rating for 4WD V-6 models. Based on 2013 EPA mileage ratings. Use for comparison purposes only. Your actual mileage will vary depending on how you drive and maintain your vehicle. ²The Honda Satellite-Linked Navigation System is available on EX-L models in the United States, Canada and Puerto Rico. (FM Traffic service only available in the United States, except Alaska.) Please see your Honda dealer for details. ³Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Before carrying any cargo, be sure to consult the owner's manual for load limits and loading guidelines. ⁴Compatible with select phones with Bluetooth. ⁵Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. ⁶Pandora, the Pandora logo and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc. Used with permission. Compatible with select smartphones. See: www.pandora.com/anywhere/mobile. Not all devices compatible with USB connection. Your wireless carrier's rate plans apply. ⁷Aha, the Aha logo, and the Aha trade dress are trademarks or registered trademarks of HARMAN International Industries, Inc. Your wireless carrier's rates may apply. ⁸The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your Honda dealer for details. ⁹Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ¹⁰Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions. ¹¹Lane Departure Warning (LDW) only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ¹²ULEV-2 (Ultra-Low Emission Vehicle) models as certified by the California Air Resources Board (CARB). ¹³For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ¹⁴The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ¹⁵HomeLink and the HomeLink house are registered trademarks of Johnson Controls®. ¹⁶Audio memory is a component of navigation system's hard disk drive (HDD). ¹⁷XM services require a subscription after 90-day trial period. Subscriptions governed by SiriusXM Customer Agreement; see www.siriusxm.com. If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically be renewed and you will be billed at then-current rates until you call XM at 1-800-967-2346 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. ©2012 Sirius XM Radio Inc.
