THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

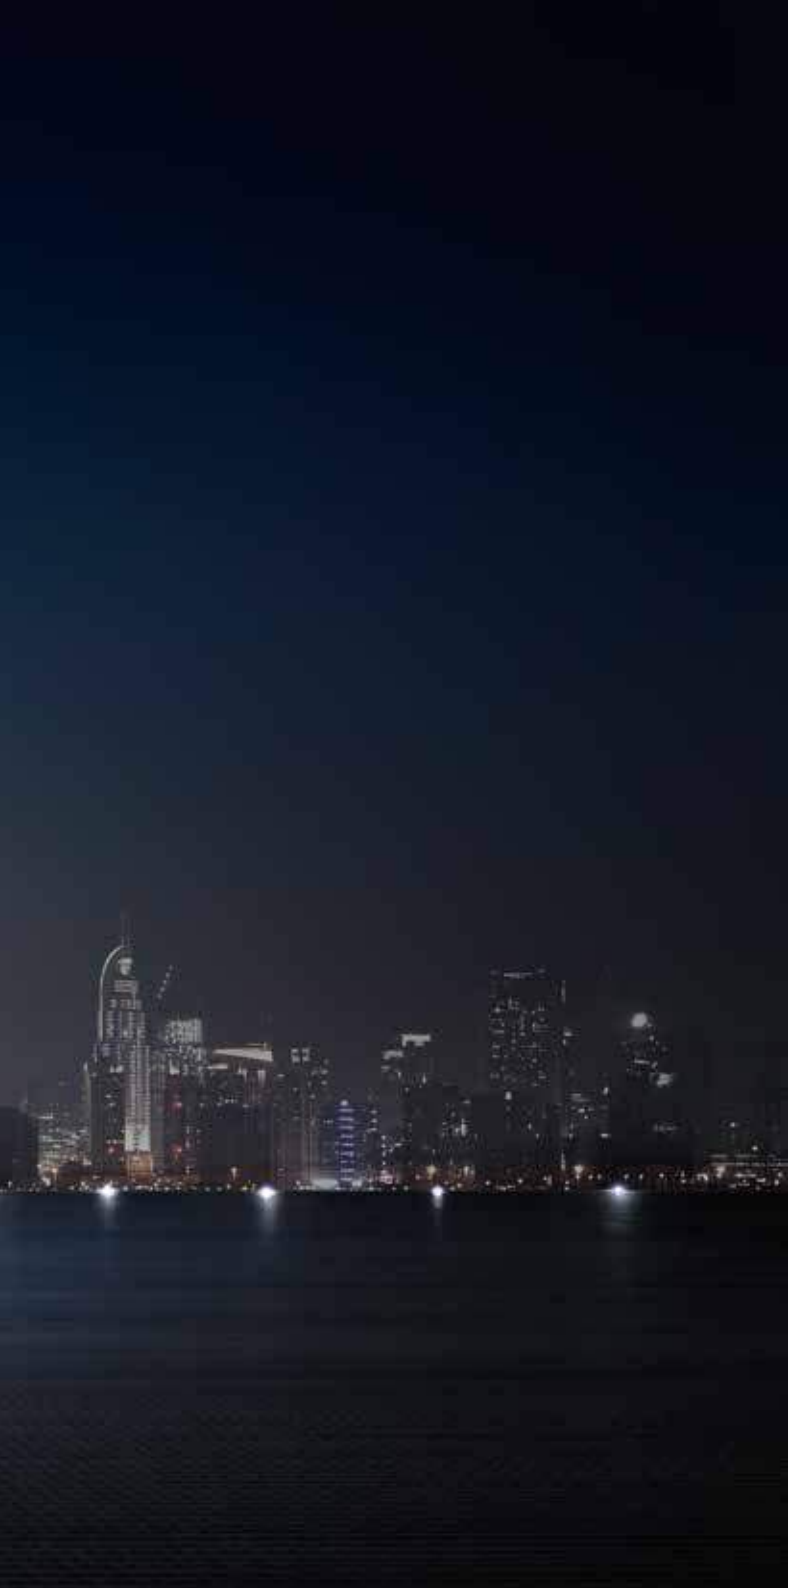
VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH 19" RAZOR ALLOY WHEELS

SOME OF THE VEHICLES FEATURED IN THE PHOTOGRAPHS THROUGHOUT THIS BROCHURE ARE EUROPEAN MODELS AND MAY NOT BE AVAILABLE IN NORTH AMERICA. PLEASE CONSULT YOUR LOCAL JAGUAR RETAILER FOR SPECIFIC MODEL AVAILABILITY.



INTRODUCTION
THE CONCEPT OF THE XF

The XF builds on the success of the 2016 Jaguar XF, the most award winning Jaguar vehicle. Possessing an unrivalled combination of style and substance. Delivering an utterly seductive blend of design, dynamics and refinement to create a car that offers both excitement and efficiency[7]*. All enhanced by state-of-the-art technologies that keep you connected and entertained.

The XF sits in the Jaguar sedan range between the taut athleticism of the XE and the supreme luxury of the XJ. The fusion of these outstanding Jaguar attributes is what creates the XF – one of the most dynamic, premium sports sedan of its generation.

*Please see page 93 for further information.

VEHICLE SHOWN: XF S IN GLACIER WHITE WITH OPTIONAL 20" LABYRINTH ALLOY WHEELS AND BLACK PACK

THE XF – THE FACTS

An outstanding combination of advanced engineering,
the latest technology and contemporary design sets the XF apart.

ADVANCED AERODYNAMICS

The XF is capable of achieving a low drag coefficient of just Cd 0.29 meaning it cuts through the air, reducing wind noise for enhanced refinement and improved efficiency[7]*. Even the underside of the car is aerodynamically designed to be as smooth as possible, while apertures in the front bumper optimize airflow through the wheel arches.

BREADTH OF PERFORMANCE

Powerful and refined, for a thrilling and rewarding drive.
The 3.0 V6 engine is available in two power outputs – 340HP and 380HP. The Supercharged engine offers performance, achieving 0-60mph in as low as 5.0 seconds[8]*.

JAGUAR ELITECARE

BEST IN CLASS COVERAGE[11]*

5 YEARS 60,000 MILES

JAGUAR ELITECARE

Enjoy your Jaguar with complete peace of mind.
The XF is now backed by the Best-In-Class Jaguar EliteCare[11]*, our exceptional 5 year / 60,000 mile coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl® Remote & Protect™.

CRAFTSMANSHIP AND SPACE

Contemporary craftsmanship and a beautiful, luxurious interior with the space to stretch out and enjoy every journey. Compared with the previous generation XF, rear knee room has been increased by 0.9 inches and rear legroom by 0.6 inches, all adding up to greater comfort and wellbeing for passengers.

*Please see page 93 for further information.
**Adaptive Surface Response system is only available on the Jaguar XF S AWD model.

VEHICLE SHOWN: XF S IN GLACIER WHITE WITH OPTIONAL 20" LABYRINTH ALLOY WHEELS AND BLACK PACK

LIGHTWEIGHT ALUMINUM ARCHITECTURE

The Lightweight Aluminum Architecture developed by Jaguar helps to make the XF lighter, stronger and 28 percent stiffer than the previous XF. It is up to 265 lbs lighter than its predecessor, improving handling, performance and efficiency[7]*.

ADDED INTELLIGENCE

The XF offers a variety of optional advanced driver assistance features including, Traffic Sign Recognition with Adaptive Speed Limiter, Lane Keep Assist with Driver Condition Monitor, Autonomous Emergency Braking and Adaptive Cruise Control with Queue Assist[5]*.

ALWAYS CONNECTED

Every drive in the XF is enhanced by Jaguar InControl® Technologies. Jaguar InControl® is a suite of products and services that connects you with your XF and links the XF to the wider world. It ensures you are always in touch.

ADVANCED DRIVETRAIN TECHNOLOGY

The XF offers unique All Wheel Drive with Intelligent Driveline Dynamics and Adaptive Surface Response[5]**. This enhances the legendary Jaguar handling, agility and ride, and gives added assistance in most conditions.

DESIGN
EXTERIOR PRINCIPLES

DESIGN PURITY | **ADAPTIVE LED HEADLAMPS**

"It's about paring it down to the bare essentials. Good designers have always said less is more." Ian Callum, Jaguar Design Director.

The XF demonstrates the Jaguar principles of design purity. Strong lines radiate dynamic character and enhance the vehicle capabilities – be it improving aerodynamics, visibility or stability. The XF is available with adaptive LED headlamps complementing Jaguar signature 'J' blade Daytime Running Lamps and giving the vehicle a striking on-road presence. The quality of LED light is close to daylight, helping your eyes distinguish objects more easily.

VEHICLE SHOWN RIGHT: XF S IN GLACIER WHITE WITH OPTIONAL BLACK PACK

EXTERIOR AERODYNAMICS

F-TYPE INSPIRED DESIGN | **AERODYNAMIC DESIGN**

At the rear, the XF tail lamps feature a distinctive, Jaguar F-TYPE inspired, double roundel and intersecting horizontal detail. The LED brake lamps are not only brighter than halogen bulbs, they use less energy – contributing to the overall drive for greater efficiency. LEDs also illuminate faster – so following drivers can react more quickly to braking. Within the tail lamps is a pinstripe graphic – one of the many exquisite finishing touches on the XF.

The sweeping exterior design of the XF is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Even the trunk lid height and pitch, as well as its overall curvature and subtle spoiler, are designed to reduce drag and increase downforce. For example, the body generates as much as 110 lbs of extra downforce at 99 mph[8]* for greater stability and helps the XF maintain its connection with the road.

*Please see page 93 for further information.

HOME
SYNC
AUTO
MAX A/C
A/C

INTERIOR

DRAMATIC START-UP SEQUENCE | **CONTEMPORARY CRAFTSMANSHIP**

Open the door and the Start button entices you inside. Pulsing with a heartbeat it creates an emotional connection between driver and machine. Its 72 per minute double beat is the same as a jaguar cat at rest. The XF is poised, ready for action. Now push the Start button. With perfect choreography, air vents rotate open when the air conditioning is in use, the JaguarDrive Selector rises smoothly, and the engine growls – all inspiring you to anticipate the drive ahead.

