

DISCOVERY SPORT

2017

ABOVE & BEYOND

ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomize the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

DISCOVERY SPORT COMBINES
DESIGN EXCELLENCE, ENGINEERING
INTEGRITY AND EXCEPTIONAL
VERSATILITY TO CREATE A PREMIUM
COMPACT SUV.

Gerry McGovern.
Land Rover Design Director and Chief Creative Officer.

A WORLD OF LAND ROVER

	96
--	----

DESIGN

EXTERIOR

This is a modern, relevant and compelling vehicle, with its well-proportioned compact body and purposeful stance. Its distinctive silhouette and beautifully sculpted surfaces all combine to create a vehicle that truly connects on an emotional level.

Discovery Sport is ready for anything. Characteristic design cues complement perfectly balanced proportions. Strong dynamic lines and robust detailing signal its incredible breadth of capability.

Signature features include a clamshell hood and distinctive two-bar grille with hexagonal mesh.

The fast hood line with a pronounced step into the rising beltline conveys a dramatic stance, while the roof tapers subtly downwards, adding extra dynamism.

INTERIOR

The desirability of the exterior design continues into the cabin with bold horizontal and vertical lines, complemented by clean surfaces, superb finishes and optional premium leathers that give a luxury feel to the highly versatile interior. Inside and outside seamlessly blend into a vehicle that clearly communicates its Discovery DNA, while firmly looking forward.

This spirit of adventure is reflected in the interior of the Discovery Sport, which has been designed with you at its core. It features high-quality materials and a strong vertical center console design to reflect the premium exterior.

The cabin is equipped with up to three 12V power points and five USB charging sockets. These can be specified on rows one and two, allowing multiple electronic devices to be charged simultaneously.

The optional new 10" Touchscreen* is a superb addition to the contemporary, clean interior and becomes a centerpiece of the fascia. With a 21:9 wide format and 80 percent more pixels than the standard 8" Touchscreen, the feature is available on HSE and HSE Luxury models.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

Interior shown left and above is HSE Luxury in Glacier/Lunar.

5+2 SEATING

Discovery Sport offers exemplary levels of comfort and outstanding versatility. The second row is extremely spacious and flexible with the seats able to slide back and forth by 6.3 inches for greater loadspace or comfort.

The optional third row, with its simple, single-handed 50:50 deployment, has been cleverly incorporated to avoid any compromises to the vehicle's exterior design, while maintaining passenger comfort.

By folding down the third row, a flat loadspace is available for whenever you need it. So wherever you're seated, or whatever you want to carry, you can relax.

LEGROOM

32.6 inches

MORE LEGROOM

LOADSPACE

74.3 inches

Interior shown left is HSE Luxury in Glacier/Lunar.

5 + 2 SEATS
6.8 cu.ft.

5 SEATS
34.6 cu.ft.

LOADSPACE CAPACITY

Deceptively roomy. Cleverly configured. Discovery Sport has been designed and engineered to meet any challenge.

The vehicle has the option of flexible seating which, when stored flat, gives a load floor that is as long as Range Rover and a maximum loadspace of 62.8 cu.ft.

Even while carrying five passengers, the loadspace is still an impressive 34.6 cu.ft. Discovery Sport can handle bulkier loads with consummate ease when the second and third rows are folded flat. Such flexibility helps make carrying family, friends and all their gear that much easier.

4 SEATS
39.7 cu.ft.

4 SEATS
44.8 cu.ft.

3 SEATS
49.8 cu.ft.

2 SEATS

COMPLETE DYNAMIC DESIGN PACKAGE

EXTERIOR

The Discovery Sport Complete Dynamic Design Package delivers a more assertive stance while retaining the instantly recognizable design cues of the Discovery Sport. Yet, when it comes to capability and versatility, nothing has been lost.

However, in terms of dynamism and appeal, much has been gained. The vehicle's bold new front and rear design with new contoured side mouldings form a dramatic presence. This has been augmented with a new Black Mesh design for the front grille and side vent. Distinctive Chrome exhaust finishers together with a Red SPORT badge further enhance the appearance.

INTERIOR

Carefully selected sporting touches enhance the interior of the Complete Dynamic Design Package. A choice of three colorways help to create a vehicle with exemplary levels of finish, available in grained Windsor leather. The interior is further enhanced with a perforated leather sport steering wheel, contrast micropiping on the seats and headrests and unique textured finish to the door inserts and fascia mid-section.

The mood is augmented with either Dark Grey or Carmine Red Brushed Aluminum center stack side rails, depending on the colorway selected. The interiors are also complemented with aluminum sport pedals.

Interior shown left and above is HSE and HSE Luxury Complete Dynamic Design Package in Ebony/Ebony with Pimento stitching and piping.
Interior shown with Carmine Red Brushed Aluminum center stack side rails and accessory gearshift paddles.
Please contact your nearest Land Rover Retailer for availability.

DRIVING TECHNOLOGY

TESTING

Before any vehicle can carry the Land Rover badge, rigorous testing has been carried out to establish the highest levels of luxury, performance and capability.

SUSPENSION

You're unlikely to push any Land Rover harder than we have. To guarantee an unrivalled breadth of dynamic capability, both on and off-road, the vehicles have been exposed to ten years of the most extreme driving pressures in a fraction of the time using our state-of-the-art test rig.

