THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

PLEASE CONSULT YOUR LOCAL JAGUAR RETAILER FOR SPECIFIC MODEL AVAILABILITY.

INTRODUCTION THE CONCEPT OF THE XJ

The pinnacle sedan car of the Jaguar line-up, the XJ is the perfect combination of cutting edge technology, sporting vehicle dynamics, and opulent luxury. Its assertive styling turns heads with an upright grille and energy efficient full-LED headlamps that give prominence to the unique, 'Double J' Daytime Running Lamp design. While state-of-the-art systems keep you informed, the beauty and craftsmanship of the XJ are brought together with the power and driving experience you expect from a Jaguar. In the cabin, there's space to stretch out to relax or work with the latest connected technology, Jaguar InControl® Touch Pro™ system^{1*}. The XJ has everything to make your journey more productive, entertaining and relaxed.

*Please see page 90 for further information.

VEHICLE SHOWN: XJL PORTFOLIO IN DARK SAPPHIRE WITH OPTIONAL FEATURES FITTED

THE XJ - THE FACTS

The technology developed by Jaguar is focused on enhancing the journey for you and your passengers. Dynamic systems assist performance, handling and comfort. The XJ also features the latest connected technology, powerful engines and an array of luxury interior choices.

JAGUAR ELITECARE

BEST IN CLASS COVERAGE

5 YEARS 60,000 MILES

JAGUAR ELITECARE

Enjoy your Jaguar with complete peace of mind.

The XJ is now backed by the Best-In-Class Jaguar EliteCare^{9*}, our exceptional 5 year / 60,000 mile coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl[®] Remote & Protect[™].

CONNECTED CAR

Jaguar InControl[®] is a package of applications and technologies that keeps the XJ connected to the world. It runs a suite of useful smartphone apps from the Touch-screen^{1*}. A powerful antenna provides 3G Internet that can be accessed through an in-car InControl Wi-Fi^{™3*}. With InControl Remote[™] you can connect to, and monitor, your XJ from anywhere and even pre-heat or cool the cabin before entering.

BREADTH OF PERFORMANCE

Powerful and refined, for a thrilling and rewarding drive. The XJ offers two highly advanced engines – 3.0 V6 and 5.0 V8. The 5.0 V8 engine is available in two power outputs – 470HP and 550HP, achieving 0-60mph in as low as 4.4 seconds^{8*}. Featuring an 8-speed automatic transmission with Intelligent Stop/Start technology.

ALL ALUMINUM CONSTRUCTION

The XJ all-aluminum body architecture is designed to be strong, rigid and extremely light making the car highly responsive and agile, as well as fuel efficient[†]. Riveted, and without a single welded joint, the 100 percent aluminum monocoque body structure makes this one of the lightest cars in its class and, without compromise to the integrity of its body.

*Please see page 90 for further information. †See page 82 for EPA fuel economy estimates.

VEHICLE SHOWN: XJR STANDARD WHEELBASE IN GLACIER WHITE WITH OPTIONAL FEATURES FITTED

INCONTROL TOUCH PRO™

Music, video, navigation, and all the essential in-car controls, including Bluetooth® phone connectivity, are at your fingertips. The 8 inch Touch-screen responds to smartphone style tap and swipe gestures and uses a powerful Intel Quad Core Processor® to deliver the latest graphics and fast response times^{1*}.

COLORS AND MATERIALS

XJ provides true luxury choice with a wealth of colors and wheels at your disposal, including the latest options of Caesium Blue, Cosmic Black and Gallium Silver exterior paints and stylish 19" Sunda alloy wheels. Choose a Portfolio model and you will discover beautiful Soft grain leather seats in a diamond quilted contrast stitched pattern. Exclusive color co-ordination continues throughout the cabin.

'DOUBLE J' HEADLAMPS

The unique 'Double J' Daytime Running Lamps give the XJ a distinctive appearance. The full LED headlamps supply a 'whiter' light than conventional Xenon beams. Being closer to daylight, objects can be better recognized, helping increase comfort during night driving.

DESIGN EXTERIOR PRINCIPLES

DESIGN PURITY

POWERFUL STANCE

The XJ stands out: authoritative, elegant, and powerful. The teardrop shape is formed for optimum aerodynamic efficiency, reducing air resistance to a minimum, improving acceleration and fuel efficiency[†]. The shape is the result of exhaustive computational modeling where aesthetics and aerodynamics work together. The chrome outlined side windows emphasize the pure, elongated form of the XJ. The low, wide stance and long, taut waistline create a commanding presence, while inside the cabin still feels airy and spacious thanks to its panoramic roof and smart design.

[†]See page 82 for EPA fuel economy estimates.

VEHICLE SHOWN: XJL PORTFOLIO IN DARK SAPPHIRE WITH OPTIONAL FEATURES FITTED

EXTERIOR - A POWERFUL LOOK

BOLD FRONT GRILLE

'DOUBLE J' HEADLAMPS

The assertive front styling includes an upright front grille design with mesh detail. The grille is framed by energy efficient full-LED headlamps, sporting unique Jaguar 'Double J' Daytime Running Lamp design. Producing a light with a color temperature closer to natural daylight, objects can be better recognized helping increase comfort and safety during night driving.

At the rear, finishing touches include elliptical tailpipes and LED tail lamps incorporating a distinctive pinstripe graphic that provides a crisp and clear 'ribbon of light'. The LED tail lamps are brighter, more efficient and illuminate faster than halogen bulbs contributing to the overall drive for greater efficiency.

VEHICLE SHOWN: XJ SUPERCHARGED IN ULTIMATE BLACK WITH OPTIONAL FEATURES FITTED

EXTERIOR VIEW

FULL WIDTH PANORAMIC ROOF

The view from inside the XJ is extensive: a panoramic, full width, heat-reflective glass roof sweeps back and over the rear seats. It filters UV rays and floods the interior with natural light making it feel airy and spacious. Power operated blinds allow you to completely block the light when required. Specially formulated toughened glass helps to keep the cabin cool.

VEHICLE SHOWN: XJL PORTFOLIO IN STORM GREY WITH OPTIONAL FEATURES FITTED

INTERIOR TECHNOLOGY

CONNECTED INFOTAINMENT

ADVANCED GRAPHICS

The high-definition Instrument Panel Display puts everything you need to know about your driving right in front of you. A 12.3 inch screen displays speed, fuel and temperature gauges and can be set to display the most relevant information, depending on the situation and set up. This multi-layered virtual display combines a user-friendly graphical interface with advanced functionality to make finding the right settings even easier.

