ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomize the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

DISCOVERY SPORT COMBINES
DESIGN EXCELLENCE, ENGINEERING
INTEGRITY AND EXCEPTIONAL
VERSATILITY TO CREATE A PREMIUM
COMPACT SUV.

DESIGN

EXTERIOR

This is a modern, relevant and compelling vehicle, with its well-proportioned compact body and purposeful stance. Its distinctive silhouette and beautifully sculpted surfaces all combine to create a vehicle that truly connects on an emotional level.

Discovery Sport is ready for anything. Characteristic design cues complement perfectly balanced proportions. Strong dynamic lines and robust detailing signal incredible breadth of capability.

Signature features include a clamshell hood and distinctive two-bar grille with hexagonal mesh.

The fast hood line with a pronounced step into the rising beltline conveys a dramatic stance, while the roof tapers subtly downwards, adding extra dynamism.

INTERIOR

The desirability of the exterior design continues into the cabin with bold horizontal and vertical lines, complemented by clean surfaces, superb finishes and optional premium leathers that give a luxury feel to the highly versatile interior. The inside and outside seamlessly blend into a vehicle that clearly communicates its Discovery DNA, while firmly looking forward. This spirit of adventure is reflected in the vehicle's interior, which has been designed with you at its core. It features high-quality materials and a strong vertical center console design to reflect the premium exterior.

The cabin is equipped with up to three 12V electrical outlets and five USB charging sockets. These can be specified for all three rows of seating*, allowing multiple electronic devices to be charged simultaneously.

COMMAND DRIVING POSITION

The Command Driving Position in Discovery Sport provides a greater view of the road ahead so various terrains can be tackled with confidence.

*Not available on Si4 286HP engine.

Interior shown left and above is Discovery Sport HSE Luxury in Glacier/Lunar.

Vehicle shown above right is Discovery Sport HSE Luxury in Scotia Grey with Black Design Package.

5+2 SEATING

Discovery Sport offers exemplary levels of comfort and outstanding versatility. The second row is extremely spacious and flexible with the seats able to slide back and forth by 6.3 inches for greater cargo space or comfort¹.

The optional third row², with its simple, single-handed 50:50 deployment, has been cleverly incorporated to avoid any compromises to the vehicle's exterior design, while maintaining passenger comfort.

By folding down the third row, a flat cargo space is available whenever you need it. So wherever you're seated, or whatever you want to carry, you can relax.

LEGROOM

32.6 inches

6.8 CU.FT.

5 SEATS
34.6 CU.FT.

CARGO SPACE CAPACITY

Deceptively roomy. Cleverly configured. Discovery Sport has been designed and engineered to meet any challenge.

The vehicle has the option of flexible seating which, when stored flat, gives a cargo floor that is as long as the Range Rover and a maximum cargo space of 62.8 cu.ft.

Even while carrying five passengers, the cargo space is still an impressive 34.6 cu.ft. Discovery Sport can handle bulkier loads with consummate ease when the second and third rows are folded flat. Such flexibility helps make carrying family, friends and all their gear that much easier.

4 SEATS
39.7 CU.FT.

3 SEATS
49.8 CU.FT.

2 SEATS
60 CU.FT.

COMPLETE DYNAMIC DESIGN PACKAGE

EXTERIOR

The Discovery Sport Complete Dynamic Design Package* delivers a more assertive stance while retaining the instantly recognizable design cues of the Discovery Sport. Yet, when it comes to capability and versatility, nothing has been lost.

However, in terms of dynamism and appeal, much has been gained. The vehicle's bold front and rear design with contoured side moldings form a dramatic presence. This has been augmented with a Black mesh design for the front grille and side vent. Distinctive Silver painted Chrome-look exhaust finishers, together with a Red SPORT badge, further enhance the appearance.

*Standard on 286HP engine models.

Vehicle shown right is Discovery Sport HSE Luxury with Dynamic Design Package in Firenze Red.

INTERIOR

Carefully selected sporting touches enhance the interior of the Complete Dynamic Design Package*. A choice of three color combinations helps to create a vehicle with exemplary levels of finish, available in perforated Windsor leather on HSE and HSE Luxury. The interior is further enhanced with a perforated leather sport steering wheel, contrast micropiping on the seats and headrests, and a unique textured finish to the door inserts and fascia mid-section.

The mood is augmented with either Dark Grey or Carmine Red Brushed Aluminum center stack side rails, depending on the color combinations selected. The HSE and HSE Luxury interiors are also complemented with aluminum sport pedals.

*Standard on 286HP engine models.

Interior shown left and above is Discovery Sport HSE Luxury with Dynamic Design Package in Ebony/Ebony with Pimento stitching and piping. Interior shown with Carmine Red Brushed Aluminum center stack side rails and accessory gearshift paddles.

DRIVING TECHNOLOGY

TESTING

Before any vehicle can carry the Land Rover badge, it must complete a series of rigorous tests to establish the very highest levels of luxury, performance and capability.

SUSPENSION

You're unlikely to push any Land Rover vehicle harder than we have. For an unrivaled breadth of dynamic capability, both on and off-road, the vehicles have been exposed to extreme driving pressures in a fraction of the time using our state-of-the-art test rig.

WIND SPEED

Discovery Sport was developed in state-of-the-art wind tunnels and a suite of climatic chambers to recreate some of the most challenging aerodynamic conditions it will face. Only by pushing all systems to their limits do we develop true reliability.

HOT AND COLD CLIMATE

In real-world environments and our climate chambers, we freeze vehicles to -40°F and bake them to 120°F. Key functions and systems are then scrutinized to our exacting standards. So even in remote locations, comfort and peace of mind are never far away.

OFF-ROAD

From the icy proving grounds of Arjeplog, Sweden, to Dubai's unforgiving desert sands, we ensure our legendary all-terrain performance is innate in every vehicle. Prototypes are developed across approximately 5,282 miles of the most demanding off-road routes.

SEMI-ANECHOIC CHAMBER

In the 'neutral sound' of our semi-anechoic chamber we precisely expose the cabin to a range of frequencies and vibrations, to help ensure that Discovery Sport sounds refined at every speed and across every surface.

MONSOON

Our water testing facilities ensure our vehicles can enter and exit a body of water, up to the permitted depth, without water entering the cabin. In the monsoon simulator each one is drenched with some 18,697 gallons of specially dyed water, while tilting it by as much as 45°, checking for even the slightest leak with UV lights.

