

RANGE ROVER

2014

ABOVE AND BEYOND

RANGE ROVER 2014

Range Rover attains exemplary levels of refinement and composure in even the most demanding of conditions. For 2014, Land Rover is proud to introduce a new member to the family. The Long Wheelbase, which is every part a Range Rover with additional levels of rear seating comfort and every bit a Land Rover at heart.

SPECIFICATIONS

Page 26

With three classic lines of the lower accent graphic, roofline and continuous waistline, the Range Rover is unmistakable. The iconic silhouette is gently tapered and curved, while the use of near-flush glazing and gloss black pillars accentuates the floating roof, enhancing its streamlined and elegant form.

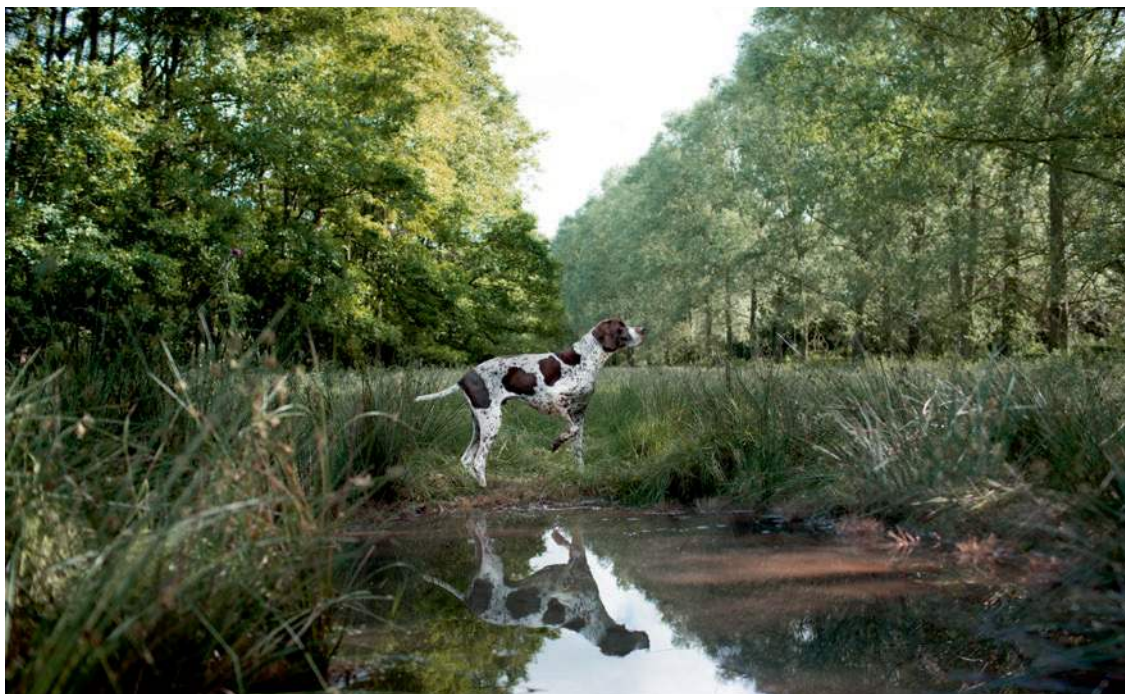

Vehicle shown above in Luxor with panoramic roof and privacy glass.
Vehicle shown left in Luxor with panoramic roof, privacy glass and 22 inch five split-spoke 'Style 6' alloy wheels.

With an all-aluminum body and true Land Rover capability at its heart, the Range Rover delivers incredible off-road performance no matter what the terrain or conditions, with a greater wading depth, raised air intake and class-leading departure angles.

Vehicle shown above in Luxor with panoramic roof, privacy glass and 22 inch five split-spoke 'Style 6' alloy wheels.
Vehicle shown left in Luxor with panoramic roof and privacy glass.

