CLASS

2014

Mercedes-Benz

Greater lengths.

The founders of Mercedes-Benz didn't set out to be a luxury automaker. But through the unwavering desire to move people in safer, surer and smarter ways, luxury came about naturally.

Luxury is not established in a pricetag, proven by appearances, nor born of an inflated desire to impress. At least true luxury is not. What makes luxury real is that it's true to you, your needs and your most important wishes. It's a matter of generosity over excess, substance over superficiality, and—most importantly—an experience far beyond the expense. Your favorite hotel doesn't earn its stars from the number of tiers in its lobby chandelier. It's how well its people and amenities make you feel cared for, comfortable, and appreciated not “as if” you matter but because you actually do. It's why the most treasured brands of luggage or leather goods can each trace their lineage to families who prize quality,

function, beauty and craftsmanship not just equally, but eternally. And it's why the finest watch doesn't merely commemorate a moment—or even a lifetime—of achievement, it constantly rewards its wearer with its precision, comfort and unquestioned reliability. These same assets of character are what distinguish a genuine luxury automobile—or 7-passenger SUV—from one that's merely flashy, showy or plush. The award-winning, finely crafted and abundantly comfortable GL-Class also goes to great lengths to be a safer, surer and smarter SUV for you—and for the people who matter more than anything to you. Simply put, having the most will never mean nearly as much as enjoying the best.

GL550 shown on cover with Lunar Blue metallic paint, and optional Driver Assistance Package.
GL450 shown above with optional Cinnabar Red metallic paint, KEYLESS-GO, and Appearance, Lighting and Parking Assist Packages.

GL350 BlueTEC shown with optional Lunar Blue metallic paint and KEYLESS-GO. Please see endnotes on back cover.

Its most noteworthy dimension is its depth.

Far more than a full-size SUV, every 2014 GL-Class is designed and outfitted to be a more fulfilling SUV. Industry-leading innovations in safety, luxury and convenience are the direct result of the engineering that makes the Star in their grille far more than an ornament. The four GL models also offer a breadth of performance choices—from an efficient BlueTEC clean diesel, to three biturbo V-8s ranging from brisk to utterly breathtaking. All of them combine the confidence of 4MATIC® all-wheel drive with the smooth serenity and surprising agility of an advanced AIRMATIC® suspension. And their three rows of first-class seating welcome seven full-size adults, or up to 93.8 cu ft of cargo. What every GL can hold is clearly an impressive measure. What they uphold—in values that are generations deep—makes them like no other.

GL 350 BlueTEC

Like every GL, the clean diesel GL 350 BlueTEC¹ combines more than 400 lb-ft of peak torque (455 to be exact), ample towing capacity for your boat or camper (up to 7,500 lbs²), and room for seven adults in three luxurious rows. It takes to any road—even ones that curve and climb—with the confidence of 4MATIC® all-wheel drive and the cool composure of self-leveling AIRMATIC® suspension. What sets the GL 350 BlueTEC apart from most any other full-size SUV is its efficiency: With up to 26 highway mpg,³ it can cruise over 600 miles per fill-up.

GL 450

Swift and strong, the 4.6-liter biturbo V-8 of the GL 450 employs advanced technology to help convert each drop of gasoline into red-blooded response with greener emissions. Its paddle-shifted 7-speed automatic puts its 362 hp and 406 lb-ft of torque at your fingertips, while a 6.2-second charge to 60 mph⁴ is as close as your right foot. And its 4MATIC all-wheel drive, beefy 19" wheels and AIRMATIC suspension join forces to ensure it expertly balances grip with grace—for reassurance in any season, and relaxing comfort at every seat.

GL 550

With a 429-hp 4.6-liter biturbo V-8 and 21" AMG® wheels, the GL 550 makes a mighty impression in performance, even while its 20-mpg highway estimate leaves a gentler footprint. Its Adaptive Damping System (ADS) further elevates the ride and handling of AIRMATIC with electronically controlled air springs and a selectable Sport mode. Its 0-60 time of 5.5 seconds puts it in the company of some sports cars. Yet with its spacious, lavishly outfitted 3-row cabin, it'll hold its own with the finest luxury sedans. Better yet, it can hold seven of its own.

GL 63 AMG

The GL 63 AMG is quite possibly the most powerful, luxurious and advanced 7-seater ever to roam the planet. From its handcrafted biturbo V-8 stampede 550 thoroughbred horses and 560 lb-ft of pavement-rippling torque. Enormous 21" AMG wheels team up with multiple advances in ride and handling, including AMG calibration of its AIRMATIC setup and innovative ACTIVE CURVE SYSTEM. And it'll catapult its seven passengers to 60 mph in just 4.8 seconds, while coddling them in hand-sewn *designo* Nappa leather and unsurpassed luxury.

GL550 shown with optional
Auburn Brown/Black *designo*
Nappa leather upholstery and
Brown Satin Ash wood trim.

Grand on any scale.

More inches for your feet. Headroom at the head of its class. But if you really want to see how the GL measures up, start with the tiniest stitch in its hand-finished seats.

With a grand tradition of luxury in its lineage, you wouldn't expect the GL to do anything on a small scale. Offering class-leading headroom in every row, it turns its full size into full-fledged comfort for all aboard. And while some large SUVs trace their roots to pickup trucks, the GL shares its legacy with some of the most revered luxury cars in history.