TERRAIN RESPONSE®

Land Rover has always been synonymous with capability and the Discovery Sport lives up to some of the most demanding expectations. Confident and responsive, the drive is further enhanced by a generous wheel articulation and innovative off-road technologies such as Terrain Response®*.

This feature is standard on all vehicles and adapts to the responses of the vehicle's engine, transmission, differentials and chassis systems to optimize driveability, comfort and traction.

There are four standard Terrain Response® settings: General Driving, Grass/Gravel/Snow, Mud & Ruts and Sand. So, the vehicle feels sure-footed in various terrains or weather conditions*.

An optional fifth setting, **Adaptive Dynamics**¹, is also available. This mode tunes the suspension to deliver even tighter body control with flatter handling and sharper responses*.

Adaptive Dynamics

General Driving

Grass, Gravel, Snow

Mud & Ruts

Sand

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

¹Not available on SE.

Vehicle shown right is Discovery Sport HSE Luxury in Scotia Grey with Black Design Package.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art system designed to assist the driver to set and maintain a steady speed in challenging conditions. The system is fitted as standard on all Si4 engines*.

Operating like a cruise control system, it functions at very low speeds between 1.1 mph and 18.6 mph, helping the driver to maintain full concentration on steering and finding a path through obstacles.

In addition, the system helps the vehicle to pull away smoothly and easily, even on tricky low-friction surfaces like snow or wet grass*.

Developed by Land Rover's industry-leading all-terrain specialists, it works seamlessly alongside the standard **Terrain Response** and All Wheel Drive (AWD) traction and braking systems.

Once ATPC is activated, the standard steering wheel +/- cruise control buttons are used to set the speed. Brake and accelerator pedals can still override the chosen settings.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. Vehicle shown left is Discovery Sport HSE Luxury in Scotia Grey with Black Design Package.

HILL DESCENT CONTROL (HDC®)

Land Rover's patented Hill Descent Control (HDC®) is a standard feature on all All Wheel Drive (AWD) vehicles. It assists the driver with controlled descents of difficult slopes by maintaining a constant speed and applying braking separately to each wheel*.

Hill Start Assist is designed to help prevent the vehicle from rolling backwards as it pulls away on an incline*.

The vehicle also utilizes **Gradient Release Control (GRC)** which is designed to help prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake*.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. Vehicle shown left is Discovery Sport HSE Luxury in Scotia Grey with Black Design Package.

ADAPTIVE DYNAMICS

Optional¹ Adaptive Dynamics with advanced MagneRide™ monitors vehicle movements at least 1,000 times per second, reacting to driver or road inputs instantaneously to give greater control and minimize body lean, providing a balanced, flat ride. The system will even sense off-road conditions and optimize the advanced MagneRide™ damper settings accordingly, delivering an impressive balance of agile handling and a supple, controlled ride*.

- 1 UNADJUSTED LATERAL BODY LEAN
- 2 CORRECTED LATERAL BODY LEAN

TORQUE VECTORING

When cornering, the vehicle's agility and stability are enhanced by the Torque Vectoring by Braking system. This feature comes as standard on all All Wheel Drive (AWD) vehicles. Monitoring the vehicle, the system is designed to constantly balance the distribution of torque between all the wheels to improve grip and steering, whether on or off-road*.

- A UNDERSTEER DETECTED
- B FULL TORQUE TO OUTER WHEELS
- C BRAKING FORCE TO INNER WHEELS
- D LINE CORRECTED

ACTIVE DRIVELINE

Optional¹ Active Driveline delivers benefits in both on and off-road situations. In many on-road driving conditions, the system is able to disconnect drive to the rear of the vehicle. A sophisticated control strategy continuously monitors key vehicle and environmental parameters.

If the requirements for AWD are met, the system seamlessly and imperceptibly reconnects drive to the rear of the vehicle within 300 milliseconds. When off-road driving, torque to each rear wheel can be varied according to the available grip. A dedicated display on the Touchscreen relays detailed information, so you feel in control.

- 3 FRONT WHEEL DRIVE (FWD)
- 4 ALL WHEEL DRIVE (AWD)

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

¹Not available on SE.

MagneRide™ is a registered trademark of BWI Company Limited S.A.

Vehicle shown left and above is Discovery Sport HSE Luxury with Dynamic Design Package in Firenze Red.

Vehicle shown above right is Discovery Sport HSE Luxury in Scotia Grey.

TOWING AIDS

With a towing capacity of up to 4,400 lbs, and by incorporating tailored technologies, Discovery Sport can handle the most demanding of tasks.

REAR CAMERA*

Providing improved visibility when reversing, the Rear Camera is a valuable parking aid and offers help when hitching a trailer. Fitted as standard on SE, HSE, Landmark Edition and HSE Luxury.

Tow Hitch Assist makes coupling a trailer to the vehicle much easier by helping you visualize the hitching process*; it displays the predicted path of the vehicle towards the tow bar on the Touchscreen. Standard with Rear Camera.

TRAILER STABILITY ASSIST

Trailer Stability Assist monitors the vehicle to detect movements in the trailer and then uses selective braking to help correct potentially hazardous situations*.

360° SURROUND CAMERA

As part of the 360° Surround Camera¹, the Tow Assist feature helps with reversing by predicting the trailer's direction*. You can even input your trailer's width for precise guidelines displayed on the Touchscreen.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Towing regulations vary. Please ensure you comply with relevant legislation in the US.

¹Not available on SE.

Touchscreen shown is 10" Touch Pro.

Vehicle shown left and above is Discovery Sport HSE Luxury in Scotia Grey.

TECHNOLOGY

INFOTAINMENT

Land Rover InControl® is our suite of advanced technologies that links both you and your Discovery Sport to the wider world. Choose from two InControl infotainment systems: Touch or Touch Pro, which can be further enhanced by adding the Driver Assist Plus Package¹*

HEAD-UP DISPLAY

Head-up Display is a technology option that presents key vehicle data such as vehicle speed, gear position and navigation directions² on the windshield, without the need for the driver to take their eyes off the road**.

This innovative laser system is more robust against issues such as 'washout' – the effect that the glare from sunlight has on inferior LED-based systems. The feature can be turned on and off dependent upon driver preference. Available as an option¹ on Landmark Edition, HSE and HSE Luxury models as part of the Head-up Display and Park Assist Package.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

¹Not available on SE. ²Requires Navigation or Navigation Pro.

