

LAND ROVER 2009

An aerial photograph of a winding asphalt road that curves along a rugged, rocky coastline. A white SUV is driving on the road, heading away from the viewer. The road is bordered by a low metal guardrail. The surrounding landscape is arid, with sparse, low-lying vegetation and exposed rock formations. In the background, a large body of water stretches towards the horizon, with several small islands and a larger, forested headland visible. The sky is a pale, hazy blue.

**DESIGNED FOR THE
EXTRAORDINARY**

landroverusa.com

It's a design philosophy that has guided Land Rover for more than 60 years. And the Land Rover vehicles, proudly wearing the "muddy oval" have, indeed, accomplished extraordinary deeds. From perilous expeditions to the far corners of the earth, to transporting aid workers in times of crisis or, all polished and adorned with colorful regalia, parading heads of state in national celebrations – a Land Rover is perfectly appropriate anywhere.

Four distinctive Land Rover models enter the 2009 model year with notable design enhancements, even more luxury and, of course, world-renowned capability. Nothing else is a Land Rover. Nothing else has the ability to go beyond mere rhetoric and braggadocio to achieve recognition and greatness on every continent. Discover the Land Rover spirit of adventure at LandRoverUSA.com. Or find out firsthand by getting behind the wheel of the most versatile sport utility in the world at your local Land Rover Retailer.

2009 RANGE ROVER HSE

World Class Luxury Meets World Class Capability

Arguably the original luxury sport-utility vehicle, The Range Rover delivers the seemingly impossible: Premium luxury-sedan accoutrements and comfort with astounding off-road capability.

Permanent four-wheel drive sends 305 horsepower through a six-speed CommandShift™ automatic to all four wheels, taking on road, trail or weather conditions with effortless control. All-terrain anti-lock brakes and dynamic stability control provide the foundation for advanced active safety systems, overseeing your well-being. The sophisticated Electronic Air Suspension (EAS) enhances ride quality, isolates road harshness and automatically levels the ride, even with changing passenger and cargo loads. EAS also offers automatic and manual modes to raise the vehicle during serious off-road excursions, or lower it for easy ingress and egress.

Open the door of The Range Rover and revel in an atmosphere of accomplished elegance. Fine Blenheim leather and genuine wood trim grace the interior. A 710-watt Harman Kardon® LOGIC7® surround-sound audio system plays a soundtrack to your travels. The touch-screen GPS navigation system can help you find your way in city or uncharted terrain. For those who desire more, the optional Luxury Interior Package adds cooled front seats and heated rear seats, fine Windsor leather trim, the Adaptive Front-Lighting System and more.

Travel the byways and highways in your own world of luxury and capability, knowing that wherever your life leads, The Range Rover can take you there.

2009 RANGE ROVER SUPERCHARGED

A Distinctive And Powerful Presence

Take everything you know about The Range Rover, and add a large dose of power – an immediate yet tractable 400 horsepower and 420 pound-feet, to be precise. The Supercharged is the most powerful Range Rover ever, and you can feel the response of its supercharged V8 engine the instant you step on the accelerator.

Channeling that power is a six-speed CommandShift™ automatic transmission with Positive Torque, which matches engine revs to road speed when you manually select a lower gear. An electronically controlled, infinitely variable locking rear differential is also standard for even higher levels of traction. Speed at the 20-inch performance radial tires is restrained by the Brembo® front braking system with larger rotors and four-piston brake calipers – in other words, stopping power to match its driving power.

Inside the Supercharged, Grand Black Lacquer Wood trim is standard, the brake and accelerator pedals are clad in stainless steel, and all the features of the Luxury Interior Package are included. The Supercharged also has specific exterior design elements that set it apart, including diamond-mesh grille and power vents, chrome-plated exhaust tips, clear taillight lenses and, the finishing touch, black-and-silver Land Rover badges. Distinctive, discrete and designed for the discriminating – The Range Rover Supercharged.

Crème de la Crème

Autobiography is the definitive demonstration of Range Rover luxury. Using The Range Rover Supercharged as its palette, Autobiography paints a picture of individuality.

Start with an admirable list of standard features, including 20-inch Diamond Turned alloy wheels, Climate Glass and four-zone automatic climate control to keep you and your passengers refreshed, plus the Rear Seat Entertainment System with individual LED screens located in the back of the front head restraints, a six-disc DVD changer and wireless headphones.

On top of all this, add the highest level of leather and wood trim in any Range Rover. The Autobiography fits semi-aniline leather, which uses the finest hides and applies the minimum amount of treatment to achieve an exceptionally soft grade of leather. More than that, the leather's grain gives each seat its own distinction. In keeping with the character of a natural product, Autobiography leather will mellow over time. Leather covers the entire front and back of the seats, plus the dashboard, glovebox lids and even the driver's knee airbag cover. There are also full leather door casings, front and rear. Additional wood trim also graces the Autobiography: Your choice of Grand Black Lacquer, American Cherry or Burled Walnut.

