

2010 Jeep[®]
Commander

Commanding presence.

With its up-sized profile and configurable three-row interior, the 2010 Jeep® Commander is built to take command of every road it travels. Commander takes on all challenges with the combination of world-class Jeep brand capability and a very long list of standard and available premium features. Choose from two Commander models, the big-value Sport and the very well-appointed Limited. Then take it from there. You can outfit Commander with innovative features like the Media Center radio with GPS navigation, SIRIUS Backseat TV,TM Jeep Memory System, heated second-row seats, or the Trail Rated® Quadra-Drive® II active four-wheel-drive system with its Electronic Limited-Slip Differentials, to name just a few. Head out with purpose, and build from there. This is how you enjoy living the Jeep life and everything it has to offer. This is Jeep Commander.

How a trademark becomes a benchmark.

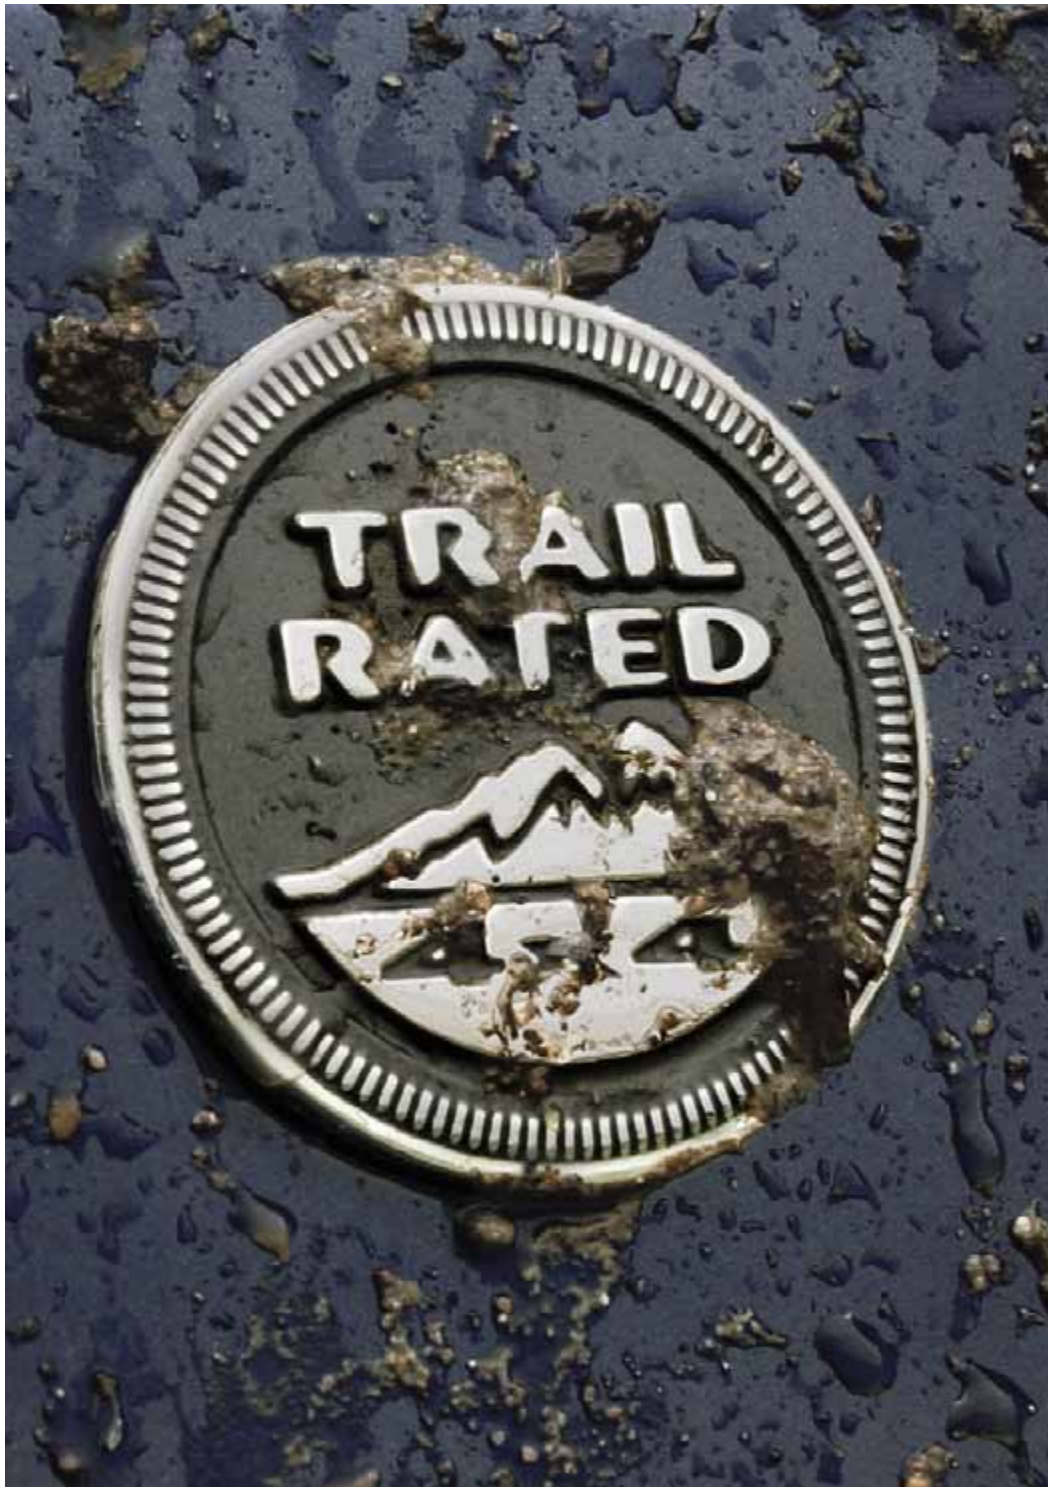

Tackle a rock-laden mountaintop or cruise over city streets drenched with rain or snow with complete confidence.

For 4WD brawn, Jeep® Commander offers three options. Quadra-Drive® II steps to the head of the class with its front and rear Electronic Limited-Slip Differentials (ELSD) that can help transfer 100 percent torque to any one wheel with traction. Quadra-Trac II® offers all-speed traction control to help keep you on course. If wheel slippage is detected, up to 100 percent of the available torque can be routed to the axle with the most traction. Shift into low range for rock-crawling prowess. Quadra-Trac I® is standard on Sport 4WD. This full-time system operates smoothly, with no driver interaction required. Under normal driving conditions, torque is distributed 48 percent to the front wheels and 52 percent to the rear wheels. If wheel slippage occurs, the integrated traction control system helps transfer torque to the axle with traction for secure 4WD capability.

Powerful and efficient, the available 5.7L HEMI® V8 engine's 357 hp and 389 lb-ft of torque jet you into passing and merging mode with ease. Maintain your cruising speed and the Multi-Displacement System (MDS) can deactivate four of the engine's eight cylinders, boosting fuel efficiency. The available 3.7L V6 engine is an efficient,⁽¹⁾ durable and strong performer that operates smoothly and quietly, an economical choice that's proven to serve well.