Find out more about Land Rover InControl at landroverusa.com/incontrol

Remote contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability may vary – check with your Land Rover Retailer for availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

TOUCH*

STANDARD ON SE, HSE, LANDMARK EDITION AND HSE LUXURY MODELS

- 8" Touchscreen
- Land Rover Enhanced Sound System (Standard on SE, HSE and Landmark Edition)
- Meridian™ Sound System (Standard on HSE Luxury and optional on SE, HSE and Landmark Edition)
- **Protect** consists of SOS Emergency Call, Land Rover Optimized Assistance and Remote smartphone app
- Remote is a multi-function app that allows you to monitor and interact with your vehicle remotely through your smartphone, making life easier and more connected.

OPTIONAL

- Navigation including Voice Recognition (Standard on Landmark Edition and HSE Luxury and optional on SE and HSE models)
- SiriusXM® satellite radio[†] and HD radio™ (Standard on HSE Luxury and optional on SE, Landmark Edition and HSE models)
- **InControl Apps** features a range of Land Rover approved apps that can be connected to Discovery Sport from your smartphone, to enhance aspects of your in-car experience* (Standard on HSE Luxury and optional on SE, HSE and Landmark Edition, when Navigation is selected)
- **Traffic Sign Recognition**^{†**}
- Wi-Fi Hotspot^{3††}.

TOUCH PRO*

AVAILABLE AS AN OPTION ON HSE, LANDMARK EDITION AND HSE LUXURY MODELS

- 10" Touch Pro
- Meridian™ Surround Sound System
- Navigation Pro including Voice Recognition
- CD/DVD player
- **Pro Services** including Wi-Fi Hotspot^{34††}, Route Planner app, Share ETA, Live Services, Commute Mode, Arrival Mode and Arrival Mode Parking
- **Protect** (Standard on all models)
- Remote (Standard on all models).

OPTIONAL

- SiriusXM® satellite radio[†] and HD radio™ (Standard on HSE Luxury and optional on Landmark Edition and HSE models)
- **InControl Apps*** (Standard on HSE Luxury and optional on HSE and Landmark Edition)
- **Traffic Sign Recognition**^{**}.

[†]A 3-month trial subscription to the Sirius XM All Access Package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream Sirius XM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call Sirius XM at 1-866-635-2349. See the Sirius XM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. Sirius XM satellite radio is not available in Alaska, Hawaii, or Puerto Rico. ^{††}The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

³Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with a suitable data contract. ⁴Only available as part of the Driver Assist Plus Package. Please refer to the standard and optional feature listing on page 66. Vehicle shown left is HSE Luxury in Yulong White.

AUDIO

For the sharpest sound quality, Discovery Sport offers you the choice of three exceptional audio systems. With 10 speakers, the Enhanced Sound System in Discovery Sport SE, HSE and Landmark Edition delivers a crisp, well-balanced sound.

Added to which, Land Rover has partnered with Meridian™, a world leader in high-performance audio technologies and digital sound processing, to develop advanced audio systems for Discovery Sport.

Dynamic Volume Control technology has been integrated on all Meridian sound systems, to ensure that any unwanted noise detected in the cabin will be smoothly and automatically balanced out.

The Meridian™ Sound System 380W is optional on SE, HSE, Landmark Edition and standard on HSE Luxury as part of the Touch suite of features.

This system includes 10 speakers and a subwoofer, delivering exceptional definition, crystal clear highs and full, deep bass through the careful arrangement of speakers.

Discovery Sport also offers an optional upgrade from the 380W system to the Meridian™ Surround Sound System* which produces 825W through 16 speakers and a dual channel subwoofer.

This system also includes Meridian Trifield™ technology. This technology delivers the very best in world-class audio reproduction, bringing you closer to the original performance – regardless of your position in the vehicle, everyone will feel and hear pure musical enjoyment.

*Not available on SE.

Meridian is a trademark of Meridian Audio Ltd.

Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.

Interior shown left is HSE Luxury in Glacier/Lunar.

MERIDIAN™ SURROUND SOUND SYSTEM

 825 WATTS

 16 SPEAKERS

 SUBWOOFER

CONNECTIVITY

Touch and Touch Pro provide a wealth of information and entertainment. This intuitive Land Rover InControl® technology can help you find a parking space and stream your favorite music, making life more rewarding, hassle-free and enjoyable*.

PLANNING ROUTES

Before setting off, use the **Route Planner** app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen*. Only available with the Driver Assist Plus Package.

STAYING CONNECTED

Before you get into your vehicle, set your ideal cabin temperature with the **Remote** app on smartphones and the Apple Watch®. On the road, the optional in-car **Wi-Fi Hotspot**¹ provides a stable Internet connection and lets you connect up to eight devices**. Available with Driver Assist Plus Package.

STAYING FOCUSED

Our Touch and Touch Pro **Voice Recognition** system understands normal spoken instructions, so you can concentrate on the road ahead with fewer distractions*.

FINDING PARKING

When you near your destination, **Navigation Pro** will suggest nearby parking from a database including space availability. With just one click, your parking is added and your route is updated*. **Arrival Mode Parking** shows a 360° street level image to help you identify your destination. Only available with Driver Assist Plus Package.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

¹Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with a suitable data contract.

²For peace of mind, this service is provided for the first ten years from date of registration.

MOVING FASTER

Touch Pro brings you more processing power, thanks to a quad core processor and Solid State Drive based system – this adds to the system “moving faster”*.

Customizable homescreens let you arrange the screen, as you like, with up to four personalized homescreens and over 60 shortcuts.

INTELLIGENT ROUTING

Commute Mode allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements without having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. Only available with Driver Assist Plus Package.

SHARING PROGRESS

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, **Share ETA** can then send automatic updates via text or email, without any further action from you*. Only available with Driver Assist Plus Package.

DOOR-TO-DOOR

Once you've parked, the **Route Planner** app will guide you to your destination – a true door-to-door experience which includes public transportation options. Only available with the Driver Assist Plus Package. The **Remote** app also lets you check your vehicle to make sure you've locked and secured all doors and windows. Standard with Touch or Touch Pro.

