

2009 LEXUS **GX**
the pursuit

the pursuit of perfection.

It's a phrase we use a lot. But what does it really mean?

The answer isn't only found in wood and leather, but in the pursuit of insight and ideas.

And how they get transformed into world-class innovations, unexpected experiences and a commanding, capable ride.

This is the 2009 GX. And these are the pursuits that built it.

1. **CAPABILITY**
*the pursuit
of rugged agility*

2. **LUXURY**
*the pursuit of luxury
built around the driver*

3. **INNOVATION**
*the pursuit of
peace of mind*

1.

LEXUS VEHICLES ARE ALWAYS WELL-APPOINTED AND COMFORTABLE. But a Luxury Utility Vehicle must also be commanding and accomplished over any terrain. So we added specific technologies to boost the vehicle's capability. One example allows drivers to better ascend steep hills by helping to prevent rollback. Another helps maintain a slow and even speed and provides greater control as the vehicle descends. And a third offers a unique suspension that can nearly neutralize rough terrain. By pursuing true off-road capability, and still maintaining our high standards of luxury, we've arrived at something remarkable: the 2009 Lexus GX. Now, it's time to chase your pursuits.

*the pursuit of
rugged agility*

Hill-start Assist Control (HAC)¹ to help prevent rollback and improve traction upon ascent

Downhill Assist Control (DAC)¹ for descending steep, challenging slopes

Available Kinetic Dynamic Suspension System (KDSS) for traction and a level, more comfortable ride

CONQUERING MOUNTAINS.
SOMETIMES IT'S AS EASY AS PRESSING A BUTTON.

Now with just a touch of a button, Downhill Assist Control¹ helps travelers descend steep mountain slopes. It works with the Anti-lock Braking System and Active Traction Control to help maintain a low, consistent speed while helping to prevent the wheels from locking. And when climbing, the GX offers Hill-start Assist

Control¹ that applies the brakes for up to five seconds after the brake pedal is released. This gives drivers more time to move their foot from brake to accelerator. Meaning, even on steep terrain, the technology can actually help slow the vehicle from rolling backward. At Lexus, that's called forward thinking.

Hill-start Assist Control (HAC)¹

Active Traction Control (A-TRAC)

Downhill Assist Control (DAC)¹

Anti-lock Braking System (ABS) with Brake Assist²

TORSEN[®] limited-slip center differential³

For a demonstration, please visit lexus.com/GX/HACDAC.

IT'S NOT THAT EVERY ROAD IS SMOOTH. IT'S THAT WE'VE MADE THEM FEEL THAT WAY.

A Lexus driver expects a comfortable ride. But of course not every road cooperates. For that reason, Lexus developed the available Kinetic Dynamic Suspension System (KDSS). By using hydraulic controls to manipulate the front and rear stabilizer bars, KDSS automatically adjusts for varying conditions,

on-road or off-road. By employing thick stabilizer bars on-road, it helps to minimize the vehicle's body sway in a turn. Off-road, KDSS reduces the inherent stiffness of these bars by allowing one wheel to react to abrupt changes in terrain while the other wheels remain relatively unaffected. This

flexibility helps maximize suspension articulation and improves traction. KDSS works in conjunction with Adaptive Variable Suspension, which continuously alters shock damping in response to the driver's desires and/or road conditions. The result? A more accomplished, smoother ride.

Stabilizer bars help minimize body roll on the road, but can be a hindrance on uneven trails by preventing tires from maintaining contact with the ground. To counter this, the Kinetic Dynamic Suspension System uses hydraulic cylinders to adjust the bars in off-road conditions. When

unequal wheel load is detected, fluid will flow between the front and rear cylinders to disengage the stabilizer bars. This computer-controlled suspension system allows more wheel articulation off-road and helps enhance handling on-road. For a demonstration, please visit lexus.com/GX/KDSS.

THREE TONS.
IT ONLY SOUNDS HEAVY WITHOUT THE BENEFIT OF LEXUS INGENUITY.

