AN EXCEPTIONALLY REFINED LUXURY SEDAN

Presenting the all-new Kia K900[†] — a brilliant union of dynamic performance, innovative technology and evocative design. Graced with the superior craftsmanship, fine materials and sophisticated amenities reserved for the world's most prestigious automobiles, the K900 is designed to satisfy the most discerning driver and indulge the most demanding passengers. The elegance of the interior's available glove-soft Nappa leather trim* and available genuine wood trim accents* is complemented by the refinement of heated and ventilated front seats and available power-reclining rear seats.* Spacious and luxurious, powerful and uncompromising, the K900 is a luxury sedan designed to compete with the finest automobiles on the road.

[†]2015 K900 V8 expected Spring 2014. K900 V6 expected Summer 2014. Initially available in certain markets with limited availability. * See Features page for availability. Not all optional features are available on all trims. Cover and this page: K900 LUXURY V8 WITH VIP PACKAGE SHOWN. Some features may vary.

DYNAMIC PERFORMANCE

K900 is powered by an available 420-horsepower[†] 5.0L Gasoline Direct Injection (GDI) V8 engine* that delivers absolutely exhilarating performance, or by an impressive 311-horsepower 3.8L GDI V6 engine. Both of these engines are complemented by an eight-speed automatic transmission that provides precise, smooth, seamless operation. K900 also features a rear-wheel-drive platform that results in excellent weight distribution for crisp handling and driving enjoyment. In addition, sophisticated multi-link front and rear suspension helps ensure an exceptionally comfortable drive.

[†]With Premium Gasoline. See Features page for availability.
Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PACKAGE SHOWN.

EXTRASENSORY PERCEPTION

As technology rapidly progresses, Kia's engineers have continuously pushed boundaries, culminating in the remarkably advanced K900. It is equipped with an impressive array of systems that help monitor your driving environment and instantaneously convey real-time information to the driver. Innovative available features include Advanced Smart Cruise Control,¹* Lane Departure Warning System,¹* Rear Cross-Traffic Alert¹* and Blind-Spot Detection with Lane Change Assist,¹* which utilizes a radar system to help detect vehicles in the driver's blind spots and recognize those approaching from behind. With a virtual mind of its own, the K900 both informs and assists you, seamlessly helping to connect you to the road and your surroundings.

INSPIRED TECHNOLOGY

Reflecting a belief that true luxury is multifaceted, K900 employs a wide array of technologically advanced features and innovative systems dedicated to providing driver and passengers with a supreme level of comfort, control and convenience. Thanks to their easy-to-use and intuitive design, K900's advanced available systems, including a Head-Up Display,* Surround-View Monitor² and Parking Guide System,²* provide drivers with heightened awareness of the road while encouraging them to enjoy every moment behind the wheel.

2, * See Features and Specifications pages for availability and endnote. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PACKAGE SHOWN.

INTELLIGENT

Advanced technology applied intelligently makes complex operations simple. Whether parallel parking, backing out of a parking space, flowing with city traffic or traveling with the benefit of Advanced Smart Cruise Control, K900 drivers receive a concise and valuable stream of information about their driving environment, helping them to take command at all times.

- 1. HEAD-UP DISPLAY***

Available Head-Up Display projects information like current speed, navigation route and lane-departure warning onto the windshield glass in the driver's line of sight. The display's brightness adjusts as outside lighting changes.
- 2. SURROUND-VIEW MONITOR^{2*}**

Available Surround-View Monitor utilizes four cameras located at the front, rear and sides to provide a view around the vehicle. This helps enhance driver visibility when maneuvering into parking spaces.
- 3. BLIND-SPOT DETECTION WITH LANE CHANGE ASSIST^{1*}**

The available radar system helps detect vehicles in the driver's blind spot and then provides alerts. Lane Change Assist helps detect vehicles approaching from behind.
- 4. ADVANCED SMART CRUISE CONTROL^{1*}**

