

2015 HYUNDAI
AZERA

AZERA LIMITED in Starlight Silver

GO AHEAD: GET WHAT YOU DESERVE.

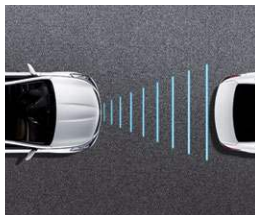

Hyundai Azera has the premium features you want and, dare we say, you deserve. At a price point that's sure to impress. It starts with a style Hyundai designers call Fluidic Sculpture. For 2015, the sleeker shape includes available LED fog lights in front, new hexagonal dual exhaust tips in back, and available 19" or new 18" alloy wheels all around.

Under the hood, you'll find a silky-smooth 293-horsepower V6 that uses a SHIFTRONIC® 6-speed automatic transmission to help make haste, not waste. An innovative, user-selectable Active ECO System is standard and helps boost fuel efficiency.

Safety innovations like standard Blind Spot Detection and available Forward Collision Warning and Lane Departure Warning systems – features shared with our Equus and Genesis luxury sedans – alert you to potential hazards on the road.¹ That ride comfort and handling control you're feeling? They're courtesy of a front suspension optimized for improved side load handling and reduced lean-in during cornering.

Now turn your attention to the roomy and refined interior. Azera has the most front-seat leg room and the most front head room in its class.² It's space covered with supple leather and filled with standard features like a 12-way power driver seat and an 8" touchscreen display complete with advanced navigation. Then, there's Blue Link,[®] our innovative suite of advanced telematics that brings some of the best things about living in this digital age along for the ride.³

¹The Forward Collision Warning System is intended to be a supplement to safe driving practices. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles under certain conditions. The system does not provide a braking function. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. ²Class-leading comparison based on competitive set defined by Hyundai Motor America, which includes 2014-2015 models for Nissan Maxima, Toyota Avalon, Buick LaCrosse and Ford Taurus. ³Only use Blue Link and corresponding devices when it is safe to do so. Blue Link is available on most 2014-2015 Hyundai vehicles. Blue Link subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, please visit HyundaiBlueLink.com.

FORWARD THINKING Azera Limited comes standard with a new Forward Collision Warning System that senses the potential for a collision with a vehicle in front of you and sounds an alarm. The warning signals the driver to apply brakes to help prevent a collision or mitigate its impact. A new Lane Departure Warning alerts the driver when the car drifts from its driving lane.

BLIND SPOT DETECTION New for 2015, this technology warns the driver of an approaching vehicle using indicators on the side mirrors or, if needed, an audible warning. Lane Change Assist factors the speed of adjacent vehicles into the warning calculus when you're switching lanes.

Engineered Performance

AN ARTFUL BLEND OF AUTOMOTIVE SCIENCE.

To create a premium sedan like Azera, Hyundai engineers had to find the perfect balance between precision and comfort. It's an art that requires the refinement of every component. And it's a science that uses Hyundai's proving grounds in the high desert of California as a top-secret test lab.

Precision is what Azera's 3.3L V6 engine is all about. It creates an effortless flow of power and surprising fuel efficiency using advancements that include Gasoline Direct Injection (GDI) and Dual Continuously Variable Valve Timing. GDI injects fuel directly into the combustion chamber, so the Azera engine achieves high levels of both power and fuel economy.

Comfort? In Azera, it comes from the supple ride created by a SACHS® Amplitude Selective Damping suspension. And from the peace-of-mind afforded by advanced safety features: Daytime Running Lights in front. A rearview camera and Rear Cross-traffic Alert in back. Blind Spot Detection with Lane Change Assist and a 9-airbag safety system all around.¹ All standard.

¹ The Supplemental Restraint System (SRS) is designed to work with Azera's 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag.

SACHS SUSPENSION Azera comes standard with a suspension that specifies the use of sophisticated SACHS shock absorbers. Coupled with Azera's multi-link rear suspension design, they deliver the precision and balance normally reserved for higher-priced luxury sport sedans.

TAKE IT FOR A SPIN You don't need to live on a cul-de-sac to appreciate the benefits of Azera's tight turning diameter – just 36.5 feet. It's a measure of how maneuverable, how agile, and how much fun Azera is to drive.

293 HP

ADVANCED NAVIGATION Azera's high-resolution 8" touchscreen includes a new split-screen feature that displays navigation and audio functions simultaneously. The advanced navigation system includes voice-command control and junction view lane guidance. Need help backing into parking spaces? The screen also serves as a monitor for the integrated rearview camera.