A sure-footed, composed drive is enhanced by the latest four-corner air suspension that provides exceptional wheel articulation and poise. The Auto* setting on Terrain Response® 2†, the next generation Terrain Response system from Land Rover, automatically optimizes vehicle settings to suit almost any terrain.

*Standard on Supercharged and Autobiography models.

†These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult owner's manual or your local Land Rover Retailer for more details.

Vehicle shown right in Luxor with panoramic roof and privacy glass.

The split tailgate is distinctly Range Rover. Its electronically operated upper and lower tailgates help provide a platform for social and sporting events coupled with greater protection from the elements.

Vehicle shown above in Luxor.
Vehicle shown right in Luxor with panoramic roof, privacy glass and 22 inch five split-spoke 'Style 6' alloy wheels.

Refinement is inherent in the Range Rover. Its interior gives a sense of calm and luxurious comfort. It is beautifully appointed and thoughtfully designed. The broad center console puts essential controls within easy reach while clean surfaces and the use of soft supple leather, wood veneers and highly polished finishers help create contemporary, comfortable surroundings.

Interior shown above in Ivory Semi-Aniline leather with Figured Macassar wood veneer.
Vehicle shown left in Indus Silver with panoramic roof, privacy glass and 22 inch five split-spoke 'Style 6' alloy wheels.

Flooding the interior with light, the panoramic roof* enhances the feeling of space and a connection to the world outside. Yet, at the touch of a button, the driver and passengers can feel cocooned once more as the full-length power blind glides into place.

*Optional on Range Rover models. Standard on HSE, Supercharged and Autobiography models.
Interior shown left in Ivory Semi-Aniline leather with rear seat entertainment and panoramic roof.

For pure indulgence and refinement in an SUV, nothing comes close. Whether passengers relax or work in the Rear Executive Class seats*, they will undoubtedly enjoy their individual leather seating with massage function and sweeping center console.

*Optional on Autobiography models only.

Vehicle shown right in Indus Silver with interior in Ivory Semi-Aniline leather and Figured Macassar wood veneer with Rear Executive Class seats and rear seat entertainment.

The exceptional quality of the Meridian™ sound system brings a concert hall experience into the Range Rover. Twenty-nine speakers ensure you hear every note while mood lighting creates the right ambience. There is a palette of ten colors* to choose from and simply operated variable brightness controls ensure personal preferences.

*Standard on Autobiography models only.

Vehicle shown left in Indus Silver with panoramic roof, privacy glass and interior in Ivory Semi-Aniline leather and Figured Macassar wood veneer with Rear Executive Class seats.

The overall sense of unparalleled comfort is realized in the Range Rover Long Wheelbase. It is a new and welcome addition to the Range Rover family, providing an extra 7.87 inches (200mm) in the second row and affording rear passengers an extended recline.

Vehicle shown above is Long Wheelbase in Barolo Black with panoramic roof, privacy glass and 22 inch five split-spoke 'Style 6' alloy wheels. Interior shown left is Long Wheelbase with Rear Executive Class seats.

To drive the Range Rover is to experience effortless elegance. From the most demanding terrains to negotiating rush hour city traffic, it is designed to deliver a relaxed, intuitive rewarding drive.

Interior shown above in Ivory Semi-Aniline leather and Figured Macassar wood veneer.
Vehicle shown right in Barolo Black with panoramic roof and privacy glass.

The Range Rover drive is confident and assured with the legendary Command Driving Position* giving the driver the best possible view of the road ahead. Dynamic Response** and Adaptive Dynamics* are available to regulate the front and rear suspension units and vary the dampers to deliver optimum ride, control and composure. When you're in a Range Rover, the miles seem to fly by.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult owner's manual or your local Land Rover Retailer for more details.

SPECIFICATIONS

Range Rover offers an exclusive range of options that allow you to personalize your vehicle. The following pages take you through a logical series of steps to bring your individuality to life.

You can start with our online configurator at LandRoverUSA.com

Step 1

Choose your engine

Page 28

You can select from an improved line-up of powerful and refined petrol engines.

