INFINITI
EMPOWER THE DRIVE

INFINITI

EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response, and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI Q60

Empower the drive with performance. We gave it daring curves and a powerful stance. The exhilarating performance of a twin-turbocharged 400-horsepower V6 engine.¹ And the unmatched responsiveness of the world's first digitally adaptive handling system.¹ Q60. Redefine the drive.

EXTERIOR DESIGN

EVERY LINE SHAPES AN EMOTION

Our philosophy—and the future of INFINITI design—takes stunning shape on the all-new Q60. Emotion is boundless. So is daring design.

ATHLETIC STANCE Large 19-inch alloy wheels make your intentions known. Add staggered-width rear tires¹ and the visual message is clear: The Q60 is meant to perform.

IMPRESSION AMPLIFIED INFINITI signature cues express a unique design language. The double-arch grille reflects a bridge where the arc of the top mirrors the arc of the bottom. Eye-inspired LED headlights give a provocative stare, while the crescent-shaped C-pillar curves forward, punctuating the exterior with dynamic detail.

LOW PROFILE The dynamic proportions make a purpose-built statement: Low enough to hug the ground. Wide enough to deliver impressive stability.

AERODYNAMIC ADVANTAGE A .28 coefficient of drag says as much time has been spent making this sports coupe invisible to the wind as it is striking to the eye. This is evident with zero-lift aerodynamics in the front and rear, plus an Active Grille Shutter¹ that stays closed to lower drag at speed but opens if additional cooling is needed.

DEEP DRAMATIC CREASES Using a revolutionary 3D stamping process that allows for aggressive creases and deep curves, the high character lines capture your imagination. Engineers even redesigned the door hinges so the leading edge tucks into the fender to provide dramatic sculpting.

INTERIOR DESIGN

A BODY OF ART CRAFTED EXPRESSLY FOR YOU

Tailored to accentuate the human form, the cabin celebrates the driver with bold thinking and fine modern materials.

VISUAL REWARD With Fine Vision electroluminescent gauges, see how quickly the needle moves under any lighting conditions. The contrast delivers information clearly, helping to improve visibility at a glance.

FLEXIBLE DOORSTOP Every time you get in, you'll appreciate the thoughtfulness of the segment-exclusive flexible doorstop. Designed to stay open between set positions on level surfaces, you can easily enter and exit without worrying about the door springing back on you.

SPORT SEAT DESIGN Crafted to blend comfort with science, the all-new driver's seat performs on a higher design level. Feel the sport-inspired difference. Deep bolsters help hold you in place. Zero gravity research led to a form and cushioning seat design that can help reduce fatigue on long drives.¹

TAILORED AND ACCENTED Craftsmanship is obvious in the laser-cut holes, which permit tighter stitching and more dynamic free-flowing shapes. Around the center console and throughout the interior, an available Silver Optic Fiber trim offers an upscale modern look.

NATURAL GRIP Your hands move in unique ways, and a steering wheel should reflect that. This one does. Sport-inspired thumb grips and paddle shifters are just the right shape for performance driving.¹

ACCELERATE YOUR POTENTIAL AND PERFORMANCE

This is power through innovation, where the forces of advanced technology blow past limits. Three turbo engines, including a first-ever INFINITI twin-turbo, culminate in jaw-dropping performance.¹

SIGN OF PERFORMANCE At INFINITI, performance is more than delivering a heightened driving experience. We believe it should unleash a more dynamic driver in you. And now, a shared passion can be boldly displayed by the letter S. Whether it is more intense power, tuning or design, the INFINITI Sport models represent something special.

RED SPORT 400 The Red “S” badge represents the highest level of performance and power in its lineup. In the Q60 Red Sport 400, that means a 3.0L V6 twin-turbo 400-hp engine.¹

SPORT The Q60 Sport represents an enhanced performance package and tuned setup while featuring the new 3.0L V6 twin-turbo 300-hp engine.¹

400
HP

27
HWY MPG²

ALL-NEW 3.0-LITER V6 TWIN-TURBO 400-HP ENGINE With the new V6 twin-turbo, torque builds quickly and power pours out like an endless flood. Acceleration is instant and feels limitless. Direct Injection Gasoline (DIG), water-cooled air charging, a turbo speed sensor, and advanced turbine blade design make for quicker response and a higher peak.¹

300
HP

28
HWY MPG²

ALL-NEW 3.0-LITER V6 TWIN-TURBO 300-HP ENGINE Tap into 300 hp and 295 lb-ft of torque, faster than you ever imagined. A variant of the new V6 propels you beyond measure, courtesy of a lightweight aluminum engine, friction-reducing technologies, and new cooling and valve timing systems.¹

208
HP

30
HWY MPG²

2.0-LITER I4 TURBOCHARGED ENGINE Feel the rush of a turbo. Experience the fuel economy of a four-cylinder. With optimal power and efficiency, you glide forward confidently. The turbo spools quickly to produce 208 hp at 5,500 rpm and outputs a stirring 258 lb-ft of torque.

