

DEFENDER

ABOVE AND BEYOND

LAND ROVER DEFENDER NEW FEATURES FOR 2015

EXTERIOR DESIGN CHANGES

Brand new additions feature the availability of two stylish packs including the purposeful Black Design Pack and exclusively for Defender, the Silver Design Pack.

INTERIOR DESIGN CHANGES

With even higher levels of quality materials and craftsmanship, 2015 will see the introduction of contrast leather premium seats. With Windsor leather inserts, these seats will be available in a choice of three colours; Ebony/Pimento, Ebony/Tan or Ebony/Lunar. To complete the look, when these seats are selected, the front centre stowage compartment will feature contrast leather highlights.

DESIGN

RESCUE

Page 12

SPECIFICATION

Page 24

Born of a lineage stretching back to the debut of the first Land Rover in 1948, today's Defender has capability at its heart and takes pride of place as the most capable and adaptable vehicle in the Land Rover range. Over six decades of experience in designing and building one of the world's most renowned four-wheel drive vehicles have shaped Defender.

Immensely strong, Defender's chassis is probably the single most important component in the vehicle's design and contributes to its strength, capability, versatility and durability. The box section, ladder frame design is far stronger than an open channel design and more adaptable than the unibody design favoured by many of its competitors.

Defender's simple body architecture lends itself perfectly to functionality and versatility. It is available in nine core body styles including Station Wagon, Hard Top, Pick Up, Double Cab Pick Up as well as Soft Tops and Chassis Cabs with three different wheel bases (90, 110 and 130).

The lightweight aluminium body* not only helps to improve fuel consumption, it also increases payload, the vehicle's renowned capability and gives an optimum trade-off between form and function. Indeed, the corrosion-resistant aluminium body panels have evolved directly from those on the original 1948 Land Rover. Even the cargo bed is made of aluminium so it won't rust.

*Doors and bonnet are made from corrosion-resistant steel.

Inspired by 21st century industrial design, the Defender fascia is simple, robust and practical but not without its creature comforts. Optional features include premium leather front seats, leather steering wheel and air conditioning. There is a choice of two entertainment systems, with the second system having the added benefit of Bluetooth® wireless connectivity with audio streaming. For a further enhanced in-car sound experience, an upgraded system with superior speakers and subwoofer (150W) is also available.

Superb towing power. And the power to help keep occupants out of trouble. With a state-of-the-art 2.2 litre diesel engine delivering a top speed of 145kph and an impressive 360Nm of torque. With 90 percent of peak power constantly on tap from as low as 2,200rpm to over 4,350rpm, it provides maximum muscle for tough working environments.

Specially developed for heavy-duty applications, Defender's six-speed transmission is light, strong and provides smooth on-road performance. With 12 forward gears, whether towing, on-road or in rough terrain, you're always in command. Added to which, Defender has impressive braked trailer towing capability of 3,500kg.

Defender has permanent four-wheel drive with the centre differential distributing torque evenly between front and rear axles to give optimum performance on all terrains. On tarmac, the vehicle's drive is composed and acceleration is assured. Defender comes with an ABS System featuring Electronic Traction Control and Dynamic Stability Control as standard.

Defender is designed to tackle extreme climbs and descents with ease. The engine's impressive 360Nm of torque can be fully utilised through the dual-range transfer box and six-speed gearbox. This provides an additional six forward and one reverse low-range gears for extreme conditions and gradients as steep as 45 degrees. What's more, the centre differential can be locked to help minimise wheel spin and maximise traction on slippery surfaces.

The legendary Land Rover Command Driving Position, now a central feature of every Land Rover vehicle, was first established by Defender's predecessor Series 1 in 1948. It gives greater visibility of the way ahead and the surrounding environment, adding to the driver's control and security.

**HD suspension on 90 and 110 models not available in all markets. Please see your Land Rover Dealer for further details.

SPECIFICATION

Defender offers an exclusive range of options that allow you to personalise your vehicle. The following pages take you through a logical series of steps to create your ideal Defender. You have several choices: from selecting your body style to exterior and interior colours before choosing your wheels, finishes and additional options.

The Defender engine

Page 26

Step 1
Choose your body style

Page 28

A wide variety of body styles and wheelbases provide optimum capability to get the most from your Defender.

