P A T R I O T

2013

An invitation
to explore is met with a
drive to experience. The world
offers endless variety.
Let the trek begin.

» AN ADVENTUROUS SPIRIT SENDS JEEP®
PATRIOT FORGING THROUGH TRAFFIC
AND FORESTING OVER TWO-TRACKS.
ALL THE WHILE DISPLAYING AN ICONIC
STYLE MARRIED TO A NIMBLE SKILL. WITH
PATRIOT YOU GET CABIN COMFORTS AS
WELL, EACH DESIGNED TO TAKE YOU
HAPPILY FORWARD INTO EVERYTHING
THE WORLD HAS IN STORE FOR YOU.
TODAY AND TOMORROW.

INSIGHT AND ABILITY CROSS PATHS IN JEEP® PATRIOT

Say hello to adventure,
and adios to the everyday.
It's time to head out and grab
freedom by the wheel.

FIVE PERFORMANCE CATEGORIES
are designed to prove every Jeep® 4x4 vehicle's Trail Rated® capability.

» **TRACTION.** Trail Rated traction helps you maintain controlled forward motion on snowy back roads and icy bridges. You can climb steep sand dunes and master muddy two-tracks. Others may fear untamed terrain, but your Trail Rated Patriot has the traction within to master all kinds of topography and driving conditions.

» **ARTICULATION.** Patriot's suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation, and wheel travel. This standard indicates that, when one or more wheels are elevated, the Jeep® 4x4 system helps the others stay on the ground longer to keep you moving.

» **MANEUVERABILITY.** Every Patriot is born with the athletic ability to navigate narrow gaps, dodge emergency situations, and avoid cosmetic damage to underbody sills, thanks to precision steering and optimized wheelbases.

» **GROUND CLEARANCE.** Head out knowing that your Trail Rated Patriot has optimized approach, departure, and breakover angles designed to clear logs, rocks, and uneven ground. Your undercarriage is protected, too, with forged skid plates that cover your vehicle's most valuable underbody elements.

» **WATER FORDING.*** Traverse that stream with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Patriot has the capability to safely manage in up to 19 inches of water. Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

It's the
recognized standard
for off-road capability. The
available Trail Rated® fortitude of Jeep®
Patriot helps protect you from the world
and its worries. On the road or on the
trail, Patriot works to safely get you
through the challenges Mother
Nature sets before you.

YOUR BOLD SPIRIT IS FULLY SUPPORTED

30 MPG
HWY*

2.0L DOHC 16V ENGINE. This powerhouse zooms off to achieve an impressive 4x2 EPA-estimated fuel economy of 23 mpg on crosstown city streets and 30 mpg on the highway. The engine's dual Variable Valve Timing (VVT) electronically controls both intake and exhaust valves, four valves per cylinder (16V total), helping to improve power and encourage an economic performance.

*Based on EPA estimated 23 city/30 hwy mpg when equipped with 2.0L engine and 5-speed transmission.

JEEP® PATRIOT GIVES YOU THE FORTITUDE TO GO ANYWHERE, DO ANYTHING.® IT MOVES WITH TECHNOLOGICALLY ADVANCED COMPONENTS THAT WORK TOGETHER TO KEEP YOU CONFIDENTLY MOVING FORWARD.

2.4L DOHC 16V ENGINE. Say hello to a workhorse that adds value to every mile. The available 2.4L DOHC 16V engine heads out to achieve an EPA-estimated 4x4 fuel economy of 22 city/28 hwy mpg. Not only that, it cranks out a healthy 172 hp and 165 lb-ft of torque — an impressive performance for an engine this size. It's matched to a 5-speed manual 2WD transaxle or the Continuously Variable Automatic Transaxle II (CVT2), giving you the option to actively engage or easily cruise with your powertrain.

Both the 2.0L and 2.4L engines feature:

- > Intake manifold and exhaust flow control valves
- > Dual overhead camshafts
- > Four valves per cylinder
- > Forged crankshaft and connecting rods
- > Aluminum block
- > Acoustic oil pan

TOURING-TUNED SUSPENSION. At every corner, around every corner, four-wheel touring-tuned suspension improves handling, helping to provide a smooth and even ride — over even the most demanding road conditions out there.

