

RANGE ROVER SPORT

2015

ABOVE AND BEYOND

RANGE ROVER SPORT 2015

Range Rover Sport was designed to be driven. Agile and responsive, its breathtaking performance is matched only by its distinctive design. Breadth of capability and driver focused technologies make the Range Rover Sport the most dynamic Land Rover yet.

DESIGNED TO BE DRIVEN

An introduction to Range Rover Sport

Page 2

SPECIFICATION

A true expression of your individuality

Page 20

Range Rover Sport; the most agile, dynamic and responsive Land Rover. Born from a relentless drive to create a contemporary yet authentic design, its streamlined front elevation and rearward sloping grille gives the vehicle immense road presence. With seductive flowing lines and styling, the sophisticated design of the vehicle is conveyed without compromising its character.

Settle back into the driver's seat of the Range Rover Sport and one thing is immediately apparent; it demands to be driven. The Sports Command Driving Position gives you an unparalleled view of the road ahead.* The high center console and a low center of gravity make you feel connected to the road.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown right is Autobiography in Corris Gray.

With over 65 years of all-terrain expertise, this vehicle has Land Rover capability at its heart. Using the latest technology such as Terrain Response® 2*, the Range Rover Sport automatically recognizes and optimizes the settings for the current conditions, delivering unrivalled performance on and off-road.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is Autobiography in Corris Gray.

A Land Rover vehicle's unrivalled breadth of capability has never been in question and the Range Rover Sport builds on those qualities with ease. Whether you're maneuvering around tight corners or negotiating the traffic, the vehicle is surprisingly agile and has all the right credentials to help you manage any situation. Features like Hill Descent Control (HDC®)* automatically help emphasize that sense of a relaxed and stress-free drive no matter what the situation.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is Autobiography in Corris Gray.

Confident and composed, the Range Rover Sport is the fastest, most responsive Land Rover ever. It has been engineered to incorporate the latest developments including new and enhanced chassis technologies. It is up to 800lb lighter which ramps up the vehicle's performance and braking. Powertrains such as the 5.0 liter LR-V8 Supercharged deliver a staggering 510bhp. An advanced eight-speed transmission with CommandShift® 2 helps produce an assertive drive that takes the vehicle above and beyond.

Range Rover Sport has been designed and engineered to meet the needs of today. It is equally at home in the city, remote destinations or cruising down the highway. It has been superbly conceived and created. And those personal touches that you can include in your specifications help create a heightened sense of individuality.

Inside the Range Rover Sport the latest innovations have been incorporated to deliver complete comfort, enjoyment and exhilaration. These include an advanced Meridian™ sound system, optional rear seat entertainment with Touch-screen remote control and WhiteFire™ digital wireless headphones.

The spacious rear seating package and option of two hidden seats provide improved versatility and comfort. The generous selection of interior finishes embody the individuality and understated confidence of our customers. A full-size sliding panoramic roof that allows light to pour into the cabin.

Strength is nothing without control. Range Rover Sport features an advanced aluminum body and lightweight front and rear suspension. Torque Vectoring delivers more responsive, controlled cornering and handling through even the tightest of bends. And Adaptive Dynamics delivers continuous variable damping for balanced, dynamic handling. Range Rover Sport truly puts the 'S' in SUV.*

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown above and right is Autobiography in Corris Gray.

The Range Rover Sport interior is meticulously fashioned to its sporting character. Superb detailing, strong elegant lines and clean surfaces combine with luxurious soft-touch finishes. Intuitively placed instruments, such as the CommandShift® 2, create a cabin that places the driver at its center. Some of the finest materials and an obsessive eye for detail have helped shape this comfortable yet purposeful space.

Contemporary. Beautifully designed. Flawlessly executed.

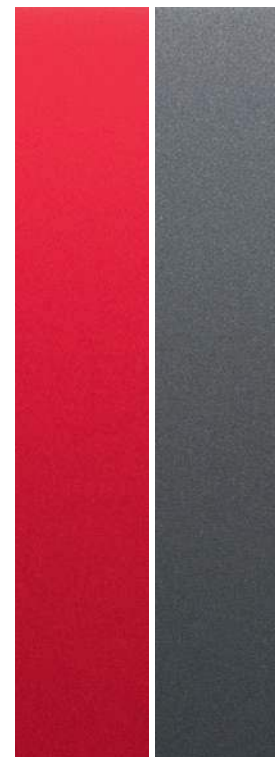

Interior shown above is Autobiography in Ebony / Lunar.

