

ACCESSORIES

Your Hyundai dealer can show you a full line of genuine

Hyundai accessories designed to make driving your Tiburon

even more enjoyable. For instance, a custom-fitting front nose

mask (above left) protects your finish against damage from

minor road debris. The trunk cargo net (above right) lets you

secure loose items in the cargo area for greater peace of mind.

Be sure to ask your dealer about these and other high-

quality Tiburon accessories.

CUSTOM TIBURONS

Beautiful styling and exhilarating performance are a combination

no car lover can resist. The Tiburons shown here are a case in

point. They illustrate the kind of personalization that's possible

with a bit of passion and imagination. For more information

about these¹ and other customized Hyundai vehicles, please

visit www.hyundaiUSA.com. Click on the "CUSTOMS" icon,

and maybe you'll be inspired to personalize your own Tiburon.

Just remember to send us a picture.

DRIVING IS BELIEVING

Hyundai Motor Finance Company (HMFC) is a wholly owned subsidiary of Hyundai Motor America. Our mission is

to provide support in selling new Hyundai vehicles. In addition to installment loans and leases, we provide a wide range

of products, including Hyundai Gap Protection (HGP) in the states where permitted by local law. HGP is designed

to protect you from financial obligation if your vehicle is lost or stolen, and your

insurance proceeds are not adequate to pay off your HMFC-funded contract. We also offer the Hyundai Protection Plan,

the factory-backed extended service contract that fits perfectly with the Hyundai Advantage[®], America's Best Warranty[®].

Our College Graduate Program provides special financing options for qualified graduates and candidates for graduation

attending an accredited four-year college, university, nursing school, and graduates from an accredited two-year college.

Ask your dealer about using HMFC and the full range of Hyundai-branded products we offer.

WARRANTY

Hyundai Advantage™ AMERICA'S BEST WARRANTY*

Nothing says more about the quality of a product than the way its manufacturer stands behind it. This fact speaks volumes about the only vehicles backed by the Hyundai Advantage™, America's Best Warranty.

With 10 year, 100,000 mile powertrain protection, 5 year, 60,000 mile bumper-to-bumper coverage and 5 year, unlimited miles 24-hour roadside assistance, no car maker offers a better warranty than the Hyundai Advantage™. And even as you appreciate the protection it provides, you'll enjoy something else as well: the confidence you'll feel every time you turn the key.

10 YEAR 100,000 MILE POWERTRAIN PROTECTION
Covers most engine and transaxle components.

5 YEAR 60,000 MILE BUMPER-TO-BUMPER COVERAGE
Covers nearly every new vehicle component.

5 YEAR UNLIMITED MILES 24-HOUR ROADSIDE ASSISTANCE
Covers towing (including accident-related), lock-out, flat tire and jump starting.

5 YEAR 100,000 MILE ANTI-PERFORATION WARRANTY
Covers corrosion-related rust-through of body sheet metal from inside to out.

Tiburon GT V6

EXHILARATING PERFORMANCE

We at Hyundai love cars. Love to design them, engineer them – and especially, drive them. But for

some of us here, that's just a start. We want driving to excite you just as much as it does us. The 2003

Tiburon is proof. This time, we took a clean sheet of paper and went for it. The result is just what you'd

expect from designers and engineers who live for the fun of driving. Take a good look at the Tiburon

GT V6 pictured here, with its 17-inch aluminum alloy wheels¹, sport-tuned suspension and 181-horse-

power DOHC engine. If that doesn't say "no fear", we don't know what does. And to heat things up

even more, try an UltraSports package. With performance features like a 6-speed manual transmission,

aluminum foot pedals and bodycolored high spoiler, it's Tiburon to the extreme. So sit back, fasten

your seatbelts, and join us for an in-depth look at the 2003 Tiburon and Tiburon GT V6.

¹Available only with manual transmission.

A 2.7-liter V6 engine with 181 horsepower is just one of the Tiburon GT V6's most impressive performance features.

Optional on Tiburon GT V6 is a quick-shifting, 6-speed manual transmission.

The GT V6 has standard 17-inch aluminum alloy wheels¹ with 215/45 Michelin® tires that provide quick handling.

Tiburon GT V6 in Super Silver

Tiburon GT V6 in Rally Red (shown with optional equipment)

INTENSE STYLING

Tiburon GT V6 in Super Silver (shown with optional equipment)

Tiburon is the Spanish word for shark, and that's no coincidence. Inspired by its aquatic namesake, Tiburon

is at once angular and sleek, powerful and graceful, with a wide, aggressive stance that radiates confidence.

