

GLK

Up for anything.

Mercedes-Benz engineers didn't put the GLK through snow and sand, wind gusts and crash tests, mountain trails and racetracks just to get out of the office. They did it so you could—with complete confidence, and in stylish comfort. Because every adventurous soul deserves a soulmate.

GLK 250 BlueTEC. While 33 highway mpg¹ places it among the most efficient SUVs on the road, it's also one of the most enjoyable. A torque-rich clean diesel² twin-turbo four teams up with 19" wheels, a clever AGILITY CONTROL[®] suspension and the all-road, all-season grip of 4MATIC[®] all-wheel drive.

GLK 350. With a 302-hp gasoline V-6 and a choice of rear-wheel drive or 4MATIC all-wheel drive, it's the soul of a sport sedan wrapped in an SUV body. Standard 19" or optional 20" wheels make good use of its multilink suspension. Reaching 60 mph in 6.5 seconds³ makes good use of your time.

GLK 350 shown on cover with Mars Red paint, and optional KEYLESS-GO, and Appearance, Driver Assistance, Lighting and Premium Packages. GLK 350 shown above with optional Palladium Silver metallic paint, and Driver Assistance, Lighting, Premium and Sport Packages. Please see endnotes at back of brochure.

MILLION MILES OF
REAL-WORLD TESTING

2.8

*When what you desire
is what you deserve.*

Everyone enjoys luxury in life. But enjoying life shouldn't ever feel like it's a luxury. That's why the GLK doesn't just wear the Star on its grille, it earns it. It's thoughtfully engineered to make you feel protected and playful, smart and indulgent, spontaneous and prepared—all at once.

Few automobiles, if any, balance passion with precision the way a Mercedes-Benz can. No other vehicles can trace their heritage directly to the invention of the automobile itself—or to the first all-wheel drive, the first racing victory, and the countless safety breakthroughs among the 80,000 patents in its family album. And while the 2015 GLK-Class carries this mantle forward with honor, it does it with a spirit all its own—wrapping its inherent aptitude in a fun-loving attitude.

In fact, it's the way the GLK brings opposing forces into perfect harmony that makes it stand apart from all other SUVs. Its substantial feel—the result of actual substance like high-strength steel and standard 19" alloy wheels—is matched by its refreshing style, with crisp lines that slice through the wind while maximizing roominess. The richly finished cabin provides the ideal environment from which to enjoy its spirited performance—a pairing you can feel

the moment you take the wheel. Its thickly padded 3-spoke steering wheel is hand-stitched in Nappa leather—an ideal blend of racy and refined. And while standard ATTENTION ASSIST® and 11-way air bag protection have long earned the GLK acclaim for its safety, it also earns admiration on looks alone—from its bold grille and chrome trim to its LED taillamps. The luxury of features in a GLK is quite a rational reason to consider one. And to consider it a necessity.

GLK 350 shown with Polar White paint, and optional 4MATIC all-wheel drive, KEYLESS-GO, and Premium and Sport Packages.

*Long-distance champ.
And companion.*

Some road trips take you cross-country. Some take you across town, every day, for years. That's why Mercedes-Benz engineers the GLK to make every mile memorable for you, and less impactful for the planet. With the first clean diesel in its class, it can go farther on a gallon of fuel¹ yet earn the same ultralow-emission rating as the gasoline-fueled GLK, in every state, from coast to coast.

33
HIGHWAY MPG

GLK 250 BlueTEC shown with Black paint, and optional brushed aluminum running boards, and Lighting, Premium and Sport Packages. Please see endnotes at back of brochure.

*When your past
is all about
racing ahead.*

The GLK's family tree is abundant with globetrotting SUVs and record-breaking racecars. Strength, agility and endurance are deeply etched into its genomes. To develop its natural athletic abilities into real-world capabilities, the GLK underwent a regimen few SUVs have seen. From rigorous testing in brutal climates, to vigorous laps on the track, the GLK's cross-training created a compact SUV that's rugged yet refined, and limber where many other SUVs lumber. Its available 4MATIC® all-wheel drive is among the lightest, most fuel-efficient systems of its kind. Its trim dimensions, nimble handling and tight turning circle deliver sport-sedan rewards with an SUV's commanding view. And its progressive powertrains accelerate both the pace of progress and the pulse rate of any driver's heart.

