THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our vehicles' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

INTRODUCTION

THE CONCEPT OF THE JAGUAR F-PACE

The Jaguar F-PACE is inspired by the acclaimed C-X17 concept vehicle. It takes the pure Jaguar DNA of legendary performance, handling and luxury. Then it adds space and practicality.

The Jaguar F-PACE range features an extended engine choice, including the 2.0 liter 4-cylinder 247HP Turbocharged Ingenium Gas engine. With advanced technology and all-aluminum construction, it is the ideal mix of economy and performance.

The Jaguar F-PACE bold personality can be accentuated with a choice of special editions. Checkered Flag lends itself to Jaguar's rich racing history, with assertive exterior styling and an interior derived from R-Sport. For eye-catching design that is sure to stand out from the crowd, 300 SPORT highlights the Jaguar F-PACE sporting prowess. Its distinctive exterior accents complement unique interior detailing.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

VEHICLE SHOWN: JAGUAR F-PACE S IN CAESIUM BLUE WITH OPTIONAL EQUIPMENT

THE JAGUAR F-PACE - THE FACTS

Performance, handling and refinement. Practicality, capability and efficiency.

EFFICIENCY

The Jaguar F-PACE is designed and engineered for maximum adeptness. Low-traction technologies, a lightweight body structure and streamlined aerodynamics all contribute to help achieve a low drag coefficient.

PRACTICALITY

The rear knee and leg room in the Jaguar F-PACE is exceptionally spacious and has a 40:20:40 seating configuration for greater flexibility. Cargo space is generous at 33.5 cu.ft., with carefully considered dimensions designed to maximize its usability. With the optional powered gesture tailgate, you can access the trunk when your hands are full. Simply wave your foot under either rear corner and the tailgate opens or closes.

CAPABILITY

The Jaguar F-PACE matches your practical driving needs and the demands of your lifestyle. With standard All Wheel Drive (AWD), performance can be enhanced across an even wider range of conditions. Capabilities can be further enhanced by the All Surface Progress Control system*, a low-speed cruise control that helps the Jaguar F-PACE cope with low-traction situations.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

**Always follow local speed limits.

**VEHICLE SHOWN: JAGUAR F-PACE PRESTIGE IN YULONG WHITE WITH OPTIONAL FEATURES
AND RETAILER-FIT ACCESSORIES**

PERFORMANCE

Discover exhilarating driving experiences across the entire Jaguar F-PACE range. Our performance engines offer a balance between economy and power. Engines include the Ingenium 247HP 2.0 liter 4-cylinder Turbocharged Gas engine, the Ingenium 296HP 2.0 liter 4-cylinder Turbocharged Gas engine and the 375HP 3.0 liter V6 Supercharged Gas engine that can reach a limited top speed of 155 mph with 0-60 mph acceleration in as little as 5.1 seconds**.

REFINEMENT

Our cars have an unrivalled reputation for comfort and a smooth, quiet ride. Thanks to its stiff body structure, advanced suspension and aerodynamic design, the Jaguar F-PACE showcases the supreme refinement of the Jaguar brand.

HANDLING

The advanced chassis and suspension system is an evolution of the configuration used on the F-TYPE sports car. This robust system is lightweight to help improve agility. The Electronic Power Assisted Steering (EPAS) software is specially tuned for optimum feedback and control, while the All Wheel Drive (AWD) system uses the F-TYPE-derived, unique Intelligent Driveline Dynamics (IDD) software for an agile feel and to reduce understeer*. The Jaguar F-PACE drives, feels and handles like a Jaguar.

DESIGN EXTERIOR PRINCIPLES

F-TYPE INSPIRED STYLING

PURITY OF FORM

Visually inspired by the F-TYPE, the Jaguar F-PACE is a performance SUV that has the DNA of a sports car. Its powerful, agile looks make it utterly distinctive and give it a head-turning road presence. From the hood bulge to the pronounced rear haunches, the Jaguar F-PACE reinvents the energy, strength and purity of form of the F-TYPE.

VEHICLE SHOWN: JAGUAR F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES

EXTERIOR DETAIL

ADAPTIVE LED HEADLIGHTS¹

Even at night, the Jaguar F-PACE is instantly recognizable thanks to its available adaptive LED headlights complementing the signature 'J' blade Daytime Running Lights¹ (DRL). Adding to the commanding on-road presence, adaptive LED headlights produce a color of light that is close to daylight, helping your eyes to distinguish objects more easily. At the rear, full LED tail lights echo the distinctive design of the F-TYPE.

¹Fitment dependent on derivative.

VEHICLE SHOWN: JAGUAR F-PACE S IN CAESIUM BLUE WITH OPTIONAL EQUIPMENT

INTERIOR CHOICE

SPORTS COMMAND DRIVING POSITION

EXTENSIVE PERSONAL CHOICE

The Jaguar F-PACE interior blends sportiness and elegance to create the latest in contemporary design. Our extensive range of premium materials, handpicked leathers and sophisticated finishes – including a Carbon Fiber veneer – gives the Jaguar F-PACE comprehensive interior choices. This is your perfect opportunity to create a space that reflects your individual style.

Take personalization to the next level with optional Configurable Ambient Interior Lighting¹. The system highlights the finest interior design details with soft pools of light in a choice of ten different colors. The Jaguar F-PACE can create an ambience to match your mood. The modern interior design means essential controls are intuitive to use and always close at hand. A high center console and the Sports Command Driving Position* help the driver feel connected. Slender roof pillars and a large windshield means all-round visibility is excellent. To add to the sports car feel, choose optional Performance seats in perforated grained leather². Featuring adjustable side bolsters to hold you snugly in place, they offer even more lateral support – especially during enthusiastic driving.

The optional Cabin Air Ionization¹ with Nanoe™ technology ionizes particles in the air, making them attract to surfaces and thus helping to cleanse the air. It can be switched on or off.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

¹Fitment is derivative dependent.

²R-Sport and S only.

VEHICLE SHOWN: JAGUAR F-PACE PORTFOLIO WITH SIENNA TAN PERFORATED WINDSOR LEATHER SEATS WITH SIENNA TAN TONAL STITCH

INTERIOR SPACE

SLIDING PANORAMIC

OPTIMIZED REAR SPACE

VEHICLE SHOWN PREVIOUS PAGE: JAGUAR F-PACE R-SPORT FEATURING EBONY/PIMENTO PERFORATED GRAINED LEATHER SPORT SEATS WITH PIMENTO CONTRAST STITCH. OPTIONAL FEATURES FITTED

VEHICLE SHOWN THIS PAGE: JAGUAR F-PACE PORTFOLIO FEATURING SIENNA TAN PERFORATED WINDSOR LEATHER SEATS WITH SIENNA TAN TONAL STITCH

The standard sliding panoramic roof brings the outside in by giving everyone superb views of the sky, allowing fresh air into the cabin whenever you want it. For greater privacy and to reduce excessive heating, the panoramic roof is fitted with an electric blind.

In the back, there's space for three adults to sit comfortably side by side. Rear leg and knee room are 37.2" and 2.6" respectively. Throughout the car you'll find neatly placed, versatile storage. There are useful pockets for smartphones and other small items to be stored located on either side of the center console, as well as below the Touchscreen*.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

40:20:40

33.5 cu.ft.

PRACTICALITY

CARGO SPACE

FLEXIBLE SEATING

The Jaguar F-PACE has a cargo capacity of 33.5 cu.ft. The space is made even more versatile by the rear seats' 40:20:40 configuration. They can be folded completely, or folded individually, in a variety of combinations to accommodate occupants and oversized items, such as skis. With the rear seats folded, the total cargo space is an impressive 61.1 cu.ft.

The cargo floor is reversible¹ and can be switched, in an instant, from luxury carpet to an easy-clean, rubberized surface – perfect for damp or muddy equipment. Transferring items into and out of the Jaguar F-PACE is made easier by the low loading height and wide opening.

With the optional powered gesture tailgate you don't have to touch the car when your hands are full – simply wave your foot under one of the rear corners and the tailgate opens or closes².

¹Trunk configuration and total cargo space will vary depending on model and if full size spare or space saver spare wheel is fitted. ²Requires Keyless Entry.

PERFORMANCE ENGINES

RESPONSIVE ENGINES

EFFICIENCY AND PERFORMANCE

Ingenium technology underpins two engines in the Jaguar F-PACE range. These low-friction, all-aluminum engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. All engines are equipped with Stop/Start technology and smart regenerative charging – harvesting kinetic energy from braking to charge the battery.