Step 2
Choose your colour

Page 36

There's an extensive range of paints that provide durable coatings designed for the toughest working environments.

Step 3
Choose your wheels

Page 44

Defender's iconic looks can be complemented with a range of wheel options.

Step 4
Choose your interior

Page 46

A selection of stylish, durable trim combinations are available for practicality, comfort and even a touch of luxury.

Step 5
Choose your options

Page 50

Additional options can enhance and ensure optimum capability of your Defender.

Accessories

Page 62

A range of durable and practical accessories. You can tailor your vehicle to your specific needs.

Defender’s 2.2 litre diesel engine produces an impressive 360Nm of torque. With 90 percent of peak power constantly on tap from as low as 2,200rpm to over 4,350rpm, it provides maximum muscle for tough working environments.

With Land Rover’s Diesel Particulate Filter, not only is the Defender’s engine fully compliant with the latest N1 EU5 emissions legislation, it delivers a historic top speed of 145kph.

2.2L DIESEL

Form follows function in the Defender interior. Tough working vehicles demand robust materials such as the scuff-resistant facia and durable seat coverings. The facia is a one-piece moulding for improved refinement, its distinctive lines providing Land Rover's traditional commanding view of the ground ahead.

The seats are arranged stadium style, their position maximising exterior vision and easing access. Designed to be comfortable and supportive whatever the task or terrain, each seat has a three-point safety harness, but can be folded to optimise the Defender's load-carrying versatility. There's space for smaller items too, in trays on the facia or between the front seats. The optional cubby box provides extra storage and includes two cup holders.

90 HT/PU* Two seats
Rear cabin line applicable to PU only

90 SW* Four seats

STEP 2 CHOOSE YOUR COLOUR – EXTERIOR ACCENTS

Personalising the exterior

To distinctively style your vehicle, two bold side runners are available to create a dramatic impact to the Defender's exterior.

The new Silver Painted Side Runner enhances the vehicle's purposeful design, providing a perfect addition to customers opting to take the Silver Design Pack. Also available, the Black Side Runner brings a traditional element of elegance to the action-packed adventurer.

SILVER PAINTED SIDE RUNNER

BLACK PAINTED SIDE RUNNER

Personalising the exterior

Showcasing distinctive style to match the Defender's bold character, the Black Design Pack creates a dramatic impact on the overall image of the vehicle.

The Black Design Pack includes the following: Santorini Black roof, grille, grille and headlamp surrounds, wheel arches, bonnet script, interior facia, Ebony headliner* and either Gloss Black Sawtooth alloys or Gloss Black Heavy Duty wheels. To complete the look, the pack also includes privacy glass as a distinctive new feature.*

■ Standard □ Optional – Not Available.

For further details on tyre efficiency as required by the EU legislation please speak to your local Land Rover Dealer. When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Alloy wheels may be more vulnerable to damage in some off-road conditions. Please discuss your requirements with your Land Rover Dealer when selecting your vehicle and specification.

*Only available with MT/R tyre.

CHOOSE THE RIGHT TYRE

As experts in off-road capability, Land Rover offer a wide range of tyres with differing performance characteristics allowing you to choose the tyre that best suits your requirements.

TECHNICAL SPECIFICATION, PERFORMANCE AND KEY DATA

Vehicle Loading

Incorrect vehicle and trailer loading can give poor vehicle handling and braking performance and a generally unstable and inefficient vehicle.

Payload and Weight Distribution

A correct weight distribution is achieved by considering several simple points:

- Payload is calculated by GVW – EEC kerb weight and must not be exceeded
- This payload should be distributed as evenly as possible along the vehicle’s loadbed length
- The height of the payload should be kept to a minimum to keep the centre of gravity as low as possible
- Additional effects of a trailer should be taken into consideration (see towing section below).

Please refer to the weights table opposite and the dimensions section to assess the most appropriate vehicle configuration for the loads you are likely to carry.

Towing

Choosing the correct equipment:

Land Rover offers a range of towing equipment to suit different applications, both as optional original equipment and accessories. Multi-height tow bars enable the tow ball to be fitted in three different positions to suit different trailer towing requirements.