Mileage master. State-of-the-art clean diesel technology makes the GLK 250 BlueTEC® one of the most fuel-efficient luxury SUVs. Two turbochargers—a fast-acting unit for low rpm and a larger, more powerful turbo as the revs build, turn the 2.1-liter inline-4 into a torque-wielding giant: 369 lb-ft comes on at just 1,600 rpm. So in addition to its amazing 24/33 mpg (city/highway)¹, it can thrust you from 0 to 60 mph in 7.8 seconds.³

Revel rouser. A gasoline 3.5-liter V-6 outputs 302 hp. It can rush the GLK 350 to 60 in a sports-carlike 6.5 seconds, but still return 25 mpg on the highway. Its high-pressure Direct Injection and rapid-multispark ignition can precisely tune themselves in a single millisecond, generating more power from every drop of fuel with fewer emissions left behind.

Fingertip 7-speed. The sporty, smooth and efficient automatic transmission features an elegant electronic selector and shift paddles—all fingertip-close with your hands on the steering wheel. Just a tap of either paddle gives you instant manual control on demand. Fully automatic shifting resumes after a few seconds of paddle inactivity, or you can tap the shift lever to “D” again anytime. There’s also a pushbutton Sport setting that raises the shift points to higher rpm, ideal for more spirited driving moods.

Year-round confidence. Standard on the GLK 250 BlueTEC and optional on the GLK 350, 4MATIC® all-wheel drive automatically sends the engine’s torque to the wheels that have the best grip—whether that’s all four wheels, two of them, or even just one. It’s lightweight, flexible and quick to respond, so 4MATIC enhances handling in any season, from winter’s wrath to a dry curve in summer.⁴

Independent thinking. The versatile 4-wheel multilink suspension combines sport-sedan refinement with true SUV flexibility. Innovative AGILITY CONTROL® reads the road surface via the vertical movement of each shock absorber. It can instantly adjust their firmness for more precise control in sharp corners, without compromising the GLK’s silky ride quality on rough or uneven roads.

Greener red lights. While you’re waiting for a light to change or for traffic to get going, an ECO Start/Stop system can automatically switch off the GLK 350’s engine, helping save fuel and emissions. An illuminated “A” symbol tells you when the engine is paused. The instant you’re ready to go, the V-6 automatically fires back to life as you lift your foot from the brake, or as you press the accelerator.

70 EYES ON THE DRIVER

Smarter brakes. And breaks.

For more than 60 years, Mercedes-Benz engineers have been paving the way to a safer future, with innovations that go on to become the standard for every car on the road. Even stopping has leapt forward, with fewer skids, shorter panic stops, and brakes that adapt to hills, rain and natural driver tendencies. A GLK can also take note when its driver's actions—and inactions—reflect the onset of drowsiness. By watching more than 70 parameters, it can alert the driver when it's time to take a break. In true Mercedes-Benz fashion, its eyes are focused sharply on the road ahead. But it's also looking after you.

GLK 250 BlueTEC shown with Mars Red paint, and optional KEYLESS-GO and Lighting Package.

Where safety first is more than a motto.

Being first to introduce a breakthrough in driving safety doesn't come from trying to innovate faster. It comes from always looking farther, wider and deeper into how to reduce the occurrence of accidents and the severity of their results. There are reasons that many of the GLK's safety advancements made their SUV debut in a Mercedes-Benz. It's the unparalleled expertise it took to create them. The unique ingenuity that continues to evolve them. And the unwavering belief that every safety feature must perform as part of an integrated safety system, engineered to look ahead yet act in the moment. In the GLK, safety leadership means helping to protect you and your loved ones not just by doing all that is possible, but by redefining what is possible.

*Learn more about the many safety innovations
in the GLK-Class at MBUSA.com/GLK*

Eyes to your sides.