CLOSER THRILLS All paddle shifters are not positioned equally. In the all-new Q60, paddle shifters are steering wheel-mounted instead of column-mounted for easy reach during aggressive cornering.¹

HANDLING

AMPLIFY EVERY MOVE DIGITALLY

Unleash the full-performance potential—of the all-new Q60 and yourself—with the world's first pairing of digital steering and suspension.¹

STEER WITH ENHANCED PRECISION When you turn the wheel, Direct Adaptive Steering[®] not only translates your input, it converts your intention into an electronic impulse. Since your steering is digitally processed, you get the response you want. Smooth. Quick. Precise. Every movement is a reaction to your command, tuned for a more natural connection.¹

FIRST DIGITALLY ADAPTIVE HANDLING SYSTEM

A performance car is engaging. An INFINITI is empowering. In the all-new Q60, you amplify your capabilities with a true 21st-century handling system.¹

HANDLE WITH INSTANT ADAPTABILITY The all-new Q60 recalibrates the balance between comfort and performance into something revolutionary. Change from comfort-biased to dynamic ride with the push of a button, and release a highly personal and responsive experience. Without you doing a thing, Dynamic Digital Suspension continually adjusts to corners and road imperfections for lasting confidence.¹

CHOOSE YOUR DRIVE With up to 336 customizable driver settings, the INFINITI Drive Mode Selector takes performance and control to a more refined level. Select between Standard, Snow, Eco, Sport, Sport+ and Personal modes. Then, further tailor your drive by tuning steering, engine and suspension inputs. The result is one that suits the moment and, more importantly, can be personalized exactly to your liking. Expand your experience beyond road conditions and preset factory settings.¹

MORE WAYS TO CARVE A TURN

Personalize your performance with a range of choices for steering and suspension. Grasp your freedom. Drive unconstrained, fully immersed in every moment.¹

3 STEERING SYSTEMS

- (1) **DIRECT ADAPTIVE STEERING®** Today, the future is in your hands, and it's moving fast. At 1,000 adjustments a second, Direct Adaptive Steering® constantly fine-tunes your steering performance. Easy maneuverability at low speeds. Spirited driving on winding mountain roads. The system operates by digitally transmitting your steering input to the wheels for a smoother and quicker response. Unwanted vibrations are filtered out. Fewer steering corrections are required, giving you a strong feeling of confidence and ease.¹
- (2) **RACK ELECTRONIC POWER STEERING (RACK EPS)** All-new for Q60, RACK EPS delivers a linear and secure experience. To help make steering easier, the system increases the steering effort as the yaw rate changes. Two modes, Standard and Sport, allow you to tailor the response to your preference.¹
- (3) **HYDRAULIC ELECTRONIC POWER STEERING** The everyday ease of vehicle speed-sensitive steering comes standard with the Q60 2.0t model. Steering effort decreases when squeezing into a parking spot or negotiating tight quarters at lower speeds.

2 SUSPENSION SYSTEMS

- (1) **DYNAMIC DIGITAL SUSPENSION (DDS)** You are the driver. Let the all-new Dynamic Digital Suspension (DDS) adapt to you. Enjoy a smooth ride when you want it or a more agile response when you demand it. New adaptive dampers change the focus based on your Drive Mode Selector choice. Switching between modes is instantaneous. So is the ability of DDS to constantly monitor chassis vitals like body roll, pitch and bounce rate. This is driver-centric performance for the digital age.¹
- (2) **STANDARD SUSPENSION** With a double wishbone front and an independent multi-link rear suspension, you'll enjoy a smooth level ride. Handle every twist and turn with aplomb, thanks to shock absorbers that deliver a direct, linear feel with less road noise and vibrations. From now on, you are part of a dynamic team, where every S-curve belongs to you—and the all-new Q60.
- REAR-WHEEL DRIVE OR INTELLIGENT AWD** To enthusiasts, nothing matches the flat-out joy of a rear-wheel drive car. But consider this: Intelligent All-Wheel Drive can send anywhere from zero to 50% of the power to the front wheels when you need it, and 100% to the rear wheels for sporty response when you don't. So you get all-wheel drive traction without sacrificing rear-wheel drive feel.¹