HELP IS ALWAYS AT HAND

With **Protect²**, in the event of an incident where the airbags are deployed, SOS Emergency Call will automatically connect you to the emergency response team who will send the emergency services to your location. Otherwise, you can call them manually via an in-car button. You can also summon a Land Rover Optimized Assistance operator should you need technical assistance. Standard with Touch or Touch Pro*.

Remote contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability may vary – check with your Land Rover Retailer for availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

DRIVER ASSISTANCE

DRIVING AIDS

LANE KEEP ASSIST AND DRIVER CONDITION MONITOR^{1*}

Lane Keep Assist is designed to detect when your vehicle is unintentionally drifting out of your lane, and to apply a corrective torque to the steering wheel, encouraging you to guide your vehicle back. Driver Condition Monitor detects if you're starting to feel drowsy and gives you an early warning when you need to take a break.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST^{1*}

When you're cruising on the highway or traveling in slow-moving traffic, this system is designed to keep your vehicle a set distance from the one in front should it slow or stop. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system operates from 10 mph up to highway speeds.

EMERGENCY BRAKING^{1*†}

If a potential frontal collision is detected, this system displays a forward collision warning, to alert you to take action. A camera at the front of the vehicle monitors at speeds from 3 mph to 50 mph for frontal collisions. If a collision is still anticipated and you have taken no action[†], this system is designed to apply the brakes to help reduce the severity of the possible impact.

BLIND SPOT MONITOR AND REVERSE TRAFFIC DETECTION^{*}

Blind Spot Monitor is designed to alert you to vehicles in, or quickly approaching your blind spot through a small warning light in the corresponding door mirror. Reverse Traffic Detection warns you of hazards approaching from either side of your vehicle, through both audible and visual warnings so you know what's behind you even when the view is obstructed.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. [†]Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

[†]Not available on SE.

PARKING AIDS

PARK ASSIST^{1*}

Our Park Assist system makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle's speed with the brake and accelerator pedals. Graphics and notifications guide you through the maneuvers. Park Assist can also steer you out of a parallel parking space, taking the stress out of parking.

REAR CAMERA^{*}

To make parking in tight spots simpler, static lines to represent the vehicle's outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen.

360° SURROUND CAMERA^{1*}

Using four digital cameras discreetly placed around the vehicle, the system provides an almost complete 360° view including a bird's-eye overhead view via the Touchscreen. This helps with various maneuvers from parking by a curb, to getting in and out of tight spaces and intersections.

GARAGE DOOR OPENER (HOMELINK®)

The Garage Door Opener (HomeLink®) system is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the car interior for the correct handset when needed.

HomeLink® is the registered trademark of Gentex Corporation.
Touchscreen shown is 10" Touch Pro. Features and their availability may differ by vehicle specification.
Please see pages 58-69, or contact your nearest Land Rover Retailer for more information.

COMFORT FOR ALL

SEATING

As a part of the Cold Climate Package, heated front and rear seats are available on SE.

For the ultimate comfort whatever the temperature, heated and cooled front seats with heated rear seats are available on HSE, Landmark Edition and HSE Luxury, as part of the Cold Climate Package. This option provides ventilation through small holes in the perforated grained leather and perforated Windsor leather seats, dependent on model specification. The driver and passenger preferences can be independently controlled via the Touchscreen*.

CONFIGURABLE AMBIENT INTERIOR LIGHTING

New levels of ambient refinement and personalization have been reached with Configurable Ambient Interior Lighting on HSE Luxury.

This feature allows you to vary the color and shade, changing the ambience of the cabin to suit your mood. There are five colors in total, ranging from Ice White through to Moonlight and Racing Red.

PANORAMIC ROOF

The standard full glass fixed panoramic roof[†] enhances the sense of space in the vehicle's interior and floods it with natural light, as well as providing uninterrupted views of the surrounding environment.

Importantly, the toughened glass has a dark tint to maintain a comfortable temperature inside the cabin and protect occupants and the interior from the sun's rays. A full-sized, powered interior blind is also provided for those who may prefer a more private experience.

POWERED GESTURE TAILGATE

Powered gesture tailgate allows you to operate the tailgate (both to open and close) from outside the vehicle without needing to physically touch the vehicle or the smart key.

Provided that the smart key is detected, the tailgate may be operated by a kicking gesture underneath the rear of the vehicle.

Two sensors mounted on either side of the tailgate allow curbside operation, rather than needing to be immediately behind the vehicle. And as the system is compatible with towing solutions, you can still open and close the tailgate with the least amount of fuss. Powered gesture tailgate is fitted as standard on HSE, Landmark Edition and HSE Luxury, and is available as an option on SE as part of the Convenience Package.

Additionally, a button located inside the tailgate or on the smart key allows the tailgate to be closed automatically with powered tailgate.

USB CHARGING POINTS

Want to charge a games console, tablet or smartphone while you're on the move? Discovery Sport has the option of five USB charging ports throughout all rows, to make charging your devices effortlessly simple.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

[†]Not available on the SE model.

Touchscreen shown is 10" Touch Pro.

Vehicle shown bottom right is Discovery Sport Landmark Edition in Yulong White. Interior shown is Discovery Sport HSE Luxury in Glacier/Lunar.

ENGINES

9-SPEED AUTOMATIC TRANSMISSION

The lightweight, compact 9-speed Automatic Transmission provides optimum fuel economy and CO₂ emissions, as well as control in low-grip conditions or when towing through the specially designed, ultra-low first gear.

The transmission is specifically designed for transverse applications, and is one of the most efficient and technically advanced ever used in a production Land Rover vehicle. Two patented dog clutches replace the bulkier conventional setup, allowing small ratio steps to give better response during acceleration, plus improved shift quality, drive and refinement.

The higher top gear not only reduces fuel consumption but the lower engine revs improve comfort and reduce noise when cruising at a sustained speed. The 9-speed Automatic Transmission is extremely robust and perfectly complements Land Rover's rugged all-terrain ability while delivering exceptionally high levels of refinement.

Vehicle shown left is Discovery Sport HSE Luxury in Scotia Grey.

INGENIUM GAS ENGINES

Si4 237HP

The Ingenium 2.0 liter 4-cylinder 237HP Turbocharged Gas engine produces 251 lb-ft of torque, which helps to deliver outstanding driveability.