Elevating the elegant virtues of The Range Rover, Autobiography is luxury without equal.

2009 RANGE ROVER AUTOBIOGRAPHY

2009 RANGE ROVER SPORT HSE

The Definitive Sports-Tourer

Range Rover Sport may challenge your expectations of how a Land Rover should perform. Its sleek, muscular lines are a preface to the driving excitement that awaits you. A 4.4-liter V8 sends 300 horsepower to all four wheels for traction and control under a wide range of road and trail conditions. The Electronic Air Suspension (EAS) and 19-inch low-profile tires are sport-tuned to give Range Rover Sport the most responsive handling of any Land Rover model.

Inside, a sporty cockpit greets you, with a high, sweeping center console that places important controls at hand. Extensive wood, leather and metallic finishes lend a contemporary air to your surroundings. The seats are sculpted and bolstered for comfort and support, whether you are carving a hairpin turn or surmounting an obstacle on your way to a backwoods retreat.

A 550-watt, 14-speaker Harman Kardon LOGIC7 audio system can immerse you in sound, while the off-road-enhanced GPS navigation system guides you to your destination. Even a Bluetooth® capable Personal Telephone Integration system is standard, connecting you to the outside world.

Range Rover Sport is designed for effortless control while transporting five adults in ultimate comfort. As adept at tackling S-bends as it is at conquering rugged trails, Range Rover Sport is the definitive sports-tourer.

Engineered For A World Of Driving

For those with a penchant for even more performance, let us present the Range Rover Sport Supercharged. Boosted by a belt-driven supercharger, its 4.2-liter V8 delivers 390 horsepower and 410 pound-feet of torque for effortless acceleration at your beck and call. The six-speed CommandShift automatic transmission lets you scroll through the gears, if desired, while Positive Torque matches engine revs to road speed.

The sport-tuned Electronic Air Suspension is augmented by Dynamic Response™, which electronically regulates body lean for an even finer edge to its handling response. Engineered to give you the ability to stop with confidence, regardless of the surface, all-terrain ABS and Brembo front brakes are also standard.

The Adaptive Front-Lighting System pivots the headlights as you steer, while automatic Bi-Xenon® headlights brighten the road. Twenty-inch Sparkle Silver finish alloy wheels, plus specific grille and power vents, chrome exhaust extensions and a black-and-silver Land Rover badge inform the world of its distinction.

Inside, Sports Leather seating surfaces, heated front and rear seats, and a Harman Kardon LOGIC7 audio system with standard SIRIUS® Satellite Radio add comfort and pleasure to your ride.* The Luxury Interior Package and Dark Zebrano Wood trim are no-cost options.

Athletic and luxurious, thrillingly responsive yet loaded with sybaritic comforts, the Supercharged is the ultimate Range Rover Sport.

* Subscription not included. Sirius Satellite Radio is not available in Alaska or Hawaii.

2009 RANGE ROVER SPORT SUPERCHARGED

2009 LAND ROVER LR3

The Innovative Incarnation Of An Industry Pioneer

The LR3 clearly reflects Land Rover's 60-year heritage while, at the same time, possessing state-of-the-art engineering innovations. Permanent four-wheel drive and a 300-horsepower V8 endow it with the ability to take to any surface with ease. Available seating for seven full-size adults and multiple seating configurations add flexibility to your life. What's more, stadium seating, generous glass area, and a standard power sunroof with fixed Alpine roof provide occupants with a panoramic view.

Seeing to your safety are the immensely strong Integrated Body Frame™, plus six airbags* (eight when the Seven Seat Comfort Package is ordered), and an array of sophisticated dynamic controls. Notable among these is Active Roll Mitigation (ARM), which can detect and reduce the chance of an impending rollover.

On-road or off, patented Terrain Response™ optimizes drivetrain responses to maximize traction and control.** It puts everything Land Rover has learned about four-wheel drive at your fingertips.

But the LR3 is certainly not all toughness and purpose. It also possesses a softer side. Rich leather seating, Straight-Grained Walnut or Grand Black Lacquer Wood trim, dual-zone automatic climate control and a nine-speaker Harman Kardon audio system all conspire to increase your comfort.

Towing a trailer or taking friends to the big game, climbing a mountain trail or cruising the interstate, the LR3 is supremely capable, distinctive and versatile.

* See first footnote on page 25 for the airbag (SRS) statement.

** Terrain Response cannot regulate all the factors that influence vehicle control. Please practice safe driving techniques.

Dressed For Success

Selecting your own LR3 presents some alluring choices. The Seven Seat Comfort Package not only includes accommodating third-row seating, but also separate climate controls and supplemental side-curtain airbags.* For frostier climes, the Cold Climate Package adds heated front and second-row seats, plus a heated front windshield and windshield-washer jets.

