BUILT

TO LEAD

Ground-breaking. Game-changing.

Over one hundred years of leadership brought us to this. The new Sprinter is an innovative van, with a unique inspiration. It's not about us—it's about you. It's the van you would build. Modular. Customizable. Scalable. With hundreds of variations and solutions so you can create a vehicle that's ready to meet your needs today and tomorrow. It has the brawn to get the job done and the brains to keep you safe, connected, and cost-efficient along the way. Built for you. The new Sprinter. Built in the USA.

120 YEARS OF VAN INNOVATION

1896

Benz company invents the motorized van, dubbed a "combination delivery vehicle."

1929

Introduction of the Mercedes-Benz L 1000 Express van.

1956

Mercedes-Benz introduces the L 319 and reinvents the light truck segment.

1967

Mercedes-Benz introduces the new large-capacity van, the L 406 D.

1977

Mercedes-Benz launches a new light van lineup, internally called the TN or T 1.

1986

Mercedes-Benz presents a new van range, internally called the T 2.

1995

The first-generation Sprinter Van launches in Europe and wins "International Van of the Year."

2006

The second-generation Sprinter enters the European market.

2010

The Mercedes-Benz Sprinter enters the US market.

2015

The mid-size Mercedes-Benz Metris enters the US market.

2018

The new Sprinter brings an entirely new concept to the large van segment.

BUILT

FOR YOU

This is your van.

The new Sprinter is the latest chapter in the Sprinter success story. We took the segment leader in safety to the next level with active and passive technology such as Active Brake Assist,¹ Traffic Sign Assist, ATTENTION ASSIST,² and the segment-exclusive Blind Spot Assist³ with Rear Cross Traffic Alert.⁴ We refined the new Sprinter's operating efficiency even more to keep your total cost of ownership low, and gave you more flexibility by adding a turbocharged gasoline engine with a Best-in-Class 9G-TRONIC 9-speed automatic transmission as standard equipment*.

The new Sprinter's design evolution features a reshaped grille, fenders, and lights, plus a new rear window. The cabin area redefines comfort with ergonomic seats and a redesigned instrument cluster. The new Sprinter takes connectivity into the future with the MBUX (Mercedes-Benz User Experience) Multimedia System and advancements that include wireless internet access, Live Traffic Information, and the Mercedes-Benz Emergency Call System. To monitor your operation, the Mercedes PRO ecosystem will keep you in touch with your business like never before. The new Sprinter is where innovative mobility solutions meet classic Sprinter advantages—for your benefit.

IN THE USA

Built for you. By people just like you.

The new Sprinter is built in the USA at our new factory in North Charleston, SC. It's the result of a \$500 million investment to construct a state-of-the-art facility worthy of manufacturing the most advanced van in the segment. The factory will feature the latest in intelligent production and world-renowned Mercedes-Benz quality control. And, we'll also be building a stronger, smarter economy. The North Charleston factory will create up to 1,300 new job openings for skilled laborers. Our South Carolina plant is an investment in The new Sprinter. And just as importantly, it's an investment in America.

FOR SAFETY

NEW FEATURES

ACTIVE BRAKE ASSIST¹ This advanced system senses the likelihood of a collision with a vehicle ahead and sends both a visual and audible warning followed by initiating autonomous braking.

ACTIVE DISTANCE ASSIST DISTRONIC⁵ This intelligent cruise control system senses traffic conditions and actively controls your speed to keep you at a safe distance.

360° CAMERA⁶ When the Reverse gear is selected, this visual parking aid uses four digital cameras to generate various views of the vehicle's surroundings and show them in real time on the multimedia display.

ATTENTION ASSIST² helps prevent drowsy driving by monitoring your driving patterns and providing an early warning in case fatigue is detected.

TRAFFIC SIGN ASSIST uses a camera to give drivers additional help with identifying speed restriction signs, No Passing Zones, and No Entry signs.

EXISTING FEATURES

CROSSWIND ASSIST⁷ helps stabilize your van and boosts safety in strong, gusting crosswinds. This standard feature helps ensure that your vehicle remains in its lane at highway speeds.

WITH RESCUE ASSISTSM first responders to an accident can scan a QR code in a Mercedes-Benz Van to quickly see where batteries, airbags, and other structural elements are located in order to safely perform the rescue.

LOAD-ADAPTIVE ELECTRONIC STABILITY PROGRAM (ESP)⁸ This dynamic handling system actively intervenes to help keep the van firmly under control and safe by automatically braking individual wheels and reducing engine power to help stabilize the vehicle if wheelspin, understeer, or oversteer is detected.

HILL START ASSIST briefly stops the vehicle from rolling backward or forward, giving you an extra level of safety and confidence when making a hill start. Hill Start Assist maintains brake pressure for approximately two seconds, so you can remove your foot from the brake pedal without rolling.

DRIVER AND PASSENGER AIRBAGS⁹ The driver and passenger front, thorax, and window airbags⁹ help protect you and your passengers in the event of a collision.

Sprinter airbags shown are from Model Year 2014.

HIGHBEAM ASSISTSM adjusts the high- and low-beam headlights automatically, allowing for continuous adaptation to the prevailing traffic situation. The system helps ensure better and earlier recognition of the course of the road.

ENHANCED EXISTING FEATURES

BLIND SPOT ASSIST³ Blind Spot Assist now has Rear Cross Traffic Alert (RCTA)[‡] which employs automatic braking to avoid a collision with traffic crossing the vehicle's path (e.g., vehicles or pedestrians) when reversing.

