B4000 SE CAB PLUS 4-DOOR 4X4

A.

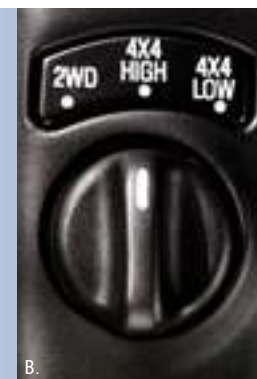

For 2007, the Mazda B-Series offers a choice of three versatile, fun-to-drive performers; two cab configurations; and power for any purpose. For sheer value and rugged reliability, there's the Mazda B2300 SE-5 featuring a responsive, yet fuel-efficient, 2.3-liter engine that makes 143 hp and 154 lb-ft of torque. Its well-equipped cab includes: An AM/FM/CD stereo. Air conditioning. Cruise control. Even a tilt steering wheel. Plus exterior features like a chrome grille and bumpers as well as 15-inch alloys. Next up is the multi-talented Mazda B3000, in both Regular Cab (Dual Sport) and Cab Plus 4-Door models. The B3000 Dual Sport Cab Plus 4-Door, for example, delivers spirited V6 power via a 3.0-liter engine that churns out 148 hp and 180 lb-ft of torque. Not to mention an impressive package of standard features. Like an AM/FM/CD stereo. Power windows, mirrors and door locks. Gleaming 15-inch alloys with P235/75R15 all-terrain tires. And, like all Mazda Trucks, the safety and peace of mind of 4-wheel ABS.