- The intelligent Continuously Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine-pumping losses. This lets the engine 'breathe' with maximum efficiency, optimizing power and torque.
- CVVL works in combination with dual independent variable cam timing for ultimate operating flexibility, resulting in excellent power across the rev range.
- For excellent acceleration and effortless overtaking, maximum torque is available at 1,250 rpm.
- The twin-scroll turbocharger is fed by an integrated exhaust manifold which increases the transfer of energy to the turbine – significantly reducing turbo lag and improving engine response.

Si4 286HP

The high-performance Ingenium 286HP 2.0 liter 4-cylinder Turbocharged Gas engine features upgrades to the boosting system.

- Delivering a peak torque of 295 lb-ft at 1,500 rpm.
- The uprated turbocharger features a high flow compressor wheel delivering 26 percent more air, enabling a peak power output of 286HP.
- The twin-scroll turbocharger features ceramic ball-bearings which reduces friction and improves transient response.

	ACCELERATION 0-60 MPH (SECONDS)* 5 / 5 + 2 SEATS	TOP SPEED (MPH)* 5 / 5 + 2 SEATS
2.0L Si4 Gas 237HP (Automatic)	6.9 / 7.2	124
2.0L Si4 Gas 286HP** (Automatic)	6.4	142

BODY AND CHASSIS

STRENGTH AND STABILITY

BODY

Discovery Sport features a strong, lightweight body structure which has been developed using advanced, weight-saving materials to deliver outstanding stiffness and refinement together with exemplary characteristics.

The structure is based on a steel monocoque foundation which is derived from Land Rover's compact SUV platform.

Lightweight technologies are used extensively in the body design including:

- Optimized steel body construction
- Aluminum hood, roof and tailgate panels
- Lightweight aluminum suspension components
- Magnesium cross car beam and front end carrier.

CHASSIS AND VEHICLE DYNAMICS

Discovery Sport has a chassis which has been specially developed by Land Rover engineers to deliver agile and refined on-road dynamics, along with the brand's legendary all-terrain capability. Lightweight aluminum chassis components are used extensively to improve suspension performance by increasing stiffness and reducing unsprung weight, while also reducing total vehicle weight.

The chassis features a number of innovations, such as Electric Power Assisted Steering (EPAS), which help the vehicle achieve its unique dynamic character.

FRONT SUSPENSION

Aluminum components are used within the front suspension. The front suspension struts have advanced hydraulic rebound stops which help to manage the noise and loads caused by severe impacts such as speed humps, to maintain composure in urban and off-road environments.

COMPACT REAR SUSPENSION DESIGN

Discovery Sport has a fully independent suspension system with an advanced multi-link rear suspension design. This delivers enhanced dynamics and refinement together with a compact layout to provide increased interior space.

The system has been specifically developed to enhance the Discovery Sport's unrivaled breadth of capability, offering responsive and agile handling together with supreme ride quality and refinement. Excellent wheel travel and articulation helps the vehicle achieve legendary Land Rover off-road performance.

The compact aluminum multi-link layout also creates a much more spacious rear compartment, with enhanced shoulder and elbow room, the option of 5 + 2 seating* and increased luggage space.

Mounted on an optimized steel subframe, the system is light and stiff for optimum steering response, chassis performance and refinement.

ENVIRONMENTAL

SUSTAINABILITY

Sustainability is at the heart of everything we do and consequently all powertrains on Discovery Sport have been optimized to enhance sustainability by minimizing fuel consumption and CO₂ emissions.

Gas engines feature the latest high-pressure direct injection technology and state-of-the-art low-friction designs which have been carefully developed to minimize frictional losses, while the 9-speed Automatic Transmission is specified with the latest low viscosity transmission fluid to enhance performance.

An advanced intelligent Stop/Start system is standard on all automatic models, which automatically shuts down the engine in just 300 milliseconds when the vehicle comes to rest.

A smart regenerative charging electrical system has also been introduced which has an intelligent power management system to prioritize charging when the vehicle is decelerating, capturing the wasted kinetic energy and reducing the fuel demand of the electrical system.

With up to 35 lbs of recycled plastic on the Discovery Sport Turbocharged i-4 engine, as well as up to 49 lbs of renewable and natural materials in each vehicle, we are taking big steps in reducing our environmental footprint.

ECO MODE

When activated, this standard feature prioritizes the most efficient vehicle settings including automatic transmission, **Active Driveline*** and comfort features like heating and air conditioning in order to minimize fuel consumption and CO₂ emissions.

The ECO Data feature provides drivers with information and feedback via the Touchscreen to help them adopt more economical driving habits.

OPTIMIZED AERODYNAMICS

With its more streamlined profile, Discovery Sport is one of the most aerodynamic Land Rover vehicles.

LIGHTWEIGHT MATERIALS

To optimize vehicle performance, Discovery Sport has been developed using lightweight materials and technologies. The vehicle has been designed with key weight saving technologies including an optimized steel body construction, aluminum hood, roof and tailgate panels, lightweight aluminum suspension components and a magnesium cross car beam and front end carrier.

The All Wheel Drive (AWD) components have also been optimized for weight, and the interior has been designed with efficiency in mind, with optimized seat structures which use laser-welded high tensile steel.

LIFE CYCLE ASSESSMENT

In order to minimize the vehicle's overall ecological impact, Discovery Sport is designed with a life cycle approach, aiming to minimize the environmental impact by considering the entire life cycle of the vehicle: from development and manufacturing, through customer use, to end-of-life recycling and re-use. Each element of the life cycle was analyzed with a view to consuming fewer natural resources, using more sustainable materials and minimizing the generation of waste.

*Please contact your nearest Land Rover Retailer for feature availability.

DISCOVERY SPORT OFFERS YOU
GREAT OPTIONS AND FLEXIBILITY
TO PERSONALIZE YOUR VEHICLE.

The following pages take you through a logical series of steps to make your vehicle suit your lifestyle. There are several choices: from selecting your engine and model to exterior and interior colors, wheels, finishes and those detailed touches to enable you to personalize your vehicle.

If you'd like to bring your options to life, go to our online configurator at landroverusa.com

50-51

1

**STEP 1
CHOOSE YOUR ENGINE**

You can select from a choice of powerful gas engines.

52-69

2

**STEP 2
CHOOSE YOUR MODEL
AND OPTIONS**

Compare the standard and optional features on each model.

70-71

3

**STEP 3
CHOOSE YOUR COLOR**

There's a wide range on offer to enable you to express yourself.