⁽¹⁾EPA estimated mpg 15 city/20 hwy (2WD model).

JEEP TRAIL RATED® vehicles are designed to perform in a variety of off-road conditions. Five performance categories outline the superior capabilities that all Trail Rated vehicles share.

ARTICULATION

A Trail Rated suspension system is limber like a gymnast. How exactly? Flexibility is the key to good articulation. The more a wheel can travel, and suspension flex, the better it can maintain contact with terra firma and provide the traction needed to cross an array of obstacles.

TRACTION

The vehicle maintains forward momentum through the tires staying in contact with the road or trail. Trail Rated traction helps you stay in control on untamed terrain, slippery (wet, mud, snow) conditions, and on steep grades.

MANEUVERABILITY

Athletic. Agile. Trail Rated. Jeep 4WD vehicles have the footwork to help navigate narrow gaps, dodge emergency situations and avoid cosmetic damage to the underbody thanks to precision steering and optimized wheelbases.

GROUND CLEARANCE

Help keep your belly out of the mud. Clear nasty logs, rocks, and uneven ground while helping to prevent undercarriage damage. Trail Rated vehicles feature optimized approach, departure, and breakover angles to keep you in the clear.

WATER FORDING⁽¹⁾

Hit that riverbed with confidence. A Trail Rated Jeep vehicle features additional electrical and body sealing, along with a high air intake location for optimum water fording capability.

⁽¹⁾Do not attempt water fording unless depth is known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas.

The world is its **natural habitat.**

Air bags shown deployed for illustrative purposes only.

Air of confidence.

★ ★ ★ ★ ★
FIVE-STAR

HIGHEST GOVERNMENT
FRONT CRASH TEST RATING

The 2010 Jeep® Commander has earned the U.S. government's highest rating — Five Stars — for front-impact crash testing for driver and front passenger,⁽¹⁾ as rated by the National Highway Traffic Safety Administration (NHTSA).