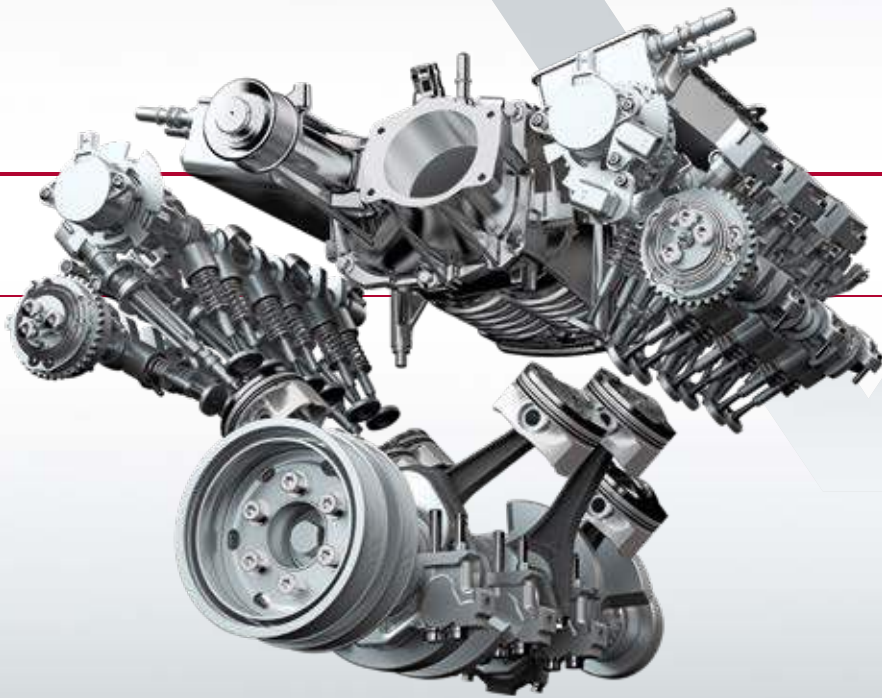

INGENIUM GAS ENGINE UP TO

0-60 mph in as little as 5.8 seconds*

The **Ingenium 2.0 liter 4-cylinder 247HP Turbocharged Gas engine** delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1,300-4,500 rpm. This engine's twin scroll turbocharger is fed by an integrated exhaust manifold that synchronizes exhaust pulses from two separate pairs of cylinders – reducing turbo lag and improving engine response.

The **Ingenium 2.0 liter 4-cylinder 296HP Turbocharged Gas engine's** impressive power is balanced with a refined drive. For an almost instant boost, its low inertia twin scroll turbocharger features low-friction ball bearings and a high flow compressor wheel. Underpinned by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 295 lb-ft. between 1,500-4,500 rpm.

*Always follow local speed limits.

GAS ENGINE

0-60 mph from 5.1 seconds*

The **3.0 liter V6 380HP Supercharged Gas engine** features a Roots-type twin vortex supercharger that provides linear delivery of power and improves responsiveness. The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation, working alongside lightweight pistons with ultra-low friction piston rings for increased performance. For added refinement, there is a twin contra-rotating balancer shaft system.

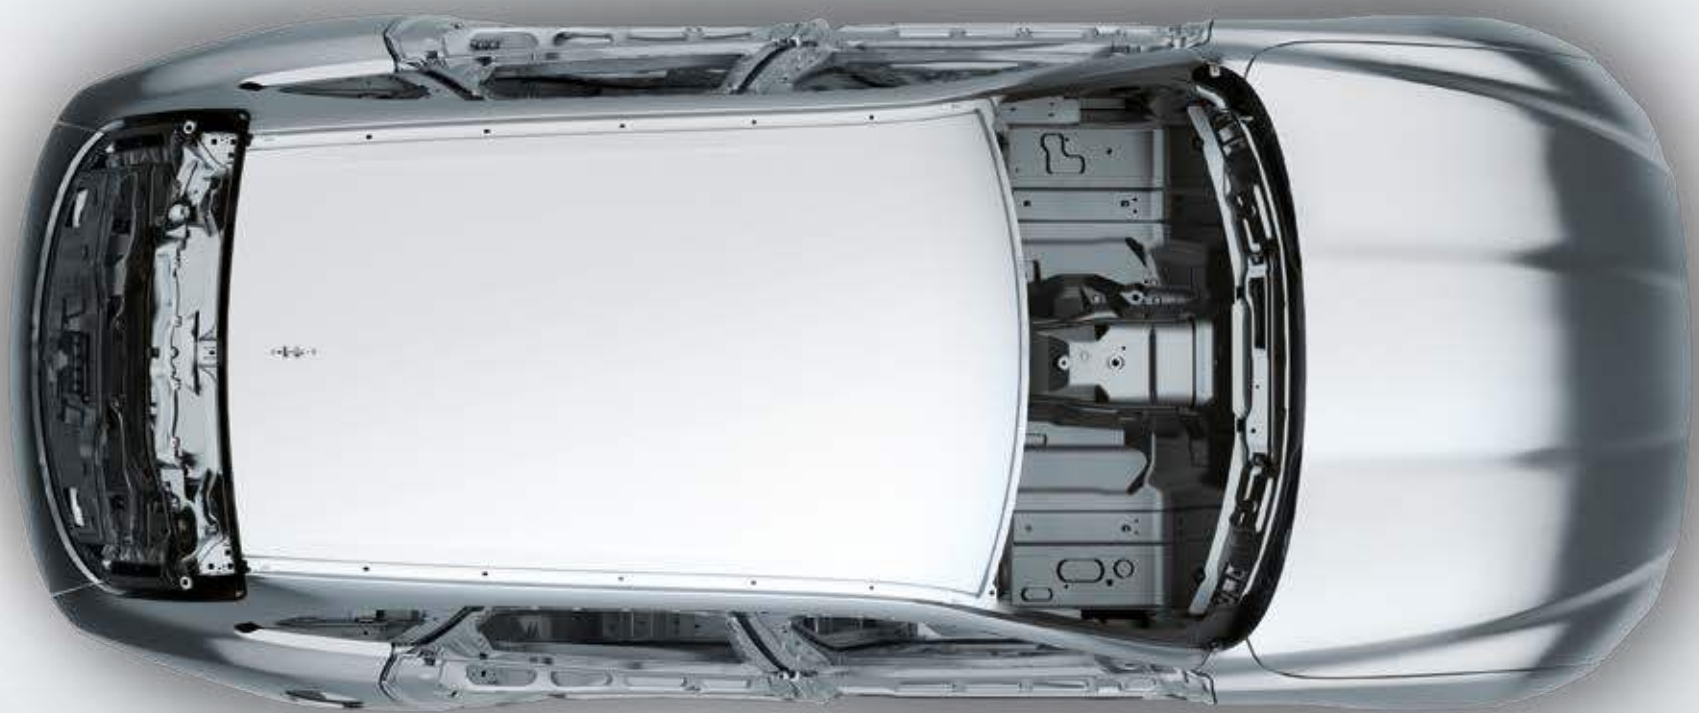

ADVANCED AERODYNAMICS

 **LOW DRAG** | **INCREASED STABILITY**

The aerodynamic performance of the Jaguar F-PACE is a key function of its body design and supports a low drag coefficient. The result is that the Jaguar F-PACE really is as sleek as it looks. Highly advanced aerodynamics reduce fuel consumption and wind noise while adding to high-speed stability. The innovative, lightweight underbody design is as important as the body you can see. The smooth underbody surfaces manage airflow to optimize cooling of the engine and brakes, as well as helping to minimize drag, reduce turbulence and increase efficiency. As air reaches the back of the Jaguar F-PACE, the car's sharply angled rear corners and integrated spoiler limit pressure differences forming in the wake of the car.

