

RANGE ROVER EVOQUE

2014

ABOVE AND BEYOND

RANGE ROVER EVOQUE NEW FEATURES FOR 2014

NINE-SPEED AUTOMATIC TRANSMISSION

Range Rover Evoque takes another leap forward for 2014 with its class leading Nine-speed Automatic Transmission with Stop/Start, adding another layer of performance, refinement and efficiency.

INNOVATIVE ACTIVE DRIVELINE

The technology enhances the vehicle's agility and improves fuel efficiency by engaging four-wheel drive seamlessly and automatically when needed.

CONVENIENT DRIVER TECHNOLOGIES

Brand new additions to Range Rover Evoque include, Adaptive Cruise Control and Blind Spot Monitor with Closing Vehicle Sensing for a confident driving experience*.

INTERIOR AND EXTERIOR DESIGN CHANGES

There are subtle changes to the exterior including new sleeker mirrors and alloy wheel designs, while inside there is a greater choice of color combinations and finishes.

SPECIFICATION

Page 24

With its striking lines, muscular shoulders and tapered roof, Range Rover Evoque sets itself apart from its contemporaries. Whether discovering hidden parts of town or being seen in all the right places, it's always ready for action.

The profile of a Range Rover Evoque Coupe is as dynamic and athletic as the drive itself. With Land Rover capability at its heart, the vehicle is designed to tackle all terrains with ease, be it cobbled streets, snowy roads or rocky tracks.

Innovative Xenon lighting with LED signature blaze a clear trail in all conditions and add to the vehicle's dramatic presence and look. Its new sleeker wing mirrors feature hidden side indicators.

The available full-size panoramic roof lets light flood into the cabin and allows everybody inside to experience everything outside. The rear bench seat has ample space for three adults, ensuring the city is always fun to explore.

The five-door Range Rover Evoque, with the same athletic design and with unparalleled accessibility, has all the form and capability of the Coupe but in a design to match your needs. It combines extra versatility and practicality for city life while remaining true to the original concept.

Range Rover Evoque was born to live. The optional Adaptive Dynamics system monitors your driving style 1,000 times per second to give a smoother ride no matter what the occasion*. And its new, class-leading nine-speed automatic transmission delivers greater control.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown right is Dynamic Black Limited Edition in Zanzibar.

The signature Land Rover sports Command Driving Position ensures you benefit from a greater view of the road ahead. So whatever the city throws at you, you're in the right place to tackle it with confidence.

Mood lighting adds to the distinct ambiance, with a choice of five colors and a variety of brightness settings. No matter what the light is outside, it's always as you like it inside.

Surround yourself in contemporary, award-winning design. The quality of the materials is emphasized by the clean treatment of the interior surfaces: Range Rover Evoque features twin-stitch leather and highly finished dials, together with a range of finishers and special details to help create your own individual space.

More than just a pretty face, Range Rover Evoque features a suite of up-to-the-minute technologies such as Meridian™ Surround Sound System and Hard Disk Drive navigation*. Don't simply explore with confidence, stay entertained.

Vehicle shown right is Dynamic in Firenze Red.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

While the vehicle makes a big impact in the city, the impact on the planet is minimized. With 35 lbs of recycled plastic and 46 lbs of renewable and natural materials in each car, it's taking big steps to reduce its environmental footprint.

Lightweight 4-cylinder turbocharged engines offer improved fuel efficiency. Range Rover Evoque. It's the Land Rover vehicle created for urban living.

NOW IT'S TIME TO CHOOSE...

Range Rover Evoque offers you great options and flexibility to personalize your vehicle. The following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your model to exterior and interior colors, wheels, finishes and those detailed touches that define your style.

If you'd like to bring your options to life, go to our online configurator at LandRoverUSA.com

RANGE ROVER EVOQUE ENGINE

DRIVELINE, ENGINE PERFORMANCE

The 2.0 liter four-cylinder engine uses the very latest powertrain, coupled with lightweight all-aluminum technology and the new nine-speed transmission, delivering improved fuel efficiency and lower CO₂ emissions.

The 2.0 liter four-cylinder engine goes from 0-60mph in just 7.1 seconds*. The engine features Intelligent Stop/Start technology that automatically shuts down the engine at rest and starts it again as soon as you lift your foot off the brake.

*Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

**These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

⁴Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

The Bluetooth® word mark and logo are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under license.

STEP 4 YOUR INTERIOR

The contemporary interior combines sophisticated finishers, real metallic trims and distinctive colorways for a fresh, modern look and feel. And you can choose from a choice of partial or full Grained leather seats or the luxury of Oxford leather. Details include twin-needle stitching, where even the length and direction, thread color and strength are considered.

