

WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *ES Warranty and Services Guide* at your Lexus dealer for details.

1. Lexus Enform and Safety Connect are available. Contact with the Lexus Enform and/or Safety Connect response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Lexus Enform- and Safety Connect-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. **2.** Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. **3.** Safety Connect services will function in the United States, including Hawaii and Alaska, and in Canada. The services will not function outside of the United States in countries other than Canada. **4.** The *Bluetooth* technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. The *Bluetooth* word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. Other trademarks and trade names are those of their respective owners. **5.** *Bluetooth* audio device must be enabled with A2DP and AVRCP. **6.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **7.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or SmartAccess fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or SmartAccess fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.aloa.org. **8.** Comfort sensors include relays and receivers. **9.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **10.** Availability and accuracy of the information provided by the Navigation System or any SiriusXM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic Navigation updates available at additional cost. Please see your *Navigation System Owner's Manual* or contact SiriusXM for details. **11.** SiriusXM services require a subscription after trial period. Subscriptions governed by SiriusXM Customer Agreement available at siriusxm.com. **If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-800-967-2346 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. **12.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **13.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. **14.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **15.** The Adaptive Front Lighting System can help improve vision at night. However, conditions such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness so the driver may need to manually change the high beams from on to off. Please see your *Owner's Manual* for details. **16.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **17.** 17-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending upon driving conditions. **18.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **19.** 2012 EPA-estimated mileage. Actual mileage will vary. **20.** iPod is a registered trademark of Apple Inc. All rights reserved. **21.** To avoid interference with pedal operation, do not install a floor mat on top of an existing floor mat, and each mat must be secured with retention hooks (clips). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. **22.** Currently only available pre-installed on select vehicles. Ask your Dealer Sales Consultant for vehicle application. **23.** Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. **24.** Continuous average power, all channels driven, at less than 0.1% THD; 20-20,000 Hz. **25.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **26.** Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. **27.** The Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **28.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.

ES 350
3.5-liter V6, dual Variable Valve Timing with intelligence (VVT-i),
six-speed sequential-shift automatic transmission

ES shown with available equipment.

Triumph of engineering turned OBJECT OF ENVY

2012 | ES True luxury is something you can not only touch, but feel. It's confidence in an unfamiliar location, courtesy of advanced technology like available Lexus Enform^{®1,2} with Safety Connect.^{®1,3} It's the smooth rush of a six-speed automatic transmission and 268-horsepower engine. And the tranquility of a meticulously sound-dampened cabin outfitted in hand-selected leather and wood trim. In other words, it's the difference between driving a new luxury car and driving a new Lexus. Presenting the 2012 ES. Let the coveting begin.

Major BREAKTHROUGHS

even in its minor details.

114 points of sound dampening, 88 measures to prevent vibrations, 43 sensors for comfort.⁸ And, of course, seven sensors to monitor the sensors. Here, seemingly insignificant details. But when combined with the innovative technology, inspiring craftsmanship and intelligent performance of the ES, they result in an experience that's nothing short of amazing.

BLUETOOTH® TECHNOLOGY

In addition to enabling you to place hands-free calls on compatible phones, *Bluetooth* technology⁴ lets you control compatible portable audio players⁵ wirelessly using the onboard audio system.

SMARTACCESS

The ultimate in convenience, SmartAccess^{6,7} enables you to unlock all four doors and the trunk as well as start the ES without removing the device from your pocket or purse. The system can also recognize separate fobs for two drivers and automatically recall their preferred settings.

DUAL VVT-i ENGINE

Monitoring the engine's speed and load, dual Variable Valve Timing with intelligence (VVT-i) increases torque at lower speeds while boosting power at higher speeds. This results in faster acceleration, better performance and lower emissions.

LEATHER AND WOOD TRIM

Brown walnut or espresso bird's-eye maple accents are hand-selected for consistent color, shade and grain throughout the cabin. And for optimal quality, leather and available semi-aniline leather trim must undergo 11 rigorous durability tests to ensure they're up to Lexus' standards.

