From lush valleys
to dynamic cities,
Grand Cherokee offers
a supremely capable
platform to engage and
expand your world.

GO MOBILE. Take an engaging, multimedia tour of your vehicle on your mobile device. Visit the Chrysler Group LLC page in iTunes® from your smartphone or iPad® to download the most up-to-date apps on all of the company's vehicles. Log on to the jeep.com mobile site for a comprehensive, at-a-glance review of what you need to know about your Jeep® vehicle. Experience visual and interactive demonstrations of the entire lineup, gaining access to product information at your fingertips, wherever you go.

JEEP. SOCIAL ADVENTURES. Expand your horizons to include authentic and active Jeep online communities. Post stories, share photos, watch videos, and get the latest news from Jeep gearheads and engineers. Fellow Jeep enthusiasts are waiting to hear from you on Facebook (facebook.com/Jeep), Twitter (twitter.com/Jeep), Flickr (flickr.com/Jeep), and on YouTube (youtube.com/TheJeepChannel). Tune in, turn us on, and get out into the virtual world where thrilling adventures are happening every single day.

JEEP. JAMBOREES. For those who are driven by an adventurous spirit, we invite you to join us on the trail. You can head for parts unknown or return to fun, familiar places. Jeep Jamboree USA offers off-road adventure weekends that bring together the outdoors, down-to-earth people, and their Jeep 4WD vehicles. We invite you to explore America's remote backcountry, where great friendships and memories are made.

PINK LINE INDICATES INSERT POSITION

(1) Jeep Grand Cherokee has received more awards over its lifetime than any other SUV. (2) Based on latest available competitive information and Word's segmentation. (3) Do not attempt water fording unless death known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (4) A/C is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. (5) When equipped with available Trailer Tow Group. (6) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice, and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (7) SiriusXM service requires a subscription, sold separately after 12-month trial included with vehicle purchase. **If you decide to continue your SiriusXM service at the end of the trial subscription, the plan you choose will automatically renew and bill at the current rates until you call SiriusXM at 1-866-635-2349 to cancel.** See our Customer Agreement for complete terms at siriusxm.com. Sirius satellite service is available only to those at least 18 and older in the 48 contiguous United States, D.C., and P.R. (with coverage limitations). SiriusXM Traffic is available in select markets. See siriusxm.com/traffic for more information. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio Inc. (8) Phone must support Bluetooth Phone Book Access Profile (PBAP). (9) Unconnected Web feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. Subscription required. (10) Always check entire surrounding visually before reversing. (11) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (12) ECW system is solely an alert system for the front of the vehicle which does not take any actions to change vehicle dynamics to avoid a collision, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. (13) The Advanced Front Air bags in this vehicle are certified to the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (14) Always check visually for vehicles prior to changing lanes.

CONNECTIONS WITH LIKE-MINDED FRIENDS. EXPAND YOUR
ADVENTURES IN EVERY DIRECTION BY VISITING **JEEP.COM.**

Sculpted to
achieve exemplary
marks in aerodynamics,
Grand Cherokee's exterior
surfaces exude timeless
style and grace.

» **JEEP® SELEC-TERRAIN® TRACTION MANAGEMENT SYSTEM.** Revel in the challenge of all-weather driving. When road conditions suddenly change, this available traction management and torque distribution system lets you adjust accordingly to help you keep moving forward safely.

» **INDEPENDENT SUSPENSION.** The isolated cradles in Grand Cherokee's front and rear suspension systems help absorb troubling bumps as if they were never in your way.

» **SMOOTH STEERING.** Grand Cherokee's electrohydraulic power steering provides the natural, smooth feel of a sophisticated conventional hydraulic power steering system while simultaneously helping to improve efficiency by using electric power instead of drawing power from the engine.

» **HEADLAMP WASHER SYSTEM.** Poor visibility during inclement weather is a real safety issue. Overland Summit® works to help maintain clear night vision by keeping your headlamps free of mud, ice, and debris.

ALL-WEATHER GLAMOROUS

TO THE OCCASION

CLASS-EXCLUSIVE² **QUADRA-LIFT**[®] AIR SUSPENSION

FINELY TUNED TECHNOLOGIES MERGE FOR
ULTIMATE RIDE-HEIGHT CONTROL. ONE TOUCH
GAINS YOU MASTERY OF THE TERRAIN BELOW.

