CAB CHASSIS

Mercedes-Benz
Vans. Born to run.

The 2015 Mercedes-Benz Sprinter—the commercial van that launched many imitators—will help you sprint ahead of your competition.

The most advanced commercial van on the road today just took another giant leap forward. In addition to a fuel-saving 2-stage turbo diesel engine, Best-In-Class payload, cargo volume and interior standing height,¹ the 2015 Sprinter also features advanced safety innovations as well as legendary Mercedes-Benz reliability. Now, the introduction of an optional new 4x4* drivetrain can help you defeat challenging road and weather conditions.²

The 2015 Sprinter also introduces Crosswind Assist,³ the only crosswind-mitigation system in the commercial van segment. This highly-advanced standard feature gently engages individual brakes at highway speeds to quickly stabilize your Sprinter Van and help assure safety and control in strong, gusting crosswinds.

Thanks to BlueTEC® clean-diesel technology, the Sprinter is one of the greenest vans in the land. An option for fleet customers results in a Super Ultra-Low Emission Vehicle⁴ (SULEV) that produces up to 90% less emissions than equivalent gasoline-powered vehicles.

Plus, an available new Super High Roof* creates a towering interior standing height of seven feet, and a class-leading maximum of 586 cu. ft.¹ of cargo space. The advantages don't end there. Extended service intervals of up to 20,000 miles⁵ help you reduce maintenance costs and vehicle downtime.

Experience the 2015 Mercedes-Benz Sprinter Van, the commercial vehicle that helps accelerate your business, raise productivity and lower total cost of ownership.

“The best full-size van for cargo and passenger purposes.”

INTRODUCING 4x4

ARRIVING IN 2015

HIGH- & LOW-RANGE OPTIONS

HIGHER GROUND CLEARANCE

V6 TURBO DIESEL ENGINE⁶

LOAD-ADAPTIVE ESP^{®2}

Snow, ice, mud, hills, rain. Or, as you'll call it: Tuesday.

Now you can get the job done without checking the weather forecast. Mercedes-Benz is the only manufacturer to offer an on-demand four-wheel drive commercial van. The new 2015 Sprinter 4x4* features higher ground clearance, high- and low-range options, and a standard V6 turbo diesel engine that delivers powerful torque when you need it most. Let the Sprinter 4x4 help you work without worry in every season and in every climate.² Plus, it's the only 4x4 that combines Load-Adaptive ESP and 4-ETS to help maintain stability and control by adjusting to road conditions.²

Welcome the new Mercedes-Benz Sprinter 4x4—arriving in 2015.

High- and low-range options accommodate a wide variety of challenging road and weather conditions.

The new Sprinter 4x4 option is available in select Cargo, Crew or Passenger Van configurations.

"With our everlasting winters (this one especially!), the Mercedes-Benz Sprinter 4x4 will be a welcome addition to commercial fleets."
—The Car Guide (March 2014)

PERFORMANCE

STANDARD 4-CYLINDER TURBO DIESEL ENGINE⁶ WITH 7-SPEED TRANSMISSION

"Expect the Sprinter (standard 4-cylinder engine) to achieve significantly better mileage than competitors with gasoline engines."
—Edmunds

Torque curve:

Diesel engine⁶

4-cylinder in-line⁶

Displacement 2,143 cc

161 hp at 3,800 rpm

Rated torque: 265.5 lb-ft at 1,400–2,400 rpm

Electronically controlled direct injection with common rail

2-stage turbocharging

Rear-wheel drive

7-speed automatic transmission

Fuel type: Ultra-low-sulfur diesel⁶

Tank capacity: 26.4 gallons

Battery 12V/95A, alternator 14V/200A

4-CYLINDER ENGINE⁶ WITH 7-SPEED TRANSMISSION

LONGER SERVICE INTERVALS UP TO 20,000 MILES⁵

CLASS-LEADING EMISSIONS

OPTIONAL:

> V6 ENGINE⁶ WITH 5-SPEED TRANSMISSION

Performance that powers your business.

The engine that drives your business is powered by some of the most advanced technology found in any commercial van. Accelerate performance with a standard 4-cylinder 2-stage turbo diesel engine⁶ that saves you up to 18%⁷ on fuel costs and can lower your total cost of ownership significantly over its working life. An optional V6 turbo diesel engine with a 5-speed transmission boosts both horsepower and torque.

You need torque that's available when the light turns green, when merging onto a highway, and especially under load. The Sprinter's standard engine delivers powerful torque—with virtually zero turbo lag—for performance and acceleration you can feel. Plus, exclusive BlueEFFICIENCY advantages include fuel-saving features that maximize fuel economy without sacrificing performance.