The XF interior offers outstanding comfort, a sense of wellbeing and a wealth of choice. Whichever the XF interior combination you choose, materials used are always of the highest quality. Leather and finishes are selected with the greatest care to ensure that, inside the XF, everything is luxurious to the touch. Whether you prefer aluminum, carbon fiber, or wood veneer finishes to complement the beautiful selection of materials, your XF will always look and feel just right.

INTERIOR SHOWN LEFT AND PREVIOUS PAGE: XF S FEATURING LIGHT OYSTER/JET SEAT WITH JET UPPER FASCIA WITH CONTRAST STITCH, JET CARPET AND JET HEADLINING. OPTIONAL EQUIPMENT AND ACCESSORIES FITTED

1. Headroom 38 inches **2.** Knee room 3 inches

INTERIOR SPACE

SPACIOUS REAR KNEE ROOM

The rear of the XF cabin is a destination of luxury, choice and space. Compared with the previous generation XF, rear knee room has increased by 0.9 inches. Rear legroom has increased by 0.6 inches and rear headroom has risen by 1.06 inches, all adding up to greater comfort and wellbeing for passengers. Building on the drama of its predecessor's interior, mood lighting can also enhance the atmosphere of the XF. Opt for the Luxury Interior Upgrade Pack and receive an upgrade to Configurable Interior Mood Lighting giving you a choice of ten interior colors. Four-zone air conditioning is also included, giving individual rear passengers the opportunity to set their own temperature and airflow. Keeping your car comfortable regardless of the conditions outside, the XF air conditioning system has undergone punishing real world tests in ambient temperatures ranging from 122°F to – 22°F. In addition, the available 40:20:40 seating configuration offers increased available volume and versatility.

INTERIOR SHOWN: XF S FEATURING LIGHT OYSTER/JET SEAT WITH CONTRAST STITCH, JET CARPET AND JET HEADLINING

PERFORMANCE

ENGINES

INGENIUM ENGINE | STOP/START TECHNOLOGY

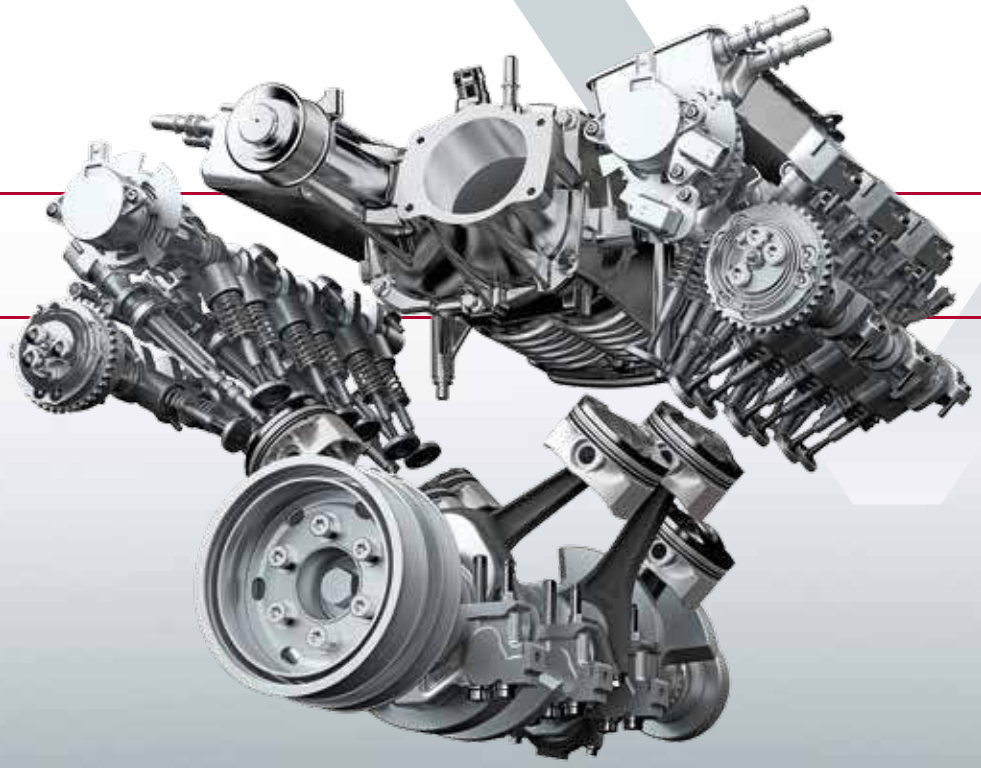
The XF offers a choice of refined, efficient[7]* diesel or gas engines[7]* – all delivering a dynamic driving experience and responsive Jaguar performance. The engines are equipped with Stop/Start Technology and smart regenerative charging – harvesting kinetic energy while braking to charge the battery – for maximum economy, especially during city driving.

INGENIUM DIESEL ENGINE

318 lb-ft of Torque

The XF is offered with the new Ingenium 2.0 liter 4-cylinder 180HP Turbocharged Diesel from our Ingenium range. Ingenium is the new breed of engines designed by Jaguar Land Rover for effortless performance, refinement and efficiency[7]*. Typically, 44 lbs lighter than equivalent previous generation engines, Ingenium is intrinsically more efficient. And intelligent too – computer controlled, adaptive engine cooling only engages as required. The latest generation variable geometry turbocharger maximizes peak power for low speed torque and responsiveness that is uniform, progressive and avoids lag.

*Please see page 93 for further information.



GAS ENGINES

0-60mph from 5.0 sec[8]

The acclaimed 3.0 liter V6 340HP engine delivers outstanding torque of 332 lb-ft for greater responsiveness. Only available on S and shared with the Jaguar F-TYPE, the 3.0 liter V6 Supercharged 380HP engine is capable of 0-60mph in as few as 5.0 seconds[8]*.

ADVANCED AERODYNAMICS

LOW DRAG | **Cd 0.29**

The XF form has been rigorously optimized for aerodynamic efficiency and stability at highway speeds. Every element exploits the maximum aerodynamic potential while preserving the stunning proportions of the XF. Apertures in the front bumper outer edges channel air through vents in the wheel arches and out over the front wheels. The airflow then passes along the XF sides where the doors have a flatter cross sectional profile to minimize air pressure differences and contribute further to reduced drag. Even the extensive under body protection is designed to make the XF as efficient[7]* and refined as possible.

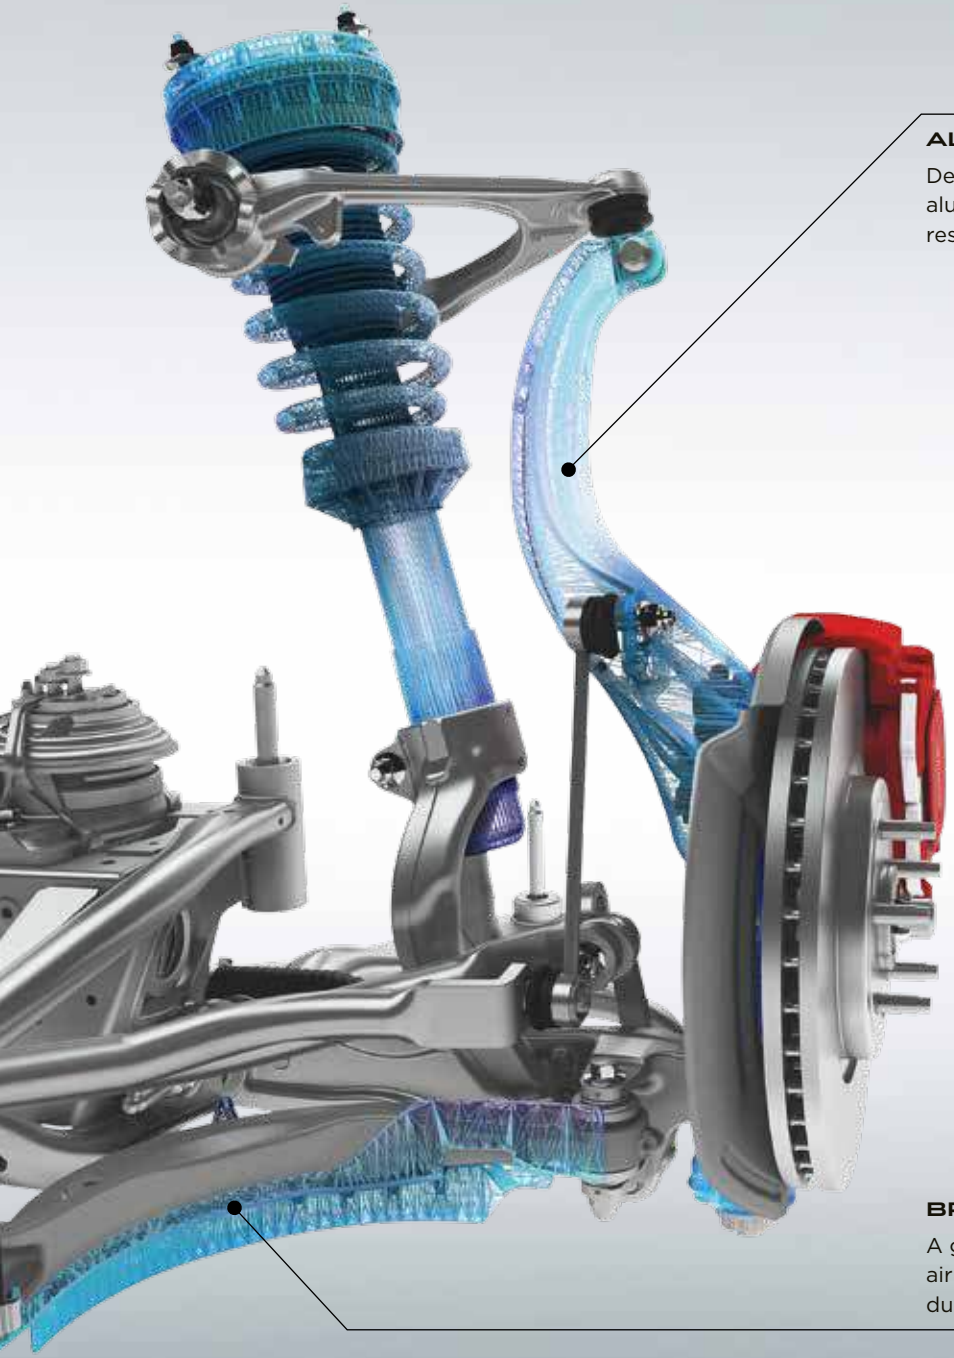
*Please see page 93 for further information.