Step 2

Choose your model

Page 30

Compare the standard features on each model. Now with the additional choice of Standard or Long Wheelbase versions.

Step 3

Choose your color

Page 38

There's a wide range of colors to enable you to express yourself.

Step 4

Choose your wheels

Page 42

There's a range of styles, each one designed to complement the bold exterior.

Step 5

Choose your interior

Page 44

Carefully selected colors complemented by wood veneers. You can personalize your own interior space.

Step 6

Choose your options

Page 62

Additional options can enhance your personal style.

Key Features

Page 66

The latest innovations that make your drive special.

Technical Details

Page 70

All you need to know about dimensions, performance specifications and key data.

Accessories

Page 72

A unique range of accessories that add individual style.

STEP 1 CHOOSE YOUR ENGINE

DRIVELINE, ENGINE PERFORMANCE AND FUEL ECONOMY

The high performing range of engines use the latest powertrain technology. Combined with the innovative all-aluminum technology, fuel consumption and CO₂ emissions are reduced by up to 25 percent when compared to the previous generation Range Rover.

The intelligent Stop/Start system on the LR-V6 3.0 Supercharged and LR-V8 5.0 Supercharged models automatically shuts down the engine as soon as the vehicle comes to rest. The engine automatically starts again as soon as you lift your foot from the brake.

3.0L V6 SUPERCHARGED

5.0L V8 SUPERCHARGED

	3.0L V6 SUPERCHARGED	5.0L V8 SUPERCHARGED

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local Land Rover Retailer for more details.

†Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

STEP 5 CHOOSE YOUR INTERIOR

The Range Rover defines modern living. The strong architectural lines of the interior are balanced by soft lighting and the extensive choice of colorways available. The fit and finish, including the judicious use of leather and wood, truly complements the luxurious styling.

STEP 5 CHOOSE YOUR INTERIOR – LEATHER FINISHES

Beautiful materials, flawless execution

The interior is upholstered in the finest natural materials including lavish wood veneers, immaculate metal finishes and premium leathers. Beautifully soft, and with tailored hand-stitching, the type of leather is determined by model choice. It enhances the cabin, covering virtually every surface from the seats and instrument panel to the doors and headlining. The Range Rover Autobiography features Semi-Aniline leather with high-grade hides hand-picked for their exceptional suppleness and natural appearance.