NOW IT'S TIME TO CHOOSE...

Range Rover Sport offers an exclusive range of options that allow you to personalize your vehicle. The following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your engine and model to exterior and interior colors, wheels, finishes and those detailed touches that define your style.

If you'd like to bring your options to life, go to our online configurator at LandRoverUSA.com

Step 1

Choose your engine

Page 22

You can select from two powerful gasoline engines.

Step 2

Choose your model

Page 24

Compare the standard features on each model.

Step 3

Choose your color

Page 30

There's a wide range on offer to enable you to express yourself.

Step 4

Choose your wheels

Page 32

There's a range of styles, each one designed to complement the bold exterior.

Step 5

Choose your interior

Page 34

Carefully selected colors complemented by the finest metals and real wood veneers. You can personalize your own interior space.

Step 6

Choose your options

Page 52

Additional options can enhance your personal requirements.

Key Features

Page 56

The latest innovations that make your vehicle a pleasure to drive.

Technical Details

Page 60

Technical information and data for dimensions, performance and specifications.

Accessories

Page 62

Accessories that truly add to your personal style and comfort.

STEP 1 CHOOSE YOUR ENGINE

DRIVELINE AND ENGINE PERFORMANCE

The range of gasoline engines use the very latest technology. In fact, coupled with lightweight all-aluminum technology and an eight-speed transmission, these engines deliver greatly improved fuel efficiency.

However, nothing has been lost in performance. For instance, the 5.0 liter LR-V8 Supercharged goes from 0-60mph in just 5.0 seconds*. Both the LR-V6 Supercharged and LR-V8 Supercharged feature Intelligent Stop/Start technology that automatically shuts down the engine at rest and starts again as soon as you lift your foot off the brake.

	LR-V6 SUPERCHARGED	LR-V8 SUPERCHARGED
Driveline	Four Wheel Drive (4WD)	Four Wheel Drive (4WD)
Power (bhp)	340	510
Torque (lb-ft)	332	461
Maximum torque (rpm)	3,500 – 5,000	2,500 – 5,500
Capacity (cc)	2,995	4,999.7
No. of cylinders	6	8
Cylinder layout	Longitudinal V6	Longitudinal V8

*Always obey local speed limits.
Vehicle shown left is Supercharged in Firenze Red.

STEP 2 CHOOSE YOUR MODEL – CHOICES

This guide will help you to select your ideal Range Rover Sport. On the following pages you'll see the standard features for each model.

RANGE ROVER SPORT SE*

- 3.0L LR-V6 Supercharged engine
- Single speed transfer box
- Grille in Dark Atlas with Gloss Black surround
- Fender vent with Dark Atlas fingers, Atlas mesh and Gloss Black surround
- Body colored upper mirror caps
- Tow eye covers in Dark Atlas
- 19 inch five split-spoke 'Style 501'
- Seats in Grained leather.

RANGE ROVER SPORT HSE

- 3.0L LR-V6 Supercharged engine
- Single speed transfer box
- Grille in Atlas with Gloss Black surround
- Fender vent with Atlas fingers, Atlas mesh and Gloss Black surround
- Body colored upper mirror caps
- Front fog lamps
- Fog lamp surrounds and tow eye covers in Atlas
- 20 inch five split-spoke 'Style 520'
- Seats in Oxford Perforated leather as standard
- Sliding panoramic roof.

RANGE ROVER SPORT SUPERCHARGED

- 5.0L LR-V8 Supercharged engine
- Twin speed transfer box
- Grille in Atlas with Gloss Black surround
- Fender vent with Atlas fingers, Atlas mesh and Gloss Black surround
- Body colored upper mirror caps
- Fog lamp surrounds and tow eye covers in Atlas
- 20 inch five split-spoke 'Style 520'
- Seats in Oxford Perforated leather
- Sliding panoramic roof
- Paddle Shift
- Torque Vectoring
- Dynamic Response™**
- Terrain Response® 2**
- Bright twin tailpipes
- Aluminum treadplates with Range Rover branding.