4.7-liter V8

323 lb-ft of torque⁴

263 horsepower⁴

Variable Valve Timing with intelligence (VVT-i)

TORSEN® limited-slip center differential³

The GX features full-time four-wheel drive and a 6,500-lb towing capacity⁵ due to a 4.7-liter, iron-block V8. Paired with sophisticated Lexus technology, like Variable Valve Timing with intelligence, the engine generates 263 horsepower at 5,400 rpm⁴

and 323 lb-ft of torque at 3,400 rpm⁴. The top-end power is indispensable during acceleration or climbing long highway grades. And low-end torque is most beneficial during bullish, off-the-line pulling and off-road use. Three tons? No problem.

2.

*the pursuit of
luxury built around the driver*

A PRIMARY OBJECTIVE OF THE GX'S DESIGNERS WAS TO FOCUS THE LEXUS EXPERIENCE SQUARELY ON THE DRIVER. Within arm's length, numerous intuitive amenities help to achieve this, including Lexus Personalized Settings, the available 14-speaker Mark Levinson® Premium Audio System⁶ with steering-wheel audio controls and dual-zone climate control. There is even a HomeLink® remote control that allows you to control compatible remote devices such as a garage door, entry gate or home lighting with the touch of a button. All the amenities work collectively around you to benefit and elevate your drive. Spend time in the driver's seat, even briefly, and you'll appreciate the effort.

Lexus Personalized Settings (LPS)
Dual-zone climate control
Available Mark Levinson Premium Audio System⁶
Available DVD Rear-Seat Entertainment System (RSES)
Lexus Memory System

WHETHER YOU'RE ON-ROAD OR OFF-ROAD,
IT'S DESIGNED SO YOU'RE CERTAIN YOU'RE IN A LEXUS.

WITH AN INTERIOR AS WELL-APPOINTED AS THIS, the GX will never be mistaken for anything but a Lexus. For example, the front seating provides comforts such as dual-zone climate controls, heated front seats with variable settings and power lumbar support. The driver's 10-way power-adjustable seat offers multiple positions and has a two-position memory feature that recalls individual settings at the push of a button. Genuine medium brown walnut or available black bird's-eye maple accents highlight the GX steering wheel, shift knob, instrument panel and doors. And all the seating comes standard with inviting soft-leather trim. Wherever you go, in the GX you'll go in comfort.

Available third-row seating⁷
Heated front seats
Adaptable seating
Dual-zone automatic climate control

Vehicle shown with available equipment.

NUMEROUS SEATING CONFIGURATIONS ALL PROVIDE ONE THING:

FUNCTIONAL, SPACIOUS COMFORT.

A wide range of options: From seating for eight adults⁷ to seating for two adults and expansive cargo capacity.

Luxury is enhanced by functionality, and the GX typifies this with resourceful, configurable seating. The split-folding/reclining second row—as well as an optional third-row seating package—allow many flexible seating and

storage options. In fact, the seats can be arranged to accommodate a variety of needs: cargo capacity for a day of shopping, room for several full-sized golf bags or space for up to eight passengers.⁷

Available Mark Levinson Premium Audio System⁶ with 240 watts at 0.01% THD, 20–20,000 Hz¹⁰

Available DVD/CD capability

Auxiliary iPod[®]/MP3/WMA port

Available XM[®] and SIRIUS[®] Satellite Radio capability¹¹

AN AUDIO SYSTEM SO PRECISE, IT PERFORMS PERFECTLY IN ONLY ONE PLACE IN THE WORLD.

Mark Levinson,⁶ a company renowned for high-end home-audio systems, partnered with Lexus to recreate its sophisticated sound for the GX. This available system was designed specifically for the contours of the GX's cabin. Along with a DVD/CD

auto-changer, it offers an iPod[®]/MP3 player auxiliary port, and plays DVDs as well as conventional and MP3/Windows Media[®] Audio-formatted CDs. The GX is also available with a DVD Rear-Seat Entertainment System. It includes a DVD

player with remote, a Rear-Seat Audio System with wireless headphones⁹ and a nine-inch LCD screen. Everyone in the vehicle can now enjoy a DVD on one of the vehicle's screens. Including the available NAV screen that plays DVDs while the GX is parked.

