NAVIGATOR

2017 LINCOLN NAVIGATOR

Lincoln.com

EMPOWERING YOU TO RISE TO NEW HEIGHTS

NAVIGATOR PERFORMS ON COMMAND.

Exuding a quiet confidence, the design of Lincoln Navigator is inspired by a very particular sort of power. One to which many of us aspire. It's a steadfast strength that radiates outward, silently encircling those around you. From its distinctive satin-finish grille to its graceful wraparound taillamps, Navigator embraces you and your passengers, surrounding each of you in exquisitely crafted, luxurious comfort.

Inside its spacious sanctuary, you'll enjoy seating for up to 8,¹ plus responsive technologies designed to elevate your travels and guide you through each day. Beneath its hood, a 3.5-liter GTDI engine uses twin-turbocharging and direct-injection technology to give Navigator 380 horsepower.² It also produces 460 lb.-ft. of torque² – with plenty available at lower rpm for on-ramps, passing and towing.

PROCEED WITH POISE.

A best-in-class³ 9,000-lb. towing capacity⁴ and standard trailer sway control help make towing look easy. By monitoring the motions of the vehicle to detect trailer sway, and selectively braking individual wheels as needed, this sophisticated technology helps you maintain control of your trailer and your Navigator while towing.⁵ Hill Start Assist helps hold Navigator in place as you move your foot toward the accelerator after having stopped on a hill. It's especially useful on boat ramps.

¹Available feature. ²Horsepower and torque ratings achieved with 93-octane fuel. ³Class is Luxury Premium Utilities based on Lincoln segmentation. ⁴When properly equipped.

⁵Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

RESPONSIVE RIDE WITH AN INDEPENDENT SIDE

Even the most tranquil road can surprise you with the unexpected, thankfully you'll be prepared with Lincoln Drive Control¹ featuring Continuously Controlled Damping (CCD). Using sophisticated sensors, the system reads the road and your driving input every 2 milliseconds. Then, it adjusts to help deliver a smooth ride and responsive handling.

Depending on your mood, feel free to select between 3 drive modes – Comfort, Normal or Sport. With any of them, Electric Power-Assisted Steering (EPAS) constantly adapts to provide the kind of steering response and feedback that make you feel confident behind the wheel.

The Rear Load-Leveling Suspension¹ helps Navigator maintain its ride height for consistent handling, while riding on a fully independent front and rear suspension helps it keep all of your travels as smooth as possible.

¹Available feature.

COMMANDING VIEWS FROM EVERY VANTAGE POINT

GIVE THEM EACH THEIR OWN SPACE.

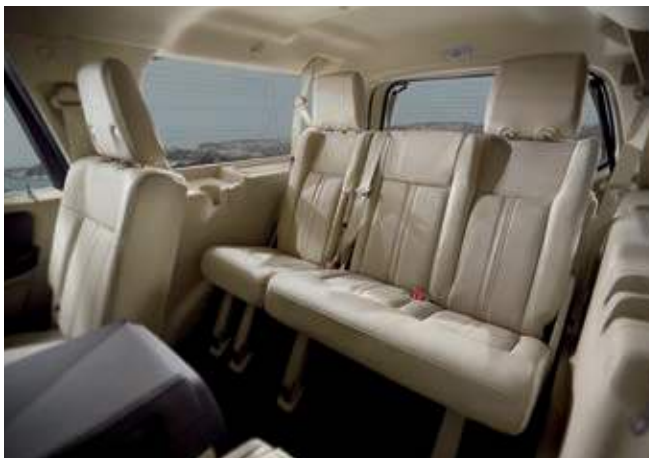

Lincoln Navigator is designed to help you provide your loved ones with the support they need to flourish on every journey. Start with the roomy leather-trimmed, heated 2nd-row bucket seats that feature reclining seat backs, and add a 2nd-row center floor console¹ if you'd like.

PLUS, THE POWER TO ADAPT.

At the touch of a button, the PowerFold[®] 3rd-row 60/40 split bench seat can be folded flat to make way for long cargo. In its upright position, the seat treats your passengers to best-in-class 3rd-row leg room, an added benefit of the independent rear suspension.

AND PUT EVERYTHING IN ITS PLACE.

The long-wheelbase Navigator L provides you with a Cargo Management System to help make the most of the 42.6 cu. ft. of cargo space behind its 3rd row. Life is so much fuller when you're able to bring your loved ones and their favorite things along for the ride.

¹Available feature.

TREAT YOURSELF TO LIFE'S RICH REWARDS.

Navigator commends your efforts and honors your accomplishments with a luxuriously appointed cabin. Relax into its premium leather-trimmed seating – heated and cooled up front for year-round comfort. Note the precise stitching on the leather-trimmed instrument panel¹ and steering wheel. Genuine wood inlays satisfy your penchant for attention to detail. Navigator even recalls settings for your driver's seat, sideview mirrors, brake and accelerator pedals, and tilt/telescoping steering column – all at the touch of a button.

Outside, the power liftgate provides one-touch access to the spacious rear cargo area. Power-deployable running boards lower themselves to ease your entry and exit from the vehicle any time a door is opened. When the doors are closed, the running boards tuck beneath the vehicle for a streamlined appearance. Navigator is filled with thoughtful features designed to help make your life easy and beautiful.