RANGE ROVER SPORT AUTOBIOGRAPHY

- 5.0L LR-V8 Supercharged engine
- Twin speed transfer box
- Grille in Gloss Black painted mesh with Gloss Black surround
- Fender vent with Gloss Black fingers, Atlas mesh and Gloss Black surround
- Gloss Black upper mirror caps
- Fog lamp surrounds and tow eye covers in Gloss Black
- Tailgate finisher in Gloss Black
- 21 inch five split-spoke 'Style 505'
- 20 inch Brembo™ branded Red brake calipers
- Performance Enhancement (Increase in top speed to 155mph)

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

**Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

†Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

STEP 5 CHOOSE YOUR INTERIOR

Contemporary. Beautifully designed. Flawlessly executed. The interior of each and every Range Rover Sport defines modern living. The strong architectural lines of the interior are balanced by soft lighting and the choice of colorways available. The fit and finish has been taken to another level: the use of leather and metal truly complements the sporty styling.

STEP 5 CHOOSE YOUR INTERIOR – LEATHER FINISHES

The softest of leathers, the most meticulous of finishes

The interior is upholstered in some of the finest natural materials. The warmth of wood veneers, superb metal finishes and soft leathers combine to create a sense of home. The attention to detail is everywhere you look and in everything you touch. The type of leather is determined by model choice as outlined in the following pages.

STEP 5 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

5 Seats

The seat configuration has been intelligently redesigned to accommodate the lines of the roofline. It's light and spacious, ensuring everyone has a relaxed and comfortable journey. There is generous leg, shoulder and head room throughout the contemporary cabin.

5+2 Seating

The 5+2 arrangement has two seats stowed under the floor of the luggage compartment that have been designed for occasional use, enabling the vehicle to accommodate up to seven occupants.*

*The third row seats are not suitable for use by children who require child seats or booster seats.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc.

Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

KEY FEATURES

The features described on the following pages are available as standard or optional equipment depending upon model chosen.

Terrain Response® 2*

Next generation Terrain Response® 2 Auto is designed to monitor driving conditions and automatically optimizes the vehicle's settings to suit the terrain. This gives you the ultimate in ride comfort on all surfaces including grass/gravel/snow, mud/ruts, sand and rock. And even if it is not in auto mode, it will let you know if you should select low range and off-road ride height. (Standard on Supercharged and Autobiography).

Eight-speed Automatic Transmission with CommandShift® 2*

Both engines in the Range Rover Sport are paired with the advanced electronically controlled eight-speed automatic gearbox which has been tuned by Land Rover engineers to combine silky smooth shifting with exceptionally rapid responses and outstanding fuel economy. With eight closely-spaced ratios, gear changes are almost imperceptible, with each shift completed in just 200 milliseconds.

Electric Power Assisted Steering (EPAS)*

The Electric Power Assisted Steering (EPAS) system helps to deliver accurate, consistent steering and agile cornering. Power assistance is speed-sensitive so the steering is light and responsive at lower speeds and firmer at higher speeds.

Dynamic Response*

Dynamic Response transforms vehicle handling through hydraulic roll and Active Lean control, optimizing on road performance and passenger comfort. The system works in addition to Adaptive Dynamics which monitors the vehicle's movements over 500 times a second, reacting to driver or road inputs virtually instantaneously, helping to give greater control and minimising body roll, for a composed ride. (Standard on Supercharged and Autobiography).

Electronic Air Suspension*

Range Rover Sport features a next-generation four corner air suspension system which delivers class-leading comfort and capabilities both on and off-road. The air suspension system automatically switches between two ride heights when the off-road setting is selected. Maximum ground clearance is increased by 2.6 inches above normal ride height at speeds less than 30mph.

Torque Vectoring*

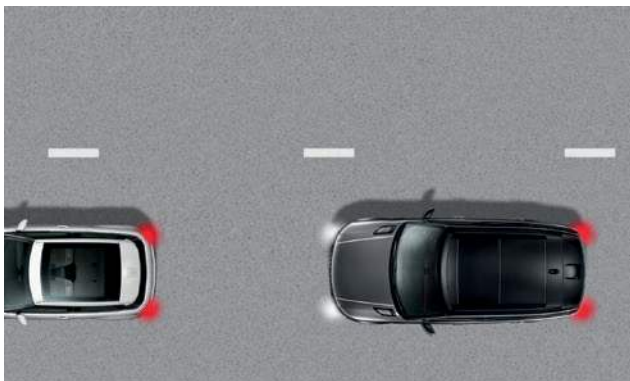

Torque Vectoring uses the electronic differential and vehicle's brake system to constantly balance the distribution of engine torque between the four wheels when cornering, resulting in improved grip, steering and reduced understeer whilst maintaining a consistent speed. (Standard on Supercharged and Autobiography).