ACTIVE LANE KEEPING ASSIST¹⁰ can provide you with visual and audible warnings if your van leaves its lane unintentionally. A camera in the windshield monitors the road ahead and helps detect when you may have veered away from lane markings.

BUILT

FOR PERFORMANCE

Built to power your business.

Performance is about having the horsepower, torque, and hauling capabilities to handle whatever you have to do. The new Sprinter gives you that confidence, and the flexibility to choose between two drivetrains. For the first time, we're offering turbocharged muscle and the convenience of gasoline in one package with a 4-cylinder turbocharged gasoline engine mated to an industry-leading 9G-TRONIC 9-speed automatic transmission as standard equipment.*

A 3.0L 6-cylinder turbo diesel engine¹¹ with a 7G-TRONIC Plus 7-speed automatic transmission is also available. If you don't want bad weather or road conditions to stop you from getting to work, we're the only manufacturer in the segment offering an optional 4x4 drivetrain with on-demand 4-wheel drive from the factory.

"...the tried-and-true 3.0-liter V6 turbo diesel...strong pulling power, good fuel economy, and proven longevity."

— KELLEY BLUE BOOK'S KBB.COM*

* From 2014 Mercedes-Benz Sprinter 3500 Cargo Review on Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

THE EFFICIENCY OF DIESEL. THE CONVENIENCE OF GAS. IT'S YOUR CHOICE.

3.0L 6-CYLINDER TURBO DIESEL¹¹

CONFIGURATION:
DOHC
INDUCTION SYSTEM:
Common-Rail-Direct- Injection (CDI)
BORE/STROKE:
83.0 mm/92.0 mm
HORSEPOWER @ RPM:
188 hp @ 3,800 rpm
TORQUE: lb-ft @ RPM:
325 lb-ft @ 1,400–2,400 rpm
TRANSMISSION:
Automatic Transmission, 7G-TRONIC Plus

2.0L 4-CYLINDER TURBO GASOLINE

CONFIGURATION:
DOHC
INDUCTION SYSTEM:
Bosch injection (200 bar)
BORE/STROKE:
83.0 mm/92.0 mm
HORSEPOWER @ RPM:
188 hp @ 5,000 rpm
TORQUE: lb-ft @ RPM:
258 lb-ft @ 2,500–3,500 rpm
TRANSMISSION:
Automatic Transmission, 9G-TRONIC

TORQUE: IT'S WHAT'S INSIDE THAT COUNTS.

Horsepower numbers are fine, but torque is what your van needs to get up to speed. What's also important is the rpm at which the peak torque numbers come in. Notice how The new Sprinter's peak torque comes in at 1,400 rpm—just above an idle. This means that you'll be at peak torque quickly—and moving from a standing stop efficiently.

BUILT

FOR EFFICIENCY

Higher satisfaction. Lower cost of ownership.

When you're looking at a commercial van, there are two cost factors to consider: the cost to buy it, and the cost to own it. The new Sprinter is designed to deliver cost effectiveness that lasts for years. Combine this with the van's legendary durability, and The new Sprinter will keep your day-to-day costs down and your productivity up—ultimately helping your whole company run more smoothly.

In addition to lowering your total cost of ownership, The new Sprinter helps keep drivers efficient and productive with amenities such as:

- Ergonomic seats with lowered sides and lumbar supports
- Comfortable pedal position
- Elimination of display reflections in windscreen
- Optimized noise reduction
- Increased steering wheel adjustability for tall/short drivers
- Multiple rear-step variations

GASOLINE ENGINE

For the first time, The new Sprinter offers a turbocharged 4-cylinder gasoline engine with Direct Injection and 258 lb-ft of torque as standard equipment.*

EFFICIENT DIESEL ENGINE¹¹

With turbocharged power, 325 lb-ft of torque, and diesel fuel economy, The new Sprinter's impressive 6-cylinder engine delivers power and durability in one compact package.

7G-TRONIC PLUS 7-SPEED AUTOMATIC TRANSMISSION

The low first gear and overdrive high gear in The new Sprinter's 7-speed automatic transmission help you accelerate from a stop and conserve fuel on the highway.

9G-TRONIC 9-SPEED AUTOMATIC TRANSMISSION

This transmission is a first for the segment and features rapid response, a smooth transition between gears, and efficient highway driving.

UP TO A 20,000-MILE SERVICE INTERVAL¹²

The new Sprinter's Best-in-Class service intervals of up to 20,000 miles¹² for diesel, and up to 15,000 miles¹² for gas keep you on the road, raising productivity and lowering the total cost of ownership.

**The Sprinter won the 2018 ALG
Residual Value Award.¹³**

*Gasoline engine not available on all models.

BUILT

FOR CONNECTIVITY

Making your job easier.

Mercedes PRO connect¹⁴ is the first of several Mercedes PRO solutions. It works harder to make your job easier—intelligently connecting fleet managers, drivers, and vehicles to increase the efficiency and productivity of your company in the long run.

Mercedes PRO connect is standard on every new Sprinter.

