

The Jensen-Healey, a product of a new era in technology, is designed for performance, comfort and safety. Power from the cast aluminium 4 cylinder 2 litre twin O.H.C. engine with 4 valves per cylinder offers performance normally associated with cars of a much higher capacity. Precise sensitive rack and pinion steering and dual circuit

disc/drum brakes inspire confidence in handling and stability under all conditions. Thoughtfully planned location of a full range of instruments and controls in the padded fascia permits effortless operation from the relaxing comfort of the body contoured fully reclining seats. The counterbalanced hood and 4 kw fan assisted heating and ventilation

system provides "Saloon Car" conditions in winter weather. A collapsible steering column, energy absorbing bumpers, laminated windscreen and lap and diagonal safety belts are but a few of the many safety features which make the Jensen-Healey a car you can drive with confidence and own with real pride.

JENSEN-HEALEY

Specification

Engine:

4 cylinders, in line, slant 45° O.H.V. twin camshafts
120.5 cu. in. (1975 c.c.) Bore 3.75 in. (95.2 mm) Stroke
3.73 in. (93.3 mm) Compression ratio 8.4:1. Fuel capacity
11 gallons (Imperial) (50 litres).

Transmission:

4 speed manual gearbox. Ratios: 1st 11.63:1, 2nd 7.42:1,
3rd 4.63:1, 4th 3.73:1, reverse 12.37:1. Hypoid rear axle
ratio 3.73:1.

Steering:

Rack and pinion. Ratio 16.3:1. Turning circle 32 ft.
(9753 mm) 3.16 turns lock to lock.

Brakes:

Hydraulic dual line servo assisted. Front discs: diameter
10 in. (254 mm) swept area 194 sq. in. (1250 cm²) rear
drums: diameter 9 in. (229 mm) swept area 99 sq. in.
(640 cm²).

Suspension:

Front: independent double wishbones, coil springs.
Rear: Live axle, four links, coil springs. Telescopic dampers
front and rear.

Wheels and Tyres:

13 in. (330 mm) cast aluminium wheels, 185-70 SR 13 tyres.
Spare wheel below boot floor.

Heating and Ventilation:

Integral heater/fresh air unit. Blown face level vents.
4 kw 2 speed heater/blower. Ram air to footwells.

Instruments:

Speedometer, tachometer, voltmeter, oil pressure, water
temperature and fuel gauges.

Dimensions:

Length, 12 ft. 6 in. (4112 mm); Width, 5 ft. 9 1/2 in.
(1805 mm); Height, 3 ft. 1 1/2 in. (1210 mm); Wheelbase,
7 ft. 8 in. (2327 mm); Ground Clearance, 8 in. (127 mm);
Gross Weight, 2650 lbs. (1200 kgs.).