Commander's robust Electronic Stability Control (ESC)⁽²⁾ includes Electronic Roll Mitigation (ERM), antilock brake system (ABS) and Brake Assist, all-speed traction control and available Trailer Sway Control (TSC). By alternating brake pressure, TSC helps reduce trailer sway and improves handling in adverse towing conditions caused by crosswinds and traffic. When the network of ESC sensors detect that you're veering off your intended path, this system instantaneously takes action to help keep you moving forward.

Hill Start Assist (HSA) and Hill Descent Control (HDC) are available features that employ automatic braking to help get you up and down the mountain. Optional High Intensity Discharge (HID) headlamps with an auto-leveling feature improve nighttime visibility by casting a beam of light three times brighter down the road. The Tire Pressure Monitoring Display System, standard on Limited, gets your attention by displaying 'LOW TIRE' in addition to the warning lamp and audible chime, to notify you if any tire loses significant air pressure.

Standard side-curtain and advanced multistage front air bags⁽³⁾ work in tandem to help provide protection.

The available rain-sensing automatic wiper system goes into action the moment raindrops hit the windshield.

⁽¹⁾Star ratings are a part of the U.S. Department of Transportation's SaferCar.gov program (safercar.gov). ⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. ⁽³⁾The Advanced Front Air Bags in this vehicle are certified to the new Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. ⁽⁴⁾Always check entire surroundings before backing up.

We've got your back with ParkView.®

Feel secure by selecting the available ParkView Rear Back-Up Camera.⁽⁴⁾ The system includes a rear-facing camera that brings previously hidden objects directly behind you into view. Simply shift into Reverse and the camera automatically activates. To further aid the driver, the standard ParkSense® Rear Park Assist System⁽⁴⁾ detects obstacles using ultrasonic sensors in the rear bumper that send audible and visual signals which increase in intensity the closer to an object the vehicle gets.

Sky-high tech.

With Uconnect™, you're always connected — to people, places, music, movies, and the Internet.

Voice Command. Lets you select radio stations, satellite radio channels,⁽¹⁾ and navigation⁽¹⁾ destinations using voice commands. Works with all Uconnect Media Center radios. Included with Uconnect Phone.

Uconnect Phone. Lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync⁽²⁾ lets you call anyone in your address book by saying their name.

Audio Jack. Connect a 3.5-mm audio cable from your MP3 player, phone, or electronic book reader to play audio through your car's speakers.

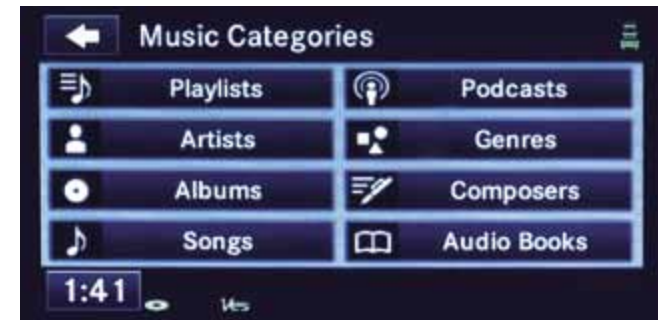

Media Center 730N AM/FM/CD/DVD⁽³⁾ Radio with 30GB Hard Drive and GPS Navigation. 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio,⁽⁴⁾ SIRIUS Traffic™ and Voice Command.

iPod® Control. Connect most iPod compatible devices to your car's stereo using the in-car cable; then control them with your radio or steering wheel controls. Keeps the devices charged too.

Uconnect Web.⁽⁵⁾ An in-car router that connects any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web and social networks, look up directions, check eMail or download music. Uconnect Web is an Authentic Jeep® Accessory by Mopar. Subscription required, sold separately.

Rear Seat Entertainment and SIRIUS Backseat TV.™ Passengers can play DVD movies or connect gaming consoles to a 9-inch screen. Available SIRIUS Backseat TV channels provide a never-ending supply of live content on three of the best family friendly channels.

⁽¹⁾When satellite radio and navigation features are equipped on your vehicle. Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ⁽²⁾Phone must support Bluetooth Phone Book Access Profile (PBAP). ⁽³⁾In-dash DVD capability not available in all states. See your dealer for details. ⁽⁴⁾SIRIUS service available only in contiguous United States and D.C. Service available in Canada; see siriuscanada.ca. Subscription required after 12-month subscription included with vehicle purchase. Subscriptions governed by SIRIUS Terms & Conditions available at sirius.com. SIRIUS, XM, and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. ⁽⁵⁾The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion.