Let your hands caress its precisely top-stitched upholstery and you'll feel the genuine devotion of the artisan's hands that fit it to each seat. Gaze into the glow of its fine wood trim, and you'll see the hand-finishing that's been the way of Mercedes-Benz for generations.

An expanded palette of cabin trim options lets you tailor your GL to your personal sense of style, with five wood trims and nine available leathers—including the exquisitely supple, hand-selected, handcrafted *designo* Nappa leather. Every GL's steering wheel is also hand-sewn in supple Nappa leather, with options to have the rim heated or accented with wood that matches the cabin.

Of course, leading-edge innovation is as much a part of the GL legacy as its time-tested quality. From its available giant Panorama roof to its heated and cooled cupholders,⁵ the GL-Class proves that true luxury is best measured on a human scale.

The power to take the lead.

From its gasoline direct injection and diesel power, to its all-wheel drive and stability systems, each element of GL-Class performance advances an innovation pioneered by Mercedes-Benz—all to move you ahead with confidence.

Just as being seated in the third row of a GL is more satisfying than the back of typical 7-passenger SUVs, the seat behind the wheel is also especially rewarding. From the generous output of its engines to the way its 4MATIC® all-wheel drive turns all that torque into tenacious performance, the GL-Class is a seamless collaboration of power and progress. Its towing capability is more than just the strength to pull a trailer—it's also the ability to keep it all under control. And its innovative air suspension networks with its stability systems, to overcome challenges that can make other large SUVs unwieldy—from gusty winds to tight corners and rough roads.

A trio of innovative Direct Injection engines offer vigorous acceleration without a voracious appetite. Two gasoline biturbo V-8s can fine-tune their fuel and spark in a millisecond, for a torrent of torque with a trickle of emissions. The 362-hp version in the GL 450 generates 406 lb-ft of torque from just 1,500 rpm. The 429-hp powerhouse in the GL 550 reaches 516 lb-ft at 1,800 rpm. The remarkable GL 350 BlueTEC features a clean diesel turbo V-6¹ that puts out a massive 455 lb-ft of torque at just 1,600 rpm. BlueTEC, perhaps the world's most advanced diesel technology, converts its nitrogen oxide emissions into the earth-friendly elements of nitrogen and oxygen. The result of all this math and science is simple: instant acceleration in most any situation, with refreshing long-term benefits.

Engineered for smooth, efficient performance, the driver-adaptive 7-speed automatic transmission keeps pace with your current driving style. An electronic selector and sporty shift paddles put easy control of gear changes at your fingertips, without taking your hands from the steering wheel.

Generously proportioned alloy wheels come in three sizes and three twin 5-spoke designs. The GL 350 BlueTEC and GL 450 feature standard 19" wheels, with 20" wheels optional. The GL 550 is poised on immensely appealing 21" AMG® wheels.

In any season, 4MATIC all-wheel drive helps turn their grip into go. Its 4-wheel Electronic Traction System (4-ETS®) continually redistributes torque to the wheels with the best traction—even if that's only a single wheel.⁶ And with the system's light weight and permanent 50:50 front/rear torque split, handling is quick and crisp on dry roads, too.

The standard AIRMATIC® suspension lets all aboard literally ride on a cushion of air, to quell the vertical motions that can make the third row of other SUVs far from soothing. Automatic 4-wheel level control helps keep an even keel as payloads vary. It can also self-lower at higher speeds to enhance stability and aerodynamics. In the GL 550, the Adaptive Damping System (ADS) adjusts the air spring-struts to every move of each wheel. ADS also offers the driver a choice of Sport and Comfort modes on demand.

AMG
DRIVING PERFORMANCE

GL 63 AMG shown with Polar White paint.
Please see endnotes on back cover.

Performance art, signed by the artist.

Mounted atop every AMG engine is a small plaque bearing the signature of the single technician who crafted it by hand. More than a crown jewel of racing royalty, it authenticates a philosophy that's been the driving force behind championship racecars for 46 years. For the high-performance AMG automobiles that carry this motorsports pedigree to the streets of the world, "One man, one engine" is far more than a spiritual legacy. It's also tangibly evident in the meticulous engineering, proven endurance and superlative performance that three letters—and one signature—certify.

If you'd like to share the dividends of high performance with your whole family, consider opening up a GL 63 AMG. It's a veritable thrust fund. The most powerful and responsive 7-passenger SUV to ever wear the Three-Pointed Star—or perhaps any emblem—its handcrafted biturbo V-8 puts out 550 hp and 560 lb-ft of torque. With an epic symphony of exhaust notes, 60 mph arrives in 4.8 seconds.⁴ And yet the Direct Injection engine's light weight, minimal internal friction, and fuel-saving ECO Start/Stop system offer paybacks in ultralow emissions and smoother, more efficient operation in everyday driving.

The quick response of the 7-speed AMG SPEEDSHIFT® PLUS transmission is further enhanced by a choice of three driver-selectable shift modes. Downshifts are expertly rev-matched, with a blip of the throttle that evokes an intoxicating

snarl of the exhaust. It's ideally matched to 4MATIC® all-wheel drive with an AMG-specific transfer case. The permanent 40:60 front/rear torque split is set up to optimize handling dynamics, especially when cornering on dry pavement.⁵

Supersized yet lightweight 21" AMG® twin 5-spoke alloy wheels reveal an enticing glimpse of the massive AMG multipiston brake hardware lurking within. Racy red brake calipers can also be specified at no extra charge. The self-leveling AIRMATIC® suspension and its Adaptive Damping System are AMG-calibrated for sharper response without sacrificing refinement. They team up with the innovative ACTIVE CURVE SYSTEM, whose electro-hydraulic front and rear stabilizers automatically adjust their stiffness: tighter in corners to help counteract body roll, relaxing during straight-ahead driving for smooth comfort.