The Instrument Panel Display is fully integrated with the 8 inch Touch-screen to put all information behind the wheel or on the center console. For example, when using InControl Touch Pro™ Navigation the Instrument Panel Display can be reconfigured to show 3D mapping, making following your route even simpler^{1*}.

¹Please see page 90 for further information.

INTERIOR SHOWN: XJL PORTFOLIO SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH JET CONTRAST STITCH, JET UPPER FASCIA, JET SUEDECLOTH HEADLINING AND GLOSS BURL WALNUT VENEER WITH OPTIONAL FEATURES FITTED

INTERIOR LUXURY

CRAFTSMANSHIP

EXTENSIVE CHOICE

The quality of craftsmanship throughout the XJ cabin sets it apart. With a wide choice of colors, materials and finishes, the interior reflects the clarity and purity of the XJ exterior. The hand-crafted veneer that runs around the cabin accentuates the sense of space. The sporting character of Jaguar is present in the controls and architecture surrounding the driver including the leather-wrapped, three-spoke steering wheel that offers key controls at your fingertips.

INTERIOR SHOWN: XJL PORTFOLIO WITH OPTIONAL PREMIUM REAR SEAT PACK SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH JET CONTRAST STITCH, JET UPPER FASCIA, JET SUEDECLOTH HEADLINING AND GLOSS BURL WALNUT VENEER WITH OPTIONAL FEATURES FITTED

INTERIOR COMFORT

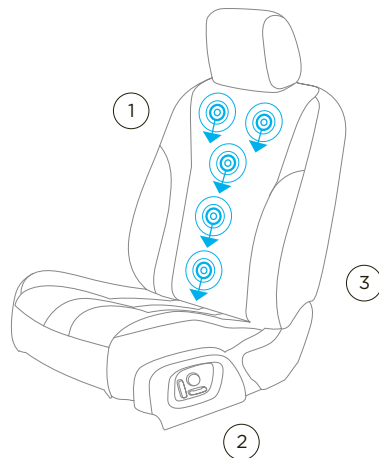

**FRONT PASSENGER
SEAT AWAY**

**HEATING AND
COOLING FUNCTIONS**

**FIVE MASSAGE
PROGRAMS**

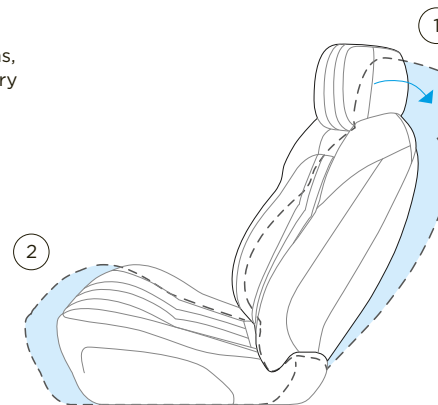

The multi-functional seating in the XJ gives you complete control of your comfort. Both front seats feature fine-tuned electric adjustment and can be specified with five different massage programs. Both front and rear seats are heated. All seats feature a cooling function as well. Some XJ models also offer three position user memory on the driver and front passenger seats. Long Wheelbase models can be further enhanced with a choice of Premium Rear Seat Package, featuring two individual airline-style reclining seats complete with three massage programs and memory. The reclining rear seats can be programmed to return to an upright position when the door is opened and a 'front passenger seat away' function allows rear occupants to move the empty front passenger seat forward to increase legroom and aid access.

FRONT SEATS

Available with five different massage programs, electric adjustment with three position memory and heated/cooling function.

1. Five massage programs
2. Three position memory function
3. Cooling function

REAR SEATS

Available on Long Wheelbase models with airline-style recline, two different massage programs, electric adjustment with three position memory.

1. Total recline movement is 11 degrees
2. 4 inches of longitudinal cushion movement and separate 14.5 degrees of upper articulation movement

INTERIOR SHOWN: XJL PORTFOLIO WITH OPTIONAL PREMIUM REAR SEAT PACK SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH JET CONTRAST STITCH, JET UPPER FASCIA, JET SUEDECLOTH HEADLINING AND GLOSS BURL WALNUT VENEER WITH OPTIONAL FEATURES FITTED

1. LWB headroom 37.2 inches 2. LWB knee room 7.4 inches

INTERIOR SPACE

OVER THREE FEET OF LEGROOM

LIMOUSINE RIDE

Long Wheelbase models feature over three feet of legroom for rear seat passengers providing the perfect environment to work, enjoy a host of entertainment options, or simply stretch out and relax. Long Wheelbase models also feature a unique 'limousine' ride with revised air suspension settings for even more refined comfort.

Depending on the model, or options chosen, the rear cabin can be further enhanced with individual 10.2 inch HD screens. The center armrest houses the multimedia remote and front and rear seat controls, as well as providing useful storage. Folding business tables, LED reading lamps, drop-in footrests and electric side rear window blinds are also available to add comfort, convenience and privacy.

INTERIOR SHOWN: XJ PORTFOLIO LONG WHEELBASE WITH OPTIONAL PREMIUM REAR SEAT PACK SHOWING IVORY SOFT GRAIN PERFORATED LEATHER SEATS WITH JET CONTRAST STITCH, JET UPPER FACIA, JET SUEDECLOTH HEADLINING AND GLOSS BURL WALNUT VENEER WITH OPTIONAL FEATURES FITTED

PERFORMANCE ENGINES

STOP/START TECHNOLOGY

The XJ offers two highly advanced engines – 3.0 liter V6 and 5.0 liter V8. Each features a Roots-type twin vortex supercharger that maintains the engines' compact dimensions.

