Defy the *Ordinary*

## Bold and *Elegant*

The Maserati Ghibli offers something very different in a world of business-like conformity. As you would expect of a luxury sports sedan, there's soothing comfort and effortlessly intuitive technology. The attention to detail, style and quality, reveal the very essence of the Maserati. Whatever your choice, whatever your ambition, the Maserati Ghibli always has a uniquely inspirational answer.

The first Maserati Ghibli was designed by Giorgetto Giugiaro and unveiled at the Turin Motor Show of 1966. Giugiaro, then in his 20s, was considered a design prodigy. And rightly so. His creation, with its 2+2, fastback format, pop-up headlights and audacious shark-nosed profile was an instant hit and became an automotive design icon.

The latest Ghibli model carries on the spirit that shaped its first incarnation in 1966. That means exclusive luxury, glorious style, progressive technology and of course, empowering performance.

Ghibli SS | 1966

An *Enduring* Legacy

V8 Engine - Ghibli Trofeo

V6 Engine - Ghibli SQ 4, Ghibli S

A core offering of all Maserati vehicles is the ability to cover long distances at dynamic yet refined high speed.

With the Ghibli, the **power** that delivers this comes from a **choice of V6 and V8** petrol engines, together with the **V6 diesel** and the new **hybrid version**.

# Ghibli Hybrid-Perfomance charged

The natural world is full of moments where a single spark evolves into something new – an instant where hybridization acts the catalyst for change. From the same inspiration comes the new Maserati **Ghibli Hybrid**: the first in a line of new vehicles, at the vanguard of **new Era for the Brand**. The Ghibli Hybrid ignites **Maserati's future** without betraying the past. The first hybrid engine in the history of the marque, where innovation and technology have always met with high performance automotive engineering, to drive Maserati forward towards a more sustainable future. Faster than diesel, greener than gasoline: the Ghibli Hybrid philosophy in a nutshell.

# Ghibli Trofeo-The Art of Fast

Live audacious. Drive with character. Stand out in just 4.3 seconds with the ultimate Maserati Ghibli Trofeo. With 580 hp and a top speed of 326 km/h, **the Trofeo is the most powerful Ghibli ever**. Your bold statement that redefines the art of possible. The striking coupé look of the Ghibli, intensified by race-inspired design elements. High-gloss Carbon fibre on the front, the rear and on side air intakes, and the sculpted Trofeo bonnet with air extractors give you just **a taste of what awaits as you grab its steering wheel**. That’s how Ghibli Trofeo came to life. Born from race, enhanced by comfort with an innate sense for timeless beauty.

A detailed view of the front interior of a Maserati Ghibli. The image shows the driver's side with a black leather seat featuring red stitching and a quilted pattern on the lower part. The headrest has the Maserati trident logo and the word 'Ghibli' embroidered on it. The dashboard and center console are visible, showing a sleek, modern design with wood trim. The steering wheel is partially visible on the right side. The background shows a blurred view of a city street through the windshield.

The interior of the Ghibli is, in essence, a **clearly expressed invitation to travel** – in luxurious comfort and with effortless access to the **high power** at your disposal. In true Maserati grand touring tradition, the cabin is characterised by **elegant Italian style**, hand-crafted finishes and perfectly organised, generously proportioned design.

Take its steering wheel, feel its gearshift paddles, step on the accelerator, and reconnect to your insatiable passion for driving.

*A distinctive* invitation

MASERATI

*High-Powered* **Luxury**

#### **Q4 Intelligence all-wheel Drive System:**

The Q4 intelligent all-wheel drive system of the Ghibli S Q4 keeps the performance and comfort at their engaging, inspirational best – even when the weather and road conditions are far from ideal. A sophisticated algorithm developed by Maserati continuously monitors dynamic inputs such as wheel speed, steering and yaw angle and even wheel grip versus driving style. Processing all this data, the Q4 system instantaneously establishes a dedicated grip profile for each individual wheel. This ensures optimum dynamics for any given road condition, at any time. The Ghibli also includes the convenience and flexibility of the Skyhook suspension system and parking sensors.