Foresight from experience.

For generations, Mercedes-Benz has been helping to protect your future generations. It's why every GL is engineered as an integrated safety system—designed to help you detect, avoid and survive a collision like no other SUV.

Pioneers of accident avoidance.

First introduced by Mercedes-Benz, two systems to help you avoid potential collisions have since been adopted by virtually every automaker. The Electronic Stability Program (ESP®) monitors the car's response to driving inputs such as steering and braking, and responds when needed to help keep the car on course.⁶ Brake Assist (BAS®) can instantly maximize braking pressure if it detects an emergency braking situation—potentially shortening your overall stopping distance.⁷

Brakes that boost confidence and comfort.

The 4-wheel disc brakes integrate technology to help make driving more reassuring and relaxing. If you lift off the accelerator quickly, Predictive Brake Priming sets the pads closer to the discs for quicker response when you apply the brakes. In the rain, Automatic Brake Drying periodically applies the brakes just enough to sweep away water buildup on the discs. During uphill starts, Hill-Start Assist helps to prevent unwanted rollback. And a clever brake HOLD feature lets you keep the brakes applied without your foot on the pedal, a convenience that can make waiting in traffic or at a long stoplight less stressful.⁷

A network of advanced restraints.

Within the GL's high-strength steel-reinforced uni-body structure, seven air bags offer 11-way protection.⁸ A driver's knee air bag augments dual-stage front air bags. In addition to front side-impact air bags, side curtain air bags are provided for all three seating rows. And all six of the outboard seat belts include Emergency Tensioning Devices (ETDs) and belt-force limiters.

Protection that starts before a collision.

Another Mercedes-Benz innovation, PRE-SAFE® can help detect instability during certain vehicle maneuvers which suggest that a collision or rollover is imminent. It can then tighten the front seat belts, adjust the front passenger seat, and close the windows and sunroof—all in an effort to better prepare the occupants and restraint systems in the moments before a collision.⁹

Technology that looks out for accidents.

When you're driving above 20 mph, COLLISION PREVENTION ASSIST employs radar technology that continuously scans the road ahead. This innovative system can alert you if it detects that you're approaching a vehicle ahead at a speed and distance that suggest a collision is likely. As soon as you step on the brake pedal, its Adaptive Brake Assist can automatically increase braking to the ideal level to avoid a collision, or reduce its severity.¹⁰ If deemed necessary, the GL can also activate the features of PRE-SAFE.

Help when you need it most.

The standard Mercedes-Benz mbrace® system¹¹ includes Automatic Collision Notification, which places a call for help if an air bag or seat-belt Emergency Tensioning Device is activated. Your car even transmits its location, model and color. The GL also shuts off its fuel supply, turns on its emergency flashers, unlocks the doors and turns on some interior lights to assist rescuers.

A preview of what's behind you.

For added safety when you're backing up, the standard rear view camera shows a live view of the area behind your GL-Class on the large central in-dash screen.¹² Steering-dependent active on-screen guidelines help you back into a parking space.

Leadership in towing.

Every GL can tow up to 7,500 lbs when equipped with the optional trailer hitch.² Standard Trailer Stability Assist uses the sensors for ESP to monitor for trailer sway, or oscillations, when towing. The system then intervenes by using the vehicle's front brakes to help stabilize the GL-Class and trailer.

360 degrees of vision.

The available Surround View System⁵ uses cameras in all four directions to compose a single, live overhead view of your immediate surroundings. Displayed on the in-dash screen during low-speed maneuvers, it helps you avoid obstacles as you negotiate tight spaces, whether you're moving forward or backing up.¹²

A watchful eye to remind you when it's time for a rest.

By continually monitoring a variety of driving behaviors, ATTENTION ASSIST[®] is a Mercedes-Benz innovation that can alert you if it detects signs of drowsiness on long trips. More than 70 variables are measured, starting in the first minutes of each drive, to establish a pattern and determine the warning thresholds accordingly.¹³

Cruise control that can stop and go.

Available DISTRONIC PLUS[®] adaptive cruise control⁶ is a Mercedes-Benz innovation in convenience and safety. Using radar-based technology, it can adapt your set cruising speed in response to the flow of traffic ahead—automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, DISTRONIC PLUS can brake to a full halt, then resume automatically when traffic starts going—helping make traffic less stressful.¹⁴

Alert and action for stopped traffic.

Included with DISTRONIC PLUS, PRE-SAFE Brake can help to detect an impending collision with a vehicle ahead. Even if you're not using cruise control, it can sound an alert and automatically apply up to 100% of the vehicle's braking force to help reduce the severity of impact.⁷

Mindful assistance on multi-lane roadways.

Available Blind Spot Assist⁵ can alert you to some unseen vehicles in the adjacent lane.¹⁵ Available Lane Keeping Assist⁵ can warn you of unintended drifting across visible lane markings.¹³ Both systems¹³ are also available with advanced active technology that can selectively apply the brakes at individual wheels, to help guide the car back into its own lane if you disregard the alerts.

Brighter by day, and by night.