- In the GX cabin, 14 purposefully positioned speakers are available to ensure every seat receives the full Mark Levinson⁶ listening experience.

Vehicle shown with available equipment.

Electronic Brakeforce Distribution (EBD)

Direct Tire Pressure Monitor System¹²

Vehicle Stability Control (VSC)¹³

Anti-lock Braking System (ABS)
with Brake Assist²

Advanced airbag system (SRS)¹⁴

Front and rear crumple zones

Side-impact door beams

STRENGTH IS A BOXED FRAME RAIL.
The GX's rails are enclosed on all four sides rather than the more commonly used three-sided "C-channel" frame rail. Boxed rails help enhance the crash performance of the vehicle by strengthening the frame's rigidity and helping to absorb energy during an impact.

3.

SAFETY WITH AN EMPHASIS ON INNOVATION. The advanced driver's and front passenger's airbag system¹⁴ features dual-stage deployment which takes into account the driver's seat-track position and the severity of impact. By using an occupant sensor, the passenger's front airbag¹⁴ is designed to deploy only if the seat is occupied. And the first and second rows have Roll-Sensing Curtain Airbags¹⁴ that can activate during a severe tilt, roll or lateral G-force.

Lexus also works to help manage impact energy. Its welded-steel body-and-ladder frame helps maintain the integrity of the chassis and cabin. Boxed frame rails strengthen the chassis, and each door is reinforced with a steel beam. All examples of Lexus working to help lessen the impact of a collision—with innovation leading our way.

*the pursuit of
peace of mind*

IT'S NOT ALWAYS ABOUT CONNECTION TO THE ROAD,
BUT RATHER THE CONNECTION TO THE WORLD AROUND YOU.

ALTIMETER

This gauge can be a valuable navigational tool, informing drivers of the GX's elevation above sea level. It measures altitude as you ascend and descend hills and mountain passes.

RAIN-SENSING WIPERS

A sensor located behind the GX's rearview mirror automatically detects the presence of moisture or rain on the glass. Depending on the amount of rainfall, a computer adjusts the wiper speed to improve visibility.

OUTSIDE TEMPERATURE GAUGE

GX drivers often go where weather changes can be extreme. In turn, Lexus added a temperature gauge on the instrument panel with an especially wide range: from -22 degrees to +122 degrees Fahrenheit.

BAROMETER

The GX's barometric gauge measures the area's atmospheric pressure. Barometers can help alert drivers to short-term changes in weather—giving information about potential road and driving conditions.

BLUETOOTH® TECHNOLOGY¹⁷

Compatible mobile phones can now communicate wirelessly with the available DVD Navigation System,¹⁸ enabling drivers to speak hands-free through the vehicle's speaker system as well as answer and end calls at the touch of a button.

COMPASS

As GX drivers tend to be adventurous, the electrochromic rearview mirror conveniently houses an electronic compass. The compass continually tracks your direction of movement—helping keep you on your intended course.

TIRE PRESSURE MONITOR SYSTEM¹²

As a safety measure, sensors in the valve stems can detect when air pressure is critically low. If so, the GX's computer reacts by alerting the driver with a warning light on the instrument panel.

AVAILABLE LEXUS LINK^{®15}

At the touch of a button, a Lexus Link advisor can dispatch emergency personnel or Roadside Assistance.¹⁶ And, should an airbag ever deploy, an alert is automatically sent to the Lexus Call Center for assistance.

FIVE MILLION PREPROGRAMMED
PLACES OF INTEREST

BACKUP CAMERA¹⁹

FREEWAY EXIT-LANE GUIDANCE

WHETHER YOU HAVE AN ENTIRE ADDRESS OR JUST A BUSINESS PHONE NUMBER, the available voice-activated DVD Navigation System¹⁸ can help guide drivers to practically any destination. Its huge database calculates up to three different routes, provides more than five million points of interest and understands more than 100 voice commands. And, it can help you choose restaurants by different cuisine type, give freeway exit information and help you find ATM locations—all on an easy-to-read high-resolution screen.

