

RX

—

2020 LEXUS

More expressive craftsmanship.
More driver-inspired technology.
More uncompromising versatility.

Experience even more of what makes the RX
the leading luxury SUV of all time.

The 2020 Lexus RX

RX 450h

Offering the best of all worlds, the 2020 RX Hybrid pairs a potent V6 engine with powerful electric motors for an impressive 308 total system horsepower¹ and a 30-MPG combined EPA estimate², along with all-wheel drive performance.

RX F SPORT MODELS

Take the RX 350 and RX 450h to the next level with bold interior and exterior styling, including exclusive bolstered sport seats, a redesigned lower front spoiler and 20-inch alloy wheels³ with Dark Graphite finish. For added exhilaration, the F SPORT models also offer a more advanced Adaptive Variable Suspension, enhanced steering and Sport S+ drive mode.

RX 350

With a more dynamic front fascia, the 2020 RX 350 boasts a 295-horsepower, 3.5-liter V6 engine with eight-speed automatic transmission. Every RX features a suite of premium technology, including new Amazon Alexa⁴ compatibility, a touchscreen and available color Head-Up Display. As well as new Android Auto^{TM5} and Lexus Safety System+ 2.0⁶, which includes preceding pedestrian and bicyclist detection⁷. Front-wheel drive or available all-wheel drive.

RX 350L / RX 450hL

Enjoy the RX in a sleek and stylish three-row crossover. Both models offer ample cargo space⁸ and third-row comforts that include power-folding seats and dedicated climate control. Seats six with captain's chairs (standard on RX 450hL, available on RX 350L) or seven with second-row bench seating⁹ (standard on RX 350L). Front-wheel drive (standard on RX 350L) or all-wheel drive (standard on RX 450hL, available on RX 350L).

RX F SPORT shown in Ultra White with Circuit Red NuLuxe^{®10} and Scored Aluminum interior trim

RX F SPORT shown in Atomic Silver

RXh shown in Matador Red Mica

RX shown in Nightfall Mica

With a distinct floating roofline and unapologetic accents, the RX makes a statement even before you arrive. This confident crossover delivers daring illumination with new, thinner available Premium Triple-Beam LED headlamps that feature an eye-catching L shape, as well as redesigned taillamps. Plus, the three-row RXL features uncompromised styling with added passenger capacity.

DESIGN BEYOND LUXURY

Sleeker and more sophisticated than ever before, the 2020 RX features a redesigned front fascia, elegant character lines, and more expressive headlamps and taillamps.

RX shown in Eminent White Pearl (left), RXL shown in Atomic Silver (right)

PUSHING THE LIMITS OF SPACE AND STYLE

*Discover refined styling, comfort
and a larger interior with the
seven-passenger RX 350L.*

While it boasts the same powerful stance, signature floating roofline and distinctive wraparound LED taillamps as the five-passenger RX, the RXL features one noteworthy addition: a power-folding third row. Crafted to impress as much for its seamless function as for its striking form, it incorporates class-leading cargo space^{8,11} and seating for up to seven in the RX 350L and up to six in the RX 450hL.⁹

With room for up to seven passengers in the RX 350L and six in the RX 450hL,⁹ you can take on all of life's curves. Whether it's taking a couple more kids to practice, driving your colleagues to lunch, or making room for your latest antiquing find, the three-row RXL has you covered.

POWER-FOLDING SEATS

For easy access, simply tilt and slide the second-row seat and step into the inviting third row. Plus, both the RX 350L and RX 450hL feature power-folding third-row seats with a 50/50 split for added versatility.

CLASS-LEADING CARGO SPACE

Even with the third row up, the RX 350L and RX 450hL both have more cargo space than our competitors.^{8,11} So you'll have plenty of room for the weekend's purchases—and then some. For added convenience, a new Power Rear Door with Kick Sensor¹² is also offered. Simply kick your foot under the rear bumper to open or close.