PARK MODE

Make a graceful entrance and take an elegant leave. Lower Grand Cherokee 1.5 inches for easier vehicle entry, exit, and loading.

AERO MODE

Without touching a single button, improved aerodynamics come courtesy of an automatic drop in ride height of ½ inch at 60 mph or above.

OFF-ROAD 1 MODE

By adding 1.3 inches, you gain the altitude that can help clear obstacles and gain passage during off-road travels.

OFF-ROAD 2 MODE

Best-in-class* ground clearance of 10.7 inches is achieved by raising 2.6 inches to tackle conditions beyond the everyday.

EXQUISITELY LEADS

FIVE PERFORMANCE TEST CATEGORIES are designed to prove every Jeep® vehicle's Trail Rated® capability.

» **TRACTION.** Trail Rated traction helps you maintain controlled forward motion on snowy back roads and icy bridges. You can climb steep sand dunes and master muddy two-tracks. Others may fear untamed terrain, but your Trail Rated Grand Cherokee has the traction within to master all kinds of topography and driving conditions.

» **ARTICULATION.** Grand Cherokee's suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation, and wheel travel. This standard indicates that when one or more wheels are elevated, the Jeep® 4x4 system helps the others stay on the ground longer to keep you moving.

» **MANEUVERABILITY.** Every Grand Cherokee is born with the athletic ability to navigate narrow gaps, dodge emergency situations, and avoid cosmetic damage to underbody sills, thanks to precision steering and optimized wheelbases.

» **GROUND CLEARANCE.** Head out knowing that your Trail Rated Grand Cherokee has optimized approach, departure, and breakover angles designed to clear logs, rocks, and uneven ground. Your undercarriage is protected, too, with forged skid plates that cover your vehicle's most valuable underbody elements.

» **WATER FORDING.*** Traverse up to 20 inches of water with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Of course, always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

It's the recognized
standard for off-road capability.

The available Trail Rated® fortitude of
Jeep Grand Cherokee helps you navigate
the world and all it offers. On the road or on
the trail, Grand Cherokee works to safely
get you through the challenges
Mother Nature sets before you.

BEHOLD THE PINNACLE OF
LUXURY. OVERLAND SUMMIT® IS
THE MOST MAJESTIC JEEP® 4x4
EVER CRAFTED. POWERFULLY
CAPABLE. TECHNOLOGICALLY
SUPERIOR. BEAUTIFULLY REFINED.

OVERLAND SUMMIT® transports all who enter to a place above all others. The cabin is altogether luxurious, with a premium hand-stitched leather-trimmed interior available in your choice of either New Saddle or the new and very classic Black with contrasting stitching. The iconic Overland Summit logo is elegantly presented on the front leather-trimmed seats. Real wood trim adorns the leather-wrapped steering wheel, front instrument panel, and doors. Standard amenities abound, and optional features offer plentiful opportunities to elevate your driving experience to the very peak of indulgence.

» **IMMERSIVE SOUND.** Alpine® delivers an available premium audio system that utilizes a high-powered 12-channel, 506-watt amplifier powering nine speakers and a subwoofer, optimally placed throughout the cabin.

» **CARRY-ON WITH EASE.** Configure your interior to suit the situation. The available power liftgate opens to reveal a large rear cargo area with 60/40 split rear seat and fold-flat front-passenger seat.

» **ADAPTIVE CRUISE CONTROL.**⁴ This safety feature automatically adjusts cruising speed to maintain a preset distance between you and the vehicle ahead. Available.

» **CLIMATIZED FOR COMFORT.** Dual-Zone Automatic Temperature Control (ATC) constantly adjusts the air temp inside the cabin to create a customized environment. Available.

» **HEATED AND VENTILATED FRONT SEATS.** Add quick warmth on cool days and welcome relief when temps rise — a small fan gently circulates cool air via perforations within the seat coverings. Available.

» **EN ROUTE ENJOYMENT.** The Rear DVD Entertainment Group includes rear-seat video screen, overhead console, sunroof, two wireless headphones, and remote control. Available.

Savor this inspired
environment. Every curve
is expertly executed, within and
without. Wherever you go,
you travel in style.