Jeep® Commander Limited interior shown in Dark Slate Gray.

Exclusive insider's **view.**

The highly trimmed 2010 Jeep® Commander appeals to a discriminating crowd. The cabin provides a look into a world filled with all-around comfort. Fine standard appointments and exceptional options set the style bar as high as the capability that lies beneath Commander's cabin. For example, the chrome and leather-appointed cabin can be fitted with heated leather-trimmed seating for passengers in both the front and second rows.

Commander's interior can be perfectly prepared for your arrival with the available remote start system that allows you to start your vehicle in advance via the key fob. Then automatically maintain perfect temperatures for the driver and the front and rear passengers with the available Infrared Dual-Zone Temperature Control with its solar sensors and rear-seat outlets.

Commander Limited offers a firm grasp on the finer things in life, with a leather-wrapped, chrome-accented tilt/telescoping steering wheel that includes audio and speed controls. Chrome and woodgrain interior trim on the instrument panel, doors, and shift console and premium leather-trimmed seats fill your inner world with plush comfort where it counts.

Fresh air, sunlight and engineered audio come together in the available Sun/Sound Group, with its massive front-row power sunroof and class-exclusive fixed-panel CommandView® Dual Skylights that extend over and above the second-row seats. New for 2010 — leather-trimmed seats with heated front seats and ParkView® Rear Back-Up Camera⁽¹⁾ are included in this well-appointed package. Add the Media Center 730N touch-screen navigation radio which includes a 30GB hard drive with 4,250 song capacity for all-around good times.

⁽¹⁾Always check entire surroundings before backing up.

Details that make a big difference.

Standard third-row seating provides 15 different seating and cargo configurations. The available DVD Rear Seat Video Entertainment System (VES[®]) features a generous 9-inch screen. Commander has plenty of room to carry five adventurers plus their gear or a party of seven as the need arises.

Properly secure all cargo.

Jeep® Commander Limited shown in Inferno Red Crystal Pearl.

A wild spirit that **minds its manners.**

The 2010 Jeep® Commander appeals to a discriminating crowd with a proper taste for adventure. Rugged UniFrame construction, variable-ratio rack-and-pinion steering, and an independent front and a multilink rear suspension system help ensure strong handling. The available SmartBeam™ intelligent headlamp system automatically and quickly adjusts high-beam brightness and intensity.

Appearances can be intriguing and it's exceptionally true for Commander Limited. It stands ready to serve with premium fender flares with chrome-styled rivets, rear chrome assist handles, and bright license plate brow. Limited faces off with a body-color grille with Satin Silver lower lip that's stylishly understated. Limited's powertrain brings world-class capability into play with the 5.7L HEMI® V8 engine with its efficient Multi-Displacement System (MDS) and available Quadra-Drive® II 4WD with Electronic Limited-Slip Differentials (ELSD) that can transfer torque to any one wheel with traction within a fraction of a second. Keeping you rolling with Commander's most valued finery and a lineup of impressive standard features, Commander Sport delivers. Chrome bodyside moldings and a bright grille give Sport a distinguished profile. It arrives with a capable complement of power, including the 3.7L V6 engine and the always-at-the-ready Quadra-Trac I® full-time 4WD system.⁽¹⁾

When properly equipped, Commander can tow up to 7,400 lb, allowing you to head out fully loaded for all types of adventures on land, sea, or higher altitudes above the clouds.

⁽¹⁾4WD models only.

Go everywhere, see everything.

Commander's available High Intensity Discharge (HID) headlamps widen and lengthen the reach of your regular beams, helping you see what lies ahead during nighttime travels.