RXL shown in Atomic Silver

THREE ROWS. ENDLESS ADVENTURES.

Embrace the unexpected with power-folding third-row seats and class-leading cargo space.

SEVEN-PASSENGER SEATING

With available six- or seven-passenger seating, the RXL offers the ultimate luxury: flexibility.

Why take two cars when you can take one? The RX 350L and RX 450hL are designed to ensure everyone can come along for the ride. With available supple leather-trimmed seats, plenty of legroom and dedicated third-row climate control, the longer the road trip, the better.

CAPTAIN'S CHAIRS

Ready to take second-row comfort to first-class standards? Now you can, with luxurious available captain's chairs.⁹ This configuration seats six and creates an aisle that accentuates the inviting feel of the cabin. Meanwhile, a tilt-and-slide seat feature makes access to the third row even more convenient.

RXL shown with Parchment leather and Gray Sapele wood with Aluminum interior trim and captain's chairs⁹

INTERIOR DESIGN

Crafted with attention to even the smallest details, the RX is filled with an abundance of distinctive extras.

AMBIENT LED ILLUMINATION

Adding intrigue to the interior, available ambient LED lighting brightens and dims in a coordinated series to welcome the driver into the RX. Soft lighting also illuminates the area surrounding the vehicle the moment you approach, for added visibility and peace of mind.

HEATED AND VENTILATED SEATING

Taking luxury further, the available heated and ventilated front seats offer heaters and fans in the seat cushions to provide optimum comfort, regardless of the weather. Heated second-row outboard seats are also available in all RX models, including the three-row RX.

MULTI-ZONE CLIMATE CONTROL

Customize the climate around you. Individual settings allow the driver and front passenger to adjust their preferred temperatures. Plus, the RX 350L and RX 450hL feature dedicated climate control for passengers in the third row. To help ensure the cabin stays fresh, an available smog-sensing climate-control system automatically switches into recirculation mode if it senses high levels of pollutants outside.

RX F SPORT shown with Circuit Red NuLuxe^{®10} and Scored Aluminum interior trim

CUTTING-EDGE CRAFTSMANSHIP

A renowned eye for detail, precision-crafted Yamaha® wood accents and hand-selected leather trim come together to create our most refined RX yet.

Art meets technology as handcrafted trim undergoes a meticulous process by expert *takumi* craftsmen. The available Yamaha Gray Sapele wood is created by the same artisans responsible for producing some of the world's finest musical instruments. This artful trim marries the natural expression of fine wood with the clean sophistication of brushed aluminum as the opposing materials are layered upon each other. Laser technology then engraves the wood surface to reveal the metallic lines underneath. An available perforated semi-aniline leather-trimmed interior elevates every drive, while convenient power-folding and -reclining¹³ second-row seats offer easy versatility in the RX 350 and RX 450h. In addition, power-folding seats are standard in the third row of the RX 350L and RX 450hL.

TECHNOLOGY BEYOND TODAY

Android Auto functionality. Amazon Alexa compatibility. A convenient, new touchscreen and much more. This is the most connected RX yet.

See more and do more with advanced technology that's right at your fingertips. With new Android Auto,^{TM5} you'll enjoy access to a variety of messaging apps like WhatsApp.[®] It also features the unique capability to anticipate and provide personalized information. Meanwhile, you can start your engine remotely¹⁴ with your smartwatch, or start your favorite podcast in your kitchen and finish it on your drive to work with Amazon Alexa⁴ compatibility. And for added convenience, an available pinch- and zoom-enabled 12.3-inch touchscreen multimedia display is intuitively placed to provide easier access to Lexus Enform¹⁵ apps, navigation and more.

COMMAND CENTER

Experience connected technology at your fingertips and the forefront of driver convenience.