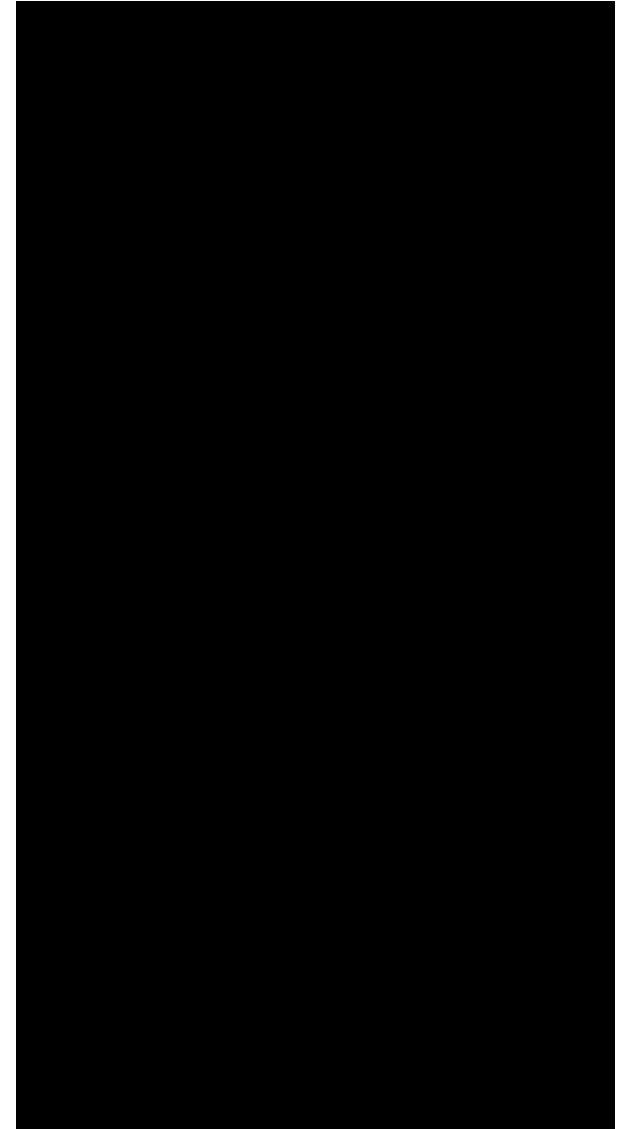

STEP 5 CHOOSE YOUR INTERIOR – TRIM FINISHER CHOICES

SHADOW WALNUT
WOOD VENEER

FIGURED MACASSAR
WOOD VENEER

GRAND BLACK
WOOD VENEER

STEP 5 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

Bench seat

Standard on all models, the leather bench seat can accommodate up to three passengers and is available with manual or power recline.

The center seat folds flat to reveal the rear seat cupholders.

For extended load capacity all of the rear seats will fold flat. Additionally this can be operated electronically by the touch of a button in the loadspace for seats specified with power recline.

Available on Standard Wheelbase and Long Wheelbase models.

Rear Executive Class seats

For the ultimate in rear seat luxury, the Rear Executive Class seating option provides supreme comfort and convenience, with two individual rear seats and the full extended center console finished in the finest veneer. Seat functionality includes memory, power recline and a three-mode massage feature.

The option of a Long Wheelbase adds 7.87 inches (200mm) in the second row of seats and has the additional benefit of providing rear passengers with an extended recline of some 17 degrees.

Note however, these seats do not fold.

Available on Standard and Long Wheelbase Autobiography models.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local Land Rover Retailer for more details.

KEY FEATURES

The features described on the following pages are available as standard or optional equipment depending upon model chosen.

Adaptive Cruise Control with Queue Assist*

Adaptive Cruise Control (ACC) is an improved cruise control system that helps maintain a pre-set gap from the vehicle in front, even if it changes speed.

Queue Assist extends the ACC functionality. It is designed to allow the vehicle to come to a stop when it reaches a traffic queue.

Blind Spot Monitor and Closing Vehicle Sensing*

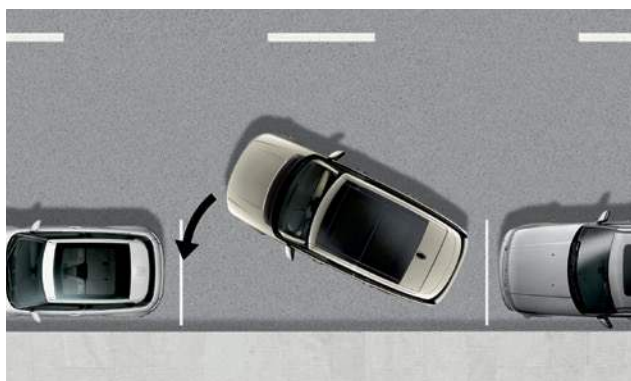

Using sensors mounted on the sides and the rear bumper, these systems are designed to see what you might miss. When a vehicle enters a blind spot, a warning light will show in the corresponding door mirror.

Closing Vehicle Sensing scans a zone much further behind the vehicle, to help detect vehicles which are closing quickly from behind, and which could cause a threat during a lane change maneuver.

