—

LEXUS 2019

Daring design.
Imaginative technology.
Dynamic performance.

Because crafting every detail to surpass
all expectations means nothing if it doesn't lead
to the experience of something greater.

The all-new 2019 Lexus ES.

Experience Amazing

ES F SPORT

The first-ever ES F SPORT features styling and performance upgrades such as an available Adaptive Variable Suspension system with Sport S+ mode, exclusive bolstered sport seats, and 19-inch wheels,¹ the largest ever on an ES.

ES 300h

Two lightning-fast electric motors combine with a potent 2.5-liter engine for the most powerful ESh yet. The most fuel-efficient among all non-plug-in luxury vehicles,² it features a combined 44-MPG estimate.³ New low-light pedestrian-detection technology⁴ and the world's first Mark Levinson® PurePlay sound system⁵ are available on all ES models.

ES 350

Experience an all-new 302-horsepower, 3.5-liter direct injection V6 engine and precision-tuned Direct-Shift eight-speed automatic transmission with paddle shifters. Amazon Alexa⁶ integration is offered across the ES line. And every ES model also features available Apple CarPlay^{®7} compatibility and class-leading standard Lexus Safety System+ 2.0^{8,9}

ES F SPORT shown in Ultra White (left), ESh shown in Moonbeam Beige Metallic (middle), ES shown in Nebula Gray Pearl (right) // Options shown

ESh shown in Nebula Gray Pearl // Options shown

The ES touts a spacious and inviting cabin with class-leading rear legroom.⁸ Other interior comforts include an available power rear sunshade and supple semi-aniline leather-trimmed seats, which feature a caliber of leather derived from only a fraction of the world's hides.

ES shown with Chateau leather and Linear Dark Mocha wood interior trim // Options shown

An available panorama glass roof¹⁰ allows more light into the cabin than conventional moonroofs. Its unique outer-sliding design creates a seamless appearance while providing ample skylight and added rear headroom.

ES shown in Nightfall Mica // Options shown

ES FSPORT shown in Atomic Silver // Options shown

The innovative ES is the first Lexus to feature Lexus Safety System+ 2.0.⁹ This suite of class-leading standard active safety equipment⁸ includes more advanced features like Lane Tracing Assist¹¹ that can help you stay in the center of your lane, even in heavy traffic and on highways with gradual curves.

ESh shown in Nebula Gray Pearl // Options shown

ES shown in Matador Red Mica // Options shown

Built on an all-new platform, the ES features a longer, wider stance and a sleek, coupe-like silhouette inherited from the flagship LS. Elevating illumination to an art form, the ES touts available ultra-compact Premium Triple-Beam LED headlamps, sleek LED taillamps, and daytime running lights adorned with the signature L shape.

EVOCATIVE DESIGN

—
With a longer, wider, more athletic stance, the all-new ES is striking from every angle.

BOLDLY STYLED. *METICULOUSLY REFINED.*

With sculpted character lines, the all-new ES pairs daring exterior design with innovative engineering for a dynamic yet refined ride. Boasting an incredibly low center of gravity and a forward-leaning stance, the ES doesn't just make you feel more connected to the road, it helps you hear less of it. Building on the sound-dampening capabilities of the flagship LS, the ES features redesigned components that minimize engine vibration and significantly reduce road noise, allowing you to focus on what matters most—the drive.

Exclusively available on the ES F SPORT, the *Hadori* Aluminum trim is inspired by a traditional Japanese sword-making technique. Our Lexus *takumi* master craftsmen exhaustively researched the centuries-old process, and then developed a special polishing technique to mimic the design. The result? A one-of-a-kind interior trim with exceptional depth and luster. Complementing this ornamentation, intricate hand-stitching on the dash provides a unique tactile quality and dimension that elevate the interior even further.

CRAFTSMANSHIP BORN FROM IMAGINATION

Every curve, innovation and feeling is a product of mastery.

From the hand-stitching on the dash to the available *Hadori* Aluminum accents and three-dimensional quilted seat design, this is the epitome of unconventional craftsmanship. The ES features exquisite Linear Espresso and Linear Dark Mocha wood trims, multilayered works of art inspired by a Lexus-exclusive design that requires 67 manufacturing steps over 38 days. It also inherits the precision-crafted steering wheel found in the uncompromising LS. By measuring the distribution of palm pressure on multiple points of the wheel during countless hours of test-driving, its unique shape was achieved for the most natural grip regardless of hand position. And pairing optimal performance with optimal comfort, this unrivaled wheel offers heating around its entire circumference.