WHEN DETAILS EXCEED EXTRAORDINARY EXPECTATIONS

Jeep® Grand Cherokee
takes its cues from the ultimate
source — the world in which we thrive.
Throughout, you will find luxurious
appointments expressed in details
that are designed to inspire and
engineered to endure.

REAL WOOD. PREMIUM LEATHER. SATIN
CHROME. CAST ALUMINUM WHEELS. FROM
THE CRAFTSMANSHIP OF HAND-STITCHING ON
ITS LEATHER-TRIMMED STEERING WHEEL TO
THE CLEVER INCLUSION OF THE ICONIC JEEP®
GRILLE WHERE YOU MIGHT LEAST EXPECT IT,
THESE ARE THE DETAILS THAT PLACE YOU
FIRMLY AT THE FRONT OF A VERY THRILLING
WORLD-CLASS EXPERIENCE.

» **TIMELESS DESIGN.** A chiseled profile and ideal proportions result in equally impressive aerodynamics. Adorned with an iconic seven-slot grille and trapezoidal wheel arches, its fit and finish are executed with crafted precision. Short overhangs, high ground clearance, and a wide stance help crown Grand Cherokee as a king of capability.

» **ABUNDANT COMFORT.** A bounty of world-class treatments, hand-stitchings, chrome fittings, and softly sculpted surroundings transport Grand Cherokee passengers in unmatched luxury. Among the available options are leather-trimmed interiors, heated and ventilated seats, and a variety of advanced technology options, including navigation, Voice Command, CommandView® dual pane sunroof, and Dual Zone Automatic Temperature Control.

ITS NATURAL ABILITY IS QUITE COMPLEX

WITHIN GRAND CHEROKEE'S SCULPTED SKIN, JEEP® 4x4 PROWESS MEETS UPSCALE COMFORT. ITS HUSHED CABIN HELPS STOP ROAD NOISE IN ITS TRACKS. ITS CONTROLLED CORNERING REFLECTS THE MOST POLITE OF ROAD MANNERS. ITS EXACTING FIT AND FINISH IS IMPRESSIVE.

» **PENTASTAR® 3.6L V6 ENGINE.** The Pentastar cranks out enough power to tow up to 5,000 lb⁵ and the efficiency to achieve a best-in-class⁷ nod for 550 miles-per-tank range.* Dual overhead camshafts (DOHC) and structural refinements allow it to achieve an EPA estimated 17 city/23 highway mpg.

» **5.7L V8 HEMI® ENGINE.** This available workhorse churns out best-in-class⁷ 360 horsepower and a brawny 390 lb-ft of torque. It is also strong enough to tow up to 7,400 lb⁵. Fuel Saver Technology revamps this eight-cylinder engine during cruising speeds, turning it into a four-cylinder model of efficiency. It can seamlessly alternate between modes, and when you step on the pedal, all eight cylinders quickly roar back to life.

» **SELEC-TERRAIN.*** Choose from five different modes that adjust to current road conditions. Selec-Terrain coordinates many systems at once, including Hill Start Assist (HSA), Hill Descent Control, Electronic Stability Control (ESC),⁸ as well as the transmission, differentials, and engine, to provide superior traction at all times.

» **QUADRA-DRIVE® II.** Capability is at hand with this available 4WD system. An Electronic Limited-Slip Differential (ELSD) transfers up to 100 percent of torque to the wheel(s) with traction, always working to help keep you moving forward.

» **QUADRA-TRAC II.*** An optional 4WD system offers all-speed traction control that helps keep you on course. If wheel slippage occurs, torque can be routed to the axle with the most traction. Low range provides rock-crawling prowess.

» **QUADRA-TRAC I.*** This fully automatic, available 4WD system requires no driver interaction. A single-speed transfer case offers a continual balance of torque distribution; if wheel slippage occurs, the system seamlessly transfers torque to the axle with traction.

» **QUADRA-LIFT.*** Fingertip control allows you to easily raise your vehicle higher for a maximum available best-in-class⁷ ground clearance of 10.7 inches above ridges and rocks. Or lower it 1.5 inches for easier entry, exit, and loading. This closed-air suspension system uses four-corner air springs that help provide a cushioned and comfortable ride at every altitude.