VEHICLE SHOWN: XF PRESTIGE IN BLACK BERRY WITH 20" MATRIX ALLOY WHEELS AND OPTIONAL LED HEADLAMPS

LIGHTWEIGHT ALUMINUM ARCHITECTURE

STRONG | RIGID | 75% ALUMINUM

Jaguar has been at the forefront of aluminum car construction for more than a decade. Our latest innovation is Lightweight Aluminum Architecture, which is significantly lighter, stronger and 28 percent stiffer than the structure used in the previous generation XF. Aluminum has also been used to form the body sides, hood and front wings of the XF. Lightweight aluminum panels are bonded together with adhesive, then punched with zinc-coated, boron steel rivets that compress the adhesive to form an airtight bond and a remarkable strong, rigid structure. This cutting edge process, coupled with the Lightweight Aluminum Architecture, contributes towards a weight saving of up to 265 lbs over the previous generation XF.



ALUMINUM FRONT KNUCKLE

Designed to optimize stiffness and strength, the lightweight aluminum front knuckle helps improve the XF agility, responsiveness and refinement for sports car-like control.

CHASSIS AND SUSPENSION

UNIQUE SUSPENSION TECHNOLOGY | **COMFORTABLE AND DYNAMIC**

The XF responds with agility and performs with dynamism while maintaining ride comfort – it's a unique balance that makes it a Jaguar. The ideal foundation for these driving dynamics is the light, yet exceptionally strong and stiff, Lightweight Aluminum Architecture with its near 50:50 weight distribution.

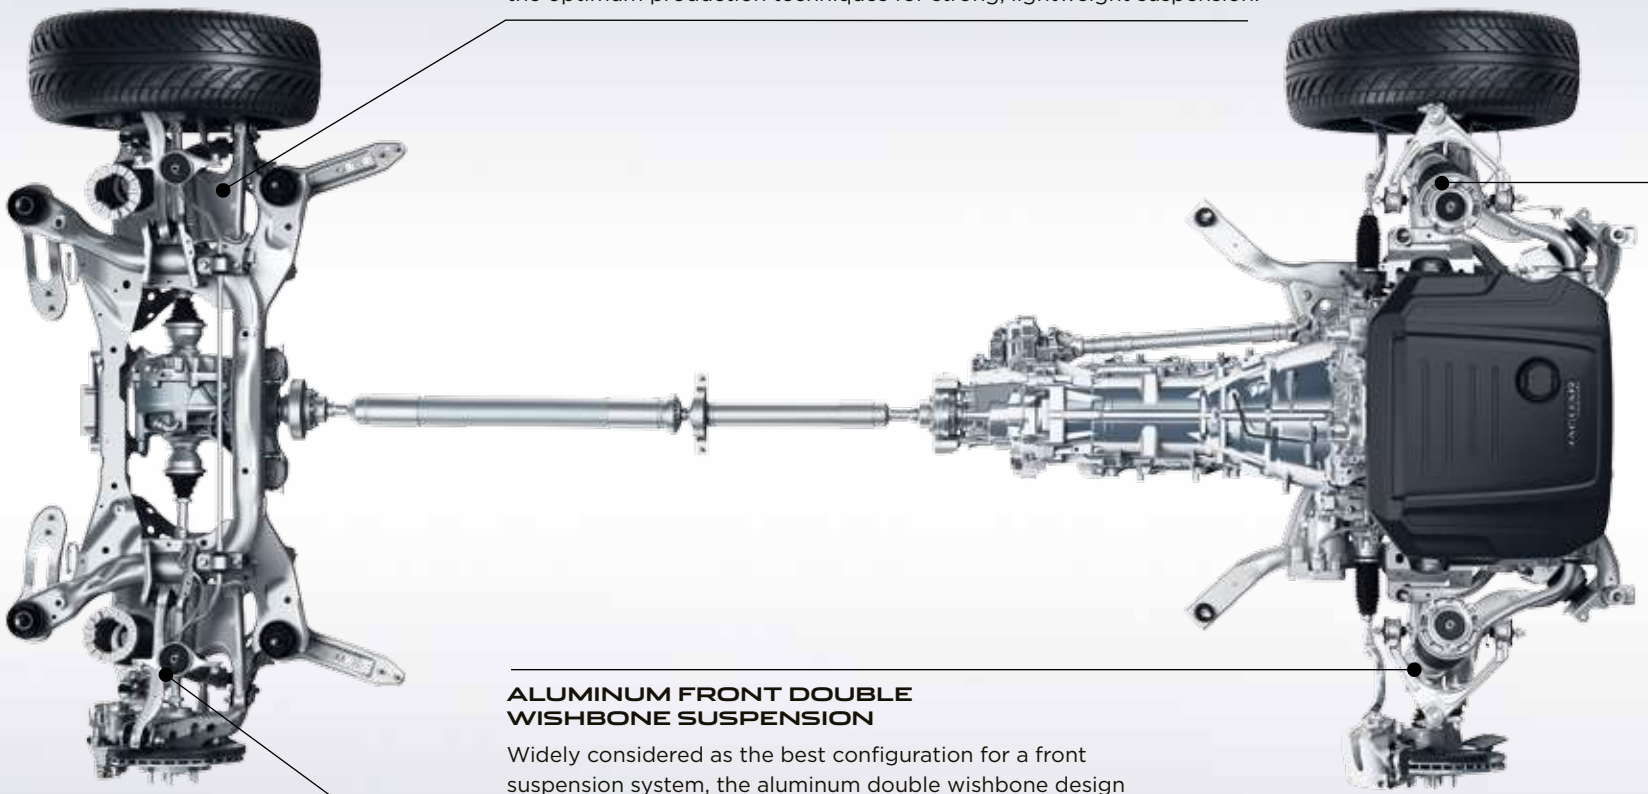
The sophisticated front and rear suspension systems complete a chassis that achieves a superb combination of sportiness and refinement. Advanced damper technologies – both passive or adaptive – improve ride quality still further and extend the XF breadth of dynamic capabilities. The suspension control, agility and feedback give the XF the spirit of a sports car.

BRAKE SCOOP

A glass-filled polypropylene brake scoop channels air onto the brakes for enhanced brake performance during enthusiastic driving.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows the XF to realize an ideal combination of refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast aluminum – the optimum production techniques for strong, lightweight suspension.



ADAPTIVE DYNAMICS

ALUMINUM FRONT DOUBLE WISHBONE SUSPENSION

Widely considered as the best configuration for a front suspension system, the aluminum double wishbone design is modelled closely on the F-TYPE for precise handling and steering response.

ADAPTIVE DYNAMICS

The optional Adaptive Dynamics** system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. The Active Dampers adjust the suspension to provide the optimum balance between comfort and refinement[5]*.

*Please see page 93 for further information.
**Standard on the XF S.