Do you desire more luxurious surroundings? Then you'll want the HSE Package or HSE Luxury Package. The HSE Package includes GPS navigation, Personal Telephone Integration with Bluetooth, SIRIUS Satellite Radio,** a power adjustable tilt-and-telescopic steering column, the Cold Climate Package and front Park Distance Control (rear PDC is standard).

The most fully equipped LR3 is fitted with the HSE Luxury Package. It includes all of the features of the HSE Package and more, such as a driver memory package and Premium Leather seating surfaces with opulent "gathered" leather. Even the cubby-box lid is leather-clad. Built into the center console is a Cooler Box for on-the-go convenience. The Adaptive Front-Lighting System with Bi-Xenon headlights pivots the lights as you steer. And a 550-watt, 14-speaker Harman Kardon LOGIC7 surround-sound audio system with six-disc CD changer will impress even the most ardent music lover.

But no matter how you equip your LR3, you'll be driving a Land Rover, with all the confidence and control to tackle whatever the world sends your way.

* See first footnote on page 25 for the airbag (SRS) statement.

** Subscription not included. Sirius Satellite Radio is not available in Alaska or Hawaii.

2009 LAND ROVER LR2

At Home In Any Environment

With its chiseled lines and contemporary design, the LR2 is instantly recognizable as a Land Rover. And as you would expect of a Land Rover, it is equipped to take on some of the toughest weather conditions and terrain with ease.

Its innovative 3.2-liter inline six-cylinder engine is mated to a CommandShift six-speed automatic transmission for responsive acceleration and efficient highway cruising. Its fully independent, long-travel suspension and 19-inch low-profile tires give the LR2 agile handling with excellent ride

comfort. Permanent intelligent all-wheel drive transfers engine torque almost instantly to all four wheels to handle changing road conditions. In addition, class-leading technologies, such as patented Terrain Response, plus all-terrain anti-lock brakes with four-wheel ventilated discs, enable you to go further and see more, with outstanding control.

The LR2 is also a paragon of safety engineering. There are seven airbags (SRS), including a driver's knee airbag, plus pre-tensioning front safety belts*. What's more, standard Roll Stability Control (RSC®) can detect and help prevent an impending rollover.

New for 2009 is an exciting HST Style Package, which includes an integrated body kit with body-color bumpers and side sills, plus an HST mesh grille and dual exhaust tips. The HST Style Package is available exclusively in five lustrous exterior colors.

Rugged but refined, compact yet spacious, the LR2 is at home in any environment.

* See first footnote on page 25 for the airbag (SRS) statement.

An Open Invitation

The LR2 invites you in from the moment you open the door. The standard panoramic dual-panel sunroof lends an open and airy feel. Perforated leather seating is available in your choice of Almond with Nutmeg carpeting, or Ebony Black Leather with black carpeting. Standard conveniences abound, including dual-zone automatic climate control, rear Park Distance Control, rain-sensing windshield wipers, and a 320-watt Alpine® audio system with six-disc CD changer and nine speakers, plus an auxiliary input for an iPod® or similar MP3 player.

Available option packages provide even more luxury and convenience. The Technology Package adds GPS navigation, and a 440-watt Dolby® Pro Logic® II 7.1 surround-sound audio system with 14 speakers and SIRIUS Satellite Radio.* Also included is the Personal Telephone Integration system with Bluetooth, which lets you link compatible phones to the LR2 audio system.

The Cold Climate Package adds heated front seats, heated windshield and heated windshield-washer jets. You can also opt for the Lighting Package with Bi-Xenon headlights and the Adaptive Front-Lighting System, which pivots the headlights as you steer into a turn. It also includes approach and “puddle” lights, plus a memory system for the eight-way power driver’s seat and the exterior mirrors.

It’s easy to see how the LR2 takes your comfort and convenience to heart, making the everyday more enjoyable.

* Subscription not included. Sirius Satellite Radio is not available in Alaska or Hawaii.