**Air Quality Sensor:** The Ghibli is equipped with an intelligent sensor paired with a signal analysis system that calculates the external pollution levels and prevents polluted air and toxic gases from entering the cabin, improving the comfort of everyone onboard.

**Soft Close Doors:** The standard Keyless Entry function enables you to open the doors or boot via the handles, without touching the key fob. Soft Close Doors securely, effortlessly and noiselessly closes doors left slightly ajar, increasing the car's safety and comfort, particularly for children in the back seat.

#### Phone recharger:

The system allows to charge the battery of the smartphone\* by placing it on the dedicated area, without having to connect it to the charging port through a cable. Additionally, next to the Wireless Charger the driver and passenger will also find two USB ports, that will allow both charging and data sharing with the infotainment system

#### MIA (Maserati Intelligent Assistant):

Powered by Android Automotive OS, the new generation MIA offers an innovative and personalized user experience. The frameless 10"1 HD touch screen with a ratio of 16:10 carries a new graphic interface. The display features an elegant, curved glass edge: a first in automotive design of its kind.

#### Wi-Fi vehicle hotspot:

The Wi-Fi option is another welcome touch when you're on the move in the Ghibli. Simply place a SIM card into the router to access internet signals inside the car. Up to three devices can be connected at the same time.

#### **ZF eight-speed automatic transmission:**

The sophisticated ZF eight-speed automatic transmission in the Maserati Ghibli puts its engine power under your complete control. Its advanced design ensures precise gear changes and optimum performance. Thanks to auto-adaptive software, the transmission modifies its shift patterns according to driving style, for an even more rewarding, one-to-one driving experience. And when it comes to long, high-speed journeys, the last two gears, seventh and eighth, are specially calibrated to reduce fuel consumption and further increase comfort.

#### **Folding rear seats:**

Need to safely store the ski or snowboard bag? The 60/40 split-folding rear seats provide cargo-carrying versatility. When the seat on the smaller side is completely folded down, you will have a continuous nearly-flat extension of the load floor in order to accommodate large-sized equipment and objects.

**Italian craftsmanship:**

Open the door of the Maserati Ghibli and a combination of elegant Italian style, the finest materials – like natural silk upholstery by Ermenegildo Zegna – and hand-crafted finishes will arouse all your senses.

All leather is not created equal. Full grain Pieno Fiore natural leather offers an extraordinary softness to the touch and is considered unrivalled in terms of quality and durability. Available in all Maserati Ghibli versions, this exclusive leather is highly desirable for its subtle texture, natural aroma and its ability to take on a beautiful patina over time. Sourced exclusively for Maserati, the leather selected for the seats of the Ghibli has been carefully selected from twelve different varieties; all compelling in their own right.

# Your Maserati *connected to you*

Master the essence of performance, comfort and safety to transform every journey into a unique and thrilling experience. Intuitively and intrinsically linked from the app to the vehicle, Maserati Connect will seamlessly link your car to your habits and needs, leaving you free to enjoy driving at its best.

### Remote Services:

The Maserati Connect App displays fuel level, tire pressure, odometer, oil-life, and vehicle health report card including checks for Powertrain, Breaks & Suspension, Oil & Fluids, Safety systems and Lights. Every information is updated on the last key off.

### Amazon Alexa:

Alexa can help you play music, get directions, place calls, check the calendar, play audiobooks, control your smart home from the car, and more, with just your voice – so you can keep your hands on the wheel and eyes on the road.

### Home to Vehicle:

You can use Maserati Connect skill for Alexa, as well as the Google Assistant action, to interact from home with the vehicle. The service enables to ask about the vehicle status, and send a destination to the vehicle’s navigation system (Send & Go).

# Advanced Driving Assistance System

The Ghibli is equipped with an impressively comprehensive range of Advanced Driving Assistance Systems. It means even greater peace of mind, whether you're on an exclusive grand tour or a dash through the city.