» **SUSPENSION SYSTEMS.** Independent front and rear suspensions provide a greater sense of precision and control. Isolated cradles help absorb all the irregularities that roads and trails offer up.

» **UNRIVALED ENGINEERING.** Whether you prefer the 5.7L V8 engine for its best-in-class⁷ available hp and torque or the efficient 3.6L Pentastar® V6 that can travel over 500 miles on a single tank, both are matched to a smooth-shifting 5-speed automatic transaxle and your choice of three Jeep® brand-engineered 4WD systems. At the same time, independent front and rear suspension systems deliver a ride reminiscent of the priciest sedans.

*Based on *Ward's* segmentation, latest available competitive information, an EPA estimated 17 city/23 hwy mpg, and a 24.6-gallon fuel tank.

INGENIOUS ACCLIMATION

SELEC-TERRAIN®

Optimal on- and off-road traction is instantly at hand.

Five selectable settings electronically coordinate 12 different vehicle systems to adjust your traction control to match the road ahead. Whether you're caught on snow-covered city streets or climbing backcountry hills, Selec-Terrain actively manages torque distribution where others may not.

QUADRA-LIFT®

A revolutionary available class-exclusive² system that gives you ultimate control of your suspension. It allows you to easily raise your vehicle higher for a maximum available best-in-class³ ground clearance of 10.7 inches above ridges and rocks. Or with an easy push of a button, your vehicle is lowered 1.5 inches for easier entry, exit, and loading.

DOUBLE

THE REAL WORLD

WITHIN THE BEAUTIFUL CONFINES OF GRAND CHEROKEE YOU'LL
FIND THE HONEST TRUTH OF PREMIUM NATURAL ELEMENTS,
EXACTLY EXECUTED, CAREFULLY INTEGRATED. THEY EXIST TO
REMIND YOU: THE MICROCOSM REFLECTS THE MACROCOSM.
HOW YOU LIVE YOUR LIFE ON THE ROAD SPEAKS VOLUMES.

INTERACTION

UCONNECT® BRINGS A RANGE OF COMMUNICATION AND ENTERTAINMENT SERVICES STRAIGHT INTO YOUR VEHICLE, ALL BUNDLED TOGETHER WITHIN A ROBUST UCONNECT SYSTEM. WITH SO MANY CONVENIENT OPTIONS TO CHOOSE FROM, DISCOVER HOW YOU'D LIKE TO CONNECT AT **DRIVEUCONNECT.COM**.

GARMIN® GARMIN® NAV. Head out in the right direction with Garmin, the most recognized name in GPS wayfinding. It features Garmin's intuitive user interface and navigation with lane guidance, bringing the popular handheld experience to a factory in-dash screen.

SiriusXM TRAVEL LINK SiriusXM TRAVEL LINK.™ Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Your first year of service is included.

SiriusXM SIRIUS SELECT™ - OVER 130 CHANNELS. This is what satellite radio is all about. Enjoy commercial-free music, plus sports, news, talk and entertainment. And get a selection of premium programming, including every NFL® game, Howard Stern, every NASCAR® race, Martha Stewart and more. Visit siriusxm.com for details.

» **ENTERTAINMENT.** Manage all of your media. You'll have several ways to access audio. Get the sound going via CDs/DVDs, MP3s, remote USB port, auxiliary input jack, hard disc storage, Voice Command, SiriusXM Satellite Radio™ (your first year of service is included), and Bluetooth® streaming audio.

» **PHONE.** Talking on the phone while driving has never been easier — or more responsible. Uconnect Phone is the in-vehicle voice-activated communication system that allows you to talk on your Bluetooth compatible phone virtually hands-free. This clever system is also smart enough to synchronize with your Bluetooth compatible phone's address book® — up to 1,000 entries — every time you get into your vehicle.

» **NAVIGATION.** Provides enhanced Garmin, GPS navigation and destination entry via Voice Command; find a restaurant, airport, museum, or department store, and get directions with a simple request. Lane assist and junction view are also displayed.

» **VOICE COMMAND.** It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations, SiriusXM Satellite Radio™ channels, and make calls.

» **WEB.** Put the power of high-speed Internet in your vehicle with Uconnect Web.™ Effortlessly connect any WiFi-enabled device to the Internet at broadband speeds, making your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There's no need for cell cards or software with this unique Authentic Accessory by Mopar.® — it's all wireless. Subscription required. Sold separately.