LAND ROVER EXPERIENCE

Land Rover Experience Driving Schools

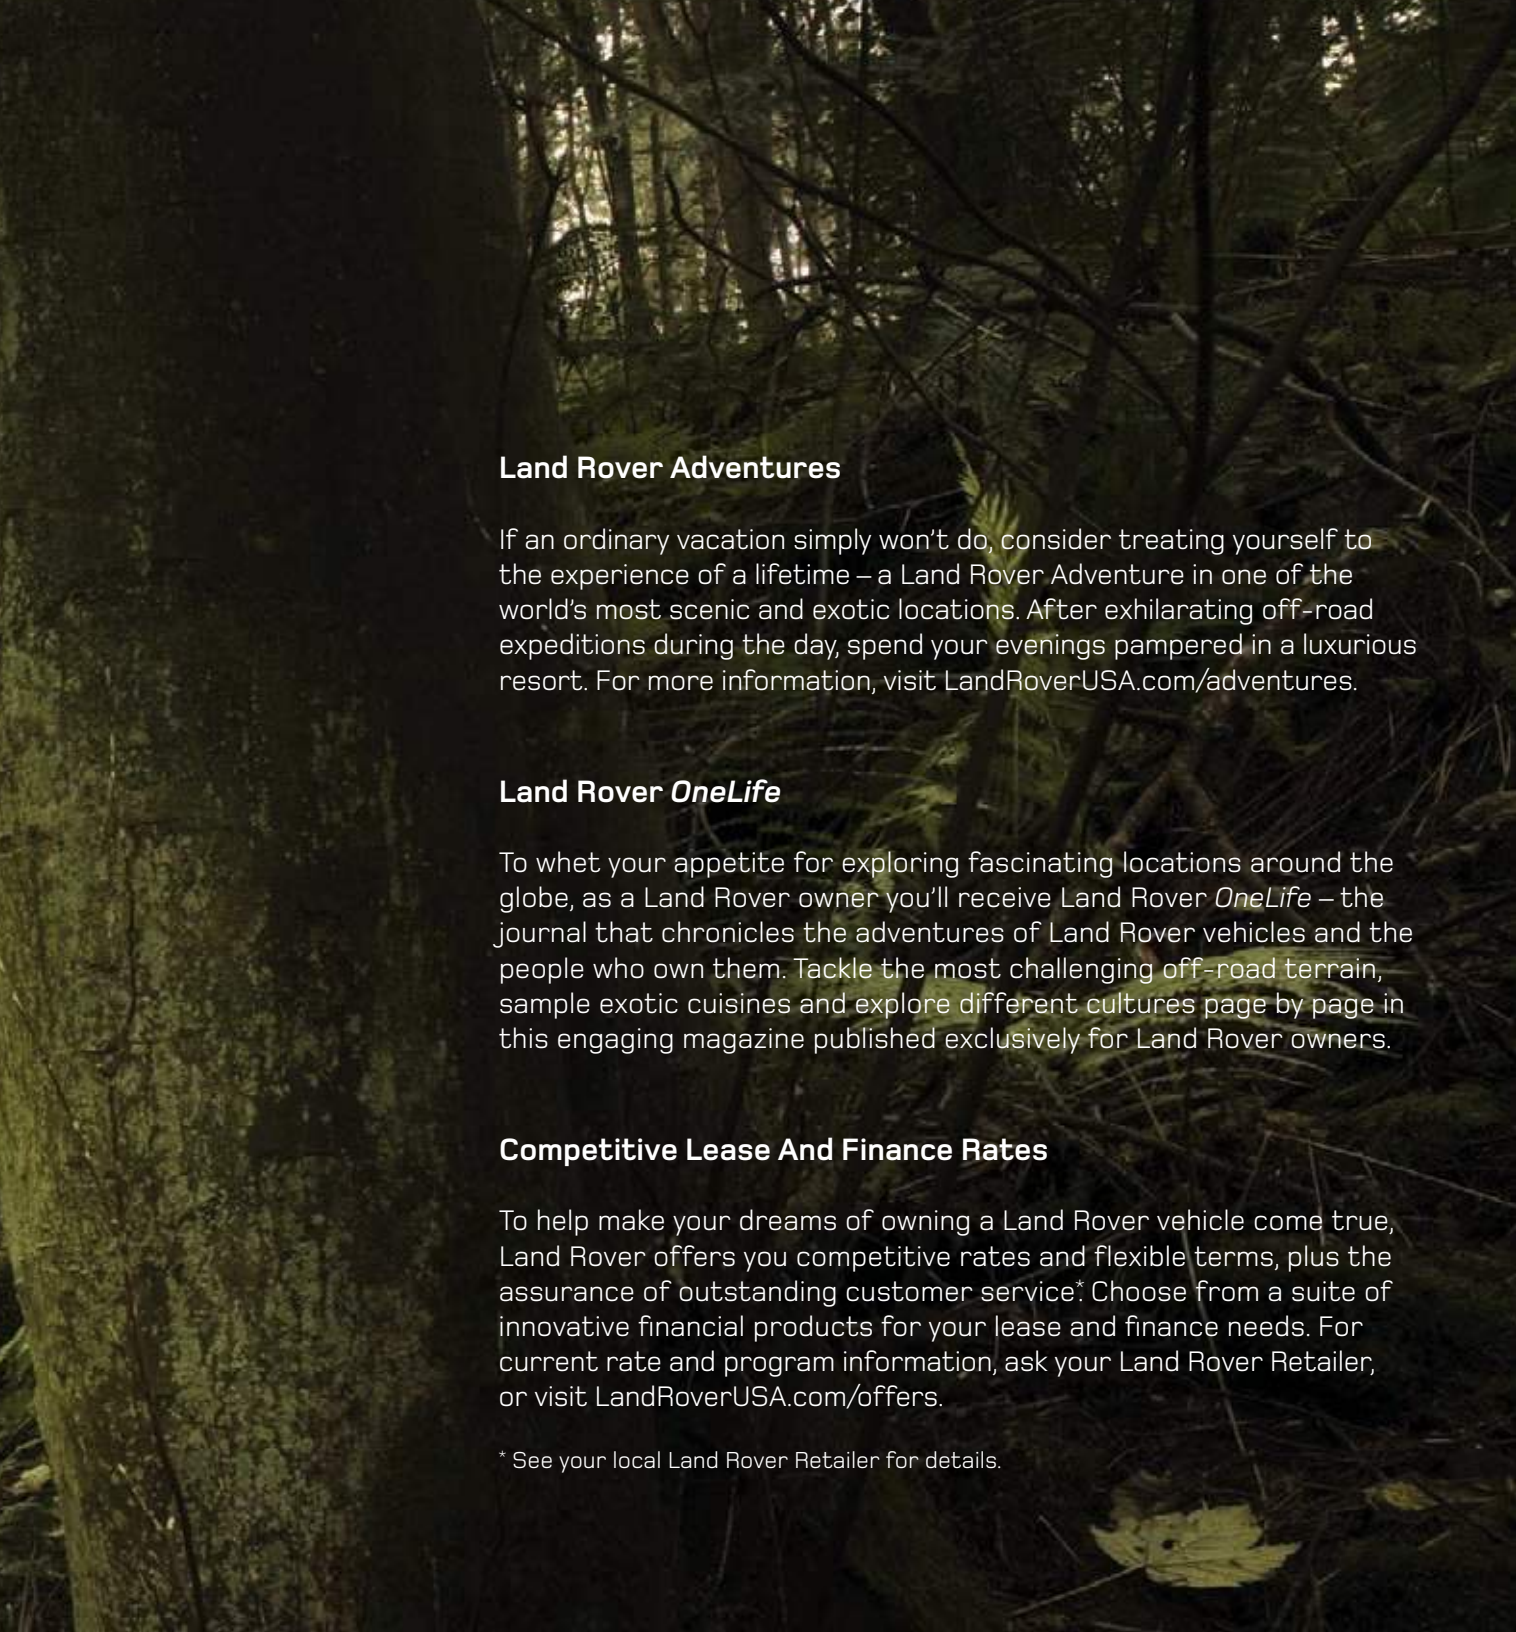

Imagine yourself in a “classroom” amidst breathtaking scenery on a thrilling off-road course. With an expert driving instructor by your side, you’ll tackle challenges matched to your driving skills and appetite for heart-pounding action. Land Rover Experience Driving Schools invite drivers of all skill levels to hone their abilities at: Biltmore Estate in Asheville, North Carolina; Equinox, The Vermont Resort; Fairmont le Château Montebello in Quebec, Canada; and Quail Lodge in Carmel, California. Owners of Land Rover vehicles receive a special discount. For more information, visit LandRoverUSA.com/drivingschools.

Do not attempt this type of maneuver on your own.

The Land Rover Way Retailer Events

Land Rover Retailers want to ensure that you have the opportunity to enjoy the amazing capabilities of your Land Rover vehicle and the lifestyle it embodies. At various times during the year, your Land Rover Retailer will host events that may combine challenging off-road excursions with an intriguing event, such as a trip for the entire family to a local wildlife park or the opportunity to attend a championship equestrian competition.

Land Rover Adventures

If an ordinary vacation simply won't do, consider treating yourself to the experience of a lifetime – a Land Rover Adventure in one of the world's most scenic and exotic locations. After exhilarating off-road expeditions during the day, spend your evenings pampered in a luxurious resort. For more information, visit LandRoverUSA.com/adventures.

Land Rover *OneLife*

To whet your appetite for exploring fascinating locations around the globe, as a Land Rover owner you'll receive Land Rover *OneLife* – the journal that chronicles the adventures of Land Rover vehicles and the people who own them. Tackle the most challenging off-road terrain, sample exotic cuisines and explore different cultures page by page in this engaging magazine published exclusively for Land Rover owners.

Competitive Lease And Finance Rates

To help make your dreams of owning a Land Rover vehicle come true, Land Rover offers you competitive rates and flexible terms, plus the assurance of outstanding customer service*. Choose from a suite of innovative financial products for your lease and finance needs. For current rate and program information, ask your Land Rover Retailer, or visit LandRoverUSA.com/offers.

* See your local Land Rover Retailer for details.