## Traffic Sign Recognition

What if your car could alert you about the speed limit sign you just passed? The Traffic Sign Recognition comes in handy for monitoring different types of sign: speed limits, temporary speed limits and overtaking restriction zones.

## Highway Assist System (HAS)

Ever imagined you could combine the virtues of Adaptive Cruise Control with the Lane Keeping Assist? The Highway Assist System (HAS) is a level 2 autonomous driving system, designed to help you steer, accelerate, brake and keep your vehicle in its lane, especially when you're driving on highways or limited access freeways.

## Lane Keeping Assist (LKA)

Want to make your highway and freeway drive safer? The Lane Keeping Assist (LKA) is a safe driving feature that is designed to identify lane markings and initiate a steering maneuver in order to prevent unintentional lane crossings. A car safety feature that you definitely have to look out for.

## Lane Departure Warning System

Thanks to a camera in the rear-view mirror that monitors road markings ahead, the Lane Departure Warning system helps the driver keep the vehicle in the chosen lane on motorways and main roads. This reduces lane drift and the possibility of lateral collisions by providing a warning when the vehicle crosses lane markings without signalling. Activation of the turn indicator overrides the system.

## Active Blind Spot Assist

Need some help to look over your shoulder electronically? The Active Blind Spot Assist (ABSA) detects vehicles entering your side and rear blind spots when changing lanes, overtaking and parking. It's a driving safety feature that will help you face one of the biggest perils of the road.

## Surround View Camera

This provides a clear 360° view around the car, helping with parking and highlighting otherwise hidden obstructions. Images are captured by two cameras beneath the door mirrors plus front and rear cameras and shown on the main display screen.

## Adaptive Cruise Control with Stop & Go

Need more driving comfort with enhanced security when driving on highways and freeways? The Adaptive Cruise Control (ACC) with Stop & Go adjusts your speed to maintain the preset distance from the vehicle ahead. You will feel safer than ever when driving on highways and freeways in limited or moderate traffic.

## Forward Collision Warning Plus

Want to feel safer when driving in heavy traffic? Whether it's a rush hour, a big event or a traffic jam, the Forward Collision Warning Plus system reduces the risk of rear-end collisions to prevent or limit vehicle damage.

## Rear Cross Path Function

This is a welcome feature that emits a warning when an unseen vehicle is approaching, from the right or left, while reversing out of a parking space.

## Front and Rear Parking Sensor and Reversing Camera

To assist with manoeuvring in tight spaces, the Ghibli comes equipped with parking sensors in the front and rear bumpers. In addition, there is an optional rear-view camera, fitted close to the boot lock, that shows a view of what is behind the car on the Maserati display

## Active Driving Assist

Active Driving Assist is an extension of Highway Assist introduced on Maserati range on MY18. This new system is supported on every good road condition, no matter if B-roads urban, extra urban roads or highways.

*A world* of possibilities

**Master Maserati Driving Courses**

There cannot be a Maserati driver in the world who hasn’t wondered what it must be like to push the rev counter into the red right up through the gears, to take the racing line through a corner and to test their car’s braking capabilities to the limit. The Master Maserati Driving Experience answers all these questions and more through a series of professionally- led courses for those with a desire to discover the performance potential of the fastest Maserati models in their natural environment: the racetrack. With the introduction of the sensational MC20 supercar and the powerful Trofeo versions of Ghibli and Levante, the Master Maserati Driving Experience becomes even more dynamic and thrilling. For full details on our driving experiences, you can visit our website [mastermaserati.com](http://mastermaserati.com) or contact us directly at [info@mastermaserati.it](mailto:info@mastermaserati.it).

**Financial Services**

Purchasing your car with the aid of a Maserati financial package enables you to choose the best conditions on the market and tailor them to your needs. Official Maserati dealers will be delighted to act as your financial advisers, providing professional guidance on the various payment options available and creating a package tailored to your requirements.

**Road Assistance Program**

The Maserati Assistance Program offers an exclusive range of services and benefits free of charge for the period of the warranty of the vehicle. The Assistance Centres, available 24 hours a day, can be contacted in emergency situations. At these efficient sites, courteous and highly-skilled professionals will provide the best possible solution to any problem flagged up by the customer.