Available Advanced Smart Cruise Control uses radar to maintain a predetermined distance from the vehicle directly ahead, automatically slowing or accelerating your K900 when appropriate.
- 5. REAR CROSS-TRAFFIC ALERT^{1*}**

Available Rear Cross-Traffic Alert warns the driver of cross-traffic while the vehicle is in reverse by activating audible and visual alerts to help reduce the likelihood of a collision.
- 6. LANE DEPARTURE WARNING SYSTEM^{1*}**

Available Lane Departure Warning System is designed to detect the vehicle moving out of its lane without the turn signal being used. When it does, the advanced system alerts the driver with a combination of audible and visual warnings.
- 7. ADVANCED VEHICLE SAFETY MANAGEMENT***

Available Advanced Vehicle Safety Management integrates various vehicle monitoring systems and, if the K900 anticipates a potential frontal collision, the system alerts the driver with audible and visual alerts.[†]
- 8. ADAPTIVE FRONT LIGHTING SYSTEM**

For optimal visibility while driving at night, the Adaptive Front Lighting System (AFLS) works with the High-Intensity Discharge or available LED headlights* to deliver a varying beam pattern based on vehicle speed and steering angle.

INNOVATIVE

Forward-thinking technology is its own reward. Case in point is K900's wealth of advanced features designed to enhance your comfort, convenience and entertainment. With poise and confidence, K900 ensures that doors are fully closed, helps you navigate your route and escorts you in the style that you expect and deserve.

- 9. VOICE-COMMAND NAVIGATION**

Featuring a vivid 9.2-inch color touch screen, the convenient voice-command navigation system delivers quick access to vehicle and road information, including real-time highway conditions from SiriusXM Traffic.³
- 10. DRIVER INFORMATION SYSTEM CONTROL**

A control dial with direct access buttons and intuitive operation provides easy access to a range of systems, including UVO eServices⁴ features and entertainment and voice-command navigation functions.
- 11. LEXICON[®] AUDIO SYSTEM**

A premium 900-watt Lexicon Discrete Logic 7[®]s surround-sound system with 17 speakers and a 12-channel digital sound processor provides extraordinarily clear, balanced audio entertainment that driver and passengers may enjoy to the fullest.
- 12. POWER TRUNK & SOFT-CLOSE DOORS***

For maximum convenience with minimal effort, the power-closing trunk and available soft-close doors* gently close themselves. The power-closing trunk reverses operation when an object is sensed that prevents proper closing.
- 13. THIN-FILM TRANSISTOR LCD CLUSTER***

Using advanced Thin-Film Transistor (TFT) technology, the available 12.3-inch, high-definition Supervision meter cluster features precise graphics and gives the driver a range of information with exceptional clarity.
- 14. POWER-FOLDING OUTSIDE MIRRORS**

Easily fold in the outside mirrors using a door-mounted control or the key fob. The mirrors also feature integrated perimeter approach lights, along with lighting around the driver's door handle, for nighttime convenience.
- 15. SHIFT-BY-WIRE GEAR SELECTOR***

An available sleek electronic gear selector delivers fast, smooth gear changes thanks to advanced shift-by-wire technology that replaces any mechanical link between the gear selector and the transmission.
- 16. SOUND-INSULATING LAMINATED GLASS**

For a remarkably quiet and luxurious drive, the windshield and front- and rear-door windows feature specially laminated sound-insulating glass. It incorporates two distinct layers of thin film on each side of the windows' insulating center layer.

[†]No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. Images shown for illustration only. 1, 2, 3, 4, 5, * See Features and Specifications pages for availability and endnotes. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PACKAGE SHOWN.

SEAMLESSLY CONNECTED TO YOUR WORLD

MY POINTS OF INTEREST

UVO eServices⁴ allows you to use a web-enabled computer to send locations that you find on Google Maps™⁶ mapping service to the navigation system for easy-to-follow route guidance.

PARKING MINDER⁷

Parking Minder can record your vehicle's location whenever you park. Then you can use your compatible smartphone⁸ to find your car. Parking Minder also lets you take pictures of the surrounding area for reference, write a reminder note, or set an alarm if you've parked your K900 at a parking meter.