In fact, the only rivals for Tiburon's sheer visual impact are a handful of European exotics whose prices live far,

far north of here. Since vehicle aerodynamics affect performance and stability, we made exterior elements work in

Tiburon's favor, right down to aerodynamic projector-type headlights, deep front air dam and sculptured rocker

panels. The result is beneficial, and beautiful: a clean profile that slices the air like a world-class sprinter while

commanding the attention of everyone within sight. For those who crave ultimate intensity, there's the available

UltraSports package for the GT V6, which includes a bodycolored high spoiler, racing-style aluminum

foot pedals and a 6-speed manual transmission. *Viva Tiburon!*

Tiburon's sense of style even extends to its racing-inspired fuel filler door.

Aluminum pedals are part of the GT V6's optional Sprint and UltraSports packages.

Fog lights, aerodynamically integrated into the bodycolor front air dam, are standard.

ERGONOMICS

You know from experience the positive difference a good working environment can make. The same goes for cars. Having everything you need close at hand makes you feel comfortable and confident, and that makes driving more fun. In designing

Tiburon's driving environment, we made outstanding comfort and ergonomics our guide. What resulted is a cockpit that maximizes your driving enjoyment in a variety of ways. For example, take the reclining, height-adjustable front bucket seats.

They're anatomically contoured and molded from special shape-retaining foam for added comfort and support, even on long trips. Other driver-friendly features include instruments with high-contrast backlighting for easy readability. A handy 50/50

split fold-down rear seatback to help accommodate plus-size cargo. And to carry your everyday essentials, a center console with

beverage holders and storage compartment, door and seatback map pockets, and even an overhead sunglasses holder.

Tiburon's instrument gauges feature high-contrast backlighting for easy readability and reduced eye strain at night.

Tiburon GT V6 includes a premium 360-watt Infiniti® AM/FM stereo cassette and CD player with 6 speakers and a thumping subwoofer.

The available dual-mode transmission with SHIFTRONIC™ offers fully automatic or manual sport shifting.

INVITING

FEATURES

While the Tiburon's knockout styling is practically guaranteed to turn the heads and race the pulses of admirers, its cabin is clearly dedicated to pleasing those inside. There's an array of standard amenities, including air conditioning, cruise control, power windows, door locks and heated mirrors, tilt steering column, remote keyless entry system with alarm, and an AM/FM stereo CD player with 6 speakers. If the Tiburon is generous with standard equipment, the GT V6 version is downright extravagant. For starters, the GT V6 comes with performance enhancements like 17-inch aluminum alloy wheels¹, an aerodynamic rear spoiler and suspension settings calibrated for performance handling. Inside, you'll find leather seating surfaces, a leather-wrapped steering wheel and shift knob, and a premium 360-watt Infinity® audio system with six speakers, a subwoofer and enough power to shake leaves from trees.

What's more, you can boost the GT V6's adrenaline level even higher with the available 6-speed manual transmission, aluminum foot pedals, and a bodycolored high spoiler.

¹Available only with manual transmission.

Standard chrome-tipped dual exhaust outlets boost performance and look great.

Tiburon's available tilt/sliding moonroof opens with just one touch.

Tiburon GT V6's with an optional UltraSports package include this aerodynamic bodycolored high spoiler.

SECURE

SAFETY

Tiburon's mission is to deliver an exhilarating driving experience. Human nature being what it is, we realize

that very few Tiburon owners will regale friends and neighbors with tales of its safety features. Not that they

couldn't; after all, every Tiburon comes with a host of protective features, including some you might not expect

to find in this class. The driver and front passenger are protected by dual front airbags and front side airbags,

plus 3-point front seatbelts with pretensioners and force limiters. What's more, Tiburon's structure itself is

designed to protect against impacts, with built-in energy-absorbing front and rear crumple zones and steel

side-impact beams. And because it's best to avoid an accident in the first place, Tiburon's standard 4-wheel

power disc brakes, rack-and-pinion power steering and Michelin® tires provide quick, responsive handling

that can help you out of a precarious situation.

¹Available as part of a specific option package. See dealer regarding availability. ²The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain front-end and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

The standard 4-wheel power disc brakes offer an available Anti-lock Braking System (ABS)¹.

Dual front airbags² and front side airbags, both standard, protect the driver and front passenger.

The 3-point front seatbelt pretensioners lock in the event of a moderate to severe frontal impact.