RANGE ROVER SPECIFICATIONS

RANGE ROVER HSE

EFFORTLESS

- 4.4-liter V8. 305 horsepower and 325 pound-feet of torque. Six-speed electronically controlled automatic transmission with CommandShift. Two-speed electronic transfer gearbox.
- Permanent four-wheel drive with four-wheel Electronic Traction Control (4ETC).

SECURE

- Nine airbags (Supplemental Restraint System).¹
- Integrated Whiplash Reduction System in front seats.
- Heated front windshield, exterior mirrors and windshield-washer jets.
- Front and rear Park Distance Control (PDC). Automatic rearview camera.
- Automatic, variable-speed rain-sensing windshield wipers.
- Automatic Bi-Xenon headlights with power washers.
- HomeLink® system for garage doors and security gates.

UNCOMPROMISED

- Terrain Response system to maximize traction and control.²
- Advanced dynamic systems include Electronic Brakeforce Distribution (EBD), Emergency Brake Assist (EBA), Cornering Brake Control (CBC), Active Roll Mitigation (ARM), Hill Descent Control (HDC) and all-terrain Dynamic Stability Control (DSC).²
- Four-wheel disc brakes with four-channel, all-terrain Anti-lock Braking System (ABS).
- 19-inch alloy wheels.
- Fully independent Electronic Air Suspension (EAS) with automatic load-leveling.

ENCHANTING

- Triple-zone automatic climate control with pollen filter.
- Heated front and rear seats, and steering-wheel rim.
- 710-watt Harman Kardon LOGIC7 digital surround-sound audio system with 14 speakers and SIRIUS Satellite radio.³
- One-touch "open/close" power sunroof. Anti-trap function.
- Color, touch-screen GPS navigation system. 4x4 Driver Information Center.
- Personal Telephone Integration system with Bluetooth capability.
- Blenheim leather seating surfaces and trim details. Leather-wrapped power tilt-and-telescopic steering wheel with automatic tilt-away.
- American Cherry Wood or Burled Walnut Wood interior trim.
- 12-way power driver's seat and 10-way power front-passenger seat. Three-driver memory for driver's seat, steering column and exterior mirrors.

RANGE ROVER SUPERCHARGED

In addition to HSE features, adds the following enhancements:

- 4.2-liter supercharged V8. 400 horsepower and 420 pound-feet of torque. Six-speed electronically controlled automatic transmission with CommandShift and Positive Torque.
- 20-inch alloy wheels and Brembo front brakes.
- Grand Black Lacquer Wood interior trim (American Cherry Wood or Burled Walnut Wood are no-cost options)
- Luxury Interior Package⁴, which includes heated and cooled 14-way power front seats and upgraded Windsor leather, plus Adaptive Front-Lighting System and auto-dimming exterior mirrors.
- Unique diamond-mesh grille and power vents, chrome exhaust extensions, stainless-steel-clad pedals, clear taillight lenses and black Land Rover badges.

RANGE ROVER AUTOBIOGRAPHY

In addition to The Supercharged features, adds the following enhancements:

- Semi-aniline full-leather seats, full leather fascia, leather door casings and leather console sides.
- Additional wood trim in American Cherry, Burled Walnut or Grand Black Lacquer.
- Rear Seat Entertainment System.
- Climate Glass and four-zone automatic climate control.
- 20-inch Diamond Turned alloy wheels.

1. See first footnote on page 25 for airbag (SRS) statement.

2. Terrain Response and DSC cannot regulate all the factors that influence vehicle control. Please practice safe driving techniques.

3. Subscription not included. SIRIUS Satellite Radio is not available in Alaska or Hawaii.

4. Standard on Supercharged. Optional on HSE.

RANGE ROVER SPORT SPECIFICATIONS

RANGE ROVER SPORT HSE

COMMANDING

- 4.4-liter V8. 300 horsepower and 315 pound-feet of torque. Six-speed electronically controlled automatic transmission with CommandShift. Two-speed electronic transfer gearbox.
- Permanent four-wheel drive with four-wheel Electronic Traction Control (4ETC).

ASSURED

- Six airbags (Supplemental Restraint System).¹
- Integrated Whiplash Reduction System in front seats.
- Front and rear Park Distance Control (PDC).
- Automatic Bi-Xenon headlights with power washers.
- Automatic, variable-speed rain-sensing windshield wipers.
- Automatic-dimming inside rearview mirror.
- Heated exterior mirrors.
- HomeLink system for garage doors and security gates.

READY

- Terrain Response system to maximize traction and control.²
- Advanced dynamic systems include Electronic Brakeforce Distribution (EBD), Emergency Brake Assist (EBA), Active Roll Mitigation (ARM), Cornering Brake Control (CBC), Hill Descent Control (HDC) and all-terrain Dynamic Stability Control (DSC).²
- Four-wheel disc brakes with four-channel, all-terrain Anti-lock Braking System (ABS).
- 19-inch alloy wheels.
- Fully independent Electronic Air Suspension (EAS) with automatic load-leveling.