VEHICLE SHOWN: JAGUAR F-PACE PORTFOLIO IN YULONG WHITE

LIGHTWEIGHT ALUMINUM ARCHITECTURE

STRONG

RIGID

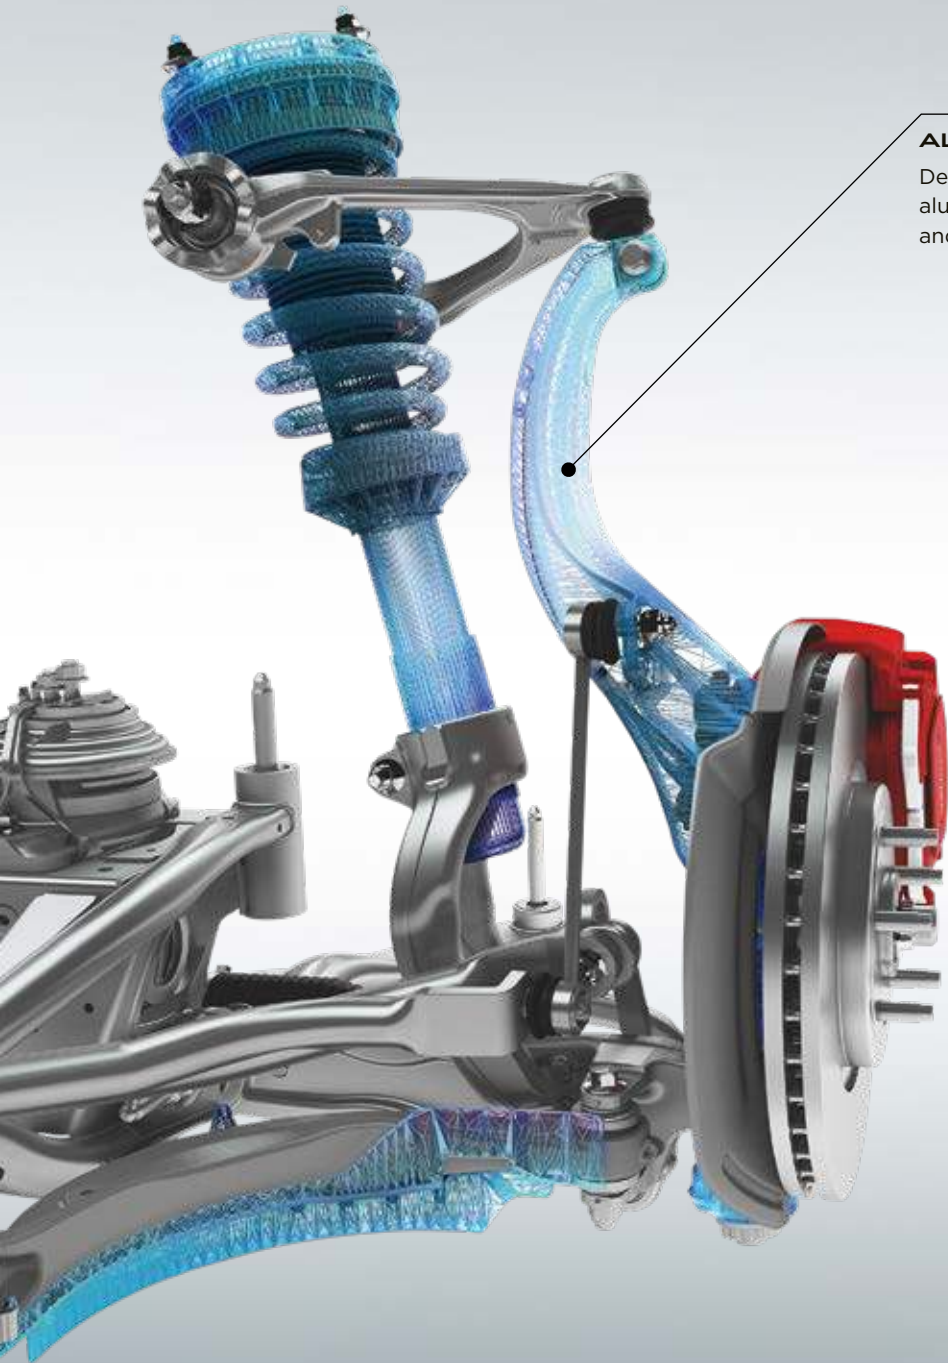

80% ALUMINUM¹

Jaguar has been at the forefront of aluminum car construction for more than a decade. Our latest innovation is the Lightweight Aluminum Architecture that provides the foundations for the Jaguar F-PACE. We use aluminum where possible because it creates a stiffer, stronger and lighter architecture. The architecture's strength is designed to protect occupants, while its reduced weight enhances handling and braking. Aluminum has also been used to form the body sides, hood and front wheel arches of the Jaguar F-PACE.

The reduced weight of the structure is distributed with a near perfect 50:50 balance² for a sporting performance and an impeccable ride.

¹Aluminum content based on volume for body structure excluding doors, hood and tailgate.

²Model and engine dependent.

ALUMINUM FRONT KNUCKLE

Designed to optimize stiffness and strength, the lightweight aluminum front knuckle helps improve the agility, responsiveness and refinement for sports car inspired control.

CHASSIS AND SUSPENSION

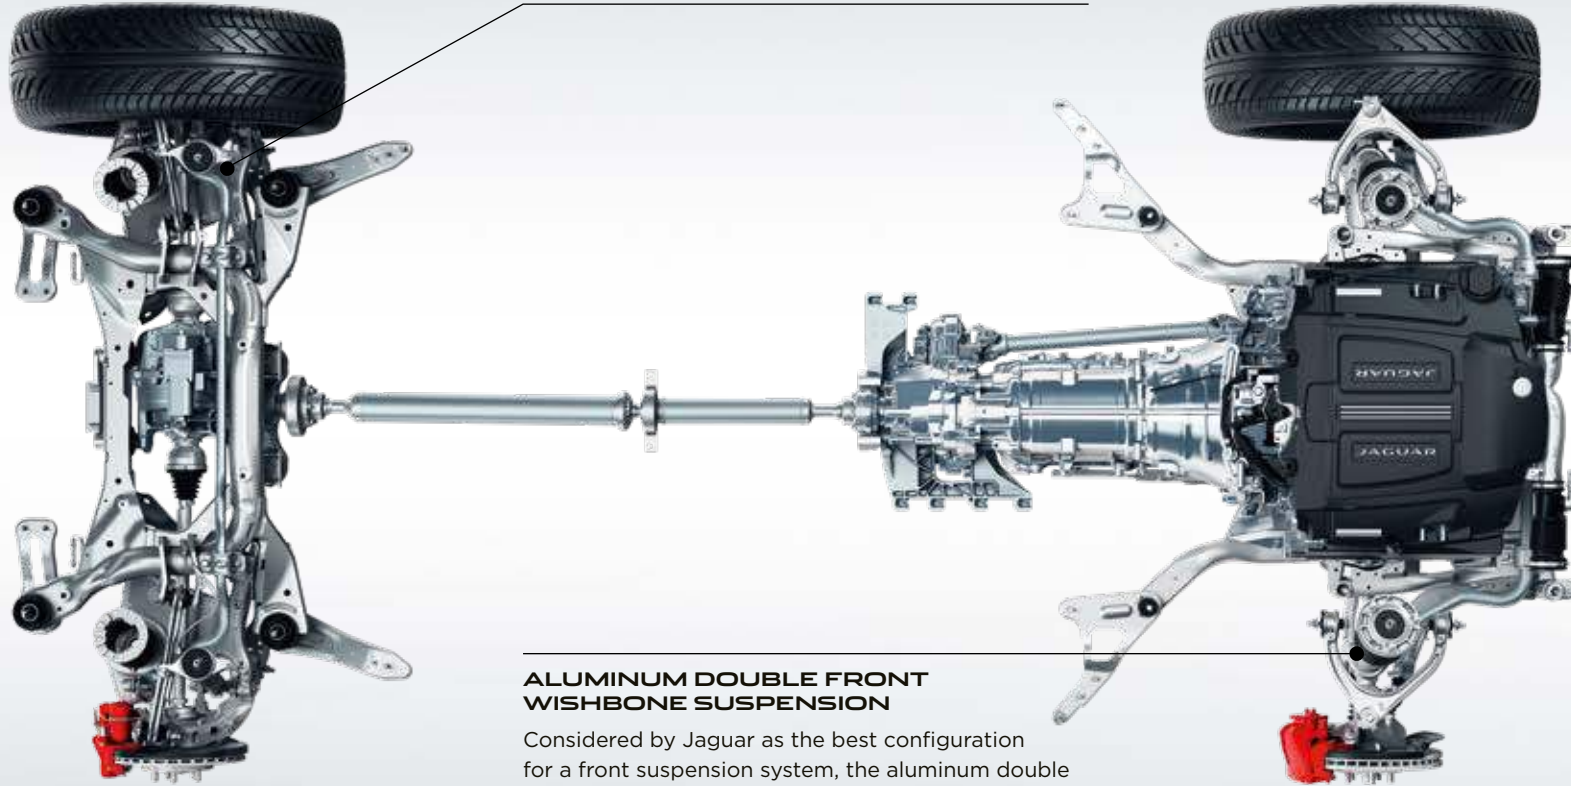

**SUPERB RIDE
AND HANDLING**

**UNIQUE SUSPENSION
TECHNOLOGY**

Underpinning the Jaguar F-PACE is an evolution of the F-TYPE chassis and suspension system - it offers a unique balance between agility and ride comfort. This ensures that the Jaguar F-PACE feels like a true Jaguar and is a pleasure to drive or be driven in. In combination with this suspension, the stiff body structure and the use of lightweight acoustic damping materials create supreme refinement.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows the Jaguar F-PACE to realize a perfect combination of a refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast in aluminum – the optimum production techniques for strong, lightweight suspension.