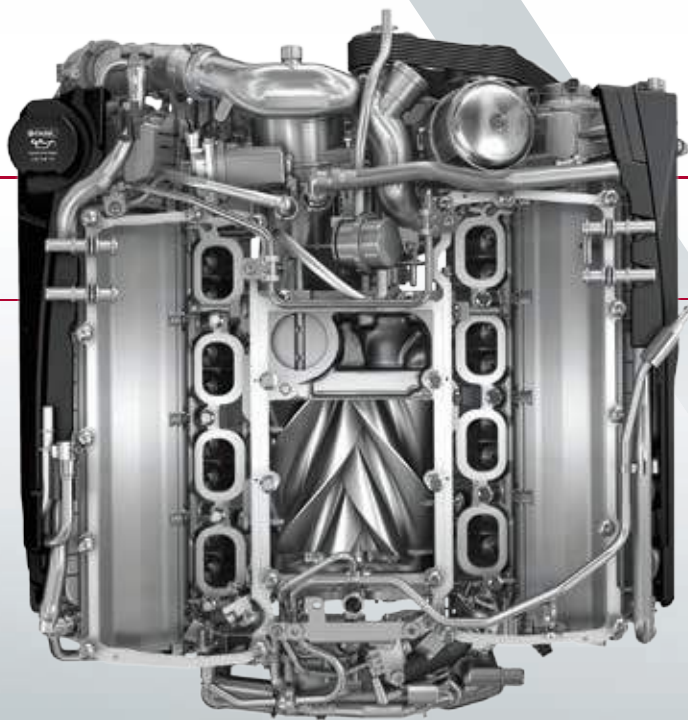

V6 ENGINE

0-60mph from 5.7 sec^{8*}

Powerful and refined, for a thrilling and rewarding drive. The compact supercharger's sophisticated boost control and secondary throttle valve give you a burst of power when you accelerate, with minimal lag. The water-cooled intercooler reduces air intake temperature for more power and efficiency. The XJ 3.0 liter 340HP Supercharged engine offers economy and performance, achieving 0-60mph in 5.7 seconds^{8*} due to its 332 lb-ft of torque.

*Please see page 90 for further information.

V8 ENGINES

0-60mph from 4.4 sec^{8*}

Lightweight and powerful, this engine features die-cast aluminum blocks to reduce weight. Dual independent variable cam timing optimizes power at any speed. Cleaner, more efficient combustion is achieved by spray-guided direct injection of precisely measured quantities of fuel directly into the center of the combustion chamber. The 5.0 liter V8 engine is available in two power outputs - 470HP and 550HP. The 5.0 liter V8 470HP creates 424 lb-ft of torque. 0-60mph acceleration is achieved in 4.9 seconds^{8*}. The 5.0 liter V8 550HP has been modified to create 502 lb-ft of torque. 0-60mph acceleration is achieved in 4.4 seconds with a top speed of 174mph^{8*}.

ALL-ALUMINUM BODY

AGILITY ENHANCED

ECONOMY IMPROVED

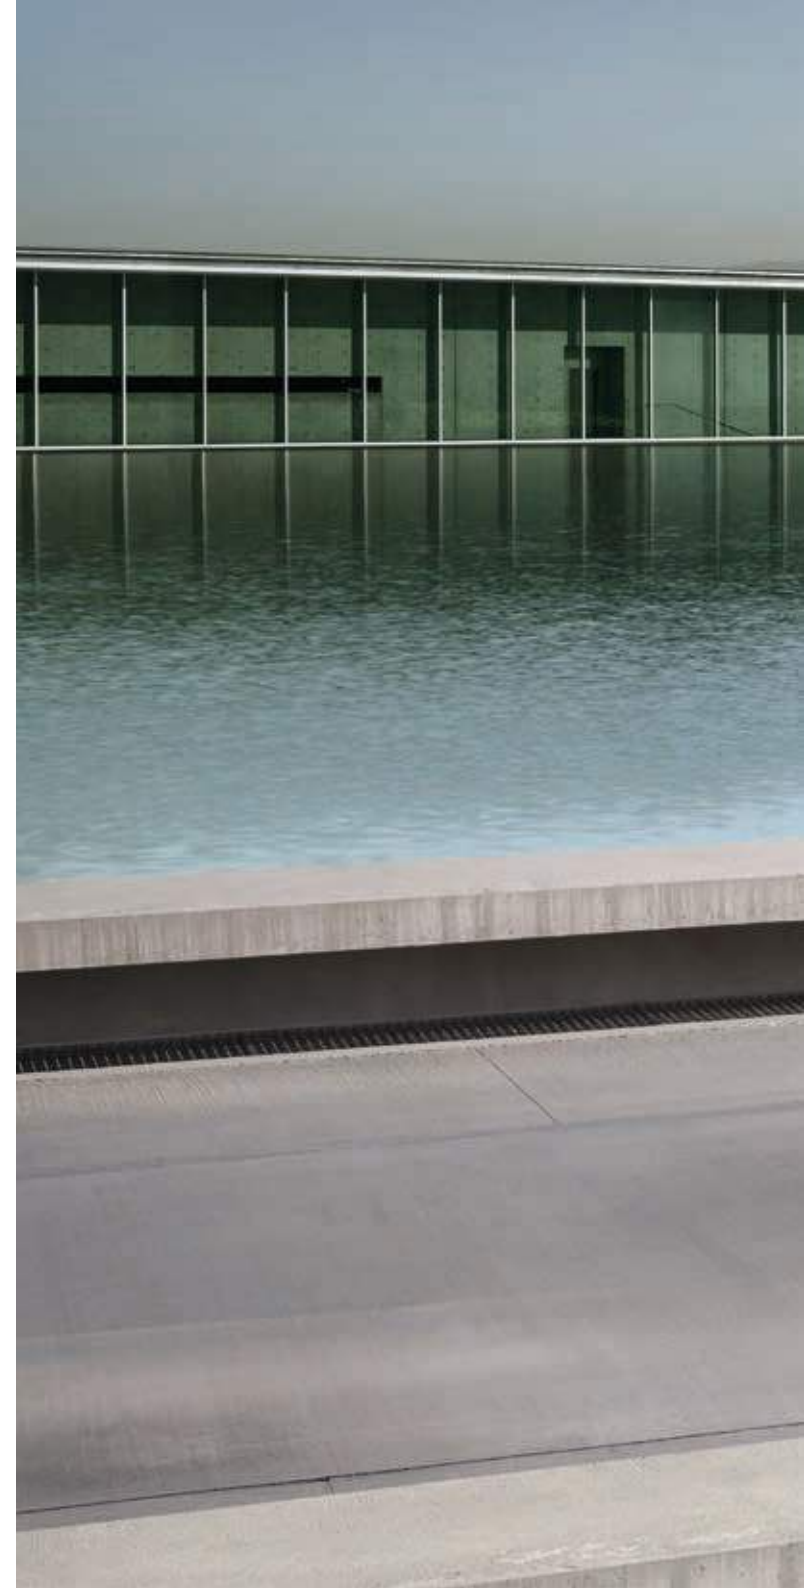

100% ALUMINUM

The all-aluminum body, the core of its dynamic performance, creates a stiffer, stronger and, lighter architecture. Developed using aerospace bonding and riveting techniques, the 100 percent aluminum monocoque body structure of the XJ does not have a single welded joint. With up to 50 percent of the aluminum coming from recycled sources, the XJ leads the way in sustainability.