BACKUP CAMERA¹⁹ Whether it's a boulder or a shopping cart that's behind you, backing out of tight spaces is easier with the GX's available backup camera.¹⁹ It's integrated into the available Navigation System¹⁸ and uses a small camera located above the rear license plate to help show what's behind the vehicle. When the GX is placed in reverse, the camera's view is displayed in full color on the seven-inch NAV screen.

TECHNOLOGY TO HELP YOU CHOOSE THE SHORTEST ROUTE,
THE QUICKEST ROUTE OR THE ONE WITH THE BEST DIM SUM.

Customer service beyond expectations. It's the one pursuit that has nothing to do with the design of our vehicles and everything to do with our philosophy as a company. "Treat each customer as we would a guest in our home" is not just a promise we make. It's a promise we keep.

THE DEALERSHIP EXPERIENCE

If you visit one of our dealerships, make yourself at home. Help yourself to a beverage or some light fare. Been awhile since you've checked your stocks or e-mail? Most dealerships provide Internet access. Picking up your new Lexus? Rest assured that our associates will make the transition as seamless as possible. From setting your favorite radio stations to connecting and transferring your compatible cell phone's contacts to the available Bluetooth®* system on your vehicle. We'll even position and adjust the driver's seat to your exact specifications.

LEXUS MAGAZINE

Every three months, owners are mailed a complimentary issue of Lexus magazine, an award-winning journal of experiences, trends and human-interest pieces. While some stories are directly related to Lexus vehicles and innovations, the magazine primarily focuses on the more unique and lifestyle-oriented aspects of luxury. Readers will find interesting information and thought-provoking articles on cuisine, culture and travel destinations and will enjoy beautifully photographed articles by well-regarded editors and writers. In fact, current Lexus owners find the magazine so entertaining that the majority pass their personal copy along to family and friends for their enjoyment.

VIP TREATMENT

We've made arrangements with select partners across the country to provide first-class treatment to Lexus owners. At specific venues, for example, benefits include waived parking fees, complimentary valet service and convenient, designated spaces. At certain theaters and sporting arenas, Lexus owners can receive VIP access to Lexus clubs and lounges through their dealer. And, should you ever visit California's world-renowned Napa Valley, we've arranged for VIP treatment at some of the finest wineries. Specific benefits vary from exclusive reserve tastings and complimentary shipping to personal cellar tours and private picnics overlooking the valley.

HOTEL PARTNERSHIPS

We've also formed partnerships with nearly 30 of the country's premiere vacation destinations, including the Amangani in Jackson Hole, the Fairmont Orchid in Hawaii and Blackberry Farm in Tennessee. While the benefits vary, owners are typically given a complimentary room upgrade or a \$100 credit to be applied toward the hotel's most popular amenities.

For a complete list of our hotel partners and more information on the ownership benefits listed here, please visit owners.lexus.com.

The service you receive as a Cardmember* promises everything you expect from Lexus. With the Lexus Pursuits Visa Signature Card, you will enjoy no pre-set spending limit† and no annual fee. Also enjoy exclusive Visa Signature concierge benefits, including complimentary assistance with travel, hard-to-get tickets and even the perfect gift. Plus, you will receive preferred access to popular entertainment, dining and special events.

With Lexus Pursuits Points, you will earn Lexus rewards, which are part of one of the richest rewards programs available. Earn 5 points for every \$1 spent at your participating Lexus dealership and 1.5 points for every \$1 spent everywhere else. Points are redeemable toward Lexus service, parts, accessories—and even up to 10% off your next new Lexus vehicle purchase or lease at participating Lexus dealerships. With the optional Travel Rewards Program (yearly fee required) you may choose to redeem your points toward virtually all your travel needs.

To apply, call 888-777-5555 ext. 82246 or visit LexusPursuits.com/apply/vehicle09.

*On approved credit. Subject to Terms and Conditions in the Lexus Pursuits Visa Cardmember Agreement and Lexus Pursuits Rewards Program Terms and Conditions. Points redemption not available at dealerships in Hawaii.