Vehicle shown is Supercharged in Firenze Red.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Visit LandRoverUSA.com for more information.

KEY FEATURES

Adaptive Cruise Control with Queue Assist, Intelligent Emergency Braking and Active Seat Belts*

Adaptive Cruise Control (ACC) is an improved cruise control system that helps maintain a pre-set gap from the vehicle in front, even if it changes speed. Queue Assist extends the ACC functionality. It is designed to allow the vehicle to come to a stop when it reaches a traffic queue.

Intelligent Emergency Braking uses radar to detect vehicles travelling in the same direction and automatically reduces impact speed if it calculates that a frontal collision is unavoidable (Optional on all models).

Blind Spot Monitor with Closing Vehicle Sensing*

Using sensors mounted on the sides and the rear bumper, these systems are designed to see what you might miss. When a vehicle enters a blind spot, a warning light will show in the corresponding door mirror.

Closing Vehicle Sensing scans a zone much further behind the vehicle, to help detect vehicles which are closing quickly from behind and which could cause a threat during a lane change manoeuvre. (Included in Climate Comfort and Visibility Package).

Park Assist*

Using sensors, this feature identifies parking spaces and helps you parallel and perpendicular park in tight spots. The screen prompts you to select reverse and then automatically steers you into place. You stay in control using the brake and graphics in the instrument panel to guide you through each manoeuvre. (Included in Driver Assistance Package).

Traffic Sign Recognition with Lane Departure Warning*

Traffic Sign Recognition uses the forward-looking camera to recognize speed limit signs and display the information in the instrument cluster.

Lane Departure Warning uses a forward-looking camera mounted in front of the rear view mirror to monitor lane markings on both sides of the vehicle. It gives a discrete warning in the form of a vibration through the steering wheel when the vehicle drifts out of its lane, triggering the indicators. (System operational at certain speeds) (included in Driver Assistance Package).

Adaptive Xenon Headlamps*

Signature design LED lights combine distinctive design with highly practical capabilities: Dynamic Xenon lamps swivel to follow the road, while static bending lamps light the curbside area in tight bends to give the driver a greater sense of confidence during night-time driving. (Included in Climate Comfort and Visibility Package. Standard on Autobiography).

Full Thin Film Transistor (TFT) Instrument Panel*

The 12.3 inch virtual instrument panel uses state-of-the-art, high-resolution display technology and the latest color graphics for clear communication of the main vehicle functions and data. With elegant virtual dials resembling 3D chrome it can be tailored to display only information that is relevant to the current driving situation. (Included with Dynamic Package and standard on Autobiography).

Customer Configurable Interior Mood Lighting

New levels of ambient refinement and personalization have been reached with the option of customer configurable lighting. Using a combination of colored LEDs, this feature allows occupants to vary the shade, changing the ambience of the cabin to suit their mood. There are ten colors in total to suit every taste and mood, ranging from Spark Blue through to Ice White and Racing Red. (Available with Autobiography only).

Rear Seat Entertainment

The Rear Seat Entertainment package ensures passengers can always be amused. With two eight-inch screens built into the front headrests, a pair of WhiteFire® digital headphones, one USB in the second row and a dedicated remote control, passengers can feel truly at home with their choice of film, TV or music. (Available as an option on all models).

InControl™ Apps**

Land Rover InControl™ Apps enables you to use vehicle optimized smartphone apps on the Touch-screen. Using the InControl Apps USB port you can enjoy a variety of vehicle optimized apps such as: Contacts, Calendar and Music Player, with more third party vehicle apps being released over time. Your smartphone will also be re-charged while using InControl Apps. (Available as an option on all models).

Audio

The Meridian™ audio technology gives you stunning sound quality. The top of the range system features Meridian Signature Reference Audio (1700W) with 23 speakers including subwoofer and 3D surround sound. (Available as an option on Supercharged and Autobiography).