No matter how carefully you adjust your mirrors and check over your shoulders before changing lanes, you cannot control the actions of other drivers. When optional Blind Spot Assist detects a vehicle to either side, it illuminates an icon in the mirror to alert you. If you signal for a lane change, the icon flashes and a warning tone sounds. The system is also available with active technology that can selectively brake individual wheels, to help guide you back into your lane automatically.⁶

Please see endnotes at back of brochure.

Brighter by day, and by night. The Daytime Running Lamps, rear turn signals, brake lamps and taillamps all feature LED technology. With the Lighting Package, Bi-Xenon headlamps generate light that more closely resembles natural daylight. The package includes Active Curve Illumination and Adaptive Highbeam Assist, both of which continuously vary the beams to maximize illumination without creating glare for other drivers.

Cruise control that stops and goes. DISTRONIC PLUS[®] adaptive cruise control uses radar to adapt your set speed in response to the flow of traffic ahead. It can slow the vehicle automatically—or brake to a stop—then resume with a tap.⁷ Even if you're not using cruise control, PRE-SAFE[®] Brake can alert you to stopped traffic, and automatically apply up to 100% braking force to help prevent or reduce the severity of an impact.⁸

A watchful eye when's it time for a rest. ATTENTION ASSIST[®] is a Mercedes-Benz innovation that can alert you if it detects signs of drowsiness on long drives. It measures more than 70 variables, starting in the first minutes of a drive, to establish a pattern. By continually monitoring a variety of driving behaviors along your trip, it can offer a warning tone and encourage taking a rest if it senses you're getting drowsy.⁷

A better view of what's around you. When backing up, an available rearview camera shows a live view of the area just behind your GLK on the in-dash screen. Active steering guidelines help you maneuver more smoothly. The optional Surround View System composes the views of four cameras into one live "birdseye" view of your nearby surroundings, to help you negotiate tight spaces at low speeds, in Drive or Reverse.¹⁰

Brakes that adapt to you. Adaptive braking technology helps make driving more reassuring and relaxing. Predictive Brake Priming precharges the brakes if you lift off the accelerator quickly. In the rain, Automatic Brake Drying periodically sweeps water buildup from the discs. Hill-Start Assist helps prevent unwanted rollback on uphill starts. And a HOLD feature lets you keep the brakes applied with your foot off the pedal.⁹

Multilane multitasker. Optional Lane Keeping Assist uses a camera to monitor the vehicle's position in relation to visible lane markings. If you start to drift out of your lane without signaling, it can alert you by vibrating the steering wheel. It's also available with advanced active technology that can gently apply the brakes to individual wheels, to help draw the vehicle back into its original lane if you disregard the alerts.⁷

28

LASER-PERFECT
SLICES

GLK 250 BlueTEC shown with Ash/Black upholstery, and optional Black Ash wood trim, heated front seats, KEYLESS-GO, and Multimedia and Premium Packages.

Tailored fit. And finish.

One of the largest single pieces of hand-finished wood trim ever to grace a Mercedes-Benz spans the winglike dash of the GLK. But the cabin's tiniest details will leave an even larger impression. Examine the cover for the console, and you'll see that it's crafted into an elegant rolltop door from a single piece of wood, precisely cut by a laser to preserve its intricate grain.

When the world is within reach.

It'll play the music on your phone without a cable, or from a station on another continent. It'll learn how you speak, and respond to your voice. It can dodge a traffic jam, and find a parking spot. It'll even parallel-park you in it, hands-free. Your GLK can make you feel well-connected, even as you get away from it all.

Easy on the eyes, the hands and the mind. The sporty multifunction steering wheel and console-mounted central controller unify all your options in entertainment, navigation, information and personalized vehicle settings. Crisp gauges and two color screens—a standard 5.8" central display plus an illustrated multifunction readout inside the speedometer—are ideally aligned at the same height and focal distance. There's no need to stretch out to reach a touch screen, nor to wipe fingerprints from one. Standard Bluetooth lets you make hands-free calls or stream digital music wirelessly.¹¹

