

MASERATI

GRANTURISMO RANGE

MASERATI

Every Maserati is like a work of art, its perfection expressing the marque's proud history: unmistakable styling and technological innovation, enhanced by the experience and expertise of the Maserati Corse racing team.

Maserati means passion, ingenuity and the eternal quest for perfection. It is also a key part of Italy's long and illustrious automotive tradition. A combination of Italian craftsmanship and groundbreaking technology creates cars in which performance can be experienced to the full for the ultimate in motoring pleasure.

THE MASERATI GRANTURISMO RANGE

EXCELLENCE ON THE ROAD

It was 1947. The original idea of installing a racing engine in a roadgoing car gave birth to the famed A6 1500 GT Pininfarina, the first Maserati GranTurismo. Ever since then, Maserati has led the world in the production of dynamic and desirable performance cars that are exciting to drive, comfortable onboard, and featuring the very highest levels of safety. 60 years later, the dream lives on with the Maserati GranTurismo range, comprising the GranTurismo, GranTurismo Sport and GranTurismo MC Stradale: cars that combine prestige, elegance and immense power – created for those who live life to the full and seek uncompromising motoring pleasure.

MASERATI GRANTURISMO

INNOVATION AND TRADITION

With its distinct personality and unique blend of power and elegance, the Maserati GranTurismo is an extremely desirable car. Its style and design are combined with a presence of unrivalled physicality and drama.

Inspired by the Maserati Birdcage 75th concept car, the exterior appears muscular, with a natural fluidity that starts at the front grille and extends all the way along the sides to the tail lights. This stunning design, with careful attention paid to every tiniest detail, is the outcome of lengthy and meticulous aerodynamic studies. The wind tunnel, where the finishing touches were made to the GranTurismo's lines, was a crucial stage in its development.

A UNIQUE STYLE

The GranTurismo's powerful and dynamic front end is dominated by the oval radiator grille and horizontal headlights, with LED Daytime Running Lights blended perfectly into the bumpers.

The classic 'V' shape bonnet has three air intakes on each side in classic Maserati style, which lighten the long nose section and enhance the overall image of dynamism and verve.

The radical side skirts bring further drama to the car's profile. The rear also echoes the GranTurismo's sportiness and high-tech soul: the triangular rear lights use 96 LEDs, and a wide aerodynamic diffuser opens out over the lower part of the bumper.

The GranTurismo's interior makes a similar statement of prestige and refinement: underlining its exclusivity, the marque's distinctive 'V' motif runs along the top of the dashboard and then appears as a signature on various features like the door panels and quarter panels.

The restrained yet charismatic detailing is exquisite: subtle chrome rings decorate the buttons on the dashboard and steering wheel, the seats are stitched to reflect the line of the radiator grille, the Trident logo is hand-crafted on the seat headrests, and the trim lining on the backs of the gear change paddles and in the storage compartments are in soft, tactile Alcantara®. These are just a few examples of the attention to detail in which Maserati believes so strongly and which creates an overall image that never fails to impress.

When sitting in the driver's seat, the first thing one notices is the three-spoke sports steering wheel with its profiled grip. Leather-covered and extremely ergonomic, it features controls that operate many of the car's systems and promotes safe driving. These buttons control the main multimedia functions, which are then displayed on the 7" screen of the Maserati Multimedia System in the centre of the dashboard.

MASERATI GRANTURISMO SPORT

OPPOSITES ATTRACT

The Maserati GranTurismo Sport is the latest evolution of the Maserati coupé concept. This most recent Maserati has reached new levels of style, sophistication, handling and performance, whilst leaving comfort and drivability uncompromised. Available in two versions with either an automatic or robotic manual gearbox, the GranTurismo Sport has pushed back the frontiers in terms of power and elegance. An extraordinarily charismatic car, it has been designed to satisfy the needs of the most demanding and enthusiastic drivers.