One of the lightest cars in its class, the power-to-weight ratio improves all aspects of performance with no compromise to its strength. Acceleration is improved, and because the engine has to work less, it lowers fuel consumption and emissions. Its aluminum construction also enhances ride comfort, handling, agility and feel, connecting the driver seamlessly to the car and the road.

The inherent strength of aluminum and the monocoque construction offer safety benefits too. The lower weight improves braking performance and reduces the kinetic energy involved in almost any impact. Aluminum absorbs significantly more energy than steel when it is deformed and, because there are fewer joints, the XJ strength is increased further still.

VEHICLE SHOWN: XJL PORTFOLIO IN DARK SAPPHIRE WITH OPTIONAL FEATURES FITTED

ADVANCED DRIVING DYNAMICS

AIR SUSPENSION SYSTEM

ADAPTIVE DYNAMICS

The XJ delivers the comfort and refinement of a luxury car with the responsiveness and driver involvement of a sports car. Whether you're cornering, navigating uneven surfaces or accelerating, the Adaptive Dynamics system continually monitors the car up to 500 times a second. Working in conjunction with the air suspension it is designed to vary the damping to suit the conditions. These intelligent adjustments are designed to keep the XJ flat and stable, and to improve control without loss of ride comfort^{5*}. In unexpected road and weather conditions, Dynamic Stability Control is designed to react as soon as the system detects the wheels slipping. TracDSC provides a sportier drive and assists when using snow chains by allowing some slippage or overspin before the system engages. The XJ also features selectable driving modes for specific performance requirements. In addition to 'Drive' and 'Sport', Dynamic Mode gives more responsive acceleration; Winter Mode delivers more progressive control in slippery conditions^{5*}.

*Please see page 90 for further information.

VEHICLE SHOWN: XJL PORTFOLIO IN STORM GREY WITH OPTIONAL FEATURES FITTED

XJR - PERFORMANCE AND LUXURY

5.0 LITER SUPERCHARGED V8

ELECTRONIC ACTIVE DIFFERENTIAL

The pinnacle of engineering, design and craftsmanship from Jaguar: with its muscular lines to the 5.0 liter Supercharged V8 engine, which is tuned and calibrated to produce a top speed of 174mph^{8*}. This is a luxury sedan that can accelerate from 0-60mph in 4.4 seconds^{8*}. The 550HP power and outstanding 502 lb-ft of torque from the XJR delivers a thrilling driving experience.

The performance driving dynamics of the XJR is assisted by the Electronic Active Differential allowing for very fine control of the power delivery to limit wheelspin, improve traction and offer greater levels of control. Working in conjunction with the stability, traction and ABS systems, the Electronic Active Differential uses an electric motor, acting on a multi-plate clutch to manage the delivery of torque to each of the rear wheels. Full electronic control of the rear differential lock enables the system to apply full locking torque almost instantaneously^{5*}.

The XJR aerodynamics are sharpened with a revised front bumper, splitter and lower air intakes with chrome surrounds, side sills and a rear spoiler. Its unique exterior styling includes a gloss black grille, twin hood louvers, red brake calipers, signature 'R' badging and 20 inch Farallon alloy wheels.

*Please see page 90 for further information.

VEHICLE SHOWN LEFT AND PREVIOUS PAGE: XJR STANDARD WHEELBASE IN GLACIER WHITE WITH OPTIONAL FEATURES FITTED

XJR - SPORTING STYLE

FIVE COLORWAYS

UNIQUE 'R' INTERIOR

Inside, the XJR blends sporting character with luxury. The soft grain leather upholstery is offered in five bold colorways, including the unique Jet/Red duotone, and is complemented with either Piano Black or Carbon Fiber veneers. Sports seats feature adjustable side bolsters that provide the driver and passenger with lateral support during hard cornering.

The 'R' logo appears on the steering wheel, dashboard Intaglio and is embossed on the front and rear seats. The XJR offers a combination of sporting style, contemporary luxury and true performance.

VEHICLE SHOWN: XJR INTERIOR WITH JET/RED DUOTONE SOFT GRAIN LEATHER SPORTS SEATS WITH RED CONTRAST STITCH, JET UPPER FASCIA, JET SUEDECLOTH HEADLINING, PIANO BLACK VENEER AND JET PREMIUM CARPET MATS WITH RED CONTRAST BINDING WITH OPTIONAL FEATURES FITTED

DRIVING TECHNOLOGY ALL SURFACE PROGRESS CONTROL

ADDED DRIVER ASSISTANCE

LOW SPEED CRUISE CONTROL

Standard on every XJ, the Jaguar All Surface Progress Control (ASPC) technology is a low speed cruise control that helps the car with low traction situations. ASPC allows the driver to concentrate more on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 2.2mph and 18.6mph. The system then works to achieve and maintain that speed while exerting optimum traction control. ASPC gives XJ drivers added assistance over slippery, loose or icy surfaces, undulating terrain and even while descending a difficult incline. It helps make the XJ easier to drive in challenging conditions^{5*}.

*Please see page 90 for further information.