IN TOUCH WITH YOUR CONNECTED WORLD

INFINITI InTouch™ makes your world flow. Your life is always moving, and INFINITI InTouch™ with Navigation and INFINITI InTouch™ Services seamlessly bring your world into your car. Stay ahead and in contact with voice, text, calendar, navigation and music.^{1,3}

NEW INFINITI INTOUCH™ SERVICES¹

-  **VEHICLE HEALTH REPORT**
-  **REPORT STOLEN VEHICLE**
-  **SCHEDULED MAINTENANCE NOTIFICATION**
-  **REMOTE DOOR LOCK/UNLOCK**
-  **REMOTE ENGINE START/STOP⁴**
-  **MAINTENANCE ALERT**
-  **REMOTE HORN AND LIGHTS**
-  **ALARM NOTIFICATION**
-  **ENHANCED ROADSIDE ASSISTANCE**
-  **EMERGENCY CALL**

To learn more about INFINITI InTouch™ Services, please visit www.infiniti-usa.com/intouch

A PREMIUM CONNECTION Every time you get into the all-new Q60, experience a seamless connection with technology that responds like the technology you hold in your hand. Connecting your smartphone to INFINITI InTouch™ with Navigation and INFINITI InTouch™ Services^{1,3,5} brings your world into your car. Hear text messages read to you. Listen to your playlists. Navigate unfamiliar streets or call your friends. When you're away from your vehicle, you're still connected through the INFINITI InTouch™ Services companion app with features like Remote Engine Start/Stop⁴ and Remote Door Lock/Unlock.

EMPOWER YOUR TOUCH The INFINITI Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

ADJUSTS TO YOU INFINITI InTouch™^{1,3} delivers an intuitive experience right from your driver's seat in the manner that best suits you. You can interact with the state-of-the-art system however you find easiest. The top screen can be operated by touch, steering wheel switches or the INFINITI Controller; it is primarily used for driving information and navigation.³ The bottom screen can be operated by touch and lets you manage the infotainment systems, such as audio and climate control.

BLUETOOTH® STREAMING AUDIO Turn your Bluetooth®-enabled smartphone into a source of music, and listen to your top playlists over the all-new Q60's audio system.^{1,5}

HANDS-FREE VERSATILITY With the INFINITI Bluetooth® Hands-free Phone System,^{1,5} you can make and receive wireless calls using voice recognition. No fumbling. No need for a headset. Just press a button on the steering wheel.

ACTIVE NOISE CANCELLATION Minimize unwanted road noise and create an optimal listening environment with Active Noise Cancellation. The technology works by neutralizing distracting sounds with an acoustically opposite signal. The quieter the cabin, the better the music and conversation.¹

ACOUSTIC GLASS Create serenity all around you. Thin sound-absorbing material between the glass layers significantly reduces noise, delivering a more personal driving experience.

SOUND

A NEW STAGE FOR A NEW SOUND

Hear it here first. The new Bose® Performance Series makes its worldwide debut on the all-new Q60. Enjoy concert-like sound that envelops you, transforming the cabin into a dynamic listening experience.¹

13 SPEAKER
BOSE® AUDIO

THE LATEST FROM BOSE® For those who demand a performance-focused sound system, the new Bose® Performance Series with Advanced Staging Technology delivers. Thirteen high-performance speakers, including multiple new 10" and 6 x 9" woofers and a lightweight silk dome tweeter achieve "live performance" precision. Revel in a wider and more precise soundstage, where the acoustics are always ideal.¹

PROPRIETARY DIGITAL SIGNAL PROCESSING A recent Bose® innovation, Advanced Staging Technology utilizes advanced algorithms to dynamically direct music to their ideal locations within the cabin. Instruments and vocals have exceptional clarity. So from the driver's seat, you feel as if you're sitting in the front row at a concert.¹

IMPROVED AUDIO PERFORMANCE Immerse yourself in an exhilarating sound experience. AudioPilot® 2.0 Noise Compensation Technology constantly monitors outside sounds and adjusts the music accordingly, while Centerpoint® 2.0 Surround Technology allows you to enjoy surround sound from CDs, MP3 CDs and satellite radio.¹

EFFORTLESSLY EXTEND YOUR ABILITIES

Cruise smarter. See farther. Steer easier. View clearer. Respond faster. With available driver-enhancing technologies, you can now move with a new level of ease.

CRUISE SMARTER

Set your desired speed and distance, and Intelligent Cruise Control (Full-Speed Range)^{1,6} can automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.