ADVANCED DRIVING DYNAMICS

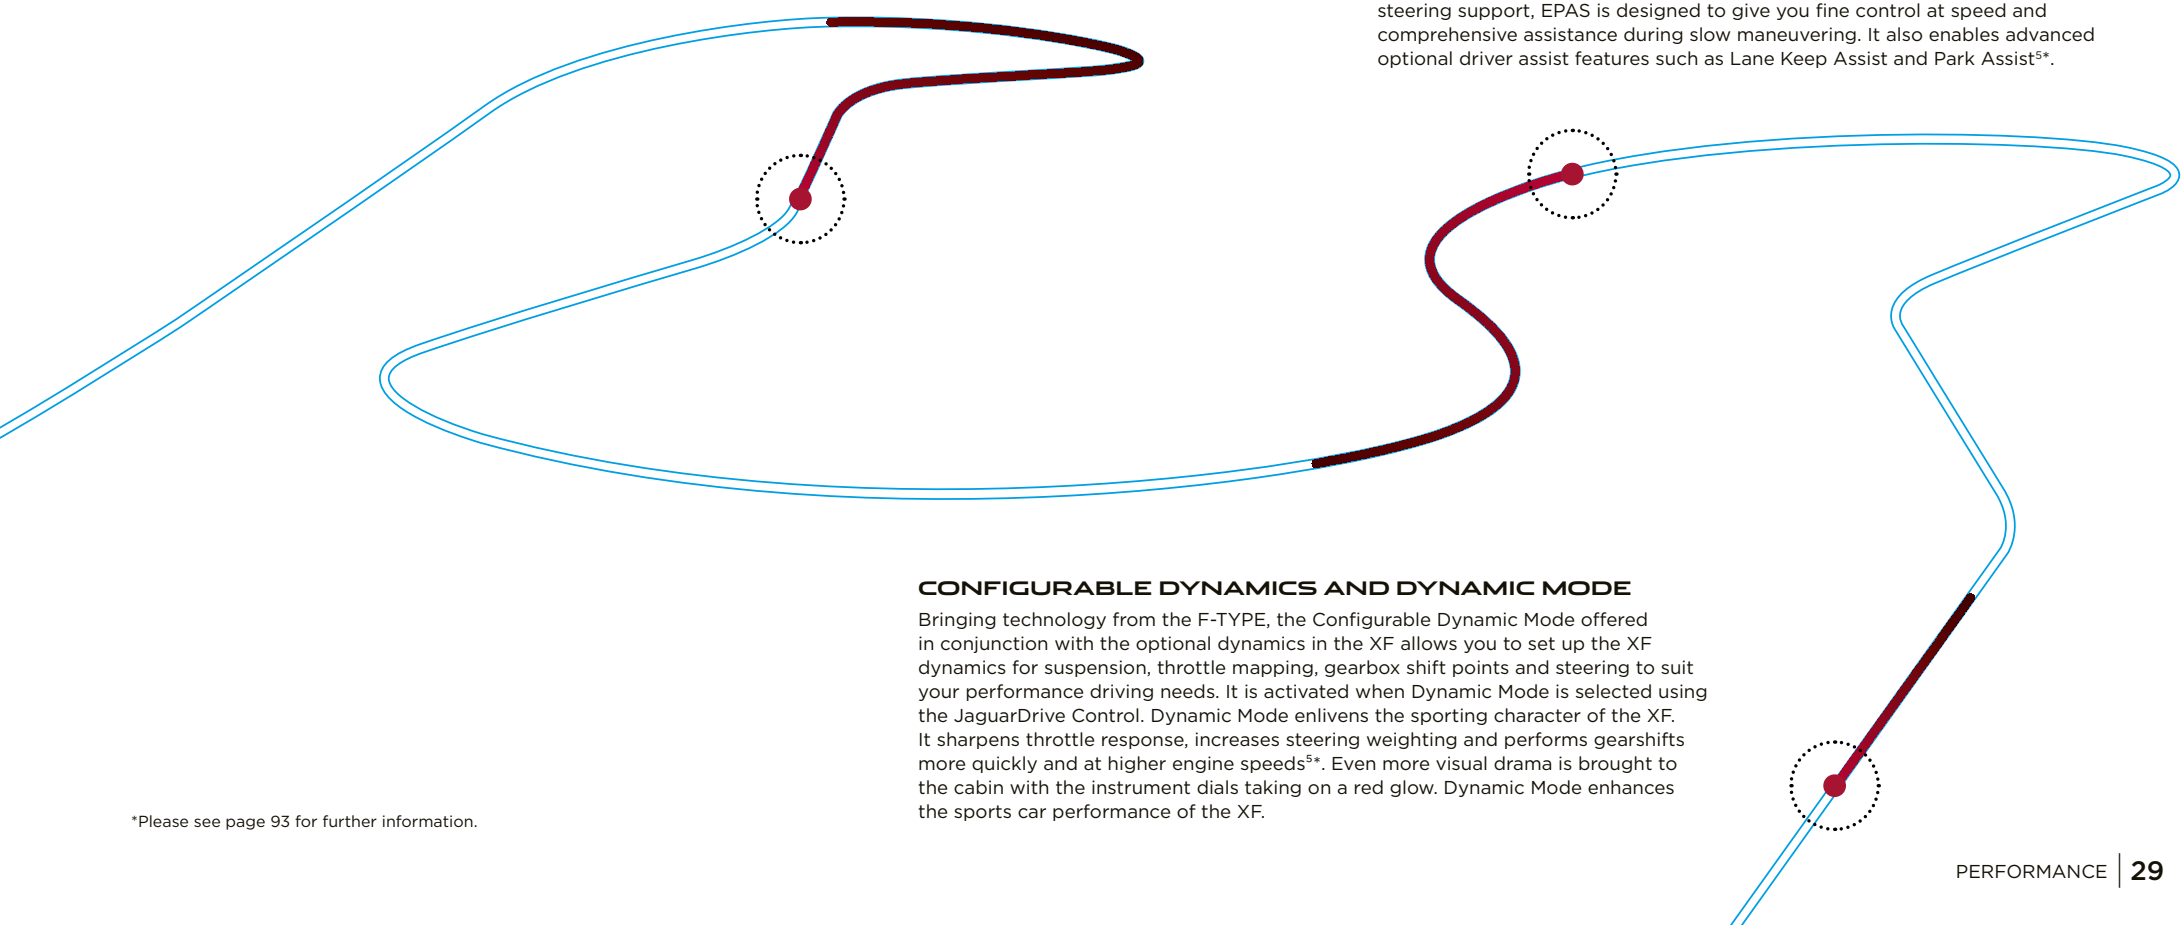
MAXIMIZING AGILITY | CONTINUOUSLY ADAPTING

ADAPTIVE DYNAMICS

Whether you're accelerating on the highway, cornering on country roads or navigating around town, optional Adaptive Dynamics is designed to modify the XF response to match the conditions and your driving style. It analyzes acceleration, cornering, throttle and brake pedal activity, as well as kick down activation. Steering and body movement are also analyzed up to 500 times a second. Using this information, electronically controlled adaptive dampers then constantly adjust the suspension settings and maintain the poise and comfort of the XF[5]*.

ELECTRIC POWER ASSISTED STEERING

The latest generation Electric Power Assisted Steering (EPAS) featured in the XF offers outstanding feedback, control and immediate power assistance. Allowing sophisticated computer management to adapt the levels of steering support, EPAS is designed to give you fine control at speed and comprehensive assistance during slow maneuvering. It also enables advanced optional driver assist features such as Lane Keep Assist and Park Assist[5]*.



CONFIGURABLE DYNAMICS AND DYNAMIC MODE

Bringing technology from the F-TYPE, the Configurable Dynamic Mode offered in conjunction with the optional dynamics in the XF allows you to set up the XF dynamics for suspension, throttle mapping, gearbox shift points and steering to suit your performance driving needs. It is activated when Dynamic Mode is selected using the JaguarDrive Control. Dynamic Mode enlivens the sporting character of the XF. It sharpens throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds[5]*. Even more visual drama is brought to the cabin with the instrument dials taking on a red glow. Dynamic Mode enhances the sports car performance of the XF.

*Please see page 93 for further information.

DRIVING TECHNOLOGY

ALL SURFACE PROGRESS CONTROL

ADDED DRIVER ASSISTANCE | **LOW SPEED CRUISE CONTROL**

All Surface Progress Control (ASPC) developed by Jaguar Land Rover is a low speed cruise control that helps the XF cope with low traction situations. ASPC allows the driver to concentrate more on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 2.2 mph and 18.6 mph. The system then works to achieve and maintain that speed while exerting traction control[5]*.

ASPC is standard and gives the XF drivers added assistance over slippery, loose or undulating terrain and even while descending a difficult incline. It helps make the XF easier to drive in challenging conditions. ASPC also has a pull-away function allowing the XF to progress from rest on slippery surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines[5]*.

GRAVEL

*Please see page 93 for further information.

Fitting All Season or Winter tires to the XF can improve capability on slippery surfaces.

WET GRASS

SNOW/ICE

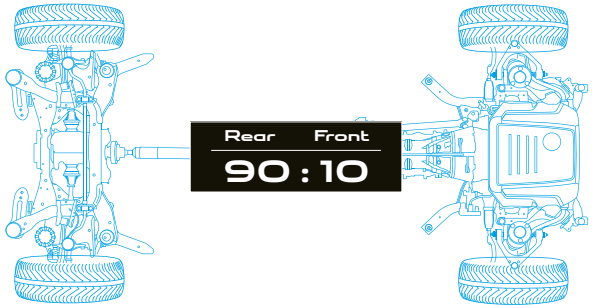
WET ROAD

ADVANCED DRIVETRAIN TECHNOLOGY

ALL WHEEL DRIVE | **ADAPTIVE SURFACE RESPONSE**

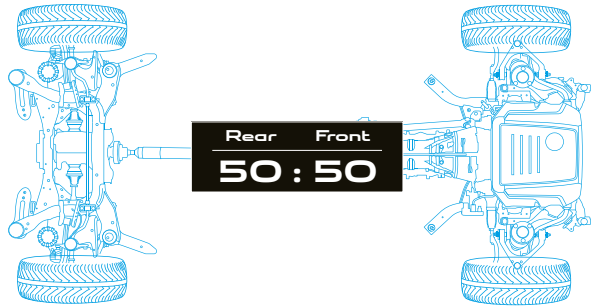
The XF All Wheel Drive (AWD) system delivers confident handling on most surfaces. Developed by Jaguar, the unique Intelligent Driveline Dynamics software features sophisticated algorithms designed to react intelligently to road conditions for traction on demand. As well as offering a smoother drive, it is more efficient than permanent AWD. Predictive, as well as reactive, the system helps prevent you from losing traction instead of working to regain it[5]*.

The Adaptive Surface Response (AdSR) fitted as standard on XF S AWD is designed to recognize differences between surfaces to exploit the maximum available grip. Drawing on the expertise of Jaguar Land Rover four-wheel drive systems, AdSR constantly monitors the environment and adjusts the appropriate engine and brake settings. Once selected, AdSR works to support you in adverse weather and across most challenging surfaces[5]*. For vehicles not equipped with AdSR, the standard Rain/Ice/Snow Mode also provides significant level of assistance in adverse driving conditions.



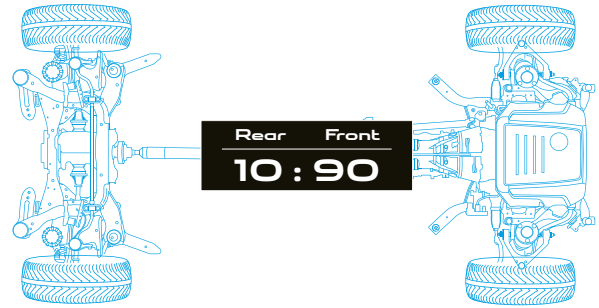
DRY ROAD SURFACES

In normal driving conditions, virtually all torque is distributed to the rear wheels providing signature Jaguar rear wheel drive performance.



LOW TRACTION SURFACES

Rain/Ice/Snow Mode or AdSR for XF R AWD can be selected at the touch of a button to distribute torque 50:50 between front and rear wheels to increase control in difficult conditions.



MIXED LOW TRACTION SURFACES

In conditions where the rear wheels experience a complete loss of traction, over 90 percent of engine torque can be distributed from the rear wheels to the front wheels to provide enhanced grip.

*Please see page 93 for further information.