ELEGANCE AND PASSION

A single glance at the GranTurismo Sport can be guaranteed to make the heart beat faster. While it is based on the balanced, seductive styling of the classic GranTurismo, the Maserati Style Centre has worked hard to give this universally acknowledged masterpiece an ultra dynamic look.

One of the most significant areas is the front bumper with air intakes, which not only improve the flow of air and cooling of the front brakes, but also act as a stylistic junction between the traditional oval grille and the headlights – with LED Daytime Running Lights and a new steel finish.

The centre of the grille features the Trident symbol in chrome with red detailing – a tradition reserved for only the most powerful Maseratis. The central splitter is offered in black as standard and in carbon fibre as an optional extra. The rear end then boasts new tail light mouldings with a special fumé finish which accentuates the effect of the 96 LEDs. The standard oval exhaust tailpipes are black, in line with the Shadowline styling, but if the Chromeline option is requested, then these are finished in chrome.

The dynamic appearance of the GranTurismo Sport is intensified by the innovative metallic Blu Sofisticato finish, a colour which makes the bodywork even more eye-catching. The large, 20 inch Astro Design alloy wheels are available in Blu Opaco Anodizzato (anodized matt blue) – a unique finish that accentuates the sporting character of the car. Through them, the powerful Brembo brake callipers are clearly visible.

ERGONOMIC, SPORTS INTERIOR

The interior of the GranTurismo Sport is a fusion of top class materials, expert craftsmanship, obsessive attention to detail and extensive studies in ergonomics. The design objective was to create a superlative sporting experience for the driver, whilst ensuring comfort and spaciousness for everyone else onboard.

The sporting nature of the GranTurismo Sport's interior is also evident in the use of Alcantara® trim and traditional Poltrona Frau® leather, along with the new Dark Chrome and EcoChrome detailing on the dashboard, door panels and quarter panels.

MASERATI GRANTURISMO MC STRADALE

SHARE THE THRILL

Designed to bring the valuable track know-how of Maserati Corse to the road, the GranTurismo MC Stradale has now reached a new landmark in Maserati's eternal quest to combine luxury with uncompromising performance.

The new four-seater interior with sporty, wraparound seats becomes the ideal place for enjoying an incomparable driving experience, and is supplemented by the refined aerodynamics and technological innovation that derive directly from the race track. The new GranTurismo MC Stradale is a unique car that maintains the extraordinary performance, lightness and handling qualities, for which the car is known, while at the same time exalting the values of comfort and practicality typical of the GranTurismo range.

CARBON TAKES SHAPE

The new carbon fibre bonnet, located between the two front headlights and above the characteristic Maserati radiator grille, stands out for its aggressive central air intake and its two generously-sized air vents, modelled on those used on the GranTurismo MC Trofeo race car. In addition, the front spoiler, side skirts and slots in the front bumper combine to push the front of the car down at high speeds, cool the brakes, and deliver downforce to the entire car. The side skirts have been specially designed to integrate with the vents to channel the airflow under the car body, thus further increasing downforce.

THE LIGHTNESS OF THE CARBON-CERAMIC DISCS

The exclusive Brembo carbon-ceramic brakes continue to play a key role in the overall balance of the GranTurismo MC Stradale, guaranteeing powerful braking that is resistant to intensive use and, at the same time, reducing the weight compared with traditional discs of the same diameter by around 60%. The front is equipped with 380x34 mm ventilated discs, operated by a powerful six-piston calliper. The rear disks measure 360x32 mm, with a four-piston calliper.

A RACING CAR FEEL YOU CAN TOUCH WITH YOUR HANDS

In order to evoke a typical racing car atmosphere, the Alcantara® is extended to many parts of the interior, from the central console to the doors and the instrument panel brow, all of which are embellished with fine stitching. A sporty feel also emphasised by the Nero Soft finish on the decorative elements of the dashboard, the door panels, the rear side panels and the special bezel at the base of the rear seat headrests.

