ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomize the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

"THE FIRST EDITION GIVES CUSTOMERS THE OPPORTUNITY TO HAVE A UNIQUE VERSION OF THE NEW DISCOVERY. WITH STUNNING DESIGN, EXQUISITE DETAILS AND EFFORTLESS VERSATILITY, THIS COMPELLING VEHICLE REDEFINES THE MEANING OF DESIRABILITY."

Professor Gerry McGovern.
Land Rover Design Director and Chief Creative Officer.

INTRODUCTION

ALL-NEW DISCOVERY FIRST EDITION. FOLLOWING A PROUD HISTORY.

Ever since the Discovery first took to the streets, mud tracks and deserts in 1989, it has blazed its own trail. From Alaska to Zambia, it has become synonymous with capability and versatility, whether off-road or in the city. The All-New Discovery First Edition takes those characteristics, together with several innovations pioneered by Land Rover, to uncharted territories.

THE CONCEPT OF THE ALL-NEW DISCOVERY FIRST EDITION

The All-New Discovery First Edition is a leap forward in Land Rover SUV design. This prestigious vehicle is available in limited numbers, adding to its exclusivity and desirability. A radical and sharply focused approach to embodying the Land Rover vision of the most versatile and capable SUV. The All-New Discovery First Edition combines the flexibility of a beautifully crafted full-size seven seat interior, bespoke design details, with dramatic proportions, clean modern lines and a dynamic silhouette.

So wherever you want to go, whoever and whatever you want to take, the All-New Discovery First Edition is every vehicle you'll ever need.

SEVEN FULL-SIZE SEATS WITH INTELLIGENT SEAT FOLD

The All-New Discovery First Edition features three rows of seats with Intelligent Seat Fold allowing you to configure the second and third row seating using switches located in the cargo area or on the main Touchscreen¹. Furthermore, you can remotely configure the seats when you're not in your vehicle, via an app on your smartphone. See page 12 for details.

ACTIVITY KEY

A first for Land Rover and standard with your First Edition, the Activity Key lets you live life to the fullest. Housed in a durable and fully waterproof wristband, it allows you to pursue a range of activities from sailing to skydiving, safe in the knowledge that your vehicle is secured.

POWERED INNER TAILGATE

Standard on First Edition, this system provides a seating and loading platform and can also be used as a load retention barrier for when the tailgate is open.

TOWING ABILITY

Over the years, Land Rover has earned many accolades around the world for its towing capabilities, which is why so many would expect this vehicle to live up to the most demanding expectations. It doesn't disappoint. All-New Discovery First Edition takes it to a new level, delivering an impressive towing capacity of up to 8201lbs, ensuring it measures up to the vehicle's proud DNA. See page 14 for details.

SUPREME CAPABILITY

The vehicle's lineage and DNA are without question. With driving technologies such as Terrain Response[®] 2* and All Terrain Progress Control (ATPC)*, its all-terrain capability ensures that the All-New Discovery First Edition is always ready to get out there and tackle tough terrains. See page 13 for details.

UNCOMPROMISED CARGO CAPACITY

With over 82 cu.ft. of cargo space, including generous underfloor storage, ideal for wet or dirty gear, and the flexibility of seven seats, the All-New Discovery First Edition is every vehicle you'll ever need.

COMMAND DRIVING POSITION

For a clearer view of the road ahead, the All-New Discovery First Edition has been designed with the legendary Land Rover Command Driving Position*.

THOUGHTFUL STORAGE

From the fold down storage behind the climate controls, to the upper and lower glove box and a comprehensive space below the center console cupholders, the All-New Discovery First Edition has storage in places you simply would not expect.

INTUITIVE CONNECTIVITY

The All-New Discovery First Edition features the very latest suite of technologies, including Land Rover InControl[®] Touch Pro™ as standard, multiple USB ports and the latest in infotainment to keep you and your passengers connected and entertained**.

GENEROUS LEGROOM WITH STADIUM SEATING

Every passenger enjoys optimum comfort and unparalleled views. Those in the second row have 37.5" legroom while, in the third row, 33.5" is available.

ALL-NEW DISCOVERY FIRST EDITION – THE FACTS

Form, function and exemplary levels of finesse are brought together to help create one of Land Rover's most compelling vehicles to date. With electronic air suspension, its inherent strength and off-road capabilities are matched only by its bold contemporary looks and alluring touches of luxury. Inside, astute use of space coupled with high quality design and use of premium materials enhance the vehicle's bold horizontal and vertical lines.

The versatility of the cabin is highlighted by the easily configurable seven seat layout and plentiful storage, with thoughtful use of space and refined comfort.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. **Do not use Land Rover InControl[®] features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. ¹Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your nearest Land Rover Retailer.

Vehicle shown: 2017 Land Rover Discovery First Edition in Farallon Black.

