CAPABILITY

FOR A SERIOUS EXPLORATION OF WORLDLY WILDS, THE CAPABLE 2012 JEEP® PATRIOT EXPANDS YOUR VIEW WITH MODERN TOUCHES, PLUS A TRAIL RATED® SOUL WITH ONE INCH OF ADDITIONAL GROUND CLEARANCE THAT'S YOURS FOR THE TAKING. AN ALL-WEATHER TRAVELER WITH IMPRESSIVE 4x4 FUEL ECONOMY OF AN EPA ESTIMATED 28 HWY/22 CITY MPG, PATRIOT FEARS NO MUD, ICE, OR SNOW, AND FULLY RETAINS ITS AUTHENTIC JEEP BRAND ROOTS.

FREEDOM DRIVE I™

Active, full-time 4WD capability with LOCK mode, features Electronically Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. In tough conditions, the system can be locked 50/50 front/rear for added low-speed capability and control. Available.

FREEDOM DRIVE II®

Trail Rated® full-time 4WD with LOCK mode, Off-Road mode with Hill Descent Control (HDC) and Brake Traction Control. Torque is adjusted on-demand for added fuel economy. Its all-weather capability expertly handles more difficult off-road situations, as well as deeper snow, mud, and up to 19 inches of water.^{(1)*} Available.

2.4L DOHC 16V ENGINE

This powerhouse zooms off to achieve an EPA estimated 4x4 fuel economy of 28 hwy/22 city mpg while delivering 172 hp supported by 165 lb-ft of torque. The engine's dual Variable Valve Timing electronically controls both intake and exhaust valves, four valves per cylinder (16V total), helping to improve power and encourage an economic performance. Available.

VALUE

Jeep Patriot offers superb value in tandem with its capability. With a standard roster of safety and security features, along with a cabin that takes the meaning of pleasure trips up a notch or two, the rewards for driving an authentic legend are many.

CVT2L

The Continuously Variable Automatic Transaxle (CVT2) with AutoStick uses a 30-mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed, resulting in a smooth and quiet ride. The AutoStick shifter puts optimal vehicle performance and an impressive 19:1 crawl ratio under your command. Available.

ALL-WEATHER GROUP

When the weather gets tough, no one wants to get caught in the mud, snow, or rain. Add this Group, and you'll have extra chops to safely get where you're going, plus the ability to help others in need. Includes tow hooks, engine block heater, all-season floor mats, daytime running headlamps, All-Terrain tires, and 17-inch aluminum wheels. Available.

GUARDIAN HERO.

PATRIOT'S EMPHASIS ON PASSENGER SAFETY AND SECURITY IS EVIDENT WITH ITS 30-PLUS AVAILABLE FEATURES THAT GUARD AND PROTECT. FROM ITS ADVANCED ELECTRONIC STABILITY CONTROL (ESC)⁽²⁾ TO ITS HEATED POWER EXTERIOR MIRRORS, PATRIOT WORKS TO KEEP YOU SAFELY MOVING FORWARD. YOUR ALL-WEATHER HERO IS ALWAYS ON DUTY — COME RAIN, SHINE, OR NEW-FALLEN SNOW.

ELECTRONIC STABILITY CONTROL

(ESC).⁽²⁾ An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates a four-wheel antilock brake system (ABS) with hydraulic Brake Assist, all-speed traction control, and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course. When needed, the system automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected. Standard.

ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS.⁽⁴⁾

These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity. Standard.

SAFETY CAGE. A Jeep® engineered safety cage structure contains a front crumple zone specifically designed to absorb energy during a frontal impact.

TIRE PRESSURE MONITORING SYSTEMS. Embedded sensors monitor the pressure in the tires and immediately notify the driver when levels drop below the minimum acceptable level. Standard.

HEATED POWER EXTERIOR MIRRORS. Melt snow and ice off your sideview mirrors as you warm up your interior or while driving. Available.

SENTRY KEY.® A unique embedded key code matched only to your vehicle helps keep your Patriot safely where it belongs. Standard.

SUPPLEMENTAL SIDE AIR BAGS.⁽³⁾

These deploy from the outboard side of each front seat to enhance protection of the driver and front passenger in certain impacts. Each side air bag has its own sensor to autonomously trigger the air bag on the side where the impact occurs. Available.

HALOGEN HEADLAMPS AND FOG LAMPS. These bright sources of light improve down-road visibility at night or during inclement weather. Standard.

HILL START ASSIST (HSA). This system works to prevent Patriot from rolling away when starting the vehicle on an up-or downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard on manual transaxle models, and included with the Trail Rated® Freedom Drive II® Off-Road Group. Standard.

FRONT-SEAT ACTIVE HEAD RESTRAINTS.⁽⁴⁾ In the event of a rear-end collision, the head restraints move forward and upward to decrease the space between the head restraint and occupant's head, thereby helping to reduce the chance of injury. Standard.