911 CONNECT⁹

In the event of an airbag being deployed, 911 Connect automatically initiates a call to emergency services. In some circumstances, UVO eServices⁴ can also transmit your vehicle's location to the emergency services operator.

ENHANCED ROADSIDE ASSIST¹⁰

You can call for roadside assistance by touching an icon on the smartphone⁸ app⁴ screen. UVO eServices⁴ then sends your location to the Call Center and connects you to an operator.

VEHICLE DIAGNOSTICS¹¹

Vehicle Diagnostics automatically triggers checks if the system detects a critical powertrain issue, alerting you to schedule an appointment or request roadside assistance. You may perform a diagnostics check at any time or schedule checks on a regular basis.

UVO — short for “your voice.” K900 comes equipped with the innovative UVO eServices⁴ Infotainment System with voice-command navigation. It provides you with an easy, hands-free⁴ way to connect to your vehicle by seamlessly integrating your compatible smartphone⁶ with your K900. UVO eServices⁴ also lets you stream

music and gives you large-capacity digital storage for your favorite songs. Its many advanced capabilities include the ability to connect with 911 Connect⁹ or Enhanced Roadside Assist¹⁰ and monitor maintenance requirements with Vehicle Diagnostics.¹¹ Additionally, there are no subscription fees⁴ to enjoy all these benefits.

4, 6, 8, 9, 10, 11, 12, 13, 14 See Specifications page for endnotes. Actual component appearance may vary.
UVO eSERVICES INFOTAINMENT SYSTEM WITH VOICE-COMMAND NAVIGATION SHOWN.

UVO eSERVICES APP⁴

An available free app allows you to integrate your compatible smartphone⁸ with your vehicle — and make the most of UVO eServices.⁴ This app can be downloaded at the App Store^{SM12} and Google Play™ Store.¹³

eSERVICES GUIDE

To learn more about UVO eServices⁴ features, you may access an automated user manual by using a convenient touch screen on the vehicle.

MYUVO.COM WEB/MOBILE

MyUVO.com lets you check Vehicle Diagnostics¹¹ and schedule appointments with your preferred or nearby Kia retailer using your home computer or mobile device.

DIGITAL MUSIC STORAGE

The easy-to-use, digital music storage system with in-dash, large-capacity digital storage for your favorite music lets you load your songs and sort them by either title or artist.

PANDORA^{®14}

UVO eServices⁴ lets you access and set up Pandora internet radio's custom channels that feature your favorite artists and related music.

ELEGANCE BORN OF SOPHISTICATED REFINEMENT

Superior craftsmanship and meticulous attention to detail combine to create a truly luxurious interior. K900's elegant design is enhanced by supple available premium Nappa leather trim* and complemented by available genuine wood trim accents.* Exceptional interior spaciousness and a three-zone climate-control system translate into first-class comfort for every seating position. In addition, superb interior sound insulation dramatically reduces road noise so everyone can enjoy a quiet ride in absolute luxury.

*See Features page for availability. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PACKAGE SHOWN. Some features may vary.

1. HEATED AND VENTILATED SEATS

Enjoy optimal comfort year-round thanks to heated front and rear seats with multiple temperature settings, and ventilated front and available ventilated rear seats.*

3. REAR-SEAT CENTER CONTROLS

A control panel allows convenient adjustment of the second-row climate system, the power rear-window sunshade as well as the rear seats' heating and available ventilation.*

5. PANORAMIC SUNROOF*

Available panoramic sunroof brightens any drive, allowing you to enjoy sunny days and fresh air. It includes a power-retractable sunshade for enhanced convenience.

2. POWER SEAT CUSHION EXTENSION*

Available power-adjustable driver's seat cushion extension is a welcome luxury, providing extra support and allowing drivers to select their own custom comfort settings.

4. POWER REAR-WINDOW SUNSHADE

Rear passengers can relax and enjoy a cool and comfortable drive thanks to a power rear-window sunshade and manual rear side-window shades.