ALUMINUM DOUBLE FRONT WISHBONE SUSPENSION

Considered by Jaguar as the best configuration for a front suspension system, the aluminum double wishbone design is modeled closely on the F-TYPE for precise handling and control.

SUSPENSION

We create unique algorithms to represent the strains and stress using our state-of-the-art rig.

COLD CLIMATE

-40°F in our cold climate chamber ensures that when the Jaguar F-PACE is hard at work outside in freezing conditions, everything on the inside is working for your total comfort.

HOT TESTING

In the hot room temperatures can soar up to 122°F. We can recreate wind speeds of up to 150 mph and road speeds as high as 155 mph. There are few types of weather the Jaguar F-PACE hasn't already withstood.

TESTED TO THE EXTREME

-40°F TO 122°F

FROM THE ARCTIC TO DUBAI

From the Arctic Circle and the mountains of China, to the sands of Dubai and coast-to-coast in North America, the Jaguar F-PACE has seen almost everything the world's roads can throw at it. Then we brought the Jaguar F-PACE home to our UK testing facilities and things got really tough.

MONSOON TESTING

The monsoon chamber drenches the Jaguar F-PACE at every stage of the development process. We test for water management and dispersal along its body and over its windows. Our water testing facilities test that water does not enter the cabin when the vehicle enters and exits a body of water up to the permitted depth.

SEMI-ANECHOIC CHAMBER

Our 'neutral sound' room is where we check if the Jaguar F-PACE sounds like a true Jaguar with its distinctive exhaust note.

FINAL INSPECTION

At the end of the production line every car is scrutinized by one of the most complex instruments in the world - the human eye. The Jaguar F-PACE undergoes an exhaustive visual inspection by expert quality inspectors.

DRIVING TECHNOLOGY ADVANCED DRIVING DYNAMICS

ENHANCING AGILITY

CONTINUOUSLY ADAPTING

Dynamic Mode revises the car's software to further enhance the sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds*. It also brings visual drama to the driver as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with the inherent Jaguar performance.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and it is active on demand - saving power for where you really need it. EPAS' sophisticated computer management varies steering assistance as appropriate - increasing assistance for low-speed maneuvering and improving feel at higher speeds. It also enables Advanced Driver Assistance features such as Lane Keep Assist and Park Assist*.

ADAPTIVE DYNAMICS^{1,2}

Whether you're accelerating on the freeway, cornering on country roads or navigating around town, optional Adaptive Dynamics is designed to modify the response of the Jaguar F-PACE to match the conditions and your driving style. It analyzes acceleration, cornering, throttle and brake pedal activity as well as kick-down activation. Steering movement is analyzed up to 500 times a second and body movement up to 100 times a second. Electronically controlled dampers then constantly adjust the suspension settings and maintain the dynamism and comfort*.

CONFIGURABLE DYNAMICS¹

Bringing technology from the F-TYPE, the optional Configurable Dynamics system allows you to set up the dynamics on the Jaguar F-PACE for suspension, throttle mapping, transmission shift points and steering to suit your performance driving needs.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

¹Standard on Jaguar F-PACE S, not available on F-PACE and Premium models. Optional on all other models. ²Requires Configurable Dynamics.

ADDED DRIVER ASSISTANCE

ALL SURFACE PROGRESS CONTROL¹

ADAPTIVE SURFACE RESPONSE

The All Surface Progress Control (ASPC) developed by Jaguar is a low-speed cruise control that helps the Jaguar F-PACE cope with low-traction situations. ASPC allows the driver to concentrate more on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 2.2 mph and 18.6 mph. The system then works to achieve and maintain that speed while exerting traction control*.

ASPC is standard and gives Jaguar F-PACE drivers added assistance over slippery or loose surfaces, undulating terrain and even while descending a difficult incline. It helps make the Jaguar F-PACE easier to drive in challenging conditions. ASPC also has a pull-away function, allowing the Jaguar F-PACE to progress from rest on low-grip surfaces and ascending gradients, as well as a Hill Descent Control (HDC[®]) system that is designed to control vehicle speed on steeper inclines*.

On vehicles fitted with Adaptive Dynamics^{1,2}, Adaptive Surface Response (AdSR) recognizes differences between surfaces to exploit the optimum available grip. Drawing on Jaguar Land Rover's unrivaled expertise with All Wheel Drive (AWD) systems, AdSR constantly monitors the car's environment and is designed to adjust the appropriate engine and brake settings. Once selected, AdSR works to support you in adverse weather and across challenging surfaces*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

¹Standard on Jaguar F-PACE S, not available on F-PACE and Premium models. Optional on all other models. ²Requires Configurable Dynamics.

GRAVEL

WET GRASS

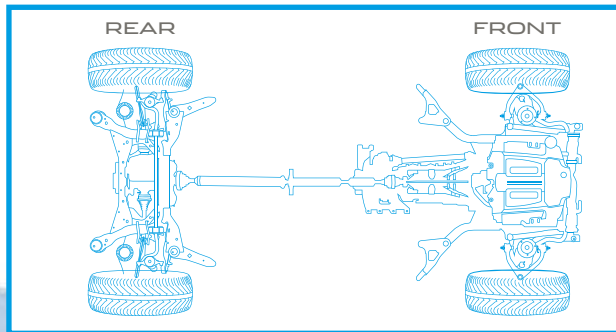

SNOW

WET ROAD

DRY ROAD CONDITIONS

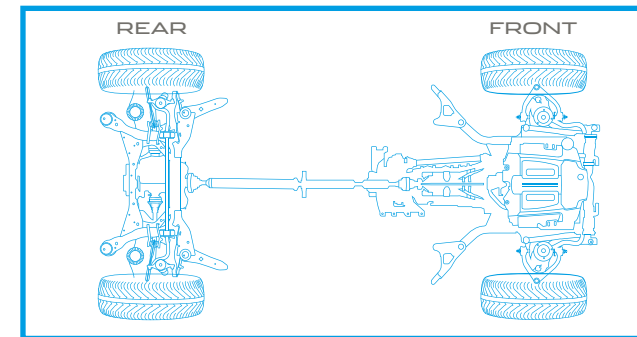

In normal conditions, torque is distributed to the rear wheels, delivering acclaimed Jaguar agility and handling.

LOW-TRACTION CONDITIONS

On slippery surfaces, such as grass and snow, torque can be balanced between the front and rear wheels to improve traction.

In extreme conditions where only the front wheels have traction, over 90 percent of engine torque can be distributed to the front wheels for more optimal grip.

ADVANCED DRIVETRAIN TECHNOLOGY

ALL WHEEL DRIVE

INTELLIGENT DRIVELINE DYNAMICS

The Jaguar F-PACE All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased security and traction provided by AWD. In normal driving, the Jaguar F-PACE is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more keenly on low-grip surfaces, the system subtly channels power forwards enabling the Jaguar F-PACE to maintain more optimal traction for comfortable progress in various conditions*.

The Jaguar F-PACE uses a transfer case at the back of the 8-speed Automatic Transmission to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that the Jaguar F-PACE retains the dynamic behavior of a Jaguar, the transfer case contains an electro-mechanically activated multi-plate clutch with an actuator to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of torque to the front wheels.

Unlike other systems that react to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel slip. IDD seamlessly co-ordinates these inputs and compares them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly, even before grip is lost*. From a standstill the Jaguar F-PACE can transition from RWD to AWD in as little as 165 milliseconds or just 100 milliseconds when the car is moving.

The result is a drive which blends the character of RWD with the capability of AWD, providing outstanding levels of performance and control.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

TORQUE VECTORING

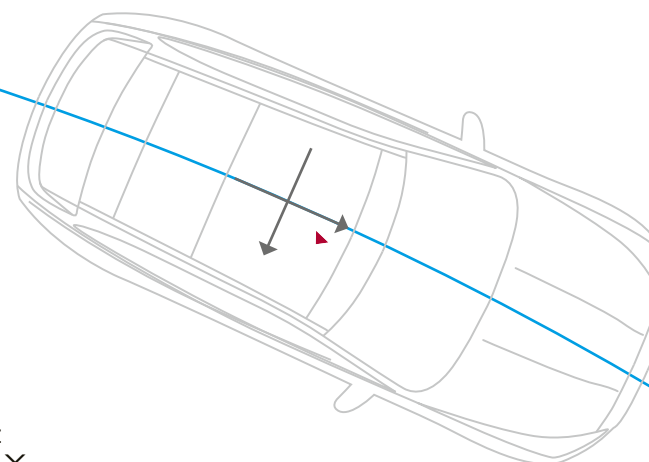

OPTIMIZED CORNERING CAPABILITY

Torque Vectoring by Braking (TVBB) is designed to enhance capability through tight corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions, more braking pressure is applied to the rear inside wheel as this supports the most increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased agility and added driver confidence*.

