QX55

HOW DO YOU QUANTIFY TRUE ORIGINALITY?

Blurring boundaries. Blending existing styles in new ways. Inventing something entirely new. There is no one way to define originality, but true originals know exactly how to quantify their own. The INFINITI QX55 fearlessly embodies that attitude as the crossover coupe that defines the genre INFINITI created. With its daring fastback roofline and sport-inspired style that extends to the interior, the QX55 is a provocative statement. Let your expression continue with performance that adapts to you and technologies that adapt to the traffic around you. And through nights out in the city and early starts on the highway, stay connected via INFINITI InTouch® with wireless Apple CarPlay® integration.¹ For those who lead from within, the INFINITI QX55 is an expression on your terms.

LUXURY SHOULD BE LIVED IN

▲ PROVOKES A SECOND LOOK Beyond first impressions from its low, fastback roofline, there's no mistaking the sport-inspired details of the aggressive front splitter and angular fog light surrounds. A theme that continues with standard 20" aluminum-alloy wheels to amplify a bold presence. You'll turn as many heads as you leave with INFINITI-signature Digital Piano Key Taillights – designed so that each defined "key" lights up in a uniform glow.

▲ MOVE WITH DISTINCTION **1** 20 X 8.5-inch Dark-Painted and Machine-Finished Aluminum-Alloy Wheels

View video to see even more QX55 performance.

▲ ACCELERATES YOUR DRIVE Performance in the QX55 responds to your drive to keep moving forward and adapts to the ways you want to move. The INFINITI world's first production variable compression turbo engine, the INFINITI VC-Turbo® continuously transforms for optimal power and efficiency, whether you want to sprint or cruise.² Throttle response is sharp, steering quick, and the overall experience can be dialed up or down on your whim, thanks to the Drive Mode Selector. Toggle between four different driving modes designed to cater to any driving situation or mood – from laid-back to sport.

MOMENTUM EXPRESSED

The definitive INFINITI QX55 design effortlessly moves from its fearless exterior to an open and inviting cabin. With a dashboard that flows into the armrest in one bold movement to wrap around the driver, the space embraces you in cockpit-like comfort. Relax into the durable, yet soft leather appointments, now standard, and you'll know that you've traversed genres. Finally, with acute attention paid to the sharpest details, like the precision stitching, you'll discover that the interior is just as thrilling as the most spirited of drives.

TAKE CONTROL OF TRAFFIC Never let traffic interrupt your rhythm. Now standard ProPILOT Assist⁵ is based on the same innovations that will make full autonomy possible in the future, easing your commute on the highway. When activated, ProPILOT Assist can automatically react to the flow of vehicles ahead by braking, coming to a complete stop, then accelerating again up to speed. The system can even assist steering to help keep you centered in your lane around gentle curves. Together with a standard suite of advanced technologies – like Intelligent Cruise Control⁶ and Blind Spot Intervention,⁷ which helps alert you to drivers in your blindspot area – the QX55 redefines the commute your way.

EVERYONE'S INVITED The most memorable experiences are those that are shared. Whether it's nights out on dazzling downtown streets or windy mountain roads, your backseat companions always stay comfortable with heated rear seats, standard on the SENSORY trim. And with standard second-row USB charging ports, everyone's able to stay charged up and connected.⁸

PLAYLIST PERFECTION There's an art to creating a playlist that takes you somewhere. Similarly, the available Bose® 16-speaker Performance Series Audio transforms your playlist into an immersive soundstage. Down to the shape of the speaker grilles, which enhance high and low frequencies.

YOUR LIFE ON YOUR PLATFORM INFINITI InTouch® with wireless Apple CarPlay® integration lets you bring the iPhone® experience along for the ride.¹ Or plug in your Android Auto™-

compatible phone as your preferred driving companion.¹ And with a Wi-Fi Hotspot, your friends can stay connected, too.¹

For more information see www.infinitiusa.com/intouch/legal. 2 World's first production variable compression engine launched by Nissan Motor Co., Ltd. in 2018. 3 Around View® Monitor with Moving Object Detection cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. 4 Virtual composite 360° view. 5 ProPILOT Assist cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. 6 Intelligent Cruise Control uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 7 Blind Spot Warning and Blind Spot Intervention cannot prevent all collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. 8 Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. 9 Intelligent All-Wheel Drive cannot prevent collisions or provide enhanced traction in all conditions. Always monitor traffic and weather conditions. 10 Cargo and load capacity limited by weight and distribution. Always secure cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. 11 Remote Engine Start System to be used only in accordance with any laws or rules in effect in your vehicle's location. 12 Do not ride in a moving vehicle when the seatback is reclined. For the most effective protection, the seat should be upright. See Owner's Manual for safety information. 13 Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. 14 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 15 Vehicle must be on for the Easy-Fill Tire Alert to operate. 16 Forward Emergency Braking with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 17 Predictive Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. 18 Lane Departure Warning and Lane Departure Prevention only operate when lane markings are detectable. See Owner's Manual for safety information. 19 Rear Automatic Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should always turn and check surroundings before driving and brake as needed to prevent collisions. See Owner's Manual for safety information. 20 Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information. 21 Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. 22 Air bags are only a supplemental restraint system. Always wear your seat belt. Rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See Owner's Manual for safety information. 23 Traffic Sign Recognition may not detect and read all traffic signs in all conditions. Driver should monitor all traffic signs and obey all traffic laws. See Owner's Manual for details. 24 The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system can sense exterior odors, can suppress unpleasant interior odors, can stop the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. 25 Do not use for extended periods of time. See Owner's Manual for important safety information. 26 Late availability. 27 Compatible smartphone required. Virtual Key to be used only in accordance with laws or rules in effect in your vehicle's location.