Options shown

LUXURY, REIMAGINED

Experience where refinement and innovation combine in a driver-centric cockpit and the largest available display in its class.⁸

With contemporary styling and cutting-edge technology, the ES offers a refreshing point of view on modern luxury. Discover interior comforts like 10-way adjustable power seats with available heating and ventilation, designed to envelop you and connect you to the road. Unlike conventional ventilated seats, these pull air directly from the climate-control system to more effectively and efficiently cool you. These refined luxuries are complemented by numerous expressions of modern style and technology, from an available 12.3-inch split-screen multimedia display to available ambient lighting that accentuates the sculpted lines throughout the cabin.

ESh shown with Chateau semi-aniline leather and Linear Dark Mocha wood interior trim // Options shown

The ultimate expression of the ES, the ESh builds upon the bold exterior styling with a sleek, concealed exhaust. Providing an incredibly refined ride, the all-new platform and Lexus-first Hybrid-Acoustics™ offer unprecedented sound-dampening measures such as high-precision noise-canceling technology to ensure the quietest drive possible. And a Super Ultra-Low Emission Vehicle certification means it produces fewer smog-forming emissions than conventionally powered vehicles.¹²

ESh shown in Nebula Gray Pearl // Options shown

ES shown in Nebula Gray Pearl // Options shown

EXHILARATING PERFORMANCE

With three all-new models, including a 302-horsepower V6 engine and an eight-speed automatic transmission, this is the most engaging ES ever.

Craftsmanship isn't only about creating the finest materials—it's about creating the most visceral experience behind the wheel. After years of research and exhaustive testing, one result is a robust 302-horsepower, 3.5-liter direct injection V6 engine. Further amplifying its breathtaking performance, an all-new eight-speed automatic transmission delivers intuitive responsiveness and seamless acceleration. The new ES line also includes a more aggressive F SPORT model and an even more powerful ESh. And for the first time in the ES, paddle shifters are featured on all three models, putting the thrill of lightning-fast gear changes at your fingertips.

LOWER CENTER OF GRAVITY.
HIGHER PERFORMANCE.

With an all-new platform and available high-performance Adaptive Variable Suspension, the all-new ES delivers unprecedented handling.

Coupe-like styling meets extraordinary engineering with an all-new, more rigid platform and lower center of gravity. More agile than ever before, the ES gives you greater responsiveness and control. And for added exhilaration, the F SPORT model offers the same Adaptive Variable Suspension system found in the high-performing LC.

ES shown in Silver Lining Metallic // Options shown

TWO POWER SOURCES. ONE EXHILARATING DRIVE.

The most powerful ESh yet.

The most fuel-efficient Lexus ever.

The most ES, period.

Combining next-generation hybrid technology and a highly potent 2.5-liter engine, this is the best of everything the ES has to offer. Its newly developed battery is not only smaller and lighter, but also strategically placed as close to the middle of the vehicle as possible for optimized front/rear weight distribution and a lower center of gravity. And with paddle shifters that deliver driving dynamics similar to the ES 350, it brings you closer to the road than ever before. Pairing powerful performance with a combined 44-MPG estimate,³ the ESh isn't just the most fuel-efficient Lexus ever—it's the most fuel-efficient among all non-plug-in luxury vehicles,² period.

ESh shown in Nebula Gray Pearl // Options shown

F SPORT PERFORMANCE

With agile handling, the first-ever ES F SPORT offers performance as dynamic as its style.

Introducing the first-ever ES F SPORT. Inheriting the DNA of the high-performance LC, it offers the same next-generation Adaptive Variable Suspension system with Sport S+ mode for reduced body roll and maximum responsiveness. And, complementing its thrilling performance, it delivers an even more throaty engine note at higher rpm.

ES F SPORT shown in Ultra White // Options shown

F SPORT STYLING

From sliding gauges inspired by the world-renowned LFA supercar to Circuit Red-trimmed sport seats with enhanced bolsters, every aspect of the ES F SPORT interior reflects its exhilarating performance. The sport steering wheel features the same varied grip profile used in the high-performance LC for optimal control. Strikingly styled from the ground up, the ES F SPORT also features exclusive 19-inch wheels,¹ the largest ever on an ES.

ES F SPORT shown with Circuit Red NuLuxe^{®13} and Hadori Aluminum interior trim // Options shown

ESh shown with Apple CarPlay^{®7} integration and Chateau leather interior trim // Options shown

The ES offers numerous breakthroughs from Lexus-first Amazon Alexa^{®6} integration to the world's first Mark Levinson[®] PurePlay sound system.⁵ With the most advanced sound-stage technology available in a Lexus, this system features speakers placed higher within the cabin to reduce reflections and create tonal synergy and nuances not found in any other vehicle. The result: audio that's not only heard, but experienced like never before.