Bright white LED Daytime Running Lamps help make your presence more apparent to other drivers. LED taillamps feature 3-dimensional fiber optics and LED turn signals. With the available Lighting Package,⁵ Bi-Xenon headlamps generate light that's perceived more like natural daylight than halogen lamps. The package also includes Active Curve Illumination and Adaptive Highbeam Assist—two systems that continuously vary the angle and beam pattern of the headlamps, to maximize illumination of corners and straightaways without creating glare for other drivers.

GL450 shown with optional Palladium Silver metallic paint, Panorama roof, and Appearance, Driver Assistance, Lighting and Parking Assist Packages. Please see endnotes on back cover.

GL550 shown with Almond Beige leather upholstery, Burl Walnut wood trim, and optional Driver Assistance Package. Please see endnotes on back cover.

Second nature, from your first encounter.

The GL-Class cockpit is more than a showcase of what's new in user-friendly technology. It's also a platform for what comes next. Mercedes-Benz mbrace2™ brings the power and reach of the Internet to its dashboard, with an ever-growing array of useful apps—many of which you already use at home or on your smartphone.¹¹ Since the Cloud-based apps can be updated over the air, your GL isn't frozen in time the day you drive it home. And while its elegant central controller and vivid color screens put a world of information and entertainment within easy reach, their intuitive logic makes them equally easy to grasp.

Eyes on the road, hands on the wheel.

The COMAND® system unites your entertainment, navigation and useful information via a convenient central controller on the console and a big, crisp 7" color screen located high in the dash. Controls on the Nappa leather-wrapped steering wheel make it easy to adjust the audio, use the hands-free Bluetooth® system,¹⁶ and thumb through the many useful screens and illustrated menus shown in a vivid 4.5" color display in the instrument cluster.

Music to fill the air, from virtually anywhere.

For virtually endless entertainment, standard GL audio equipment includes HD Radio™ stations, a 6-disc DVD/CD changer, USB port and Bluetooth audio streaming. The Premium 1 Package⁵ adds a Media Interface for your iPod,¹⁷ SiriusXM Radio with a 6-month trial of their All Access plan,¹⁸ an SD card reader, and a 10GB Music Register for storing your digital music. An available harman/kardon LOGIC7® system⁵ immerses the cabin in 830 watts of surround sound, via 13 speakers and a subwoofer. And with dual monitors and wireless headsets, the optional Rear Seat Entertainment system allows your 2nd-row passengers to play movies and games independently or together.

Explore the city, or search the Internet.

The Premium 1 Package⁵ also brings you a state-of-the-art navigation system¹⁹ with a fast 80GB hard drive and 3D maps with building profiles. Six months of SiriusXM Traffic and Weather are included.¹⁸ Its voice control system responds to simple commands in your everyday voice—like entering a complete street address in one step. With the Cloud-based apps of Mercedes-Benz mbrace2, you can search destinations via Google,[®] Yelp and even Facebook from your car, computer or smartphone, and be on your way with a few clicks.

A virtual doorman, or your own valet.

To make backing up easier, the standard rear view camera features active on-screen parking guidelines.¹² The available KEYLESS-GO® lets you unlock and drive your GL-Class without ever taking its key from your pocket or purse.⁵ A new Parking Assist Package⁵ bundles a suite of helpful systems: PARKTRONIC can help you detect nearby obstacles as you negotiate tight spaces. Active Parking Assist can size up parking spots as you drive by, then it'll expertly steer you in while you control the pedals. And the new Surround View System can display a 360° birdseye view of the area around you.¹²

Three rows of seating, all at the forefront of luxury.

While any full-size SUV can offer interior space that looks generous by the numbers, how it makes you feel is an entirely different measure—especially in the third row. In the GL, even the rearmost cabin makes your comfort a foremost priority. From either of its wide rear doors, an EASY-ENTRY® feature—also available with power activation—moves the 2nd-row seat out of your way, so you can step right in. The second row also reclines and can be heated. And the front seats offer first-class treatment that ranges from standard heating to an available massage. As ingenious as it is thoughtful, the GL-Class goes all out to welcome everyone in.

Front-row seats with first-rate luxury.

Standard heated power front seats are designed for enduring comfort, further enhanced by a 4-way power lumbar support for the driver. The Premium 1 Package⁵ adds power lumbar adjustment for the front passenger, 3-position memory for each front seat, plus power-folding side mirrors and a power steering column—the settings for which are stored in the driver-seat memory. Also available⁵ are the cooling comfort of Active Ventilated front seats, along with multicontour front seats that let you fine-tune your lumbar, shoulder and thigh support. They can also offer you a lower-back massage on demand, with settings from gentle to invigorating. To further elevate the driver's pleasure, there's a choice of a hand-finished wood/leather steering wheel, or a heated steering wheel that can quickly take the chill from your hands on a cool morning.

Exclusive comfort that's inclusive of all.

The spacious second row features 60/40-split seats with backrests that recline to 10 positions, plus three head restraints and a folding center armrest. Optional heating of the outboard seats

features timed automatic shutoff, so the driver need not worry if passengers exit without turning them off. The shapely dual 3rd-row seats feel more like a pair of well-made chairs than a bench on the floor, offering both a comfortable posture and commanding view out the deep-tinted windows.

Ambience with a sense of abundance.