In order to provide this highly refined environment, the Lincoln Luxury Validation Center meticulously inspects the materials, craftsmanship, fit and finish, and function of each Navigator that leaves our facility. This process ensures that it meets Lincoln standards in every way, before you see that it meets yours.

¹Available feature.

A SENSE OF CALM IN A HECTIC WORLD

DON'T BE CAUGHT OFF GUARD.

Some vehicles may be out of your line of sight, but they can be detected by BLIS® (Blind Spot Information System) with cross-traffic alert! If the system's radar sensors detect a vehicle in either blind spot while you're driving forward, the system can alert you with a light in the corresponding sideview mirror. While backing up, it can also detect a vehicle approaching from either side, then notify you with a warning light and an audible tone.

PLAN AHEAD.

As you drive your Navigator into or out of a parking space, the Forward Sensing System¹ helps by alerting you with audible tones if it detects an object near your front bumper.

MAINTAIN CLARITY.

When wet weather blows your way, Navigator keeps the view ahead clear by automatically activating its rain-sensing, speed-sensitive intermittent windshield wipers.

AND BACK UP YOUR SENSES.

As you back your Navigator into or out of tight spaces, the rear view camera provides full-color visuals, and the Reverse Sensing System emits audible tones to help!

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

GIVE THEM A SENSE OF SECURITY.

Navigator surrounds you and your loved ones with its structural safety cage, dual-stage front airbags and front-seat side airbags for the driver and front passenger, plus side-curtain airbags for outboard passengers in all 3 rows. In addition, the SOS Post-Crash Alert System™ can unlock doors and flash lights to let others know you may need help.¹

REMARKABLE COMPOSURE.

Slippery surfaces and emergency maneuvers often require a bit more from your vehicle. Fortunately, Navigator provides just the help you need. AdvanceTrac® with RSC® (Roll Stability Control™) can selectively apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.²

BRILLIANT VISION.

As you guide Navigator through curves, the bright white beams of its adaptive HID headlamps move in the same direction as your steering wheel. Providing better visibility than conventional halogen lamps, the HID headlamps combine with LED signature lamps and LED daytime running lamps to beautifully illuminate your path.

AND OUTSTANDING DRIVE.

As conditions change, the Control Trac® 4-Wheel-Drive (4WD) System³ helps improve your grip at the turn of a dial. When you choose 4x4 Auto mode, the system can send power to all 4 wheels as required. Or, you can select 4x4 mode for optimal traction in deep snow, ice, shallow sand and other severe off-road conditions.

¹SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ³Available feature.

Staying connected should be second nature. That's the thinking behind the design and high-speed performance of our SYNC® 3 enhanced voice-activated technology.¹ Audio, phone, navigation and other features are concisely presented on the capacitive touchscreen. Steering wheel-mounted controls and simple voice commands let you place and answer calls, plus control music from your devices.

Seamless integration with Siri® Eyes Free brings the power of your paired iPhone® into your vehicle. The Navigation System features easy destination entry and maps with pinch-to-zoom capability, plus it makes it simple to find a new restaurant and much more. With SYNC AppLink™² you can use your voice to control some of your favorite compatible mobile apps while driving, too. Automatic updates over Wi-Fi®³ help keep the system running at its best.

The 14-speaker THX® II Certified Audio System with patented THX Slot Speaker™ technology and specialized digital sound processing fills the cabin with studio-quality sound, ensuring you experience music exactly as the artist intended.

Welcome to the World of SiriusXM®.⁴ Enjoy more than 150 channels including the best commercial-free music, plus every major sport and the biggest names in entertainment, news and comedy, with a 6-month trial subscription to the All Access package included with your new vehicle. You can also listen online and on the SiriusXM app.⁴ The Navigation System includes a 6-year prepaid SiriusXM Traffic and Travel Link®⁴ subscription – the longest of any automobile manufacturer⁵ – that gives you detailed traffic and weather information, fuel station locations and prices, sports scores and much more.

Get more of your favorite music with HD Radio™ Technology. By broadcasting a digital signal over traditional radio frequencies, HD Radio Technology gives you up to 3 additional channels – per FM station – of new, local content. Plus, it can display on-screen information such as artist, song title, album name and more. And it delivers it all without the need for a subscription.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out when the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. ²SYNC AppLink is compatible with select smartphone platforms and requires any compatible app to be installed and running on a capable smartphone while connected to SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. ³Navigation System map updates cannot be received via Wi-Fi and require a separate update. ⁴SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Trial subscriptions not available in AK and HI. ⁵Source: January 2016 analysis of satellite data service offers by Sirius XM to full-line luxury brand vehicles offered in the U.S.A.

2017 LINCOLN NAVIGATOR

Lincoln.com

When you're away, your Navigator patiently awaits your return, then welcomes you by illuminating your path in the darkness.

As you approach, Navigator senses your key fob from up to 8' away and graciously casts a luminous welcome mat with the Lincoln logo upon the ground beneath each sideview mirror.

Take your seat inside the cabin as the warmth of ambient lighting surrounds you, and Navigator adjusts the sideview mirrors with memory to your personalized settings. It's been expecting you.