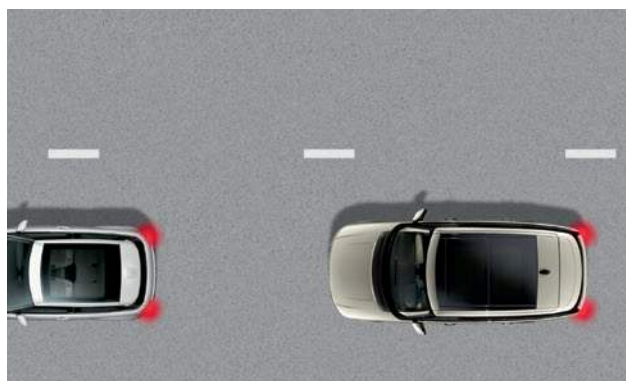

Reverse Traffic Detection*

Using radar detectors in the rear of the vehicle the system is designed to warn you about potential collisions during reversing maneuvers. The system can help detect a vehicle approaching from either side. When a target vehicle with a credible 'time to collision' is detected (a collision within three seconds or less), the system alerts the driver. Three warnings are given: an indicator lights up in the corresponding door mirror, an audible alert is sounded and a warning symbol is displayed on the camera screen.

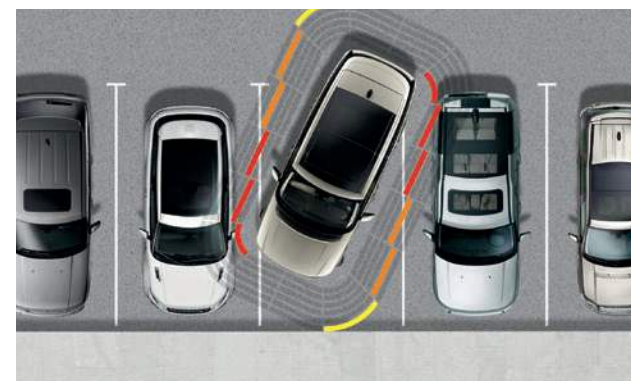

Parallel Park*

Using sensors, Parallel Park identifies parking spaces and helps you parallel park in tight spots. The screen prompts you to select reverse and then automatically steers you into place. You stay in control using the brake and graphics guide you through each maneuver.

Safety

With driver and passenger airbags¹, side curtain and thorax airbags linked to the vehicle's emergency braking functions, safety for all occupants is optimized.

360° Park Distance Control*

With virtual object tracking along the sides of the car, 360° Park Distance Control gives confidence in confined situations, like multi-storey parking garages at speeds up to 10mph (16kph).

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local Land Rover Retailer for more details.

¹Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

Visit LandRoverUSA.com for more information.

KEY FEATURES

The features described on the following pages are available as standard or optional equipment depending upon model chosen.

Interior Mood Lighting

The clean, elegant lines and premium materials of the interior are enhanced by carefully detailed LED mood lighting that brings the cabin alive at night. Following the lines of the veneer surface of the center console, the lighting offers ten colors which can be chosen to suit your taste and mood.

Seat Comfort

The massage seats feature five programs and are available for driver and passenger.

Rear seat recline is standard on all vehicles. The center seat can also be folded flat to optimize loadspace capacity (applicable to bench seat only).

Audio

The Meridian™ audio technology gives you stunning sound quality. The top of the range system features Meridian Signature Reference Audio with 29 speakers including subwoofer, and 3D surround sound.

Surround Camera System*

For a complete, all-round view, the latest surround camera system incorporating T-Junction view helps you see everything clearly on the full-color Touch-screen. This system will also help you with towing as it includes trailer reverse park guidance and trailer hitch guidance.

Climate Control

Choose three-zone climate control, with separate controls for driver, front passenger and rear seats.

The optional four-zone climate control helps give more control to rear passengers.

Powered Tailgate

The characteristic Range Rover split tailgate is fully power operated. The upper tailgate can be opened remotely from the key fob or via a switch on the dash, or both gates can be independently operated using buttons on the tailgate, the key fob or from the driver's seat. To help prevent accidents the power operation will stop when it detects an obstruction.