The many thoughtful amenities of the GL-Class are both relaxing and rejuvenating. Power windows are provided for every seating row, including 3rd-row vent windows. Dual-pane front door glass further subdues noise in the GL 550 and GL 63 AMG. The dual-zone climate control monitors humidity while filtering dust, pollen and odors from the cabin air. An available 3-zone system⁵ adds rear-cabin air conditioning with its own controls. At nighttime, available illuminated front door sills and multicolor ambient lighting⁵ offer a warm and lasting welcome. And at any hour, the available Panorama roof⁵ lets the passengers take in the sun or the stars through a giant span of heat-rejecting tinted glass. The power front section tilts up or slides open, while a power screen can shade the first and second rows.

GL450 shown with Almond Beige upholstery, and optional 3-zone climate control, multicontour front seats, Rear Seat Entertainment system, and Premium 1 Package. Please see endnotes on back cover.

GL 450 shown below with optional Grey leather upholstery, Burl Walnut wood trim, and optional Rear Seat Entertainment system and Premium 1 Package. GL 550 shown at right with optional Porcelain/Black *designo* Nappa leather upholstery and *designo* Piano Black Lacquer wood trim. Please see endnotes on back cover.

Capacity is only one of its capacities.

The GL is designed so you can enjoy its accommodations without making grand plans beforehand. Mercedes-Benz engineers have prepared the cabin not just for versatility but with an enormous capacity for spontaneous change. So you can take along your children's soccer mates, take home a vintage dresser, or take your friends out to dinner whenever you want. And while the cabin's cargo volume expands to nearly 94 cu ft, it's pre-filled with conveniences—from the power-folding 3rd-row seats to an assortment of hooks, hangers and power ports. For a vehicle engineered to such rigid standards, its flexibility is unsurpassed.

Fully prepared to be filled as you wish.

In a matter of seconds, you can reconfigure the cabin to accommodate school-day passengers, weekend projects or most anything in between. The standard power 50/50-split 3rd-row seats individually fold flat in seconds, to make way for nearly 50 cu ft of cargo while five passengers ride in comfort. Fold the 60/40-split 2nd-row seats as well, and the capacity nearly doubles to 93.8 cu ft of flat, fully carpeted cargo room behind the front seats.²⁰ Even with all seven seats in use, there's ample space behind the third row for stowing the week's groceries—or for stacking two golf bags laying side-to-side.

Lends you a hand when you need one.

The GL welcomes cargo with open arms, even when your arms are already otherwise engaged. The standard remote-control power liftgate helps to ease loading and unloading anytime, but you'll appreciate it even more when you're juggling packages or dodging raindrops. You can also limit the maximum opening height for the liftgate, ideal for low garages. A stylish chrome sill plate helps protect the rear bumper as you move cargo in and out of the vehicle.

Multiple tools for cargo management.

The richly finished GL-Class luggage area helps you keep your various packages and parcels organized and in place. Chrome tie-downs are provided in the floor, and there are parcel nets and a fold-out grocery-bag hook in the side walls. A clever recess in the open liftgate offers a place to hang your dry cleaning while you arrange your larger cargo. When everything's in place, just lay your freshly pressed clothes on top, to help keep them from getting wrinkled.

Easy access for all your passengers.

The standard EASY-ENTRY[®] system helps make entering and exiting the 3rd-row seats more convenient from either of the rear side doors. Each of the 2nd-row seats flips out of the way with just the touch of a release, whether you're standing outside the open door or seated in the rear cabin. With available power operation of the feature, the seat gently tumbles forward at the touch of a button. And once on board, seated passengers will find themselves well-supported with cupholders and a 12-volt power point in all three rows, plus a household-style 115-volt power socket under the 2nd-row seat.

Your world, your way.

It's more than your car. It's your life, on the go.

Where will you go next? Whether you're meeting friends, picking up the kids, or just out and about, Mercedes-Benz mbrace[®] can make any trip easier, more productive and more enjoyable.¹¹ mbrace2[™] connects you and your car with the devices you already rely upon to get around—your smartphone and computer. It also brings the Internet and an ever-growing array of useful apps to your car, so you can use familiar services like Google Maps[™] and Yelp[®] to start navigating with just a few clicks. Friends can send their location to your car with just a text message. You can lock your car's doors, flash its lights, or find it in a parking lot—all from your smartphone. When your teenager takes the wheel, mbrace2 can deliver peace of mind via your computer. It can bring the assistance of live experts right to your car—from last-minute theater tickets to help in an emergency. And it can all be updated remotely, over the air. So wherever the world goes, mbrace will keep making it yours.

From your car.

With Cloud-based apps, mbrace2 brings the Internet into your Mercedes-Benz. Using the available COMAND[®] navigation system, you can find friends from their Facebook[®] check-ins, search for restaurants on Yelp, or use Google Maps, Local Search and Street View. Instead of entering an address, you can start navigating with just a few clicks. New apps let you check the weather, view traffic cams, find and book a hotel room, and even keep an eye on the stock market. And three buttons in your car can connect you to emergency services, our 24-hour Customer Assistance Center, our Roadside Assistance,²¹ or our mbrace PLUS Concierge.

From your smartphone.

The mbrace Mobile Application for iPhone[®] and Android[™] phones lets you send addresses directly to your navigation system, locate your car, lock or unlock its doors, flash its lights, or monitor it when you valet-park. With just a touch, you can find a dealer, and contact Roadside Assistance, Concierge services or Mercedes-Benz Financial Services. Drive2Friend[™] lets someone upload their location directly to your navigation system, simply by responding to a text message that you send them. New enhancements to the app also let you activate and deactivate mbrace features, including the new curfew minder, and receive push notifications.²²

From your computer.