With any given set of tires, ASPC can accomplish comparable levels of traction to that achievable by an expert driver. Fitting All Season or Winter tires to the XJ can improve capability on slippery surfaces.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

ADVANCED DRIVETRAIN TECHNOLOGY

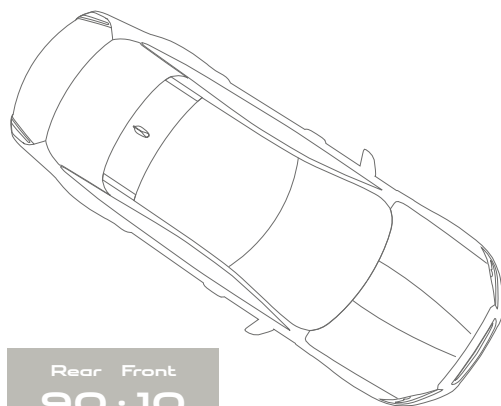

ALL WHEEL DRIVE

OVER 90% TORQUE SPLIT

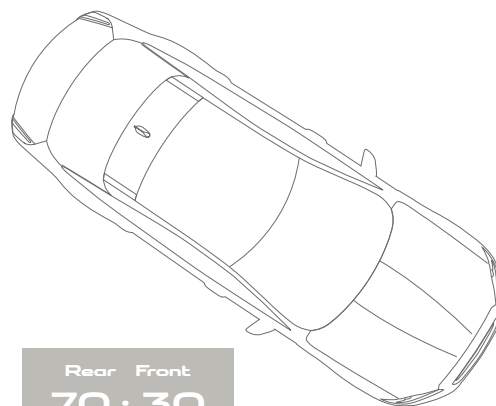

INTELLIGENT AND ADAPTIVE

The optional Jaguar Instinctive All Wheel Drive® system is continuously variable and intelligent. The rear wheel bias ensures a consistently true Jaguar driving experience. In normal conditions an XJ with the AWD system behaves like a rear wheel drive vehicle but reacts intelligently to road conditions to deliver traction on demand. The AWD system reacts in the blink of an eye, so should the rear wheels start to slip, it is designed to instantly redistribute torque to compensate. Over 90 percent of engine torque can be distributed from the rear wheels to the front wheels to provide optimum traction. It offers a smoother drive with the familiar Jaguar agility and handling^{10*}.

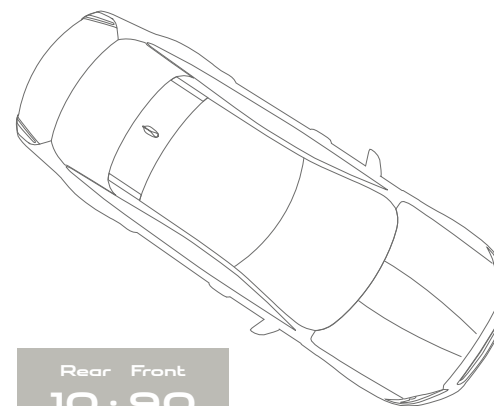

DRY ROAD CONDITIONS

In normal driving conditions, virtually all torque is distributed to the rear wheels providing signature Jaguar rear wheel drive performance.

AWD WINTER MODE

At the touch of a button AWD Winter Mode can be selected to distribute 30 percent of the torque to the front wheels and 70 percent of the torque to the rear wheels for improved assistance in difficult conditions^{5*}.

VARIABLE ROAD CONDITIONS

Where road conditions are changeable, over 90 percent of torque can be distributed to the front wheels as required.

^{*}Please see page 90 for further information.

VEHICLE SHOWN: XJL PORTFOLIO IN DARK SAPPHIRE WITH OPTIONAL FEATURES FITTED

INFOTAINMENT JAGUAR INCONTROL® TECHNOLOGIES

Jaguar InControl® is our suite of advanced technologies that links both you and your XJ to the wider world. The XJ features the InControl Touch Pro™ infotainment system^{1*}.

STANDARD ON EVERY XJ

InControl Touch Pro™ consists of

8 inch Touch-screen with multi-touch gestures and customizable home screen

12.3 inch Instrument Panel Display with virtual dials and full screen 3D Map View

InControl Touch Pro Solid State Drive (SSD)

Enhanced Navigation

HD Digital Radio and SiriusXM® Satellite Radio, iPod®, Bluetooth® and 2 x USB connections

CD/DVD Drive

InControl Remote & Protect™ consists of

SOS Emergency Call, Jaguar Optimized Assistance, Stolen Vehicle Locator and Remote smartphone app

Connected Navigation consists of

Jaguar InControl® Apps™ System^{1*} and InControl Wi-Fi™^{3*}

Third party programs or applications may require an end user license from the supplier.

*Please see page 90 for further information.

INCONTROL TOUCH PRO™

NEXT GENERATION INFOTAINMENT

The next-generation hardware and software of InControl Touch Pro™ advances your vehicle's connectivity and entertainment to the very highest level. The key aspects of InControl Touch Pro™ are:

Large, highly-responsive, 8 inch Touch-screen at the heart of the center console with customizable home screen and lightning fast response times^{1*}.

Pinpoint touch control allows you to manipulate and interact with information swiftly and seamlessly. The Touch-screen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch, zoom and swipe^{1*}.

12.3 inch Instrument Panel Display with virtual dials and full screen 3D Navigation Map View makes driving even more of a pleasure. Select full screen 3D Navigation Map View or choose one of four graphical themes to suit your personal preference^{1*}.

Solid State Drive Enhanced Navigation with response times that are a fraction of conventional systems. Set a destination and the system alerts you if you have insufficient fuel for the journey. It then displays gas stations on the part of the route where you may be low on fuel. The system automatically displays parking options^{1*}.

InControl Remote™ is an app that allows you to monitor as well as interact with your XJ from your smartphone. Remote start the XJ to pre-condition the climate, lock and unlock the car, locate your XJ on a map or using the beep and flash function, and track your journeys.

InControl Protect™ includes SOS Emergency Call and optimized Roadside Assistance, which can automatically bring the relevant services to your exact location when needed.

 Explore Jaguar InControl® at JAGUARUSA.COM

ENHANCED CONNECTIVITY

The services, technologies and applications found within Connected Navigation provide you with the very best in connectivity and convenience. It offers many features including:

InControl Apps™ features a range of Jaguar approved apps that can be connected to the XJ from your smartphone. It ensures convenient use of apps optimized to enhance aspects of your in-car experience^{1*}.

InControl Wi-Fi™ gives you the option to create a strong 3G hotspot using the car's antenna when you fit a SIM card. Connect up to eight devices to read emails, browse the web and download content^{3*}.