Adjustable tow bars enable the tow ball to be readily adjusted to different heights and are suitable for users who are likely to tow a variety of different trailers, or where the rear height of the vehicle may vary significantly with different payloads.

Roof Racks

Any load on the roof of the vehicle will affect vehicle handling and significant or tall loads should be avoided. Land Rover recommends a maximum of 150kg including the roof rack. Land Rover Accessories and Land Rover Professional Vehicles offer a range of roof rack systems to ensure roof loads are carried as safely as possible. Please refer to the accessories section of this brochure or your Land Rover Dealer for more information.

Engine and Transmission

ENGINE DATA	
Location	Longitudinal
Capacity (cc)	2,198
No. of cylinders	4
Valves per cylinder	4
Cylinder layout	North-South
Bore (mm)	86
Stroke (mm)	94.6
Compression ratio (-:1)	15.64
Cylinder head material	Aluminium
Cylinder block material	Cast Iron
Maximum power kW (PS) @ rpm	90 (122) @ 3,500
Maximum torque Nm @ rpm	360 @ 2,000

FUEL TANK CAPACITY	90	90 SW	110	130
Litres	60	60	75	75
FUEL ECONOMY				
Urban (L/100km)	11.5	11.7	13.6	13.6
Extra Urban (L/100km)	9.1	9.4	9.7	9.7
Combined (L/100km)	10.0	10.2	11.1	11.1
Drive by noise ²	75dB (A)	75dB (A)	75dB (A)	75dB (A)
CO ₂ emissions (g/km)	266	269	295	295
Certifiable emissions	EU5	EU5	EU5	EU5
Maximum speed kph (mph)	145 (90)	145 (90)	145 (90)	145 (90)
Acceleration 0-100kph in seconds	15.8	15.8	15.8	17
Acceleration 0-60mph in seconds	14.7	14.7	14.7	15.7

The figures provided are as a result of official manufacturer's tests in accordance with EU legislation. A vehicle's actual fuel consumption may differ from that achieved in such tests and these figures are for comparative purposes only. Vehicles are not individually tested, and there are inevitably differences between individual vehicles of the same model. Furthermore, the incorporation of particular modifications, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance will all affect its fuel consumption.

Load Capabilities

TOWING (KG)	MAXIMUM AXLE (KG)			ROOF LOAD SYSTEM (KG)

Vinyl Wheel Cover*
Protect your spare wheel from mud and dirt with this premium quality padded wheel cover. Distinctive Land Rover logo.
STC8485AA – 205 and 600 R16 tyres (not shown)
STC8487AA – 265 R16 tyres (not shown)
STC8488AA – 7.5 R16 tyres (not shown)

Moulded Wheel Cover*
STC7889
Styled spare wheel cover fits most wheel sizes.

Front Mudflaps
RTC9479
Heavy duty moulded mudflaps reduce spray and help protect vehicle paintwork. Mudflaps, front pair for 90 and 110 models only.

Side Protection Runners
VPLDP0197 – bright, to fit 90 models
VPLDP0198 – bright, to fit 110 models
The sturdy steel design of these Side Protection Runners, enhances the appearance of your Defender as well as easing entry and exit. Available in black finish. The moulded rubber footgrips ensure non-slip stability.

Union Flag Bonnet and Side Decals
VPLDB0146LKH – Corris Grey
VPLDB0150PAB – Santorini Black (not shown)
Union Flag Bonnet and Side Decals offer an exterior styling upgrade with a distinctively British twist. Tested to exacting Land Rover standards to ensure resistance to fading or peeling over time. Recommended exterior colour combinations: Corris Grey Decals with Santorini Black, Fuji White or Indus Silver body colours. Santorini Black Decals with Corris Grey body colour.

Union Flag Side Decal – Corris Grey

*Not available in all European markets. Please see your Land Rover Dealer for further details.

Raised Air Intake
LR008383

Ideal for dusty conditions, this raised air intake secures to the vehicle's 'A' post and also utilises the existing air intake vent fixings. Suitable for Td5, 2.4 and current 2.2 diesel engines.

Please note: Not compatible with SVX Soft Top model.

Worklight
RTC8921AA

Enables your Defender to provide floodlight style illumination when working in reduced lighting conditions. Fits both 90 and 110 models. Switches, cables and brackets are supplied in the kit.