STEP 4 YOUR INTERIOR – TRIM FINISHER

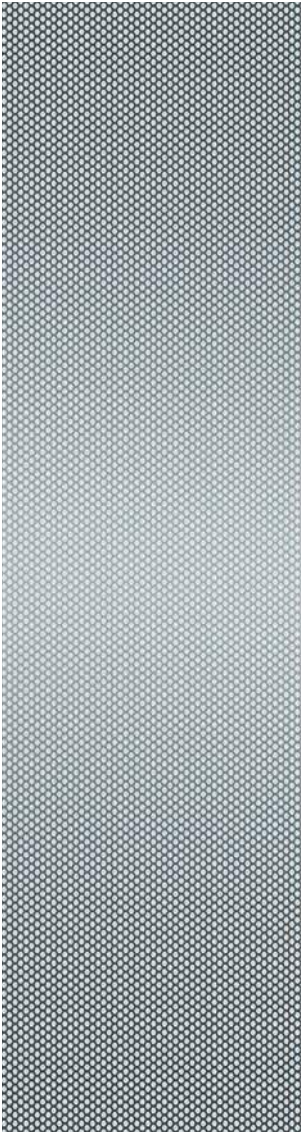

The softest of leathers, the most meticulous of finishes

The interior is upholstered with quality leather. The warmth of wood veneers, superb metal finishes and soft leathers combine to create a sense of home. The attention to detail is everywhere you look and in everything you touch. The type of leather is determined by model choice as outlined in the following pages.

STEP 4 YOUR INTERIOR – INTERIOR REAR SEAT OPTIONS

Bench seat

Range Rover Evoque Pure, Prestige and Dynamic are all available with a rear bench seat on both Coupe (Prestige not available on Coupe) and five-door options. Naturally, the rear seats and cabin space are thoughtfully planned to ensure a truly relaxed and comfortable ride and Range Rover Evoque Coupe offers the further choice of sportier twin seats as an option.

KEY FEATURES

The features described on the following pages are available as standard or optional equipment depending upon model chosen.

Blind Spot Monitor with Closing Vehicle Sensing*

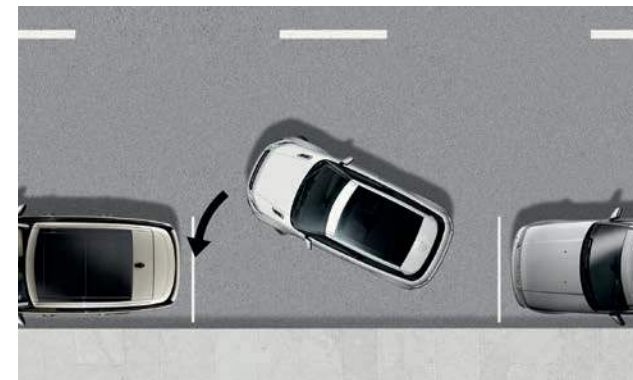

These optional systems are designed to see what you might miss. Using discrete sensors hidden in the side and the rear bumpers, Blind Spot Monitoring alerts you via an icon displayed in the appropriate door mirror when a vehicle enters a blind spot on either side of your vehicle.

If a vehicle approaches at speed from behind when changing lanes, the Closing Vehicle Sensing function will alert you to the potential dangers by flashing the icon in the door mirror.

Active Driveline

The all-new Active Driveline delivers benefits in both on and off-road situations. In many on-road driving conditions, the system is able to disconnect drive to the rear of the vehicle. A sophisticated control strategy continuously monitors key vehicle and environmental parameters. If the requirements for four-wheel drive are met, the system seamlessly and imperceptibly reconnects the four-wheel drive system within 300 milliseconds.

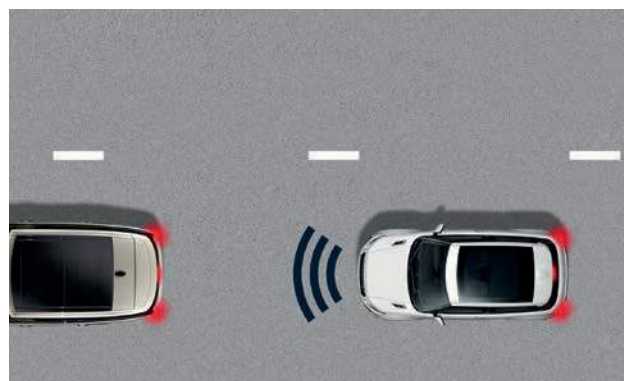

Advanced Parallel Park Assist with Park Exit*

Optional Parallel Park identifies suitable parking spaces and automatically steers into the space while you operate the pedals. Parking exit provides the same assistance to maneuver out of the space.

Nine-speed Automatic Transmission

Range Rover Evoque now features a class-leading nine-speed automatic transmission, 16.6 lbs lighter than the previous six-speed model. You will benefit from notable improvements in both fuel economy and CO₂ emissions as well as greater control in low-grip conditions or when towing through the specially-designed, ultra-low first gear.

Adaptive Cruise Control with Queue Assist, Forward Alert and Intelligent Emergency Braking*

Adaptive Cruise Control (ACC) is an optional cruise control system that helps maintain a pre-set gap from the vehicle in front, even if it changes speed. Queue Assist extends the ACC functionality. It is designed to allow the vehicle to come to a stop when it reaches traffic. Intelligent Emergency Braking uses radar to detect vehicles traveling in the same direction and automatically reduces impact speed if it calculates that a frontal collision is unavoidable.