RESPOND FASTER

High Beam Assist automatically dims your high beams as oncoming vehicles approach, then turns them back on when traffic clears.¹

SEE FARTHER

The Adaptive Front lighting System (AFS) improves visibility at intersections and around curves by sensing your steering and turning the headlights. Together with LED auto-leveling headlights, AFS helps you see not just ahead but around as well.¹

STEER EASIER

Working with Direct Adaptive Steering,[®] Active Lane Control^{1,7} evaluates the road ahead and can automatically make small steering angle corrections due to uneven road surfaces or crosswinds.

VIEW CLEARER

Gain a new perspective on what's around you. With the Around View[®] Monitor with Moving Object Detection,^{1,8} four cameras and one virtual 360° view from above makes it easy to see and maneuver in even the tightest spaces. Peek around corners with confidence, thanks to a new front camera that looks out to the side with a sweeping near-180° view.

SAFETY

EFFORTLESSLY EXTEND YOUR AWARENESS

A unique combination of active and passive safety innovations enhance your ability to respond instinctively.¹

A SHIELD OF PROTECTION The INFINITI Safety Shield® concept—our comprehensive approach to safety—layers technologies to help monitor conditions, help you avoid a collision and help protect you and your passengers if one occurs.¹

MORE CONFIDENT IN REVERSE Backup Collision Intervention^{1,9} helps increase your awareness. As you back up, the system warns you if approaching vehicles or large stationary objects are detected behind your all-new Q60, and it can help you avoid a collision by applying the brakes.

RESPOND TO YOUR SURROUNDINGS Forward Emergency Braking with Pedestrian Detection^{1,10} can detect vehicles in the lane ahead of you. If deceleration is needed to help minimize a collision or even help prevent one, the accelerator pedal can be pushed up and the brakes can be applied. The system adds another dimension of security by also looking out for pedestrians that enter your vehicle's path.

BRAKE CONFIDENTLY The all-new Q60 braking system responds automatically to changing conditions with 4-wheel Anti-lock Braking System (ABS) and Electronic Brake force Distribution (EBD).

SENSES WHERE YOU CAN'T SEE The Blind Spot Warning and Blind Spot Intervention® Systems^{1,11} use sensors to detect vehicles entering the blind spot area. First, a warning light will illuminate—then, if necessary, a brief steering input can be provided to help guide your all-new Q60 back to your current driving lane.

RECOGNIZING DANGER Predictive Forward Collision Warning^{1,12} uses radar to enable your all-new Q60 to continuously monitor not only the vehicle directly ahead of you but also the vehicle in front of that one. If your all-new Q60 detects a potential risk, it provides an audible and visual alert.

MAINTAIN YOUR LANE The Lane Departure Warning and Lane Departure Prevention Systems^{1,13} monitor lane markings and can help warn you if you start to drift. If the drift continues, the Lane Departure Prevention System can provide brief steering input to ease your all-new Q60 back towards the center of your lane.

STRONGER AND LIGHTER Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

ENHANCED PROTECTION Based on the severity of the crash and seat belt usage, the INFINITI Advanced Air Bag System adjusts inflation in the dual-stage front supplemental air bags. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor.^{1,4}

ACCESSORIES

GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an INFINITI vehicle go into designing and manufacturing Genuine INFINITI Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.¹⁵ For more information and to shop online for Genuine INFINITI Accessories, go to parts.infinitiusa.com.

ACCESSORIES SHOWN Radiant Grille Emblem, Carbon Fiber Rear Spoiler, Carbon Fiber Fog Light Trim, Carbon Fiber Side Mirror Covers, Carbon Fiber Fender Vents, 19" Alloy Wheels and INFINITI Radiant External Ground Lighting.

CARBON FIBER REAR BUMPER PROTECTOR Add an unmistakable presence to your Q60 while protecting the surface from minor scrapes and scuffs. Carbon fiber enhances the aggressive exterior and gives your vehicle a more dynamic look.

INFINITI RADIANT INTERIOR AMBIENT LIGHTING A warm glow emanating from both footwells and cup holders welcomes you as you get settled. The effect adds ambience to the interior and enhances its modern appeal.

INFINITI RADIANT ILLUMINATED KICK PLATES The INFINITI logo glows softly along the bottom of the front door sills—a signature flourish you and your passenger will appreciate every time you get in.

SPORT FLOOR MATS Sophisticated design and modern materials make these floor mats a perfect match for the interior of your Q60. A specially placed rubber section guards against the wear and tear of heels.