DESIGN

EXTERIOR

The vehicle's exterior design is a re-imagining of Land Rover for the next generation. The All-New Discovery First Edition is beautifully proportioned for a full-size SUV, with sleek, wrap-around headlights and tail lights combined with short front and rear overhangs to reduce visual length.

A pronounced windshield angle, rising belt line and elegant, smoothly contoured shape, result in a streamlined and dynamic form which combines aerodynamic efficiency with exceptional space. The body-colored C-pillar, stepped roof and asymmetric element on the rear license plate panel all refer to the rich lineage of previous Land Rover model designs.

Clean flush elements, a dynamic rising waistline and wrap-around lights convey a strong sense of modernity. Beautifully designed LED lights are standard on the All-New Discovery First Edition and have been developed to wrap-around the side of the vehicle make the indicators more visible.

Sophisticated and modern, the All-New Discovery First Edition epitomizes the most compelling in contemporary British design and is available in three premium metallic exterior colors: Namib Orange, Silicon Silver and Farallon Black. Please see page 21 for available exterior colors.

Vehicle shown: 2017 Land Rover Discovery First Edition in Namib Orange.

FIRST EDITION EXTERIOR DESIGN DETAILS

This beautifully realized vehicle enjoys a host of striking features. Distinctive 21" alloy wheels are standard, and for a sportier stance, there are optional 22" alloy wheels. With Namib Orange vehicles, Gloss Black wheels are standard. The three premium metallic exterior colors available are complemented by the Black grille, fender vents and hood and tailgate lettering.

Bespoke First Edition badging is discreetly positioned on the B-pillar when you open the driver or passenger door and is exclusive to this vehicle. It adds a distinct and unique touch that reminds you of its originality whenever you step into your All-New Discovery First Edition. With Namib Orange exterior paint, the addition of a Black contrast roof adds emphasis to the design credentials of the All-New Discovery First Edition.

INTERIOR

The highly desirable interior is a re-imagining of classic Land Rover design elements with the striking use of strong horizontal and vertical lines connecting through the main dashboard beam. The use of materials such as premium Windsor leather and a bespoke Cartography metal trim, coupled with focused craftsmanship and precision, create an air of cultured modern living.

The 10" infotainment Touchscreen* helps you connect to the outside world and puts a wealth of entertainment and information at your fingertips. The astute use of both seating design and storage space helps deliver exceptional utility for you, your family and friends.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Interior shown is 2017 Discovery First Edition in Ebony/Ebony with Nimbus stitching and micropiping.

FIRST EDITION INTERIOR DESIGN DETAILS

An eye for the detail. The finest materials. These are the qualities that our designers have carefully considered to help shape the All-New Discovery interior. The interior is appointed in the most exquisite Windsor leather and is available in three striking color themes: Nimbus/Ebony interior with Nimbus Windsor leather seats with Ebony piping and stitching, Ebony/Ebony interior with Ebony Windsor leather seats with Nimbus piping and stitching or Vintage Tan/Ebony interior with Vintage Tan Windsor leather seats with Nimbus piping and stitching*. Any of which complements the contemporary interior space. To see the choice of interior color themes available please see page 23.

Throughout the cabin, there are several design touches that will delight the eye. For instance, the vertical trim pieces are of Brushed Aluminum which have been swept in three ways for a premium finish.

Exclusive to the All-New Discovery First Edition, a Cartography Aluminum finisher has been fashioned to map the journey of this Land Rover, beautifully displayed on the doors and across the instrument mid-section. Born of the vehicle's undoubted spirit and lineage, this superbly crafted and unique feature covers many points across the UK where the vehicle was designed and built including Land Rover Design headquarters at Gaydon, world-class manufacturing facilities at Solihull and the capital of British design – London.

The center console also features an etched bespoke 'First Edition' badge, adding the perfect finishing touch to the interior.

*Only available with Silicon Silver and Farallon Black exterior paint.
Interior shown is 2017 Discovery First Edition in Ebony/Ebony with Nimbus stitching and micropiping.

SEVEN FULL-SIZE SEATS

The standard seven full-size seats truly exemplify comfort and versatility. Divided across three rows and readily deployable, the Discovery First Edition is very well appointed. The second row enjoys a 60:40 slide and power recline configuration, coupled with load-through capabilities. Stadium seating ensures everyone can see the road ahead in the greatest comfort, while the stepped roof allows for greater headroom in the second and third rows; such thoughtful use of space ensures everyone travels in comfort. There are a number of standard features including heated and cooled seats across the first and second row to add to your comfort and enjoyment.

REMOTE INTELLIGENT SEAT FOLD

Configuring your seats is easy with our Remote Intelligent Seat Fold. Controlled from the Touchscreen*, switches located in the cargo area or via our innovative app from your smartphone. Imagine standing in a grocery line, using your smartphone app to reconfigure the seats in your Discovery to accommodate your shopping bags plus your children. Ready for you when you return to your vehicle with the press of a few buttons.