MARK LEVINSON® AUDIO

Designed specifically for the ES, the available Mark Levinson Premium Surround Sound System⁹ features 7.1 surround sound, a DVD/CD auto-changer and 14 precision-tuned and positioned speakers. The result is an audio experience that more resembles a concert hall than an automobile.

Indulge more than your SENSE OF WONDER

In here, you'll discover materials and craftsmanship more commonly found on vehicles twice its price. As well as available accommodations like a panorama glass roof, driver's-seat power cushion extender and heated and ventilated front seats trimmed in perforated semi-aniline leather. In fact, of all the things you'll appreciate about the ES, the most impressive just might be the one thing it lacks: compromise.

HEATED AND VENTILATED FRONT SEATS
To help keep you comfortable, this available feature circulates air through perforations in the front seats' leather trim and allows you to heat the front seatbacks and lower-seat cushions to one of three levels.

DUAL-ZONE CLIMATE CONTROL
Separate controls allow the driver and front passenger to adjust the cabin temperature to their preference. In addition, a smog-sensing automatic recirculation system monitors the outside air for smog-forming compounds. If a high level is detected, the air intake turns off, and the cleaner air is recirculated inside the cabin.

VOICE COMMAND
Accessed by pressing a button on the steering wheel, the available voice-command system enables you to place phone calls and control climate, audio and available navigation functions using your normal, everyday speaking voice.

Drive your own

POINT OF INTEREST

Who says that transportation can't be the destination in itself? Among the noteworthy technology found in the ES, available NavTraffic^{TM10,11} and NavWeather^{TM10,11} can deliver real-time traffic and weather updates to the available Navigation System.¹⁰ An available backup camera¹² can provide added visibility whenever the ES is placed in reverse. And available Dynamic Radar Cruise Control¹³ can help maintain a pre-set following distance from the vehicle traveling in front of you.

PRE-COLLISION SYSTEM
An available Pre-Collision System (PCS)¹⁴ can determine when a frontal collision is unavoidable and automatically retract the driver's seatbelt to prepare for impact while simultaneously delivering the maximum braking force once you press the brake pedal.

LEXUS ENFORM¹² WITH SAFETY CONNECT¹³
Featuring everything from live, en route navigation assistance finding top restaurants to the ability to request emergency services at the press of a button—or, in some cases, automatically—this available GPS-enabled service offers the pinnacle of convenience and care. For more information, please visit lexus.com/ES/enform.

DUAL-SWIVEL ADAPTIVE FRONT LIGHTING
An available Dual-swivel Adaptive Front Lighting System¹⁵ can help illuminate curves by rotating the right or left headlamp independently into a turn at speeds below 19 mph and both headlamps together at speeds above 19 mph.

OVERVIEW

TYPE	Five-passenger luxury sedan
CONSTRUCTION	Welded-steel unibody
CURB WEIGHT	3,580 lb (1,624 kg)

ENGINE

TYPE	60° V6, aluminum block and heads
DISPLACEMENT	3.5 liters (211 cubic inches)
VALVETRAIN	Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)
COMPRESSION RATIO	10.8:1
HORSEPOWER AT RPM	268 hp @ 6,200 rpm
TORQUE AT RPM	248 lb-ft @ 4,700 rpm
EMISSION RATING	Certified Ultra-Low Emission Vehicle (ULEV II)
FUEL REQUIREMENT	Regular unleaded, 87 octane

CHASSIS

SUSPENSION	Front: Independent, MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar Rear: Independent, dual-link MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar
STEERING	Engine-speed-sensing, progressive power-assisted rack-and-pinion. 3.2 turns, lock to lock
BRAKES	Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist ¹⁶
BRAKE SIZE	11.6-in ventilated front, 11.0-in solid rear discs
WHEELS AND TIRES	17 x 7.0-in split-five-spoke alloy wheels with 215/55R17 all-season tires ¹⁷ Available full-size spare tire on alloy wheel Optional wheels and tires: 17 x 7.0-in 10-spoke Liquid Graphite-finish alloy wheels with 215/55R17 all-season tires ¹⁷