3 BUNDLES FOR EVERY CONNECTIVITY NEED

OPTIMIZED ASSISTANCE

- Services Included:
- Accident and Breakdown Management
 - Emergency Call System¹⁵
 - Live Traffic Information¹⁶
 - Car-to-X Communication¹⁷
 - Software Updates¹⁸
 - Internet in the Car¹⁹
 - Maintenance and Repair Management²⁰
 - Online Map Update²¹
 - Navigation Functions²²
 - Multimedia Functions²³

EFFICIENT FLEET MANAGEMENT

- Services Included:
- Remote Control²⁴
 - Vehicle Supervision²⁵
 - Eco Monitor
 - Vehicle Operations²⁶
 - Fleet Communications incl. Send2Car²⁷
 - Digital Driver's Log²⁸
 - Digital Trip Management
 - Theft Warning²⁹

DATA INTERFACE MERCEDES-BENZ VANS

- Services Included:
- Vehicle Data Interface extended
 - Vehicle Data Interface light

MERCEDES PRO CONNECT IS MADE UP OF THE FOLLOWING ELEMENTS

MERCEDES PRO CONNECT APP³⁰ —the direct line to the driver.
The driver can now easily access valuable vehicle and job-related information.

VEHICLE MANAGEMENT TOOL³¹ —the control center.
The fleet manager's customized hub of connectivity that provides a comprehensive overview of fleet resources—simplifying logistics and increasing productivity.

COMMUNICATION MODULE³² —standard in every new Sprinter.
This is the central point of contact that ensures the broadest range of connectivity, quickly transmitting data with the permanently installed 4G LTE SIM card.

BENEFITS AT A GLANCE

FOR THE BUSINESS OWNER

- **Increase overall business efficiency**
- **Easy location of a stolen vehicle** through the Vehicle Management Tool, which shows the vehicle's current position
- Potential for a reduction in fuel consumption and therefore **lower fuel costs**

FOR THE DRIVER

- **Effective assistance** in case of an emergency
- **Makes work easier** as vehicle remote control also works when the vehicle key is not available
- **More efficient working procedures** as addresses can be directly adopted into the vehicle's navigation system for **faster arrival**

FOR THE FLEET MANAGER

- **Integration into multi-brand** vehicle management systems
- **Clear overview** of the fleet as each vehicle's information is clearly shown in the Vehicle Management Tool
- **Trips can be planned more efficiently** and at shorter notice as the fleet manager has all the current data available at a glance

BUILT
WITH INFOTAINMENT

More than a van — a mobile workspace.

Spend just a moment with its state-of-the-art infotainment system, and you'll know that The new Sprinter was built for you. All the options and controls are placed in "functional islands" and logically incorporated into the overall design of The new Sprinter's cabin, making every action smooth, intuitive, and economical. The results are fewer driver distractions and increased efficiency and productivity.

THE NEW SPRINTER INFOTAINMENT SYSTEM FEATURES:

CHARGING OPTIONS are strategically located on the dashboard and include USB-C ports, wireless, and 12V chargers.

LIVE TRAFFIC INFORMATION provides traffic data in real time for more efficient traveling to and from work.

SMARTPHONE INTEGRATION FOR APPLE CARPLAY® AND ANDROID™ AUTO as well as Bluetooth® capability are now available in The new Sprinter.

THE WIRELESS INTERNET ACCESS is a highly stable connection that allows the use of mobile devices in the vehicle.

MERCEDES-BENZ EMERGENCY CALL SYSTEM sends out an automatic emergency call for faster arrival of rescue services.

THE INNOVATIVE MBUX (MERCEDES-BENZ USER EXPERIENCE) delivers content from navigation to entertainment and includes optional LINGUATRONIC "Hey Mercedes" voice control and what3words, our geocoded map system.

7" AND 10.5" TOUCHSCREENS
For the first time, display screens that are activated via touch, voice control, or touch buttons on the steering wheel are available on The new Sprinter.

FOR SUCCESS

SPRINTER CARGO

The new Sprinter Cargo Vans are available in 1500, 2500, 3500, 3500XD, and 4500 series.

SPECIFICATIONS

Maximum effort.

Whatever your work demands are, The new Sprinter Cargo Van gives you the flexibility to create a configuration to meet your exact needs. To make sure we have what you're looking for, we've added a 1500 and 4500 series to the lineup. The 1500 is a lighter-duty model that delivers big-time productivity. For serious hauling capability, the 4500 model will handle your heaviest jobs. There's also a 2500, a 3500, and a 3500XD model. Whichever you choose, the service intervals of up to 20,000 miles¹² for diesel and up to 15,000 miles¹² for gasoline will keep your productivity high and your cost of ownership low.

Available on the Single tire models, this wheel arch covering's square shape and flat top provide extra storage opportunities, as well as protection for the wheel arch.

The rear doors feature new hinges with self-locking mechanisms.

LED strip lighting improves cargo-loading vision.

New pallet bracing and tie-downs help when hauling cargo with unusual sizes and shapes.³⁴

The new Sprinter 4500 model sets a new benchmark for payload capacity of up to 6,735 lbs.

SPRINTER CREW

The new Sprinter Crew Vans are available in 2500, 3500, 3500XD, and 4500 series.

SPECIFICATIONS

Carrying you forward.

Once again, we've created a van to fulfill a specific need. The new Sprinter Crew Van is the only factory crew configuration in its class. It seats up to five and still has room for material or cargo. To fulfill the need for power and the desire for the convenience of gasoline, a 4-cylinder turbocharged gasoline engine with a Best-in-Class 9G-TRONIC 9-speed automatic transmission is now standard equipment.* A V6 turbo diesel engine¹¹ with a 7G-TRONIC Plus 7-speed Automatic Transmission is also available.