Plus, achieve up to 90% lower emissions than an equivalent gasoline-powered vehicle with our new Super Ultra-Low Emission Vehicle (SULEV) option for fleet customers – which equips the Sprinter Van with the first SULEV-certified diesel engine in the world.⁴

OPTIONAL V6 TURBO DIESEL ENGINE⁶ WITH 5-SPEED TRANSMISSION

"...the tried-and-true 3.0-liter V6 turbo diesel...strong pulling power, good fuel economy and proven longevity."
—Kelley Blue Book

ELECTRONIC BRAKE FORCE DISTRIBUTION (EBD)

HYDRAULIC BRAKE ASSIST (BAS[®])⁸

3-POINT SEAT BELTS FOR ALL SEATS

FRONT AIRBAGS⁹

OPTIONAL:

> WINDOW AND THORAX AIRBAGS⁹

> BLIND SPOT ASSIST¹⁰

> LANE KEEPING ASSIST¹¹

> COLLISION PREVENTION ASSIST¹²

> HIGHBEAM ASSIST

Leading the way to safety.

When it comes to your business, safer is smarter. Mercedes-Benz engineers have developed dozens of landmark safety innovations to help protect your cargo, your passengers—and your business.

Continuing our heritage as the industry's safety leaders, Mercedes-Benz introduces Crosswind Assist³ as a new standard feature on 2500 models. Sudden, unexpected crosswinds can sometimes cause a vehicle to leave its driving lane. At speeds over 50 mph, gentle, course-correcting brake application quickly intervenes to help stabilize your Sprinter Van in strong, gusting crosswinds.

Plus, as the only van in its segment featuring standard Load-Adaptive ESP[®] (Electronic Stability Program)², the Sprinter helps you perform your job with less worry. This dynamic handling system actively intervenes to help ensure your Sprinter Van stays firmly under your control. With available advanced systems such as Blind Spot Assist¹⁰, Lane Keeping Assist¹¹, Highbeam Assist and COLLISION PREVENTION ASSIST¹² we'll help keep you secure today—and down the road.

New for 2015, Crosswind Assist³ can gently engage individual brakes to quickly help stabilize your Sprinter Van and boost safety in strong, gusting crosswinds. This standard feature helps ensure your vehicle remains in its lane at highway speeds.

COLLISION PREVENTION ASSIST¹² is a radar-based proximity warning system that issues visual and audible warnings when vehicles traveling ahead come within a potentially dangerous distance. In emergency situations, boosted braking pressure levels assist automatically to help prevent rear-end collisions.

Lane Keeping Assist¹¹ provides the driver with audible and visible warnings if the vehicle leaves its lane unintentionally. A camera in the windshield monitors the road ahead, and helps detect when you may veer away from lane markings.

CARGO VAN

CROSSWIND ASSIST³

CLASS-LEADING INTERIOR STANDING HEIGHT

REAR DOORS OPEN 270 DEGREES

WIDE SIDE-DOOR OPENINGS

LOW STEP-IN HEIGHT

CLASS-LEADING PAYLOAD

MAINTENANCE INTERVALS UP TO 20,000 MILES⁵

OPTIONAL:

> SUPER HIGH ROOF*

> HIGH- & LOW-RANGE 4x4*

> LASHING RAILS¹³

> CARGO TIE-DOWNS¹³

> VALUABLE UPFITTING POSSIBILITIES

Built to build your business.

Built smarter from the ground up, the Sprinter Cargo Van established the blueprint for the hard-working commercial van. Over the course of five million miles and 17,000 quality checkpoints, Mercedes-Benz engineers tested the Sprinter to ensure your business is powered by the most advanced, spacious and reliable commercial van available.

Go big. Start with the Sprinter Cargo Van's cavernous interior space, tall standing height, available Super High Roof, 5'x8' load floor and class-leading payload capacities that give you all the room you need to succeed. A fuel-saving turbo diesel engine and class-leading service intervals up to 20,000 miles can raise your productivity and lower your cost of ownership.⁵

If the strength of your business relies on the performance of your cargo van, the Sprinter has everything you're looking for—and more.

"For fuel economy, the Mercedes-Benz has a leg up on its Ford, GM and Nissan rivals thanks to its choice of diesel-powered engines."