DRIVETRAIN

TRANSMISSION	Six-speed sequential-shift automatic Electronically Controlled Transmission with intelligence (ECT-i)
DRIVE WHEELS	Front-wheel drive
FINAL DRIVE RATIO	3.685:1

PERFORMANCE

0-60 MPH ACCELERATION	7.0 seconds ¹⁸
1/4 MILE ACCELERATION	15.2 seconds ¹⁸
TOP TRACK SPEED	137 mph ¹⁸ (electronically limited)
EPA FUEL ECONOMY ESTIMATES	19/28/22 mpg ¹⁹ (city/highway/combined)
TURNING CIRCLE	36.7 ft

BODY AND DIMENSIONS

HIP ROOM front/rear 56.3/53.8 in (1,430/1,367 mm)	SHOULDER ROOM front/rear 57.3/56.3 in (1,455/1,430 mm)
HEADROOM front/rear w/moonroof 37.4/36.8 in (950/935 mm) front/rear w/panorama glass roof 37.8/37.0 in (960/940 mm)	HEIGHT 56.3 in (1,430 mm)
WIDTH 71.7 in (1,820 mm)	

TRUNK CAPACITY 14.7 cu ft (416 L)	FUEL-TANK CAPACITY 18.5 gal (70 L)
LEG ROOM front/rear 42.2/35.9 in (1,071/912 mm)	WHEELBASE 109.3 in (2,776 mm)
OVERALL LENGTH 191.1 in (4,854 mm)	

WHEELS

17-in split-five-spoke alloy wheels ¹⁷ STANDARD	17-in E-Sport alloy wheels ¹⁷ AVAILABLE
17-in 10-spoke Liquid Graphite-finish alloy wheels ¹⁷ (ULTRA LUXURY PACKAGE) AVAILABLE	

For a complete list of vehicle specifications, please visit lexus.com/ES/specs.

ES shown with available equipment.

STANDARD LUXURY FEATURES (Abbreviated list)

- LUXURY AND CONVENIENCE
- SmartAccess^{6,7} with push-button Start/Stop
- Dual-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode
- Power tilt-and-telescopic steering column
- Lexus Memory System to control power driver's seat (except lumbar), outside mirrors and steering wheel
- Remote keyless entry linked memory⁷
- Leather-trimmed interior
- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto open/close feature
- Remote linked window and moonroof opening
- Retained accessory power for moonroof and windows
- Electrochromic (auto-dimming) inside rearview mirror
- Cruise control
- Center console with storage bin and accessory power outlet
- Dual cupholders, front and rear
- HomeLink[®] universal transceiver to operate compatible garage, gate, home lighting and home security systems
- Illuminated entry system

SEATING AND TRIM

- Brown walnut or espresso bird's-eye maple interior trim
- 10-way driver's and front passenger's (including lumbar) power seats
- Height-adjustable headrests for all seats

COMMUNICATION, AUDIO AND NAVIGATION

- Lexus eight-speaker, Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
- SiriusXM Satellite Radio^{10,11} Subscription required. 90-day trial subscription included
- USB and auxiliary iPod^{®20}/MP3/Windows Media[®] Audio (WMA) port
- Bluetooth technology⁴
- Bluetooth audio⁵ profile for wireless integration of compatible music players with in-vehicle audio system controls
- In-glass antenna with FM-diversity sytem
- Shark-fin antenna

INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio, phone and display controls
- Liquid-crystal multi-information console display
- Electroluminescent instrumentation
- ECO Driving indicator
- Automatic on/off projector-beam headlamps with auto-off delay

OPTIONS AND ACCESSORIES* (Abbreviated list)

- Full-size spare tire with 17-in alloy wheel¹⁷ • Heated and ventilated front seats • High-Intensity Discharge (HID) headlamps and Dual-swivel Adaptive Front Lighting System (AFS)¹⁵ • Intuitive Parking Assist • Pre-Collision System (PCS)¹⁴ and Dynamic Radar Cruise Control¹³ • Power rear sunshade • Rear spoiler • Wood- and leather-trimmed steering wheel and shift knob
- 17-in E-Sport alloy wheels¹⁷ • All-weather floor mats²¹ • Body side moldings • Car cover • Cargo net – envelope • Carpet trunk mat • Door edge guards • First aid kit • Paint protection film²² • Rear bumper appliqué • Rear spoiler • Wheel locks

*Please see back cover for more information regarding options/packages.