QUICK MOVEMENTS ON ALL TERRAINS

The Maserati technicians have introduced all of the ergonomic solutions recently developed for the GranTurismo range to the new GranTurismo MC Stradale, enabling drivers to exploit the car's incredible potential in a highly intuitive way. Peeking out from behind the new steering wheel, sporting a flatter rim and a grip with accentuated profile, are the longer Trofeo Design gear-shift paddles that provide maximum control over gear changes in all driving conditions. The pedals, meanwhile, come in perforated aluminium, to improve the feel and control of the accelerator and brake. Finally, the Race button on the central console enables drivers to quickly switch to the exclusive MC-Race mode, which makes the car even more reactive with gear changes in just 60 milliseconds.

FOUR SEATS TO ENJOY THE CURVES

The new sporty seats with integrated headrest are designed to provide the best driving position, with a high level of lateral support, while at the same time ensuring maximum comfort. The soft Poltrona Frau® leather is combined with a track inspired central section characterised by special Alcantara®. The backrest, adorned with stitching around the periphery that emphasises the craftsmanship of the seats, has an original customisable rear shell in carbon fibre. This shell provides additional leg room to those sitting in the rear seats, which are also redesigned to match the front seats. The result of this set up: improved comfort for all four passengers.

POWER EVIDENT FROM AFAR

The unmistakable roar of the centrally positioned tailpipes is that of the well-known 4.7-litre V8 which, present in its most advanced form, reaches a maximum power of 460 CV. The torque, now up to 520 Nm at 4,750 rpm, immediately emphasises the drive and elasticity of the engine whose intense noise is underlined by the permanent opening of the by-pass valves while in Race mode.

TECHNOLOGY DRIVEN BY INSTINCT

To attain a level of comfort worthy of a luxury GT without compromising the sensations evoked by a race car, the GranTurismo MC Stradale has a specific set-up lowered by 10 mm that guarantees uncompromised levels of handling and driver enjoyment, while the lateral load transfer is limited through the use of more rigid springs and shock absorbers. The Transaxle architecture, with the gearbox mounted on the rear axle, ensures perfect weight distribution with more load on the rear axle for a more instinctive drive.

SPORTING REFLECTIONS

The new GranTurismo MC Stradale debuts in an original triple-layer Grigio Lava (Pearl Grey) shade, an elegant and sporty colour with iridescent qualities. The resultant shimmering effect connects the curves of the bodywork to the numerous streamlined vents. A dynamic effect further enhanced by the new 20-inch Trofeo Design forged rims.

MASERATI. A RACING LEGEND

Maserati was born as a small builder of racing cars, and it is there that its deepest roots lie. With the impressive record of the MC12, Maserati's biggest winner of all time, just behind it, today the marque's spirit lives again in the Trofeo GranTurismo MC, dedicated to gentlemen drivers.

TROFEO MC WORLD SERIES. STYLISH TRACK EXCITEMENT

Following the success of the previous season, the Maserati Trofeo MC will be back in 2013 on the most prestigious circuits around the world. The 4th edition of the Trofeo becomes even more international, featuring three events in Europe, one event in USA, one event in China and one event in the Emirates. All events in the Trofeo MC World Series 2013 are made up of 3 races over the weekend. More races, more excitement, more challenges where the combination of performance, strategy and consistency can make the difference. A unique motorsport experience. MASERATI MASTER DRIVING

It is perhaps the ultimate driving experience: taking to the racetrack in a race-tuned Maserati. A Master Maserati Driving Course places you behind the wheel of various different Maserati models, so that you can learn about performance driving and other techniques.

MASTER GT 1 DAY

A one-day course designed to improve participants' personal driving abilities in an enjoyable and challenging environment. Experienced staff will also increase delegates' understanding of their cars' technology and performance capabilities.