PIAA Driving Lamp Kit
LR006815

High Performance Bumper Mounted Driving Lamps, with covers, suitable for all vehicles but not compatible with hinged lamp guards, front bumper step plates and Front Lighting Pack and Moulding Kit.

Folding Rear Step
STC7632

Original equipment pattern spring-loaded folding step for all Defender models. Makes access to the loadspace easy.

Folding Side Step*
LR020614

Spring-loaded folding step helps makes access to the interior of your Defender easier. Supplied with fitting kit. For all Defender models.

Side Protection Runners – Twin Tube**
VPLDP0006 – Stainless Steel – Defender 90
VPLDP0067 – Black Finish – Defender 110SW and Double Cab (not shown)
VPLDP0068 – Black Finish – Defender 90SW (not shown)

Rear LED Lamps
LR010368, LR009711, LR008982, LR008913, LR009792, LR008975, LR009773

Clear lens design. Three lamps per side required. Not compatible with rear Hinged Lamp Guards. Please see your Land Rover Dealer for further details.

Wing Top Protectors

Manufactured in an aluminium chequer plate design, these enable access to roof racks and a potential viewing height advantage.

LR005230 – Silver (2007 Model Year vehicles onwards)
LR005242 – Black (not shown) – (2007 Model Year vehicles onwards).

Chequer Plate Protection Kit

Features sill edge and rear corner protectors and two front bumper step plates.

STC50245 – Defender 90SW, Silver. STC50381 – Defender 110SW – except HCPU – Silver (not shown). EBN500051 – Defender 110SW – except HCPU – Black (not shown). EBN500050 – Defender 90SW – Black (not shown)

Please note: Front bumper step plates are not compatible with PIAA Driving Lamp Kit (LR006815).

Rear Step Bumper

Makes access to the loadspace easy as well as helping to provide added protection from minor knocks, and also incorporates a dual height tow bracket.

STC50269AA – Defender 90
STC50301 – Defender 110 (not shown)

Ribbed Aluminium Undershield
LR008247

Helps to provide under-engine protection when driving off-road.

A-Frame Protection Bar – Non winch version
VPLPP0060[†]

A-Frame Protection Bar – Winch version (not shown)
VPLPP0061[†]

Manufactured from durable polymer, suitable for models with or without air conditioning.

*Not available in all European markets. Please see your Land Rover Dealer for further details.
**Maximum permissible load capacity minus the weight of the roof mounted accessory.
[†]Compliant to EEC Directive 2005/66.

Side Protection Runners
LR008379 – Black Finish – Defender 90
LR008375 – Black Finish – Defender 110 (not shown)
The sturdy steel design enhances the appearance of your Defender as well as helping to ease entry and exit. The moulded rubber footgrips help to ensure non-slip stability.

Two Part Rear Access Ladder
AGP710010
For use with Expedition Roof Racks VPLDR0063 and VPLDR0064.
Rear Access Ladder
STC50417
With integrated lamp guard. Not compatible with Rear LED Lamps.

Moulding Kit – Bright Silver Finish
LR008361
Includes four bar grille and headlamp moulding surrounds to make your Defender stand out. **Please note:** Not recommended for use with 9.5ti Electric Winch (VPLDP0113).
Upgraded Performance Headlamp Bulbs – Pair
VPLDV0061
Enhanced light output. 2007 Model Year vehicles onwards.

Winch Accessory Kit
STC53202
Includes strap, snatch block, two shackles, heavy duty gloves and a storage bag.

16 inch five-spoke alloy wheel – Dual finish*
VPLDW0001YCM – Rim only
Features distinctive embossed Defender branding. Recommended tyre: Continental Conticross Contact AT 235/85R16. Defender 90 and 110 only with standard suspension. Compatible with 2009 Model Year vehicles onwards. The Boost and Gloss Black Sawtooth alloy wheels shown on page 44 may also be available as accessory fitments. Please see your Land Rover Dealer for further details.

16 inch Wheel – Heavy Duty Gloss Black
VPLDW0095PVT
Dealer fit wheel upgrade enables vehicles equipped with Heavy Duty Suspension to be specified with a Gloss Black finish wheel. Also applicable for vehicles with standard suspension. Supplied as rim only.