APPLE CARPLAY®

With Apple CarPlay¹⁶ integration, you can access the same familiar interface from your iPhone^{®17} through the vehicle's multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,^{®18} and get access to your favorite apps like Waze, Spotify[®] and Apple Audiobooks.^{TM19}

AMAZON ALEXA

Bring all the convenience of Amazon Alexa⁴ on the road with the Lexus+Alexa²⁰ app. Using only your voice, you can easily access thousands of the same features and skills you get with Alexa at home. Listen to audiobooks, stream Amazon Music,⁴ make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System²¹ or provide on-the-go directions via the integrated Waze app.

ANDROID AUTO

With Android Auto,^{TM5} you can now seamlessly cast your device's interface onto the vehicle's multimedia display. Play your music via your favorite apps such as Spotify[®] and Pandora,[®] send messages through a range of commonly used apps like WhatsApp,[®] navigate with Google Maps^{TM22} or Waze, and request information—all with just the sound of your voice—through Google Assistant.²² For added convenience, Android Auto can also deliver tailored information based on your calendar, usage activity and habits.

POWER REAR DOOR WITH KICK SENSOR

The power rear door can be opened and closed using a button on the key fob, on the door lid or next to the steering wheel. For added convenience when your hands are full, the open/close function can now also be performed by kicking your foot under the rear bumper.¹²

PANORAMIC VIEW MONITOR

The RX offers passionate design with optimal visibility, as seen in the available Panoramic View Monitor.²³ Four high-resolution cameras mounted on the front, sides and rear of the vehicle give drivers a bird's-eye view of the near environment. Moving view and see-through view options create a composite image of the vehicle's surroundings as on-screen guides assist with parking and tight maneuvering.

LEXUS ENFORM

Lexus Enform¹⁵ elevates connected technology and provides concierge-level convenience. From emergency assistance and onboard Wi-FiTM to the ability to start your engine remotely¹⁴ using your smartphone, smartwatch, the Lexus skill on Amazon Alexa⁴ built-in devices, or the Lexus action on Google Assistant-enabled²² devices, our premium suite of connected technology offers peace of mind with every drive.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.^{®24} Learn more about these services at lexus.com/specialists.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+ 2.0, an integrated suite of class-leading standard active safety equipment.^{6,25}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

By enhancing the radar and camera capabilities, it's now possible for the system²⁶ to help detect not only the vehicle ahead, but also a preceding bicyclist in daytime and even a preceding pedestrian in daytime and low-light conditions.⁷ Should it detect a potential frontal collision, it can help automatically brake the vehicle to a stop.

LANE TRACING ASSIST

When All-Speed Dynamic Radar Cruise Control²⁷ is enabled, this hands-on system²⁸ monitors visible lane markings or the path of the preceding vehicle to help the driver keep their vehicle centered in the lane by providing steering assistance. Designed for added convenience and to help reduce driver strain, the system can even be used in traffic and on highways with gradual curves.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system²⁹ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

ROAD SIGN ASSIST

This system³⁰ uses a built-in camera to help provide road sign information in the instrument panel. In addition to displaying speed limit information, the system can alert you of certain detected signs you otherwise might have missed.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system²⁷ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams³¹ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

MARK LEVINSON® PREMIUM SURROUND SOUND AUDIO SYSTEM

The available Mark Levinson®³² Premium Surround Sound Audio System features patented, proprietary Clari-Fi®³² technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from any source. Combined with technology designed to create an expansive “sweet spot” of audio, it envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

RX shown with Black semi-aniline leather and Gray Sapele wood with Aluminum interior trim

PERFORMANCE BEYOND EXPECTATIONS

From the fuel-efficient and high-performance hybrid to the available F SPORT, the RX turns heads and overturns convention.

RX F SPORT shown in Atomic Silver

Engineered to tap into the strength of an even more reinforced chassis, the optimized suspension delivers enhanced handling and a ride that's smoother than ever before. When combined with an array of performance features, including a transmission so intelligent it can increase torque at lower speeds for improved acceleration, new Active Cornering Assist, lightning-fast paddle shifters on every model, and an available more advanced Adaptive Variable Suspension that can monitor and adjust the shock absorber settings depending on conditions, the result is a vehicle that does more than run the show. It stops it.