ADDITIONAL ROTATIONAL FORCE
APPLIED AROUND VEHICLE'S AXIS

TORQUE VECTORING APPLIES
BRAKE PRESSURE TO SLOW
THE INSIDE FRONT AND INSIDE
REAR WHEELS INDEPENDENTLY

POWER IS SUSTAINED TO
MAINTAIN CONSTANT SPEED

APPROPRIATE WHEELS
TO COUNTERACT
UNDERSTEER/OVERSTEER

UNDERSTEER

OVERSTEER

STABILITY AND CONTROL

**DYNAMIC
STABILITY CONTROL**

**ENGINE DRAG
TORQUE CONTROL**

**TRAILER
STABILITY ASSIST**

The stability systems are designed to keep the Jaguar F-PACE balanced whether you're driving enthusiastically or simply want the assurance of a vehicle with improved stability in challenging conditions.

Dynamic Stability Control (DSC) monitors the dynamic behavior of the Jaguar F-PACE, intervening to assist vehicle stability and available grip. DSC reduces engine torque and applies braking to the appropriate wheels to correct the car's direction of travel by counteracting understeer or oversteer. The Jaguar F-PACE DSC system has enhanced understeer control to reduce speed and regain control more effectively*.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the wheels as appropriate.

Trailer Stability Assist (TSA) gives you greater stability when towing. Should TSA detect a dangerous trailer sway situation is developing, it can help you regain control by gradually reducing the Jaguar F-PACE speed through lowering engine power, and applying the brakes individually on each side of the vehicle to help control the sway*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

VEHICLE SHOWN: JAGUAR F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES

ACTIVITY KEY

ROBUST

WATERPROOF

SECURE

The Activity Key¹ makes living life to the full even easier. For extra convenience, you can wear the Activity Key if you prefer not to carry a key fob. The wristband is robust and fully waterproof. It allows you to enjoy a range of activities – from skydiving to swimming – and keep your car key with you. You can use the Activity Key to lock and unlock your car. When exiting the car, simply hold the Activity Key in close proximity to the 'J' of the Jaguar lettering on the tailgate to lock or unlock it. The conventional key fob is then automatically deactivated for security.

¹Optional on F-PACE Prestige, R-Sport and S, not available on other models. Also available as Jaguar Retailer fit accessory.

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every Jaguar F-PACE is equipped with our Jaguar InControl® infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their trip*.

10" TOUCH PRO

The standard 10" Touchscreen at the heart of the center console supports swipe and pinch gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customizable homescreens and fast response times as well as voice control*. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro can be further enhanced by adding the connectivity pack, Connect Pro^{1,2}.

INTERACTIVE DRIVER DISPLAY¹

The optional 12.3" high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and driver assistance data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving, pin-sharp graphics. To help you find your way more easily, Navigation Pro³ enables you to display full screen navigation with 3D mapping**.

HEAD-UP DISPLAY

Minimizing distractions and the need to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windshield. It features crystal-clear color graphics in high resolution, enabling you to see all driver inputs and information with ease*. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

¹These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

²Requires Navigation Pro. Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with a suitable data contract.

³Connect Pro is standard on F-PACE Prestige, R-Sport, S and Portfolio models. ⁴Includes Traffic Sign Recognition and Adaptive Speed Limiter.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

CONNECTIVITY

Jaguar InControl® is our suite of standard and optional features that connects you to your vehicle and links you seamlessly with the outside world. There are a range of packs and options available to choose from. With a selection of apps, even when you're away from your car some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever*.

STANDARD FEATURES

PINPOINT TOUCH CONTROL*

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALIZED HOMEPAGE*

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customize your system around the features you use most.

INTERACTIVE SIDE PANEL*

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA*

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre. Create a list of songs you want to play and add to the line up at any time.

ENHANCED PHONE INTERFACE*

Making it easier, you can call a favorite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM

Understands clear spoken instructions, so you can concentrate on the road ahead with less distraction.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

PROTECT

Jaguar Optimized Assistance¹ – You can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console or from the Assistance screen within the InControl Remote smartphone app.

SOS Emergency Call – Emergency services will be automatically notified if the airbags are deployed in an accident. For peace of mind, this service is provided for the first ten years from date of registration.

REMOTE

Remote provides information on your vehicle and enables you to interact with it remotely:

- **Remote Lock/Unlock** – Lock or unlock your doors remotely. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors and fold in the side mirrors². Press the 'unlock' button to open your vehicle, unfold the side mirrors, turn on the dipped headlights and cause the hazard lights to flash twice to help you locate your vehicle.
- **Remote Climate** – Prepare your Jaguar F-PACE in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
- **Beep/Flash** – This feature turns on your Jaguar's hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle.

SMARTPHONE PACK

By screen sharing with the F-PACE InControl infotainment system, the Smartphone Pack helps you stay connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimize distraction so that you can stay focused on the road. Simply connect your Android smartphone via a USB and control compatible apps on the in car Touchscreen**.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen**.

¹Jaguar Optimized Assistance is a subscription service that can be extended after the initial term advised by your Jaguar Retailer. ²When power fold mirrors are specified.

iPhone® is a registered trademark of Apple Inc., registered in the US and other countries. Please ensure iPhone compatibility is reviewed with your local Jaguar Retailer. Android™ is a trademark of Google LLC.

OPTIONAL FEATURES

NAVIGATION PRO^{1,2}

Navigation Pro allows you to save your favorite places, use pinch-to-zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal-clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Pack*.

CONNECT PRO^{2,3}

Connect Pro consists of InControl Apps, a 4G Wi-Fi Hotspot**, and Pro Services. It's designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey while remaining connected to the world*.

INCONTROL APPS*

Jaguar InControl Apps technology allows vehicle-optimized apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable*. You can also download third-party apps offering a range of services.

PRO SERVICES²

- **Real Time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination*.
- **One-box Search** – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area*.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or go online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transportation options*.
- **Share ETA** – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you*.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

¹Includes Traffic Sign Recognition and Adaptive Speed Limiter. ²Standard on F-PACE Prestige, R-Sport, S and Portfolio models. ³Requires Navigation Pro.

- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view*.
- **Commute Mode** – Allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements, without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.
- **Parking Service** – As you approach your destination, you can see where parking is available. Simply tap on the parking and the navigation system updates to direct you to it.
- **Online Routing** – While you're on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- **Fuel Prices** – When you're going to fill up, the Fuel Price service not only finds gas stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- **Online Media** – Allows for the aggregation of numerous content providers and their personalized content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programmes and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

androidauto

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music, and the Jaguar F-PACE has the option of two different audio systems to bring your music to life:

MERIDIAN™ SOUND SYSTEM¹

Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of ten speakers and a dual channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM²

All the fullness and clarity of a live performance delivered through an arrangement of 16 front, side and rear speakers and a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the center and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

SIRIUSXM® SATELLITE RADIO^{*3}

Optional SiriusXM® Satellite radio technology offers a wide choice of stations and entertainment.

*A 3-month trial subscription to the SiriusXM All Access pack is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico.

¹Standard on all F-PACE excluding Portfolio. ²Optional feature. Not available on F-PACE and Premium models. Standard on Portfolio. ³Optional feature on F-PACE, Premium and Prestige models. Image is representative of Meridian Surround Sound System.

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts, including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that the Jaguar F-PACE is one of the most superb spaces within which to experience sound. Meridian Cabin Correction technology was utilized to analyze cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFERS	WATTS
SOUND SYSTEM	N/A	6	180
MERIDIAN™ SOUND SYSTEM	  	10 + 1	380
MERIDIAN™ SURROUND SOUND SYSTEM	   	16 + 1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian's Cabin Correction tailors the sound experience to the precise acoustics of the Jaguar F-PACE interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD

Exclusive to Meridian, Trifield blends the center and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

Meridian is a trademark of Meridian Audio Ltd.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification.

ASSISTANCE AND EFFICIENCY

DRIVER ASSISTANCE

MAKING DRIVING EASIER

From negotiating city traffic or the highway, to providing additional assistance for you and your passengers, there's a wealth of innovative technologies available; either as standard, optional or as part of an optional pack. Whichever you choose, you'll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

STANDARD FEATURES

Front and Rear Parking Aids make maneuvering even easier. Sensors located in the front and rear bumpers are activated manually, or when reverse is selected. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles*.