Hinged Lamp Guards* – Front pair
STC53161
These hinged lamp guards will help protect front and rear lenses from flying stones and low-speed impact, with an opening feature to enable easy lamp cleaning. Constructed from durable, Black nylon-coated steel with plastic 'P' clips to help prevent corrosion.
Not compatible with Front Lighting Pack and Moulding Kit.

Hinged Lamp Guards* – Rear pair
STC53157
For door mounted spare wheel.
Not compatible with 235/265 tyres and Moulded Wheel Cover.
STC53158** – Hinged Lamp Guards – rear pair (not shown)
Without door mounted spare wheel.
STC50448** – Hinged Lamp Guard – single (not shown)

9.5ti Electric Winch*
VPLDP0113
Rated capacity of 9,500lb/4,310kg. 38m x 8mm diameter wire rope. This powerful electric winch is designed to fit easily to the front of your Defender, even if the air conditioning option is fitted. Offering maximum reliability for all general winching and self recovery requirements, the winch is available as a complete vehicle kit, ensuring specification and installation are straightforward.

Snow Chains*
VPLAW0082
Snow Chains are designed to give improved steering and braking control on snow and ice, when fitted to front wheels (can also be fitted to rear wheels when necessary). Easy-fit design, manufactured from high quality hardened galvanised steel, the chains are supplied in a tough vinyl carry bag for storage when not in use.

Tyre Pressure Gauge
VPLVW0077
Stores recommended pressure and has a unique 360° rotating nozzle to locate tyre valve, LED light, tread depth gauge, measuring in psi, bar, kpa, Kg/Cm2 and comes complete with storage case.

Cargo Barrier†**
Designed to help prevent cargo and luggage from entering the passenger compartment. Manufactured in Black nylon coated steel and easy to remove when not required.
LR006447 – Cargo Barrier – 110SW
LR006785** – Cargo Barrier – 90/110HT (not shown)
LR006448** – Cargo Barrier – 90SW (not shown)

*Not available in all European markets. Please see your Land Rover Dealer for further details.
**2007 Model Year vehicles onwards.
†ECE R17 compliant.
Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Alloy wheels may be more vulnerable to damage in some off-road conditions. Please discuss your requirements with your Land Rover Dealer when selecting your vehicle and specification.

Rigid Loadspace Protector*
Manufactured from a tough acrylic material, moulded to fit the contours of the loadspace area.
LR005081 – Loadspace Protector, for 90SW/HT and 110SW/HT (not shown) not compatible with 2nd row 90 and 3rd row 110 seats fitted

Lockable Cubby Box with Leather Lid
VPLDS0239
This strong, useful, cubby box is designed to fit between the front seats and locks for added security for your belongings. Trimmed in padded black leather and light grey stitching complete with moulded drinks holder and installation fixings.

Loadspace Rubber Mat*
Helps to protect the loadspace floor from water, mud and general wear and tear.
LR005040 – Defender 110SW (with 3rd row seats)
LR005613 – Defender 110SW (without 3rd row seats) (not shown)
LR005615 – Defender 90SW (with 2nd row seats) (not shown)
LR005614 – Defender 90HT (not shown)

Recaro Front Seat Kit**
VPLDS0036PUY – Left-hand seat
VPLDS0035PUY – Right-hand seat
Heated seat with cloth seat facings and leather surround, featuring Land Rover and Recaro embossed logos. Installation kit included. Not compatible with vehicles fitted with a bulkhead or 90 bulkhead deleted vehicles with jack stowage brackets behind the front seats. Applicable VIN WA138480 110SW, 110 and 130 Double Cab and 9A773310 90 vehicles with bulkhead deleted.
Compatible with vehicles fitted with heated seat option. Supplied individually.