The removable 3-seat bench is covered in durable upholstery and gives your crew a roomy, safe, and comfortable ride.

In addition to seating for up to five people, The new Sprinter Crew Van features ample cargo space.

SPRINTER PASSENGER

The new Sprinter Passenger Vans are available in 1500 & 2500 series.

SPECIFICATIONS

Seats 15. Stands alone.

Looking to carry more passengers? The new Sprinter accomplishes that in a big way with totally new seating for up to 15 people, and provides an experience every one of them will enjoy. USB-C ports can keep them connected, and the spacious rear storage area provides ample room for luggage. All the while, you'll know that they're protected by a level of safety only Mercedes-Benz can deliver.

The new Sprinter Passenger Van now offers seating for up to 15 adults.

An impressive interior standing height of up to 6'3" provides greater passenger comfort with plenty of room to move.

Roof air conditioning comes in two output levels, including a high-performance air conditioner.

The ergonomic rear seats have individual headrests and an available reclining option.

The maximum 69.8" floor width and generous legroom mean there's plenty of room to sit and stretch out.

**SPRINTER CAB
CHASSIS/CUTAWAY**

The new Sprinter Cab Chassis/Cutaway Vans are available in 3500XD & 4500 series.

SPECIFICATIONS

Built for your future.

A successful future starts with a strong foundation. That's exactly what The new Sprinter Cab Chassis/Cutaway gives you. From a box truck to a technologically advanced RV, its flat unobstructed frame rails let you design virtually anything you'd like. Motivation for your plans comes from the powerful and efficient V6 turbo diesel engine¹¹ with a 7G-TRONIC Plus 7-speed automatic transmission.

Choose between the standard 3500XD model (GVWR of 11,030 lbs.) or the new 4500 model (GVWR of 12,125 lbs.) and build The new Sprinter Cab Chassis/Cutaway that works best for you.

The new Sprinter's flat unobstructed frame rails are the perfect place to bring your vision of the ideal business vehicle to life.

Get your concept up and running.

You have a concept in mind—let a Mercedes-Benz Vans MasterUpfitter build it for you. Our job is to manufacture a van that is ready to fit your ultimate conversion needs. With the Best-in-Class cargo volume of the Sprinter, and the impressive 7,430 lbs. of payload of the Sprinter 4500 Cab Chassis/Cutaway, each Mercedes-Benz Van is a blank canvas on which you can create a design to meet your specific needs. Whether you are in need of a simple work van interior, a mobile veterinarian clinic, or the ultimate RV, Mercedes-Benz Vans is making you mobile and taking your business to new places.

Qualified Upfitters adhere to the Upfitting Guidelines to become part of the Mercedes-Benz Vans MasterUpfitter network. These masters of their trade are committed to the highest engineering standards and levels of customer satisfaction. Working with a MasterUpfitter gives you the flexibility to be creative and the assurance that Mercedes-Benz Vans is here to support your needs. **Find your MasterUpfitter today.**

Your one stop for productivity.

You're the expert in your trade, and your van is the tool with which to get the job done. MasterSolutions™³⁶ allows you to quickly configure your van and order directly via your Mercedes-Benz Vans dealer to get you exactly the van you want right when you need it, so you can concentrate on finishing the job.

Build your van now or get inspired by visiting the [MasterSolutions™³⁶ Configurator](#).

MasterSolutions™³⁶ providers Auto Truck, Knapheide, and TransitWorks bring you a portfolio of turnkey solutions for your specific line of business—HVAC, Plumbing, Electrical, Telecommunication, Contracting, Delivery, Refrigeration, Food Services, and People Moving—all at a preferred price. These preconfigured solutions from industry-leading manufacturers are customized to fit your Mercedes-Benz Van. The ordering process is streamlined, and installation is simple: all MasterSolutions™³⁶ can be fitted directly as Ship-Thru, right next to our factory in South Carolina, which saves you time and ensures seamless integration, quick delivery, and consistent quality.

innovative solutions

Finance solutions.

Through Mercedes-Benz Financial Services, we offer a variety of financing products and solutions with flexible benefits tailored specifically to meet the needs of your business.³⁷

For more information, visit www.mbvans.com/sprinter/shopping-tools/finance-solutions

RETAIL LOAN

These simple-interest, fixed-payment packages lock in interest rates and can include van and upfit equipment, as well as aftermarket products, in one contract.

FMV LEASE

A closed-end lease agreement is also known as a “walkaway lease,” since the lessee can simply turn in the vehicle and walk away at lease maturity after meeting all contractual obligations, subject to certain return conditions and mileage restrictions.

TRAC LEASE³⁸

A Terminal Rental Adjustment Clause (TRAC) lease³⁸ doesn’t require any acquisition fee, up-front payment, or excess mileage charges, and lease payments may be expensed against income. Owners are responsible for the residual value of the vehicle.

We have your back.

VanCARE is a promise to our customers to deliver genuine parts, superior service, and unparalleled commitment to getting you back on the road as quickly as possible. We know that for you, it isn’t a van – it’s a tool you need to make a living.

ROADSIDE ASSISTANCE³⁹

All Mercedes-Benz Vans come standard with our 24-hour Roadside Assistance Program³⁹ and expert advice 24/7 through the Mercedes-Benz Customer Assistance Center, providing you with peace of mind and help when you need it most.