Emergency Braking** is designed to detect when a potential frontal collision with another vehicle may occur, and to display a forward alert to warn the driver to brake. If the driver doesn't react, the car will apply the brakes in order to help reduce the severity of the possible impact*.

Cruise Control and Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. In addition, the Speed Limiter will also allow the driver to pre-set a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired*.

Driver Condition Monitor is designed to detect if you're starting to feel drowsy and to give you an early warning when you need to take a break*.

Lane Keep Assist is designed to detect when the vehicle is unintentionally drifting out of the lane and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back*.

Rear Camera provides improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen*.

OPTIONAL FEATURES

Traffic Sign Recognition¹: included with optional Navigation Pro¹, Traffic Sign Recognition is designed to keep you informed and aware on the road by displaying speed limits and 'no overtaking' signs in the instrument cluster, where they can easily be seen. Adaptive Speed Limiter uses Traffic Sign Recognition information to adjust your vehicle's speed accordingly*.

360° Surround Camera uses four digital cameras placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various maneuvers from parking by a curb, to getting in and out of tight spaces. The integrated cameras can also provide assistance when towing*.

Blind Spot Assist² aims to detect other vehicles in your blind spot when you begin to change lanes, and a small warning light illuminates in the corresponding wing mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.
**Please note that if any action is taken, even minimal steering, the Emergency Braking/High-speed Emergency Braking system will assume the driver has resumed control of the vehicle and the system will automatically disengage.

¹Standard on F-PACE Prestige, R-Sport, S and Portfolio models. ²Not available with Driver Assist Pack.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Park Assist

Adaptive Cruise Control

OPTIONAL PACKS

PARK PACK²

The Park Pack enables you to park and maneuver more easily in and out of tight spaces, and into traffic that is obscured by buildings or other vehicles. It features:

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle speed with the brake and accelerator pedals. Graphics and notifications guide you through the maneuvers. Park Assist is also designed to steer you out of a parallel parking space, taking the stress out of parking*. Applicable to exiting parallel spaces only.

360° Parking Aid gives you added confidence when maneuvering in tight parallel spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles*.

Rear Traffic Monitor is particularly useful when reversing out of a parking space. The system is designed to warn you of vehicles, pedestrians or other hazards approaching from either side of your vehicle. It can alert you with both audio and visual warnings even when the view is obstructed*.

DRIVE PACK²

Making trips more relaxing. The Drive Pack includes:

Adaptive Cruise Control is designed to keep your vehicle a set distance from the one in front, should it slow or stop when you're cruising on the highway or travelling in slow-moving traffic. Should the vehicle in front stop completely, the system will help bring your vehicle to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system can be activated from 12 mph up to highway speeds*.

High-speed Emergency Braking** is designed to detect when a potential frontal collision with another vehicle may occur and to display a forward alert to warn the driver to brake. If the driver doesn't react, the car will apply the brakes in order to help reduce the severity of the possible impact*. High-speed Emergency Braking is ready and active from 6 mph to 99 mph†.

Blind Spot Assist is designed to help your vehicle detect another car in your blind spot when you begin to change lanes, and a small warning light illuminates in the corresponding side mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle*.

†Always follow local speed limits.