— Edmunds

CARGO VAN

CROSSWIND ASSIST³

CLASS-LEADING INTERIOR STANDING HEIGHT

REAR DOORS OPEN 270 DEGREES

WIDE SIDE-DOOR OPENINGS

LOW STEP-IN HEIGHT

CLASS-LEADING PAYLOAD

MAINTENANCE INTERVALS UP TO 20,000 MILES⁵

OPTIONAL:

> HIGH- & LOW-RANGE 4x4*

> LASHING RAILS¹³

> CARGO TIE-DOWNS¹³

> VALUABLE UPFITTING POSSIBILITIES

Watch your bottom line without commercial interruption.

Whatever you do, Mercedes-Benz has the Cargo Van fit for your business. From plumbers and painters to contractors and caterers, more and more businesses rely on the Sprinter's class-leading innovations and lower total cost of ownership to help them grow stronger.

New standard Crosswind Assist³ can help keep your van under tight control at highway speeds. Extended length and Super High Roof versions increase cargo volume and customization possibilities. And, you'll appreciate interior ergonomics and entertainment capabilities that make you as comfortable on the road as you are at home.

If you work in conditions affected by harsh climates and less-than-ideal road conditions, the Sprinter Cargo Van offers an optional 4x4 drivetrain, with on-demand four-wheel drive. Powered by a spirited V6 turbo diesel engine, the Sprinter 4x4 Cargo Van keeps your business moving even in harsh weather and driving conditions.²

Select the Sprinter Cargo Van that's built for your business. Our highly varied configuration options give you a choice of two wheelbases, three body lengths, three cargo-area heights and three gross vehicle weight classes. You'll see that, in any size, the Sprinter Cargo Van is designed to meet and exceed your expectations.

(All measurements in inches.)

REMOVABLE REAR BENCH

> LASHING RAILS¹⁸

CROSSWIND ASSIST³

> CARGO TIE-DOWNS¹⁸

> VALUABLE UPFITTING POSSIBILITIES

Fit for cargo, you and your crew.

The Sprinter Crew Van has room for nearly everything—and everyone. Transport cargo and up to five people with a removable three-seat crew bench that provides the flexibility to bring along your work force to any job.

Tinted fixed front side windows in the cargo area offer better sightlines for safety, and bench seating with room for three offers comfort and durability. The Sprinter Crew Van 4x4 with optional four-wheel drive helps you work without worry in most every season, terrain and climate.² Plus, standard Crosswind Assist³ helps keep your vehicle on course in strong winds.

A removable rear bench seat covered in durable upholstery gives your crew a roomy, safe and comfortable space.

Crew Vans feature tinted fixed front side windows and padded armrests.

Create the Sprinter Crew Van that fits your business best. Choose two wheelbases, two body lengths and two cargo-area heights. (All measurements in inches.)

PASSENGER VAN

CLASS-LEADING INTERIOR STANDING HEIGHT

WIDE SIDE-DOOR OPENINGS

CROSSWIND ASSIST*

3-POINT SEAT BELTS AND HEADRESTS FOR EVERY SEAT

SPACIOUS REAR STORAGE AREA

REAR DOORS OPEN 270 DEGREES

OPTIONAL:

> HIGH- & LOW-RANGE 4x4*

> ELECTRIC SLIDING STEP

> REAR HEAT & AIR CONDITIONING

Experience transportation without complication.

The Mercedes-Benz Sprinter Passenger Van offers transportation with unrivaled style, safety and innovation. First-class features include room for 12(11+1), an interior standing height of up to 6 ft. 4 in.,¹ a spacious rear storage area, low step-in height, integrated 3-point seat belts at each seating position as well as optional rear air conditioning.

Your advantages don't stop there. A new 4x4 version assures greater traction, safety and sure-footed handling in a variety of weather and road conditions.² A fuel-saving 4-cylinder turbo diesel engine, optional V6 turbo diesel engine and advanced safety features including an available rear backup camera²⁰, make it a strong choice to drive your business ahead.

Select from our configuration options and create the Sprinter Passenger Van that fits your business best.

Impressive interior standing height of up to 6'4" provides greater passenger comfort with plenty of room to move.

"Unlike most commercial vans that have been converted to passenger service by an aftermarket upfitter, Sprinter feels like a solid piece, engineered from the start to move a small crowd in comfort and with ease."

—Consumer Guide

MINIBUS

Paratransit Seating Package

Hotel Seating Package

Airport Seating Package

Commuter Seating Package

Select from multiple interior seating configurations for the Sprinter MiniBus.

(See your dealer for a complete list of options.)

The MiniBus with maximum capabilities.