Four-zone Climate Control

Choose four-zone climate control to benefit from separate controls providing unique temperature settings for front and rear seat passengers. (Available as an option on HSE, Supercharged and Autobiography).

Land Rover InControl™ Remote

Peace of mind SOS Emergency Call and Optimized Land Rover Assistance use GPS technology to minimize delay in getting assistance to your exact location. In addition, make life a little easier with the associated InControl™ Remote smartphone application; check your fuel levels remotely, find your vehicle, save your trip information and check if you have left doors or windows open (Late availability, please contact your Land Rover Retailer. Option on all models).

WhiteFire™ is a trademark owned by Unwired Technology LLC and any use of such marks by Land Rover is under license.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

ACCESSORIES

Deployable Side Steps*

VPLWP0192, VPLWP0191, VPLWP0177, VPLWP0173 and either VPLWP0178, VPLWP0181 (Lane Departure equipped vehicles), VPLWP0179 (5+2 Seating equipped vehicles) or VPLWP0180 (5+2 Seating equipped vehicles with Lane Departure).

These smart, practical steps make it easier to get in and out of the vehicle. Neatly stowed under the sills, the Side Steps automatically deploy as soon as the door is opened, or when activated by the key fob. They stow automatically when the door is closed.

Fixed Side Step*

VPLGP0226

The Fixed Side Steps aid entry and exit to the vehicle and improve access to the roof. Design features include Range Rover branding and bright anodized aluminum edge trim finish to complement vehicle styling cues. Compatible with Wade Sensing™ at 2015 model year. Vehicle software update allows compatibility for earlier model year vehicles.

Side Tubes*

VPLWP0154

Manufactured from stainless steel with a highly polished finish, this product helps protect the vehicle in off-road conditions. Its rugged off-road appearance complements the vehicle's exterior design.

Stainless Steel Front Undershield

VPLWP0162

The off-road inspired styled undershield features a premium bright polished finish for the front of the vehicle.

Stainless Steel Rear Undershield

VPLWP0163

Stainless Steel Rear Undershield (Towing)**
VPLWP0164

Body Side Mouldings

VPLWP0159

Providing protection for your door panels from accidental damage by adjacent vehicles. Painted to match your vehicle's body color, ensuring a premium finish and maintaining the overall aesthetics of your Range Rover Sport.

*Fitting of Side Steps or Side Tubes may affect the off-road capability of the vehicle.

**Can be used with Tow Bar Armature VPLWT0113.

Vehicle shown left is Autobiography in Corris Gray. Accessories shown are Large Sports Roof Box, Noble plated Mirror Caps and Deployable Side Steps.

VPLWS0212 – Front
VPLWS0209 – Vehicle Set

You can personalize your vehicle further by adding a script of your choice in a variety of fonts which will be highlighted by subtle white illumination. Available as a full vehicle set (front pair personalized, rear pair illuminated only) or as a front pair only.

Door Sill Outer Treadplate
VPLWS0207

An aluminum enhancement for the outer door sills featuring a laser etched 'Sport' motif.

Luggage Divider – Full Height
VPLWS0235

The Luggage Divider is designed to prevent cargo from entering the passenger compartment. It incorporates a useful integral ski hatch that allows longer items to be carried where a suitable rear seat option is fitted.

Luggage Divider – Half Height
VPLWS0236

Luggage Divider – Loadspace Partition
VPLWS0237

Illuminated Rear Loadspace Treadplate Finisher
VPLWS0211PVJ – Ebony
VPLWS0211AAM – Espresso

Manufactured from stainless steel with a bright finish, protecting the loadspace trim when loading or unloading. Providing a premium finish to the loadspace with subtle illumination.

Rear Loadspace Treadplate Finisher
VPLWS0210PVJ – Ebony
VPLWS0210AAM – Espresso

Manufactured from stainless steel with a bright finish, protecting the loadspace trim when loading or unloading.

Loadspace Stowage Rails
VPLWS0242 – 5 Seat
VPLWS0243 – 5+2 Seating

Loadspace mounted rails to facilitate flexible stowage solutions. Loadspace Stowage Rails allow fitment of the Luggage Retention Kit.

Luggage Retention Kit
VPLGS0171

Pack of attachments that fix into the loadspace rails via a quick lock/quick release system to provide a flexible solution for retaining items. The attachment pack includes a retractable strap with inertia reel, telescopic rod and stowage bag.

