

2009 Mazda B-SERIES TRUCK

2009 Mazda
B-SERIES TRUCK

Solid value, plus plenty of Zoom-Zoom. Now more than ever, you want a truck that pulls its weight. A rugged, dependable truck that knows how to squeeze every mile out of a gallon of gas. And the more standard features, the better. Enter the 2009 Mazda B-Series. Whether you choose the easy-on-the-wallet B2300 or the roomy 4-Door B4000 Cab Plus 4, you'll get a truck that fits the bill, and your needs, perfectly. Take the Mazda B4000. Along with 4-door convenience and versatility, it serves up a healthy portion of go-anywhere muscle, thanks to its torquey 4.0-liter 207-hp V6 engine and shift-on-the-fly 4-wheel drive. And its Mazda B2300 stablemate, with a 4-cylinder 2.3-liter 16-valve 143-hp engine underhood, keeps fuel costs down without sacrificing performance. But whichever B-Series you choose, it comes equipped with standard features that include a sporty 5-speed manual transmission, power rack-and-pinion steering and power front disc brakes with a 4-wheel Anti-lock Brake System (ABS). Should you also desire a notch more comfort and style, the B2300's available SE-5 Package adds alloy wheels, air conditioning, tilt wheel, cruise control and an AM/FM/CD audio system with an auxiliary-audio input jack. It's like having the comforts of home. In a home that can handle a 1200-pound payload.*

Making The Zoom-Zoom Connection Easier To Make.

Whether you're buying or leasing a new Mazda, Certified Pre-Owned Mazda or a used vehicle, Chase Auto Finance can help make the financing process a more convenient and satisfying experience. As one of the largest auto lenders in America, Chase is known for its first-class customer service, wide range of financing options and highly competitive rates. To find out which Chase purchase or lease plan best meets your needs, talk to your Mazda Dealer. Or for more information, visit MazdaUSA.com.

* Whichever comes first.

Payload: Payload weights shown are maximums and must be reduced by the weight of any passengers or optional equipment. **Trailer Weight:** Trailer weights shown are maximums and must be reduced by the weight of any passengers, cargo, hitch or optional equipment in the towing vehicle. The following equipment may also be required: load-carrying hitch for trailers under 2000 lb and load-equalizing hitch for trailers over 2000 lb. Towing a trailer will have an effect on the vehicle's handling, braking, durability, performance and driving economy. For specific information on recommended or required equipment, see your Mazda Dealer. Hitches are available through manufacturers other than Mazda.

Product Changes and Options Availability: Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Mazda Dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations. Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.
