

THE ALL-NEW 2013 INFINITI JX

CHOOSE TO BE
INSPIRED.

NEVER SURRENDER
YOUR PASSION FOR DARING.

The exceptional have no use for the conventional.

INTRODUCING THE ALL-NEW INFINITI JX

Compromise doesn't drive you—don't drive a luxury crossover compromised by convention. With distinctively flowing lines, unapologetic rewards and world's first technologies, the JX seats seven, yet suits only the inspired.

WE HEIGHTEN YOUR AWARENESS BY
INNOVATING BEYOND THE EXPECTED.

A world's first technology, Backup Collision Intervention¹ helps detect vehicles approaching from either side while you back up. If a vehicle appears to be entering your path, it gives you three layers of warning—visual, audio and gas pedal-force feedback. It will even apply the brakes to help you avoid a collision.

Ingenious design creates a substantial amount of space for easy access to the third row—even with a child seat installed.

Seats slide 5.5 inches fore and aft to give you more legroom in the 2nd and 3rd rows.

A photograph of the interior of a car, focusing on the front passenger seat. The seat is upholstered in dark brown leather with vertical stitching and a perforated texture on the lower backrest. A black seatbelt is visible. The car has a panoramic sunroof, and the view through the windows shows a scenic landscape with mountains and trees. The text "INSIDE, IT GOES TO LENGTHS COMPETITORS CAN'T." is overlaid in white, bold, sans-serif capital letters.

On the left, a multi-touch infotainment screen displays a menu with icons for 'Radio', 'Navigation', and 'Apps'. Below the screen are various control buttons and a rotary dial. The passenger side of the dashboard and a circular air vent are visible on the right. The front seats, upholstered in a dark, textured material, are in the foreground.