POWER ON DEMAND

RX 350 AND RX 350L

Experience luxury that roars. A 3.5-liter V6 engine with direct and port fuel injection pairs exhilarating power with efficient fuel economy. Combined with a quick-shifting eight-speed transmission, and delivering 295 (RX 350) or 290 horsepower (RX 350L), both models offer dynamic performance at every curve.

For even greater control, an innovative dual Variable Valve Timing with intelligence (VVT-i) system offers precise engine performance as it reduces emissions and enhances fuel efficiency. VVT-i monitors the engine's speed and load, increasing torque at lower speeds for improved acceleration and boosting performance at higher speeds by adjusting intake and exhaust valve timing.

RX shown in Atomic Silver

TWO POWER SOURCES. UNEQUALED PERFORMANCE.

*Our most powerful RX combines
a potent 3.5-liter engine with
dynamic electric motors.*

Take everything you love about the RX. Then give it more performance. And more efficiency. That's the philosophy behind the RX 450h and RX 450hL, which boast a potent 3.5-liter V6 engine—paired with powerful electric motors and an Electronically controlled Continuously Variable Transmission—for a combined 308 total system horsepower,¹ 30- and 29-MPG combined EPA estimates,² instant torque delivery and AWD performance. All without requiring a charge. Both models also feature a Super Ultra-Low Emission Vehicle (SULEV) rating.

Craving more of an edge? The RX 450h F SPORT adds bold styling and offers an Adaptive Variable Suspension that will take performance even further.

RXh F SPORT shown in Ultra White

ALL-WHEEL DRIVE

Stay in control with available Active Torque Control all-wheel drive. This intelligent system monitors road conditions in real time, automatically shifting engine power between front and rear axles, while 100% of the power goes to the front wheels during normal driving conditions for improved efficiency. And standard on the RX 450h and RX 450hL, electronic all-wheel drive features a rear electric motor that delivers instantaneous torque to the rear wheels when you need it, with no friction loss.

RX F SPORT AWD shown in Matador Red Mica

In addition to more aggressive styling inside and out, the RX F SPORT's exclusive features deliver even more control and exhilarating intensity. It boasts the same available Adaptive Variable Suspension found in the high-performance Lexus LC that allows you to customize the shock absorber settings for improved ride comfort or reduced body lean as you enter and exit turns. The powerful V6 emits a throaty engine note when accelerating. And, putting thrilling performance right at your fingertips, paddle shifters offer lightning-fast upshifts and heart-racing split-second downshifts.

RX F SPORT shown in Atomic Silver

EXCLUSIVE PERFORMANCE DRIVE MODES

To help provide the highest level of responsiveness, the F SPORT offers exclusive drive modes. Sport S+ mode enhances steering and adjusts the Adaptive Variable Suspension, while Custom mode allows you to personalize everything from road feel to responsiveness. Further enhancing the excitement, an exclusive LFA-inspired gauge cluster provides real-time information such as G-force metrics, power distribution and more.

F SPORT PERFORMANCE

With an enhanced available sport-tuned suspension from the high-performance LC and exclusive drive modes, the RX F SPORT is engineered to spark attention and adrenaline.

F SPORT STYLING

The bold F SPORT perspective is obvious throughout the driver-centric interior. In addition to exclusive race-inspired instrumentation and bold aluminum accents, you'll find performance upgrades, including bolstered sport seats, a black headliner, a perforated leather-trimmed sport steering wheel and shift knob, plus aluminum pedals and more.

RX F SPORT shown with Circuit Red NuLuxe^{®10} and Scored Aluminum interior trim

F SPORT BOLSTERED SEATS

Signature race-inspired F SPORT bolstered seats provide the ideal posture, control and visibility for enhanced driving performance. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, their low position helps place the driver's hip point as close as possible to the car's center of gravity, for a more dynamic driving experience.