Rubber Mats
Moulded to fit footwell areas, these mats feature a perimeter wall design that helps prevent spillage of mud and water from reaching the interior carpet.
Front Footwell Rubber Mats*
LR005039 – (2007-2011 Model Year vehicles only)
VPLDS0147 – (2012 Model Year vehicles onwards) (not shown)
Rear Footwell Rubber Mats*
LR005041 – Defender 110SW (2nd row) and Double Cab
LR005042 – Defender 130 Double Cab/HCPU (2nd row) (not shown)

Seatback Stowage – Standard (shown left)
VPLVS0181
Manufactured from the finest materials with soft touch interior lining and magnetic button clasps, this convenient stowage system for the rear of the front seats provides multiple compartments for stowing small items.
Seatback Stowage – Premium Leather (shown right)
VPLVS0182

*2007 Model Year vehicles onwards.
**Not available in all European markets. Please see your Land Rover Dealer for further details.

Sports Bar System*
STC7582
A high leg design which extends the carrying potential for a variety of equipment. The sports bars can accommodate a range of attachments, including roof boxes and special carriers for various sports equipment. Vehicle height when fitted 2,088mm (90SW) and 2,141mm (110SW). Maximum payload 75kg.^{††}

Luggage Box**
VPLVR0062
Opens from both sides. Lockable for security. Volume 410 litres. Maximum payload 75kg.^{††}
Sports Box* – (not shown)
VPLVR0061
Internal retention system for skis or other long loads. Lockable for security. Volume 320 litres. Maximum payload 75kg.^{††}

Expedition Roof Rack System††
VPLDR0063† – 90 Hard Top/Station Wagon
VPLDR0064 – 110 Hard Top/Station Wagon (not shown)
VPLDR0065† – 110/130 Double Cab (not shown)
Heavy duty rack system secured by clamps to the roof gutter.

Aqua Sports Carrier**
LR006846
Carries one surfboard or sailboard and mast, or one canoe or kayak. Maximum payload 45kg.^{††}

Ski and Snowboard Carrier††**
LR006849
Lockable for security. Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Maximum payload 36kg.^{††}

Luggage Carrier*
LR006848
Maximum payload 62.6kg.^{††}
Ratchet Strap†
CAR500010 – (not shown)
Nylon tie strap for securing items to the Sports Bar System, Luggage Carrier or Expedition Roof Racks. Five metres long, 20mm wide, supplied individually.

Interior Window Guards – Side Windows
VPLDS0247
Window Guards for the rear side windows of Defender Station Wagon provide increased security to the rear section. Comes in a set of two window guards for either side of the vehicle.

Interior Window Guards – Rear Windows (not shown)
VPLDS0248
Comes in a set of three window guards for the tailgate and rear quarter windows.

Waterproof Seat Covers[‡]
Protects seats from water, mud and general wear and tear. Easy to fit, and when not in use, the covers can be stored away in their own carry bag. Seat covers have been treated to meet automotive flammability standards.
VPLDS0011 – Black – 1st row
VPLDS0012 – Black – 2nd row 110 (not shown)
VPLDS0013 – Black – 2nd row 90, 3rd row 110 (not shown)
VPLDS0148 – Black – 2nd row, 110 Double Cab and 130 Double Cab (not shown)
VPLDS0038 – Front pair – provides protection for your Recaro seats (not shown).

Painted Centre Switch Panel Surround
VPLDS0249MEN – Indus Silver
VPLDS0249NER – Fuji White (not shown)
VPLDS0249PAB – Santorini Black (not shown)
LR048324 – Orkney Grey (not shown)
Further enhance the appearance of your Defender with an interior colour change on the centre switch panel surround. To match the exterior colourways the centre switch panel surround can be replaced with a painted version. Colours available are Indus Silver, Fuji White, Santorini Black or Orkney Grey.

Black Leather Hand Brake, Gear and Transfer Lever Gaiters
VPLDS0258
Grained Leather Gaiter covers detailing ebony coloured twin stitch features.

Ebony Black Carpet Mat Set With Silver Land Rover Ingot
VPLDS0240
Includes mats for the front and folding middle/rear seat footwells. The carpet mats have matching ebony suede effect piping and a silver Land Rover ingot. These durable mats come fitted with protective rubber backing.
Ebony Black Carpet Mats With Silver Land Rover Ingot – Front

*For information relating to load capabilities, please refer to page 60.
**These accessories are not suitable for Caravans, Trailers or Lighting Boards fitted with rear mounted LED Lamps.
†Not available in all European markets. Please see your Land Rover Dealer for further details.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealer.
