

Can the vehicle in your driveway also fit perfectly in your life?

Can a new source of power inspire a new sense of adventure?

Can a space designed for seven feel like a space designed for you?

To craft the most amazing machines,  
you don't start with machines at all.  
You start with people.

The 2024 Lexus TX

#### TX 350

Introducing the new benchmark of three-row luxury, where up to seven can ride in premium comfort. The first-of-its-kind TX boasts a 275-horsepower,<sup>1</sup> turbocharged 2.4-liter engine and eight-speed automatic transmission. Explore a suite of premium technology, including Lexus Interface.<sup>2</sup> And innovations such as standard Lexus Safety System+ 3.0<sup>3</sup> and Digital Latch with Safe Exit Assist<sup>4</sup> bring added peace of mind to every drive.

#### TX 550h+ LUXURY PLUG-IN HYBRID

The smoothness of an electric drive. And the go-anywhere confidence of an advanced gas/electric hybrid powertrain. Experience the best of all worlds with the TX 550h+ Plug-in Hybrid Electric Vehicle (PHEV).<sup>5</sup> Based on the generously equipped Luxury model, the TX 550h+ PHEV is designed to let you plug in on your schedule and has up to a manufacturer-estimated 33 miles of pure electric driving.<sup>6</sup>

#### TX 500h F SPORT PERFORMANCE

With its extensive performance upgrades, the TX F SPORT Performance heightens the driving experience at every turn. This SUV makes a daring first impression with its exclusive exterior upgrades and unique 22-inch alloy wheels. And when you experience its Adaptive Variable Suspension, and innovative turbocharged and electrified powertrain—rated at 366 net combined horsepower<sup>1</sup> and 409 lb-ft of torque<sup>1</sup>—it will leave a lasting impression on you.

TX 500h F SPORT Performance Luxury shown with Apple CarPlay<sup>®</sup>  
integration for iPhone<sup>®</sup> and Black leather-trimmed interior

TX 500h F SPORT Performance Luxury shown with Birch leather-trimmed interior; available power-folding third row (top right); wireless phone charger<sup>10</sup> (bottom right)

Introducing the first-ever Lexus TX, an all-new luxury three-row SUV where every seat has been thoughtfully designed to let passengers plug in or simply unwind. A generous cargo area behind the third row helps ensure nothing gets left behind. This is more than a three-row SUV. This is the new era of three-row luxury.

# THREE ROWS. ALL LEXUS.

Introducing the first-ever TX.  
A three-row SUV as only Lexus  
could imagine.

TX 500h F SPORT Performance Luxury shown in Caviar

## LUXURY FOCUSED ON YOU

*Indulgent details that elevate every drive.*

Crafted with a meticulous obsession to detail, the cockpit of the TX is a reminder that the inspiration behind every Lexus starts with the driver. With sculpted power-adjustable heated front seats with available ventilation, three-zone climate control and available selectable ambient lighting, the TX feels as if it was tailored just for you. An easy-access center console and standard wireless charging<sup>10</sup> offer added convenience. Rich materials including Black Grained trim and available semi-aniline leather-trimmed seating bring added elegance to every road trip. And as the cabin was designed to reduce unwanted noise, the TX is more than just a three-row SUV—it's your three-row sanctuary.

TX 350 Luxury shown with Birch semi-aniline leather and Black Grained interior trim

## ROOM FOR EVERYONE. COMFORT FOR ALL.

*Find relaxation in a space designed to help you get away from it all.*

Whether you prefer to sit in the front, the back, or somewhere in the middle, every seat in the TX has been crafted to feel like your personal retreat. Lexus engineers spent countless hours crafting the third row of the TX, analyzing everything from hip angles to resting foot positions in order to create an ideal seating position. USB-C ports<sup>11</sup> and innovative storage cubbies for every seat help provide power and storage for everyone's favorite gadgets. Available heated and ventilated second-row captain's chairs offer an elevated level of customized comfort. And the available panorama glass roof further opens up the TX's bright and spacious cabin.

TX 350 Luxury AWD shown with options in Wind Chill Pearl

## EXPRESSIVE DESIGN

*With its powerful stance and elegant details, the TX captivates from every angle.*

Boldly original. Distinctly Lexus. Every element of the TX was carefully considered to ensure this SUV carries a commanding presence. Its stance: athletic and powerful, purposely designed to evoke the signature driving performance crafted by the Lexus master drivers. Announcing every arrival is the front fascia, which proudly wears the latest expression of the Unified Spindle grille and is adorned with dramatic LED lighting. Available 22-inch wheels bring added style to any journey. And in the rear, the signature LED Blade Taillamp ensures that this SUV leaves a lasting impression.