Endlessly entertaining, seamlessly in tune. The standard audio system lets you tune in HD Radio™ stations, or bring your own music on CD or via the USB input. A wide array of options let you expand your playlist to near-infinity: A Media Interface links your iPod® or other MP3 device with the car's displays and controls.¹² Nationwide SiriusXM Radio includes a 6-month All Access plan trial, so you can also listen on your smartphone and tablet.¹³ The harman/kardon LOGIC7® system immerses you in 450 watts of surround sound. The Multimedia Package adds a 10GB Music Register for storing your digital music files on an in-dash hard drive, an SD card reader, and Dolby® Digital 5.1 sound for the harman/kardon option. Add the Mercedes-Benz Apps Package¹⁴ of mbrace® and you can enjoy global Internet radio stations via TuneIn.®

Explore the country, access the Internet. The Multimedia Package also brings you the COMAND® system, including navigation¹⁵ with a 7" screen, a fast 80GB hard drive, and 3D maps with building profiles. Map updates are provided at no charge for three years. Its advanced voice control system can learn how you speak in your everyday voice. Three years of SiriusXM Traffic and Weather are also included, and offer dynamic re-routing around traffic jams.¹³ The Cloud-based apps of mbrace deliver the Internet to your dash, so you can easily search destinations from your car, computer or smartphone, and be on your way with just a few clicks.¹⁴

Express departure, impress on arrival. Innovative options help make your every move smoother. KEYLESS-GO® lets you unlock and drive your GLK without taking the key from your pocket. A power liftgate eases loading and unloading. Active Parking Assist sizes up open parking spaces as you drive by, and can expertly back the GLK into a spot hands-free—like having your own onboard valet. In low-speed maneuvers, PARKTRONIC helps you avoid nearby obstacles at your front or rear, via audiovisual indicators in the cabin. And the GLK's thoughtful technology even thinks about your technology, too. You won't need a special adapter to recharge your laptop or camera on the road. Just plug it into the available household-type 115-volt outlet in the cargo-area sidewall.

Multifunction display. With vivid color and realistic illustrations, a high-resolution screen lets you scroll through a variety of helpful menus and useful readouts. You can activate vehicle features, monitor your driving style, check your tire pressures, and more. With the optional COMAND® navigation, you can even see what lane to be in for an upcoming turn.

Steering-wheel controls. Two sets of buttons on the multifunction steering wheel are easy for your thumbs to reach, and your mind to grasp. They grant you access to key features like audio volume or your phonebook contacts without having to take your hands from the wheel's hand-stitched Nappa leather rim.

Personalized settings. Configuring your GLK's convenience features to your liking is simple. Illustrated menus let you set up preferences for lighting, locking and more with just a few taps of your thumb.

Voice control. Included with the Multimedia Package, the advanced voice control system lets you say commands for the navigation and audio systems in everyday language. Entering a navigation destination, for example, is as easy as reading the address on an envelope out loud.¹⁵

How you know it's right.

The best relationships start at your first encounter. It's when you feel tightly bonded, yet easygoing in all of the ways you communicate. That's the feeling when you first connect with your GLK. Your eyes meet. Your hands touch. Everything fits. And even the sparks of passion seem to make perfect sense.

Where an outgoing personality finds inner peace.

What sets a luxury SUV apart from a luxury sedan is foremost its versatility. What sets a GLK apart from other SUVs is that it's foremost a Mercedes-Benz. It's crafted to a rigid standard, with hand-fitted upholstery and hand-polished wood. Yet it's highly flexible, with split rear seats you can fold down with one hand. It's also quite accommodating of your indulgent side, with options like a heated steering wheel, a power liftgate, and a power Panorama roof. Thanks to its space-efficient shape, you can get a lot into a GLK. Because it's a Mercedes-Benz, you'll get even more out of it.

First-class luxury, lasting support. Whether you're driving cross-country or decompressing from a day at the office, the front seats offer instant comfort and lasting support. The 14-way power driver seat offers 4-way power lumbar support, and its 3-position memory recalls your power steering column and side-mirror settings. The soft, hand-fitted richness of the Leather Package upgrades the standard 8-way power front passenger seat to 14 ways, too, and adds multi-adjustable front head restraints. Heated front seats and a heated steering wheel are indulgent options you'll consider necessities the first time you use them on a chilly morning.