The Mercedes-Benz Sprinter MiniBus is the versatile shuttle van that makes any short trip a first-class ride. Transport up to 19 passengers (18+1) in this modern shuttle with well over six feet of interior standing height and a lengthy 170-inch wheelbase for a smooth ride.

The Sprinter MiniBus features customizable seating for hotel and airport shuttles, commuters and paratransit as well as wide 38-inch outward-opening doors and low step-in heights for quick and easy loading. The Sprinter MiniBus also helps protect you and your passengers with class-leading safety features, including available COLLISION PREVENTION ASSIST¹² to help prevent rear-end collisions.

A quick-shifting 7-speed 7G-TRONIC transmission offers smooth, refined performance.

A 2-stage turbo diesel engine offers up to 18%⁷ fuel savings, helping your business lower operating costs significantly.

CAB CHASSIS

STANDARD 4-CYLINDER DIESEL ENGINE⁶

BODY & CONVERSION SOLUTIONS

FLAT FRAME RAILS

RACK-AND-PINION STEERING

OPTIONAL:

> V6 TURBO DIESEL ENGINE⁶

Build on the ultimate foundation.

Whether you're building a state-of-the-art food truck, ambulance, RV, luxury limousine or box delivery vehicle, the Mercedes-Benz Sprinter Cab Chassis is the perfect way to begin. The refined yet rugged platform is built for big thinkers—like you.

Powered by a standard high-torque turbo diesel engine⁶ that lowers fuel costs up to 18%⁷ or an optional diesel V6, the Sprinter Cab Chassis is compatible with a vast range of bodies and features rack-and-pinion steering, independent front suspension and road-tested reliability. Flat, unobstructed frame rails and plenty of wiring options help you create a customized vehicle that fits your business perfectly.

The lightweight, sturdy frame offers straight-line stability and roll-resistance to help you drive with confidence, regardless of the load. Two available wheelbases, both featuring GVWRs of 11,030 pounds, and the most advanced safety features available in any cab chassis, offer incredibly sound reasons to build your business on the ultimate base.

Choose between two wheelbases (144 inches and 170 inches—both with GVWRs of 11,030 pounds), and build the Sprinter Cab Chassis that works best for you.

How will you customize your Sprinter?

Whether for business or for pleasure, the Sprinter is designed with your future in mind. Sprinter Vans and Cab Chassis vehicles are easily transformed by a Sprinter Preferred Upfitter. The Sprinter Van's nearly vertical walls, tall interior standing heights, abundant space and sophisticated programmable electronics make it the ultimate foundation for your imagination.

Mercedes-Benz works closely with over 80 Sprinter Preferred Upfitters who are the best in their fields. Work with them and see how a dream becomes a reality.

FINANCE SOLUTIONS

Simplified—and smart—financing solutions.

Through Mercedes-Benz Financial Services, we offer a variety of financing products and solutions with flexible benefits tailored specifically to your business.

Sprinter Care Lease¹⁴

Simple and predictable. When it comes to running your business, you can appreciate the value of even, predictable expenses. That's why we developed this exclusive product that bundles finance and service into one solution – delivering you the benefits that are most valuable to your business.

- Fixed, inclusive monthly payment
- Preventative maintenance
- Extended limited warranty coverage
- Replacement of common wear items
- Roadside Assistance
- Open-end or closed-end lease options
- No acquisition fee or upfront payment
- No turn-in fee
- Higher mileage packages available on 60-month terms

FMV Lease

- A closed-end lease agreement (also known as a “walkaway lease”) that stipulates the lessee simply turn in the vehicle and walk away at lease maturity and after meeting all contractual obligations, subject to certain return conditions and mileage restrictions.

TRAC Lease¹⁵

- A Terminal Rental Adjustment Clause Lease (TRAC) doesn't require any acquisition fee, up-front payment or excess mileage charges and lease payments may be expensed against income.
- Owners are responsible for the residual value of the vehicle, so that value is determined with customer input.

ZERO-TRAC Lease¹⁵

- Offers many of the same benefits as a TRAC, but is a fully amortized lease that offers ownership of the vehicle at lease-end with little or no cash outlay.

Care for the van that cares for your business.

Extended Limited Warranty¹⁶ (ELW)

We understand how vehicle downtime can impact your business. Protect one of your most valuable investments with the no-hassle convenience of a Mercedes-Benz Sprinter Extended Limited Warranty.