OPTIONAL PACKS

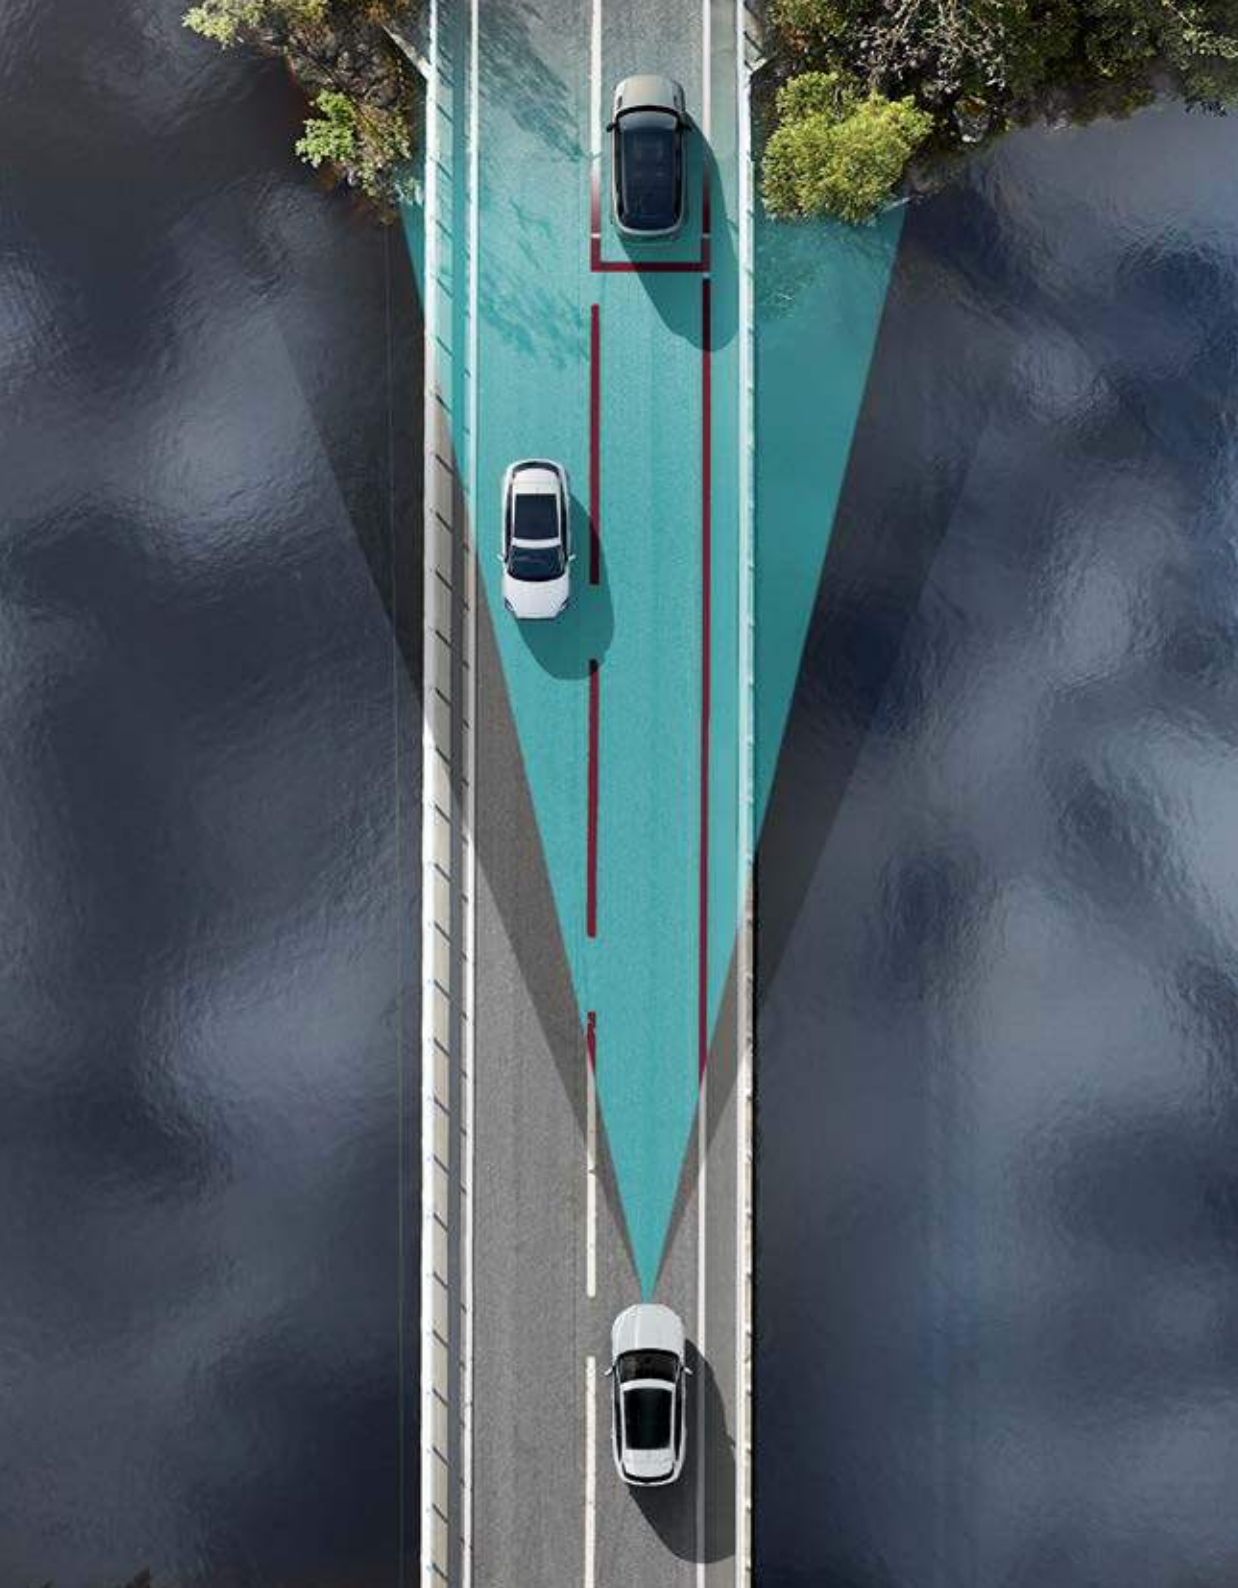

DRIVER ASSIST PACK¹

The optional Driver Assist Pack offers a wide range of driver aids, including the features found in both the Park Pack and Drive Pack (see page 53) together with 360° Surround Camera. It also includes Adaptive Cruise Control with Steering Assist which is designed to center the vehicle in lane and maintains a set distance from vehicles ahead, making driving even easier and more comfortable*.

¹Not available with Park Pack or Drive Pack.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

Adaptive Cruise Control with Steering Assist works with you, assisting with steering, braking and acceleration as you keep your hands on the wheel and anticipate the road ahead. It begins functioning when you press the "set" cruise button. A camera and radar then work together to track vehicles and lanes ahead to maintain a central position for your vehicle, and moderate its speed according to the behavior of the traffic ahead of you. If the vehicle ahead slows, even to a standstill – the feature is designed to automatically help slow your vehicle, bringing it to a stop where necessary to maintain a relaxed and composed drive in busy traffic situations*.

Should you remove your hands from the wheel, the vehicle will provide a warning. If the warning is not heeded then the Steering Assist is deactivated but the Adaptive Cruise Control will remain active*.

FRONT CAMERA

FRONT RADAR

EFFICIENT TECHNOLOGIES

ADVANCED AERODYNAMICS

The aerodynamics are developed and optimized with the aid of Computational Fluid Dynamics analysis. This helps the Jaguar F-PACE cut through the air with ease, meaning less work for the engine.

LIGHTWEIGHT MATERIALS

At every stage of the development process, engineers maximized weight saving across all the car's elements. This produces an optimum balance between best performance and weight saving for greater efficiency.

STOP/START

All Jaguar F-PACE engines come with a Stop/Start system. It shuts down the engine when you come to a complete stop and restarts the engine immediately when required.

ECO MODE

ECO Mode encourages fuel-efficient driving by reducing throttle sensitivity, selecting more economical engine mapping and, on manual vehicles, advising of gear shifts. It also reduces fuel consumption by minimizing the energy demands placed on the engine by climate control and audio systems. A display on the Touchscreen helps you by providing vehicle data and driving tips.

SUSTAINABLE CONSTRUCTION

The aluminum alloy used for much of the construction is from a high level of recycled aluminum. Using significantly less energy than primary aluminum to produce, it minimizes the environmental impact of the Jaguar F-PACE.

LOW-FRICTION TECHNOLOGIES

The Ingenium engine range uses smart coating technologies on pistons, needle roller bearings and other mechanical parts. This helps to reduce friction, especially at low engine temperatures, to achieve more efficient performance.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

VEHICLE SHOWN: JAGUAR F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES

F-PACE SVR THE CONCEPT OF F-PACE SVR

F-PACE SVR is the most significant evolution yet of the award-winning F-PACE. A practical SUV with the DNA of a sports car. SVO's highly skilled Engineers and Aerodynamics Experts have analysed and tested every force acting on every part of the vehicle, in every way possible. Then, armed with this information, heights of precision engineering were achieved to result in something truly special.

Knowledge is more than power, it's also essential in tuning aerodynamics. Our engineers have shaped acting forces in order to deliver breathtaking performance: a mid-size SUV that can roar to 60 mph in a thrilling 4.1 seconds*.

*Always follow local speed limits.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL FEATURES FITTED

EXTERIOR

Designed for uncompromised performance, no single part of F-PACE SVR exists for aesthetics alone. A revised front end with enlarged air intakes and optimally positioned hood vents are there to maximize airflow and cooling. They also give F-PACE SVR an aggressive stance and hint towards the enormous power within.

395mm front brakes and 396mm rear brakes, with red 4-piston front brake calipers, deliver outstanding braking performance. Bolder wheel arches house 21" or optional 22" forged alloy wheels. For increased grip and improved cornering capability, 295mm wide rear tires further underscore the F-PACE SVR sporting prowess.

A spoiler extends the roofline – offering substantial lift reduction and high-speed stability, a highlight of of the F-PACE SVR sports car pedigree. For eye-catching styling, and performance you can hear, the F-TYPE inspired Switchable Active Sports Exhaust system features quad tailpipes in Highly Polished Aluminum. Make all this yours with the art of personalization, which includes the choice between a range of striking exterior colors including Indus Silver and Ultra Blue.

INTERIOR

Whether you're sitting in the front or the back, you connect with the F-PACE SVR from the moment you slide into the form-hugging Performance seats. The 14-way slim-line front seats with memory, climate control and SVR embossing feature a lozenge pattern in perforated Windsor leather. Adding to the sports-car feel, side bolsters hold you snugly in place when cornering. In the rear, matching perforated Windsor leather Performance seats offer even more lateral support than in the standard F-PACE – especially during enthusiastic driving.

The 3-spoke sports steering wheel is wrapped in leather and features contrast stitching and SVR badging. The SportShift Selector, a detail inspired by F-TYPE, is simple and intuitive to use. For fast, manual changes without the need for the driver to take their hands off the wheel, gear changes can also be made using the aluminum gearshift paddles. For a strikingly different look, choose from four high-impact interior color combinations to create your perfect F-PACE SVR.

PERFORMANCE

Here are some figures to set your pulse racing, before you even get inside the car. The 5.0 liter V8 Supercharged Gas engine delivers an astonishing 550HP and 502 lb-ft of torque. It accelerates from 0-60 mph in just 4.1 seconds, on its way to a top speed of 176 mph.

Jaguar's 8-speed Automatic Transmission has been specifically tuned by Special Vehicle Operations – this system combines precise shifting with an exceptionally rapid response. Eight closely spaced ratios provide strong acceleration, with each shift completed in just 200 milliseconds. The bespoke aerodynamics allow this raw power to be released completely unhindered as it slices through the air, creating a thrilling drive without compromise.

Throttle response has been optimized for improved feedback, while a final drive ratio delivers a precise driving experience. Jaguar's advanced torque-on-demand All Wheel Drive system dispatches torque to the wheels that have most traction – delivering improved grip and control for confident handling*.

The Switchable Active Sports Exhaust system reacts to throttle position, speed and engine revs by opening a set of active valves. This allows exhaust gases to take a more direct route through the rear silencer, producing a much richer, more exhilarating sound.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

NEW F-PACE CHECKERED FLAG

F-PACE Checkered Flag captures the essence behind Jaguar's signature characteristics. Starting at its front profile, a performance-focused S front bumper with body-colored cheeks adds a sporting emphasis to the air intakes. Then, to amplify its all-round muscular form, F-PACE Checkered Flag has been equipped with the Black Exterior Pack - which contains a suite of Gloss Black-finished exterior accents. This includes the side window surround, grille surround, door cladding, and the exclusive Checkered Flag badged side vents, distinguishing its individuality. Assertive styling underpins this edition, continuing inside with an R-Sport leather interior focused around the driver. Choose between two impressive color options: Ebony and Pimento, or Ebony with a Light Oyster contrast stitch.

Features:

Available with Ingenium 2.0 liter 4-cylinder 247HP AWD Turbocharged Gas engine.

Exterior:

- Available in Yulong White, Eiger Grey or Santorini Black • Full Black Pack, including a Gloss Black finish to the side window surround, side vents with Checkered Flag badge, grille surround and door claddings • S front bumper with body-colored cheeks • Gloss Black roof rails • 20" Style 5035, 5 spoke, Gloss Black.

Interior:

- Interior colors: Ebony/Pimento or Ebony/Light Oyster stitch • 18-way electric front sport seats with driver memory • Metal treadplates with Checkered Flag branding • Meshed Aluminum trim finisher • Touch Pro • Navigation Pro • Interactive Driver Display • Connect Pro • Meridian™ Sound System • CD/DVD player.