From the comfort of your home or office, you can send addresses—or even exact routes—to your car's navigation system in a number of ways: From the Send2Benz[™] website. From Google Maps, via Search & Send[™] and Route2Benz. And with a browser toolbar widget that lets you highlight any address on your computer screen and send it to your car with just two clicks. For added peace of mind when your kids are using the car, mbrace can alert you if they drive faster, farther or later than you prefer. And you'll find a world of support and helpful information at the mbrace website, accessible through MBUSA.com/mbrace.

mbrace2

For more information and a complete list of mbrace services, visit MBUSA.com/mbrace

mbrace Package

6-month trial included

*Advanced features you'll enjoy every day.
Support you can count on when you need it most.*

Safety and Security

From Roadside Assistance to antitheft measures to emergency aid, mbrace looks after you, your passengers and your Mercedes-Benz.

- ▶ Call for assistance after an accident or in any emergency situation. If an air bag is activated, your Mercedes-Benz can place an SOS call automatically, even if you can't
- ▶ Directly connect with Mercedes-Benz Roadside Assistance for help with a dead battery, flat tire or other car trouble
- ▶ Get notified if your car's alarm is set off, and let your car's built-in GPS help authorities with stolen vehicle recovery
- ▶ If you ever find yourself unable to drive, let an mbrace specialist help arrange alternate transportation home

Remote Connections To Your Vehicle

Interact with your vehicle's features, and send addresses to its available navigation system, from your iPhone, Android or computer.

- ▶ Send destinations and even exact routes to your COMAND navigation system from your computer or smartphone
- ▶ Locate your vehicle from the Mobile App on your phone when you can't remember where you parked
- ▶ Remote-lock and unlock your car's doors
- ▶  Sound your car's horn and flash its lights to help spot it in a crowded lot, or to call attention to a hazardous situation

mbrace PLUS

3-month trial included

*Personal assistance to make your life easier.
Helpful ways to look after your loved ones.*

Personal Concierge

Enjoy virtually unlimited assistance from an actual person with the knowledge and resources to help with almost any request.

- ▶ Let an expert Concierge help you stay more productive on the road, or from the Mobile App on your smartphone
- ▶ Get expert recommendations and reservations for dining out, tickets to events, and answers to most any question

Family Driver Monitoring

Let mbrace add to your peace of mind when the secondary drivers in your household use the family Mercedes-Benz.

- ▶ Set speed limits and receive reports if they're exceeded
- ▶ Set up virtual boundaries and be alerted if they're crossed
- ▶ Receive an alert if the car is started after curfew
- ▶ See where your vehicle's been driven on an online map

Advanced Travel Assistance

Keep your eyes on the road with agent-assisted route guidance based on where you are, or plan a trip to somewhere far away.

- ▶ Receive spoken assistance in your car with weather and traffic conditions, point of interest information, and turn-by-turn driving directions to your destination
- ▶ Let your Concierge book and change airline, hotel and rental car reservations from your car or the Mobile App

Mercedes-Benz Apps

3-month trial included

*The convenience of the Internet in your car.
Connections to your friends and favorites.*

In-Vehicle Internet

Access in-car Internet-based connections to the interests you enjoy, the information you need, and the world you call your own.

- ▶ Search restaurant and business reviews with Yelp, and navigate directly to them with just a few clicks
- ▶ Stay connected to friends with Facebook, and navigate directly to places where they've checked in
- ▶ Find and view local points of interest with Google™ Local Search with Street View and Panoramio
- ▶ Keep up-to-date on the latest news from around the world

 Special feature of mbrace2

Please see endnotes on back cover.

Every owner deserves Star treatment.

From the moment you first lay eyes on the Mercedes-Benz of your dreams, to miles down the road, you're more than a customer. You're part of a family who values your well-being and your time. You're driving automotive history, carrying its rich heritage into tomorrow with innovations that don't yet exist in any other car. And you're taking a journey that aims to be not merely enjoyable but truly memorable. Of all the treasures one might find behind the Three-Pointed Star, none means more to us than the driver.

Prepare to be fascinated.

The experience of driving a new Mercedes-Benz begins before you get behind the wheel. Pay a visit to **MBUSA.com** to learn about the full line of models, as well as the innovative thinking and unmatched heritage behind every one. The Mercedes-Benz USA apps for the iPad® bring you useful tools and enlightening videos, all free from the Apple iTunes® Store. And be sure to check out the MBUSA YouTube channel, like us on Facebook, and follow us on Twitter. You'll find our social media addresses on this brochure's back cover.

Meet your car at its birthplace.

When you buy a new Mercedes-Benz (select models only), why not savor your first drive in its natural habitat? Take delivery in Germany through the original manufacturer-sponsored tourist delivery program, and you'll receive significant savings²⁵ and other benefits—along with the unforgettable experience of a European vacation with your own new Mercedes-Benz. You can even opt for an exciting and scenic Black Forest–Alps Rally Package. Visit **MBUSA.com/edp** to learn more about European Delivery and available models.

Expect to be well-supported.

Our 24-hour Customer Assistance Center is always here for you at **1-800-FOR-MERCEDES**. And a library of owner tools are waiting for you at **MBUSA.com**: Watch helpful how-to videos to get the most from your car's features. Download a digital copy of your Operator's Manual—or in most models, access it from your car on the in-dash COMAND screen. Manage your Mercedes-Benz Financial Services account and enjoy many features of mbrace® via our smartphone apps. To get even more from your ownership experience, join Owners Online.