VEHICLE SHOWN: XF R-SPORT AWD IN AMMONITE GREY WITH OPTIONAL 20" STAR ALLOY WHEELS

TORQUE VECTORING

MAXIMIZED CORNERING CAPABILITY

Torque Vectoring by braking is designed to maximize capability through even the tightest corners for the XF. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions more braking pressure is applied to the rear inside wheel as this supports the most increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver assistance[5]*.

TORQUE VECTORING APPLIES BRAKE PRESSURE TO SLOW THE INSIDE FRONT AND INSIDE REAR WHEELS INDEPENDENTLY.

POWER IS SUSTAINED TO MAINTAIN CONSTANT SPEED OF OUTER WHEELS.

ADDITIONAL ROTATIONAL FORCE APPLIED AROUND VEHICLE'S AXIS.

*Please see page 93 for further information.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH 19" RAZOR ALLOY WHEELS

JAGUAR
XF
ABS 666

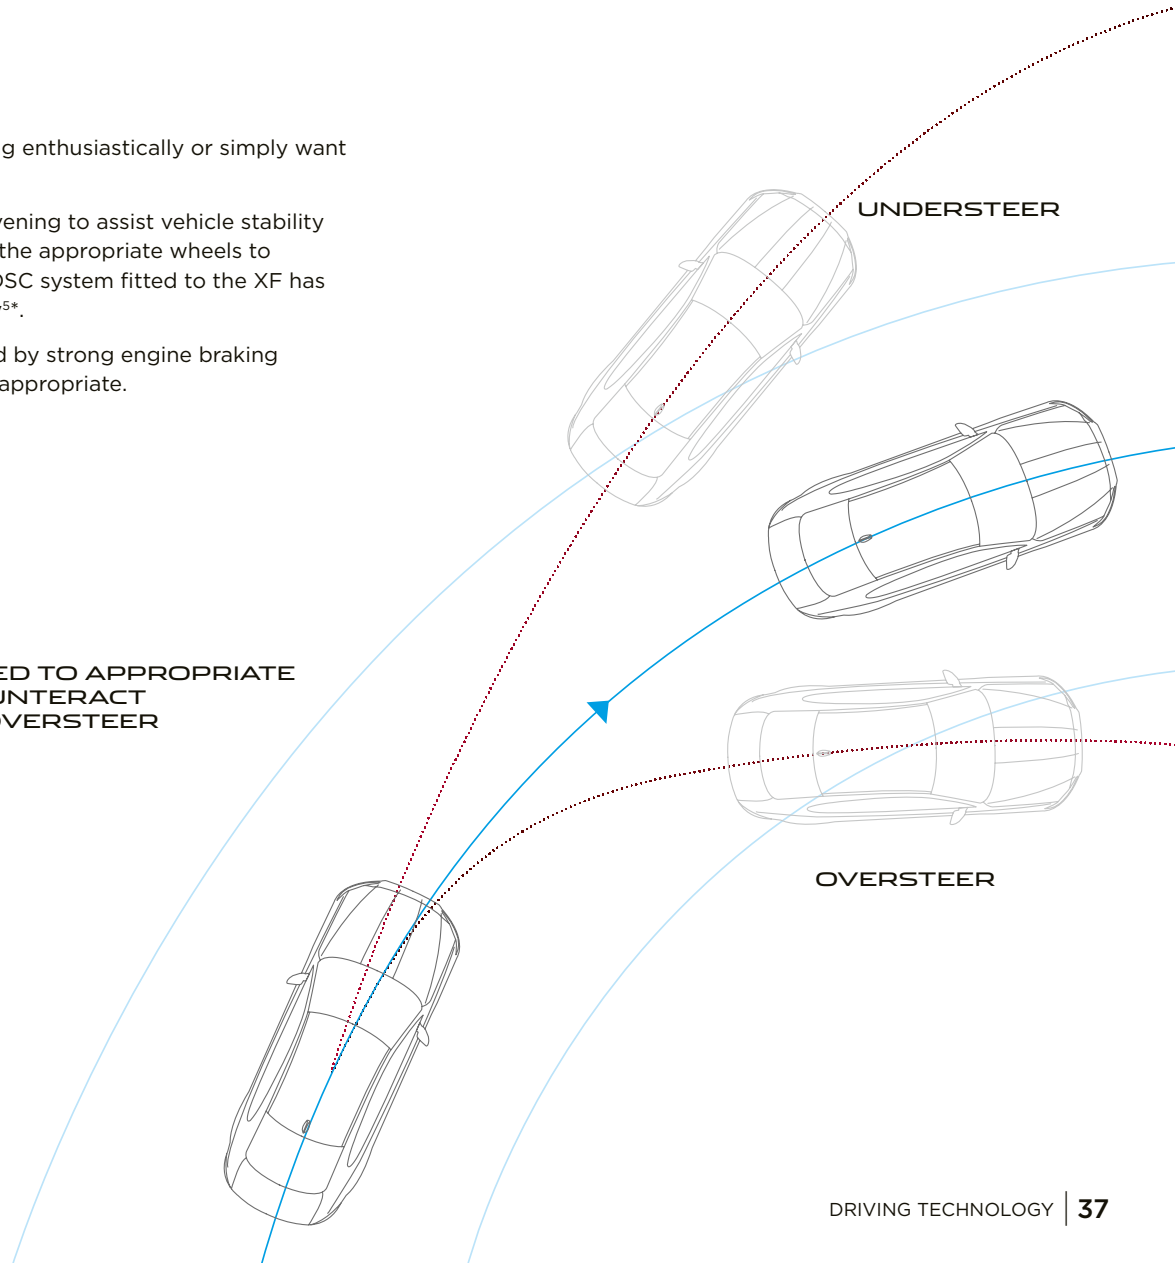
STABILITY AND CONTROL

DYNAMIC STABILITY CONTROL | **ENGINE DRAG TORQUE CONTROL**

The stability systems are designed to keep the XF balanced whether you're driving enthusiastically or simply want some reassurance in challenging conditions[5]*.

Dynamic Stability Control (DSC) monitors the dynamic behavior of the XF, intervening to assist vehicle stability and optimizing available grip. DSC reduces engine torque and applies braking to the appropriate wheels to correct the car direction of travel by counteracting understeer or oversteer. The DSC system fitted to the XF has enhanced understeer control to reduce speed and regain control more effectively[5]*.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate.



*Please see page 93 for further information.

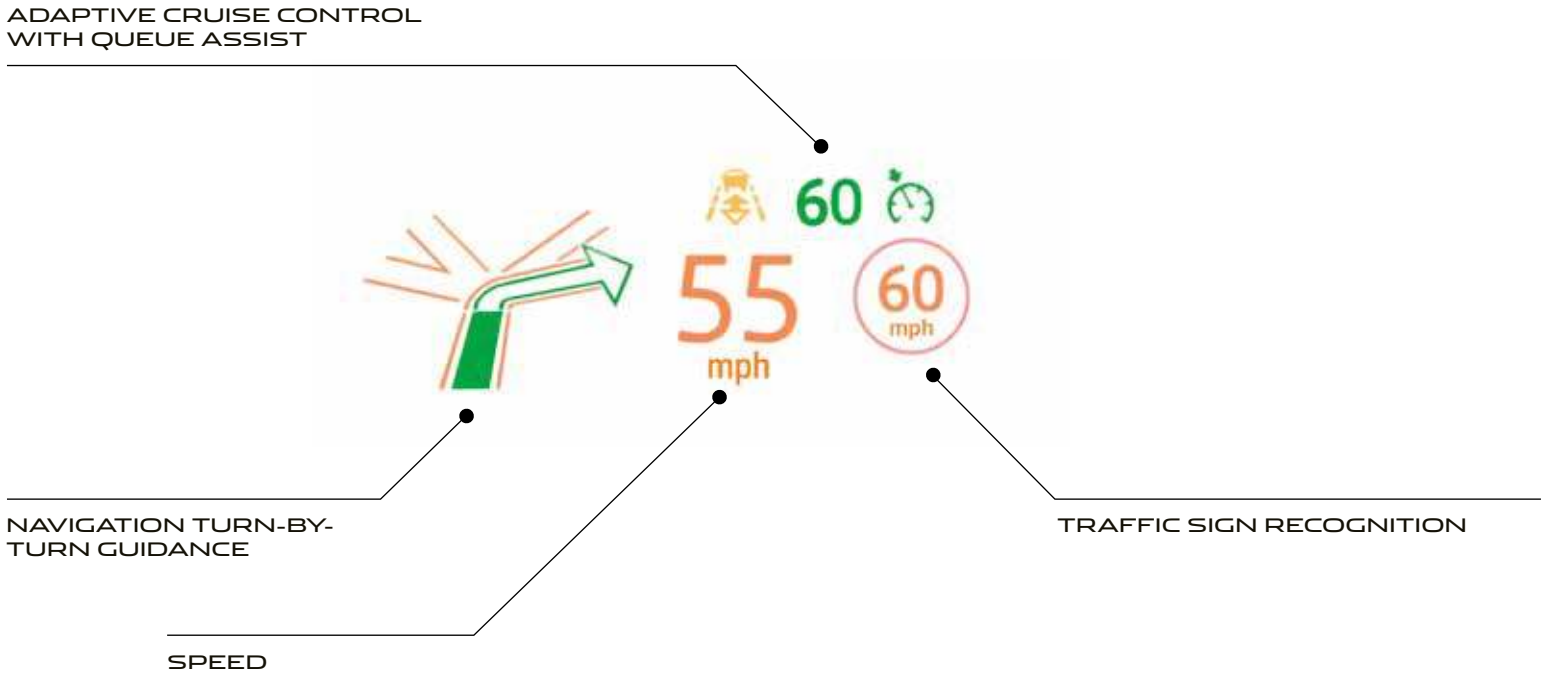
HEAD-UP DISPLAY

HEAD-UP DISPLAY WITH LASER TECHNOLOGY

The optional Head-Up Display (HUD) with laser technology projects key information onto the windshield. Remaining clear even in direct sunlight, the crisp, bright image can display vehicle speed, navigation, cruise control notifications and Traffic Sign Recognition data, where available. This technology helps you minimize time spent looking down at the instrument cluster and can help you maintain continuous awareness of your speed[5]*.



