

2003 MAZDA TRIBUTE

zoom-zoom

Finally. An SUV
where the “S” actually means something.

Put **more Sport** in your driving equation—in the only SUV designed with the soul of a sports car. Experience sports-car-inspired power and handling, a total sense of command and exhilaration. Drive the Mazda Tribute, the SUV with its priorities in the right order.

With 201 hp on tap, the whole world's your playground.

Lap up highway miles and mountain roads alike without drawing a deep breath. Take on city traffic without a second thought.

Because this is the SUV born of Mazda's sports-car heritage, an SUV that's truly a blast to drive through all of life's twists and turns.

Responsive power comes from the available 201-hp, 3.0-liter, DOHC V6 and an electronically controlled 4-speed automatic transmission

designed to keep you running along smoothly. There's a fully independent suspension for crisp handling. Rack-and-pinion steering, like

a sports car's, gives you linear effort and a great feel for the road. Big all-season radial tires help grip the pavement, wet or dry.

In a Mazda Tribute, you have the freedom to go far. And all the horses you need to bring you back.

Hitch up as many horses as you need.

The Mazda Tribute's available 3.0-liter, 24-valve, DOHC V6 pumps out an impressive 201 hp. Its standard 2.0-liter, 16-valve, DOHC 4-cylinder engine generates a fuel-efficient 130 hp. Both powerplants come in 4x2 and 4x4 models.

It's more fun when you put everything you've got into it.

Be prepared to thoroughly enjoy yourself. In any number of ways. Scuba diving, anyone? Simply fold the rear seatback down and load up the gear. Want to keep it all out of sight? With the seatback up, a retractable cover does the job (LX-V6, ES-V6). The liftgate window opens separately and will even accommodate 4x8 sheets of plywood. Up top, a roof rack is standard with available attachments for carrying bicycles or surfboards. There's even an available Towing Package that lets you tow up to 3,500 pounds. But then, the more you put into a Mazda Tribute, the more fun you get out of it.

The Mazda Tribute LX-V6 and ES-V6 models have a 60/40 split rear seatback, and DX models have a one-piece seatback. Either way, when it's folded forward, you have 74 cubic feet of cargo space and a flat load floor to make it especially useful.

Open for business. The rear liftgate design features several thoughtful touches. Including a flip-up liftgate window for extra convenience and tinted glass for extra privacy. Built-in liftgate window washer/wiper for a clearer view of things. Plus the safety of a high liftgate clearance height that accommodates even 6-footers.

The roof rack expands your space for fun beyond the interior. It's the perfect place to tie down your boards, be they surf, snow or even lumber.

Who needs a second chance
to make a first impression?

Get a handle on undiluted exhilaration.

When it's time to take things into your own hands, Mazda Tribute makes it all remarkably easy. Comfort, convenience, sporty performance, adrenaline rush—all there, at your fingertips. The driver's seat prepares you by delivering great support. You can achieve complete mastery of your environment with minimal effort. Adjust the tilt steering wheel, set your outside mirrors, raise or lower the windows, lock the doors, bring on the music—all the controls are close and clear. The gauges deliver your operating information efficiently and quickly. And with great outward visibility, you'll know immediately when your goals are in sight. In here, nothing's too long a reach.

The ES-V6 Mazda Tribute has an overhead storage console that's particularly handy for quick access to your sunglasses. It's also available on the LX-V6 model.

A changer for the better — on both LX-V6 and ES-V6 models, there's an available in-dash, 6-disc CD changer/AM/FM/cassette sound system with 190 watts of power, and 7 speakers (including a subwoofer). A 100-watt AM/FM/CD stereo with 4 speakers is standard equipment.

They're not just for coffee anymore— the two cup holders in the center console come in handy in lots of ways. Rear-seat passengers get their own cup holders. The console has an open storage tray in the DX models, and covered storage in the LX-V6 and ES-V6.

Not a bad seat in the house.

Whether you're **piloting** your Mazda Tribute through a mountain pass—or just along for the ride—you can count on a first-class seat. Contoured front bucket seats with lumbar support and wide bolsters cradle you comfortably even in curves. And raised rear seats provide a better view for passengers in back.