72-73

4

**STEP 4
CHOOSE YOUR WHEELS**

There's a range of styles, each one designed to complement the bold exterior.

74-81

5

**STEP 5
CHOOSE YOUR INTERIOR**

When you choose your interior, you can personalize it by selecting your optimum seat configuration, the ideal color combination of seats, materials and your preferred finisher. These three considerations help celebrate and enhance a sense of your own style.

82-87

6

**STEP 6
CHOOSE YOUR LAND ROVER
GEAR – ACCESSORIES**

This range of stylish and practical accessories can be tailored to suit any lifestyle.

EACH MODEL HAS A CHOICE OF ENGINES AND UNIQUE FEATURES

This guide will help you to select your ideal Discovery Sport.
On the following pages you'll see the key standard features for each model.

DISCOVERY SPORT SE

- Dark Atlas grille with Narvik Black surround
- Dark Atlas fender vents
- Body-colored mirror caps and door handles
- Dark Techno Silver tow eye covers
- 18" 9 spoke 'Style 109' alloy wheels
- Power fold, heated door mirrors with approach lights
- Automatic headlights with rain sensing wipers
- Land Rover Enhanced Sound System
- Leather steering wheel
- Partial grained leather seats
- 10-way electric front seats
- Two-zone Climate Control with second row vents
- Ambient Interior Lighting
- Remote and Protect
- Rear Parking Aid*
- Rear View Camera*
- Cruise Control and Speed Limiter*
- All Terrain Progress Control*.

DISCOVERY SPORT HSE

Contents of SE, plus:

- Front fog lights²
- Garage Door Opener (HomeLink®)
- Front Parking Aid*
- Keyless Entry.

Replaces SE content:

- Auto-dimming, power fold, heated door mirrors with memory and approach lights
- Atlas fender vents and grille with Narvik Black surround
- White Silver tow eye covers
- Xenon headlights with LED signature
- Fixed panoramic roof
- 18" 5 split-spoke 'Style 511' alloy wheels¹
- Perforated grained leather seats
- 12-way electric front seats with memory.

DISCOVERY SPORT HSE LUXURY

Contents of HSE, plus:

- SD Navigation System
- SiriusXM® satellite & HD radio™
- InControl Apps™**
- Premium carpet mats
- Configurable Ambient Interior Lighting
- Illuminated aluminum front tread plates with Discovery script.

Replaces HSE content:

- Noble Plated upper and lower door handles
- Atlas fog light surrounds, tailgate finisher and Discovery script (hood and tailgate)
- 19" 9 spoke 'Style 902' with Diamond Turned finish alloy wheels¹
- Perforated Windsor leather seats
- Meridian™ Sound System (380W).

**Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

¹Wheel availability is engine dependent, please refer to the accompanying Specification Guide or visit your local Land Rover Retailer. ²Not available on Si4 286HP engine.

LANDMARK EDITION

With a striking combination of exterior and interior features, the Discovery Sport Landmark Edition has a bold, dynamic presence.

The distinctive design of the front bumper with Graphite Atlas grille and side vents is further enhanced by Graphite Atlas Discovery script and 19" 'Style 521' wheels in Gloss Dark Grey. The Landmark Edition is available in a choice of three exterior colors – Yulong White, Corris Grey and Narvik Black – uniquely combined with a Carpathian Grey contrast panoramic roof.

A stylish interior features Dark Grey Brushed Aluminum center stack finishers, Ebony grained leather seats and Ebony headliner. The driving experience is enhanced by a variety of technologies including Navigation¹ and Front Parking Aid².

Dynamic style front bumper with Graphite Atlas Discovery script

19" 'Style 521' Gloss Dark Grey alloy wheels

Unique Carpathian Grey contrast roof with panoramic roof

Dark Grey Brushed Aluminum center stack rails

¹Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. ²These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

PERSONALIZING THE EXTERIOR

In addition to the standard finishes on the Discovery Sport, you can tailor the exterior to suit your personal taste.

COMPLETE DYNAMIC DESIGN PACKAGE

The Complete Dynamic Design Package takes the vehicle's arresting looks to greater heights. Its striking presence is enhanced by a range of design features including a 20" alloy wheel and Chrome exhaust finishers that truly set it apart.

- Narvik Black mesh grille and fender vents
- Narvik Black mirror caps
- Narvik Black fog light surround¹
- Narvik Black Discovery script (hood and trunk)
- Chrome exhaust finishers¹

- 20" Gloss Black alloy wheels
- Dark Grey or Carmine Red Brushed Aluminum center stack side rails².

BLACK DESIGN PACKAGE³

The Black Design Package gives the overall design of the vehicle a more assertive appearance, with exterior elements changed to Narvik Black and a choice of distinctive Gloss Black alloy wheels.

- Narvik Black grille and surround
- Narvik Black fender vents
- Narvik Black mirror caps
- Narvik Black Discovery script (hood and tailgate)

- Black contrast roof
- Choice of 18", 19" and 20" Gloss Black alloy wheels⁴.

³Not available with Si4 286HP engine. ⁴Dependent on model selected.

(1) Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. (2) These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. (3) Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

(1) Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. (2) Not available with Meridian™ Surround Sound System. (3) Only available with Meridian™ Surround Sound System. (4) A 3-month trial subscription to the Sirius XM All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream Sirius XM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call Sirius XM at 1-866-635-2349. See the Sirius XM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. Sirius XM satellite radio is not available in Alaska, Hawaii, or Puerto Rico. (5) The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

Remote contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability may vary – check with your Land Rover Retailer for availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

(1) A 3-month trial subscription to the Sirius XM All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream Sirius XM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call Sirius XM at 1-866-635-2349. See the Sirius XM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. Sirius XM satellite radio is not available in Alaska, Hawaii, or Puerto Rico. (2) Not available with Si4 286HP engine. Not available with other Design Packages. (3) Interior available as an option on the Si4 286HP engine. (4) These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. (5) Please note that if any action is taken, even minimal steering, the Emergency Braking system will assumed the driver resumed control of the vehicle and the system will automatically disengage.

Now you have chosen your Discovery Sport model, you can select your exterior paint color. From rich, deep lusters to incandescent metallic patinas, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat color. Our metallics deliver a sparkle finish that is sure to catch the eye. And our premium metallic paints enhance both the color and the intensity of the sparkle or sleek metallic finish to give your vehicle even more presence.