MASTER GT 2 DAYS

An intensive two-day course comprises a number of exciting and dynamic sessions including bend trajectory technique, acquisition and analysis of telemetry data, and driving with a pace-car. In addition, participants are taught how to control the car in different simulated road conditions.

MASTER HIGH-PERFORMANCE

The Master High Performance course is a personalized course, designed to hone skills and acquaint drivers with racing strategy, allows participants to test high performance Maseratis on the Paletti circuit. The programme includes advanced high-speed driving sessions and technically more complex and challenging exercises.

MASTER ITALIAN LIFESTYLE EXPERIENCE

This course features four characteristics of Italian life: luxury, art, fashion and, of course, motor racing. The programme enables participants to enjoy sessions on the track and then engage in exclusive activities organized by the Maserati team in the historic cities of Florence and Parma. The five-star event is designed to involve both driver and partner: a first class experience for two, sampling authentic specialities of the region.

BESPOKE MASERATI SERVICES

FINANCIAL SERVICES

Official Maserati dealers will be delighted to provide you with professional guidance on the various payment options available and create a package tailored to your requirements.

*FACTORY TOUR**

Find out where and how the Maserati myth is born. Maserati offers you the opportunity of finding out about its secrets from the inside, through a guided tour of the Modena production plant. Discover how the cars are born, learn their secrets, fully understand their engineering and really feel part of the Maserati family.

*MASERATI EXPERIENCE***

For those wishing to combine their factory visit with a little more insight into the company's home city of Modena, Maserati has the perfect solution. Lasting one or more days, the Maserati Experience enables you to get to know the world of Maserati at first-hand via a guided tour that allows you to discover Modena, its culture, its history and its fine food. You can tailor your Maserati Experience to your own personal tastes and interests by combining a variety of activities:

- Visit to the Panini Museum and/or Stanguellini Museum (famous motor museums)
- Guided tour of the town
- Guided tour of a traditional balsamic vinegar manufacturer, with tasting
- Guided tour of a winery, with tasting of local wines
- Cookery school
- Day at the Modena Golf & Country Club
- And much, much more

MASERATI COLLECTION

The Maserati Collection of quality leisurewear, goods and branded merchandise has been specially created for those who share the Maserati passion, and who seek to associate with the illustrious marque.

Maserati Collection items are available from all Maserati dealers, and from the Maserati Store at the Maserati showroom in Modena.

Alternatively all the articles in the collection can be purchased online at www.maseratistore.com and delivered directly to your home.

MASERATI CLUB

Joining the exclusive Maserati Club means sharing thrills and experiences with other Maserati owners, and being invited to take part in special motoring events all over the world.

Drivers of cars from every era can enjoy the pleasure of driving their Maseratis in a calendar of events created especially for Maserati Club members.

The Maserati Club provides the link between the past, present and future of the company. For more information, visit www.maseraticlub.com

ACCESSORI ORIGINALI MASERATI

The Maserati range of accessories includes various items designed to enhance the elegance and sporty appeal of all Maserati models.

Exterior variations, for example, include coloured front grilles or brake callipers, whilst interior equipment includes carpet overlay kits and under-door moulding covers.

Amongst the components associated with style and dynamic performance, there's a wide choice of alloy wheels and carbon trims; then in the car care range there's everything from car covers and leather care kits, to battery chargers, child seats and luggage sets.

MASERATI CLASSICHE

Created for enthusiasts and owners of vintage Maserati cars, Maserati Classiche is an organisation that's dedicated to those who wish to engage with the marque's glorious past. The Maserati Classiche range of products includes items that celebrate the company's 99 year history: paintings of glorious events, pictures of classic Maseratis, original reproductions of parts catalogues, owners' handbooks and old brochures, clothing, scale models, and much, much more.

All the latest items can be found on www.maserati.com in the Maserati – Maserati Classic section. Or for more information, email maserati.classiche@maserati.com

*Tours are only arranged by appointment and can be booked through dealers all over the world