Fog lights (standard on the LX-V6 and ES-V6) help you see and be seen when the weather cuts into your visibility.

Weather or not, here we come.

If you seek snow—or it finds you—you'll be happy to know that the Mazda Tribute has available 4WD that makes it a great foul-weather friend. The technically advanced Rotary Blade Coupling design is an "as-required" system that automatically engages when road conditions go bad and require extra traction. Rain, sleet, snow, a muddy backcountry road—when the system senses any slipping of the front wheels, it transfers power to the rear wheels as needed. And so smoothly, you'll probably never feel it kick in. You can also lock the center differential, useful for better control on really slippery surfaces. So who needs weather reports?

Mazda Tribute's built-in safety features include 2nd-generation dual front air bags* and 3-point safety belts for all outboard seating positions. For added protection, side-impact air bags* are standard on ES-V6 and available on LX-V6.

Play it safe.

As much fun as it is to drive, safety is another compelling feature of the Mazda Tribute. Fact is, Mazda's "Triple H" steel reinforcements at key points in the roof, floor and body side surround you with a "safety cage." And front and rear "crumple zones" help absorb impact energy. An advanced Anti-lock Brake System (ABS) with Electronic Brakeforce Distribution (EBD) is standard on ES-V6 and available on LX-V6. So relax and rest assured, Mazda Tribute is a very safe place to play.

* Always wear your safety belt and secure children in the rear seat.

An Exciting Past. An Exhilarating Future.

Innovative. Stylish. Fun-to-drive. For more than 40 years, Mazda has dedicated itself to engineering vehicles for drivers who truly savor the "emotion of motion." That fun-to-drive, connected-to-the-road feeling that can turn a simple drive into an exhilarating experience. Which is why you'll find the "soul of a sports car" in every vehicle we make. From the MX-5 Miata and Protegé5 to Tribute and MPV, Mazdas don't look like— or drive like— anything else on the road. There's a Zoom-Zoom factor in their DNA— part engineering, part spirit. We invite you to share the Mazda spirit with us. You'll definitely find yourself in good company.

Mazda RX-8 Coming Spring/Summer 2003

There's no telling how far Zoom-Zoom can take you. For an experience that's about a million miles away from the ordinary, park your Web browser at www.MazdaUSA.com. You'll not only get to preview two of Mazda's hottest new creations, the exciting **MAZDA6** and the adrenaline-pumping **Mazda RX-8**, you'll also get to "build" the Mazda of your dreams. Select any model, color, options and accessories you like— all interactively. We'll even show you what it looks like, help you request a quote, provide a map to your nearest Mazda dealer, and clue you in on special offers. So pay us a visit. And catch up on all the Zoom-Zoom you've been missing.

A More Liberating Approach To Owner Peace Of Mind.

To ensure your new Mazda continues to be a source of pride and exhilarating performance for years to come, we created the **Mazda Driver's Assurance Plan**. It starts the minute you pick up the keys to your new Mazda. And it protects your new vehicle with a **36-month/50,000-mile "Bumper-to-Bumper" Limited Warranty**. While under warranty, you're also automatically enrolled in our **24-hour Emergency Roadside Assistance** program to help minimize any inconvenience if an unexpected problem should occur on the road. Equally important, should your Mazda ever require a warranty repair, the **Mazda Service Transportation Solution** can typically make sure you have another vehicle to drive. With the Mazda Driver's Assurance Plan, your time and satisfaction come first. And the welcomed results are an exceptional level of customer care and greater peace of mind. For complete details, see your Mazda dealer.

MazdaUSA.com

Rear spoiler adds a sporty touch and helps keep the rear window free of dust and snow for better visibility.

Cargo organizer/cargo tray. Get organized! Flip up the panels to create a compartmented space to organize your groceries, sports equipment or shopping bags! Folds flat for storage. Attaches to cargo tray (also sold separately).

Compass and outside temperature auto-dimming mirror automatically dims to reduce glare from headlights of cars behind you. Bright LED readout with compass and outside temperature. Replaces interior rearview mirror.

DVD entertainment system. Take the show on the road! Our complete rear-seat entertainment system, with 7" full-color flip-down monitor can play DVD's, audio CD's, and MP3 CD's. Includes remote control and 2 sets of wireless headphones.