WIND SPEED

In our climate chambers we can recreate some of the most challenging wind conditions Discovery Sport will face. Not just 112 mph crosswinds, but high ambient temperatures and low airflow situations. Only by pushing all systems to their limits do we develop true reliability.

HOT AND COLD CLIMATE

In real world environments and our climate chambers, we freeze vehicles to -104°F and bake them to 120°F. Key functions and systems are then scrutinised to our exacting standards. So even in the most remote locations, comfort and peace of mind are never far away.

OFF-ROAD

From the icy proving grounds of Arjeplog, Sweden, to Dubai's unforgiving desert sands, we ensure our legendary all-terrain performance is innate in every vehicle. Prototypes are developed across approximately 5,282 miles of the most demanding off-road routes.

SEMI-ANECHOIC CHAMBER

In the 'neutral sound' of our semi-anechoic chamber we precisely expose the cabin to a range of frequencies and vibrations, making certain that Discovery Sport sounds refined at every speed and across every surface.

MONSOON

Using our monsoon simulator, we drench our vehicles with some 18,697 gallons of specially dyed water, while tilting it by as much as 45°, checking for even the slightest leak with UV lights. Ensuring each vehicle can enter and exit a body of water without a single droplet entering the cabin.

TERRAIN RESPONSE®

Land Rover has always been synonymous with capability and the Discovery Sport lives up to even the most demanding expectations. Confident and responsive, the drive is further enhanced by a generous wheel articulation and innovative off-road technologies such as Terrain Response®*.

This feature is standard on all Si4 engines and adapts to the responses of the vehicle's engine, transmission, differentials and chassis systems to maximize driveability, comfort and traction.

There are four standard Terrain Response settings: General Driving, Grass/Gravel/Snow, Mud & Ruts and Sand. The vehicle provides added assistance on various terrains.

An optional fifth setting, **Adaptive Dynamics** is available. This mode tunes the suspension to deliver even tighter body control with flatter handling and sharper responses*.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.
Vehicle shown right is HSE Luxury with Black Design Package in Scotia Grey.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art new system designed to assist the drivers to set and maintain a steady speed in challenging conditions. The system is standard on all Si4 engines*.

Operating like a cruise control system, it functions at very low speeds between 1mph and 18mph, helping the driver to maintain full concentration on steering and finding a path through obstacles.

In addition, the system enables the vehicle to pull away smoothly and easily, even on tricky low-friction surfaces like snow or wet grass*.

Developed by the industry-leading all-terrain specialists at Land Rover, it works seamlessly alongside the standard **Terrain Response**, 4 Wheel Drive (4WD) traction and braking systems*.

Once ATPC is activated, the standard steering wheel +/- cruise control buttons are used to set the speed. Brake and accelerator pedals can still override the chosen settings.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE Luxury with Black Design Package in Scotia Grey.

HILL DESCENT CONTROL (HDC)

Land Rover's patented Hill Descent Control (HDC®) is a standard feature on all 4 Wheel Drive (4WD) vehicles. It assists the driver with controlled descents of difficult slopes by maintaining a constant speed and applying braking separately to each wheel*.

Hill Start Assist ensures the vehicle doesn't roll backwards as it pulls away on an incline*.

The vehicle also utilizes **Gradient Release Control (GRC)** which is designed to prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake*.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE Luxury with Black Design Package in Scotia Grey.

ADAPTIVE DYNAMICS

Optional Adaptive Dynamics with advanced MagneRide™ monitors vehicle movements at least 1,000 times per second, reacting to driver or road inputs instantaneously to give greater control and minimize body lean, providing a balanced, flat ride. The system will even sense off-road conditions and optimize the advanced MagneRide™ damper settings accordingly, delivering the perfect balance of agile handling and a supple, controlled ride†.

- 1 UNADJUSTED LATERAL BODY LEAN
- 2 CORRECTED LATERAL BODY LEAN

TORQUE VECTORING

When cornering, the vehicle's agility and stability are enhanced by the Torque Vectoring by Braking system. This feature comes as standard on all 4 Wheel Drive (4WD) vehicles. Monitoring the vehicle, the system is designed to constantly balance the distribution of torque between all the wheels to improve grip and steering whether on or off-road†.

- A UNDERSTEER DETECTED
- B FULL TORQUE TO OUTER WHEELS
- C BRAKING FORCE TO INNER WHEELS
- D LINE CORRECTED

ACTIVE DRIVELINE

Optional on Si4 engines*, Active Driveline** delivers benefits in both on and off-road situations. In many on-road driving conditions, the system is able to disconnect drive to the rear of the vehicle, providing maximum 2 Wheel Drive (2WD) fuel economy. A sophisticated control strategy continuously monitors key vehicle and environmental parameters.

If the requirements for 4WD are met, the system seamlessly and imperceptibly reconnects drive to the rear of the vehicle within 300 milliseconds. When off-road driving, torque to each rear wheel can be varied according to the available grip. A dedicated display on the Touchscreen relays detailed information, so you always feel in control.