Second-row comfort, one-touch folding. Generous room and large windows help rear-cabin passengers enjoy the GLK's refined ride. For up to 54.7 cu ft of cargo space, the 60/40-split seatbacks fold in one motion—no need to flip cushions or remove head restraints.¹⁶ A chrome load-sill plate, retractable cargo cover and 12-volt power port are just a few thoughtful details.

Micron filtration, supersized sunroof. The dual-zone automatic climate control caters to your comfort year-round. It filters dust and pollen as tiny as 0.0002" from the air. A sensor to monitor the sun's angle and intensity, along with dual rear-cabin air vents, help maintain more consistent temperatures. The optional Panorama roof lets all five passengers enjoy the sun and stars under a vast expanse of heat-rejecting tinted glass. The power front section tilts up or slides open, and a power internal screen lets you enjoy the shade, too.

Style and substance, inside and out. Sustainably forested wood trim—either standard Burl Walnut or available Black Ash—is hand-polished to a radiant glow. Sleek aluminum is a sporty alternative with the standard MB-Tex upholstery.¹⁷ The optional running boards ease your step with grippy rubber dots, and please your eye with their brushed aluminum finish—a modern style statement that's also applied to the roof rails with the Appearance and Sport Packages.

mbrace®

Mercedes-Benz mbrace® can make any trip easier, safer, more productive and more enjoyable.¹⁴ It brings you a world of security and convenience. It brings the Internet to your dashboard. It connects you to your car, from your smartphone or computer. It even updates over the air.

For more information and a complete list of mbrace services, visit MBUSA.com/mbrace

Please see endnotes at back of brochure.

mbrace Package 6-month trial included

*Advanced features you'll enjoy every day.
Support you can count on when you need it most.*

Safety and Security

From Roadside Assistance¹⁸ to antitheft measures to emergency aid, mbrace looks after you, your passengers and your Mercedes-Benz.

- Call for assistance after an accident or in any emergency situation. If an air bag is activated, your Mercedes-Benz can place an SOS call automatically, even if you can't
- Directly connect with Mercedes-Benz Roadside Assistance for help with a dead battery, flat tire or other car trouble
- Get notified if your car's alarm is set off, and let your car's built-in GPS help authorities with stolen vehicle recovery
- If you ever find yourself unable to drive, let an mbrace specialist help arrange alternate transportation home

Remote Connections to your Vehicle

Interact with your vehicle's features, and send addresses to its navigation system, from your iPhone, Android or computer.¹⁹

- Send destinations and even exact routes to your car's available COMAND® navigation system from your computer or smartphone
- Locate your vehicle from the Mobile App on your phone when you can't remember where you parked
- Remote-lock and unlock your car's doors
- Sound your car's horn and flash its lights to help you spot it in a crowded parking lot, or to call attention to a hazardous situation
- Receive a monthly email health report from your car, so you can check under the hood without opening the garage

Mercedes-Benz Apps 3-month trial included

In-Vehicle Internet *An ever-growing variety of in-car apps, offering Internet-based connections to the interests you enjoy, the information you need, and the world you call your own.*

- Search restaurant and business reviews with Yelp, and navigate directly to them with just a few clicks
- Listen to Internet radio stations from around the globe with TuneIn® Radio
- Stay connected to friends with Facebook, and navigate directly to places where they've checked in
- Find and view local Points of Interest with Google™ Local Search with Street View and Panoramio images
- Keep up-to-date on the latest news from around the world
- Follow your favorite stocks through Morningstar®
- Access your Mercedes-Benz Financial Services account
- Search for hotel rooms by distance and price, and book them, provided by HRS—Hotel Reservation Service
- View local traffic cams in many major metropolitan areas
- Check weather locally and around the world
- Compare fuel prices at nearby filling stations
- Check the status of flights and airport conditions
- Look up showtimes at local movie theaters
- Enjoy your daily commute or any trip with audio books²⁰
- Check out local deals when you're shopping, dining and more²⁰
- Share your location and ETA on social media via Glympe²⁰
- Enjoy a variety of music curated by Mercedes-Benz via Mercedes-Benz Radio²⁰
- Keep up with your RSS feed and more²⁰
- Enjoy even more new apps whenever they become available

mbrace PLUS 3-month trial included

*Personal assistance to make your life easier.
Helpful ways to look after your loved ones.*

Personal Concierge

Enjoy virtually unlimited assistance from an actual person with the knowledge and resources to help with almost any request.