Adaptive Dynamics*

Standard on all vehicles, Adaptive Dynamics monitors the vehicle's movements at least 500 times a second, reacting to driver or road inputs virtually instantaneously, helping to give greater control and minimizing body roll, for a composed ride. The system even senses off-road conditions, and optimizes damping accordingly.

Privacy Glass

Laminated privacy glass provides increased privacy for rear passengers by restricting vision into the cabin and reduces UV light transmission, making the vehicle more comfortable. It also lowers temperatures in hot climates, enabling greater cooling efficiency and performance from the Climate Control System. (Privacy glass is fitted to the rear doors, rear quarter light and rear windscreen).

Terrain Response® 2*

Next generation Terrain Response® 2 is designed to monitor driving conditions and automatically optimizes the vehicle's settings to suit the terrain giving you the ultimate in ride comfort on all surfaces including grass/gravel/snow, mud/ruts, sand and rock. And even if it is not in auto mode, it will let you know if you should select low range and off-road ride height.

DIMENSIONS AND CAPABILITIES

Standard Wheelbase (SWB) 2,922mm/115 inches

Long Wheelbase (LWB) 3,120mm/122.8 inches

ACCESSORIES

Roof Rails*
Consult your Land Rover Retailer for further details

Maximum permissible load capacity 100kgs/220.46lbs**. Design features pre-set positioning holes/dowels to ensure Cross Bars are fixed in optimum position for weight distribution and dynamics.

Fixed Cross Bars*
VPLGR0102

T-track design utilises the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimizes drag and noise. The incremental height when fitted is 93mm/3.67 inches**. Roof rails required for fitment.

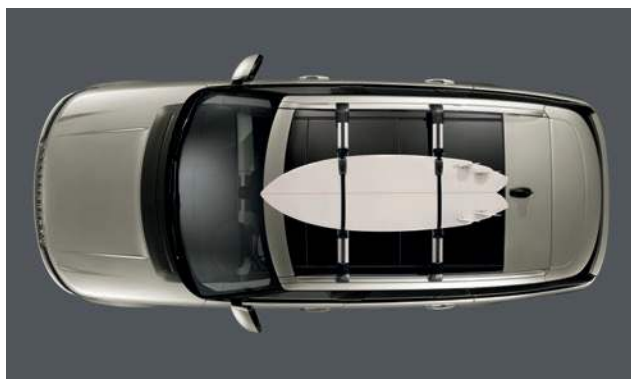

Luggage Carrier*
LR006848

Flexible rack system to facilitate roof carrying. Maximum payload 75kg/165.3lbs**.

Luggage Box*
VPLVR0062

Gloss Black finish. Lockable for security. Opens from both sides. Includes power-grip mounting for easy and quick fixing to the roof bars. Volume 410 liters/108.3 gallons. Maximum payload 75kg/165.31lbs**.

Aqua Sports Carrier
VPLGR0107

Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches/scuffs. Maximum payload 45kg/99.2lbs.

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Lockable for security. Incorporates slider rails for easy loading. Maximum payload 36kg/79lbs**.

Sports Roof Box*
VPLVR0061

Sleek, aerodynamic design with a Gloss Black finish. Can be mounted on either side of the vehicle for curbside opening. Internal retention system for skis or other long loads. Lockable for security. Volume 320 liters/84.5 gallons.

*Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

**Maximum payload equals the load capacity of the roof mounted accessory.

ACCESSORIES

Illuminated Treadplates
VPLWS0208 – SWB
VPLGS0261 – LWB

Illuminated treadplates are available on both the driver and front passenger sides of the vehicle to welcome you into the cabin.

Personalized Illuminated Treadplates
VPLWS0212 – Front
VPLWS0209 – Vehicle Set (SWB only)
VPLGS0262 – Rear (LWB only)

Personalize your vehicle further by adding a script of your choice in a variety of fonts, highlighted by subtle white illumination. Available as a full vehicle set (front pair personalized, rear pair illuminated only) or as a front pair only.

Pedal Kit
VPLGS0160

Pedal caps feature Bright design and hidden fixings for a clean finish.