Travel in style across the U.S.

With the Mercedes-Benz Hotel Program, you can enjoy exclusive benefits and the opportunity to experience a variety of available Mercedes-Benz vehicles while staying at participating luxury hotels and resorts. Benefits may include room upgrades (when available) and Mercedes-Benz courtesy shuttles, with many properties offering a selection of the latest Mercedes-Benz models to drive. Availability may vary and restrictions may apply, so please visit Owners Online at **MBUSA.com/owners** to learn more about the Hotel Program.

Plan on being delighted.

Beyond the reassuring coverage of the 4-year/50,000-mile New Vehicle Limited Warranty,²⁴ your authorized Mercedes-Benz dealer is prepared to outperform your expectations. From well-informed sales professionals to service technicians who are continually re-certified, you'll encounter people who appreciate not just your business but the value of your time. We call it **My Service**, and you'll feel it in everything from the personalized attention to the free in-dealer WiFi. Top-notch service starts and ends with how we take care of you.

Sharpen your driving skills.

An open invitation to enthusiasts from the AMG Driving Academy: The capabilities of AMG vehicles are waiting to meet—and raise—your own on some of the most legendary racetracks in the U.S. Whether you're an AMG owner or a fan, you'll push your abilities to the limit in a selection of AMG models, with the guidance of professional instructors. And to help young drivers develop their skills and confidence, the Mercedes-Benz Driving Academy offers a unique coaching approach. Visit **AMGcademy.com** and **MB-drivingacademy.com**.

Count on help at any time.

Even the most well-engineered car can suffer a flat tire, a dead battery or an empty fuel tank. That's why you can rely on the original manufacturer-sponsored Roadside Assistance Program to come to your rescue. It's still the only such service that doesn't expire, as long as you take your vehicle to the dealer for service once every 18 months.²¹ At any time of day or night, every day of the year, our expert technicians and dedicated support vehicles are on call for you. Just pick up your phone, or press the mbrace Wrench button¹¹ in your vehicle.

Touch history, or take it home.

No automaker has a deeper, or more enthralling, heritage than the inventor of the car itself. The Mercedes-Benz Classic Center in Irvine, CA, lets you experience some of the illustrious highlights for yourself. In addition to the meticulous restoration of classic Mercedes-Benz automobiles, the center offers an unparalleled selection of genuine parts for many vintage models, as well as expert appraisals. They can even host a special event for your car club or other group. Learn more at **MBUSA.com/classic** or call 1-866-MB-CLASSIC.

Express yourself.

Genuine Mercedes-Benz Accessories help you make your SUV the perfect expression of your personal style. A wide selection of accessories lets you enhance your vehicle's appearance, expand its versatility, or offer it some extra protection in everyday use. From the new Illuminated Star to versatile cargo-carrying innovations and state-of-the-art multimedia systems, they're all exclusively engineered to fit your vehicle as well as they fit your life. It's a great way to make your GL-Class unmistakably yours while keeping it genuinely Mercedes-Benz.

See the entire accessory selection at MBUSA.com/GL

Roof rack basic carrier.

Start with the accessory roof rack basic carrier mounted to the standard roof rails, and you can add a variety of attachments tailored for your favorite activities. Bicycle racks can each secure a single bike by its wheels and frame, and up to three racks can be fitted at once. The deluxe ski and snowboard rack holds up to six pairs of skis or four snowboards. Its pull-out function lets you load the rack without reaching across the roof. The rack attachments and the basic carrier are all sold individually.

20" AMG 5-spoke wheels.

Enhance your GL's poise without compromising its precision. Sporty AMG® light-alloy wheels feature a Titanium Silver finish that evokes their rich performance pedigree.²⁶

Illuminated Star.

Let your GL welcome you back to the world of Mercedes-Benz every time you remote-unlock its doors. LED technology illuminates the Star in a gentle white glow.²⁷

Clip-on iPad Docking Station.

A clever way for 2nd-row passengers to enjoy their iPad® of any generation, each Docking Station clips onto the front-seat head-restraint posts. Easy to install and remove, it allows the iPad to be tilted and rotated 90° from landscape to portrait orientation. Openings at the side ensure that your iPad's connection points stay accessible. Up to two Docking Stations can be installed in the vehicle. The iPad Docking Stations are also available in a permanently installed design.²⁸

Cargo area tray and cargo box.

Help protect the cargo-area carpeting from spills and dirt with this large tray featuring raised sides. It's made from durable, easy-to-clean, form-fitted plastic. Up to two cargo boxes can fit in the tray (all sold individually) to help keep tall objects such as grocery bags and bottles upright. Movable dividers in each box help items stay in place.

Please see endnotes on back cover.

For a small blue planet.

For more than 125 years—longer than any other automaker—we've been sharing this planet with you. And for generations, Mercedes-Benz has been breaking new ground to help preserve the earth for future generations. We introduced the world's first 100% CFC-free car, not just in its air conditioning but in its entire production process. We've used water-borne paint since the 1990s. And our interiors have long used steam-expanded foam, sustainably forested wood, and natural products from coconut, flax and even olives. We've been pioneering advanced powertrains for generations, leading not just to today's Direct Injection gasoline, clean diesel and hybrid models, but to the electric and fuel cell vehicles of a tomorrow that's already here. Mercedes-Benz is also legendary for making cars of exceptional durability. After all, it takes about the same energy to build a car that lasts as one that won't. And along with award-winning factories and processes, we're helping to develop local infrastructures around the world to help bring a greener future to life. Like every aspect of Mercedes-Benz innovation, today's work sets the stage for the mobility—and the planet—that everyone will enjoy tomorrow.