INFINITI 4G WI-FI Enables you to seamlessly and securely conduct internet activities in stationary or moving vehicles. Your vehicle becomes a roving Wi-Fi hotspot, connecting up to five Wi-Fi-enabled devices to the internet in and around the car.¹⁶

TRUNK PROTECTOR Constructed of heavy, durable and flexible material, it helps keep items from moving around while driving. It also protects your cargo area from scratches and damage.²⁸

This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by Nissan North America, Inc. Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with INFINITI Retailer before relying on it to make a purchase decision. Nissan North America, Inc., reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, see your INFINITI Retailer or visit INFINITI website.

1 Available on select models. **2** 2017 EPA Fuel Economy Estimates. MPG 22 city/30 hwy (Q60 2.0t/Q60 2.0t Premium), 21 city/28 hwy (Q60 2.0t AWD/Q60 2.0t Premium AWD), 19 city/28 hwy (Q60 3.0t Premium/Q60 Sport), 19 city/27 hwy (Q60 3.0t Premium AWD/Q60 Sport AWD), 20 city/27 hwy (Q60 Red Sport 400), 19 city/26 hwy (Q60 Red Sport 400 AWD). Actual mileage may vary with driving conditions. Use for comparison only. **3** Driving is serious business. Only use Infiniti InTouch Services and Infiniti InTouch Services Premier when safe to do so. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Services, including Automatic Crash Notification and Emergency Call, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Infiniti InTouch Services Customer Care or receive support. Services require compatible 3G GSM/GPRS cellular network provided by AT&T. 3G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Infiniti's or Sirius XM Connected Vehicle Services Inc.'s control. Certain vehicle services, including Google® compatible services, provided by independent companies are not within Infiniti's or SiriusXM's control and are subject to change without notice or liability to Infiniti, its affiliates and agents or SiriusXM. Like other devices that rely on network coverage, once the network service is discontinued, Infiniti InTouch services will not function without equipment replacements, upgrades, or alternative network coverage, which neither Infiniti nor Sirius XM can guarantee. Infiniti and Sirius XM are not responsible for associated costs that may be required for continued operation due to cellular network turndown or discontinuation (including equipment upgrades, if available, or roaming charges on alternative networks). Trial Periods, unless otherwise specified: Six (6) month trial subscription begins on your date of purchase or lease of your new Infiniti. Subsequently, your credit card (if on file) will be charged at the then current subscription rate and your service will renew automatically under the terms of your subscription. Standard text rates and/or data usage may apply. Terms and Conditions of Subscription Agreement apply. See www.infinitiusa.com/intouch for more information. **4** State laws may apply; review local laws before using. **5** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by INFINITI is under license. See http://www.infinitiusa.com/bluetooth for details. **6** Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **7** Active Lane Control cannot prevent accidents or loss of control. It is the driver's responsibility to be in control of the vehicle at all times. ALC may not detect the lane markers in certain road, weather or driving conditions. **8** AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. **9** BCI will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. **10** FEB with Pedestrian Detection is not a replacement for responsible driving. May not provide braking or pedestrian detection in certain conditions. Limitations apply. See Owner's Manual for details. **11** Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you. **12** PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. **13** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See your Owner's Manual for more details. **14** Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. **15** Covered by INFINITI's Limited Warranty on Genuine INFINITI Accessories for the longer of 12 months/12,000 miles (whichever is earlier) or the remaining period under the 4-year/60,000-mile INFINITI New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. **16** Up to 10 feet radius of the vehicle. Monthly subscription required for use of feature. **17** Active Trace Control cannot prevent accidents or loss of control. It is the driver's responsibility to be in control of the vehicle at all times. **18** The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odors, suppresses unpleasant interior odors, stops the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. Plasmacluster is a registered trademark of Sharp Corporation. **19** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod is a registered trademark of Apple Inc. All rights reserved. iPod® not included. **20** Required monthly subscriptions sold separately for each available SiriusXM feature after trial period, and are continuous until you call SiriusXM to cancel. Installation costs, one-time activation fee, other fees and taxes will apply. Each SiriusXM feature availability is dependent upon vehicle model, trim level, packaging, and/or options, and may only be available in select markets. Satellite Radio U.S. service, NavWeather service, and SiriusXM TravelLink services (if any of the foregoing features are equipped on vehicle) available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2016 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. **21** Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. **22** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. **23** Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. **24** VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. **25** TPMS is not a substitute for regular tire pressure checks. **26** Distance Control Assist helps maintain a distance to the vehicle in front under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. **27** May require additional options or option packages. **28** Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect handling and stability of the vehicle.