- 3 2 WHEEL DRIVE (2WD)
- 4 4 WHEEL DRIVE (4WD) ACTIVATED

*Not available on SE **Please contact your nearest Land Rover Retailer for feature availability †These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

DRIVER ASSISTANCE

DRIVING AIDS

COMMAND DRIVING POSITION

The Command Driving Position in Discovery Sport ensures a greater view of the road ahead so all terrains can be tackled with confidence*.

HEAD-UP DISPLAY

Head-up Display is a technology option, available as part of the Head-up Display Package, that presents key vehicle data such as vehicle speed, gear position and navigation directions on the windshield, without the need for the driver to take their eyes off the road*.

This innovative laser system is more robust against issues such as 'washout' – the effect that the glare from sunlight has on inferior LED-based systems. The feature can be turned on and off dependent upon driver preference.

TRAFFIC SIGN RECOGNITION

Traffic Sign Recognition keeps you fully informed by displaying particular traffic signs in the instrument cluster where they can easily be seen, and as part of **Head-up Display** when fitted. The system detects speed limit signs (including variable overhead speed signs) and traffic signs with extra information, such as reduced speeds for wet roads*.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. Vehicle shown left is HSE Luxury with Black Design Package in Scotia Grey.

DRIVING AIDS

Discovery Sport has a wealth of driving aids on hand to give you and your passengers an even more sure-footed drive. Featuring the most innovative thinking, engineering and technologies, these features will help you manage most traffic, highway, road and even night-time driving situations with ease.

LANE KEEP ASSIST AND DRIVER CONDITION MONITOR*

Lane Keep Assist is designed to detect when your vehicle is unintentionally drifting out of your lane, and to gently steer you back. Driver Condition Monitor detects if you're starting to feel drowsy and gives you an early warning when you need to take a break.

AUTONOMOUS EMERGENCY BRAKING*

If a potential collision is detected, this system displays a forward collision warning. If a collision is still anticipated and you have taken no action, this system is designed to apply the brakes to help reduce the severity of the possible impact.

BLIND SPOT MONITOR WITH REVERSE TRAFFIC DETECTION*

Blind Spot Monitor is designed to alert you to vehicles in, or quickly approaching, your blind spot through a small warning light in the corresponding door mirror. Reverse Traffic Detection warns you of hazards approaching from either side of your vehicle, through both audible and visual warnings so you know what's behind you even when the view is obstructed.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. Vehicle shown above and right is HSE Luxury in Scotia Grey.

PARKING AIDS

Parking your vehicle in a busy town or city has never been a particularly simple and straightforward manoeuvre, which is why the Discovery Sport features aids to help you reverse and park with easy confidence, even when you're negotiating the tightest of spaces.

PARK ASSIST – PARALLEL PARK, PARKING EXIT AND PERPENDICULAR PARK*

Our Park Assist system makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle's speed with the brake and accelerator pedals. Park Assist will also steer you out of a space, taking all of the stress out of parking. Graphics and notifications guide you through the manoeuvres.

SURROUND CAMERA SYSTEM*

Giving a 360° exterior view via the Touchscreen, this helps with various manoeuvres from parking by a curb, to getting in and out of tight spaces and junctions.

REAR VIEW CAMERA*

To make parking in tight spots simpler, static lines to represent the vehicles, outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen.

TOWING AIDS

With a towing capacity of up to 4,400 lbs, and by incorporating tailored technologies, Discovery Sport can handle the most demanding of tasks.

REAR VIEW CAMERA*

Providing improved visibility when reversing, the Rear View Camera is a valuable parking aid and offers help when hitching a trailer. Available as standard on HSE and HSE Luxury and as an option on SE models.

Tow Hitch Assist makes coupling a trailer to the vehicle much easier by helping you visualise the hitching process*; it displays the predicted path of the vehicle towards the tow bar on the Touchscreen. Standard with Rear View Camera.

TRAILER STABILITY ASSIST

Trailer Stability Assist monitors the vehicle to detect movements in the trailer and then uses selective braking to help correct potentially hazardous situations*.

SURROUND CAMERA SYSTEM

As part of the Surround Camera System, the Tow Assist feature helps with reversing by predicting the trailer's direction*. You can even input your trailer's width for precise guidelines displayed on the Touchscreen.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving.

Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown above is HSE Luxury with Black Design Package in Scotia Grey.

CONNECTIVITY. ENTERTAINMENT. COMFORT

LAND ROVER INCONTROL®

Land Rover InControl® is our suite of advanced technologies that links both you and your Discovery Sport to the wider world*. Choose from two InControl infotainment systems: InControl Touch or new InControl Touch Pro.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. Certain features require a Micro SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Apple Watch is a registered trademark of Apple Inc., registered in the US and other countries. InControl apps will need to be downloaded from the Apple/Android Store, please contact your nearest Land Rover Retailer for further information.

Find out more about Land Rover InControl at landroverusa.com

INCONTROL TOUCH

INCONTROL TOUCH

The InControl Touch multimedia system is the Discovery Sport hub for connectivity, control and entertainment*. The key features are:

- 8" Touchscreen
- InControl Remote & Protect consists of SOS Emergency Call, Land Rover Optimized Assistance and Remote smartphone app is a multi-function app that allows you to monitor and interact with your vehicle remotely through your smartphone, making life easier and more connected
- Land Rover Enhanced Sound System 190W with 10 speakers.