LIVE
FROM
THE
INSIDE
OUT

» **EFFORTLESS ACCESS.** Designed for beauty as well as ultimate utility, the available power liftgate adds graceful accessibility to Grand Cherokee's rear cargo area. Keyless Enter 'n Go is hands-free via the key fob, so you can keep hold of what's in your hands without fumbling to unlock the gate.

» **COPIOUS COMFORT.** Passengers in the second row get first-row treatment with best-in-class^{*} rear leg room, available heated seats offering instant warmth when the temperatures dip, and a reclining feature that allows passengers to make customized seatback adjustments of up to 12 degrees rearward for ultimate comfort.

» **AMPLE CARGO SPACE.** A variety of seating configurations give you plenty of options for carrying people, pets, and possessions. With the rear seat up, there's a full 36.3 cubic feet of space available. When the rear seats are folded down, there's a generous 68.3 cubic feet of capacity. The cargo area sports protective Chrome runners and four integrated tie-down loops.

» **HIDDEN GEMS.** A removable, rechargeable flashlight integrates into the rear cargo area within easy reach. Underneath the cargo floor are removable dual storage bins. Up front, personal storage abounds with driver and passenger-side cubbies, map pockets, cavernous glove box, center console, and covered center stack bin to keep valuables safely out of sight.

360° GUARDIAN

Insurance Institute for Highway Safety

A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should they detect you're veering off your intended path. ESC coordinates Electronic Roll Mitigation (ERM), antilock brake system (ABS) and Brake Assist, all-speed traction control, and available Trailer Sway Control (TSC), sending them into action when needed.

Back out with grace. These systems help bring previously hidden rear objects to your attention, either on-screen or with an audible warning, in good time to react.

The ACC automatically adjusts cruising speed to maintain a preset distance between your Grand Cherokee and the vehicle ahead.

Brighter, better, safer. Bi-Xenon High Intensity Discharge (HID) headlamps shine up to three times brighter than regular headlamps. An auto-leveling feature keeps lamps focused down at the road ahead; lights automatically dim for oncoming traffic.

Crosswinds and traffic hold no sway over you and your payload. As part of ESC, TSC helps keep you and the toys you are towing safely on course.

Storm clouds hold little influence over your daily drive. Front wipers activate when raindrops are detected, and a smart brake system helps dry the brake rotors on wet roads. Headlamp washers are standard on Overland Summit® and help maintain safe viewing of the road ahead at night.

A standard and effective safety feature that can help stave off neck injuries. Restraints automatically react and adjust to help provide protection during rear-impact collisions.

Even the most attentive drivers will appreciate the help of this warning system. Approach an object too rapidly and Grand Cherokee lets you know so you can take appropriate action.

Always standard: full-length side-curtain, seat-mounted side thorax, and advanced multistage front air bags all work in tandem to help provide protection.

If things get rough, ERM takes immediate action to help you maintain stability and remain under control.

These systems are always at your beck and call when you need to get safely around the corner or up and down the mountain.

The benefits of ABS on slippery, wet roads are widely known. This advanced system knows when you're driving over rough terrain and adjusts accordingly to help keep you in optimum control.

A unique, embedded key code matched only to your vehicle helps keep your Grand Cherokee safely where it belongs.

These sentry systems constantly monitor the space between you and other drivers. When a side or rear blind spot is encroached, you're notified via illuminated icons on sideview mirrors or an audible chime.

Grand Cherokee's new available Front Park Assist system helps you nestle into parking spots by detecting objects in front of the vehicle and providing an audible warning when your proximity is too close for comfort.

SRT

GRAND CHEROKEE SRT.® THE MOST POWERFUL AND TECHNOLOGICALLY ADVANCED JEEP.® VEHICLE ON THE PLANET BEARS A 470-HP 6.4L HEMI® SRT® V8 ENGINE, A QUADRA-TRAC® ACTIVE ON-DEMAND 4WD SYSTEM, AN ADAPTIVE DAMPING SUSPENSION, AND A BREMBO® SRT ANTILOCK BRAKE SYSTEM WITH ALL-OUT STOPPING POWER.