†No pre-set spending limit does not mean unlimited spending.

The creditor and issuer of the Lexus Pursuits Visa is Lexus Financial Savings Bank.

*The Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus.

Available Sport Package

NAVIGATION SYSTEM/MARK LEVINSON PREMIUM
AUDIO SYSTEM PACKAGE

Voice-activated DVD Navigation System¹⁸ with backup camera¹⁹ and Bluetooth[®] technology¹⁷

Mark Levinson 14-speaker 240-watt @ less than 0.01% THD, 20-20,000 Hz¹⁰
Premium Audio System⁶ with in-dash, single-feed, six-disc DVD/CD auto-changer
featuring DVD-audio and DVD-video playback

SPORT PACKAGE

Kinetic Dynamic Suspension System (KDSS)

Black bird's-eye maple and dark Graphite-finished interior trim

Black interior carpet

Black carpeted floor mats

Smoked bezel headlamps and foglamps

Chrome exhaust tip

Dark Graphite-finished roof rack²⁰

Tinted backup lamps

OPTIONS AND ACCESSORIES*

Rear-Seat Audio System (RSAS)

Third-row seat with rear air conditioning²¹

Kinetic Dynamic Suspension System (KDSS)

DVD Rear-Seat Entertainment System (RSES) with Rear-Seat Audio System (RSAS)

Towing Prep Package⁵

Rear spoiler

Roof rack attachment—bike rack

Roof rack attachment—ski/snowboard rack

XM Satellite Radio capability¹¹

SIRIUS Satellite Radio capability¹¹

Lexus Link¹⁵

All-weather floor mats

Cargo net

Cargo mat

Cargo tray

Wireless headphones⁹

Car cover

Sport bumper trim (Limited availability. Black Onyx and Blizzard Pearl only)

Stainless-steel exhaust tip

Towing equipment⁵ (tow-hitch receiver, ball mount, trailer ball, 7-pin to 4-pin adapter)

Wheel locks

Interface kit for iPod⁸

**Please see inside back cover for more information regarding options/packages.*

WHEELS

17-in five-spoke alloy wheels with dark Graphite finish²²
STANDARD

BODY AND DIMENSIONS

GENERAL

TYPE	Five-passenger luxury utility vehicle (eight-passenger with optional third-row seating) ⁷
CONSTRUCTION	Body-on-frame
CURB WEIGHT	4,871 lb (2,209 kg)
APPROACH ANGLE	30°/31° (RAHC High/RAHC Normal)
DEPARTURE ANGLE	29°/25° (RAHC High/RAHC Normal)
MAXIMUM PAYLOAD ²⁴	1,241 lb (563 kg) (with third-row seats) 1,329 lb (603 kg) (without third-row seats)
TOWING CAPACITY (max)	6,500 lb (2,948 kg) (with available towing equipment) ⁵

ENGINE

TYPE	90° V8, iron block and aluminum heads
DISPLACEMENT	4.7 liters (285 cubic inches)
VALVETRAIN	Four cam, four valves per cylinder, with continuously Variable Valve Timing with intelligence (VVT-i)
COMPRESSION RATIO	10.0:1
HORSEPOWER AT RPM	263 hp @ 5,400 ⁴
TORQUE AT RPM	323 lb-ft @ 3,400 ⁴
EMISSION RATING	Certified Ultra-Low Emission Vehicle (ULEV II)

PERFORMANCE

0-60 MPH ACCELERATION	8.1 seconds ^{4,25}
1/4-MILE ACCELERATION	16.3 seconds ^{4,25}
TOP TRACK SPEED (Electronically Limited)	112 mph ^{4,25}
EPA FUEL ECONOMY ESTIMATES (city/highway)	14/18 mpg ²⁶
AERODYNAMIC DRAG COEFFICIENT	0.38
TURNING CIRCLE	37.4 ft