OPTIONAL

- Meridian™ Sound System 380W with 10 speakers plus subwoofer**
- InControl Touch Navigation* including Voice Recognition**
- Sirius XM® Satellite Radio† & HD Radio™**
- InControl Apps features a range of Land Rover approved apps that can be connected to Discovery Sport from your smartphone, to enhance aspects of your in-car experience*
- InControl Wi Fi‡.

INCONTROL TOUCH PRO

The next-generation hardware and software advances the Discovery Sport connectivity and entertainment to the very best level*. Some key aspects of InControl Touch Pro are:

- 10" Touchscreen
- InControl Remote & Protect
- Meridian™ Surround Sound System 825W with 16 speakers plus subwoofer
- Voice Recognition
- InControl Touch Pro Navigation.

OPTIONAL

- Sirius XM® Satellite Radio† & HD Radio™**
- InControl Apps*
- InControl Pro Services include InControl Wi Fi‡, Route Planner App, Share ETA, Commute Mode, Arrival Mode, Parking and Fuel Information and Live Services*.

**Standard on HSE Luxury †A 3-month trial subscription to the SiriusXM All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico ‡The Wi-Fi hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.
Please refer to the standard and optional feature listing on pages 60-71.
Vehicle shown left is HSE Luxury in Yulong White.

9 WAYS TO GET YOUR LIFE CONNECTED

Find a parking space, stream your favourite music and even track a stolen vehicle. Find out how InControl will make your life easier.

PLANNING ROUTES

Before setting off, use the **Route Planner App** or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen*.

STAYING CONNECTED

Before you get into your vehicle, set your ideal cabin temperature with the **Remote** app on smartphones and now the Apple Watch. On the road, the in-car **Wi-Fi Hotspot** provides a stable Internet connection and lets you connect up to eight devices**.

STAYING FOCUSED

Our all-new InControl Touch Pro **Voice Recognition** system understands normal spoken instructions. So you can concentrate on the road ahead without any distractions*.

FINDING PARKING

When you near your destination, **InControl Touch Pro Navigation** will suggest nearby parking from a database including space availability. With just one click, the car park is added and your route is updated. **Arrival Mode** shows a 360° street level image to help you identify your destination.

MOVING FASTER

InControl Touch Pro brings you more processing power, thanks to a quad core processor plus an integrated Ethernet network*.

Customizable homescreens let you arrange the screen, as you like, with up to four personalized homescreens and over 60 shortcuts.

INTELLIGENT ROUTING

Commute Mode allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest.

SHARING PROGRESS

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, **Share ETA** can then send automatic updates via text or email, without any further action from you*.

DOOR-TO-DOOR

Once you've parked, the **Route Planner App** will guide you to your destination – a true door-to-door experience which includes public transportation options. The **Remote** app also lets you check your vehicle to make sure you've locked and secured all doors and windows.

HELP IS ALWAYS AT HAND

With **InControl Protect** the emergency services will be automatically notified if the airbags are deployed in an accident or you can call them manually via an in-car button. You can also call a Land Rover Optimized Assistance operator should you need technical assistance.

MERIDIAN™ SOUND SYSTEMS

Land Rover has partnered with Meridian, a world leader in high-performance audio technologies and digital sound processing, to develop advanced audio systems for Discovery Sport.

Dynamic Volume Control technology has been integrated on both systems, to ensure that any unwanted noise detected in the cabin will be smoothly and automatically balanced out.

The 380W Meridian Sound System is optional on SE and HSE and standard on HSE Luxury as part of the InControl Touch suite of features. This sound system includes 10 speakers and a dual channel subwoofer, delivering exceptional definition, crystal clear highs and full, deep bass through the careful arrangement of speakers.

Discovery Sport also offers an optional upgrade from the 380W system to the InControl Touch Pro Meridian Digital Surround Sound System, which produces 825W through 16 speakers and a dual channel subwoofer.

This system also includes Meridian Trifield technology. This technology delivers the very best in world-class audio reproduction, bringing you closer to the original performance regardless of your position in the vehicle; everyone will feel and hear pure musical enjoyment.

Meridian is a trademark of Meridian Audio Limited.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.
Interior shown left is HSE Luxury in Glacier/Lunar.
Vehicle shown right is HSE Luxury in Kaikoura Stone.

MERIDIAN DIGITAL SURROUND SOUND SYSTEM

 825 WATTS

 16 SPEAKERS

 SUBWOOFER

COMFORT FOR ALL

SEATING

As a part of the Cold Climate Package, heated front and rear seats are available on SE.

For the ultimate comfort whatever the temperature, heated and cooled front seats with heated rear seats are available on HSE and HSE Luxury as part of the Cold Climate Package. This option provides ventilation through perforations in the grained leather and Windsor leather seats, dependent on model specification. The driver and passenger preferences can be independently controlled via the Touchscreen*.

CONFIGURABLE AMBIENT INTERIOR LIGHTING

New levels of ambient refinement and personalization have been reached with the option of Configurable Ambient Interior Lighting on SE and HSE, featuring as standard on HSE Luxury.

This feature allows you to vary the color and shade, changing the ambience of the cabin to suit your mood. There are five colors in total, ranging from Ice White through to Moon Light and Racing Red.

