¹ Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See Retailer for details. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. ² Required XM Radio, XM NavTraffic and XM NavWeather subscriptions sold separately. Installation costs, one-time activation fee, other fees and taxes will apply. XM NavTraffic available in select markets. XM Radio U.S. service and XM NavWeather service available only to those at least 18 years of age in the 48 contiguous United States and D.C. Fees and programming subject to change. SIRIUS, XM and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. ³ Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under license. ⁴ Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ⁵ Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. ⁶ The Rear Sonar System is a convenience, but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. May not detect every object behind you. ⁷ Optional Intelligent Cruise Control is not a collision avoidance or warning device. For highway use only and not intended for congested areas or city driving. Will not brake automatically to a stop. Failure to apply the brakes could result in an accident. ⁸ Brake Assist with Preview is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to stay alert, drive safely, and be in control of the vehicle at all times. ⁹ The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odors, suppresses unpleasant interior odors, stops the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. ¹⁰ 2012 EPA Fuel Economy Estimates. Actual mileage may vary with driving conditions. Use for comparison only. ¹¹ 59.8 when equipped with Sport and/or Performance Tire and Wheel Package. ¹² Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your owner's manual for more details. ¹³ VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ¹⁴ Tire Pressure Monitoring System is not a substitute for regular tire pressure checks.

Safety

Infiniti Safety Shield® is our comprehensive approach to safety. It includes rigorous crash testing, over 50 standard safety features on every vehicle and available advanced safety technologies. Infiniti Safety Shield® is designed and developed into every vehicle we build to help protect you and your passengers.

Infiniti Advanced Air Bag System (AABS)¹² Includes dual-stage front supplemental air bags with seat belt sensors and an occupant-classification sensor which adjust their inflation rate depending on crash severity and seat belt usage. If the front-passenger's seat is empty, a sensor will deactivate the air bag.

Seat-mounted Side-impact Supplemental Air Bags¹² Side-impact supplemental air bags are placed in the front-seat side bolsters so they move with the seat to help maintain optimal positioning.

Electronic Brake force Distribution (EBD) To help optimize braking performance for a variety of vehicle loads, EBD adjusts the amount of brake force applied to the rear wheels for improved braking performance, reduced front-end "dive" during braking and more even brake wear.

Brake Assist (BA) In emergency braking situations, many drivers don't brake hard enough, soon enough. Brake Assist monitors how you apply the brakes and, sensing emergency braking, applies maximum brake force for potentially shorter stops.

4-wheel Anti-lock Braking System (ABS) The Infiniti G Sedan's 4-wheel, 4-channel ABS helps you maintain control by helping to prevent wheel lockup.

Traction Control System (TCS) To help enhance rear-wheel grip when accelerating, the Infiniti G Sedan's Traction Control System senses wheelspin and automatically reduces engine output and/or brakes the spinning wheel to help improve traction.

Vehicle Dynamic Control (VDC)¹³ Acting in tandem with the Traction Control System, VDC compares actual vehicle cornering performance to the driver's input, adjusting power levels and/or applying appropriate brake pressure to individual wheels to help correct oversteer or understeer, helping keep the vehicle on the steered path.

Snug Kids® The first venture of its kind, Snug Kids is our online guide to selecting and correctly installing a child restraint seat for your Infiniti automobile. Our safety engineers evaluated numerous child restraint seats, installing them in every Infiniti car and SUV. Visit InfinitiUSA.com/snugkids to view or download the results.

Additional Safety Features:

- 3-point height-adjustable front seat belts with pretensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)
- Second-row 3-point seat belts with ELR and ALR
- Front-seat Active Head Restraints (AHR)
- Slide-away brake pedal assembly
- Zone Body construction with reinforced passenger compartment and front and rear crumple zones
- Tire Pressure Monitoring System (TPMS)¹⁴
- LED taillights. Lighting faster than conventional taillights, they help give drivers behind you a quicker indication of your braking
- LATCH System (Lower Anchors and Tethers for Children) helps simplify proper installation of compatible child restraint seats
- Remote keyless entry system with selective unlocking of driver's door or all doors
- Infiniti Vehicle Immobilizer System embeds an encoded transponder chip into the Infiniti Intelligent Key. The engine control computer will not allow the engine to start without the correct key and transponder
- Vehicle Security System sounds alarm if intrusion is detected
- Battery saver helps prevent accidental discharging if electrical accessories are left on
- Emergency inside trunk release

¹ Covered by Infiniti's Limited Warranty on Genuine Infiniti Accessories for the longer of 12 months/12,000 miles (whichever is earlier) or the remaining period under the 4-year/60,000-mile Infiniti New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. ² R Spec™ High-Friction Brake Pads are intended for high-performance driving and for driving conditions requiring added braking demand. Depending on your driving habits, you may experience increased brake dust and noise as well as faster wear of the brake pads and rotors, resulting in more frequent replacement of these components. Replacement of these components is not covered by the vehicle limited warranty.