With 97 cubic feet of total cargo capacity,<sup>12</sup> the TX offers room for more possibilities. With all seats up, this SUV provides 20.2 cubic feet of cargo space behind the third row—enough room for seven standard-sized carry-on suitcases. A Power Rear Door with Kick Sensor<sup>13</sup> provides easy access, and for added convenience an available power-folding split third-row seat provides additional cargo space with the touch of a button. And with two available 120V power outlets,<sup>14</sup> you can power your favorite electronic devices, no matter where your travels take you.

TX 350 Luxury AWD shown with Birch semi-aniline leather interior trim

## LEAVE NOTHING BEHIND

*Access a generous cargo area that lets you  
bring more along for every adventure.*

---

TX 500h F SPORT Performance Luxury shown in Incognito

Whether your journeys take you across the country or simply across town, every facet of the TX has been engineered to deliver an exceptional driving experience. Its strong, rigid chassis has been paired with an expertly tuned suspension to deliver a ride that's as smooth as it is responsive. Three potent powertrains are available, each of which gives the TX the brawn to tow 5,000 pounds.<sup>7</sup> And with all-wheel drive offered across all TX models, this three-row SUV can give you the confidence to take on your every drive.

# CROWD- PLEASING PERFORMANCE

Offering three distinct powertrains, available all-wheel drive and a towing capacity of 5,000 pounds, the TX is ready to help you take command of every road trip.

# HIGHLY REFINED. HIGHLY RESPONSIVE.

*Elevate every drive with a turbocharged engine that effortlessly blends power and efficiency.*

—

This is where impeccable engineering meets intuitive response. Powering the TX 350 is a 2.4-liter turbocharged in-line 4-cylinder engine rated at 275 horsepower.<sup>1</sup> Its flat torque curve helps you more easily access its 317 lb-ft of torque<sup>1</sup> to give you the passing power you need, when you need it. For added confidence in almost any weather, available electronically controlled full-time all-wheel drive doesn't just handle the road—it reacts to it. Monitoring surface conditions in real time, this system can automatically shift engine power between the front and rear axles of the TX, and can send as much as 50% of available drive force to the rear wheels when needed.

TX 350 Luxury AWD shown in Wind Chill Pearl

# **AS PLUGGED IN** *AS YOU WANT TO BE*

*Take charge with the TX 550h+ Plug-in Hybrid Electric Vehicle\**

Based on the generously equipped Luxury model, the TX 550h+ is a PHEV that features a 3.5-liter V6 gasoline engine, a high-density lithium-ion battery pack and an advanced all-wheel drive system that work in concert to produce 404 net combined horsepower.<sup>1</sup> With a full charge, the TX 550h+ has an estimated 33 miles of pure-electric driving.<sup>6</sup> And when your journey takes you beyond the plug, the TX 550h+ can seamlessly continue to operate in hybrid mode.

TX 500h+ Luxury shown in Wind Chill Pearl

\*Limited availability

# THE TX 500h F SPORT PERFORMANCE

*Introducing our newest expression of hybrid power.*

Connect to your drive like never before with the TX 500h F SPORT Performance AWD. Unique exterior styling elements—including a revised front fascia and 22-inch alloy wheels—are as functional as they are striking. Its powerful electrified powertrain combines a potent 2.4-liter turbocharged gasoline engine with a high-capacity battery and high-torque electric motors to produce 366 net combined horsepower<sup>1</sup> and a 0–60 mph time of just 6.1 seconds.<sup>15</sup> In addition, its Adaptive Variable Suspension allows you to customize shock absorber settings to optimize comfort and handling characteristics.

## DIRECT4 ALL-WHEEL DRIVE

Fundamental to this TX's expression of performance is its innovative DIRECT4 all-wheel drive system, which utilizes a high-output electronic axle (eAxl) to help drive the rear wheels. Highly intelligent, this system constantly monitors how each individual wheel is interacting with the road, imperceptibly shifting power as needed to optimize traction and heighten your feeling of control. Not only does this system help provide instantaneous power off the line, it can also seamlessly shift the character of the vehicle to better reflect the needs of your drive. Relaxing when you want it. Engaging when you desire it. This is driving, evolved.

TX 500h F SPORT Performance Luxury shown in Nightfall Mica

TX 350 Premium AWD shown with Black NuLuxe® and Black Grained interior trim

## ON THE CUTTING EDGE

With features including Lexus Interface, a stunning 14-inch touchscreen display and wireless Apple CarPlay® integration, this is technology designed around you.