The powered seat folding mechanism uses an intelligent control system which ensures the seats, including the headrests, fold away seamlessly and conveniently. The system understands when seats are occupied or have heavy items on them and, when folding, automatically adjusts their position to prevent interference.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Nimbus interior shown.

DRIVING TECHNOLOGY

PERMANENT FOUR WHEEL DRIVE (4WD) SYSTEMS

The All-New Discovery First Edition features an intelligent, permanent Land Rover Four Wheel Drive (4WD) system to deliver unrivalled, weather and surface capability. The standard two-speed transfer case features a low range gear set which can prove invaluable in challenging driving conditions. The heart of this system is the electronic center differential that offers a 50:50 torque split between front and rear axles with the ability to pre-emptively lock the differential before slip commences*.

TERRAIN RESPONSE® 2

With over 65 years of all-terrain expertise, this vehicle has Land Rover capability at its heart. The innovative Terrain Response® system was first introduced by Land Rover and now our unique, upgraded Terrain Response® 2 system* is introduced on the All-New Discovery.

This enhanced system helps the driver to optimize the vehicle's engine, transmission, center differential and chassis systems to match the demands of the terrain, by selecting one of the easily identifiable driving modes, including Rock Crawl Mode*. Terrain Response® 2 is designed to monitor driving conditions, automatically selecting the most appropriate driving mode to achieve the best possible chassis and powertrain set up for the conditions*.

Even when it is not in Auto Mode, the system also provides the driver with additional input, such as advising when to select low range or the off-road ride height. This system is standard on the All-New Discovery First Edition*.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a standard system that helps drivers to set and maintain a steady speed in challenging conditions*.

Operating like a cruise control system, it functions at very low speeds between 1mph and 18mph, helping the driver to maintain full concentration on steering and finding a path through obstacles.

Developed by Land Rover, the system works seamlessly alongside the Terrain Response® 2 and Four Wheel Drive (4WD) traction and braking systems*.

Once ATPC is activated, the standard steering wheel +/- cruise control buttons are used to set the speed. Brake and accelerator pedals can still override the chosen settings, with gentle braking achieving a reduction in speed.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving.
Vehicle shown: 2017 Land Rover Discovery First Edition in Namib Orange.

TOWING AIDS

The All-New Discovery First Edition takes towing capability to a new level, with a capacity of up to 8201 lbs and a suite of features available to help make towing effortless and assured.

The addition of **Tow Hitch Assist*** makes coupling a trailer to the vehicle much easier by helping you visualize the hitching process; it displays the predicted path of the vehicle tow ball towards the trailer coupler on the Touchscreen.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Before towing, please consult the owner's manual or your local authorized Land Rover Retailer for more details.
Vehicle shown is 2017 Discovery First Edition in Farallon Black.

CONNECTIVITY. ENTERTAINMENT. COMFORT

LAND ROVER INCONTROL®

InControl is our suite of advanced technologies that links both you and your All-New Discovery First Edition to the wider world*. The All-New Discovery First Edition comes fitted with InControl® Touch Pro™ and InControl Pro Services is standard*.

INCONTROL TOUCH PRO™

The Land Rover InControl® Touch Pro™ next-generation hardware and software advances the All-New Discovery First Edition connectivity and entertainment to the very highest level*.

Some key aspects include:

- 10" Touchscreen
- Meridian™ Surround Sound System 825W with 14 speakers and subwoofer
- CD-DVD
- Voice Recognition
- InControl Touch Pro Navigation
- Sirius XM® Satellite Radio† and HD Radio™

- **InControl Protect** consists of SOS Emergency Call, Land Rover Optimized Roadside Assistance and Stolen Vehicle Locator
- **InControl Pro Services** consists of Remote, Wi-Fi™ Hotspot**, Route Planner App, Share ETA, Live Services, Commute Mode, Arrival Mode and Arrival Mode Parking
- InControl Apps*.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Apple Watch is a registered trademark of Apple Inc., registered in the US and other countries. InControl apps will need to be downloaded from the Apple/Android Store, please contact your nearest Land Rover Retailer for further information. **The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions. †A 3-month trial subscription to the SiriusXM All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico. Vehicle shown: 2017 Discovery First Edition in Silicon Silver. Find out more about Land Rover InControl® at landroverusa.com

9 WAYS TO GET YOUR LIFE CONNECTED

InControl Touch Pro provides a wealth of information and entertainment. This intuitive InControl technology can help you find a parking space and stream your favorite music making life more rewarding, hassle-free and enjoyable*. These features are standard on the First Edition.