- Let an expert Concierge help you stay more productive on the road, or from the Mobile App on your smartphone
- Get expert recommendations and reservations for dining out, tickets to events, and answers to most any question

Family Driver Monitoring

Let mbrace add to your peace of mind when the secondary drivers in your household use the family Mercedes-Benz.

- Set speed limits and be notified if they're exceeded
- Set up virtual boundaries and be alerted if they're crossed
- Receive an alert if the car is started after curfew
- See where your vehicle's been driven on an online map

Advanced Travel Assistance

Keep your eyes on the road with agent-assisted route guidance based on where you are, or plan a trip to somewhere far away.

- Receive spoken assistance in your car with weather and traffic conditions, Point of Interest information, and turn-by-turn driving directions to your destination
- Let your Concierge book and change airline, hotel and rental car reservations from your car or the Mobile App

Express yourself.

Genuine Mercedes-Benz Accessories are exclusively engineered to fit your car as well as they fit your life. A wide selection of accessories lets you enhance your SUV's appearance, expand its versatility, or offer it some extra protection in everyday use. From the artful allure of the Illuminated Star to state-of-the-art multimedia systems, they're a great way to make your GLK unmistakably yours while keeping it genuinely Mercedes-Benz.

See the entire accessory selection at MBUSA.com/GLK

Becker® MAP PILOT.

For GLK models with the standard 5.8" screen, the Becker MAP PILOT adds an advanced voice-controlled navigation upgrade. It integrates with the car's displays and controls, and offers vivid maps and lane guidance before a turn. Lifetime service from the Traffic Message Channel (TMC) and Becker's 45-day "fresh map guarantee" are also included. And the removable module is easy to update via the Internet and your computer.²¹

Illuminated Star.

As you drive, LED technology illuminates the Star in the GLK's grille with a gentle white glow, for a captivating presence on the nighttime road.²²

Roof rack basic carrier.

The core element for attaching a variety of racks and containers, the basic carrier mounts quickly and securely to the standard roof rails. Racks for bikes, skis or snowboards—or an aero-designed cargo container—are available separately.

20" 12-spoke two-tone alloy wheels.

Enhance your GLK's poise without compromising its precision. Elegant 12-spoke wheels feature a Himalaya Grey finish with polished highlights.²³

Rear Seat Entertainment system.

Offer first-rate entertainment to your rear-cabin passengers. Dual 7" monitors behind each front head restraint can play separate DVDs, or show one movie on both screens. You can also attach external devices like portable game consoles or memory sticks via USB ports and SD card slots. Two wireless headsets and a wireless remote are included, for maximum enjoyment with minimal driver distraction. No factory prewiring is required.

Chrome accents.

Polished chrome details add glistening distinction to your GLK. Choose from protective door handle inserts to trim that highlights the roof or liftgate.

Build your own.

Appearance Package

Take your GLK from bold to even bolder with the available Appearance Package. For the GLK 250 BlueTEC, distinctive 19" wheels feature a 5-spoke design with polished edges against a contrasting Himalaya Grey background. And for the GLK 350, beefy 20" alloys are designed in a high-tech twin 5-spoke configuration. The style goes from road to roof on both models, with the roof rails finished in sleek brushed aluminum.

Sport Package

One drive of any GLK and it's clear that it knows what the "S" in SUV stands for. The optional Sport Package asserts it even more emphatically, starting with a set of AMG® wheels: a 19" 5-spoke design for the GLK 250 BlueTEC, and 20" twin 5-spoke wheels for the GLK 350. On both models, the aggressively chiseled AMG front and rear bumpers feature brilliant chrome inserts. And brushed aluminum roof rails provide the ideal finishing touch.