DRIVETRAIN

TYPE	Full-time four-wheel drive with TORSEN® limited-slip center differential ³ (with manual-locking feature) Downhill Assist Control (DAC) ¹ helps the GX 470 descend steep, slippery slopes at a slow, even pace Hill-start Assist Control (HAC) ¹ helps prevent vehicle rollback when switching from brake to accelerator pedal
TRANSMISSION	Five-speed automatic Electronically Controlled Transmission (ECT)
TRANSFER CASE (high/low)	Two-speed, 1.00:1/2.56:1
FINAL DRIVE RATIO	3.727:1

CHASSIS

VEHICLE STABILITY CONTROL (VSC) ¹³	Electronic system that monitors and helps control the loss of traction in a turn by using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors. Modulates engine power and applies individual brakes as necessary. Integrates Anti-lock Braking System (ABS), Brake Assist ² and Active Traction Control (A-TRAC)
SUSPENSION	Front: Independent, double-wishbone with coil springs, gas-pressurized shock absorbers and stabilizer bar Rear: Four-link with rigid axle, air-spring-type shock absorbers and stabilizer bar Adaptive Variable Suspension (AVS) including Rear Air Suspension with Rear Adjustable Height Control (RAHC) and automatic load leveling Optional Kinetic Dynamic Suspension System (KDSS) with automatic, hydraulically adjustable front and rear stabilizer bars
STEERING	Engine-speed-sensing, power-assisted rack-and-pinion. 3.0 turns, lock to lock
BRAKES	Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist ² 13.3-in ventilated front discs, 12.3-in ventilated rear discs
WHEELS AND TIRES	17 x 7.5-in five-spoke alloy wheels with dark Graphite finish and 265/65SR17 mud- and snow-rated tires. ²² Full-size spare with alloy wheel

*Middle seats folded, optional third-row seat removed.

STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

- Dual-zone automatic climate control with interior air filter and automatic recirculation mode
- Power tilt-and-telescopic steering column with automatic tilt-away
- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto open/close feature
- Remote-linked window and moonroof opening
- Retained accessory power for windows and moonroof
- Electrochromic (auto-dimming) inside rearview mirror with compass
- Adaptive Variable Suspension (AVS)
- Rear Adjustable Height Control (RAHC)
- Roof rack²⁰ with chrome-finished accents²⁷
- Cruise control
- Power door locks
- Rear privacy glass
- Tonneau cover (only available on vehicles without third-row seat)
- Storage pockets with cargo net integrated into rear door
- HomeLink® universal transceiver to operate compatible garage, gate, home lighting and home security systems

SEATING AND TRIM

- Leather-trimmed interior
- Medium brown walnut interior trim
- Wood- and leather-trimmed steering wheel and shift knob
- 10-way driver’s (including lumbar) and six-way front passenger’s (including lumbar) power seats
- Heated front seats
- Reclining/folding split middle-row seat
- Lexus Memory System to control power driver’s seat (except lumbar), outside mirrors and steering wheel
- Height-adjustable headrests for all seats
- Lexus Personalized Settings (LPS) to customize select electronic functions

AUDIO AND NAVIGATION

- Lexus nine-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
- In-glass antenna with FM-diversity system
- Auxiliary iPod®/MP3/WMA port

INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio controls
- Electroluminescent instrumentation
- Altimeter and barometer
- Automatic on/off projector-beam headlamps with 30-second delay
- Multifunction, in-key remote entry system with rolling-code technology
- Trip computer
- Outside temperature gauge

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

- Vehicle Stability Control (VSC)¹³
- Four-wheel Active Traction Control (A-TRAC)
- Four-wheel ventilated power-assisted disc brakes
- Four-sensor, four-channel Anti-lock Braking System (ABS)
- Brake Assist²
- Electronic Brakeforce Distribution (EBD)
- Full-time four-wheel drive with TORSEN® limited-slip center differential³
- Manual-locking center differential
- Downhill Assist Control (DAC)¹
- Hill-start Assist Control (HAC)¹
- Direct Tire Pressure Monitor System¹²
- Rain-sensing intermittent windshield wipers with mist cycle
- Intermittent rear-window wiper with washer
- Defogger with auto-off timer for rear window and rear-quarter windows