ServiceCARE — Service solutions built for you

Whether it’s a maintenance service, unexpected warranty work, or now a wear and tear repair, our ServiceCARE products are customized solutions for you. You can now focus on your business with your vehicles always in top shape, minimizing your uptime and maximizing your financial cost control.

**Complete**
The all-inclusive service package

☒ Service ☒ Repair ☒ Wear & Tear

If you require comprehensive additional protection for your van, look no further than our Complete product. This package covers all workshop work, including wear and tear repairs. The vehicle is ready for action when you need it, and you keep costs safely under control.

**Extended Limited Warranty (ELW)** ☐ Service ☒ Repair ☐ Wear & Tear
More warranty. More certainty.

The Extended Limited Warranty product offers you greater coverage for mechanical, electrical, and electronic components. It protects you against unforeseen repair costs, and without any deductibles, you get the benefit of predictable and attractive conditions.

**Maintenance (PPM)**
Keeping your van in top shape

☒ Service ☐ Repair ☐ Wear & Tear

Regular and accurate checking of the most important vehicle parts and functions ensures that your van continues to deliver outstanding performance and reliability. Maintenance prevents unnecessary repair costs and keeps downtime minimal.

ADDITIONAL STANDARD FEATURES (CARGO)																	
						1500	2500	3500	3500XD	4500		1500	2500	3500	3500XD	4500	
MECHANICAL																	
• Aux. fuel sending unit with fuel tap**						X	X	X	X	X	• Cable duct – side-wall	X	X	X	X	X	• Stabilization Level I
• Axle ratio 3.923**							X				• Front axle reinforced						• Stabilization Level II
• Axle ratio 4.182 (standard on 2500 gas models only)						X	X	X	X	X	• Omission bulkhead	X	X	X	X	X	• Tire pressure monitoring lamp
• Cable duct – rear portal						X	X	X	X	X	• Speed limitation, 65 mph					X	
INTERIOR																	
• Interior lights, cargo compartment						X	X	X	X	X	• Wood floor deletion	X	X	X	X	X	
EXTERIOR											TIRES & WHEELS						TIRES & WHEELS (CONTINUED)
• 3rd brake light						X	X	X	X	X	• 5.5 J x 16 steel wheels			X	X	X	• Tires LT 215/85 R16
• High roof								X			• 6.5 J x 16 steel wheels	X	X				• Tires LT 245/75 R16
• Rear doors, 180° opening						X	X	X	X	X	• Dual rear wheel tires			X	X	X	
• Rear mudflaps						X	X	X	X	X	• Spare wheel	X	X	X	X	X	
• Sliding door, passenger side						X	X	X	X	X	• Spare wheel bracket below frame	X	X	X	X	X	• SAFETY & SECURITY
																	• Longitudinal member reinforcement
																	• Rearview camera (rearview mirror display)

OPTIONAL FEATURES (CARGO)						1500	2500	3500	3500XD	4500		1500	2500	3500	3500XD	4500	
MECHANICAL																	
• 12V power outlet, rear compartment						X	X	X	X	X	• AGM battery 12V 95Ah 850A	X	X	X	X	X	• Front axle reinforced (standard on 4500 model)
• 115V socket						X	X	X	X	X	• Axle ratio 3.923**			X	X	X	• Fuel gauge, optimized for aux. fuel tap**
• Additional bar for driveshaft & exhaust extension						X	X	X	X	X	• Axle ratio 4.182 (optional on 2500 diesel models only)		X				• Misfueling prevention for diesel
• Additional battery for retrofit consumers, driver seat base						X	X	X	X	X	• Backup alarm	X	X	X	X	X	• Omission of D-Rings
• Additional battery for retrofit consumers, engine compartment						X	X	X	X	X	• Cruise control	X	X	X	X	X	• Parametric Special Module (PSM)
• Additional DIN-slots						X	X	X	X	X	• Cutoff relay for additional battery	X	X	X	X	X	• Speed limitation, 65 mph (standard on 4500 models)
											• Deactivation lamp monitoring failure	X	X	X	X	X	• Stabilization Level II
											• Electric parking brake	X	X				• Suspension for comfort and load protection
											• Engine oil level display at cold start**	X	X	X	X	X	• Top speed limitation, 75 mph
SEATING																	
• Artico Man-made Leather Black						X	X	X	X	X	• Heated driver seat	X	X	X	X	X	• Heated front passenger seat
• Fabric, Caluma Black						X	X	X	X	X							