Endnotes

- 1 Preliminary figures based on 2014 estimates. 2015 EPA estimated fuel economy figures unavailable at time of printing. Please see your dealer. Compare the estimated mpg to the estimated mpg of other vehicles. You may get different mileage depending on how fast you drive, weather conditions and trip length. Your actual highway mileage will probably be less than the highway estimate.
- 2 Requires ultralow-sulfur diesel fuel. Mercedes-Benz approves the use of B5 biodiesel (diesel fuel with maximum 5% biodiesel content) that meets ASTM D6751 specifications. Please see your fuel retailer and Operator's Manual for further information. The Mercedes-Benz New Vehicle Limited Warranty does not cover damage caused by non Mercedes-Benz approved fuel.
- 3 Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- 4 No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
- 5 Models with Extended Mobility tires are not provided with a spare tire.
- 6 Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It must not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions.
- 7 DISTRONIC PLUS® adaptive cruise control is no substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the DISTRONIC Proximity Warning System before braking, as that may not afford sufficient time and distance to brake safely.
- 8 Braking effectiveness also depends on proper brake maintenance, and tire and road conditions.
- 9 Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and/or Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. Lane Keeping Assist operates at speeds above approximately 20 mph.
- 10 Rearview camera and Surround View System do not audibly notify driver of nearby objects and are not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.
- 11 Bluetooth® interface does not provide phone charging or external antenna. Voice interactivity feature is dependent on selected handset. Visit www.mercedes-benz-mobile.com for details. Phone sold separately. See dealer for a list of approved compatible phones.
- 12 All iPod® devices are sold separately. Feature not compatible with iPod Shuffle. Apple® adapter may be required for use with 8-pin "Lightning" connector. See dealer for details.
- 13 The purchase of a new, satellite radio-enabled vehicle includes a 6-month introductory subscription to the Sirius All Access package, as well as a 3-year introductory subscription to SiriusXM Traffic and SiriusXM Weather, when equipped with Multimedia Package. SiriusXM Traffic and Weather

services are available for select markets. SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Weather subscriptions are sold separately or as a package after trial period. If you decide to continue your subscription after your trial, the plan you choose will automatically renew and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change.

14 All Mercedes-Benz mbrace® services operate only where cellular and Global Positioning System satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. An mbrace Package trial period is offered on new, Certified Pre-Owned and pre-owned sales and leases at an authorized Mercedes-Benz dealer. Subscriber Agreement is required for service to be active. Some services are only available on select vehicles. Your PIN is required in order to use certain services. Some services may be limited or restricted in some areas. Apps may be introduced and updated at varying dates, and may also require a vehicle software update. Driver is responsible for complying with traffic and other laws. See your dealer or MBUSA.com/mbrace for details, including a list of compatible smartphones. Internet-based features require Multimedia Package and an active subscription to mbrace Mercedes-Benz Apps Package. Connection may be limited by cellular signal.

15 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area.

16 Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-downs.

17 Available only with Ash/Black or Black MB-Tex upholstery.

18 Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.

19 The mbrace Mobile App is compatible with Apple iPhone® models running iOS 7 or later, and Android-based phones running OS 2.3 or later. Please visit MBUSA.com/mbrace for more information.

20 Introduction dates vary. Please see your dealer.

21 Requires optional factory prewiring.

22 Not available in combination with Driver Assistance Package.

23 20" accessory wheels are not available for GLK 250 BlueTEC.

24 Compass in mirror is replaced by displays in COMAND® navigation screen and multifunction display when Multimedia Package is also ordered.

25 Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.

26 Extra-cost option.

The personal rewards of striving to be the best are even more meaningful in the development of young people than they are for automobiles. Instilling the values of leadership, goal-setting, discipline and teamwork in youth is an investment in everyone's future. It's why Mercedes-Benz USA is collaborating with the Laureus Sport for Good Foundation, with an ongoing commitment to train and place hundreds of coaches for after-school and in-school sports programs in communities around the country. Sports offer kids more than the chance to be physically active and have fun. It's also an opportunity to have a mentor who can guide them, help them learn how to deal with major life issues, and help them grow stronger not just physically but in their character. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of kids a better life today, and all of us a brighter tomorrow.