Loadspace Mat – Rubber
VPLWS0225

Range Rover branded rubber mat helps to protect the rear loadspace carpet from general dirt. Rubber mat extension for protection of the back of the rear seats when folded down also available – Part No: VPLWS0223

Loadspace Liner Tray
VPLWS0224

This liner provides superior protection to the loadspace floor and side wall carpets from dirty or wet equipment.

ACCESSORIES

Roof Rails*
VPLWR0104 – Black Finish†
VPLWR0103 – Silver Finish††

Roof Rails facilitate easy fitment of cross bars. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics.

Maximum load capacity is 220lbs and incremental height when fitted is 3.5 inches.

Cross Bars*
VPLGR0102

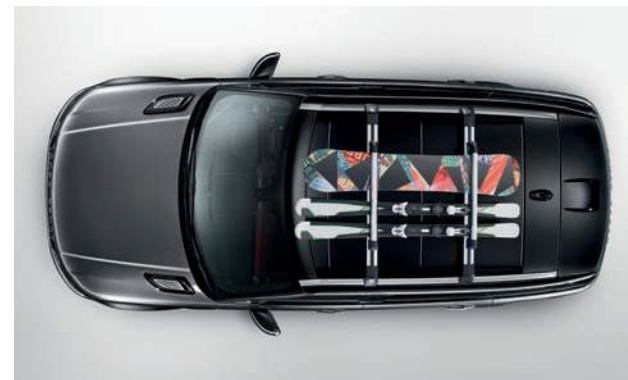

T-track design utilizes the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimizes drag and noise. Roof rails not included.

Luggage Carrier*
LR006848

Flexible rack system to facilitate roof carrying. Maximum payload 165lbs**.

Roof Mounted Bike Carrier (not shown)*
VPLFR0091

Roof Mounted Bike Carrier – Fork Mounted with Wheel Carrier (not shown)*
VPLWR0101

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Lockable for security. Maximum payload 79lbs**.

Aqua Sports Carrier (not shown) - VPLGR0107

Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Maximum payload 99.2lbs.**

Large Sports Roof Box*
VPLWR0100

Featuring a quick mounting system for easy secure fixation. Includes integrated base mat with a non-slip surface for extra secure loading. Capable of carrying up to four pairs of skis or five snowboards. Volume 113 US gallons. Maximum payload 165lbs**.

Luggage Box*
VPLVR0062

The gloss black finish Luggage Box opens from both sides and includes power-grip mounting for easy and quick fixing to the roof bars. Lockable for security. Volume 108 US gallons. Maximum payload 165lbs**.

*Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

**Maximum payload equals the load capacity of the roof mounted accessory.

†Roof Rail Ditch Finishers required for fitment with Black Finish Roof Rails – VPLWR0108

††Roof Rail Ditch Finishers required for fitment with Silver Finish Roof Rails – VPLWR0109

Outdoor Car Cover
VPLWC0061

All weather tailored cover protects your Range Rover Sport from the elements.

Windshield Sun Shield
VPLWS0231

Helps to keep the vehicle interior cool in hot weather.

Noble Plated Mirror Caps
VPLGB0073

Noble Plated Mirror Caps complement the Range Rover Sport's exterior styling cues.

Tow Bar Armature
VPLWT0113

This bespoke system has been optimized alongside the Range Rover advanced aluminum chassis construction. Approved for up to 7,716lb trailer load.

Trailer Hitch Kit (VPLWY0083) and Towing Electrics Kit are available separately.

Dark Atlas Bumper Fitting Kit – VPLWB0136
Light Atlas Bumper Fitting Kit – VPLWB0139
Gloss Black Bumper Fitting Kit – VPLWB0137

Towing Electrics
VPLWT0115

These handy sockets are mounted conveniently in your vehicle's rear bumper, providing the electrical power needed for rear lighting on your trailer. Must be used with the Trailer Hitch Kit.

Offered for use with Tow bar Armature – Part No: VPLWT0113

Front Mudflaps
VPLWP0165

Front Mudflaps for Deployable Side Steps (not shown)
VPLWP0167

Rear Mudflaps
VPLWP0166

Mudflaps reduce spray and help protect the paintwork. Supplied as a pair.