INTERIOR																	
• 2nd row, fixed window, driver side						X	X	X	X	X	• Electrically heated windshield	X	X	X	X	X	• Pallet support in sliding door step
• 2nd row, fixed window, passenger side						X	X	X	X	X	• Fixed sunroof (rear roof section)	X	X	X	X	X	• Rear cabin heater & vents
• Acoustic Package						X	X	X	X	X	• Floor covering, plastic	X	X	X	X	X	• Rear doors, opening to side-wall
• Assist handle, B-pillar						X	X	X	X	X	• Fuel-fired heater booster (17,000 BTU)**		X	X	X	X	• Rear heater prep
• Assist handle, left rear door						X	X	X	X	X	• Fuel-fired pre-heater/booster (17,000 BTU)**	X	X	X	X	X	• Rear window defroster
• Assist handle, right rear door						X	X	X	X	X	• Half height load compartment trim	X	X	X	X	X	• Roof fan, electric
• Cab rear wall liner						X	X	X	X	X	• Heat insulation, front compartment	X	X	X	X	X	• Satellite radio
• Cargo lashing rails, head height						X	X	X	X	X	• Heat insulation, rear compartment	X	X	X	X	X	• Shelving prep
• Cargo partition						X	X	X	X	X	• Hinged lid for storage compartment	X	X	X	X	X	• Side-wall paneling full hardboard
• Cargo partition with one window						X	X	X	X	X	• Illuminated front exits	X	X	X	X	X	• Side-wall paneling waist height PVC
• Cargo straps, D-rings ¹⁵						X	X	X	X	X	• Instrument cluster with color display	X	X	X	X	X	• Storage compartment above cabin
• Cargo straps, lashing rails ¹⁵						X	X	X	X	X	• Keys, two additional masters	X	X	X	X	X	• THERMOTRONIC automatic climate control
• Charging Package, dashboard						X	X	X	X	X	• Lashing rails, floor-level (plus four anchors)	X	X	X	X	X	• Tray for smartphones incl. wireless charging
• Cigarette lighter & ash cup, front						X	X	X	X	X	• Lashing rails, waist-level	X	X	X	X	X	• Wood floor with six D-rings ¹⁵
• Coat hooks in driver cabin						X	X	X	X	X	• Light/motion sensor in rear compartment	X	X	X	X	X	
• DEF fluid filler cap – lockable						X	X	X	X	X	• Multifunction steering wheel	X	X	X	X	X	
• Door-mounted assist handle, driver & passenger						X	X	X	X	X	• Optional 3-button keys	X	X	X	X	X	
• Door sill – protective edge						X	X	X	X	X	• Overhead storage slot, front center	X	X	X	X	X	
EXTERIOR											TIRES & WHEELS						
• Black tinting (90%) for rear windows						X	X	X	X	X	• Heated rear window(s) with washers/wipers	X	X	X	X	X	• 285/65 R 16 C SUPER-SINGLE-TIRES (Super Single)
• Bumpers front/rear primed						X	X	X	X	X	• High roof (standard on 3500)	X	X				• Light-alloy wheels 6.5 J x 16
• Bumper step, rear, Grey						X	X	X	X	X	• Mounting rails for roof rack	X	X	X	X	X	• Loadable wheel arch
• Bumper step, rear, spring-loaded** [†]						X	X	X	X	X	• Opening limiter, electrically operated sliding door	X	X	X	X	X	• M+S winter tires
• Deletion of “model” badge, right rear door						X	X	X	X	X	• Painted metallic front & rear bumper	X	X	X	X	X	• Rims painted Arctic White
• Deletion of Sprinter badge, left rear door						X	X	X	X	X	• Primed side moldings	X	X	X	X	X	• Rims painted Jet Black
• Elec. closing assist left sliding door (soft close)						X	X	X	X	X	• Sliding door, driver side	X	X	X	X	X	• Spare tire carrier deletion
• Elec. closing assist right sliding door (soft close)						X	X	X	X	X	• Sliding door, right-side deletion	X	X	X	X	X	• Spare wheel deletion
• Electric sliding door right						X	X	X	X	X	• Sliding door, two-stage opening	X	X	X	X	X	• Steel wheels: 8.5 J x16 Rr; 6.5 J x16 Fr (Super Single)
• Electric sliding step						X	X	X	X	X	• Step, wide, at rear end	X	X	X	X	X	• Tire Brand Continental
• Electrically folding exterior mirrors						X	X	X	X	X	• Trailer crossmember 7,500-lb. capacity		X	X	X	X	• Tire Brand Kumho
• Fixed window center left						X	X	X	X	X	• Trailer hitch, 5,000 lbs. (Available only for 170" EXT on 3500, 3500XD & 4500 models)	X	X	X	X	X	• Tire Brand Michelin*
• Fixed window center right						X	X	X	X	X			X	X	X	X	• Wheel chocks
• Half-sided step rear (for trailer hitch)						X	X	X	X	X	• Windows in rear doors	X	X	X	X	X	• Wheelhouse covering
SAFETY & SECURITY											OPTIONAL PACKAGES						OPTIONAL PACKAGES (CONTINUED)
• Active Distance Assist DISTRONIC® ⁶⁵						X	X	X	X	X	• Bench Seat Package	X	X	X	X	X	• Heavy-Duty-Cargo Protection Package
• Blind Spot Assist ³						X	X	X	X	X	• Cargo Convenience Package	X	X	X	X	X	• Premium Package
• Emergency flashlight						X	X	X	X	X	• Cargo Protection Package	X	X	X	X	X	• Premium Plus Package
• First-aid kit						X	X	X	X	X	• Chrome Grille Package	X	X	X	X	X	• Swivel Seat Package
• Fog lamp with cornering light function						X	X	X	X	X	• Comfort Package	X	X	X	X	X	
• Parking Package						X	X	X	X	X	• Comfort Plus Package	X	X	X	X	X	
• Parking Package with 360° camera						X	X	X			• Driver Convenience Package	X	X	X	X	X	
• Security alarm with interior motion sensor						X	X	X	X	X	• Exterior Lighting Package	X	X	X	X	X