PANORAMIC ROOF**

The full glass fixed panoramic roof enhances the sense of space in the vehicle's interior and floods it with natural light as well as providing uninterrupted views of the surrounding environment.

Importantly, the toughened glass has a dark tint to maintain a comfortable temperature inside the cabin and protect occupants and the interior from the sun's rays. A full-sized, powered interior blind is also provided for those who may prefer a more private experience.

POWERED GESTURE TAILGATE

Powered gesture tailgate allows you to operate the tailgate (both to open and close) from outside the vehicle without needing to physically touch the vehicle or the smart key.

Provided that the smart key is detected, the tailgate may be operated by a kicking gesture underneath the rear of the vehicle.

Two sensors mounted on either side of the tailgate allow curbside operation, rather than needing to be immediately behind the vehicle. And as the system is compatible with towing solutions, you can still open and close the tailgate with the least amount of fuss. Powered gesture tailgate is available as standard on HSE and HSE Luxury and as an option on SE.

Additionally, a button located inside the tailgate or on the smart key allows the tailgate to be closed automatically with powered tailgate.

USB CHARGING POINTS

Want to charge a games console, tablet or smartphone while you're on the move? Discovery Sport has the option of five charging USB ports throughout all rows, to make charging your devices effortlessly simple.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so **Not available on the SE model.

Vehicle shown right is HSE Luxury in Kaikoura Stone.
Interior shown right is HSE Luxury in Glacier/Lunar.

ENGINES

9-SPEED AUTOMATIC TRANSMISSION

The lightweight, compact 9-speed Automatic Transmission provides optimum fuel economy and CO₂ emissions, as well as greater control in low-grip conditions or when towing through the specially designed, ultra-low first gear.

The transmission is specifically designed for transverse applications, and is one of the most efficient and technically advanced ever used in a production vehicle. Two patented dog clutches replace the bulkier conventional set-up, allowing small ratio steps to give better response during acceleration, plus improved shift quality, drive and refinement.

The higher top gear not only reduces fuel consumption but the lower engine revs improve comfort and reduce noise when cruising at a sustained speed. The 9-speed Automatic Transmission is extremely robust and perfectly complements Land Rover's rugged all-terrain ability while delivering exceptionally high levels of refinement and efficiency.

Vehicle shown left is HSE Luxury in Scotia Grey.

2.0 LITER TURBOCHARGED I-4

The 2.0 Liter Turbocharged I-4 engine is a lightweight all-aluminum 2.0 liter engine with the latest direct-injection technology. Advanced turbocharging and independent variable valve timing helps lower fuel consumption and CO₂ emissions compared with traditional larger capacity engines delivering equivalent performances.

The engine delivers a rich, powerful engine sound during strong acceleration and features a unique exhaust manifold for quicker warm-up and lower emissions, a low friction design and a state-of-the-art electronic management system.

This includes smart regenerative charging, which prioritises the charging of the battery when the vehicle is decelerating to capture wasted kinetic energy and reduce fuel consumption. This is further enhanced by advanced Stop/Start technology and a cutting-edge electronic management system which provides precision control over the combustion process.

	ACCELERATION 0-60MPH (SECONDS)*	TOP SPEED (MPH)*	COMBINED** (MPG)
2.0 Liter Turbocharged I-4 (Automatic)	7.8	124	22

BODY AND CHASSIS

STRENGTH AND STABILITY

BODY

Discovery Sport features an extremely strong, lightweight body structure which has been developed using advanced, weight-saving materials to deliver outstanding stiffness and refinement.

The structure is based on a steel monocoque foundation which is derived from Land Rover's compact SUV platform.

Lightweight technologies are used extensively in the body design including:

- Optimized steel body construction
- Aluminum hood, roof and tailgate panels
- Lightweight aluminum suspension components
- Magnesium cross car beam and front end carrier.

CHASSIS AND VEHICLE DYNAMICS

Discovery Sport has a chassis which has been specially developed by Land Rover engineers to deliver agile and refined on-road dynamics along with the brand's legendary all-terrain capability. Lightweight aluminum chassis components are used extensively to improve suspension performance by increasing stiffness and reducing unsprung weight, while also reducing total vehicle weight.

The chassis features a number of innovations, such as Electric Power Assisted Steering (EPAS), which help the vehicle achieve its unique dynamic character and improved efficiency*.

FRONT SUSPENSION

Aluminum components are used within the front suspension. The front suspension struts have advanced hydraulic rebound stops which help to manage the noise and loads caused by severe impacts such as speed humps, to maintain composure in urban and off-road environments.

COMPACT REAR SUSPENSION DESIGN

Discovery Sport has a fully independent suspension system with an advanced new multi-link rear suspension design. This delivers enhanced dynamics and refinement together with a compact layout to provide increased interior space.

The system has been specifically developed to enhance the unrivalled breadth of capability, offering responsive and agile handling together with supreme ride quality and refinement. Excellent wheel travel and articulation helps the vehicle achieve class-leading off-road performance.

The compact aluminum multi-link layout also creates a much more spacious rear compartment, with enhanced shoulder and elbow room, the option of 5 + 2 seating and increased luggage space.

Mounted on an optimized steel subframe, the system is light and stiff for optimum steering response, chassis performance and refinement.

