2017

THE 2017 FIT:

## LOOKS LIKE FUN

Small on the outside, roomy on the inside and fierce under the hood. That's the 2017 Fit. It's got space for practically everyone and anything, thanks to four different interior configurations. And it's packed with technology you'll love. See why the Fit is a great fit for you.

INTERIOR DESIGN:

## LOADED WITH LUXURIES

The Fit is every bit as functional as it is feisty. The available Honda Satellite-Linked Navigation System™<sup>1</sup> helps you find your way and avoid gridlock. And parking in tight spaces is a lot easier when you use the multi-angle rearview camera,<sup>2</sup> standard on every model.

BLUETOOTH HANDSFREELINK

HondaLINK CONNECT

### BLUETOOTH®<sup>3</sup> HANDSFREELINK®

Every Fit comes with *Bluetooth* HandsFreeLink, so you can place and receive phone calls without taking your eyes off the road.\*

### HondaLINK®<sup>4</sup> CONNECT

Turn the Display Audio into an interface for some of your favorite iPhone® content, and you can leave your phone alone when driving (EX, EX-L).\*

### USB AUDIO INTERFACE<sup>5</sup>

Connect your compatible smartphone, MP3 player or flash drive via USB, and you can play music and charge your devices.\*

\*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

INTERIOR FEATURES:

7-INCH DISPLAY AUDIO

Touch-screen technology is right up front. The Fit features a huge 7-inch Display Audio (EX, EX-L) that's a pinchable, swipeable command center\* for your music, communication, information and more.

Honda LANEWATCH

Honda LANEWATCH™<sup>6</sup>

Get a better view of passenger-side traffic, thanks to an available tiny camera mounted under the side mirror. Honda LaneWatch helps shrink your blind spot by revealing nearly four times more than the mirror alone (EX, EX-L).

PUSH BUTTON START

Keep your key in your pocket or purse, and start the engine with the push of a button (EX, EX-L).

PUSH BUTTON START

HEATED FRONT SEATS

Warm up quickly with heated leather-trimmed front seats (EX-L).

HEATED FRONT SEATS

STEERING WHEEL-MOUNTED CONTROLS

Make phone calls, select music and a lot more while keeping your hands on the wheel.\*

STEERING WHEEL-MOUNTED CONTROLS

PADDLE SHIFTERS

Race-inspired paddle shifters on EX and EX-L models with CVT give you more control and make your drive that much more fun.

CENTER CONSOLE

A spacious center console is a great place to store all kinds of items.

VERSATILITY:

# FULL OF ENDLESS POSSIBILITIES

The Fit can take all kinds of people and all kinds of cargo all kinds of places, thanks to brilliant engineering and a little magic. The spacious interior has room for five, and the 2nd-row Magic Seat® helps you configure your Fit four different ways.

## TALL MODE

Sometimes you need a little extra room for taller items. Folding up the 60/40 split Magic Seat gives you almost four feet of space, top to bottom.<sup>7</sup>

## UTILITY MODE

Fold the Magic Seat down and you've got a class-leading 52.7 cu ft of cargo space.<sup>7</sup> It's amazing what fits in there.

## LONG MODE

Fold down the right side of the rear seat and fold back the front passenger seat, and you can haul gear that's up to 7 feet, 9 inches long.<sup>7</sup>

## REFRESH MODE\*

Take off the front head restraints, fold back the front seats and you've got the perfect place to relax.

\*Only use Refresh Mode when the vehicle is safely parked. Return the seat and head restraint to their original position before driving.

Of course the Fit is fun to drive. It has a nimble chassis, a wide stance and ingenious EarthDreams® Technology to give you plenty of zip and help you go longer between fill-ups.\*

## EARTHDREAMS TECHNOLOGY CVT

The available continuously variable transmission allows the engine to operate at optimal RPM levels and helped the Fit receive an impressive 40-mpg highway rating.\*

## ECO ASSIST™

SAFETY:

# EQUIPPED WITH CONFIDENCE

Fit EX-L shown in Lunar Silver Metallic.

**MULTI-ANGLE REARVIEW CAMERA<sup>2</sup>**

Standard on every Fit, this incredibly useful feature helps show what’s behind you from three different modes: Normal (shown), top-down and wide.

**ADVANCED COMPATIBILITY ENGINEERING™ (ACE™)**

The Honda-exclusive ACE body structure design utilizes a network of connected structural elements to distribute frontal crash energy more evenly.

**TIRE PRESSURE MONITORING SYSTEM (TPMS)<sup>8</sup>**

This ingenious system monitors the air pressure in all four tires, and alerts the driver when the pressure in any tire becomes significantly low.

**ANTI-LOCK BRAKING SYSTEM (ABS)**

The anti-lock brakes help the driver retain steering control during hard stops, while Electronic Brake Distribution (EBD) distributes brake force among the four wheels based on how much load each wheel is bearing.

**SMARTVENT® AIRBAGS**

Front side airbags feature SmartVent technology designed specifically to help protect the driver’s or front passenger’s upper torso in the event of a side-impact collision.\*

**VEHICLE STABILITY ASSIST™ (VSA®)**

During an understeer or oversteer condition, VSA can brake individual wheels and/or reduce engine power to help restore your intended course†

ADVANCED COMPATIBILITY ENGINEERING (ACE)

MULTI-ANGLE REARVIEW CAMERA

\*Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. †VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

For a full explanation of HondaLink functionality and Honda's data use and privacy policy, see <http://owners.honda.com/hondalink>. <sup>5</sup>The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. <sup>7</sup>Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Follow applicable load limits and loading guidelines. <sup>8</sup>For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. <sup>9</sup>130 hp @ 6600 rpm (SAE net). <sup>10</sup>Compatible with select phones with *Bluetooth*®.