SPRINTER PASSENGER

ADDITIONAL STANDARD FEATURES (PASSENGER)		1500	2500		1500	2500		1500	2500
MECHANICAL									
• Additional bar for driveshaft & exhaust extension		X	X	• Front axle reinforced (standard on 2500 170" WB models only)		X	• Suspension for comfort & load protection	X	X
• Axle ratio 3.923*			X	• Rear spring vibration absorbers	X	X	• Tire pressure monitoring lamp	X	X
• Axle ratio 4.182 (standard on 2500 gas models only)		X	X	• Stabilization Level I	X	X			
SEATING									
• Aisle-side armrest		X	X	• Storage net, driver seat backrest	X	X	• Three-seater bench in passenger compartment, second row (narrow)	X	X
• Four-seater bench in passenger compartment, third row**		X	X	• Storage net, passenger seat backrest	X	X			
• Four-seater bench in passenger compartment, fourth row***		X	X	• Three-seater bench in passenger compartment, first row (narrow); includes ISOFIX	X	X	• Three-seater bench in passenger compartment, third row (narrow)***	X	X
• Luxury interior trim with USB-sockets		X	X				• Wall-side armrest	X	X
							• Window pillar trim	X	X
INTERIOR									
• 12V power outlet, rear compartment		X	X	• Front-to-rear outlet in instrument panel	X	X	• Rear window defroster	X	X
• Air conditioning rear, roof-mounted		X	X	• Fuel-fired heater booster (17,000 BTU)*		X	• Sliding door, passenger side	X	X
• Assist handle, B-pillar		X	X	• Heat insulation, front compartment	X	X	• Storage compartment with net in rear doors	X	X
• Audio systems speakers, 5 front, 8 rear		X	X	• Heat insulation, rear compartment	X	X	• Warm/cool air duct to rear compartment	X	X
• Coat hooks in passenger compartment		X	X	• Hinged lid for storage compartment	X	X	• Weight-optimized plastic floor	X	X
• Cupholders, Front		X	X	• Illuminated front exits	X	X	• Window pillar trim	X	X
• FMVSS 217 emergency exit		X	X	• Rear cabin heater & vents	X	X			
EXTERIOR									
• 2nd row, fixed window, passenger side		X	X	• High roof	X	X	• 6.5 J x 16 steel wheels	X	X
• 3rd brake light		X	X	• Laminated glass rear	X	X	• Spare wheel	X	X
• Black tinting (90%) for rear windows		X	X	• Rear doors 180° opening	X	X	• Spare wheel bracket below frame	X	X
• Fixed window, center left***		X	X	• Rear mudflaps	X	X	• Tires LT 245/75 R16	X	X
• Fixed window, center right***		X	X	• Roof trim	X	X	• Wheelhouse covering	X	X
• Fixed window, rear left		X	X	• Tow hook rear	X	X			
• Fixed window, rear right		X	X	• Windows in rear doors	X	X			
SAFETY & SECURITY									
• Longitudinal member reinforcement		X	X	• Rearview camera (rearview mirror display)	X	X			
OPTIONAL FEATURES (PASSENGER)		1500	2500		1500	2500		1500	2500
MECHANICAL									
• Additional battery for retrofit consumers, co-driver seat base**		X	X	• Cutoff relay for additional battery	X	X	• Misfueling prevention for diesel		X
• Additional battery for retrofit consumers, engine compartment**		X	X	• Deactivation lamp monitoring failure	X	X	• Parametric Special Module (PSM)	X	X
• Additional DIN-slots		X	X	• Electric parking brake	X	X	• Speed limitation, 65 mph	X	X
• Axle ratio 4.182 (standard on 1500 & 2500 Gas Models)			X	• Engine oil level display at cold start*		X	• Top speed limitation, 75 mph	X	X
• Cruise control		X	X	• Fuel gauge, optimized for aux. fuel tap*		X			
SEATING									
• Artico Man-made Leather Black		X	X	• Heated driver seat	X	X			
• Fabric, Caluma Black		X	X	• Heated front passenger seat	X	X			
INTERIOR									
• 115V socket		X	X	• Electrically folding exterior mirrors	X	X	• Optional 3-button keys	X	X
• Acoustic Package		X	X	• Electrically heated windshield	X	X	• Overhead storage slot, front center	X	X
• Assist handle, left rear door		X	X	• Fuel-fired pre-heater/booster (17,000 BTU)*		X	• Rear doors, opening to side-wall	X	X
• Assist handle, right rear door		X	X	• Instrument cluster with color display	X	X	• Rear heater prep	X	X
• Charging Package, dashboard		X	X	• Keys, two additional masters	X	X	• Satellite radio	X	X
• Cigarette lighter & ash cup, front		X	X	• Leather steering wheel	X	X	• THERMOTRONIC automatic climate control	X	X
• Door-mounted assist handle, driver & passenger (standard on 4x4)		X	X	• Multifunction steering wheel	X	X	• Tray for smartphones incl. wireless charging	X	X
				• Navigation	X	X			
EXTERIOR									
• Bumpers front/rear primed		X	X	• Heated & electrically adjustable exterior mirrors	X	X	• Light-alloy wheels 6.5 J x 16	X	X
• Bumper step, rear, Grey		X	X	• Heated rear window(s) with washers/wipers	X	X	• M+S winter tires	X	X
• DEF fluid filler cap - lockable		X	X	• Mounting rails for roof rack	X	X	• Rims painted Arctic White	X	X
• Deletion of "model" badge, right rear door		X	X	• Opening limiter, electrically operated sliding door	X	X	• Rims painted Jet Black	X	X
• Deletion of Sprinter badge, left rear door		X	X	• Painted metallic front & rear bumper	X	X	• Spare tire carrier deletion	X	X
• Elec. closing assist right sliding door (soft close)		X	X	• Primed side moldings	X	X	• Spare wheel deletion	X	X
• Half-sided step rear (for trailer hitch)		X	X	• Sliding door two-stage opening	X	X	• Tire Brand Continental	X	X
				• Trailer hitch, 5,000 lbs.	X	X	• Tire Brand Kumho	X	X
							• Tire Brand Michelin	X	X
SAFETY & SECURITY									
• Active Distance Assist DISTRONIC®5		X	X	• Emergency flashlight	X	X	• Parking Package	X	X
• Backup alarm		X	X	• First-aid kit	X	X	• Parking Package with 360° camera	X	X
• Blind Spot Assist		X	X	• Fog lamp with cornering light function	X	X	• Security alarm with interior motion sensor	X	X
OPTIONAL PACKAGES									
• Chrome Grille Package		X	X	• High-Performance Rear Air Conditioning Package		X			
• Comfort Package		X	X	• Passenger Accessibility Package	X	X			
• Comfort Plus Package		X	X	• Premium Package	X	X			
• Driver Convenience Package		X	X	• Premium Plus Package	X	X			
• Exterior Lighting Package		X	X	• Rear Comfort Package	X	X			