6. 16-WAY ADJUSTABLE DRIVER'S SEAT*

Memory settings for two drivers provide the luxury and comfort of personalized ergonomics for the available 16-way power-adjustable driver's seat.

EXTRAORDINARY FEATURES FOR UNSURPASSED LUXURY

An exceptional combination of premium features allow driver and passengers alike to travel in exquisite style and true luxury. Rear-seat passengers can be graciously indulged with an available VIP package.* It includes rear seating with power-reclining adjustability, ventilation, lateral-adjustable headrests and air-powered lumbar support. In addition, glove-soft Nappa leather trim and thigh and torso cushioning provide rear-cabin passengers with the ultimate in style and comfort.

*See Features page for availability. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PACKAGE SHOWN. Some features may vary.

ADVANCED SAFETY SYSTEMS TO HELP HANDLE UNEXPECTED CONDITIONS

K900 features advanced safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations.[†] These safety systems are designed to function automatically, leaving you free to focus on safe driving.

VEHICLE STABILITY MANAGEMENT (VSM)
VSM adds steering direction control capability. The system intervenes in appropriate situations to help the driver regain control of the vehicle.

ELECTRONIC STABILITY CONTROL (ESC)
ESC provides improved directional stability, which helps you maintain better control in difficult driving situations. During emergency maneuvers, it can control the engine and brakes to help keep your K900 on course.

TRACTION CONTROL SYSTEM (TCS)
When TCS senses wheel spin during vehicle acceleration, it uses engine power and brake force to help transfer power to the wheels that have the most traction.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)
To help maintain more consistent braking as vehicle loads and weight distribution change, EBD adjusts the front-to-rear balance of brake pressure.

BRAKE ASSIST SYSTEM (BAS)
If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance and helps keep you in control.

HILL-START ASSIST CONTROL (HAC)
To help keep your K900 from rolling backward when starting off on a steep hill, the HAC system automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

[†]No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. K900 LUXURY V8 WITH VIP PACKAGE SHOWN. Some features may vary.

DESIGNED TO HELP PROTECT DRIVER AND PASSENGERS

K900 is equipped with passive safety systems designed to help minimize injury when certain traffic accidents are unavoidable. An advanced airbag system helps protect driver and passengers with dual front, front and rear seat-mounted side, and full-length side curtain airbags.¹⁵

EIGHT ADVANCED AIRBAGS

Dual front airbags, full-length side curtain airbags and front and rear seat-mounted side airbags comprise a sophisticated system managed by advanced sensors that can even respond in certain rollover situations.

AIRBAG & SEAT BELT SENSORS

This system monitors the severity of certain impacts, the presence of a front passenger and seat belt use, and then controls airbag inflation accordingly.¹⁵

FRONT SEAT BELT PRETENSIONERS

Pretensioners have been designed to tighten the front seat belts in the event of certain collisions, reducing the likelihood of injuries in some situations.

SIDE-IMPACT DOOR BEAMS

All doors are reinforced with extremely strong but light steel beams to help absorb impact energy and deflect side-impact force. The K900's A and B pillars are also reinforced to help strengthen the body of the vehicle.

FRONT & REAR CRUMPLE ZONES

Front and rear crumple zones are specially engineered to help absorb and dissipate impact energy, helping to preserve the structural integrity of the entire passenger compartment in certain collisions.

REAR CHILD-SAFETY DOOR LOCKS

Rear child-safety door locks help prevent the doors from being opened accidentally, which is important when small children are passengers. With the doors in the locked position, they can only be opened from the outside.

For maximum protection, always wear your seat belt. No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. ¹⁵ See Specifications page for endnote. K900 LUXURY V8 WITH VIP PACKAGE SHOWN. Some features may vary.

STUNNING DESIGN

K900 takes its place as the flagship of a line of vehicles that — under the direction of renowned President and Chief Design Officer Peter Schreyer — has captured worldwide attention for interior and exterior styling. Kia vehicles represent the passionate collaboration of designers who have created a distinctive look that makes every Kia recognizable at first sight.