The Mercedes-Benz Sprinter ELW offers several attractive features:

- Repairs by factory-trained technicians utilizing high-tech diagnostic equipment.
- Repairs completed with Genuine Mercedes-Benz Parts.
- No risk to you; may be cancelled any time prior to the New Vehicle Limited Warranty expiration for a full refund.
- Honored by all authorized Mercedes-Benz Sprinter dealerships.
- No deductibles or cumbersome claims processing.
- No approvals required prior to repairs.

Choose the plan that fits your Sprinter and your business:

- 1-year/up to 84,000 miles
- 2-year/up to 100,000 miles
- 3-year/up to 125,000 miles

Roadside Assistance

All Mercedes-Benz Sprinters come standard with our 24-hour Roadside Assistance Program¹⁷ and expert advice 24/7 through the Mercedes-Benz Customer Assistance Center. Several additional products help keep you out of the service center and working hard.

Prepaid Maintenance

Save time and money by prepaying for routine services. Simply pay for your Sprinter's maintenance in advance and lower your ownership costs as you protect against potential unexpected cost increases for parts and service down the road.

Prepaid Maintenance helps you and your business in many ways:

- Save money—up to 30%¹⁸ on routine maintenance costs—including parts, labor and taxes.
- Lock-in costs for required services and protect against cost increases for parts and service.
- Service is performed according to factory standards and specifications by factory-trained technicians at any authorized Sprinter dealer using Genuine Mercedes-Benz Sprinter Parts.
- Select the plan that meets your driving needs.
- Flexible payment options—prepay the full amount, build the cost into your monthly payment or ask your dealership about 0% financing.
- Plan is transferable to subsequent Sprinter owner.
- Purchase your plan any time up to the first service or 20,000 miles⁵, whichever comes first.

Choose the plan that's best for you.

- Four services or 60,000 miles
- Six services or 90,000 miles

Can be purchased with or without AdBlue® (environmentally friendly exhaust gas cleaning system).

ENDNOTES

* Delayed availability.

1. Based on a comparison of the Automotive News classification of full-size commercial vans at time of print.
2. No system, regardless of how advanced can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
3. Crosswind Assist engages automatically when sensing dangerous wind gusts at highway speeds exceeding 50 mph. Performance is limited by wind severity and available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Feature not available on 3500 models.
4. Available for 4-cylinder only. Requires option code MH8 (fleet vehicles only).
5. Driver is responsible for monitoring fluid levels and tire pressure between service visits. See Maintenance Booklet for details.
6. Requires the use of ultra low-sulfur diesel fuel. Mercedes-Benz Sprinters are approved to use B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content) in all BlueTEC® engines. The only approved biodiesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit/corrosion-related damages to the system (min. 6h, proven by EN14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz Sprinter New Vehicle Limited Warranty does not cover damage caused by fuel standards not approved by Mercedes-Benz.
7. Fuel savings estimate of up to 18% according to FTP75 testing of engine OM651 (4-cylinder) versus MY13 OM642 (V6). Individual mileage will vary, based on factors including vehicle load, driving style, road conditions and fuel quality.
8. Braking effectiveness also depends on proper brake system maintenance, tire and road conditions.
9. Warning: the forces of a deploying airbag can cause serious or fatal injuries to a child under age 13. The safest seating position for your child is in a rear seat, belted into an appropriate, properly installed child seat, or correctly wearing a seat belt if too large for a child seat. See Operator's Manual for additional warnings and information on airbag, seat belts and child seats.
10. Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It should not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions. Not available on Cab Chassis.
11. Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury.
12. COLLISION PREVENTION ASSIST may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the

curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.

13. Unsecured cargo can become hazardous in a collision. Always secure cargo.
14. Sprinter Care Lease is not available in Virginia, Washington and Wisconsin. Program coverage is based upon the terms and mileage of selected lease. All service must be provided by an authorized Mercedes-Benz Sprinter dealership in the U.S.
15. Actual rates, terms, down payment and program eligibility will be determined by the Mercedes-Benz Financial Services Credit Team based upon creditworthiness of customer. Consult your tax or financial advisor for tax and accounting treatment.
16. Extended Limited Warranty (ELW) is not available in all states. Contact your local Mercedes-Benz Sprinter dealer to verify availability.
17. The Sprinter Roadside Assistance Program is available for vehicles covered under warranty and includes such services as towing, jump-start in the event of a dead battery and assistance with the installation of a spare tire. Service charges apply for out-of-warranty vehicles.
18. Versus paying for services as you go. Potential savings vary by dealer.
19. Pre-wiring code EV6 required.
20. Rear view camera does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the camera.
