THE OPTIONAL AM/FM/CD STEREO WITH SIX SPEAKERS STORES UP TO 18 PRESET RADIO STATIONS, AND IS ALSO PART OF THE POPULAR EQUIPMENT PACKAGE.

THE ACCENT GL AND GT MODELS OFFER AVAILABLE POWER WINDOWS, DOOR LOCKS AND MIRRORS AT YOUR FINGERTIPS AS PART OF THE POPULAR EQUIPMENT PACKAGE.

It's as comfortable as a recliner, but a lot easier to drive.

The best seat in the house may not be in the house at all, but in your 2004 Hyundai Accent. Sit back and relax in reclining bucket seats made from special high-density foam that provides support where you need it, and cushioning where you want it. Unlike your favorite chair, the Accent GL and GT models have a versatile 60/40 split fold-down rear seatback that lets you stow plenty of toys, like your snowboard. The spacious cabin is filled with useful as well as thoughtful touches. Touches such as beverage holders, front door map pockets, a center console with a storage compartment and coin holder, remote hood and fuel-filler door releases, a fully carpeted interior, rotary-type climate controls and cargo area lamp. There's even a 4-speaker AM/FM/Cassette stereo system that goes from silent to thumpin' in no time flat.

Accent | comfort

Accent GT Shown

It's so safe, even your father will approve.

The Accent's designers are almost as protective as you-know-who. They've included a host of safety features such as dual front¹ and front side-impact airbags — standard on every Hyundai model — and an energy-absorbing steering column. Front seatbelts are equipped with force limiters and pretensioners that regulate tension in the event of a moderate-to-severe frontal collision. In addition, the Accent's reinforced bumpers help absorb shock in low-speed accidents, and its unibody construction contributes to its structural integrity. Also standard are rear child-seat tether anchors and, on the Accent GL 4-door, child-proof rear door locks. To assist you in difficult driving situations, the power rack-and-pinion steering and power front disc brakes, together with the independent suspension, work in unison to help keep you on track. Your dad will be so proud.

STEEL SIDE-IMPACT DOOR BEAMS AND BUILT-IN FRONT AND REAR CRUMPLE ZONES ARE WELCOME STANDARD PROTECTIVE FEATURES ON ALL MODELS.

THE ACCENT'S STANDARD POWER-ASSISTED VENTILATED FRONT DISC BRAKES ARE ENGINEERED WITH BRAKE PAD WEAR SENSORS TO INDICATE WHEN IT'S TIME FOR REPLACEMENT.

LIKE EVERY HYUNDAI, THE ACCENT IS EQUIPPED WITH AN EXTENSIVE LIST OF SAFETY FEATURES, INCLUDING DUAL FRONT AIRBAGS AND FRONT SIDE-IMPACT AIRBAGS FOR ADDED PEACE OF MIND.

¹ The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

Accent | style

Looks good in Park. Even better in Drive.

The Accent looks great parked in your driveway. And even better on the road. At first glance, the Accent says value, smart and fun to drive. But take a closer look and you'll notice that its aerodynamic styling helps reduce drag, so the Accent is easy on the gas tank as well as the eyes. Other exterior details include semi-flush side glass and tapered side mirrors that direct air away from the cabin for reduced wind noise. The front and rear of the Accent are stylishly designed. On the GT model, 14" alloy wheels, fog lights and a rear spoiler make for a sportier profile. The GT interior also gets special treatment with a leather-wrapped steering wheel and shift knob, plus sport-cloth seats. Whichever model you choose, it'll look good on you.

Accent | features

You won't believe all it comes with, considering what it goes for.

GL AND GT MODELS HAVE A VERSATILE 60/40 SPLIT FOLD-DOWN REAR SEATBACK THAT CONVENIENTLY ACCOMMODATES PLUS-SIZED CARGO.

FOR THOSE HOT AND HUMID DAYS, STANDARD AIR CONDITIONING IS A COOL WELCOME ON THE GL AND GT MODELS.

THE ACCENT'S SOUND SYSTEM SURROUNDS YOU WITH FOUR STRATEGICALLY-PLACED SPEAKERS, PLUS AN ADDITIONAL TWO WHEN YOU OPT FOR THE POPULAR EQUIPMENT PACKAGE WITH AN AM/FM/CD STEREO.

The best thing about the Accent is that you get a lot of car without a huge price tag. Here are just some of the standard features you'll enjoy: a 4-speaker AM/FM/Cassette stereo system, power steering, variable intermittent windshield wipers, dual remote mirrors, electric rear window defroster, cargo area lamp, a fold-down rear passenger seat with integrated headrests, a center storage console and dual front beverage holders. And the GL and GT models offer even more amenities, such as air conditioning, tachometer, a 60/40 split fold-down rear seatback, digital clock and tinted glass with sunshade band. You can add our Popular Equipment Package to either model, with power windows, door locks and mirrors plus an AM/FM/CD stereo with six speakers. Now that's what we call getting your money's worth.

Accent | technology

Technology that knows how to help itself.

While the 2004 Accent puts a premium on value, it doesn't skimp on technology. In fact, it has the kind of engineering you would expect from a pricier car. Under the hood, you'll find a peppy 1.6-liter, DOHC 4-cylinder engine for all models. This 16-valve engine, equipped with an electronic ignition, is proven, dependable and requires minimal routine maintenance. In other words, it looks after itself more, so you'll need to get it serviced less. Its chassis includes a fully independent suspension, power rack-and-pinion steering, front disc and self-adjusting rear brakes, and a long-life battery. Its body gleams with a multi-layer paint process that fights corrosion. And the GT model includes a sport-tuned suspension system that helps keep the ride smooth and the driving fun.

GET A GRIP WITH THE 14" ALLOY WHEELS AND P185/60HR14 ALL-SEASON RADIAL TIRES, ONE OF MANY GT MODEL FEATURES.

ALL ACCENTS COME WITH A FULLY INDEPENDENT SUSPENSION AND FRONT MACPHERSON™ STRUTS FOR MORE RESPONSIVE HANDLING.

LET A GL OR GT MODEL TAKE OVER YOUR FAVORITE ROAD USING THE AVAILABLE 4-SPEED AUTOMATIC TRANSMISSION WITH ELECTRONIC OVERDRIVE AND SHIFTLOCK.