EXTENSIVE RESEARCH AND DEVELOPMENT

Kia's R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 124 mph. Utilizing heavy-rain-and-snowfall testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

STRINGENT TESTING

To deliver automobiles with exceptional performance and unsurpassed comfort, Kia combines new technologies with materials such as high-strength tensile steel. In addition, K900's parts and material testing included high-tech virtual analysis to deliver superior performance and long-lasting quality in real-world conditions.

COMMITMENT TO AMERICA

Kia Motors has invested over \$1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant recently produced its one millionth vehicle after less than four years of operation. The Sorento crossover and certain Optima midsize sedans are currently being built at this plant.¹ Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 14,000 jobs in West Point and the surrounding areas. It's all part of Kia Motors' commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

INDUSTRY-LEADING WARRANTY PROGRAM¹⁶

Kia engineers' dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.¹⁶

10-year/100,000-mile limited powertrain warranty

5-year/60,000-mile limited basic warranty

5-year/100,000-mile limited anti-perforation warranty

5-year/60,000-mile 24-hour roadside assistance

DELIVERING ON A PROMISE

Kia is committed to producing world-class vehicles that suit most every driving need. This promise has led to the development of stylish vehicles with a remarkable combination of precision engineering, outstanding performance, innovative features and advanced safety systems — and K900 stands as the latest and most extraordinary example of this commitment. Kia's dedication to quality and value has also been widely recognized¹⁹ — one reason why Kia has been honored as a top 100 brand in Interbrand's Best Global Brands 2013 report.²⁰

PACKAGES

LUXURY PACKAGE (AVAILABLE ON PREMIUM V6)

1. Panoramic sunroof (optional with package)
2. Shift-by-wire gear selector
3. Heated steering wheel
4. Nappa leather seat trim
5. Genuine wood trim accents
6. Credit-card-size Smart Key
7. Premium trim on headliner, pillar, rear parcel shelf (not shown)

TECHNOLOGY PACKAGE (REQUIRES PREMIUM V6 LUXURY PACKAGE)

1. Advanced Smart Cruise Control¹
2. Head-Up Display
3. Power door latches (soft close)
4. 16-way adjustable driver's seat w/integrated memory system:
 - Power lumbar support
 - Power headrest
 - Power seat cushion extension
5. Rear-seat power lumbar support
6. Panoramic sunroof
7. Blind-Spot Detection w/Lane Change Assist¹
8. Rear Cross-Traffic Alert¹
9. Lane Departure Warning System¹
10. Advanced Vehicle Safety Management¹ (not shown)

VIP PACKAGE (AVAILABLE ON LUXURY V8)

1. Advanced Smart Cruise Control¹
2. Head-Up Display
3. Power door latches (soft close)
4. 16-way adjustable driver's seat w/integrated memory system:
 - Power lumbar support
 - Power headrest
 - Power seat cushion extension
5. Executive rear seat:
 - Power-reclining rear seats
 - Ventilated outboard rear seats
 - Air lumbar support
6. Surround-View Monitor²
7. 12.3" Thin-Film Transistor (TFT) LCD cluster
8. Advanced Vehicle Safety Management w/pre-safe belt¹ (not shown)

2015 K900 V8 expected Spring 2014, K900 V6 expected Summer 2014. Initially available in certain markets with limited availability.
¹No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. 1, 2 See Specifications page for endnotes.

COLORS

K900 paint finishes feature superior Quad Coating, a four-coat baking process that enhances clarity and visual depth while creating richer colors.

EXTERIOR

PAINT FINISHES ARE INDICATED BY:
(M) = METALLIC PAINT
(P) = PEARL PAINT

* Not available with White Nappa leather trim.

INTERIOR

** Premium V6 only.
^ Not available with Bright Silver or Mineral Silver.

ACTUAL VEHICLE EXTERIOR AND INTERIOR COLORS MAY VARY FROM PRINTED BROCHURE. SOME COLORS AVAILABLE AT A LATER DATE.