*Please see page 93 for further information.

INFOTAINMENT

JAGUAR INCONTROL® TECHNOLOGIES

INCONTROL TOUCH™ | INCONTROL TOUCH PRO™

Jaguar InControl® is our suite of advanced technologies that links both you and your XF to the wider world. Choose from two InControl™ infotainment systems[1]*: InControl Touch™, available as standard, or upgrade to InControl Touch Pro™.

*Please see page 93 for further information.

Third Party programs or applications may require an end user license from the supplier.

INCONTROL TOUCH™

STANDARD ON EVERY XF

8 inch Touch-screen[1]*

5 inch instrument panel display with analog dials

Meridian™ Sound System (380W)

HD Radio, USB[9]*, Bluetooth® and AUX connections

InControl Remote & Protect™ consists of
SOS Emergency Call, Jaguar Optimized Assistance,
Stolen Vehicle Locator and Remote smartphone app

OPTIONAL FEATURES

InControl Touch™ SD Navigation

InControl Apps™

InControl Wi-Fi™[3]*

SiriusXM® Satellite Radio[4]*

For information on InControl Touch™ see pages 42-43.

INCONTROL TOUCH PRO™

AVAILABLE AS AN UPGRADE

10.2 inch Touch-screen with multi-touch gestures
and customizable homescreen[1]*

12.3 inch instrument panel display with virtual dials
and full screen 3D navigation map view

InControl Touch Pro™ Solid State Drive (SSD) Enhanced Navigation

Meridian™ Surround Sound System (825W)

For information on InControl Touch Pro™ see pages 44-45.

8 INCH TOUCH-SCREEN SHOWN AT ACTUAL SIZE

Audio	Meridian™ Sound System (380W)
Display	5 inch instrument panel display with analog dials
Multimedia	HD Radio, USB[9]*, Bluetooth® and AUX connections
InControl Touch™ Package	InControl Remote & Protect™ consists of SOS Emergency Call, Jaguar Optimized Assistance, Stolen Vehicle Locator and Remote smartphone app
Optional Features	InControl Touch™ SD Navigation[1]*, InControl Apps™[1]*, InControl Wi-Fi™[3]* and SiriusXM® Satellite Radio[4]*

INCONTROL TOUCH™

ADVANCED INFOTAINMENT AS STANDARD

The InControl Touch™ multimedia system is the hub for connectivity, control and entertainment[1]*. The key features are:

8 inch Touch-screen at the heart of the center console. Clear and responsive graphical interface for quick control. Easy to use Touch-screen responds directly to touch and swipe gestures.

Bluetooth phone connectivity allows you to link and control your smartphone via InControl Touch™ either for phone calls or music playback: simple, easy and wire-free.

Access a world of music thanks to HD Digital Radio and available SiriusXM® Satellite Radio[4]*, as well as USB[9]* and AUX connections.

Integrated text-to-voice technology reduces distraction by reading out incoming text messages. You can easily respond with short, prepared messages**.

Precise climate control is available via the Touch-screen. Adjust temperature levels, direction and intensity of airflow and operate heated or cooled seats (if fitted).

InControl Remote™ is a multi-function app that allows you to monitor as well as interact with your XF from your smartphone. Remote start the engine to pre-condition the climate, lock and unlock the car, locate your XF on a map or by using the beep and flash function, and track your journeys – all via the app.

InControl Protect™ includes SOS Emergency Call and optimized Roadside Assistance, which can automatically bring the relevant services to your exact location when needed.

OPTIONAL FEATURES

Enhance the capabilities of the InControl Touch™ multimedia system[1]* by selecting from the following options:

InControl Touch™ SD Navigation makes planning journeys and following routes easy, thanks to turn-by-turn voice guidance, intersection views and 3D maps.

InControl Apps™ features a range of Jaguar approved apps that can be connected to the car from your smartphone. It ensures the convenient use of these apps that have been optimized specifically to enhance aspects of your in-car experience.

InControl Wi-Fi™ gives you the option to create a 3G hotspot using the car antenna when you fit a SIM card. This strengthens your link to the outside world, for a more stable connection than an individual device could maintain. Connect up to eight devices to read emails, browse the web and download content[3]*.

Explore Jaguar InControl® at JAGUARUSA.COM

*Please see page 93 for further information.
**Text responding available with Android only.

Please consult your local Jaguar Retailer for further details. Certain features require the fitment of a SIM with a suitable data contract.

10.2 INCH TOUCH-SCREEN SHOWN AT ACTUAL SIZE

Audio	Meridian™ Surround Sound System (825W)
Navigation Guidance	InControl Touch Pro™ SSD Enhanced Navigation[1]*
Display	12.3 inch instrument panel display with virtual dials and full screen 3D Map View
Multimedia	Bluetooth®, HDMI, 2 x USB[9]* connections, and CD/DVD Drive
InControl Touch Pro™ Package	**InControl Remote & Protect™** consists of SOS Emergency Call, Jaguar Optimized Assistance, Stolen Vehicle Locator and Remote smartphone app. **Connected Navigation** consists of InControl Apps™, InControl Wifi™ and additional services including Route Planner Companion App, share your destination and ETA, Commute Mode, Arrival Mode, real time traffic information and fuel and parking services.

12.3" virtual instrument display with four graphical themes

*Please see page 93 for further information.

INCONTROL TOUCH PRO™

UPGRADE TO NEXT GENERATION INFOTAINMENT

The next-generation hardware and software of InControl Touch Pro™ advances your vehicle connectivity and entertainment to the very highest level. InControl Touch Pro™ features replace or enhance those found in InControl Touch™. The key aspects of the InControl Touch Pro™ system[1]* are:

Larger, highly-responsive, 10.2 inch Touch-screen at the heart of the center console with customizable home screen and improved fast response times. Its interactive side panel makes multi-tasking easy.

Pinpoint touch control allows you to manipulate and interact with information swiftly and seamlessly. The Touch-screen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch to zoom and swipe.

12.3 inch instrument panel display with virtual dials and full screen 3D Map View makes driving even more of a pleasure. It is housed in the instrument display directly in front of the driver. Select full screen 3D Map View or choose one of four graphical themes to suit your personal preference.

Solid State Drive Enhanced Navigation one of the many innovative features of InControl Touch Pro™ Navigation is that it allows you to set a destination and the system alerts you if you have insufficient fuel for the journey. It then displays filling stations on the part of the route where you may be low on fuel. The system automatically displays parking options.

Explore Jaguar InControl® at JAGUARUSA.COM

ENHANCED CONNECTIVITY

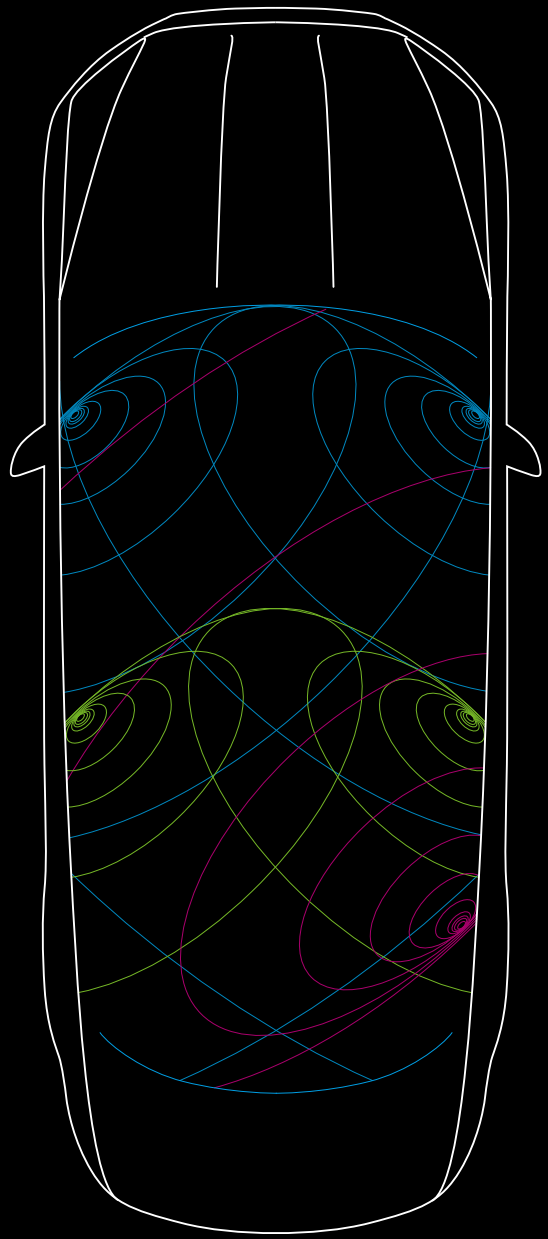
The services, technologies and applications found within Connected Navigation provide you with the very best in connectivity and convenience[1]*. It offers many features including:

Route Planner Companion App offers true door-to-door navigation. Pre-plan your destination and route via your Apple® or Android™ smartphone. The app will guide you to your car, where you will find your selected route available on the car Touch-screen. When you've completed your road trip, the app can guide you by foot or public transport (where supported) to your destination.

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, the system can then send automatic updates via text or email, without any further action from you.

Commute Mode allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements. The system learns the routes you take for a given destination and then advises which of those is the quickest.

Arrival Mode displays interactive 360 degree street level imagery of your destination for seamless finishes to driving trips. It automatically displays again upon your arrival. You can simply tap the Touch-screen to select a nearby parking garage, which appears as an updated destination.



MERIDIAN

AUDIO

MERIDIAN™ SOUND SYSTEMS

The XF offers an exceptional listening experience with a choice of two Meridian Sound Systems. Designed in conjunction with the British audio experts Meridian, these systems use innovative audio technology and precise speaker placement to give perfectly optimized sound quality.