UNPRECEDENTED TECHNOLOGY

Offering all-new, class-leading audio technology⁸ and Lexus-first innovations like Lexus Safety System+ 2.0⁹ and Apple CarPlay⁷ compatibility, this is the most advanced ES yet.

PEACE OF MIND, STANDARD

TECHNOLOGY

Introducing Lexus Safety System+ 2.0, an integrated suite of class-leading standard active safety equipment.^{8,9}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

By enhancing the radar and camera capabilities, it's now possible for the system¹⁴ to help detect not only the vehicle ahead, but also a preceding bicyclist in daytime and even a preceding pedestrian in daytime and low-light conditions.⁴ Should it detect a potential frontal collision, it can help automatically brake the vehicle to a stop.

LANE TRACING ASSIST

When All-Speed Dynamic Radar Cruise Control¹⁵ is enabled, this hands-on system¹¹ monitors visible lane markings or the path of the preceding vehicle to help the driver keep their vehicle centered in the lane by providing steering assistance. Designed for added convenience and to help reduce driver strain, the system can even be used in traffic and on highways with gradual curves.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system¹⁶ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

ROAD SIGN ASSIST

This system¹⁷ uses a built-in camera to help provide road sign information in the instrument panel or even on the available Head-Up Display. In addition to displaying speed limit information, the system can alert you of Do Not Enter, Yield, and Stop signs you otherwise might have missed.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system¹⁵ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams¹⁸ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

ESh shown in Silver Lining Metallic // Options shown

In addition to class-leading standard Lexus Safety System+ 2.0^{8,9}, the all-new ES offers features such as a Blind Spot Monitor¹⁹ to help you safely switch lanes, and an Adaptive Front Lighting System²⁰ to seamlessly illuminate curves as you steer.

ES F SPORT shown in Ultrasonic Blue Mica 2.0²¹ // Options shown

INNOVATION AT YOUR FINGERTIPS. AND BEYOND.

LEXUS ENFORM

Lexus Enform²² elevates connected technology and provides concierge-level convenience. From emergency assistance and available onboard Wi-Fi™ to the ability to start your engine remotely²³ through your smartphone, smartwatch or using the Lexus skill on Amazon Alexa⁶-enabled devices, our premium suite of connected technology offers peace of mind with every drive.

AMAZON ALEXA

Now bring all the convenience of Amazon Alexa⁶ on the road. Using only your voice, you can easily access thousands of the same skills you get with Alexa at home. Listen to audiobooks, stream Amazon Music⁶, make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa even syncs to your Navigation System²⁴ to provide on-the-go recommendations.

APPLE CARPLAY

With new Apple CarPlay^{®7} compatibility, you can access the same familiar interface from your iPhone^{®25} through an available 12.3-inch multimedia display, the largest in its class.⁸ Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,^{®26} and get access to your favorite apps like Spotify,[®] Audible[®] and Apple Podcasts.^{TM27}

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.^{®31} Learn more about these complimentary services at lexus.com/specialists.

HEAD-UP DISPLAY

The available 10.2-inch full-color Head-Up Display, the largest in its class,⁸ can project key information including road signs, speed, current gear and rpm onto the windshield. Display information can also be adjusted to suit the driver.

PANORAMIC VIEW MONITOR

This available system²⁸ utilizes four high-resolution cameras mounted on the front, sides and rear of the vehicle to give you a bird's-eye view of the near environment. Moving View and See-Through View options create a composite image of the vehicle's surroundings as on-screen guides assist with parking and tight maneuvering. The advanced Panoramic View Monitor²⁸ is also linked to the Rear Cross-Traffic Braking system,²⁹ which is designed to help you avoid a potential collision with a static object, or even a pedestrian.

HANDS-FREE POWER TRUNK

The available power open/close trunk with kick sensor³⁰ can be operated using a button on the key fob, the trunk lid or next to the steering wheel. For added convenience when your hands are full, the open/close function can be performed by waving your foot under the rear bumper.

ACCESSORIES

REAR SPOILER

Enhances the bold, aerodynamic presence of your vehicle.

D ILLUMINATED DOOR SILLS

Illuminated door sills include a protective stainless-steel overlay.

BODY SIDE MOLDINGS

With a high-quality body-color finish, these help protect from scratches and dents.

ILLUMINATED TRUNK SILL

This luminous, etched stainless-steel plate offers distinctive style and additional protection when loading cargo.

LEXUS UNIVERSAL TABLET HOLDER⁵³

This secures onto the headrest to hold an iPad^{®25} or other multimedia device to help keep your rear-seat passengers entertained.

