SPORT SEAT DESIGN

The front seats in the CT 200h feature pronounced side bolsters engineered with internal wire framing for additional lateral support during high-G cornering. The driver's seat also includes power-adjustable lumbar support to help provide added comfort and reduce driver fatigue.

- Sport Seat
- CT Sport Seat

embraces drivers,
not conventions.

OPTIMIZED DRIVING POSITION

The placement and angle of the driver's seat, steering wheel, accelerator and brake pedal were precisely calculated to help position the driver's hip point as close to the CT's center of gravity as possible. The result is a driving position that provides optimal comfort and a more dynamic driving experience overall.

SPORT STEERING WHEEL

Sharing design elements with the steering wheel in the LFA supercar, including a horn pad that's positioned precisely at the center of rotation, the 14.6-inch sport steering wheel on the CT features an anatomic design for an enhanced grip. And, with just 2.7 turns lock-to-lock, the CT's speed-sensitive Electronic Power Steering is among the quickest of any Lexus.

YAMAHA® LATERAL PERFORMANCE DAMPERS

The lateral performance dampers on the CT were developed by Yamaha to provide additional rigidity to the chassis while also minimizing vibrations. The result: enhanced handling, a more linear steering feel and a ride that's as comfortable as it is invigorating.

REAR DOUBLE-WISHBONE SUSPENSION

For greater agility, the CT features a MacPherson strut suspension in the front and a fully independent double-wishbone suspension in the rear. Handling is further enhanced by the use of lightweight materials, optimized weld points and extensive bracing throughout.

change cars
mid-commute.

In ECO mode, the throttle response is modified and climate control is optimized for efficiency. In EV¹ mode, the CT can run on battery power alone for short distances, at low speeds under certain conditions. Because the gasoline engine is not engaged, noise is minimized and emissions are eliminated. Depending on driving conditions, both settings can noticeably reduce fuel consumption.

change cars
mid-commute.

Optional equipment shown.

In Sport mode, illumination of the instrument panel and Drive Mode Select switch changes from blue to red, and the Hybrid System Indicator is replaced with a tachometer. For added responsiveness and a more engaging drive, steering is made to feel more direct, throttle response is increased and the traction and stability systems are made less intrusive.

Lexus Hybrid Drive

27kW hybrid
battery

To provide the highest combined fuel-efficiency rating of any luxury vehicle,² the CT features numerous innovations. Among them: an Exhaust Gas Recirculation system that captures, cools and repurposes exhaust gasses in the combustion process; electrically powered air conditioning and heating systems that can be used without the engine running; an Exhaust Heat-Recovery system that warms the engine faster for improved efficiency in cold weather; and, as a benefit of its full-hybrid design, the ability to choose the optimal source of power—gas, electric or a combination of the two—for every condition.

NuLuxe

NULUXE

While its fit and finish are as impeccable as you'd expect in a Lexus, the NuLuxe seating material offers more than just good looks. It weighs half as much as leather, and its manufacturing process generates 65% fewer CO₂ emissions than traditional synthetic leathers and no VOCs.

Optional equipment shown.

unconventional
seating, unrelenting
standards.

QUIET INTERIOR

Though the extensive use of high-strength, lightweight materials makes it the lightest Lexus yet, it's every bit as smooth and quiet as you'd expect a Lexus to be. Wind noise is greatly reduced by its sculpted shape and superior aerodynamics, while road noise is minimized through a unique door design that strengthens the window seals and increases the rigidity of the glass.

Optional equipment shown.

designed for all the senses.
including your sense of responsibility.

A variety of ecological materials and practices are used in the creation of the CT, including floor mats⁶ composed of 30% plant-based sources and a painting process specifically designed to reduce environmental impact. And, because 90% of the vehicle can ultimately be recycled,⁷ its design won't only influence the vehicles of the future. It will also help build them.

connects to the road
as well as the driver.

A ride this exhilarating demands an equally impressive soundtrack.

Accordingly, the audio system offers both USB and auxiliary input connectivity for portable music players. For your convenience, an Electronic Device Holder can accommodate music players, smartphones and portable navigation devices.¹² And, for those with compatible *Bluetooth*®¹⁹ devices, an audio-streaming function²⁰ enables you to access content without ever removing the device from your pocket or purse.

Optional equipment shown. Device not included.