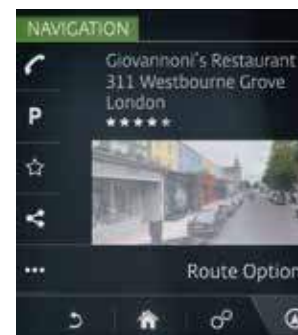

PLANNING ROUTES

Before setting off, use the **Route Planner App** or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen*.

STAYING CONNECTED

Before you get into your vehicle, set your ideal cabin temperature with the **Remote** app on smartphones and now the Apple Watch®. On the road, the in-car **Wi-Fi Hotspot** provides a stable Internet connection and lets you connect up to eight devices**.

STAYING FOCUSED

Our InControl Touch Pro **Voice Recognition** system understands normal spoken instructions. So you can concentrate on the road ahead without distractions*.

FINDING PARKING

When you near your destination, InControl Touch Pro **Navigation** will suggest nearby parking from a database including space availability. With just one click, the parking is added and your route is updated. **Arrival Mode Parking** shows a 360° street level image to help you identify your destination.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription. Certain features require the fitment of InControl Connect Pro and a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Apple Watch® is a registered trademark of Apple Inc., registered in the US and other countries. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Android Store, please contact your nearest Land Rover Retailer for further information.

Find out more about Land Rover InControl® at landroverusa.com

MOVING FASTER

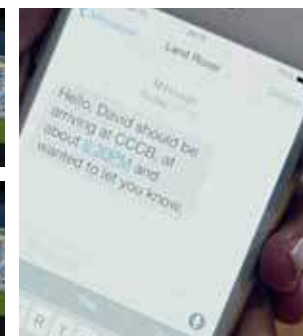

InControl Touch Pro brings you more processing power, thanks to a quad core processor plus an integrated Ethernet network*.

Customizable homescreens let you arrange the screen, as you like, with up to four personalized homescreens and over 60 shortcuts*.

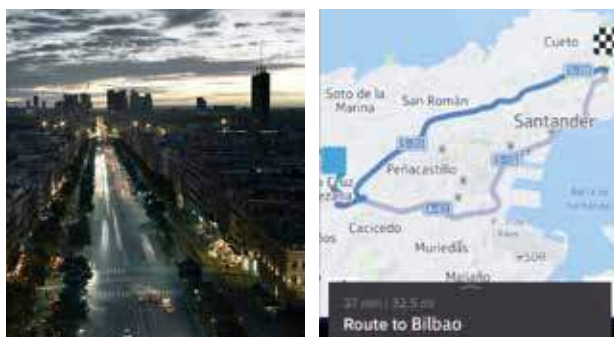

INTELLIGENT ROUTING

Commute Mode allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest.

SHARING PROGRESS

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, **Share ETA** can then send automatic updates via text or email, without any further action from you*.

DOOR-TO-DOOR

Once you've parked, the **Route Planner App** will guide you to your destination – a true door-to-door experience which includes public transportation options. The **Remote** app also lets you check your vehicle to make sure you've locked and secured all doors and windows.

HELP IS ALWAYS AT HAND

With **InControl Protect** the emergency services will be automatically notified if the airbags are deployed in an accident, or you can call them manually via an in-car button. You can also call a Land Rover Optimized Roadside Assistance operator should you need technical assistance.

