

The Jensen-Healey, a product of a new era in technology, is designed for performance, comfort and safety.

Power from the cast aluminium 4 cylinder 2 litre twin O.H.C. engine with 4 valves per cylinder offers performance normally associated with cars of a much higher capacity.

Precise sensitive rack and pinion steering and dual circuit disc/drum brakes inspire confidence in handling and stability under

all conditions. Thoughtfully planned location of a full range of instruments and controls in the padded fascia permits effortless operation from the relaxing comfort of the body-contoured fully reclining seats.

The counterbalanced hood and 4 kw fan assisted heating and ventilation system provides 'Saloon Car' conditions in winter weather.

A collapsible steering column, energy absorbing bumpers, laminated windscreen and lap and diagonal safety belts are but a few of the many safety

features which make the Jensen-Healey a car you can drive with confidence and own with real pride.

JENSEN-HEALEY

Specification

Engine:

4 cylinders, in line, slant 45° O H V, twin camshafts.
120.5 cu. in. (1973 cc.) Bore 3.75 in. (95.2 mm) Stroke
2.73 in. (69.3 mm) Compression ratio 8.4:1. Fuel capacity
11 gallons (Imperial) (50 litres).

Transmission:

4 speed manual gearbox. Ratios: 1st 11.63:1, 2nd 7.42:1,
3rd 4.83:1, 4th 3.73:1, reverse 12.37:1. Hypoid rear axle
ratio 5.73:1.

Steering:

Rack and pinion. Ratio 16.3:1. Turning circle 32 ft.
(9753 mm) 3.14 turns lock to lock.

Brakes:

Hydraulic dual line servo assisted. Front discs; diameter
10 in. (254 mm) swept area 194 sq. in. (1260 cm²) rear
drums; diameter 9 in. (229 mm) swept area 98 sq. in.
(640 cm²).

When this publication was prepared the information given was correct but
we reserve the right to alter the specification without notice.

Suspension:

Front: Independent double wishbones, coil springs.

Rear: Live axle, four links, coil springs. Telescopic dampers
front and rear.

Wheels and Tyres:

13 in. cast aluminium wheels, 165-70 SR 13 tyres.
Spore wheel below boot floor.

Heating and Ventilation:

Integral heater/fresh air unit. Blown face brief vents.
4 low 2 speed heaters/blowers. Ram air to footwells.

Instruments:

Speedometer; tachometer; voltmeter; oil pressure, water
temperature and fuel gauge.

Dimensions:

Length: 12 ft. 6 in. (4113 mm) Width: 5 ft. 5½ in.
(1664 mm) Height: 5 ft. 11½ in. (1210 mm) Wheelbase:
7 ft. 8 in. (2337 mm) Ground Clearance: 5 in. (127 mm)
Gross Weight: 2850 lbs. (1290 kgs.)