The audio system can also be used to play MP3 files stored on portable USB drives.

Devices with A2DP *Bluetooth* compatibility²⁰ can stream content wirelessly to the audio system.

it does more than
make waves,
it uses them.

The available Pre-Collision System (PCS)¹⁰ visually and audibly alerts the driver of a potential frontal impact.

The system determines a collision is imminent and proactively retracts the front seatbelts and prepares Brake Assist.²²

If the driver forcibly presses on the brake pedal, Brake Assist²² provides additional braking force.

If the brake pedal is not pressed, the brakes are automatically applied to help reduce impact speed.

Utilizing advanced radar technology, an available Dynamic Radar Cruise Control²¹ system can help maintain a constant speed or pre-set following distance from a vehicle traveling ahead. And, the CT is the first in its class to offer an available Pre-Collision System (PCS)¹⁰ that's designed to detect potential front collisions and take measures to help reduce impact damage.

STANDARD FEATURES

LUXURY AND CONVENIENCE

- SmartAccess^{24,25} with push-button Start/Stop and touch sensors on exterior front-door handles
- Power tilt-and-slide moonroof with sliding sunshade
- Dual-zone automatic climate control with interior air filter
- Tilt-and-telescopic steering column
- Power windows with one-touch auto open/close
- Power door locks
- Powered auxiliary console
- Cruise control
- Center console with cupholders and storage bin
- Lexus Personalized Settings (LPS)²⁶ to customize select electronic functions
- Illuminated entry system
- Dual illuminated visor vanity mirrors

SEATING AND TRIM

- NuLuxe-trimmed interior
- Leather-trimmed steering wheel
- Chrome-finished shift knob
- 10-way power driver’s seat (including lumbar); four-way manual front passenger’s seat
- Heated front seats
- Height-adjustable headrests for all seating positions

COMMUNICATION, AUDIO AND NAVIGATION

- Lexus six-speaker Sound System with Automatic Sound Levelizer (ASL) and in-dash CD player
- SiriusXM Satellite Radio.^{13,14} Subscription required. 90-day trial subscription included
- USB and auxiliary iPod^{®17}/MP3/Windows Media[®] Audio (WMA) port
- Bluetooth[®] technology¹⁹
- Bluetooth audio²⁰ profile for wireless integration of compatible music players with in-vehicle audio system
- Electronic Device Holder

INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio, phone and display controls
- Multi-information display
- Drive Mode Select with Normal, Sport, ECO and EV (Electric Vehicle)¹ driving modes
- Selectable blue or red instrumentation lighting
- Selectable ECO driving indicator or tachometer
- Automatic on/off headlamps with auto-off delay
- Interior fuel-filler door release
- Outside temperature gauge

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

- Vehicle Stability Control (VSC)²⁷
- Traction Control (TRAC)
- Four-wheel power-assisted disc brakes
- Electronic Controlled Braking (ECB)
- Four-sensor, four-channel Anti-lock Braking System (ABS)
- Brake Assist²²
- Electronic Brakeforce Distribution (EBD)
- Smart Stop Technology²⁸
- Direct Tire Pressure Monitor System²⁹
- Vehicle Proximity Notification Sensor
- Water-repellent front-door glass
- LED daytime running lights
- Integrated foglamps
- LED taillamps
- Variable intermittent windshield wipers with mist function
- Intermittent rear-window wiper with washer
- Rear-window defogger with auto-off timer
- Power-adjustable outside mirrors with turn indicators and defoggers

PASSIVE SAFETY

- Driver's and front passenger's advanced airbag system (SRS)³⁰
- Front seat-mounted side airbags (SRS)³⁰
- Driver's and front passenger's knee airbags (SRS)³⁰
- Front and rear side curtain airbags (SRS)³⁰
- Whiplash Injury Lessening (WIL) front seats³¹
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front seats
- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat
- Height-adjustable front shoulder belt anchors
- Child Restraint Seat (CRS) tether anchor brackets for rear outboard seating positions
- Highly rigid body structure with front and rear crumple zones
- Impact-dissipating upper interior trim
- Collapsible steering column

SECURITY

- Safety Connect^{® 15,32} offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance³³ services. Subscription required. One-year trial subscription included
- Vehicle theft-deterrent and engine-immobilizer system²⁵
- First aid kit