MERIDIAN™ SOUND SYSTEM

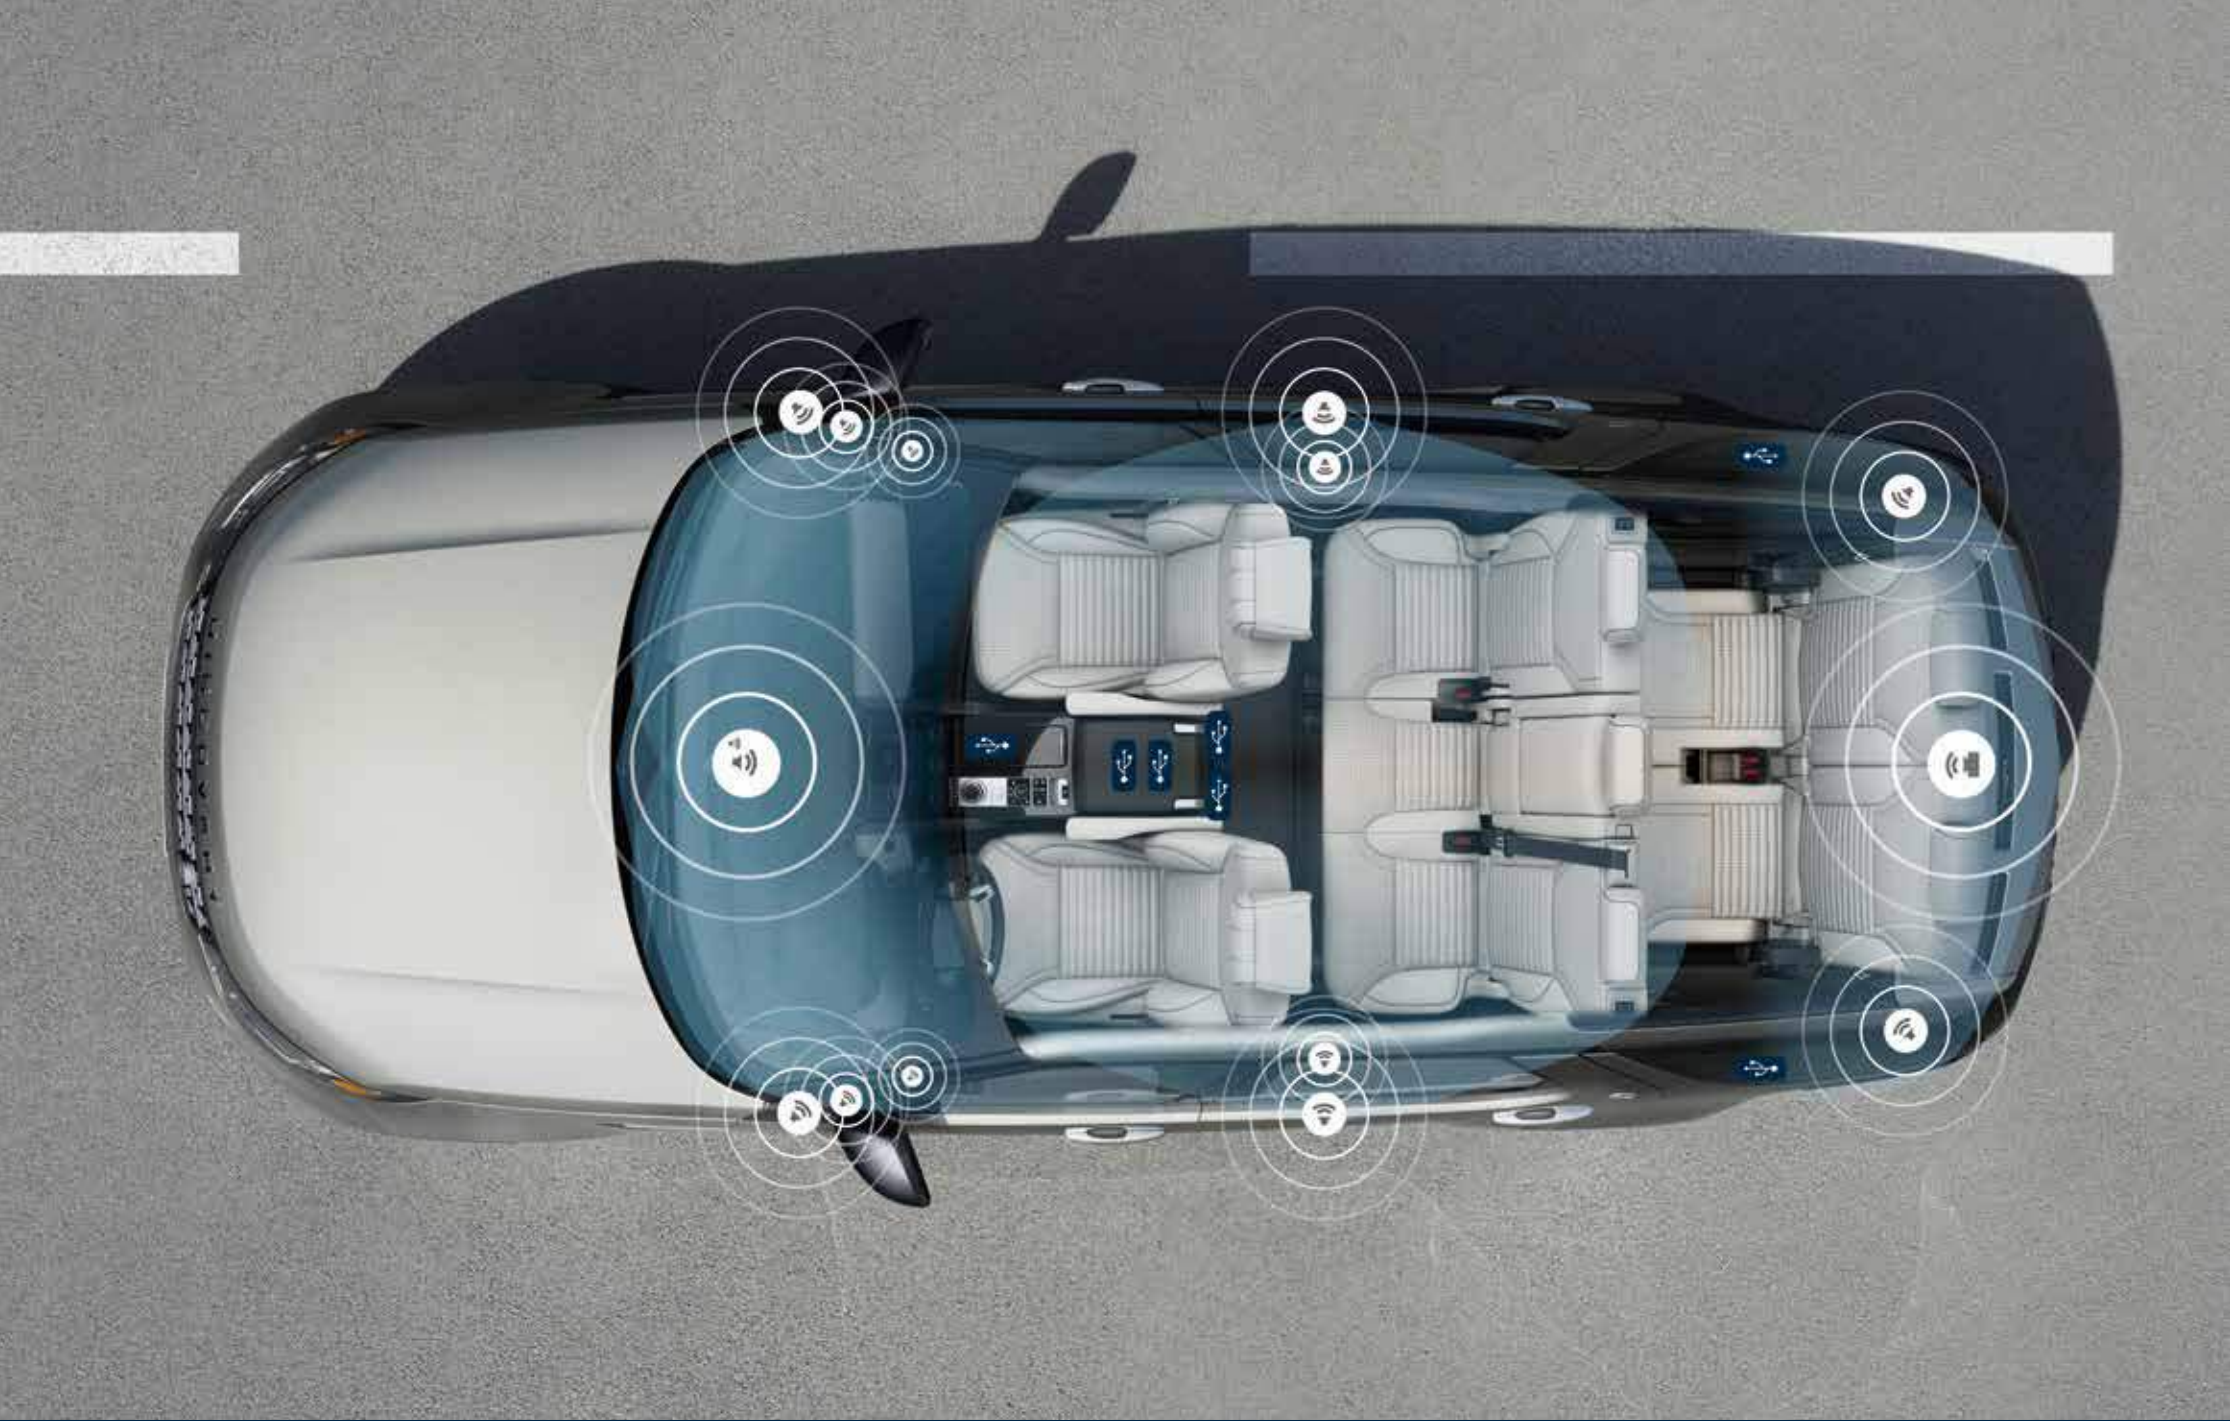

Land Rover has partnered with Meridian™, a world leader in high performance audio technologies and digital sound processing, to develop an advanced audio system for the All-New Discovery First Edition.

The standard Meridian™ Digital Surround Sound System produces 825W through 14 speakers and a dual channel subwoofer, delivering exceptional definition, crystal clear highs and full, deep bass notes through the careful arrangement of speakers.

Dynamic Volume Control technology has been integrated, to ensure that any unwanted noise detected in the cabin will be smoothly and automatically balanced out.

This system also includes Meridian Trifield™ technology* which delivers the very best in world-class audio reproduction, bringing you closer to the original performance, regardless of your position of the vehicle; everyone will feel and hear pure musical enjoyment.

MERIDIAN DIGITAL SURROUND SOUND SYSTEM

 825 WATTS

 14 SPEAKERS

 SUBWOOFER

 USB CONNECTORS

Vehicle shown: 2017 Discovery First Edition in Silicon Silver.

ENGINE

ENGINE PERFORMANCE

The torque and power curve below illustrates the distinctive qualities of the Supercharged V6 engine.