PASSIVE SAFETY

- Driver’s and front passenger’s advanced airbag system (SRS)¹⁴
- Front seat-mounted side airbags (SRS)¹⁴
- Front- and middle-row Roll-Sensing Curtain Airbags (RSCA) (SRS)¹⁴
- Highly rigid body structure with front and rear crumple zones
- Side-impact door beams
- Impact-dissipating upper interior trim
- Collapsible steering column
- Daytime running lights
- Integrated projector-beam foglamps
- Water-repellent front-door glass
- Power-adjustable outside mirrors with defoggers and auto tilt-down in reverse
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front seats
- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver’s seat
- Height-adjustable shoulder belt anchors for front and outboard middle-row seats
- Child Restraint Seat (CRS) tether anchor brackets for middle row

SECURITY

- Vehicle theft-deterrent and engine immobilizer,²⁸ with in-key transponder
- Tool kit
- First aid kit

THE PAGES OF THIS BROCHURE TELL A STORY. Not just of the 2009 GX, but also of one of the many ways we are working to reduce our environmental impact. The paper used, referred to in the printing industry as “Lexus Pursuit 30,” is composed of 30% post-consumer waste²⁹—the most we’ve ever used and 20% more than traditional brochures. It’s also manufactured with 100% renewable energy and has garnered just about every environmentally responsible acronym you can imagine. Including FSC, SFI and PEFC certifications, and ECF and PH-neutral designations. The printing facility that was used also has a long list of environmental achievements, including certification as the only one in the United States to be virtually VOC-free.

WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *GX Warranty and Services Guide* at your Lexus dealer for details.

1. DAC is designed to help the driver maintain vehicle control and speed on steep downhill descents. HAC is designed to help minimize backward rolling on steep ascents. Neither system is a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC and HAC will be effective in preventing a loss of control. Please see your *Owner’s Manual* for further details. **2.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **3.** TORSEN® is a registered trademark of Zexel Torsen, Inc. **4.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **5.** Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner’s Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. **6.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **7.** Eight-passenger seating requires available third-row seat. **8.** iPod is a registered trademark of Apple Inc. **9.** Headphones are for passenger use only. Do not use while operating vehicle. **10.** Continuous average power, all channels driven, at less than 0.01% THD; 20–20,000 Hz. **11.** Satellite Radio requires an XM or SIRIUS compatible receiver and monthly service fee. Please see your Lexus dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com or www.sirius.com. Available only in the 48 contiguous United States. **12.** The Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner’s Manual* for details. **13.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner’s Manual* for further details. **14.** All the airbag (“AB”) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing childseat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner’s Manual* for further information/warnings. **15.** Contact with the Lexus Link Call Center is limited by cellular connection availability and reception of GPS satellite signals, so sometimes you may be unable to contact the Call Center or receive emergency service support. Lexus Link system includes one-year Safe & Sound service. Enrollment and Subscription Service Agreement required. Additional service packages are available for additional charges. **16.** Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. **17.** The Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. **18.** The Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. Please see your *Navigation System Owner’s Manual* for further details. **19.** The backup camera, available only with the Navigation System, does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **20.** Roof rack capacity is 130 lb. Please see your *Owner’s Manual* for details. **21.** Rear air conditioning comes only with available third-row seat. **22.** 17-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be less than 20,000 miles, depending upon driving conditions. **23.** Cargo and load capacity limited by weight and distribution. **24.** Payload is the GVWR minus curb weight and includes weight of occupants, optional equipment and cargo, limited by weight distribution. Payload is not the Vehicle Capacity Weight as defined by FMVSS 110, which will vary according to installed optional equipment. **25.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **26.** 2009 EPA-estimated mileage. Actual mileage will vary. **27.** Includes CrossBars. CrossBars are not recommended for luggage. **28.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key matches the code in the vehicle’s immobilizer. Because the transponder chip is embedded in the key, it can be costly to replace. If you lose a key, your Lexus dealer can help, or you can find a qualified independent locksmith to perform high-security key services at www.aloa.org. **29.** Cover stock is composed of 10% post-consumer waste.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.

THE PURSUIT OF PERFECTION.