CHOOSE YOUR INTERIOR – SEAT CONFIGURATION

60:40 Second Row Seats with Slide and Recline

These seats have forwards/backwards movement of 6.3 inches allowing truly flexible use of space for luggage or to maximize passenger legroom. The seats can also recline to provide even greater comfort.

5 + 2 Seating*

A neatly integrated third row of seats can be specified to give you even more versatility. These seats are ideal for children and teenagers, or adults on short trips.

They are easily accessed by tipping and sliding forward the second row seats. When folded, the third row seats leave a flat floor in the luggage compartment as if it were a five-seat model.

*Not available with Si4 286HP engine or with Complete Dynamic Design Package.
Interior shown left and above is Discovery Sport HSE Luxury in Glacier/Lunar.

LAND ROVER GEAR – ACCESSORIES

Discovery Sport is so capable and adaptable it gets to work across a variety of differing conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery Sport to their specific needs with a variety of stylish, practical accessories that are tough, versatile and bring an opportunity for personalization.

More importantly, these accessories can be added by your Land Rover Retailer at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

DESIGN

Bright Side Tubes¹
VPLCP0209

Highly polished stainless steel side tubes provide an off-road inspired appearance, designed to complement the vehicle's exterior design.

Stainless Steel Undershield – Front²
VPLCP0212

The off-road designed undershield, manufactured from stainless steel, features a premium bright polished finish for the front of the vehicle.

Stainless Steel Undershield – Rear^{2,3}
VPLCP0213

The off-road designed undershield, manufactured from stainless steel, features a premium bright polished finish for the rear of the vehicle.

Cargo Space Organizer Tray
VPLCS0340

Convenient cargo space organizer provides segregated compartments to store delicate items or separate shopping/luggage. Featuring lockable lids, it is secured via cargo space 'D' loops.

Sill Treadplates – Illuminated
VPLCS0286LAA – Lunar
VPLCS0286PVJ – Ebony (not shown)

Sill treadplates featuring illuminated Discovery script. Supplied as a pair for driver and front passenger sides of the vehicle.

Sill Treadplates – Personalized
VPLCS0343PVJ – Ebony
VPLCS0343LAA – Lunar (not shown)

Personalized illuminated treadplates allow you to choose a personalized message using an approved set of fonts/typefaces which will be highlighted in white illumination when the front doors are open. Available as front pair only.

¹Fitting of side tubes may affect the off-road capability of vehicle. ²Not available with Complete Dynamic Design Package.
³Not compatible with vehicles equipped with 5 + 2 seating, reduced section spare wheel and towing systems.

TOURING

Sunshades

VPLCS0298 – Side Window, Second row
VPLCS0297 – Side Window, Third row
VPLCS0296 – Tailgate (not shown)

Easy to install or remove, these sun blinds provide increased comfort helping to protect passengers from heat and glare of the sun. Three versions available for the second row, third row passenger side windows and the rear tailgate.

Roof Rails¹

VPLCR0137 – Silver finish (panoramic roof)
VPLCR0133 – Silver finish (fixed roof)²
VPLCR0136 – Black finish (panoramic roof)
VPLCR0132 – Black finish (fixed roof)²

Roof rails facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Maximum payload is 165 lbs³.

Cross Bars¹

VPLCR0131

Elegant, durable Bright finish aluminum cross bars, with T-track design which utilizes the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimizes drag and wind noise.

Roof Box¹

VPLWR0100 – Large Sports Roof Box¹
VPLVR0061 – Sports Roof Box¹ (not shown)
VPLVR0062 – Luggage Roof Box¹ (not shown)

Available in a variety of sizes, all versions can be mounted either side for curbside opening in any country and include integral locks for security and peace of mind. Carrying capacity ranges from 11.3 cu.ft. for the sports box to the 14.5 cu.ft. luggage box or the capacious 15.2 cu.ft. large sports box. Maximum payload 165 lbs³.

Cargo Space Rails

VPLCS0349

Cargo space mounted rails to help increase the flexibility of cargo space storage, also allowing the fitment of the luggage retention kit storage system. The cargo space retention kit consists of a package of attachments that fix into the cargo space rails via a quick lock/quick release system to help provide a comprehensive and flexible solution for retaining luggage and other items within the cargo space. The attachment package includes a retractable strap with inertia reel and telescopic rod.

Luggage Retention Kit

VPLCS0324

Seat Back Storage

VPLVS0182 – Premium leather
VPLVS0181 – Standard (not shown)

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides convenient storage solution for the rear of the front seats with multiple compartments for storing small items.

Click and Go Accessory System

VPLRS0388

The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use. Image shown is Click and Hang (VPLRS0390).

SPORTING

Cargo Space Liner Tray
VPLCS0274

VPLCS0268 – With luggage divider (not shown)

Semi-rigid waterproof cargo space liner tray with a raised lip on three sides to protect cargo space floor and side wall carpets from dirt or wet equipment.

Aperture Retention Net
VPLCS0267

The aperture retention net prevents small items from falling out of the cargo space when the tailgate is opened and maximizes packing space. Manufactured from premium lightweight materials including high grade machined aluminum to ensure robust quality.

Rear Cargo space Treadplate Finisher
VPLCS0353LAA – Lunar

VPLCS0353PVJ – Ebony (not shown)

Manufactured from stainless steel with a Bright finish, the rear cargo space treadplate finisher provides protection for the cargo space trim when loading or unloading.

Tow Receiver⁴
VPLCT0143

For 5 + 2 seat models with a reduced sized spare tire.

Tow Hitch Drawbar
VPLCT0161

For 5 + 2 seat models with a reduced sized spare tire.

Tow Receiver⁴
VPLCT0141

For 5 seat models.

Tow Hitch Drawbar
VPLCT0160

For 5 seat models.

Waterproof Seat Covers (Almond)

VPLCS0291SVA – Front

VPLCS0292SVA – Second row (not shown)

VPLCS0293SVA – Third row (not shown)

Helps protect seats from mud, dirt, wear and tear. Easily fitted and machine washable.

Waterproof Seat Covers (Ebony)

VPLCS0291PVJ – Front

VPLCS0292PVJ – Second row (not shown)

VPLCS0293PVJ – Third row (not shown)

⁴Maximum towing capacity 4,409 lbs. ⁵Towing electrics must be ordered with part shown, please consult your Land Rover Retailer for further information.

