EXCELLENCE THROUGH PASSION

LA MASERATI

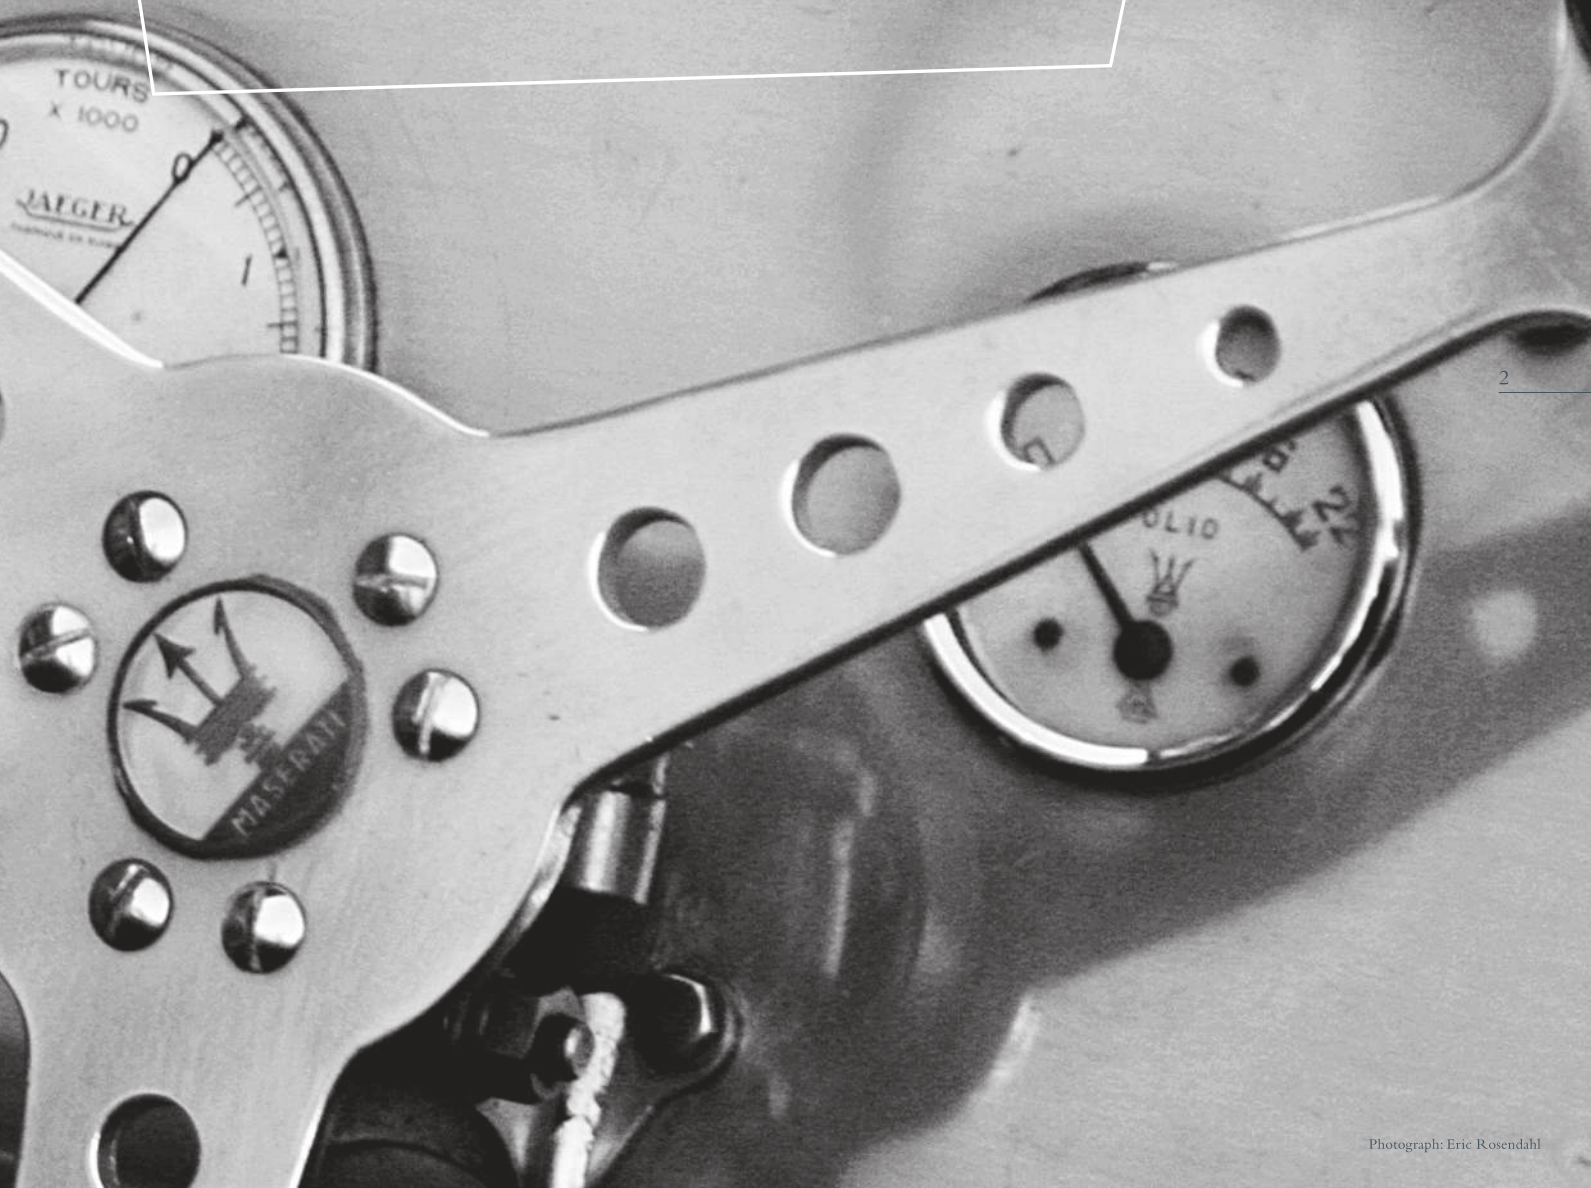

Almost a hundred years after its foundation, Maserati is still keeping faith with its values by continuing to build cars where outstanding sporting performance is always combined with exclusive quality, comfort, luxurious interiors and elegant lines. Its racing pedigree reaches back to the roots of the marque, when the Maserati brothers created some of the most successful, sought-after competition cars.

At the same time, the famed Maserati luxury comes from the perfect combination of Italian craftsmanship and style.

BORN ON THE RACE TRACK

Every Maserati car is the result of an ambition to build unique cars with a great character, created to provide pure emotion. Today, advanced technology is a must, and Maserati conducts constant research into new solutions to make its cars even safer and more exciting to drive while pursuing the need to cut emissions and fuel consumption. Maintaining their historic role as ambassadors for Italian style worldwide, today Maserati cars offer a thrilling combination of the most innovative solutions and the purest craftsmanship.

**CONTINUOUS INNOVATION ROOTED
IN A GREAT TRADITION**

With the birth of every new Maserati car, Maserati itself is reborn. Because every model carries within itself all the marque's history, combined with its innovative charge. Like the Kubang, a concept car that supersedes the past while keeping faith with it, marking the way to a future of technological excellence that cares for the environment, characterised by unmistakable design features. Like the Trident badge in the centre of its radiator grille.

**CUSTOMISING YOUR MASERATI.
YOUR CAR EXQUISITELY TAILORED TO YOUR TASTES**

Maserati was born as a small builder of racing cars, and it is there that its deepest roots lie. Now that the fantastic experience with its most successful model ever, the MC12, has come to an end, Maserati's sporting spirit is embodied in the Trofeo GranTurismo MC, dedicated to gentleman drivers and in the International Superstars Series, where the Swiss Team Quattroporte, driven by Andrea Bertolini, claimed the overall title.