**Health Service Program**

In the unfortunate event that you fall seriously ill while driving, simply call your local Maserati Assistance Centre and they will organise transport back to your home address by aeroplane, train or ambulance. If you are driving alone, a family member can also be sent to join you. If you are travelling with family, their transport home will be arranged.

**Full Credit Services\***

Stay on the road while your car is being repaired – with our Full Credit Services, you will be behind the wheel of a courtesy car with Geo maps, snow chains and child seats included and free of charge so you can focus on enjoying the drive.

\*For more information, please contact your dealer or Maserati Customer Service at [info@maserati.com](mailto:info@maserati.com)

# The World of the *Trident*

## Factory Tour

Discover the heart of the all new MC20's production at the historical Maserati Plant in Modena. The 1h45min Factory Tour begins with a walkthrough of the Brand's heritage and model range presentation. Assembly line, Engine Lab, painting facilities and the official Store follow. Showroom Tour: a 40-minute Showroom tour comprehensive of heritage and model range presentation is available. For more information: [factorytour@maserati.com](mailto:factorytour@maserati.com)

## Factory Delivery

After a welcome coffee and drinks in the Showroom, you can visit the historical Maserati Plant, accompanied by a specialist guide and a photographer. Now, it's time for your new Maserati unveiling! Before we bid you farewell, the final pictures are taken. The commemorative digital photo-album is forwarded to the customer. All models can be delivered at Modena Plant. Request the factory delivery to your official Maserati dealer.

## Maserati Collection

The Maserati Collection of exclusive leisurewear and branded merchandise has been specially created for those with a passion for all things Maserati. Maserati Collection items are available from all Maserati dealers and the Maserati Store at the Modena showroom in Modena. Alternatively, they can be purchased online at [www.maseratistore.com](http://www.maseratistore.com) and delivered directly to your home.

## Maserati Club

Joining the exclusive Maserati Club means sharing insights, experiences and all the excitement with other Maserati owners – and being invited to take part in special motoring events all over the world. Drivers of cars from every era can enjoy the pleasure of driving their Maserati models in a calendar of events created especially for Maserati Club members. The Club provides the link between the past, present and future of the company. Visit [www.maseraticlub.com](http://www.maseraticlub.com) for more information.

## Maserati Genuine Accessories

Specially conceived to satisfy our customers' needs, the Maserati Genuine Accessories are a perfect combination of design, functionality, comfort and performance. Built to the highest standards of Maserati craftsmanship, the Ghibli accessories range has been developed to guarantee great practicality together with the chance to add your personal and unique touch. Get ready to discover all your customization options in the dedicated brochure, on the official website ([www.maserati.com](http://www.maserati.com)), or through the Official Maserati Network.

## Customer Programs

Driving a Maserati is an experience of lifetime, regardless if you are handling a weekday commute or embarking on a memorable journey. This is why Maserati has created dedicated Customer Programs to assure you miles after miles the utmost care and excellent performance of your Ghibli. Give yourself extra peace of mind with one of our Maintenance or Extended warranty programs. Discover more in the dedicated flyer, on the official website ([www.maserati.com](http://www.maserati.com)), or through the Official Maserati Network.

## Maserati Classiche

Created for enthusiasts and owners of vintage Maserati cars, Maserati Classiche is an organisation dedicated to those who wish to engage with the marque's glorious past. Maserati Classiche can provide Maserati Customers a service of Historical Documentation pertaining to their vehicles. Specifically there are various types of certified historical documents available, carefully and precisely researched within the Maserati Historical Archive. The Maserati Classiche range includes products that celebrate the company's history: paintings of glorious events, clothing, scale models and much, much more. The items can be found on [www.maserati.com](http://www.maserati.com) in the Maserati Classic section. For more information about the Historical Documentation service, email [maserati.classiche@maserati.com](mailto:maserati.classiche@maserati.com).