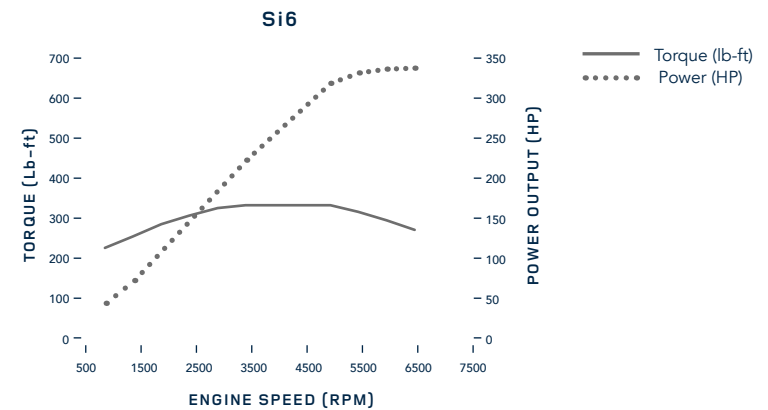

340HP SUPERCHARGED V6 ENGINE

Si6 340HP

A Roots-type twin vortex supercharger is mounted in the 'V' between the two rows of cylinders for compact dimensions. Supercharging provides linear delivery of power and maximizes responsiveness. This results in performance matching much larger engines.

The V6 engine also features dual independent variable cam timing to vary inlet and exhaust valve operation, working alongside lightweight pistons with ultra-low friction piston rings, for increased performance. For added refinement there is a counter-rotating balancer shaft system.

SPECIFICATIONS

CHOOSE YOUR COLOR

The All-New Discovery First Edition is available in three striking exterior paint colors, each one incorporating the latest in pigment technologies. All three available colors are premium metallic paints, which enhance both the color and the intensity of the sparkle, or sleek metallic finish.

Farallon Black (premium metallic)

Silicon Silver (premium metallic)

Namib Orange (premium metallic)

Standard Contrast Roof Color
Black

WHEELS

The All-New Discovery First Edition has distinctive 21" alloy wheels in either Gloss Black finish on Namib Orange, or Silver finish on Silicon Silver and Farallon Black vehicles fitted as standard. For a sportier stance, you can choose to upgrade to 22" alloy wheels.

**21" 10 SPLIT-SPOKE
'STYLE 1012'**
Standard wheel with Silicon Silver and
Farallon Black paint.

**21" 10 SPLIT-SPOKE
'STYLE 1012'
WITH GLOSS BLACK FINISH**
Standard wheel with Namib Orange paint.

**22" 5 SPLIT-SPOKE
'STYLE 5011'
031GE**
Optional wheel with Silicon Silver and
Farallon Black paint.

**22" 5 SPLIT-SPOKE
'STYLE 5011'
WITH GLOSS BLACK FINISH
031GF**
Optional wheel with Namib Orange paint.

CHOOSE YOUR INTERIOR COLOR COMBINATION

The cabin in the All-New Discovery First Edition embodies the finest of contemporary design. Bold horizontal and vertical lines and superb levels of comfort create a space in which you and your family and friends will want to spend time. Three unique interior color themes to suit all tastes have been designed to complement the exterior paint palette.

STANDARD AND OPTIONAL FEATURES

Exterior – Standard Features

- Narvik Black grille with Narvik Black surround
- Narvik Black fender vents, mirror caps and Discovery script (hood and tailgate)
- Body-colored door handles
- Black contrast roof (with Namib Orange exterior paint)
- Power sunroof (tilt/slide front glass) with fixed rear glass panoramic (including power blinds)

LAND ROVER APPROVED ACCESSORIES

The All-New Discovery First Edition is so capable and adaptable it can get straight to work across a variety of vastly differing conditions and roles. Owners can tailor their All-New Discovery First Edition to their specific needs with a range of stylish, practical accessories that are tough, versatile and personalized.

These accessories can be added by your Land Rover Retailer at any stage during your vehicle's life – not just when it's new. Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

ACCESSORIES

Luggage Carrier
VPLRR0159

Flexible rack system to facilitate roof carrying. Maximum payload 134 lbs*.

Wireless Phone Charging Cupholder**
VPLRV0118

The wireless phone charging cupholder has been designed to allow visibility of the phone while charging, utilizing the cupholder space in the center console. The holder will accommodate varying phone sizes securely in place. The charger displays an LED light to indicate when charging, and turns off when complete.