ENVIRONMENTAL

SUSTAINABILITY

Sustainability is at the heart of everything we do and consequently all powertrains on Discovery Sport have been optimized to enhance sustainability by minimizing fuel consumption and CO₂ emissions.

Gas engines feature the latest high-pressure direct injection technology and state-of-the-art low-friction designs which have been carefully developed to minimize frictional losses. While the 9-speed Automatic Transmission is specified with the latest low viscosity transmission fluid to maximize efficiency.

An advanced intelligent Stop/Start system is standard on all models which automatically shuts down the engine in just 300 milliseconds when the vehicle comes to rest. This improves fuel economy and CO₂ emissions by between five and seven percent.

A smart regenerative charging electrical system has also been introduced which has an intelligent power management system to prioritize charging when the vehicle is decelerating, capturing the wasted kinetic energy and reducing the fuel demand of the electrical system.

With up to 35 lbs of recycled plastic on the Discovery Sport Turbocharged I-4 engine, as well as up to 49 lbs of renewable and natural materials in each vehicle, we are taking big steps in reducing our environmental footprint.

ECO MODE

This standard feature when activated prioritizes the most efficient vehicle settings including automatic transmission, **Active Driveline*** and comfort features like heating and air conditioning in order to minimize fuel consumption and CO₂ emissions.

The ECO Data feature provides drivers with information and feedback via the Touchscreen to help them adopt more economical driving habits.

OPTIMIZED AERODYNAMICS

With its more streamlined profile, Discovery Sport is one of the most aerodynamic Land Rover vehicles. A unique 18" alloy wheel is available for optimized aerodynamics.

LIGHTWEIGHT MATERIALS

To optimize vehicle performance and efficiency, Discovery Sport has been developed using lightweight materials and technologies. The vehicle has been designed with key weight-saving technologies including an optimized steel body construction, aluminum hood, roof and tailgate panels, lightweight aluminum suspension components and a magnesium cross car beam and front end carrier.

The 4 Wheel Drive (4WD) components have also been optimized for weight. The interior has also been designed with efficiency in mind, with optimized seat structures which use laser-welded high tensile steel.

LIFE CYCLE ASSESSMENT

In order to minimize the vehicle's overall ecological impact, Discovery Sport is designed with a life cycle approach, aiming to minimize the environmental impact by considering the entire life cycle of the vehicle: from development and manufacturing, through customer use, to end-of-life recycling and re-use. Each element of the life cycle was analyzed with a view to consuming fewer natural resources, using more sustainable materials and minimizing the generation of waste.

- 18" 5 split-spoke 'Style 511' alloy wheels
- Grained leather seats
- 10-way electric front seats with memory
- Power fold, heated door mirrors with memory and approach lights.

DISCOVERY SPORT HSE LUXURY

Contents of HSE, plus:

- Configurable Ambient Interior Lighting
- Illuminated aluminum front treadplates with Discovery script
- Meridian™ Sound System 380W with 10 speakers plus subwoofer.

Replaces HSE content:

- Noble Plated upper and lower door handles
- Atlas Discovery script (hood and tailgate)
- Atlas tailgate finisher
- Atlas fog light surrounds
- 19" 9 spoke 'Style 902' with Diamond Turned finish alloy wheels
- Windsor leather seats.

PERSONALIZING THE EXTERIOR

COMPLETE DYNAMIC DESIGN PACKAGE

Bold. Arresting. The Discovery Sport has been designed without compromise. Exterior enhancements include a new front and rear design with new contoured side mouldings which form a dramatic presence. This has been augmented with a new Black Mesh design for the front grille and side vent. Distinctive Chrome exhaust finishers together with a Red SPORT badge further enhance the appearance.

Carefully selected interior touches add to the impact of your chosen colorway; so too does the use of such materials as Windsor leather on HSE and HSE Luxury Dynamic.

Premium details include contrast micropiping on the seats and headrests, a perforated leather sport steering wheel and unique textured finish to the door inserts and fascia mid-section. Depending on your chosen colorway, Dark Grey or Carmine Red Brushed Aluminum center stack side rails complete the look. The interior is further enhanced on HSE and HSE Luxury Dynamic with aluminum sport pedals.

Narvik Black fog light surround

20" 5 split-spoke 'Style 511' with Gloss Black finish

Chrome exhaust finishers

Carmine Red Brushed Aluminum
center stack side rails

*Center stack side rails in Carmine Red Brushed Aluminum are standard when Ebony/Ebony with Pimento stitching is selected.
Vehicle shown left and above is HSE Luxury Complete Dynamic Design Package in Firenze Red. Please contact your nearest Land Rover Retailer for availability.

PERSONALIZING THE EXTERIOR

BLACK DESIGN PACKAGE

In addition to the standard finishes on Discovery Sport, you can tailor the exterior suit your personal taste.

The Black Design Package gives the overall design of the vehicle a more assertive appearance, with exterior elements changed to Narvik Black and a choice of distinctive 18, 19 or 20 inch Gloss Black alloy wheels.

Narvik Black grille and surround.

Narvik Black mirror caps.

Narvik Black fender vents.

Auto-locking and Collision Unlocking System	■	■	■

■ Standard.