Vehicle shown left is Prestige in Fuji White.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

†When Adaptive Cruise Control is specified, the grille is always painted Santorini Black regardless of other trims.

Visit LandRoverUSA.com for more information.

KEY FEATURES

The features described on the following pages are available as standard or optional equipment depending upon model chosen.

Interior Mood Lighting

With five colors and several brightness configurations to choose from, you can now select the interior lighting to suit your mood and create the perfect atmosphere.

Surround Camera System*

Using five digital cameras mounted around the vehicle, this optional system provides an all-round view of your surroundings on the full-color Touch-screen, assisting in tight maneuvering. When towing, it provides additional information to aid with reversing.

Audio

The Meridian™ Audio System delivers superb acoustics and is noted for its excellent reproduction quality from all sources – radio, CD, iPod® or USB. The optional Meridian™ Surround Sound System features 825W 17 speakers including a subwoofer for full surround sound.

Climate Front Seats

For the ultimate comfort whatever the temperature, Climate Front Seats are now standard on Prestige models. This feature provides both heated and cooled ventilation through perforations in the Oxford Leather seats. Driver and passenger preferences can be independently controlled via the Touch-screen.

Rear Heated Seats

Heated rear seats are now available for the first time on Range Rover Evoque. Available with both the bench seat (outer seats heated) and the twin rear seats on Coupe, the system has three heating levels that can be set via switches on the rear of the center console.

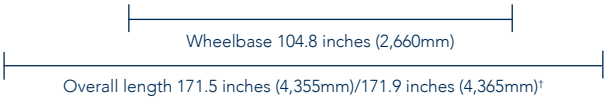

Sliding Center Armrest

A sliding armrest improves comfort in the front of the vehicle and is now specified on all models. Beautifully finished and made from high quality materials to match the individual interior theme, the armrest slides forward 5.9 inches while still providing access to the front cup holder.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

ACCESSORIES

Roof Rails Silver Finish*
VPLVR0085

Maximum permissible load capacity 169.3 lbs**. Roof Trim Finisher is required for fitment. Vehicle height when fitted: Coupe 5.3 ft/Five-door 5.4 ft.

Silver Roof Trim Finisher
VPLVR0088 – Solid Roof
VPLVR0089 – Panoramic Roof

Roof Rails Black Finish*
VPLVR0086

Maximum permissible load capacity 169.3 lbs**. Roof Trim Finisher is required for fitment. Vehicle height when fitted: Coupe 5.3 ft/Five-door 5.4 ft. Crossbars not included.

Black Roof Trim Finisher
VPLVR0087 – Solid Roof
VPLVR0090 – Panoramic Roof

Cross Bars*
VPLVR0073

Vehicle height when fitted: Range Rover Evoque 5.7 ft /Range Rover Evoque Coupe 5.6 ft. Adjustable position crossbars. Aerodynamic profile designed to minimize drag and noise. Lockable for security. Roof Rails not included. Maximum payload 158.3 lbs**.

Cargo Carrier*
LR006848 (also shown)

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Lockable for security. Incorporates slider rails for easy loading. Maximum payload 79.4 lbs**.

Cargo Box*
VPLVR0062

Gloss Black finish. Opens from both sides. Lockable for security. External dimensions: 5.8 ft long, 2.7 ft wide, 1.5 ft high. Volume 410 liters. Maximum payload 150 lbs**.

Aqua Sports Carrier*
VPLGR0107

Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution while protecting the kayak and vehicle from scratches/scuffs. Load capacity 99.2 lbs.

*Roof Rails and Crossbars or Sports Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation system, if fitted.

**Maximum payload equals the load capacity of the roof mounted accessory.

Coat Hanger
VPLVS0167

Rear seat facing, attaches to the head restraint posts.
Maximum load capacity 6.6lbs.

Seatback Stowage – Premium Leather (shown above)
VPLVS0182

Manufactured from the finest materials with soft touch interior lining and magnetic button clasps, this convenient stowage system for the rear of the front seats provides multiple compartments for stowing small items.

Seatback Stowage – Standard
VPLVS0181

Cargo Retention Kit[†]
VPLVS0125

To secure cargo within the loadspace. Includes both flexible and rigid cargo retainers.

iPad® Holder
VPLVS0165 – iPad®[‡]
VPLVS0164 – iPad® 1

Provides secure mounting for your iPad®. Rear seat facing, attaches to the head restraint posts.

Center Armrest Cooler/Warmer Box
VPLVS0176

This convenient drink and food cabinet is ideal for use on long journeys and can also be used as a rear center armrest.

Rechargeable Flashlight
VPLVS0174

High powered rechargeable flashlight supplied with integrated charging dock which is mounted into the loadspace trim. The flashlight features an impressive 300 lumen light output in a hard wearing black anodized aluminum body.

[†]Requires Loadspace Cargo Rails – VPLVS0102 when not fitted as standard.

[‡]iPad® 2/iPad® with Retina display.

iPad® is a registered trademark of Apple Inc., registered in the US and other countries.

ACCESSORIES

Loadspace Rubber Mat
VPLVS0091

Waterproof with retaining lip and non-slip surface.

Loadspace Treadplate**