WHEELS

The ES offers noise-reduction wheels that force sound waves through resonator holes, increasing friction and converting unwanted sound energy into heat energy that's then dissipated into the air. It's a stylish ride made that much smoother.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty, Eight-year/100,000-mile Hybrid System Warranty. All warranties with zero deductible. See the *ES Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES **1.** 17-, 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy or 15,000 miles, depending upon driving conditions. **2.** 2019 ES vs. 2018/2019 competitors. Excludes plug-in luxury hybrid vehicles. Information from manufacturers' websites as of 5/29/2018. **3.** 2019 EPA estimates. Actual mileage will vary. **4.** The Pedestrian Detection System is designed to detect a pedestrian or a bicyclist ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **5.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **6.** Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain Alexa functionality is dependent on smart home technology. Not all Amazon Alexa skills are available for in-vehicle use. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **7.** Apple CarPlay is a trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. Standard on all ES models from October 2018 production. See dealer for details. **8.** 2019 ES vs. 2018/2019 competitors. Information from manufacturers' websites as of 5/1/2018. **9.** LSS+ drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **10.** Panoramic glass roof available only on ES 350. **11.** Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors, including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **12.** SULEV vehicles must be rated 90% cleaner than the average new model vehicle. **13.** NuLuxe is a registered trademark of Toyota Motor Sales, U.S.A., Inc. **14.** The LSS+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **15.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **16.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **17.** Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and Navigation System (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See *Owner's Manual* for additional limitations and details. **18.** Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **19.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **20.** The Adaptive Front Lighting System helps improve vision at night. Situations such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness, requiring the driver to manually turn off the system. See *Owner's Manual* for details. **21.** Ultrasonic Blue Micra 2.0 available for an additional charge. **22.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See *Owner's Manual* for details. **23.** Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. Registration and app download are required. See usage precautions and service limitations in *Owner's Manual*. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **24.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. **25.** iPhone and iPad are registered trademarks of Apple Inc. All rights reserved. **26.** Always drive safely, obey traffic laws and focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. Data charges may apply. See Apple.com and phone carrier for details. Siri is a registered trademark of Apple Inc. **27.** Apple Podcasts is a trademark of Apple Inc. All rights reserved. Spotify is a registered trademark of Spotify Technology Holding. Audible is a registered service mark of Audible, Inc. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **28.** The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **29.** Do not rely exclusively on the Rear Cross-Traffic Braking system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to braking capability and the function, detection and range of the sensors. See *Owner's Manual* for additional limitations and details. **30.** The hands-free sensor can be affected by water, weather, dirt and other conditions. It may not operate properly, or may operate unintentionally, under certain conditions. See *Owner's Manual* for additional limitations and details. **31.** Face Time is a registered trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **32.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **33.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **34.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloal.org. **35.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **36.** The Scout GPS Link app is compatible with select vehicle models. Availability and accuracy of the information provided by Scout GPS Link is subject to change at any time without notice and is dependent upon many factors, including smartphone connectivity, capability and cellular reception. Always use safe driving practices and follow all traffic rules. Data charges may apply. Scout and Telenav are registered trademarks of Telenav, Inc. The Scout GPS Link trial is at no extra cost and begins when the app is downloaded on the vehicle. Contact the Lexus Customer Assistance Center at 800-255-3987 for length of trial period. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **37.** The Wi-Fi Connect trial period is at no extra cost and begins on the date of activation. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **38.** Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **39.** May not be compatible with all mobile phones, MP3/WMA players and like models. **40.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio and the HD HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **41.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **42.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **43.** All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **44.** Lexus Enform services are dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability to reach the response center or receive emergency support or otherwise limit the functionality of the system. Terms and conditions of subscriber agreement apply. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. The Safety Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. Terms and conditions apply. **45.** Information provided is based on the last time data was collected from the vehicle and may not be up to date. Service Connect is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the respective trial period expires, enrollment in paid subscription is required to access the service. Terms and conditions apply. **46.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **47.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **48.** Automatic Braking is intended to assist a driver, but it is the driver's responsibility to be aware of the vehicle's surroundings. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **49.** The Rear Pedestrian Detection System is designed to detect a pedestrian behind the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of a pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **50.** 2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. **51.** Dynamic Navigation and Dynamic Voice Command are dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Subscription required upon end of trial service period. See *Navigation System Owner's Manual* for additional details. The Dynamic Navigation three-year trial begins the earlier of when the vehicle hits 100 miles or a year after the multimedia system manufacture date, regardless of when you purchase or lease the vehicle. Terms and conditions of subscriber agreement apply. **52.** Destination Assist is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. Use common sense when relying on this information. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. See *Owner's Manual* for additional details. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions of subscription service agreement apply. **53.** Lexus Universal Tablet Holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the vehicle in the event of an accident. Tablet, phone, music and video player sold separately.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See *lexus.com* for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit *lexus.com*. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