Click and Go System†
VPLRS0389 – Click and Hook
VPLRS0395 – Click and Work

VPLRS0390 – Click and Hang
VPLRS0392 – Click and Play
(iPad® Air)†

The Click and Go System is a multi-purpose seat-back system for second row passengers. The versatile system fixes between the headrest mountings and further attachments can be added to hold your tablets, bags and shirts and jackets. The system can be easily removed when not in use.

iPhone® Connect and Charge Dock
VPLRV0119

The iPhone connect and charge dock has been designed to allow visibility of the phone while charging, utilizing the cupholder space in the center console. When connected, the iPhone media is accessible and has the ability to be controlled via the integrated infotainment system. The iPhone USB charger can be easily disconnected if the USB connection is required for other use. For use with iPhone 5, 5c, 5s, 6 and 6s.

Roof Mounted Bike Carrier - Wheel Mounted[‡]
VPLFR0091

Lockable bike carrier designed for holding a single bike, up to 44lbs.

Fixed Side Steps[§]
VPLRP0269

The side step aids entry and exit to the vehicle and improve access to the roof. Design features include bright stainless steel edge trim and a rubber tread mat.

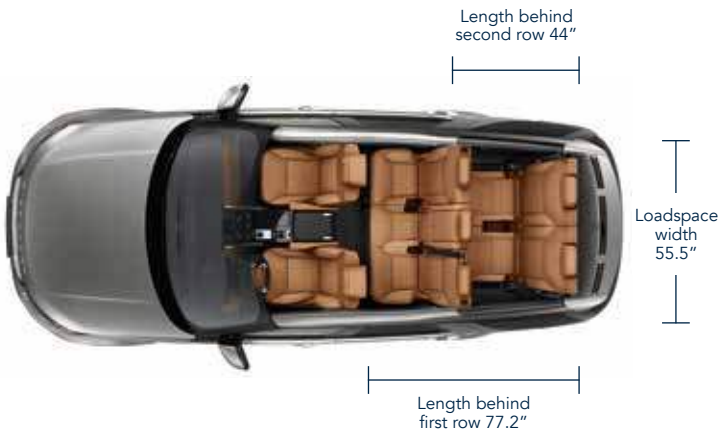

*Maximum payload equals the load capacity of the roof mounted accessory **Fits phones up to 2.9" wide such as iPhone 6 with Qi enabled case. The wireless phone charging cupholder does not provide a connection to InControl Apps †Always requires front row headrest mounted base (VPLRS0388) ‡Also available for iPad 2, 3 and 4 (VPLRS0391), iPad Mini (VPLRS0393) and Samsung (VPLRS0394)

§Roof rails and cross bars are required for all Land Rover roof mounted accessories and will accommodate two bike carriers §Fitting of side steps or side tubes may affect the off-road capability of the vehicle.

iPhone and iPad are registered trademarks of Apple Inc., registered in the US.

A WORLD OF LAND ROVER

LAND ROVER EXPERIENCE

Ever since its inception, Land Rover has been ready for anything. Its legendary capability has seen it tackle the most demanding of terrains, in the most difficult conditions. Its versatile interior has become synonymous with comfort and greater loadspace. And its 'can do' attitude has made it the most welcome of vehicles across the globe.

You can be part of the Land Rover story at one of our Land Rover Experience Centres. You can see how each and every one of these iconic vehicles is built. You can take one out onto off-road tracks where your driving skills will be put to the test. Or you can go even further on one of our Adventure Travel holidays to such countries as Tanzania, Iceland or Morocco.

Adventure awaits.

LAND ROVER ONELIFE

Onelife, the official Land Rover magazine, is published twice a year and reaches customers in 40 countries. Each issue is filled with the latest Land Rover news and vehicles, insights into the technology and design that shape each vehicle, inspirational journeys and opinions from international experts.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control. Please speak to your nearest Land Rover Retailer to find out more.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service.

Distinctive, capable and versatile, all Land Rover vehicles deliver low total cost of ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

LAND ROVER COLLECTION

The vehicle is just the beginning. The latest Land Rover Collection is now available for you to discover.

A meticulous attention to detail doesn't stop with our vehicles. You'll find the same level of craftsmanship in all of our clothing, travel items and premium gift ideas. So whether you're shopping for yourself or a loved one, you know the quality is assured.

The Land Rover Collection includes ladies and mens clothing, an extensive range of small leather goods such as wallets, portfolios, iPad and iPhone cases along with briefcases and weekender bags. A range of cufflinks and ladies silk scarves add a luxury feel to the collection. There's a kids collection too, with colorful fun clothing, caps and replica model vehicles for them to enjoy.

Visit shop.landroverusa.com to browse the latest Land Rover Collection.

ROADSIDE ASSISTANCE

Land Rover Roadside Assistance provides help in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle warranty period.

For further details please contact your nearest Land Rover Retailer or visit landroverusa.com

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailer within one month or 1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. Some of the accessories featured are not available on all models. Please consult your nearest Land Rover Retailer for more information.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colors reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any color finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Land Rover Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

Castrol EDGE Professional recommended by Land Rover.

Vehicle shown on front page is First Edition in Namib Orange.