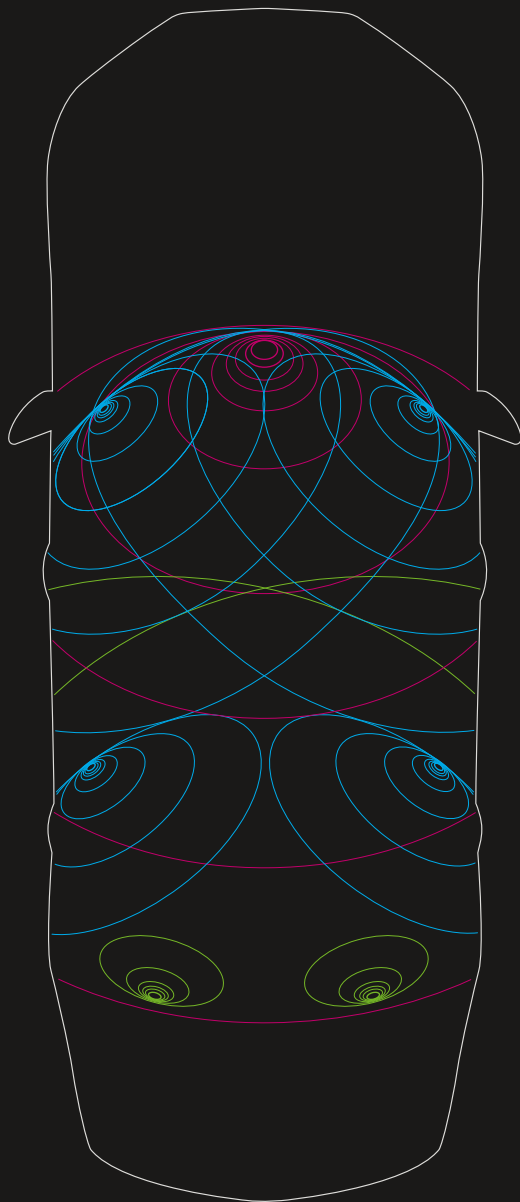

Route Planner Companion App allows you to pre-plan your route via your Apple® or Android™ smartphone. It guides you to your car, where you will find your selected route available on the XJ Touch-screen. When you've completed your road journey, the app guides you to your destination.

Share your estimated time of arrival so your selected contact(s) will know when you will arrive, as calculated by the navigation guidance system. The system can then send automatic updates via text or email, without any further action from you^{1*}.

Commute Mode allows the system to learn your commutes and automatically advises you of the expected journey time and quickest routes based on live and historical traffic movements.

Arrival Mode displays interactive 360 degree street level imagery of your destination for a seamless finish to journeys. It automatically displays again upon your arrival.

^{1*}Please see page 90 for further information.

AUDIO

MERIDIAN™

TRIFIELD™

CONVERSATION ASSIST

Designed for XJ by Meridian, the British audio experts, two fully Digital systems are available: the Meridian 825W Digital Surround Sound System and the Meridian Reference 1300W Digital Sound System. All feature advanced technology including Digital Sound Processor (DSP) software to create high fidelity sound throughout the cabin and optimize every element of the system, as well as Meridian Cabin Correction (MCC) to improve the clarity and authentic reproduction of your music.

The Meridian 825W Digital Surround Sound System uses 20 speakers including 2 subwoofers with Audyssey MultEQ Sound Equalization technology to produce 7.1 surround sound, with Meridian's exclusive Trifield technology ensuring a perfect stereo image for each occupant wherever they are seated.

The latest addition to the range is the optional Meridian Reference 1300W Digital Sound System using 26 speakers. This ultra-premium sound system employs Psychoacoustics to produce sounds that are so true to life they are perceived by the brain as the real thing.

Now you can hold a meeting or have an informal chat without ever having to raise your voice. Conversation Assist, included as standard with the Meridian Reference 1300W Digital Sound System, allows the driver or front seat passenger to talk with ease to passengers in the rear of the car, and vice versa. Microphones above each seat reinforce the occupants' voices via the audio system's speakers, making it much easier for everyone to be heard.

ASSISTANCE AND EFFICIENCY

ADVANCED DRIVER ASSISTANCE

The XJ is equipped with an array of standard and optional driver assistance systems dependent on model chosen. All are designed to make driving easier.

- ① **360° PARKING AID**
360° Park Distance Control uses ultrasonic sensors on the front, rear and sides of the vehicle to alert you to the proximity of objects when parking or exiting from a spot^{5*}.

- ② **ADAPTIVE FRONT LIGHTING**
Adaptive Front Lighting adapts to steering inputs to cast a deeper beam into corners, while its Intelligent High Beam senses oncoming vehicles and automatically selects high or dipped beam as appropriate^{5*}.

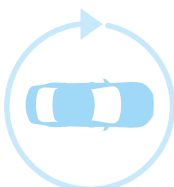

- ③ **TRAFFIC SIGN RECOGNITION**
Traffic Sign Recognition technology can detect current speed limit signs to display them on the Instrument Panel Display. This smart system is also aware of local and conditional speed limits^{5*}.

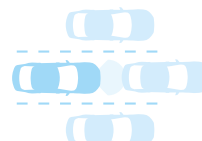

- ④ **BLIND SPOT MONITOR WITH CLOSING VEHICLE SENSING AND REVERSE TRAFFIC DETECTION**
Blind Spot Monitor is designed to warn you of vehicles or obstacles beside the XJ, while Closing Vehicle Sensing is designed to monitor the surrounding area for following vehicles approaching from a distance. Both provide alerts via an icon displayed in the appropriate exterior mirror. Reverse Traffic Detection alerts you, via an audio alert and the Touch-screen, of moving vehicles during reversing – for example, when leaving a parking spot with restricted vision^{5*}.

- ⑤ **PARK ASSIST****
Available as part of the Parking Assist Package, Park Assist makes life in the city easier. The system works for both parallel and perpendicular parking and is designed to automatically steer the XJ into and out of a space while the driver operates the pedals^{5*}.

- ⑥ **SURROUND CAMERA SYSTEM**
The Surround Camera system gives you multiple views around the vehicle from four cameras, shown on the central Touch-screen. This helps with various maneuvers, from parking by a curb to getting in and out of tight spaces^{5*}.

- ⑦ **ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST**
Adaptive Cruise Control with Queue Assist uses sensors to detect when a vehicle in front slows and reduces speed accordingly to maintain a set distance. When the vehicle speeds up again, so does the XJ^{5*}.

*Please see page 90 for further information.