OPTION PACKAGES* (Abbreviated list)

- NAVIGATION SYSTEM/MARK LEVINSON PREMIUM AUDIO PACKAGE
- HDD Navigation System¹⁰ including voice command, color LCD display with integrated backup camera¹² and Enhanced Bluetooth technology⁴
- NavTraffic^{10,11} NavWeather^{10,11} Sports and Stocks^{10,11} Subscription required. 90-day trial subscription included
- Lexus Enform¹² with Safety Connect¹³ offers Destination Assist, eDestination, Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enchanced Roadside Assistance²³ services. Subscription required. One-year trial subscription included
- Mark Levinson 14-speaker 300-watt @ less than 0.1% THD 20–20,000 Hz²⁴ Premium Surround Sound Audio System⁹ with 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback

ULTRA LUXURY PACKAGE

- Semi-aniline perforated leather-trimmed interior (Black with Saddle Tan accent, Parchment or Light Gray leather) • Wood- and leather-trimmed steering wheel and shift knob • Heated and ventilated front seats • Driver's seat power cushion extender • Lexus Memory System to control power driver's and front passenger's seats (except lumbar), outside mirrors and steering wheel • Panorama glass roof • Power rear sunshade • High-Intensity Discharge (HID) headlamps • Dual-swivel Adaptive Front Lighting System (AFS)¹⁵ • 17 x 7.0-in 10-spoke Liquid Graphite–finish alloy wheels¹⁷ • Full-size spare tire with 17-in alloy wheel¹⁷

SAFETY AND SECURITY FEATURES (Abbreviated list)

ACTIVE SAFETY

- Vehicle Stability Control (VSC)²⁵ with cutoff switch
- Traction Control (TRAC)
- Four-wheel power-assisted disc brakes with front ventilated discs
- Four-sensor, four-channel Anti-lock Braking System (ABS)
- Brake Assist¹⁶
- Electronic Brakeforce Distribution (EBD)
- Smart Stop Technology²⁶
- Rain-sensing intermittent windshield wipers
- Direct Tire Pressure Monitor System²⁷
- Integrated foglamps
- Water-repellent front-door glass

PASSIVE SAFETY

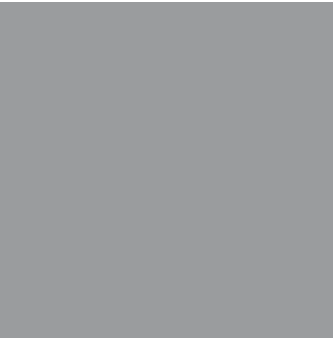

- Driver's and front passenger's advanced airbag system (SRS)²⁸ with front passenger's twin-chamber airbag (SRS)²⁸
- Front and rear seat-mounted side airbags (SRS)²⁸
- Driver's and front passenger's knee airbags (SRS)²⁸
- Front and rear side curtain airbags (SRS)²⁸
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front and outboard rear seats
- Height-adjustable front shoulder belt anchors
- Highly rigid body structure with front and rear crumple zones
- Side-impact door beams

SECURITY

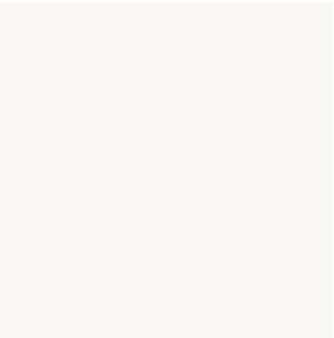

- Vehicle theft-deterrent and engine immobilizer system⁷
- Safety Connect¹³ offers Automatic Collision Notification, Stolen Vehicle Location, an Emergency Assistance Button (SOS) and Enhanced Roadside Assistance²³ connectivity. Subscription required. One-year subscription included
