

2021 Hyundai

SONATA N Line

Meet the athlete of the family.

SONATA N Line in Portofino Gray

You've heard it said that elite athletes seem to have another gear. It's an innate power and agility that separates them from the pack. With the discipline and drive of an elite athlete, the all-new Sonata N Line is a performance sedan that brings something extra. A whole lot extra, actually.

For starters, Sonata N Line adds a turbocharger to Sonata's advanced Smartstream 2.5-liter engine. The result is a powerplant capable of churning out 290 horsepower, with 311 lb-ft of torque on tap from just 1,650 RPM all the way through 4,000 RPM.

¹Highway Driving Assist (HDA) is for highway use only and helps keep your car centered in its lane while maintaining a safe distance from the vehicle ahead. Lane markings must be clearly visible on the road. HDA should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. HDA will not work under all circumstances and will not prevent loss of control. The driver remains responsible to slow or stop the car to avoid a collision. See Owner's Manual for further details and limitations. ²Forward Collision-Avoidance Assist (FCA) with Pedestrian and Cyclist Detection helps detect pedestrians and cyclists, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles, pedestrians or cyclists under certain road, weather or vehicle conditions. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. See Owner's Manual for further details and limitations. ³Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit HyundaiUSA.com.

Press the aluminum pedal under your right foot, and prepare to be pressed back into your seat. Launch control programming helps ensure optimum traction when accelerating from a standstill.

A flick of the steering wheel's paddle shifters lets you work your way through the gears of a quick-shifting N 8-speed Wet Dual Clutch Transmission that transfers power to the pavement with peak efficiency and precise timing. Where the rubber meets the road, Sonata N Line features 245/40R19 tires on sporty 19" alloy wheels.

It's turned on by turns.

Sonata N Line's turbocharged power demands a suspension tuned to handle the added muscle. That's why Hyundai engineers headed to Germany's famed Nürburgring Nordschleife test track, where the world's top exotic sports cars and luxury sport sedans go to benchmark their performance. Logging lap after lap on the 73-turn, 12.9-mile circuit, they dialed in dynamic feedback with a lowered, stiffened suspension.

Surgically precise handling is derived not just from an expertly tuned suspension, but from a range of driving modes as well. Behind the wheel, you can choose exactly how you want your Sonata N Line to feel by selecting from Normal, Sport, Sport+ and Custom drive modes that alter the steering feel and shift timing of the transmission.

And like a world-class athlete, Sonata N Line knows how to avoid injuries. Innovative features like Highway Driving Assist¹ and Forward Collision-Avoidance Assist with Pedestrian and Cyclist Detection² are part of Hyundai's SmartSense safety technologies that help protect you at every turn.³

This is the seat of power.

Slip behind the wheel of Sonata N Line, and you'll find more than a roomy, technologically advanced sedan inside. You'll find a true driver's car – the kind that never forgets its purpose is to release the endorphins that come from the pure pleasure of driving. Settle into the deeply bolstered Nappa leather/Dinamica[®] suede front sport seats framed by red contrast stitching. As the driver, your seat is power-adjustable eight ways – you can even adjust the lumbar support for your lower back with the simple tap of a switch.

Once you've set your perfect position, grip the leather-wrapped steering wheel and let your destination be known. With Sonata N Line's 10.25" touchscreen navigation, you can set your course, then follow it via junction view lane guidance, tilted bird's-eye views and subscription-free traffic updates. Now pick your favorite road trip tunes – Sonata N Line lets you choose from a variety of sources: SiriusXM Satellite Radio,¹ HD Radio[™] or music playlists on your smartphone using Apple CarPlay[®] or Android Auto.^{™2}

Whatever the source, your Bose[®] premium audio system uses 12 speakers, including a rear-mounted subwoofer, to produce clear, powerful sound. Centerpoint[®] Surround Sound recreates sound that's so vivid, you'll think you're at a live performance. Which makes sense – after all, Sonata N Line is a true performance car.

Dual automatic temperature control

10.25" touchscreen navigation

12.3" instrument cluster display in Sport mode

Panoramic sunroof

It's time your car knew you personally.

From the comfort of your couch, your Sonata N Line can be personalized for whoever's driving it next. Using the MyHyundai app's Remote Driver Profile Management, multiple drivers can save their preferred settings for things like radio presets and navigation system settings.¹ Each driver with a Hyundai Digital Key installed on their compatible Android™ smartphone can unlock the front doors by touching the phone to the car's door handle.²

Once inside, placing the phone on Sonata N Line's wireless charging pad³ in the center console enables the push button start and recalls the driver's personal profile settings. Apple CarPlay® and Android Auto™ make it easy to sync your smartphone to the car's large touchscreen display, and two phones can be connected to the audio system simultaneously via Bluetooth® streaming.

Even before stepping outside of your home or office, Hyundai Blue Link® lets you interact with your car in powerful, practical ways.⁴ Using your smartphone or Amazon Echo®/Google Home™ device, you can unlock your Sonata N Line's doors, start the engine, set your car's cabin temperature, activate the heated seats and more using simple voice commands.⁵

Amazon Echo integration

Hyundai Digital Key

Wireless device charging

¹Requires active Blue Link subscription with Remote package. ²The Hyundai Near Field Communication Digital Key requires a compatible Android smartphone and appropriately equipped 2021 Hyundai Sonata N Line. Not all Android devices are compatible. Vehicle must be equipped with a smart key with push button start, wireless device charging and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Lock/unlock functionality works on the front doors only. See your Owner's Manual or visit your local Hyundai dealer for details. ³Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ⁴The 2021 Hyundai Sonata N Line includes 3 years of the Blue Link Connected Care, Remote and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications and fees are subject to change. Visit HyundaiUSA.com or your authorized Hyundai dealer for details. ⁵Requires active Blue Link subscription with Remote package. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Assistant and Google Home are trademarks of Google LLC. ⁶Blue Link agents will contact existing emergency service responders. ⁷Requires properly equipped vehicle and Blue Link subscription with Guidance package. ⁸EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition.

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.⁶

On-Demand Diagnostics

Run vehicle diagnostics from your Hyundai's touchscreen, report issues at the press of a button and receive Monthly Vehicle Health Reports or maintenance reminders by email.¹

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest that may not be updated yet on your vehicle's maps, then send the destination to your Sonata N Line's navigation system.⁷

Remote Start Enhancements

Use your smartphone, smart speaker or wearable device to remotely start the engine, set the cabin temperature, activate the heated front seats and more.¹

Car Finder

Our car finder smartphone app feature helps you navigate your way back to your Sonata N Line after a day of downtown shopping or an evening spent rooting for your favorite team.¹

Remote Vehicle Status

Wondering how much fuel is in your tank? If your car's trunk is open or the doors are unlocked? Your MyHyundai app knows the answers to these questions and more.¹