20-INCH DARK GRAPHITE ALLOY WHEELS

Punctuating the attitude of the aggressive exterior, exclusive F SPORT 20-inch Dark Graphite alloy wheels³ enhance the vehicle's low, powerful stance.

PACKAGES

- PREMIUM PACKAGE (RX)**
- Matte Walnut or Matte Bamboo wood interior trim
- A Rear armrest storage compartment
- Lexus Memory System for steering wheel, driver’s seat, outside mirrors and steering wheel
- Power-folding, auto-dimming outside mirrors

- PREMIUM PACKAGE (RXL)**
- Open-Pore Brown Walnut or Matte Bamboo wood interior trim
- Power moonroof

- LUXURY PACKAGE (RX, RXL)**
- Includes Premium Package, plus:*
- Heated wood- and leather-trimmed steering wheel
- Semi-aniline leather interior trim
- Gray Sapele wood with Aluminum trim
- Lexus Memory System for driver’s seat and outside mirrors (RXL)
- Power cushion extender for driver’s and front passenger’s seats
- Manual rear side-door sunshades
- LED ambient illumination and LED-illuminated door sills
- 20-in split-10-spoke alloy wheels³

- PERFORMANCE PACKAGE (RX F SPORT, RXh F SPORT)**
- F SPORT-tuned Adaptive Variable Suspension
- F SPORT-tuned Electronic Power Steering
- Drive Mode Select adds Sport S+ mode
- Sound generator (RX 350)
- Heated steering wheel

- NAVIGATION PACKAGE**
- B Navigation System²¹
- Lexus Enform Dynamic Navigation.^{15,46} Included for up to the first three years of ownership.
- 12.3-in touchscreen display
- GPS-adjusted analog clock
- Dynamic Voice Command⁴⁶
- Lexus Enform Destination Assist.⁴⁷ Included for the first three years of ownership.
- 12-speaker Premium Sound System including subwoofer
- Climate control with smog-sensing automatic recirculation mode

- NAVIGATION / MARK LEVINSON® PACKAGE**
- Includes Navigation Package, plus:*
- Mark Levinson^{®32} 15-speaker, 835-watt Premium Surround Sound Audio System

- COLD WEATHER PACKAGE**
- Windshield wiper de-icer
- Auto-leveling headlamps
- Headlamp washers
- Fast-response interior heater

- TOWING PREP PACKAGE (RX, RXh, RXL)**
- Heavy-duty radiator
- Engine and transmission-oil coolers

OPTIONS

- INDIVIDUAL OPTIONS**
- Premium Triple-Beam LED headlamps with washers, dynamic auto-leveling, LED turn signals, cornering lamps and taillamps
- Bi-LED headlamps with Adaptive Front Lighting System⁴⁸ (RX, RXh)
- Heated leather-trimmed steering wheel
- Heated wood- and leather-trimmed steering wheel
- Heated front seats (RX, RXh)
- Heated and ventilated front seats
- Heated and ventilated front and heated second-row outboard seats (RXL, RXhL)
- C Second-row captain’s chairs⁹ (RXL)
- Power-folding, 60/40-split, heated second-row outboard seats with heated and ventilated front seats (RX, RXh)
- Power moonroof and aluminum roof rails^{44,45} (RX, RXh)
- Panorama glass roof and aluminum roof rails^{44,45} (RX, RXh)
- Power Rear Door with Kick Sensor¹²
- Blind Spot Monitor⁴⁹ with Intuitive Parking Assist⁵⁰ Auto Braking⁵¹ and Rear Cross-Traffic Alert,⁵² and power-folding outside mirrors
- Blind Spot Monitor⁴⁹ with Intuitive Parking Assist⁵⁰ and Rear Cross-Traffic Alert,⁵² Panoramic View Monitor²³ and power-folding outside mirrors