(1) Headlining dependent upon colorway selected (2) Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

Now you have chosen your Discovery Sport model, you can select your exterior paint color. From rich, deep lustres to incandescent metallic patinas, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat color. Our metallics deliver a sparkle finish that is sure to catch the eye. And our premium metallic paints enhance both the color and the intensity of the sparkle or sleek metallic finish to give your vehicle even more presence.

CHOOSE YOUR SEAT CONFIGURATION

60:40 Second Row Seats with Slide and Recline

These seats have forwards/backwards movement of 6.3 inches allowing truly flexible use of space for luggage or to maximize passenger legroom. The seats can also recline to provide even greater comfort.

5 + 2 Seating

A neatly integrated optional third row of seats can be specified to give you even more versatility. These seats are ideal for children and teenagers, or adults on short journeys.

They are easily accessed by tipping and sliding forward the second row seats. When folded, the third row seats leave a flat floor in the luggage compartment as if it were a five-seat model.

LAND ROVER APPROVED ACCESSORIES

Discovery Sport is so capable and adaptable it can get straight to work across a huge variety of vastly differing conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery Sport to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalization.

Importantly, these accessories can be added at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

DESIGN

Bright Side Tubes*
VPLCP0209

Highly Polished Stainless Steel side tubes provide an off-road inspired appearance, designed to complement the vehicle's exterior design.

Stainless Steel Undershield – Front
VPLCP0212

The off-road designed undershield, manufactured from stainless steel, features a premium Bright Polished finish for the front of the vehicle.

Stainless Steel Undershield – Rear**
VPLCP0213

The off-road designed undershield, manufactured from stainless steel, features a premium Bright Polished finish for the rear of the vehicle.

Loadspace Organizer
VPLCS0340

Convenient loadspace organizer provides segregated compartments to stow delicate items or separate shopping/luggage. Featuring lockable lids, it is secured via loadspace 'D' loops.

Sill Treadplates – Illuminated
VPLCS0286LAA – Lunar
VPLCS0286PVJ – Ebony (not shown)

Sill treadplates featuring illuminated Discovery script. Supplied as a pair for driver and front passenger sides of the vehicle.

Sill Treadplates – Personalized
VPLCS0343PVJ – Ebony
VPLCS0343LAA – Lunar (not shown)

Personalized illuminated treadplates allow you to choose a personalized message using an approved set of fonts/typefaces which will be highlighted in White illumination when the front doors are open.

TOURING

Sunshades
VPLCS0298 – Second row
VPLCS0297 – Third row
VPLCS0296 – Tailgate (not shown)

Easy to install or remove, these sun blinds provide increased comfort helping to protect passengers from heat and glare of the sun. Three versions available for the second row, third row passenger side windows and the rear tailgate.

Roof Rails*
VPLCR0137 – Silver finish (panoramic roof)
VPLCR0133 – Silver finish (fixed roof)**
VPLCR0136 – Black finish (panoramic roof)
VPLCR0132 – Black finish (fixed roof)**

Roof rails facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for mass distribution and dynamics. Maximum payload is 165 lb.†

Cross Bars*
VPLCR0131

Elegant, durable Bright finish aluminum cross bars, with T-track design which utilizes the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimizes drag and wind noise.

Roof Box*
VPLWR0100 – Large Sports Roof Box*
VPLVR0061 – Sports Roof Box* (not shown)
VPLVR0062 – Luggage Roof Box* (not shown)

Available in a range of sizes, all versions can be mounted either side for curbside opening in any country and include integral locks for security and peace of mind. Carrying capacity ranges from 11.3 cu.ft. for the sports box to the 14.5 cu.ft. luggage box or the capacious 15.2 cu.ft. large sports box. Maximum payload 165 lb.†

Loadspace Rails
VPLCS0303

Loadspace mounted rails to help increase the flexibility of loadspace stowage, also allowing the fitment of the luggage retention kit stowage system. The loadspace retention kit consists of a package of attachments that fix into the loadspace rails via a quick lock/quick release system to help provide a comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment package includes a retractable strap with inertia reel and telescopic rod.

Luggage Retention Kit
VPLCS0324

Seat Back Stowage
VPLVS0182 – Premium leather
VPLVS0181 – Standard (not shown)

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

iPad® Holder
VPLVS0165 – iPad®
VPLVS0164 – iPad® 1

iPad® holder with Land Rover branding, mounts securely to the rear of the front seat head restraint posts to face rear seat. Features quick release design allowing iPad® to be fitted/removed quickly and easily.

SPORTING

Loadspace Liner Tray
VPLCS0274
VPLCS0268 – With luggage divider (not shown)
Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

Aperture Retention Net
VPLCS0267
The aperture retention net prevents small items from falling out of the loadspace when the tailgate is opened and maximizes packing space. Manufactured from premium lightweight materials including high grade machined aluminum to ensure robust quality.

Rear Loadspace Treadplate Finisher
VPLCS0287LAA – Lunar
VPLCS0287PVJ – Ebony (not shown)
Manufactured from stainless steel with a Bright finish, the rear loadspace treadplate finisher provides protection for the loadspace trim when loading or unloading.

Fixed Tow Receiver^Δ
VPLCT0143
For 5 + 2 seat models with a reduced sized spare tire.
Tow Hitch Drawbar^Δ
VPLCT0161
For 5 + 2 seat models with a reduced sized spare tire.