AUDIO DELIGHTS Azera's standard 550-Watt Infinity Logic 7 Surround Sound Audio System with 14 speakers is perfect for enjoying SiriusXM® Satellite Radio's upgraded offerings² and HD Radio™ with multicasting.³ Bluetooth® integration lets you stream playlists from your smartphone in addition to making hands-free calls.

AZERA LIMITED in Graphite Black Leather

Luxury and Technology

MORE ROOM. LESS STRESS.

Approach Azera from the rear with its proximity key in your pocket or purse, and the smart trunk opens automatically in three seconds. Walk around to the doors – they unlock at the push of a button, inviting you to slide into a spacious cabin with standard heated leather seats. The luxury awaiting you extends to ventilated front seats and available ambient interior lighting.

Settle into the 12-way adjustable power driver seat and feel the support of its seat cushion extension. Push a button, and the Integrated Memory System sets the seat, side mirrors and steering column to the driver's liking. Rear-seat passengers? They'll like the available power rear window sunshade and panoramic sunroof. And everyone will enjoy the lifelike clarity of an Infinity® Logic 7® Surround Sound System with 14 speakers that add depth and dimension to Azera's interior.

In the technology realm, nothing demonstrates Hyundai's dedication to making driving safer and easier quite like Blue Link. Its rich feature set includes enhanced remote access, guidance and safety services. An available Remote Package adds convenient remote access and vehicle safeguard features, while the reassuring safety of Blue Link Connected Care – which includes roadside assistance, SOS Emergency Assistance, Monthly Vehicle Health Reports and more – is standard for the first year of ownership.¹

¹ Blue Link Connected Care includes one year of the Blue Link Connected Care Package and requires an active Blue Link subscription. One-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. * All SiriusXM services require a subscription, sold separately by SiriusXM after a free 3-month trial period. Fees and taxes apply. All fees and programming are subject to change. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. * The HD Radio, HD Digital Radio and HD Digital Radio Alliance are wordmarks and trademarks of iBiquity Digital Corporation, used under license by the HD Digital Radio Alliance.

SMARTER ACCESS Hyundai knows your life's a handful, literally. A new hands-free smart trunk makes loading and unloading your Azera easier – it opens automatically when it senses your proximity key is behind the car within three feet for more than three seconds.

REMOTE CONTROL Azera's Remote Start with Climate Control includes the option to set a 1-10 minute engine timer, select a desired cabin air temperature or set the rear-window defroster. If your plans change after remote starting your car, you can stop the engine remotely, too.

MULTIMEDIA TOUCHSCREEN

2015 AZERA STANDARD

KEY STANDARD FEATURES

- 293 HP, 3.3L Gasoline Direct Injection DOHC V6 engine with Dual Continuously Variable Valve Timing
- 6-speed automatic transmission with SHIFTRONIC®
- SACHS® Amplitude Selective Damping suspension
- Proximity key entry with push-button start
- Dual zone automatic temperature control
- Premium leather seating surfaces
- Ventilated and heated front seats
- Heated rear seats
- Power driver and front-passenger seats
- Integrated Memory System for power driver seat, exterior mirrors and steering column
- Driver seat cushion extension
- Power tilt-and-telescopic steering wheel
- Leather steering wheel and shift knob
- Electroluminescent gauge cluster with color LCD trip computer
- Bluetooth® hands-free phone integration with phonebook transfer and audio streaming
- 550-Watt Infinity® AM/FM/SiriusXM®/CD/MP3 Logic 7® Surround Sound audio system with 14 speakers and HD Radio™ technology
- Blue Link® advanced telematics system
- Advanced navigation with 8" touchscreen and rearview camera
- iPod®/USB and auxiliary input jacks
- Electrochromic rearview mirror with compass and HomeLink®
- 9-airbag safety system with advanced dual front airbags and Occupant Classification System
- Vehicle Stability Management
- Electronic Stability Control with Traction Control System
- 4-wheel disc ABS with Brake Assist and Electronic Brake-force Distribution
- Blind Spot Detection with Rear Cross-traffic Alert and Lane Change Assist
- Power-folding side mirrors
- Heated side mirrors with LED turn signal indicators
- Daytime Running Lights with front fog lights
- Automatic headlight control with delay off feature
- Illuminated door sill plates
- Hands-free smart trunk opener
- 18" alloy wheels