Endnotes.

- 1 Requires ultralow-sulfur diesel fuel. Mercedes-Benz approves the use of B5 biodiesel (diesel fuel with maximum 5% biodiesel content) that meets ASTM D6751 specifications. Please see your fuel retailer and Operator's Manual for further information. The Mercedes-Benz New Vehicle Limited warranty does not cover damage caused by non Mercedes-Benz approved fuel.
- 2 With optional trailer hitch. Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.
- 3 2014 EPA estimated fuel economy. Compare the estimated mpg to the estimated mpg of other vehicles. You may get different mileage depending on how fast you drive, weather conditions and trip length. Your actual highway mileage will probably be less than the highway estimate. Driving range based on fuel tank capacity and highway estimate.
- 4 Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- 5 Items are standard on GL 550 and/or GL 63 AMG. See Packages and Options charts or MBUSA.com/GL for details.
- 6 No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
- 7 Braking effectiveness also depends on proper brake maintenance, and tire and road conditions.
- 8 WARNING: THE FORCES OF A DEPLOYING AIR BAG CAN CAUSE SERIOUS OR FATAL INJURIES TO A CHILD UNDER AGE 13. THE SAFEST SEATING POSITION FOR YOUR CHILD IS IN THE REAR SEAT, BELTED INTO AN APPROPRIATE, PROPERLY INSTALLED CHILD SEAT, OR CORRECTLY WEARING A SEAT BELT IF TOO LARGE FOR A CHILD SEAT. SEE OPERATOR'S MANUAL FOR ADDITIONAL WARNINGS AND INFORMATION ON AIR BAGS, SEAT BELTS AND CHILD SEATS.
- 9 PRE-SAFE® closes the 1st- and 2nd-row windows and sunroof when the system's sensors detect side movement that suggests a possible rollover or side impact.
- 10 COLLISION PREVENTION ASSIST may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.
- 11 All Mercedes-Benz mbrace® services operate only where cellular and Global Positioning System satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. An mbrace Package trial period is offered on new, Certified Pre-Owned and pre-owned sales and leases at an authorized Mercedes-Benz dealer. Subscriber Agreement is required for service to be active. Some services are only available on select vehicles. Your PIN is required in order to use certain services. Some services may be limited or restricted in some areas. Apps may be introduced and updated at varying dates, and may also require a vehicle software update. Driver is responsible for complying with traffic and other laws. See your dealer or MBUSA.com/mbrace for details, including a list of compatible smartphones.
- 12 Rear view camera and Surround View System do not audibly notify driver of nearby objects and are not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.
- 13 Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and/or Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. Lane Keeping Assist operates at speeds above approximately 20 mph.
- 14 DISTRONIC PLUS® adaptive cruise control is no substitute for active driving involvement. It does not react to stationary objects, nor recognize or predict the curvature and lane layout of the road or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the DISTRONIC Proximity Warning System before braking, as that may not afford sufficient time and distance to brake safely. After braking the car for stopped traffic ahead, system resumes automatically only if system pauses for less than 3 seconds.
- 15 Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It must not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions.
- 16 Bluetooth® interface does not provide phone charging or external antenna. Voice interactivity feature is dependent on selected handset. Visit www.mercedes-benz-mobile.com for details. Phone sold separately. See dealer for a list of approved compatible phones.
- 17 All iPod® devices are sold separately. Feature not compatible with iPod Shuffle. Apple® adapter may be required for use with 8-pin "Lightning" connector. See dealer for details.
- 18 The purchase of a new, satellite radio-enabled vehicle includes a 6-month trial of the Sirius All Access package, SiriusXM Traffic and SiriusXM Weather. SiriusXM Traffic and Weather services are available in select markets. If you decide to continue your SiriusXM service at the end of this period, all SiriusXM services are sold separately, and the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms, www.siriusxm.com. Sirius U.S. Satellite service available only to those at least 18 years of age in the 48 contiguous United States, DC and Puerto Rico (with coverage limitations).
- 19 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area.
- 20 Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-downs.
- 21 Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/ exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.
- 22 The mbrace Mobile App is compatible with Apple iPhone® models running iOS 4.2 or later, and Android-based phones running OS 2.1 or later. Please visit MBUSA.com/mbrace for more information.
- 23 Introduction dates vary. See your dealer for availability.
- 24 For full details of the New Vehicle Limited Warranty, including terms, conditions and exclusions, please see your dealer.
- 25 European Delivery Program discount available on select models, other models offered without discount. M-Class, GL-Class and G-Class models are not available. Please see your dealer for details.
- 26 Not available on GL 63 AMG.
- 27 Not available with Driver Assistance Package.
- 28 Docking Stations are sold individually. iPad not included. Not available in combination with factory or accessory Rear Seat Entertainment systems.
- 29 Steering wheel options cannot be ordered together.
- 30 GL 63 AMG shown. On GL 350 BlueTEC, GL 450 and GL 550, *designo* Nappa leather features diamond-pattern stitching.
- 31 Extra-cost option.