ALLURING

- 550-watt Harman Kardon LOGIC7 digital surround-sound audio system.
- Color, touch-screen GPS navigation system. 4x4 Driver Information Center.
- Personal Telephone Integration system with Bluetooth capability.
- Leather-trimmed seats and leather-wrapped steering wheel.
- Memory system for driver's seat, power tilt-and-telescopic steering column and exterior mirrors.
- Eight-way power adjustable driver and front-passenger seats.
- One-touch "open/close" power sunroof.
- Dual-zone automatic climate control with pollen filter.

RANGE ROVER SPORT SUPERCHARGED

In addition to HSE features, adds the following enhancements:

- 4.2-liter supercharged V8. 390 horsepower and 410 pound-feet of torque. Six-speed electronically controlled automatic transmission with CommandShift and Positive Torque.
- 20-inch alloy wheels.
- Dynamic Response suspension system and Brembo front brakes.³
- Sports Leather seating with perforated center panels.
- Luxury Interior Package including Premium Leather seating surfaces, choice of Straight-Grained Walnut Wood or Dark Zebrano Wood interior trim, center-console Cooler Box, Adaptive Front-Lighting System and all elements of the Cold Climate Package.⁴
- SIRIUS Satellite Radio.⁵
- Unique bright-finish grille and power vents, chrome exhaust extensions and black Land Rover badges.

1. See first footnote on page 25 for airbag (SRS) statement.

2. Terrain Response and DSC cannot regulate all the factors that influence vehicle control. Please practice safe driving techniques.

3. Standard on Supercharged. Optional on HSE, where it requires the Luxury Interior Package.

4. Standard on Supercharged. Optional on HSE.

5. Subscription not included. Optional on HSE. SIRIUS Satellite Radio is not available in Alaska or Hawaii.

LAND ROVER LR3 SPECIFICATIONS

LAND ROVER LR3

STRONG

- 4.4-liter V8, 300 horsepower and 315 pound-feet of torque. Six-speed electronically controlled automatic transmission with CommandShift. Two-speed electronic transfer gearbox.
- Permanent four-wheel drive with four-wheel Electronic Traction Control (4ETC).

ATTENTIVE

- Six airbags (Supplemental Restraint System).¹
- Rear Park Distance Control.
- "Twin pocket" quartz halogen headlights with power washers.
- HomeLink system for garage doors and security gates.
- Automatic, variable-speed rain-sensing windshield wipers.

EXPERT

- Terrain Response system to maximize traction and control.²
- Advanced dynamic systems include Electronic Brakeforce Distribution (EBD), Emergency Brake Assist (EBA), Active Roll Mitigation (ARM), Cornering Brake Control (CBC), Hill Descent Control (HDC) and all-terrain Dynamic Stability Control (DSC).²
- Four-wheel disc brakes with four-channel, all-terrain Anti-lock Braking System (ABS).
- 19-inch alloy wheels.
- Fully independent Electronic Air Suspension (EAS) with automatic load-leveling.
- Auto-dimming inside rearview mirror.
- Front and rear fog lights.

ACCOMMODATING

- Dual-zone automatic climate control.
- Leather seating surfaces for the front and second-row seats. Leather-wrapped tilt-and-telescopic steering wheel.
- Straight-Grained Walnut Wood or Grand Black Lacquer Wood interior trim.
- Eight-way power adjustable driver and front-passenger seats. Power lumbar support for driver's seat.
- 240-watt Harman Kardon AM/FM audio system with in-dash six-disc CD changer and nine speakers.
- Power sunroof and fixed Alpine roof with integrated sun blinds.

HSE PACKAGE

Adds the following enhancements:

- Color, touch-screen GPS navigation system. 4x4 Driver Information Center.
- Personal Telephone Integration system with Bluetooth capability.
- SIRIUS Satellite Radio.³
- Front Park Distance Control (PDC).
- Power tilt-and-telescopic steering column.
- Cold Climate Package.

HSE LUXURY PACKAGE

In addition to the contents of the HSE Package, the following enhancements are added:

- Premium Leather seating surfaces.
- Adaptive Front-Lighting System and Bi-Xenon headlights.
- Memory system for driver's seat, steering column and exterior mirrors.
- Center-console Cooler Box.
- 550-watt Harman Kardon LOGIC7 surround-sound audio system with 14 speakers.

A variety of options and packages is available, including the Seven Seat Comfort Package with seating for seven, third-row controls for air conditioning, and supplemental side-curtain airbags (SRS).

1. See first footnote on page 25 for airbag (SRS) statement.

2. Terrain Response and DSC cannot regulate all the factors that influence vehicle control. Please practice safe driving techniques.