POWERTRAIN			BODY/SUSPENSION/CHASSIS	
Engine	3.7L V6	5.7L HEMI® V8	Body Design UniFrame construction: All-steel body sheet metal and frame structural members welded and bonded into a single unit	
Displacement (cu in)	226	345		
Horsepower (DIN @ rpm)	210 @ 5,200	357 @ 5,200		
Torque (SAE net lb-ft @ rpm)	235 @ 4,000	389 @ 4,350		
Axle Ratio	3.07:1	3.73:1	Suspension	
Fuel System Sequential multipoint electronic fuel injection			Front: Short/long arm (SLA) independent design with coil springs, gas-charged, twin-tube coil-over shock absorbers, upper and lower control arms ("A" arms) and stabilizer bar	
Variable Valve Timing , a technology utilized in Formula One race cars, is now featured in the 5.7L HEMI® V8. VVT offers increased engine breathing throughout the rpm range by varying the degree that the valves open and close in conjunction with piston position. Results are tangible: better performance, more efficient operation and increased torque for towing and hauling.			Rear: Solid (live) axle, 5-link with tubular track bar, twin-tube coil-over shock absorbers and stabilizer bar	
Multi-Displacement System (MDS) Deactivates 4 cylinders (1, 4, 6, and 7) during steady speeds between 40-60 mph, low acceleration and shallow-grade climbing conditions. Fuel economy is improved up to 6 percent, depending on driving habits [™] (5.7L)			Steering Rack-and-pinion, power-assisted	
Transmission 5-speed automatic with Electronic Range Select, adaptive electronic control, Brake-Park Interlock and electronically modulated torque converter (3.7L) Multispeed automatic with 5 forward speeds, alternate 2nd gear, Electronic Range Select, Tow/Haul feature, Brake-Park Interlock and electronically modulated torque converter (5.7L)			Overall Ratio 17.4:1, 15.5:1	
FOUR-WHEEL-DRIVE SYSTEM (transfer case)			Turns (lock-to-lock) 3.14	
Quadra-Trac I® NV140[™] Full-time; single-speed with 48/52 front/rear torque split and open front, center, and rear differentials (3.7L)			Turning Diameter (ft) curb-to-curb 37.4	
Quadra-Trac II® NV245 Active full-time; 2-speed with low range (2.72:1) and neutral, variable with 48/52 front/rear default torque split, electronically controlled clutch pack coupling in center differential and open front/rear differentials (5.7L)			Brake System	
Quadra-Drive® II NV245 Active full-time; 2-speed with low range (2.72:1) and neutral, variable with 48/52 front/rear default torque split, electronically controlled clutch pack coupling in center differential and front and rear Electronic Limited-Slip Differentials (5.7L)			Front: Power-assisted disc brakes; 12.9" rotor diameter	
			Rear: Power-assisted disc brakes; 12.6" rotor diameter	
			Electronic Stability Control (ESC)[®] 4-channel, 4-wheel antilock with active wheel-speed, vehicle-speed, steering-wheel angle, yaw-rate, lateral-acceleration sensors, vehicle stability management with two-stage activation switch, all-speed traction control, Brake Assist, Electronic Roll Mitigation (ERM) and Electronic Brake Distribution (EBD)	
CAPACITIES/WEIGHTS/TOWING (pounds unless otherwise specified)			INTERIOR DIMENSIONS (inches unless otherwise specified)	
Fuel Tank (gal)	21.1		Seating Capacity (with 3 rows of seating) 7 Adults	
Base Curb Weight (Limited), 2WD/4WD	4,643/4,829		Head Room , row 1/2/3 42.1/40.2/35.7	
Payload Capacity (all occupants and cargo)			Leg Room , row 1/2/3 41.7/36.1/28.9	
3.7L V6, 2WD/4WD	1,340/1,320		Shoulder Room , row 1/2/3 59.0/58.5/50.6	
5.7L HEMI V8, 2WD/4WD	1,220/1,230		Hip Room , row 1/2/3 55.6/54.0/44.6	
Maximum Gross Vehicle Weight Rating			Cargo Volume (cu ft), rear seats folded 68.8	
3.7L V6, 2WD/4WD	6,200/6,400		EXTERIOR DIMENSIONS (inches unless otherwise specified)	
5.7L HEMI V8, 2WD/4WD	6,200/6,500		Wheelbase 109.5	
Maximum Towing Capacity (when properly equipped)			Overall Length 188.5	
3.7L V6, 2WD/4WD	3,500/3,500		Overall Width (at mirrors) 89.0	
5.7L HEMI V8, 2WD/4WD	7,400/7,200		Track front/rear 62.6/62.6	
Tongue Load Limit (V6/V8)	525/750		Height (overall with roof rails) 75.6	
			Running Ground Clearance (at base curb weight) 8.3	
			Approach Angle/Departure Angle 34°/27°	
			Breakover Angle 21°	

[®]EPA est. 14 city/20 hwy mpg on 2WD models. Fuel savings vary depending on driving habits and conditions.[®]Quadra-Trac I is not appropriate for conditions or situations where low range is required, such as severe off-road driving.

This chart is meant to serve as a quick and easy reference guide on how to properly equip your Jeep Commander for towing. For specific details, discuss your plans with your Jeep dealer, who will help you select the right equipment to meet your specifications.