Go beyond interaction. Experience connection, where technology can learn to understand you. Case in point: Lexus Interface<sup>2</sup> seamlessly connects you via touchscreen—or voice—to the many benefits of an active Drive Connect<sup>2</sup> trial or subscription. Its Intelligent Assistant feature gets smarter over time, and Cloud Navigation offers more accurate directions. Plus, it includes the convenience of the Profiles feature, which allows different drivers to create personalized settings that can be used across vehicles equipped with Lexus Interface. The product of relentless imagination and human-centered design, this is technology as it should be.

TX 350 Luxury AWD shown with options in Wind Chill Pearl

## TECHNOLOGY TO ELEVATE YOUR EVERY DRIVE

*The TX offers a suite of advanced driver-assist technologies that put innovation at your command.*

True luxury should make you feel at ease. That's why the TX offers a host of available technologies designed to bring confidence and convenience to every drive. Among the many benefits of an active Drive Connect<sup>2</sup> trial or subscription, Traffic Jam Assist<sup>16</sup> provides hands-free steering assistance, automatic braking and acceleration in low-speed traffic situations. Advanced Park<sup>17</sup> and Panoramic View Monitor<sup>18</sup> make it easier to get the TX in and out of tight parking spaces. And when parked, Digital Latch with Safe Exit Assist<sup>4</sup> can monitor surroundings for oncoming vehicles or bicyclists, and can prevent the door from opening until conditions are determined to be clear.

## COMMAND CENTRAL CENTERED AROUND THE DRIVER

*Experience connected technology at your fingertips  
and at the forefront of driver convenience.*

### WIRELESS ANDROID AUTO

With wireless Android Auto™<sup>19</sup> compatibility, you can connect your Android™<sup>20</sup> phone to experience your apps on the vehicle's touchscreen multimedia display. Play your music via your favorite apps such as Spotify®<sup>21</sup> and Pandora®, send messages through a range of commonly used apps like WhatsApp®, navigate with Google Maps,<sup>22</sup> and request information—all with your voice. For added convenience, Android Auto can also help shorten your commute by automatically finding alternate routes if it detects heavy traffic.

### WIRELESS APPLE CARPLAY

With wireless Apple CarPlay®<sup>8</sup> integration, you can access the same familiar interface from your iPhone®<sup>9</sup> through the vehicle's touchscreen multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri®,<sup>23</sup> and get access to your favorite apps like Waze®, Spotify and Apple Audiobooks.

### DIGITAL KEY

Share vehicle access via the Lexus app. With an active Remote Connect<sup>24</sup> trial or subscription, the available Digital Key<sup>24</sup> feature makes it simple for you and up to seven friends to lock, unlock and start your TX by smartphone.

### ADVANCED PARK

Moving in and out of tight parking spots has never been easier. Available Advanced Park<sup>17</sup> is designed to control steering, acceleration, braking and gear changes when parallel parking or entering/exiting a perpendicular parking space.

### PANORAMIC VIEW MONITOR

Four available high-resolution cameras mounted on the front, sides and rear of the vehicle give drivers a bird's-eye view of the near environment.<sup>18</sup> Moving View and See-Through View options create a composite image of the vehicle's surroundings as on-screen guides help assist with parking and tight maneuvering.

### DIGITAL REARVIEW MIRROR

The available Digital Rearview Mirror can help increase your field of vision via a high-definition camera that's designed to provide an unobstructed view of the road behind you. Simply toggle the lever to switch between analog and digital mirror modes.

### MARK LEVINSON SURROUND SOUND

Unlock a deeper appreciation of sound and experience music in its highest fidelity with available Mark Levinson® PurePlay Surround Sound. Boasting 1,800 watts and 21 speakers meticulously positioned throughout the cabin, this bespoke system envelops you in a three-dimensional soundscape that's crafted by the same masters who engineer six-figure home audio systems.

### HEAD-UP DISPLAY

To help keep your focus on the road ahead, an available 10-inch Head-Up Display projects key information, such as current vehicle speed or specific navigation<sup>25</sup> directions, at customizable heights onto the windshield.

### TRAFFIC JAM ASSIST

Like cruise control for when highway traffic isn't cruising. With an active Drive Connect<sup>26</sup> trial or subscription, this available technology<sup>16</sup> can monitor surrounding traffic in condensed, low-speed driving situations and automatically move forward and brake as needed to keep a preset following distance behind the preceding vehicle. In addition to providing hands-free steering assistance, this system can automatically bring the vehicle to a complete stop, then resume its path of travel as forward traffic begins to move.

### DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime®. Learn more about these services at [lexus.com/specialists](https://lexus.com/specialists).