3. Subscription not included. SIRIUS Satellite Radio is not available in Alaska or Hawaii.

LAND ROVER LR2 SPECIFICATIONS

LAND ROVER LR2

RESPONSIVE

- 3.2-liter inline six-cylinder engine. 230 horsepower and 234 pound-feet of torque. Six-speed electronically controlled automatic transmission with CommandShift.
- Permanent intelligent all-wheel drive with four-wheel Electronic Traction Control (4ETC).

SECURE

- Seven airbags (Supplemental Restraint System).¹
- Dual-zone automatic climate control with programmed defrost.
- Rear Park Distance Control (PDC).
- Automatic quartz halogen headlights with headlight washers.

WARRANTIES & OWNER SUPPORT PROGRAMS FOR ALL LAND ROVER MODELS

- 4-year/50,000-mile New-Vehicle Limited Warranty.⁴
- 6-year/unlimited-mileage Corrosion Perforation Limited Warranty.⁴
- Land Rover 24-hour Roadside Assistance.⁴

1. Please remember that the safety belts in a Land Rover constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts. Although airbags provide additional protection, airbags alone are not sufficient. Always wear your safety belts. Children younger than 12 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.
2. Terrain Response and DSC cannot regulate all the factors that influence vehicle control. Please practice safe driving techniques.
3. Some options are available only in combination with other options. SIRIUS Satellite Radio subscription not included. SIRIUS Satellite Radio is not available in Alaska or Hawaii.
4. See your Land Rover Retailer for details.

OUR PLANET

Our Commitment To A Sustainable Future

From the design of our vehicles and the way we build them, to how and where we use them, we are committed to sustainable development and reducing our impact on the environment. To this end, we are working in four key areas.

Environmental Technologies

In 2007, we announced a \$1.38 billion joint investment into new technologies to improve the environmental performance of our vehicles. In 2008, we revealed our new concept vehicle, the LRX – a Land Rover in body and spirit, but conceived as a 2.0-liter diesel/hybrid, with potential CO₂ emissions of only 6.8 ounces per mile (120 g/km).

Sustainable Manufacturing

Land Rover vehicles are produced in world-class manufacturing facilities, certified to ISO 14001 environmental management systems standards since 1998. Our manufacturing facilities at Solihull and Halewood have reduced emissions by approximately 4 percent per year over the past five years. Since 1997, we have reduced emissions in our Solihull plant alone by 30 percent. Some of our engines are even made in a manufacturing plant that is partially powered by wind turbines.

CO₂ Offsetting

In 2006, we launched a pioneering program to offset CO₂ emissions generated by the production of Land Rover vehicles at both plants. In fact, we were the first automotive company to offset 100 percent of our manufacturing assembly CO₂ emissions. Partnered with specialist organization Climate Care, our offset projects include a wind farm in China, and hydroelectric generators in Tajikistan.

Global Conservation And Humanitarian Projects

Land Rover vehicles are used by conservation and humanitarian organizations around the world, and are often the first choice for the most difficult tasks. These organizations include the Born Free Foundation, Biosphere Expeditions, Royal Geographical Society (with IBG), China Exploration and Research Society, and Earthwatch Institute. Our projects are diverse, ranging from an initiative to help with the protection of rare wolves in Ethiopia, to a project funded by our CO₂ offset program that provides efficient cooking stoves to rural Uganda. In addition, the partnership between the International Federation of Red Cross and Red Crescent Societies and Land Rover aims to generate over \$2 million.

Drive Responsibly, On And Off-Road

We take our responsibility to our planet very seriously, and we encourage all Land Rover owners to do the same. While we invite Land Rover owners to experience the full potential and unique breadth of capability of their vehicles, we teach and promote responsible on- and off-road driving to help reduce the impact on the environment.

LAND ROVER VEHICLE KIT

Genuine Land Rover Vehicle Kit is a premier collection of specialized accessories, designed and constructed to the same high standards as the vehicles themselves. And when purchased with a new Land Rover, Vehicle Kit accessories carry the same warranty as the vehicles themselves.* From lamp guards to bike carriers to audio connectivity kits, genuine Land Rover Vehicle Kit lets you make your Land Rover as distinctive as your interests and personality.

For more information about the complete line of Land Rover Vehicle Kit, available exclusively from authorized Land Rover Retailers, speak with your Sales Guide. You'll also find an interactive accessory builder tool online. Just go to www.LandRoverUSA.com to see how Vehicle Kit will look on your Land Rover.

* See your Land Rover Retailer for details.

Did We Whet Your Appetite?

If you'd like to digest more information about any of the Land Rover models, we'll be happy to oblige. To order a brochure on the Range Rover, Range Rover Sport, Land Rover LR3 or Land Rover LR2, please call **1-800-FIND 4WD**. For more immediate information, go to **LandRoverUSA.com**, or better yet, visit your Land Rover Retailer.