The superb Meridian 380W Sound System has 11 speakers and is standard on all XF models. The optional 825W Surround Sound System has 17 speakers which ensure that, wherever you or your passengers sit in XF, everyone will enjoy a rich, enveloping audio experience.

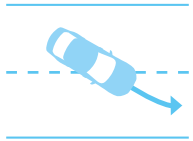
ADVANCED DRIVER ASSISTANCE

1 AUTONOMOUS EMERGENCY BRAKING**

Should a potential collision be detected, the XF gives an audible forward collision warning. Visual warnings follow. If the driver takes no action the system is designed to apply the brakes to help reduce the severity of the possible impact[5]* when driving below 50 mph.



2 LANE DEPARTURE WARNING**

Lane Departure Warning notifies the driver with a visual alert and a gentle vibration of the steering wheel should the car detect an unintentional drift from its lane[5]*.

3 LANE KEEP ASSIST AND DRIVER CONDITION MONITOR**

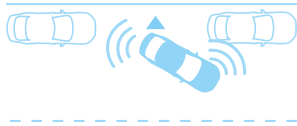
Lane Keep Assist is designed to sense unintentional lane drift and to help steer the XF back into its lane. Driver Condition Monitor detects lapses in concentration due to tiredness by monitoring driver inputs and suggests taking a break via an audible alert and a visual notification in the instrument cluster[5]*.

4 TRAFFIC SIGN RECOGNITION WITH INTELLIGENT SPEED LIMITER**

Traffic Sign Recognition (TSR) technology detects speed limits, including variable limits, and no passing signs via the forward-facing camera, then displays them to the driver. The Intelligent Speed Limiter uses TSR's information, supported by map data from the navigation system, to help keep the XF within the appropriate speed limit[5]*.

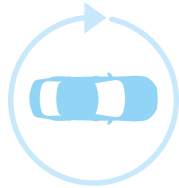
5 BLIND SPOT MONITOR AND REVERSE TRAFFIC DETECTION**

Blind Spot Monitor is designed to alert you to vehicles or obstacles beside the XF, as well as ones approaching from a distance behind, via an icon displayed in the appropriate exterior mirror. Reverse Traffic Detection extends the Blind Spot Monitor function and alerts you via the Touch-screen of moving vehicles during reversing – for example, when leaving a parking space with restricted vision[5]*.



6 PARK ASSIST**

Park Assist makes parking in tight spaces easier than ever. The XF can accurately steer itself during both parallel and perpendicular parking maneuvers – the driver only has to control the brakes and accelerator. An exit-assist function can help guide the XF while leaving a parallel space[5]*.



7 SURROUND CAMERA SYSTEM**

Surround Camera System gives you 360° exterior vision on the Touch-screen. This helps with various maneuvers from parking by a curb to getting in and out of tight spaces[5]*.

8 ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST**

Adaptive Cruise Control uses radar technology to automatically adjust your speed to maintain a set distance from the vehicle ahead. If that vehicle slows, your XF reduces its speed to maintain a set distance. The XF resumes its pre-set speed as soon as the road in front is clear. Should the car in front stop completely, the Queue Assist function is designed to bring the XF to a smooth halt. Once the traffic moves off, touch the accelerator and the XF will follow the car in front again[5]*.

*Please see page 93 for further information.
**Optional feature.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH OPTIONAL FEATURES FITTED

Graphical representation only.

EFFICIENT TECHNOLOGIES

STOP/START TECHNOLOGY | **CLEAN TECHNOLOGIES**

Everyone wants to do more with less. That is why the XF uses a range of technologies to reduce fuel consumption and CO_2 emissions, all while staying true to the dynamic nature of Jaguar.

STOP/START TECHNOLOGY

The XF engines come with Stop/Start. It shuts down the engine when you come to a complete halt and restarts the engine immediately when required.

*Please see page 93 for further information.

ELECTRIC POWER ASSISTED STEERING (EPAS)

The latest generation Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance[5*].

ADVANCED AERODYNAMICS

The XF offers a low drag coefficient of 0.29. This helps the XF cut through the air with ease, meaning less work for the engine and therefore reduced fuel consumption and emissions.

LOW FRICTION TECHNOLOGIES

Technologies such as smart coatings on the pistons and needle roller bearings in the Ingenium range help to reduce friction, particularly at low engine temperatures. This helps the car perform at its efficient best.

6 CHOOSE YOUR JAGUAR ACCESSORIES

To find out more about the full range of retailer fit Jaguar Accessories, please refer to your Retailer or go to jaguarusa.com

Roof Mounted Cycle Carrier*
C2A1539

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder.
A maximum of three holders can be fitted.

*Requires roof cross bars T2H14468.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

Aluminum Paddle Shifters
T2R6547MMU (Brushed Aluminum – shown)
T2R6547CAY (Red)

Replacement steering wheel gearshift paddles offered in a premium aluminum material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminum, the paddles are hand brushed for a premium finish and anodised to ensure they will not deteriorate with wear.

Luxury Carpet Mat Set
T2H7171PVJ (Jet – shown)
T2H7171AMT (Oyster)
T2H7171AAM (Espresso)
T2H7173PVJ (Jet, AWD only)
T2H7173AMT (Oyster, AWD only)
T2H7173AAM (Espresso, AWD only)

Luxurious, tailored 60.46oz / yd2 carpet mat set with Jaguar Ingot and Nubuck edge binding.

Central Armrest Chiller/Warmer
T2H7739

Food and drinks chiller and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

iPad® Holder
T2H7757 Fits iPad® 1, 2, 3 & 4 (not mini)
T2H7758 - Fits iPad Mini™

Jaguar branded iPad® holder mounts to front seat headrests providing a flexible solution for rear seat entertainment. Quick release design ensures iPad® can be fitted or removed quickly and easily.

Personalised Illuminated Sill Treadplates**
T2H17122PVJ

Elegantly styled stainless steel sill treadplate finishers for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows customer to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

Rear Splash Guards
T2H12954

Jaguar branded, rear splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

**Not available for XF.

6 CHOOSE YOUR JAGUAR ACCESSORIES

Configure your vehicle at jaguarusa.com

Gloss Black Side Vent*
T4N5176 – Left Side
T4N5178 – Right Side

Jaguar branded, Gloss Black side power vents provide a dynamic exterior styling enhancement.

Carbon Fiber Side Vent
T2H18318 – Left Side
T2H18319 – Right Side

High grade Carbon Fiber side power vents provide a performance-inspired styling upgrade.

Lower Vent Finisher – Gloss Black

Gloss Black lower vent finishers accentuate the exterior styling cues of the XF and can be fitted with other Gloss Black exterior trim accessories.

Gloss Black Mirror Cap
C2D6067PEC – Left Side
C2D6066PEC – Right Side

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Carbon Fiber Mirror Cap
C2P24176 – Right Side
C2P24177 – Left Side

High grade Carbon Fiber mirror covers provide a performance-inspired styling upgrade.

Rear Tailgate Trim – Gloss Black
T2H6925

Add style and visual distinction with Gloss Black finish rear tailgate trim.

*Not applicable for R-Sport. **Requires roof cross bars T2H14468.

Roof Cross Bars
T2H14468

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Watersports Carrier**
C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

Roof Sport Box**
C2C41627

Spacious 11 cubic feet capacity lockable roof box designed for sports equipment, measuring 81 x 33 x 13 inches.

Premium Loadspace Carpet Mat
T2H7174PVJ – Space Saver NLI Variant
T2H7175PVJ – Space Saver NGI Variant
T2H7176PVJ – Non Space Saver Variant

Luxurious soft luggage mat in Jet Black with the Jaguar logo. Deep premium 60.46 oz/yd2 pile with nubuck edging and Dove contrast stitch. For vehicles equipped with In-Control Touch Pro™ and fitted with space saver spare wheel OR for vehicles fitted with tyre repair kit.

Rear Spoiler
T2H6236LML

Give the XF an even more sporting look with this body colored spoiler exterior styling upgrade. For XF, Premium, Prestige and Portfolio rear luggage compartment lid spoiler in primed condition for retailer painting. Spoiler is standard for R-Sport and 'S'.

All-Weather Car Cover
T2H7756

All-weather tailored cover for the XF with the Jaguar logo. Protect your XF from the elements, including showers, frost and dust. Quick and easy to fit.

JAGUAR EXPERIENCE

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit. Jaguar Experience also offers the opportunity to see a Jaguar car brought to life during a tour of one of our UK manufacturing facilities.

Find out more by visiting JAGUARUSA.COM

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the moulding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars – from the powerful F-TYPE to the groundbreaking F-PACE performance SUV.

Find out more at JAGUARUSA.COM

DRIVING EXPERIENCES

The opportunity to drive the latest Jaguar cars at their limits, or relive iconic Jaguar history, is rare. Jaguar Driving Experiences offer unique driving adventures you will never forget. Imagine yourself behind the wheel of our highest performing Jaguar models, on a private track, with a Jaguar Experience Instructor at your side. This is the Jaguar Performance Driving Academy.

Find out more at JAGUARUSA.COM

ICONIC EXPERIENCES

Take your driving to the next level with our international adventures facing extreme on-road, and off-road, conditions. Our Iconic Experiences offer journeys and challenges that will test and develop your performance driving skills. Every year, Jaguar customers and enthusiasts join us for our luxury Ice Driving Experience. The exclusive ski resort in Gstaad, Switzerland, is the perfect location to enjoy the thrill of performance driving on ice. Our Ice Driving Experience is a two-day getaway held each winter. You can get a flavour of the event below. Then, if you'd like to be part of it in the next experience, we can keep you posted.

Find out more by visiting JAGUARUSA.COM

THE WORLD OF JAGUAR

Choose an XF and you're joining the exciting World of Jaguar. It makes owning and driving carefree and easy, as well as providing a range of exclusive services and lifestyle products.

