

CLARITY

FUEL CELL

HONDA

Hello, hydrogen.

Introducing the most advanced zero-emission Honda ever. The Clarity Fuel Cell is the only hydrogen vehicle available with a 366-mile range rating¹ and seating for five. To top it off, its only emission is water.

Always thinking ahead.

The Honda Clarity Fuel Cell received an impressive 366-mile range rating,¹ with aerodynamic styling that minimizes wind resistance and an electric motor that produces an instant 221 lb-ft of torque.² The vehicle can be refueled in 3-5 minutes³ throughout California, thanks to the state’s growing network of hydrogen stations. No other hydrogen sedan provides seating for five adults and a premium interior, but the Clarity Fuel Cell is the exception that advances the latest technology from Honda.

- **Room for Five**
There’s more than enough room for five adults and cargo inside the Clarity Fuel Cell.
- **Leather-Trimmed Interior**
The Clarity has a sophisticated, quiet cabin made from premium materials.
- **Honda Sensing®**
This suite of safety and driver-assistive technologies includes Collision Mitigation Braking System™⁴ and Lane Keeping Assist System.⁵
- **Apple CarPlay™⁶ Integration**
Apple CarPlay provides access to Apple Music,® Maps, Messages and phone calls through Siri® and the Display Audio touch-screen.
- **Android Auto™⁷ Integration**
Android™ smartphone users can access Google Maps,™ Google Now™ messages, music and other popular apps with the Android Auto feature.

174 hp,² 221 lb-ft torque²

Fuel-Cell Stack and Motor

Lithium-Ion Battery

Hydrogen Fuel Tanks

How it works.

The Clarity Fuel Cell converts hydrogen into electricity to power the high-torque electric motor. A small onboard battery stores energy recovered during deceleration and braking, adding “free” electrons to the power mix.

Why fuel cells?

Fuel-Cell Electric Vehicles offer long-range all-electric driving and zero tailpipe emissions, curbing air pollution. With 100 hydrogen stations planned by 2020 in California, there’s never been a better time to experience the future.

- **\$15,000 Fuel Credit**
Clarity Fuel Cell lessees receive a fuel card good for up to \$15,000 of hydrogen fuel throughout their three-year lease.⁸
- **Government Incentives**
Clarity Fuel Cell lessees are eligible for various incentives. Visit afdc.energy.gov for more details.
- **HOV Lane Access**
The Clarity Fuel Cell is a clean alternative fuel vehicle, making California drivers eligible to apply for single-occupant HOV lane access.⁹
- **Zero Emissions**
The Clarity Fuel Cell runs on hydrogen and is certified as a zero emissions vehicle¹⁰ (ZEV), meeting the strictest emissions standards in the U.S.

HOV Lane Access-Eligible⁹

Key Standard Features

- Proton Exchange Membrane Fuel Cell (PEMFC)
- 174 hp² and 221 lb-ft torque²
- 366-mile driving-range rating¹
- Zero-Emission Vehicle (ZEV)¹⁰
- Honda Sensing[®] suite of safety and driver-assistive features
- Head-Up Display (HUD)
- Remote climate pre-conditioning
- 18-inch alloy wheels
- Multi-angle rearview camera¹¹ with dynamic guidelines
- LED headlights, turn indicators, taillights and Daytime Running Lights (DRL)
- Honda LaneWatch^{TM12}
- Cabin Air Quality Management System
- Dual-zone automatic climate control
- Smart Entry with push button start
- Automatic-dimming rearview mirror
- Driver's seat with 8-way power adjustment and two-position memory
- Front passenger's seat with 4-way power adjustment
- 540-watt premium audio system with 12 speakers, including subwoofer
- 8-inch Display Audio with high-resolution touch-screen and customizable feature settings
- Apple CarPlay^{TM6} and Android Auto^{TM7} integration
- SiriusXM[®] Radio;¹³ HD Radio^{TM14}

The future is clear.

Honda is committed to developing more environmentally responsible vehicles like the Clarity Fuel Cell, and working towards a zero-carbon-emissions future.

clarityfuelcell.honda.com

The Honda Clarity Fuel Cell is available only at select dealers in California to residents of California. ¹ 366-mile driving-range rating. Based on 2017 EPA ratings. Use for comparison purposes only. Your driving range will vary based on how you drive and maintain your vehicle, driving conditions, powertrain condition and other factors. ² 174 hp @ 4501-9028 rpm, 221 lb-ft @ 0-3500 rpm. ³ Fueling time varies with hydrogen fueling pressure and ambient temperature. ⁴ CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁵ LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁶ Apple CarPlay is a trademark of Apple Inc. ⁷ Android, Android Auto, Google Maps and Google Now are trademarks of Google Inc. ⁸ Included with every Clarity Fuel Cell lease is a card issued by Honda Financial Credit Union with up to \$15,000 towards the purchase of hydrogen fuel, limited for use at hydrogen stations for fuel only. Card and value on card is nontransferable, cannot be exchanged for cash and is good to the original lessee only for the three-year term of the lease or \$15,000, whichever comes first. Temporary card is issued at first to the owner, available for immediate use, with a customized card sent to the customer within 10 days of vehicle lease approval by Honda Financial Services. Customer will have access to a phone and web interface available for questions once the card is issued. ⁹ The High Occupancy Vehicle (HOV) sticker can be applied for through the California Department of Motor Vehicles. Once installed, you may use designated HOV lanes, even if you're driving alone. Stickers valid through January 1, 2019. ¹⁰ ZEV (Zero-Emission Vehicle) model as certified by the California Air Resources Board (CARB). ¹¹ Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. ¹² Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ¹³ SiriusXM services require a subscription after any trial period. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com. Fees and programming subject to change.