**Available on Rear Wheel Drive (RWD) models only.

EFFICIENT TECHNOLOGIES

STOP/START TECHNOLOGY

CLEAN TECHNOLOGIES

We are determined to do more with less. That is why the XJ uses a range of technologies to reduce fuel consumption and CO₂ emissions, all while staying true to the dynamic nature of Jaguar.

STOP/START TECHNOLOGY

The XJ engines come with Stop/Start technology. It shuts down the engine when you come to a complete halt and restarts the engine immediately when required, helping to save fuel, especially during city driving.

ELECTRIC POWER ASSISTED STEERING (EPAS)

The next generation Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance*. Electrically driven, it's only active on demand which saves fuel. Only available on rear wheel drive vehicles.

AERODYNAMICS

The highly efficient shape of the XJ is the result of hundreds of thousands of hours of Computational Fluid Dynamics testing. Jaguar created one of the world's most advanced automotive virtual testing labs, honing the XJ shape through virtual wind tunnels to slice through wind resistance.

ALUMINUM ARCHITECTURE

The All-Aluminum architecture of the XJ makes it one of the lightest vehicles in its class, meaning less fuel is needed to move it and consequently creating lower emissions.

6 CHOOSE YOUR JAGUAR ACCESSORIES

To find out more about the full range of retailer fit Jaguar Accessories, please refer to your retailer or go to JAGUARUSA.COM/ACCESSORIES

Polished Tailpipe Finishers*
C2D25247

Polished stainless steel exhaust finishers add further style and refinement to the XJ.

*Not applicable for XJR models.

**Not compatible with Rear Seat Entertainment.

Chrome Mirror Cover
C2D5489 - Left
C2D5488 - Right

Chrome mirror covers accentuate the stylish design of the exterior mirrors. Left and right side options available.

Headrest Mounted Coat Hanger**
C2Z23416

The Jaguar coat hanger is a headrest mounted solution featuring Jaguar branding and a chromed 'spring fit' construction. Mounting simply and securely this coat hanger is easy to fit and remove and provides a convenient storage point to keep clothing wrinkle free.

Aluminum Gearshift Paddles
T2R6547MMU

Replacement steering wheel gearshift paddles offered in a premium aluminum material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminum, the paddles are hand brushed for a premium finish and anodized to ensure they will not deteriorate with wear.

Illuminated Treadplate

Elegantly styled aluminum sill tread plates illuminate when the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Please consult your authorized Jaguar retailer for ordering information.

iPad Holder**
C2Z22935

Jaguar branded iPad® holder mounts to front seat headrests providing a flexible solution for Rear Seat Entertainment. Quick release design ensures iPad® can be fitted or removed quickly and easily.

Premium Loadspace Mat
C2D7450

Luxurious soft luggage mat in Jet Black with the Jaguar logo. Deep premium 2,050g/m² pile with nubuck edging and Dove contrast stitch.

JAGUAR EXPERIENCE

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit. Jaguar Experience also offers the opportunity to see a Jaguar brought to life during a tour of one of our UK manufacturing facilities.

Find out more by visiting JAGUARUSA.COM

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the molding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars – from the powerful F-TYPE to the groundbreaking F-PACE performance SUV.

Find out more at JAGUARUSA.COM

DRIVING EXPERIENCES

The opportunity to drive the latest Jaguar cars at their limits, or relive iconic Jaguar history, is rare. Jaguar Driving Experiences offer unique driving adventures you will never forget. Imagine yourself behind the wheel of our highest performing Jaguar models, on a private track, with a Jaguar Experience Instructor at your side. This is the Jaguar Performance Driving Academy.

Find out more at JAGUARUSA.COM

ICONIC EXPERIENCES

Take your driving to the next level with our international adventures facing extreme on-road, and off-road, conditions. Our Iconic Experiences offer journeys and challenges that will test and develop your performance driving skills. Every year, Jaguar customers and enthusiasts join us for our luxury Ice Driving Experience. The exclusive ski resort in Gstaad, Switzerland, is the perfect location to enjoy the thrill of performance driving on ice. Our Ice Driving Experience is a two-day getaway held each winter. You can get a flavor of the event below. Then, if you'd like to be part of it in the next experience, we can keep you posted.

Find out more by visiting JAGUARUSA.COM

THE WORLD OF JAGUAR

Choose an XJ and you're joining the exciting World of Jaguar. It makes owning and driving carefree and easy, as well as providing a range of exclusive services and lifestyle products.

JAGUAR ELITECARE

5 YEARS 60,000 MILES

- ④ New Vehicle Limited Warranty
- ⑤ Complimentary Scheduled Maintenance
- ⑥ 24-Hour Roadside Assistance
- ⑦ Jaguar InControl® Remote & Protect™

BEST IN CLASS COVERAGE

JAGUAR ELITECARE

Enjoy your Jaguar with complete peace of mind.

The XJ is now backed by the Best-In-Class Jaguar EliteCare^{9*}, our exceptional 5 year / 60,000 mile coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and InControl Remote & Protect™.

NEW VEHICLE LIMITED WARRANTY

The New Vehicle Limited Warranty (the 'Warranty') lets you enjoy your driving with peace of mind and runs for a best in class 5 years or 60,000 miles, whichever occurs first. The Warranty is fully transferable to subsequent owners and remains in effect throughout the Warranty coverage period.

*Please see page 90 for further information.

**Servicing your vehicle at the specified interval is critical to maintaining its long-term durability. Failure to perform scheduled maintenance within 1000 miles of the recommended interval may void the Warranty under certain circumstances.

COMPLIMENTARY SCHEDULED MAINTENANCE**

Relax in the knowledge that long-term performance is assured with the Complimentary Scheduled Maintenance Coverage. It covers factory recommended scheduled servicing as detailed in the 'Passport to Service' for 5 years or 60,000 miles, whichever occurs first**. A Service Interval Indicator will appear every 16,000 miles or every 12 months, to remind you to take advantage of your complimentary maintenance.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for the XJ to contribute to optimum performance and to help maximize its lifespan.

ROADSIDE ASSISTANCE

Jaguar Roadside Assistance provides assistance in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicles warranty period.

JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the Jaguar F-PACE, XE, XJ, XF and F-TYPE, and the worlds of luxury, style, design and travel.

JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our cars. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage we also have a collection that honors past achievements and features race-inspired gift items and apparel. To find out more, visit your local Jaguar Retailer.