FREEDOM DRIVE I. Active, full-time 4WD capability with LOCK mode features an Electronically Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. In tough conditions, the system can be locked 50/50 front/rear for added low-speed capability and control. Available.

CVT2. The Continuously Variable Automatic Transaxle II (CVT2) with AutoStick uses a 30-mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed, resulting in a smooth and quiet ride. The AutoStick shifter puts optimal vehicle performance under your command — a driver-interactive manual control with six simulated stepped-gear ratios. Available.

CVT2L. The second-generation Continuously Variable Automatic Transaxle II (CVT2L) has an integral lower gearing feature that provides the torque multiplication needed for water fording,¹ steep grades, and crawling slowly in off-road events. Includes Off-Road mode that delivers an off-road capable 19:1 crawl ratio. Available.

FREEDOM DRIVE II.® Enjoy Trail Rated® freedom thanks to full-time 4WD with LOCK mode, Off-Road mode with Hill Descent Control, and brake traction control. Torque is adjusted on-demand for added fuel efficiency. Its all-weather capability expertly handles more difficult off-road situations, as well as deeper snow, mud, and up to 19 inches of water.¹ Available.

Freedom opens up a world of possibilities to thrive as you see fit, to dream, and reach new heights.

Inspiration is the seed of innovation. Jeep® Patriot takes its cues from the world around us. Throughout, you will find details designed to serve — naturally.

INTERACTION. UCONNECT® BRINGS A RANGE OF COMMUNICATION AND ENTERTAINMENT SERVICES STRAIGHT INTO YOUR VEHICLE, ALL BUNDLED TOGETHER WITHIN A ROBUST UCONNECT SYSTEM. WITH SO MANY CONVENIENT OPTIONS TO CHOOSE FROM, DISCOVER HOW YOU'D LIKE TO CONNECT AT DRIVEUCONNECT.COM.

 **» ENTERTAINMENT.** Manage all of your media. You'll have several ways to access audio. Get the sound going via CDs/DVDs, MP3s, remote USB port, auxiliary input jack, hard-disc storage, Voice Command, SiriusXM Satellite Radio² (your first year of service is included), and Bluetooth[®] streaming audio.

 **» PHONE.** Talking on the phone while driving has never been easier — or more responsible. Uconnect Phone is the in-vehicle voice-activated communication system that allows you to talk on your Bluetooth compatible phone virtually hands-free. This clever system is also smart enough to synchronize with your Bluetooth compatible phone's contacts² — up to 1,000 entries — every time you get into your vehicle.

 **» NAVIGATION.** Provides enhanced Garmin[®] GPS navigation and destination entry via voice command. Find a restaurant, airport, museum, or department store, and get directions with a simple request. Lane assist and junction view are also displayed.

 **» VOICE COMMAND.** Simplifies driving by letting you keep your eyes on the road and hands on the wheel. Use your voice to select AM/FM radio stations, SiriusXM Satellite Radio² channels, and make calls.

 **» WEB.** Put the power of high-speed Internet in your vehicle with Uconnect Web.³ Effortlessly connect any WiFi-enabled device to the Internet at broadband speeds, making your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There's no need for cell cards or software with this unique Authentic Accessory by Mopar[®] — it's all wireless. Subscription required. Sold separately.

GARMIN[®] **GARMIN. NAV.** Head out in the right direction with Garmin, the most recognized name in GPS way-finding. It features Garmin's intuitive user interface and navigation with lane guidance, bringing the popular handheld experience to a factory in-dash screen.

SiriusXM TRAVEL LINK² **SiriusXM Travel Link²** Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Your first year of service is included.

SiriusXM[®] **Sirius Select² — Over 130 Channels.** This is what satellite radio is all about. Enjoy commercial-free music, plus sports, news, talk, and entertainment. And get a selection of premium programming, including every NFL game, Howard Stern, every NASCAR[®] race, Martha Stewart, and more. Visit siriusxm.com for details.

A COMPELLING INSIDE STORY

Patriot's interior details include a standard Uconnect® system that can be upgraded to include Navigation and Voice Command.

