Range Rover Evoque 5-door Prestige shown in Fuji White with optional 20-inch sparkle finish alloy wheels (Style 6)

Range Rover Evoque 5-door Dynamic shown in Firenze Red with optional contrast roof and 20-inch sparkle finish alloy wheels (Style 6)

An evolution in design

Introducing the Range Rover Evoque. A Range Rover with a different spirit. Bold and sophisticated, with innovative technology that's both intuitive and clever. Range Rover Evoque provides an engaging blend of dynamic and sporty handling. It is smaller, lighter – the most efficient and sustainable Range Rover...ever. Nothing else looks like it, feels like it, or drives like it. In fact, Range Rover Evoque is a quantum leap in the evolution of Range Rover design.

Range Rover Evoque is available in three distinct models – Pure, Prestige and Dynamic – offering a tempting array of choices and technology.

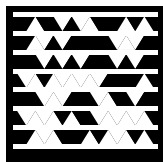

Pure features:

Range Rover Evoque Pure offered in both Coupe and 5-door.

- Turbocharged 2.0 liter 4-cylinder Si4 engine
- 380-Watt Meridian audio system with 11 speakers (including subwoofer)
- Grained leather seats
- Satin brushed aluminum interior finisher
- Oxford leather-wrapped steering wheel
- Body colored mirror caps
- 19-inch sparkle finish alloy wheels (Style 4)
- High gloss black waist finisher
- Dark Atlas side fender vent, grille and tailgate finisher (Coupe only)
- Brunel side fender vent, grille and tailgate finisher (5-door only)
- Dark Atlas hood louvers (Coupe only)

Range Rover Evoque Pure Coupe shown in Fuji White
with optional 20-inch sparkle finish alloy wheels (Style 6)

Pure

Range Rover Evoque draws its inspiration directly from the LRX concept car, which took the automotive press and public by storm. With its contemporary exterior design and signature Range Rover interior styling, this model is the purest expression of that original concept.

A unique feature of the Range Rover Evoque is the full-size, fixed panoramic glass sunroof. It is ingeniously engineered to the maximum length and width of the roof. The result is abundant space and light, uninterrupted views of the surrounding environment, plus more headroom - and comfort - for both driver and passengers.

Pure

Like every Range Rover vehicle, Range Rover Evoque optimizes performance, capability and safety in all on- and off-road conditions. It does this by employing a suite of innovative technologies including Terrain Response®, which adapts the engine, transmission and electronic systems to maximize driveability, comfort and traction.*

There are four Terrain Response® settings: General Driving, Grass/Gravel/Snow, Mud & Ruts, and Sand. Other cutting-edge technologies include the Land Rover patented Hill Descent Control (HDC®), Gradient Release Control (GRC) and Hill Hold as well as Dynamic Stability Control (DSC), Electronic Traction Control (ETC) and Roll Stability Control.*

* These features are not a substitute for driving safely with due care and attention, and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving.

Pure interior shown in Cirrus

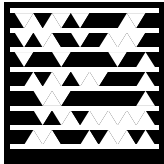

Prestige

Prestige combines the ultimate Range Rover interior luxury with enhanced exterior appointments. Sumptuous Oxford leather interiors, plus genuine wood veneer and satin-brushed aluminum finishes are used throughout. Exterior enhancements include striking alloy wheels and dramatic premium bright finish details.

Prestige is a bold evolution of Range Rover design. The sight and touch of the finest materials. The allure of unique colors. State-of-the-art technology and connectivity. For all the senses, the experience is remarkable.

Prestige features:

Range Rover Evoque Prestige only offered in 5-door.

- Turbocharged 2.0 liter 4-cylinder Si4 engine
- 825-Watt Meridian surround-sound audio system with 17 speakers (including subwoofer)
- Atlas finish side fender vent and tailgate finisher
- 8/6 way electric seats in Oxford leather
- Genuine wood interior veneers
- Premium carpet mats
- Oxford leather seats, door inserts and fascia
- Oxford leather-wrapped steering wheel
- Chrome tread plates
- 19-inch Diamond Turned Alloy Wheels (Style 5)
- Body colored mirror caps
- Atlas finish grille

Range Rover Evoque 5-door Prestige shown in Firenze Red with optional 20-inch sparkle finish alloy wheels (Style 6)

Prestige

Technology plays a key role at the driver's interface. The high-definition, eight-inch color touch-screen is easy to use with exceptionally clear, contemporary graphics. State-of-the-art connectivity allows drivers and passengers to operate portable devices through the touch-screen or steering wheel controls.

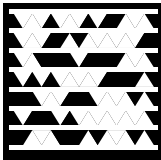

Dynamic features:

Range Rover Evoque Dynamic offered in both Coupe and 5-door.

- Turbocharged 2.0 liter 4-cylinder Si4 engine
- 825-Watt Meridian surround-sound audio system with 17 speakers (including subwoofer)
- Extended body-colored front and rear bumper
- Dynamic rear sport spoiler
- Dynamic exhaust with skid plate
- Santorini Black grille
- Santorini Black side fender vent
- Santorini Black tailgate finisher
- Textured metal interior finisher
- Perforated Oxford leather-wrapped steering wheel
- 6/4 electric perforated grained leather seats
- Illuminated Chrome tread plates
- 19-inch alloy wheels (Style 3)
- Santorini Black mirror caps
- Santorini Black hood louvers (Coupe only)

Dynamic

Dynamic is a sports-oriented take on the Range Rover Evoque design theme. Its assertive, athletic stance is emphasized by strong design cues. The dramatic slope of the roof is highlighted with a sports spoiler and optional contrast color.

The bold exterior, with stylized bumpers, sills, grille and tailpipes, combines with premium interior features, such as a darker environment that includes splashes of vibrant contrast color, perforated leather seats and unique sports detailing.

Dynamic

The Range Rover Evoque interior is enhanced with ambient LED mood lighting. This can be configured to suit personal tastes with a choice of five colors and a variety of brightness settings. To add a real sense of occasion automatic color changes are activated when the driver chooses Dynamic mode on Terrain Response®, changing the ambient lighting to red.*

* Only available with Adaptive Dynamics option.
