

2015 HYUNDAI  
**ACCENT**

# OBEY YOUR INSTINCTS. REJECT THE ORDINARY.

At Hyundai, we love building cars that defy convention. Take our 2015 Hyundai Accent. While it's called a subcompact car, we've made sure there's nothing "sub" about it. Outside, its sophisticated Fluidic Sculpture design includes our signature hexagonal grille, along with dazzling new headlight and taillight clusters that turn heads every time you turn them on. Inside, Accent feels light years beyond the typical small car.

Whether it's the 4-door GLS, or the 5-door GS or Sport model, Accent is roomy where it counts. In fact, the interior is so spacious that the EPA actually bumps Accent up to the next class in size. The open interior is filled with advanced technologies, a powerful audio system and the latest safety innovations. Under the hood, Accent's 137-horsepower 1.6L Gasoline Direct Injection (GDI) engine combines powerful performance with remarkable fuel efficiency – delivering an EPA-estimated 38 MPG on the highway.<sup>1</sup>

Here's another thing we love: Making Hyundai owners feel confident. The 2014 J.D. Power Initial Quality Study<sup>SM</sup> named Accent "Highest Ranked Small Car in Initial Quality".<sup>2</sup>

Surprising? Not to Hyundai owners. Or the men and women who build them.

*2014 Hyundai Accent*  
*"Highest Ranked Small Car  
in Initial Quality"*

<sup>1</sup> Rating estimated with manual transmission. EPA estimates for comparison only. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. <sup>2</sup> The Hyundai Accent received the lowest number of problems per 100 vehicles among small cars in the proprietary J.D. Power 2014 U.S. Initial Quality Study<sup>SM</sup> Study based on responses from 86,118 new-vehicle owners in the U.S., measuring 239 models and opinions after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed in February-May 2014. Your experiences may vary. Visit [jdpower.com/hyundai](http://jdpower.com/hyundai).

5-DOOR SPORT in Vitamin C / 4-DOOR GLS Style Package in Boston Red

**AWARD-WINNING ENGINE** Accent's 1.6L engine uses Gasoline Direct Injection to optimize combustion and maximize fuel economy – while quietly churning out standard horsepower that eclipses nearly all of its subcompact competition. You'll feel the positive effects of this 137-horsepower performance when running around town or road tripping across the country.

**ACTIVE DUTY** An available feature called Active ECO continuously adjusts the engine's response to be as economical as possible. Like the engines in our premium sedans, Accent has Dual Continuously Variable Valve Timing technology, which creates a precise balance of maximum performance with minimal fuel consumption.

4-DOOR GLS Style Package in Ironman Silver

Engineered Performance

## WHAT CHOOSY DRIVERS CHOOSE TO DRIVE.

Settle into the driver's seat and soak up the feeling of refinement and driving confidence. It starts with a rigid chassis that's an ideal platform for fine-tuning the car's driving characteristics.

To give it smooth, effortless handling, Accent features Motor Driven Power Steering. Want a quicker, more enthusiast-oriented steering response? Then consider Accent's available sport steering – it'll have you eagerly anticipating the next curve in the road. Accent's power source is an advanced 1.6L GDI engine. What's GDI? Gasoline Direct Injection, an innovation that helps produce more power from every precious drop of fuel.

To help safeguard what's most precious in life, Accent comes with a long list of standard safety features that includes six airbags,<sup>1</sup> active front head restraints, ABS with Brake Assist and Electronic Brake-force Distribution, and Vehicle Stability Management with Electronic Stability and Traction Control Systems.<sup>2</sup> Accent's available SHIFTRONIC® automatic transmission also features Hillstart Assist Control to help you greet the roads that rise before you with a firm grip.

<sup>1</sup> The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact collisions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag. <sup>2</sup> Electronic Stability Control (ESC) cannot control your vehicle's stability under all driving situations. ESC is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC can help prevent loss of control. See Owner's Manual for details. The Traction Control System is meant to enhance conscientious driving habits and is not a substitute for safe driving practices.

**SIX SPEEDS, YOUR CHOICE** Accent comes with a high-revving 6-speed manual transmission for a take-charge, hands-on approach. There's also an available SHIFTRONIC 6-speed automatic that seamlessly puts Accent in precisely the right gear for any given situation.

**GET A GRIP** To help keep Accent glued to the road, it comes standard with some of automotive engineering's most advanced dynamic control technologies. Vehicle Stability Management. Electronic Stability Control. Traction Control System. The feature names may be a mouthful, but they'll put your mind at ease.

ACCENT 1.6 GDI M/T

**38** EPA-estimated  
MPG highway

**CLASS-LEADING ROOM** Accent GS and Sport offer an exceptional amount of cargo space. Even with the second-row seats up, there's a refrigerator-esque 21.2 cubic feet available (more than Honda Fit, Toyota Yaris, Mazda 3 5-door or Nissan Versa Note). And there's up to 47.5 cubic feet of cargo space with the seats down.

**MIND-BLOWING AUDIO** Everyone's got their own taste in music. But here's one thing every music fan can agree upon: The power and clarity of Accent's 172-Watt audio system. With 6 speakers and SiriusXM® Satellite Radio integration, it rocks. Or raps. Or hips. Or hops. Or...whatever.<sup>1</sup>

Comfort and Convenience

## YOUR ROOM IS READY.

After swinging the door open and sliding comfortably behind the wheel, the first impression you're likely to have is this: Accent's not a subcompact car.

It's so roomy, the EPA – the government agency responsible for classifying cars – actually moved Accent a “class-above” into the larger compact car segment. With Hyundai Accent, you get more interior roominess than Ford Fiesta, Chevy Sonic or Toyota Yaris.

So grab your family or friends and take them on a drive. Whether you jump into our 4-door GLS or a 5-door model, there's room for everyone and everything. Hit the road in a 5-door Accent GS or Accent Sport, and the rewards of a wealth of cargo space are yours to do with as you please.

Now here's the really fun part. We filled all of that room with as much stuff as we possibly could, including standard conveniences like a one-touch triple turn signal, overhead sunglass storage and dual front cupholders. Also available: Popular options like steering wheel controls for the audio system and cruise control.

**SKY HIGH BENEFITS** Available on Accent Sport, a power sunroof opens up to the world at the touch of a button. It's a must-have feature for everyone who's into fresh air, vitamin D and keeping an eye on the Big Dipper.

**SMARTPHONE SYNC** Accent offers you the convenience of available Bluetooth® hands-free phone integration. Voice commands allow you to easily communicate with family or friends without ever reaching for your phone. Bonus: You can stream music from your smartphone through Accent's audio system.

ACCENT 5-DOOR **PASSENGER VOLUME**
