

JENSEN FF

It is not a road car... it is a new kind of car. Under the sports general-look lines of the Jensen FF is the formula for the future. The Jensen FF.

Once again, Jensen Motors are first to lead the new sports car era... but this time the innovation is a gigantic step into the future even by Jensen standards. The Jensen FF with its revolutionary 4-wheel drive and engine, chassis and gear shifting system, handle speed and safety as never before. There is a car which can be driven as if it were a road car.

The Jensen FF offers a new era in mobility... not just off roads, either driving. Driving the Jensen FF is an extraordinary experience... it gives the greatest comfort, sensation and a new kind of confidence.