JAGUAR ELITECARE

5 YEARS 60,000 MILES

- New Vehicle Limited Warranty
- Complimentary Scheduled Maintenance
- 24-Hour Roadside Assistance
- Jaguar InControl® Remote & Protect™

BEST IN CLASS COVERAGE*

JAGUAR ELITECARE

Enjoy your Jaguar with complete peace of mind. The XF is now backed by the best-in-class Jaguar EliteCare, our exceptional 5 year / 60,000 mile coverage* program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl® Remote & Protect™.

NEW VEHICLE LIMITED WARRANTY

The New Vehicle Limited Warranty (the 'Warranty') lets you enjoy your driving with peace of mind and runs for a best in class 5 years or 60,000 miles, whichever occurs first. The Warranty is fully transferable to subsequent owners and remains in effect throughout the Warranty coverage period.

*Class is cars sold by luxury automobile brands and claim is based on total package of warranty, maintenance and other coverage programs. For complete details regarding Jaguar EliteCare coverage, visit JAGUARUSA.COM, call 1.800.4.JAGUAR or visit your local Jaguar Retailer.
**Servicing your vehicle at the specified interval is critical to maintaining its long-term durability. Failure to perform scheduled maintenance within 1000 miles of the recommended interval may void the Warranty under certain circumstances.

COMPLIMENTARY SCHEDULED MAINTENANCE**

Relax in the knowledge that long-term performance is assured with the Complimentary Scheduled Maintenance Coverage. It covers factory recommended scheduled servicing as detailed in the 'Passport to Service' for 5 years or 60,000 miles, whichever occurs first**. A Service Interval Indicator will appear every 16,000 miles or every 12 months, to remind you to take advantage of your complimentary maintenance.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for the XF to contribute to optimum performance and to help maximize its lifespan.

ROADSIDE ASSISTANCE

Jaguar Roadside Assistance provides assistance in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicles warranty period.

JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the Jaguar F-PACE, F-TYPE, XJ, XE and XF, and the worlds of luxury, style, design and travel.

JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our cars. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage we also have a collection that honours past achievements and features race-inspired gift items and apparel. To find out more, please visit your local Jaguar Retailer.

GLOSSARY

A

ADAPTIVE FULL LED HEADLAMPS
Adaptive headlamps automatically adjust to follow steering inputs, casting light where needed. They will angle the beam when indicating, as well as working in conjunction with Automatic High Beam Assist to prevent your lights from dazzling oncoming traffic.

ADAPTIVE SPEED LIMITER
The Adaptive Speed Limiter, when selected, will assist in limiting vehicle speed to the speed limits as recognized by the Traffic Sign Recognition system.

AUX CONNECTION
Auxiliary (AUX) connections allow for the convenient input of audio signals from personal devices into the vehicle multimedia system.

C

Cd
The Cd value is the coefficient drag of the car. It gives an indication of the vehicle aerodynamic qualities. The lower the value, the more aerodynamically efficient the vehicle design.

CONFIGURABLE INTERIOR MOOD LIGHTING
Configurable Interior Mood Lighting highlights a number of key functional and styling features of your Jaguar and allows adjustment of the ambient light. Choose from a range of 10 colors.

D

DAMPERS/DAMPING
Dampers absorb forces acting on the suspension for greater ride comfort and control. Dampers are also known as shock absorbers.

DEAD RECKONING
Dead Reckoning uses sensors to measure vehicle direction, wheel rotation and inclination. These measurements are calibrated up to 40 times per second to ensure accurate placement of the vehicle even when no GPS signal is available.

DRAG COEFFICIENT
The drag coefficient measures how aerodynamic a car is. See definition of Cd.

E

ECO MODE
Eco Mode encourages fuel efficient driving by reducing throttle sensitivity, selecting more economical engine mapping, It also reduces fuel consumption by reducing the energy demands placed on the engine by climate control and audio systems.

F

FORWARD ALERT
Should a potential collision be detected Forward Alert gives an audible warning and a visual warning in the instrument cluster.

FOUR-ZONE CLIMATE CONTROL
Automatic four-zone climate control that allows rear occupants to optimize cabin temperature and air flow for their individual position.

G

GPS
The Global Positioning System (GPS) uses satellites to determine the car position. By cross-referencing this with road maps stored in the vehicle memory, the navigation system provides route guidance and tracks the car location.

I

INTERIOR MOOD LIGHTING
Interior mood lighting highlights many of the cabin's key features and design details in a relaxing soft Phosphor Blue glow.

INTELLIGENT SPEED LIMITER
The Intelligent Speed Limiter, when selected, will assist in limiting vehicle speed to the speed limits as recognized by the Traffic Sign Recognition system.

INTELLIGENT STOP/START
Stop/Start is a technology that stops the engine when it is not needed, improving the fuel economy and reducing the car CO_2 emissions. The engine will restart as soon as the driver foot comes off the brake pedal. The engine will be operating at full capacity before the driver's foot has touched the accelerator pedal.

J

JAGUAR SIGNATURE 'J' BLADE DAYTIME RUNNING LAMPS
'J' blade Daytime Running Lamps are separate LED running lamps, in a distinctive 'J' shape, built into the headlamps. They emphasize the striking on-road style of Jaguar vehicles.

JAGUARDRIVE SELECTOR
The JaguarDrive Selector rises from the center console on start up. It is a rotary shifter that allows you to quickly shift between drive modes.

L

LED HEADLAMPS
Multiple powerful LED emitters give a clearer light in low light conditions. Further complemented with LED 'J' blade Daytime Running Lamps incorporating LED Direction Indicators. These lamps also integrate the vehicle's Adaptive Lighting and Auto High Beam Assist systems.

M

MHL CONNECTION
A Mobile High-Definition Link (MHL) enables connection between a personal device and the InControl infotainment system. It is designed for seamless transfer of audio-visual data.

10.2 INCH MULTI-TOUCH DISPLAY
The multi-touch functionality of InControl Touch Pro™ 10.2 inch Display allows the screen to recognize multiple points of contact. This provides direct control of the system's features in a more natural, intuitive way, enabling gestures such as pinch and zoom.

R

RAIN ICE SNOW MODE
By selecting Rain/Ice/Snow mode, the system automatically dampens acceleration and applies more gradual torque for improved traction in slippery conditions.

S

SATELLITE VIEW
Satellite View allows you to view satellite imagery as an optional view mode for the navigation system.

SOLID STATE DRIVE
Solid State Drives are storage devices with no moving parts designed for rapid retrieval of large quantities of data.

V

12.3 INCH VIRTUAL NAVIGATION MAP
The 12.3 inch Virtual Navigation Map is a TFT (Thin Film Transistor) screen that replaces the traditional instrument cluster. It displays a wide range of key driving information. Four graphical themes and a 3D Map View are available.

DISCLAIMERS

[1] Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

[2] Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

[3] The Wi-Fi hotspot is intended for passenger use only. Jaguar InControl® features may require an additional subscription with separate terms and conditions.

[4] A 3-month trial subscription to the SiriusXM® All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM® on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM® at 1-866-635-2349. See the SiriusXM® Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM® Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico.

[5] These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

[6] Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

[7] 20 city/28 highway mpg. All figures are Manufacturer's fuel economy estimates. Actual mileage may vary. EPA estimates not available at time of publication. See your local authorized Jaguar Retailer for updated EPA estimates.

[8] Always follow local speed limits.

[9] Supports compatible music players.

[10] Automatically adjusts as vehicle speed changes and/or ambient noise levels change.

[11] Class is cars sold by luxury automotive brands and claim is based on total package of warranty, maintenance and other coverage problems. For complete details regarding Jaguar EliteCare coverage, visit JAGUARUSA.COM, call 1.800.4.JAGUAR or visit your local Jaguar Retailer.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is proud to continue the company's tradition with its approach to Environmental Innovation. From the choice of lightweight materials and lean production methods to the efficiency of its engines and designs, Jaguar is committed to operating as a more sustainable business and reducing its overall environmental impact.

The company flagship model, the XJ model was the first in the company to achieve ISO14040, the international standard for vehicle 'life cycle assessment'. This certification measures the environmental impact of the XJ from component material sourcing and manufacturing process, through driving 124,000 miles. But that's not all. Every new Jaguar is designed to be 85% Recyclable/Reusable and 95% Recoverable at the end of the vehicle life.

The all-new XF, XE, XJ and F-TYPE innovative use of lightweight aluminum, which incorporates up to 50% closed-loop recycled material from the manufacturing process of the body structures, provides considerable performance benefits. This includes improved fuel consumption and less CO_2 emissions during the use phase of the Life Cycle due to lighter structures. Our on-going target is to ensure scrap aluminum reclaimed from our stamping process is to be segregated and recycled through a closed loop system and re-melted into the same grade quality sheet, therefore reducing CO_2 emissions during the production phase of the Life Cycle. Jaguar is committed to reducing dependency on fossil fuels, using fewer resources and creating less waste as part of our approach to sustainability excellence.

The company plan includes 25% reduction targets in operating and tailpipe CO_2 emissions, waste to landfill, logistics efficiencies (15%) and water consumption (10%), all based on per vehicle built since 2007. In addition the manufacturing assembly CO_2 emissions of each Jaguar built in the UK since 2009 is 100% offset. For each tonne of CO_2 emitted in the assembly process, Jaguar invests in projects that reduce an equivalent tonne of CO_2 elsewhere. Taking into account the company's global sales growth and increased investment in more efficient operating facilities, we are proud to have delivered and in some cases exceeded our Environmental Innovation targets as planned for 2012. And we are on track to meet our 25% reduction in joint European fleet average tailpipe CO_2 emissions by 2015.

Looking forward, we have developed our 2020 vision for sustainable business growth that focuses on continued improvements in tailpipe CO_2 emissions, operational carbon neutrality and zero waste. To date the company has offset over 6 million tons of CO_2, provided over 4,000 direct jobs in 60 emissions reduction projects in 17 countries and improved the lives of over 1 million people in our global cook stoves emissions reduction programme.

But it doesn't stop there. Our manufacturing facilities have been certified to ISO14001 since 1998 and we are credited to Platinum Plus level in the UK's Business in the Community Corporate Responsibility Index.