Noble Plated Mirror Caps
VPLGB0073

Noble Plated Mirror Caps complement the Range Rover's exterior styling cues.

Front Mudflaps
VPLGP0109

Mudflaps help reduce spray and help protect the paintwork. Supplied as a pair. Not for use with Deployable Side Steps.

Front Mudflaps (for Deployable Side Steps)
VPLGP0111

Rear Mudflaps
VPLGP0110

Towing Electrics*
VPLGT0074

These handy sockets are mounted conveniently in your vehicle's rear bumper, providing the electrical power needed for rear lighting on your trailer. Must be used with the Trailer Hitch Kit.

Tow Bar Armature
VPLGT0083, VPLGT0097, LR037931

This bespoke system has been optimized alongside the Range Rover advanced aluminum chassis construction. Approved for up to 3,500kg trailer load. Trailer Hitch Kit and Towing Electrics Kit are available separately.

Trailer Hitch Kit
VPLGY0076

Towing Electrics Kit
VPLGT0074

*Please note: These accessories are not suitable for caravans, trailers or lighting boards fitted with rear mounted LED Lamp Kits.

ACCESSORIES

Loadspace Rails and D Loops
VPLGS0170

Loadspace mounted rails to help increase the flexibility of loadspace stowage. Loadspace Rails allow fitment of the Luggage Retention Kit stowage system.

Luggage Retention Kit*
VPLGS0171

Pack of attachments that fix into the Loadspace Rails via a quick lock/quick release system to help provide a flexible solution for retaining items. The attachment pack includes a retractable strap with inertia reel, telescopic rod and stowage bag.

Loadspace Mat – Rubber
VPLGS0151

Range Rover branded rubber mat helps protect the rear loadspace carpet from general dirt. Waterproof and non-slip surface.

Loadspace Semi-Rigid Liner
VPLGS0152

Semi-rigid waterproof loadspace protector adds a raised lip feature on three sides to protect side wall carpets.

Rubber Footwell Mats
VPLGS0150 - SWB
VPLGS0254 - LWB

Rubber footwell mats for front and second row occupants help provide protection from general dirt.

Cargo Barrier – Full height
VPLGS0162

This useful barrier helps prevent cargo from entering the passenger compartment. Incorporates integral ski hatch. Not compatible with Rear Executive Class seating.

Rechargeable Flashlight
VPLGS0259

Rechargeable Flashlight in a strong aluminium with a black anodized finish. The torch features an integral charging dock housed within the vehicle loadspace. Maximum 300 Lumen output with three further settings including a flash mode.

Deployable Side Steps
Consult your Land Rover Retailer for further details

These smart, practical steps make it easier to get in and out of the vehicle. Neatly stowed under the sills, the Side Steps automatically deploy as soon as the door is opened, or when activated by the key fob. They stow automatically when the door is closed. The Side Steps are sensitive to obstructions and will not deploy in off-road or low range settings.

Fixed Side Step
VPLGP0114 (SWB only)

The Fixed Side Step aids entry and exit to the vehicle and improves access to the roof.

Side Protection Tubes
VPLGP0100 (SWB only)

Manufactured from stainless steel, this product helps protect the vehicle in off-road conditions. Its rugged off-road appearance complements the vehicle's exterior design.

Accessory Wheels

The full range of wheels are also available as an accessory fitment. Wheels shown are manufactured via premium forging process to ensure strength, with striking vibration polished finish.

Valve Stem Caps
LR027666 – Black Jack
LR027664 – Union Jack
LR027560 – Land Rover
LR027663 – Range Rover

Enhance your alloy wheels with the genuine Land Rover valve cap accessories that are offered in a range of styles.

iPad® Holder
VPLVS0165 – iPad® 2
VPLVS0164 – iPad® 1

Provides secure mounting for your iPad. Rear seat facing, attaches to the head restraint posts.

iPad is a registered trademark of Apple Inc., registered in the US and other countries.
