

2021 Hyundai

VELOSTER

Trade cookie-cutter for cutting edge.

VELOSTER Turbo Ultimate in Sunset Orange with two-tone black roof

Designing a sports coupe with three doors, not two, isn't the conventional approach. But when you're driven to make things better, you're not bound by tradition. Ever since Hyundai first took the wraps off Veloster, it's been reshaping drivers' preconceptions about the look and feel of performance-minded coupes.

With its rakish roofline, wicked rear air diffuser, flared wheel arches, center exhaust and, on Turbo Ultimate models, contrasting two-tone roof, Veloster looks like nothing else on the road. The firm grip of a multi-link rear suspension that lets you carve corners with surgical precision helps ensure Veloster handles like nothing else on earth.

Each one of the three Veloster models has its own way of transferring race-bred responsiveness to the pavement. Veloster 2.0 features an Atkinson Cycle 4-cylinder engine rated at 147 hp and 132 lb-ft of torque. This fuel-efficient, low-emissions engine comes with your choice of 6-speed manual or automatic transmissions. With Veloster Turbo, a 201-hp Turbo GDI engine launches you off the line, while a 7-speed Dual Clutch Transmission with paddle shifters delivers quick gear shifts with fingertip control. Veloster R-Spec features a 6-speed manual gearbox that gives you optimal command over its 201-hp output. And no matter which Veloster model you choose, you'll find a remarkable suite of advanced safety features comes standard.

Connect to the road

The Hyundai Veloster is all about direct connections. Nimble, quick and flat-out fun to drive, it's inspired by the championship-winning performance of Hyundai Motorsport's Veloster N TCR race car. Without the need for frequent pit stops, that is.

Connect to the cloud

Voice assistants like Amazon Echo® and Google Home™ – together with connectivity technologies ranging from Apple CarPlay® and Android Auto™ to custom apps – help transform the relationship between you, your Veloster and your smartphone.¹

¹Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple and Apple CarPlay are registered trademarks of Apple Inc. Android Auto works with smartphones running on Android 5.0 Lollipop and higher. Android, Android Auto, Google Play, Google Home and other marks are trademarks of Google Inc. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates.

¹Automatic temperature control, heated front seats and wide sunroof standard on Veloster 2.0 Premium, Turbo and Turbo Ultimate.

VELOSTER Turbo Ultimate in Black + Sand Storm Gray Leather

Finally, a coupe that won't make you feel cooped up.

Hyundai designers did something with the Veloster interior that's rare among sports coupes: They made it roomy and comfortable for everyone seated inside. To let rear-seat passengers enjoy your Veloster, simply open the hidden third door – the seating in back is spacious enough for adults. And with its wide-opening hatch and 60/40 rear seats folded down, Veloster becomes a unique kind of compact sport utility vehicle.

Slip behind the steering wheel, and the asymmetrical dash places controls at your fingertips and critical information at a glance. Veloster Turbo Ultimate includes advanced navigation with a split-screen display, junction view lane guidance and subscription-free traffic data via HD Radio.™

The 8" floating touchscreen display available on most Veloster models controls an 8-speaker Infinity® Premium Audio system that uses Clari-Fi™ technology to restore sound qualities lost in compressed music files. Automatic temperature control, heated front seats and an oversized sunroof are also available to create the perfect climate.¹

2020 Top Safety Pick
The Hyundai Veloster is a 2020 IIHS Top Safety Pick when equipped with Forward Collision-Avoidance Assist and LED headlights.³

¹Smart mode available for vehicles with automatic transmission or Dual Clutch Transmission only. ²Safety features vary by model. For details, see the features chart in the back of this brochure or visit hyundai.com. ³To qualify for 2020 TOP SAFETY PICK, a vehicle must earn good ratings in the driver-side and passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an advanced or superior rating for vehicle-to-vehicle and vehicle-to-pedestrian front crash prevention and an acceptable or good headlight rating.

It's way fun. Yet keeps you out of harm's way.

Don't let Veloster's fun-to-drive attitude fool you. Beneath its head-turning exterior is a body that's all business. Strategic use of high-strength steel in key sections creates a structure that's optimized for crashworthiness. Yet it's also remarkably light – and taking pounds off is what turns Veloster on. It results in acceleration that's naturally quick, and handling that's inherently razor-sharp.

If you're the kind of driving enthusiast who enjoys the sights and sounds of Hyundai Motorsport's Veloster N TCR race cars, consider the sensational R-Spec. Building off the Veloster Turbo, R-Spec tunes the suspension, steering and exhaust note to deliver an even sportier character. Active Sound Design even creates a dynamic reverb inside the cabin through digital enhancement of both the intake and exhaust sounds.

To ensure you experience exactly the driving feel you desire, Veloster comes with a feature called Drive Mode Select. With the press of a button, it allows you to adjust the shift points and steering feel to one of three modes – Normal, Sport and Smart.¹ Of course, driving is not all fun and games. Which is why Veloster prepares you for the road with Hyundai SmartSense, a suite of advanced safety features that includes systems designed to alert drivers to potential hazards – and actively assist to help keep you out of harm's way.²

Pair your smartphone with that device in your driveway.

We know how connected you are to your smartphone. So we made sure that connection extends to another highly intelligent device – your Veloster. With Hyundai Blue Link® and our MyHyundai app,¹ your smartphone becomes a remote control capable of unlocking your Veloster's doors and starting the engine before you walk out the door.² You can also use Amazon Echo® or Google Home™ to set the cabin temperature in your car using voice commands from the comfort of your couch.³

Blue Link Guidance lets you search, download and navigate to addresses and points of interest using voice commands from the driver seat or your smartphone before entering your vehicle.⁴ And on every Veloster, Apple CarPlay® and Android Auto™ come standard. Your smartphone syncs to Veloster's large touchscreen display, allowing you to access your contact lists, texts, calls, maps and navigation, music library and more.

And then there's Blue Link Connected Care. Complimentary for your first three years, it offers exceptional peace of mind.⁵ Wherever you may roam, trained operators are standing by to provide emergency roadside assistance in the event of an accident where airbags are deployed.⁶ Blue Link can even help law enforcement recover your Veloster if it's ever stolen. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

¹ Not available with Veloster 2.0. Blue Link Connected Care, Remote, and Guidance (factory-equipped navigation required) packages are complimentary for the first 3 years of ownership and require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications and fees are subject to change. For more on details and limitations, visit hyundai.com or your authorized Hyundai dealer. ² Requires active Blue Link subscription with Remote package. Not available on all models. Requires vehicles equipped with push button start and an automatic transmission or Dual Clutch Transmission. Remote climate control available on properly equipped models with fully automatic temperature control. Remote stop only available when in remote start mode. ³ Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Home is a trademark of Google Inc. ⁴ Requires active Blue Link subscription with Guidance package with Veloster Turbo Ultimate. ⁵ Requires active Blue Link subscription with Connected Care package. Not available on all models. ⁶ Blue Link agents will contact existing emergency service responders. ⁷ Not available on Veloster 2.0 and Turbo R-Spec.

Wireless charging pad⁷

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your Veloster's touchscreen, report issues at the press of a button and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest that may not be updated on your vehicle's maps, then send the destination to Veloster's navigation system.

Remote Controls

Use your smartphone, smartwatch or home assistant device to remotely start your car's engine, unlock the doors, set the cabin temperature and more.

Car Finder

Our Car Finder smartphone app feature lets you navigate your way through crowded parking lots back to your Veloster.

Service Link

Conveniently schedule your Veloster for service from the driver seat or using your MyHyundai smartphone app.