Towing Electrics – 13 Pin^Δ
VPLCT0157
For 5 + 2 seat models with a reduced sized spare tire.

Fixed Tow Receiver^Δ
VPLCT0141
For 5 seat models.
Tow Hitch Drawbar^Δ
VPLCT0160
For 5 seat models.

Towing Electrics^Δ
VPLCT0134
For 5 seat models.

Waterproof Seat Covers
VPLCS0291SVA – Front (Almond)
VPLCS0292SVA / VPLCS0293SVA – Second row / third row (Almond – not shown)
Helps protect seats from mud, dirt, wear and tear. Easily fitted and machine washable.

VPLCS0291PVJ – Front (Ebony)
VPLCS0292PVJ / VPLCS0293PVJ – Second row / third row (Ebony – not shown)

OUTDOOR

Luggage Partition* – Full Height
VPLCS0299

Designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimized to second row seating featuring tilt functionality. The luggage partition divider can be fitted to the luggage partition to separate the loadspace into two sections.

Luggage Partition Divider
VPLCS0301

Luggage Partition – Half Height*
VPLCS0300

Designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimized to second row seating featuring tilt functionality.

Loadspace Mat – Rubber
VPLCS0279

Waterproof rubber mat helps to protect the rear loadspace carpet from general dirt. Rubber mat extension for protection of the back of the rear seats when folded down also available – Part No: VPLCS0273.

Fixed Side Steps**
VPLCP0210

The side step aids entry and exit to the vehicle and improves access to the roof. Design features include Bright stainless steel edge trim and a rubber tread mat.

Mudflaps
VPLCP0203 – Front
VPLCP0204 – Rear
VPLCP0205 – Rear with 5 + 2 seating

Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement vehicle exterior design.

Rubber Floor Mats
VPLCS0281
VPLCS0280 – Third row (not shown)

Rubber footwell mats help provide protection from general dirt.

OTHER

Mirror Covers – Noble
VPLCB0251

Noble Plated mirror covers designed to enhance the exterior design cues. This neat design upgrade complements various Bright finish exterior trims.

Pedestrian Airbag Cover
LR070422 – Gloss Black

A Gloss Black finish to the pedestrian airbag cover is designed to enhance the exterior design cues. This striking design upgrade complements various exterior trims and paint colors.

Luxury Carpet Mat Set
VPLCS0282LAA – Lunar
VPLCS0282PVJ – Ebony (not shown)

Luxurious, tailored, deep pile 2.05g/m² carpet mat set, with waterproof backing, provide a well appointed finishing touch to the interior.

Gearshift Paddles
VPLVS0187MMU – Aluminum
VPLVS0187CAY – Aluminum Red

Complete the look and feel of your steering wheel with premium aluminum paddles. Gearshift paddles are machine polished, anodised and hand brushed to provide exceptional wear resistance with a premium finish.

Sports Pedal Covers
VPLHS0044 – Automatic Transmission vehicles

Stainless steel Bright finish sports pedal covers are easy to fit and feature hidden fixings for a clean finish.

A WORLD OF LAND ROVER

LAND ROVER EXPERIENCE

Ever since its inception, Land Rover has been ready for anything. Its legendary capability has seen it tackle the most demanding of terrains, in the most difficult conditions. Its versatile interior has become synonymous with comfort and greater loadspace. And its 'can do' attitude has made it the most welcome of vehicles across the globe.

You can be part of the Land Rover story at one of our Land Rover Experience Centers. You can see how each and every one of these iconic vehicles is built. You can take one out onto off-road tracks where your driving skills will be put to the test. Or you can go even further on one of our Adventure Travel holidays to such countries as Tanzania, Iceland or Morocco.

Adventure awaits.

For more information, visit landroverusa.com

LAND ROVER ONELIFE

Onelife, the award-winning Land Rover magazine, is published twice a year and reaches customers in 40 countries. Each issue is filled with the latest Land Rover news and vehicles, insights into the technology and design that shape each vehicle, inspirational journeys and opinions from international experts.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control. Please speak to your nearest Land Rover Retailer to find out more.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service.

Distinctive, capable and versatile, all Land Rover vehicles deliver low total cost of ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

For more information, visit landroverusa.com

LAND ROVER COLLECTION

The vehicle is just the beginning. The latest Land Rover Collection is now available for you to discover.

A meticulous attention to detail doesn't stop with our vehicles. You'll find the same level of craftsmanship in all of our clothing, travel items and premium gift ideas. So whether you're shopping for yourself or a loved one, you know the quality is assured.

The Land Rover Collection includes ladies and mens clothing, an extensive range of small leather goods such as wallets, portfolios, iPad and iPhone cases along with briefcases and weekender bags. A range of cufflinks and ladies silk scarves add a luxury feel to the collection. There's a kids collection too, with colorful fun clothing, caps and replica model vehicles for them to enjoy.

Please contact your nearest Land Rover Retailer for more information.

ROADSIDE ASSISTANCE

Land Rover Roadside Assistance provides assistance in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle warranty period.

For further details please contact your nearest Land Rover Retailer or visit landroverusa.com

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailer within one month or 1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. Some of the accessories featured are not available on all models. Please consult your nearest Land Rover Retailer for more information.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colors reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any color finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Land Rover Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.