OUTDOOR

Pet Package with Mat
Luggage Partition – Full Height
VPLCS0299

Combines the cargo space rubber mat with the full height partition, to protect both your vehicle and your pet. The rubber mat is waterproof, protecting the vehicle's cargo space floor carpet. The full height partition prevents access to the passenger compartment, while containing and protecting your pet.

Luggage Partition – Half Height
VPLCS0300

Designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimized to second row seating featuring tilt functionality.

Cargo space Mat – Rubber
VPLCS0279

Waterproof rubber mat helps to protect the rear cargo space carpet from general dirt. Rubber mat extension for protection of the back of the rear seats when folded down also available – Part No: VPLCS0273 (Not shown).

Fixed Side Steps²
VPLCP0210

The side step aids entry and exit to the vehicle and improves access to the roof. Design features include Bright stainless steel edge trim and a rubber tread mat.

Mudflaps
VPLCP0203 – Front
VPLCP0204 – Rear
VPLCP0277 – Rear with 5 + 2 seating³

Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement vehicle exterior design.

Mudflaps – Dynamic only
VPLCP0311 – Front
VPLCP0312 – Rear
VPLCP0313 – Rear with 5 + 2 seating³

Rubber Floor Mats
VPLCS0281
VPLCS0280 – Third row (not shown)

Rubber footwell mats help provide protection from general dirt.

OTHER

Mirror Covers – Noble
VPLCB0251

Noble Chrome plated mirror covers designed to enhance the Discovery Sport's exterior design cues. This neat design upgrade complements various Bright finish exterior trims.

Wind Deflectors – Side Windows
VPLCP0258

Wind deflectors for side windows to help to improve comfort levels in the cabin when driving with windows open, by reducing air turbulence and noise and allowing fresh air to be circulated in the cabin.

Pedestrian Airbag System
LR067898 – Gloss Black

A Gloss Black finish to the pedestrian airbag system is designed to enhance the Discovery Sport's exterior design cues. This striking design upgrade complements various exterior trims and paint colors.

Luxury Carpet Mat Set
VPLCS0282LAA – Lunar
VPLCS0282PVJ – Ebony (not shown)

Luxurious, tailored, deep pile 2.05g/m² carpet mat set, with waterproof backing, provides a well appointed finishing touch to the interior.

Gearshift Paddles
VPLVS0187MMU – Aluminum
VPLVS0187CAY – Aluminum Red

Complete the look and feel of your steering wheel with premium aluminum paddles. Gearshift paddles are machine polished, anodized and hand brushed to provide exceptional wear resistance with a premium finish.

Sports Pedal Covers
VPLHS0044 – Automatic Transmission vehicles
VPLVS0178 – Sport Footrest (Automatic Transmission vehicles)

Stainless steel Bright finish sports pedal covers are easy to fit and feature hidden fixings for a clean finish.

THE WORLD OF LAND ROVER

Your Land Rover vehicle has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can't reach in a style that cannot be matched. To celebrate the Land Rover lifestyle, we've put together a range of experiences, publications and Land Rover branded goods. There's a world to explore. Get out there and enjoy it.

ADVENTURE DRIVES

From the sheer exhilaration of the Arctic ice to the awe-inspiring dunes of Namibia, Land Rover Adventure Drives offer you once-in-a-lifetime experiences that bring the spirit and emotion of our vehicles to life.

Search 'Land Rover Adventure Travel' for full details.

EXPERIENCE DRIVES

Get behind the wheel of the latest Land Rover vehicles, under the expert guidance of our qualified instructors. From Taster Drives to advanced Full Day experiences, there's a wide range available at one of the expanding network of Experience Centers across the world.

Search 'Land Rover Experience' for full details.

MANUFACTURING TOURS

These behind-the-scenes tours are a unique opportunity to step inside our state-of-the-art manufacturing facilities where the latest Land Rover vehicles are born. This combination of unrivaled craftsmanship and cutting-edge robotics can be seen at either Halewood or Solihull.

Search 'Land Rover Behind the Scenes' for full details.

BRAND PARTNERSHIPS

Integrity, courage, pride, composure and capability; these are the values Land Rover shares with its partners. Whether the International Federation of Red Cross and Red Crescent Societies (IFRC), Rugby World Cup 2019™ or Virgin Galactic, each one is driven by exceptional people prepared to face extreme challenges and push their capabilities to the very limits.

Search 'Land Rover Partnerships' for full details.

ONELIFE MAGAZINE

The official Land Rover magazine features the best in photography, authoritative journalism and expert insights. Onelife takes you right into the heart of exclusive experiences and extraordinary adventures, while keeping you up to date with the latest innovations, design and lifestyle choices.

Search 'Land Rover Featured Articles' for full details.

HUMANITARIAN PARTNERSHIPS

Since 1954, Land Rover have supported the International Federation of Red Cross and Red Crescent Societies in reaching 150 million people needing aid in 189 National Societies.

Search 'Land Rover Responsibility' for full details.

LAND ROVER COLLECTION

Our latest range of clothing and luxury leather goods is crafted with the same design excellence and attention to detail as our vehicles. We also have a collection that honors Land Rover's unique heritage and features expedition-inspired gifts and apparel.

Search 'Land Rover Collection' for full details or visit your local Land Rover Retailer.

YOUR PEACE OF MIND

CUSTOMER SERVICE

When you bring your Land Rover vehicle to us, we use proprietary Land Rover diagnostic equipment to assess all your vehicle's mechanical and electronic systems. Our factory-trained Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and Gear accessories. A choice of service plans are available which, together with Roadside Assistance, ensures complete peace of mind.

For further details contact your local Land Rover Retailer or search 'Land Rover Ownership'.

LAND ROVER ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilization due to mechanical breakdown to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle warranty period.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Retailer or search 'Land Rover Roadside Assistance'.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer or search 'Land Rover Finance'.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

Search 'Land Rover Fleet and Business' for full details.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

The colors reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any color finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Jaguar Land Rover Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

Castrol EDGE Professional recommended by Land Rover.

Vehicle shown left is Discovery Sport HSE Luxury in Scotia Grey Black Design Package.

Vehicle shown on the front and back cover is Discovery Sport Landmark Edition in Yulong White.