GLOSSARY

#

3D MAPPING

Three dimensional mapping is a selectable view mode in the navigation system. It provides an aerial view of the landscape with three dimensional buildings to greatly enhance user orientation.

7.1 SURROUND SOUND

7.1 Surround Sound is the common name for an eight-channel surround sound system.

A

ABS SYSTEM

The Anti-lock Braking System prevents wheel lock up under heavy braking to maintain vehicle control.

AIR SUSPENSION

Rear air suspension replaces conventional steel springs with pneumatic air springs to provide maximum ride comfort and control by automatically adjusting spring rates to suit the situation.

AUTO-DIMMING INTERIOR REAR VIEW MIRROR

Auto-dimming mirrors automatically reduce reflected glare from following cars' headlamps.

D

DIGITAL SOUND PROCESSOR (DSP)

Meridian's Digital Signal Processing (DSP) technology analyzes a range of variables that may impact audio quality, then processes them using sophisticated algorithms and adapts the system's output accordingly. This enables a level of powerful, authentic performance impossible with a conventional sound system.

F

FOUR ZONE CLIMATE CONTROL

Adds independent automatic temperature control for left and right rear occupants in addition to the front dual zone.

H

HEAT-REFLECTIVE GLASS

This glass reflects infrared light waves and so reduces heat build-up inside the car caused by direct sunlight.

I

INSTRUMENT PANEL DISPLAY

The Instrument Panel Display is a 12.3 inch High Definition TFT (Thin Film Transistor) screen that replaces the traditional instrument cluster. It displays a wide range of key driving information. Four graphical themes and a 3D map view are available.

J

JAGUAR SMART KEY SYSTEM - KEYLESS START

When the Smart Key is present in the car, simply push the Start button to start the engine.

JAGUARDRIVE CONTROL

Interacts with the Dynamic Stability Control system, engine and transmission management systems to alter the characteristics of the engine mapping, gear shifts and brakes. It offers different modes designed to optimize the vehicle's response to particular driving conditions and styles.

JAGUARDRIVE SELECTOR

The JaguarDrive Selector rises from the center console on start up. It is a rotary shifter used with automatic transmissions that allows you to quickly shift between drive modes.

L

LIMOUSINE RIDE SUSPENSION

For Long Wheelbase versions of the XJ, the rear air suspension has been specially recalibrated to optimize comfort, providing limousine like ride quality.

P

PSYCHOACOUSTICS

Psychoacoustics is the study of the psychological and physiological responses associated with listening to sound.

S

SOLAR ATTENUATING GLASS

This glass filters sunlight to reduce glare and prevent harmful UV rays from entering the cabin.

T

TRIFIELD™

Meridian's exclusive Trifield technology, delivers a consistent, concert-like experience, optimized for all seating positions.

W

WINTER MODE

By selecting Winter Mode, the system automatically dampens acceleration and applies more gradual torque for improved control in slippery conditions.

DISCLAIMERS

¹ Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

² Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

³ The Wi-Fi Hotspot is intended for passenger use only. Jaguar InControl® features may require an additional subscription with separate terms and conditions.

⁴ A 3-month trial subscription to the SiriusXM® All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM® on your computer, smartphone or tablet - it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM® at 1-866-635-2349. See the SiriusXM® Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM® Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico.

⁵ These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

⁶ Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

⁷ All figures are EPA estimates. Actual mileage may vary.

⁸ Always follow local speed limits.

⁹ Class is cars sold by luxury automotive brands and claim is based on total package of warranty, maintenance and other coverage problems. For complete details regarding Jaguar EliteCare coverage, visit JAGUARUSA.COM, call 1.800.4.JAGUAR or visit your local Jaguar Retailer.

¹⁰ This feature is not a substitute for safe and attentive driving, nor can it overcome all extreme circumstances. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Vehicles shown in this brochure are from the Jaguar Global range. Specifications, options and availability will vary between markets and should be verified with your local Jaguar Retailer. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation. Comparisons are based on manufacturer's own data and testing prior to publication.

ENVIRONMENTAL INNOVATION AT JAGUAR

XJ, XE, XF, F-PACE and F-TYPE's innovative use of lightweight aluminum, which incorporates up to 50% closed-loop recycled material from the manufacturing process of the body structures, provides considerable performance benefits.

This includes improved fuel consumption and less CO₂ emissions during the use phase of the Life Cycle due to lighter structures. Our on-going target is to ensure scrap aluminum reclaimed from our stamping process is to be segregated and recycled through a closed loop system and incorporated back into the same grade quality aluminum sheet, therefore reducing CO₂ emissions, versus the use of virgin aluminum sheets, during the production phase of the Life Cycle. Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development, called environmental Innovation. The company plan includes ongoing reduction in CO₂ emissions & the use of natural resources and at the end of 2014 we have achieved a 28% reduction in operating CO₂ emissions, 25% in the Company's European fleet average tailpipe emissions, 75% in waste to landfill, logistics efficiencies (18%) and water consumption (10%), all based on per vehicle built since 2007. In addition the manufacturing assembly CO₂ emissions of each Jaguar built in the UK since 2009, is 100% offset as part of our 2020 strategy for carbon neutral manufacturing assembly and since 2013 carbon-for-development projects form a key part of the company's Global Corporate Social Responsibility (CSR) programme.

For each ton of CO₂ emitted in the assembly process, the company invests in emissions reductions projects that reduce an equivalent ton of CO₂ elsewhere and provide social and humanitarian benefits at the same time. Since 2013 the programme has offset 800,000 tons of CO₂ and improved the lives of over 2 million people from our award winning Lifestraw carbon-for-water emissions reduction programme. Taking into account the company's global sales growth and increased investment in more efficient operating facilities, we are proud to have delivered and in some cases exceeded our Environmental Innovation targets as planned between 2012-2015. But it doesn't stop there. Our manufacturing facilities have been certified to ISO14001 since 1998 and in 2013 the Company was recognised as the UK's Responsible Business of the Year by leading CR index, Business in the Community. In 2014 we built on this success through the Queens award for Enterprise in Sustainable Development for 2014. Looking forward, we have developed our 2020 vision for sustainable business growth that focuses on continued improvements in operating & tailpipe CO₂ emissions, carbon neutral manufacturing and zero waste. The company will also improve the lives of 12 million people by 2020 as part of the global Corporate Social Responsibility programme.

Castrol EDGE™ Professional is recommended by Jaguar.