ON THE ROAD OR ON THE TRAIL, PATRIOT DRIVES A NARRATIVE FILLED WITH INSIGHT AND CHARACTER. SO WHETHER YOUR STORY REVOLVES AROUND PATRIOT SPORT'S WELL-CHOSEN STANDARD FEATURES OR PATRIOT LIMITED'S UPSCALE FINERY, YOU'RE ALWAYS IN CONTROL OF THIS HERO'S DESTINY.

OPENING ACT. The rear liftgate opens up to not only reveal 54.2 cu ft of cargo room when the rear seats are laid down flat, but also the available flip-down gate speakers that can blast out a wall of sound.

LOOK SKYWARD. Brighten your outlook with the available sunroof. Its express open/close feature operates with the touch of a button. A sunshade keeps you cool when temps get hot. Included with the Sun and Sound Group.

PREMIUM AUDIO. The available Premium Sound System delivers sound that travels as well as you, via nine well-placed Boston Acoustic® speakers, supported by 368 watts of power.

FOR A SERIOUS EXPLORATION OF WORDLY WILDS, THE CAPABLE 2013 JEEP® PATRIOT EXPANDS YOUR VIEW. ITS AVAILABLE TRAIL RATED® SOUL, WITH ONE INCH OF ADDITIONAL GROUND CLEARANCE, IS YOURS FOR THE TAKING.

» **ALL-WEATHER CAPABILITY GROUP.** When the weather gets tough, no one wants to get caught in the mud, snow, or rain. Add this group, and you'll have extra chops to safely get where you're going, plus the ability to help others in need. Includes tow hooks, engine block heater, all-season floor mats, daytime running headlamps, All-Terrain tires, and 17-inch aluminum wheels. Available.

ALL-WEATHER HERO

PEACE OF MIND TAKES YOU FAR. HEAD OUT WITH CONFIDENCE, KNOWING THAT A ROBUST SET OF MORE THAN 30 AVAILABLE SAFETY AND SECURITY FEATURES ARE IN PLACE, KEEPING WATCH ON THE TRAIL AND ON THE ROAD. A JEEP® ENGINEERED SAFETY CAGE STRUCTURE CONTAINS A FRONT CRUMPLE ZONE SPECIFICALLY DESIGNED TO ABSORB ENERGY DURING A FRONTAL IMPACT. YOUR ALL-WEATHER HERO IS ALWAYS ON GUARD.

TIRE PRESSURE MONITORING SYSTEMS. Embedded sensors continuously monitor the pressure in the tires and will immediately notify the driver when levels drop below the minimum acceptable level.

HEATED POWER EXTERIOR MIRRORS. Melt snow and ice off your sideview mirrors as you warm up your interior. This available feature also helps to keep your mirrors icicle-free as you drive.

ELECTRONIC STABILITY CONTROL (ESC).⁵ An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates a four-wheel antilock brake system (ABS) with hydraulic Brake Assist, all-speed traction control, and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course. When needed, the system automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected.

ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS.⁶ These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity.

SUPPLEMENTAL SEAT-MOUNTED SIDE AIR BAGS.⁷ Each side air bag has its own sensor to autonomously trigger the air bag on the side where the impact occurs. Available.

HALOGEN HEADLAMPS AND FOG LAMPS. These bright sources of light improve down-road visibility at night or during inclement weather.

HILL START ASSIST (HSA). This system works to prevent Patriot from rolling away when starting the vehicle on an up- or downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard on manual transaxle models, and included with the Trail Rated® Freedom Drive II® Off-Road Group.

FRONT-SEAT ACTIVE HEAD RESTRAINTS.⁷ In the event of a rear-end collision, the head restraints move forward and upward to decrease the space between the headrest and occupant's head, thereby helping to reduce the chance of injury.

SiriusXM TRAVEL LINK.² As packaged with the available Uconnect® 430N radio, TRAVEL LINK provides access to detailed information on accidents, traffic flow, construction, road closures, and more. Alternative route guidance and mapping let you easily avoid troubled areas to help you arrive safely and on time.

A black and white photograph of a hiker standing on a rocky ledge, looking out over a vast mountain range. The hiker is silhouetted against the bright sky, wearing a backpack and holding a walking stick. The landscape is rugged, with steep, rocky slopes and distant mountain peaks. The sky is clear and bright, creating a high-contrast scene.