NEW F-PACE 300 SPORT

F-PACE 300 SPORT demands attention. A distinctive Yellow theme begins at the branding on the brake calipers, and continues in the grille and tailgate 300 SPORT badges. Alone, it is nothing short of eye-catching. But combined with the Dark Satin Grey exterior trim, it creates a striking contrast that you just can't pull your eyes away from. Inside, the contemporary, driver-focused design has undergone the 300 SPORT treatment. Embossing to the headrests, badging on the soft grain leather steering wheel, and Yellow contrast stitching throughout, defines the nature of this edition – exciting, and full of personality.

Features:

Available with 2.0 liter 4-cylinder 296HP AWD Turbocharged Gas engine.

Exterior:

- Available in Yulong White, Indus Silver or Santorini Black • Dark Satin Grey accents on the Gloss Black grille's surround, the front bumper, the rear bumper valance, the side window surround and the side door finishers • Gloss Black roof rails • 20" Style 5035, 5 spoke, Satin Dark Grey with contrast Diamond Turned finish • 300 SPORT branded Black brake calipers • 300 SPORT grille and tailgate badge.

Interior:

- Ebony leather interior with Yellow contrast stitching throughout • 300 SPORT front headrest embossing • 18-way electric front sport seats with driver memory • 300 SPORT branded soft grain leather steering wheel with Yellow contrast stitch • Aluminum gearshift paddles • 300 SPORT carpet mats with Yellow contrast stitching • 300 SPORT treadplates • Touch Pro • Navigation Pro • Interactive Driver Display • Connect Pro • Meridian™ Sound System • CD/DVD player.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

**Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. †Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

To find out more about the full range of Jaguar Gear Accessories, please visit your authorized Jaguar Retailer or go to jaguarusa.com/accessories

Ski/Snowboard Holder¹
C2A1538

¹Requires roof rails and roof cross bars. ²Requires Click and Go base. ³Standard on F-PACE SVR.

VEHICLE SHOWN: JAGUAR F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES

Luggage Compartment Finisher
T4A4072PVJ

Luggage compartment finisher enhances the luggage compartment area and protects the lip when loading or unloading. Manufactured from stainless steel with a brushed, Bright finish, it provides a premium finish to the luggage compartment area.

Union Jack Sill Treadplates
T4A5867PVJ - Ebony

Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors featuring a distinctly British design.

Click and Play - iPad® 2-4²
J9C2163

Click and Play is a removable tablet holder attachment which is available for various tablets, and can be easily positioned in multiple angles for in-cabin comfort and rear entertainment.

Click and Hang²
J9C2167

Central Armrest Chiller / Warmer
T2H7739

Food and drinks chiller and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long trips with the family.

Aluminum Gearshift Paddles³
T2R6547MMU

Replacement steering wheel gearshift paddles offered in a premium aluminum material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminum, the paddles are hand brushed for a premium finish and anodized to ensure they will not deteriorate with wear. Also available in red finish.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguarusa.com

Carbon Fiber Side Power Vent
T4A12419 - Left Side
T4A12418 - Right Side

High grade Carbon Fiber side power vents provide a performance-inspired styling upgrade.

Gloss Black Side Power Vent
T4A4307 - Left Side
T4A4304 - Right Side
T4A4309 - Left Side (R-Sport)
T4A4306 - Right Side (R-Sport)

Gloss Black side power vents provide a dynamic exterior styling enhancement.

Wind Deflector
T4A7371

Simple to fit and remove, these wind deflectors will add to front seat passenger comfort by allowing air to circulate the cabin while reducing drafts and discouraging rain from entering the vehicle. Kit includes two front and two rear deflectors.

Carbon Fiber Mirror Cover
T4A7226

High grade Carbon Fiber mirror covers provide a performance-inspired styling upgrade.

Gloss Black Mirror Cover
T4A12007

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Chrome Mirror Cover
T4A7131

Chrome mirror covers accentuate the stylish design of the exterior mirrors.

*Requires harness, module and reinforcing plate.

Deployable Side Steps*
T4A12783 – Left Side
T4A12780 – Right Side

These smart, practical steps make it easier to get in and out of the vehicle and improve access to the roof. Neatly stored under the sills, the side steps automatically deploy as soon as the door is opened. They store automatically when the door is closed.

Fixed Side Steps
T4A11848

The side steps aid entry and exit to the vehicle and improve access to the roof. Design features Jaguar branding and includes bright stainless steel edge trim and a rubber tread mat, to complement the vehicle's exterior styling cues.

Bright Side Tubes
T4A13311

Highly polished stainless steel side tubes complement the vehicle's exterior style.

Front Splash Guards
T4A18270

Jaguar branded, front splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

Rear Splash Guards
T4A12743

Jaguar branded, rear splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

All-Weather Car Cover
T4A4215

All-weather tailored cover for the Jaguar F-PACE with the Jaguar logo. Protect your Jaguar F-PACE from the elements including rain, frost and dust. Quick and easy to fit.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguarusa.com

Luggage Compartment Rubber Mat¹
T4A16371

Light and durable, it is easily removable for cleaning.

Luggage Compartment Luxury Carpet Mat¹
T4A4217

Premium luggage mat in jet black, 60.40 oz/yd² weight, deep-pile carpet with nubuck edging and dove contrast stitch.

Luggage Compartment Partition Net²
T4A8449

Convenient partition net fitting to luggage compartment D-loops and fixings in roof lining.

Luggage Compartment Partition - Divider³
T4A11741

Offered as an addition to the full or half height luggage compartment partition to separate the cargo area into two sections across the width of the vehicle.

Pet Care and Access Pack⁴

Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the quilted cargo space liner, pet access ramp, portable rinse system, and full height luggage partition.

Bumper Protector
T2H17216

Convenient pull out protector provides protection for the rear bumper from scratches and scuffs, helping to prevent clothing from collecting dirt from the bumper during loading/unloading. Manufactured from a robust fabric material the bumper protector has been designed to concertina into the space under the luggage compartment floor for storage.

¹Not available with full size spare wheel.

²Not compatible with rear loadspace cover or flexible loadspace liner.

³Not compatible with rear cargo area cover, rubber cargo area liner and not available for vehicles with full size spare wheel.

⁴Pet Pack can be fitted with either rubber liner (T4A5569) or rubber mat (T4A16371). ⁵Requires roof rails. ⁶Requires roof cross bars.

Roof Cross Bars⁵
T4A13875

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Ski/Snowboard Holder⁵⁶
C2A1538

A secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

Water Sports Carrier⁵⁶
C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or paddleboard. Tilts to facilitate loading/unloading.

Wheel Mounted Cycle Carrier⁵⁶
C2A1539

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted. Maximum cycle weight 44.1 lbs per carrier. Requires roof cross bars T4A13875. Suitable for an adult-sized bike. Small/child-sized bike not applicable for fitment. Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.

Roof Sport Box - Large⁵⁶
T2H7753

Power-click quick mounting system with integrated torque indicator for easy and secure fixing with a single-handed grip. The 15.2 cu.ft. large roof sport box opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Gloss Black finish and lockable for security.

UV Sunshade - Front Windshield
T4A18303

Tailor-made for the Jaguar F-PACE windshield and features Jaguar branding. Reflects the sun's rays and helps to keep the interior of the vehicle cool.

THE WORLD OF JAGUAR

Your Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience Centres, or take part in the Art of Performance Tour. New sensations await.

jaguarusa.com/experience-jaguar/index

JAGUAR LAND ROVER ICE ACADEMY

Take your driving to the next level with Jaguar Land Rover Ice Academy. Located on one of the many frozen lakes in Arjeplog, Sweden, your driving skills will be tested through tackling some of the harshest, most challenging tracks on the planet. It's a rare chance to dance on ice and glide around awe-inspiring corners, all under the expert guidance of our instructors. Encounter the true exhilarating potential of the latest Jaguar and Land Rover vehicles in extreme conditions.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

JAGUAR ELITECARE*

Enjoy your Jaguar with peace of mind. The Jaguar F-PACE is backed by Jaguar EliteCare, our coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl Remote & Protect™.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your Jaguar F-PACE to contribute to optimum performance and to help maximize its lifespan.

FLEET & BUSINESS

Jaguar vehicles are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguarusa.com/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Optimized Assistance provides assistance in motoring emergencies, from immobilization due to breakdown to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle's warranty period.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

COLORS

Images are provided for illustrative purposes only. Colors reproduced on-screen may vary compared to actual finish. The company reserves the right to alter or withdraw any color or finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Jaguar Retailer. Distributors and Retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.

Search 'Jaguar Environmental Innovation' for more details.