* Not available with gasoline engine.
** 12-seater model only.
*** 15-seater model only.

ENDNOTES

TBD values to be updated at a later date.

Gas engine models available in early 2019. 4x4 models available in early 2019. 170" extended models available in early 2019.

1. Active Brake Assist may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. See Operator's Manual for system's operating speeds and additional information and warnings.
2. Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® may be insufficient to alert a fatigued or distracted driver and cannot be relied on to avoid an accident or serious injury.
3. Blind Spot Assist is a warning system only, and may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It should not be used as a substitute for driver awareness and checking of surrounding traffic conditions. See Operator's Manual for system's operating speeds and additional information and warnings.
4. Rear Cross Traffic Alert is not a substitute for actively checking around the vehicle for any obstacles or people. It may not detect certain objects based on their size, path, proximity or speed and angle of approach, or due to sensor obstruction, and does not control steering angle. See Operator's Manual for additional information, tips and warnings.
5. Active Distance Assist DISTRONIC® is no substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. Braking effectiveness also depends on proper brake maintenance, and tire and road conditions. See Operator's Manual for system's operating speeds and additional information and warnings.
6. Rearview camera does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions, and the presence of dirt, ice, or snow on the camera.
7. Crosswind Assist can engage automatically when sensing dangerous wind gusts at highway speeds exceeding 50 mph. Performance is limited by wind severity and available traction, which snow, ice, and other conditions can affect. Always drive carefully, consistent with conditions.
8. No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice, and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
9. Warning: the forces of a deploying airbag can cause serious or fatal injuries to a child under age 13. The safest seating position for your child is in a rear seat, belted into an appropriate, properly installed child seat, or correctly wearing a seat belt if too large for a child seat. See Operator's Manual for additional warnings and information on airbags, seat belts, and child seats.
10. Active Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury.
11. Requires the use of ultra-low-sulfur diesel fuel. Mercedes-Benz Sprinters are approved to use B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content). The only approved biodiesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz Vans New Vehicle Limited Warranty does not cover damage caused by fuel standards not approved by Mercedes-Benz Vans.
12. Driver is responsible for monitoring fluid levels and tire pressure between service visits. See Maintenance Booklet for details.
13. MY18 Sprinter is the 2018 ALG Residual Value Award winner in the Fullsize Commercial Van segment. ALG is the industry benchmark for residual values and depreciation data, www.alg.com.
14. Mercedes PRO is available for the Contiguous US, Hawaii, and Alaska with The new Sprinter (as from MY 19). Contact an authorized Mercedes-Benz Vans dealership for more information.
15. When the Emergency Call System is triggered, the following data are automatically transmitted: vehicle identification number, GPS position, direction of travel, time of the emergency call, language setting, and number of occupants in the cab. The Emergency Call System is activated from the moment the vehicle is delivered to the customer following a sale. No separate terms of use have to be accepted. The Communication Module for Digital Services and the emergency call button are necessary for use of the Emergency Call System service.
16. The information from this service is shown on the touchscreen of the multimedia system. Live Traffic Information can only be used in conjunction with the MBUX multimedia system with 7-inch touchscreen and navigation or the MBUX multimedia system with 10.25-inch touchscreen.
17. A valid subscription to Live Traffic Information is necessary to use Car-to-X Communication. Car-to-X Communication can only be used in conjunction with the MBUX multimedia system with 7-inch touchscreen and navigation or the MBUX multimedia system with 10.25-inch touchscreen. Only the data of vehicles directly affected by the event and equipped with Car-to-X Communication are processed, therefore you may not always receive a timely warning of hazards through this system.
18. Update times, content, and installation times can vary. These are activated when the vehicle is delivered. Updates to the Communication Module (LTE) are automatic, as otherwise certain applications might no longer work. You can access the current status of the software versions in your vehicle via the Mercedes PRO Portal.
19. The wireless Internet in the Car is provided by AT&T and created via an integrated SIM card. A contract must be made with AT&T in order to access data services, and this contract can be made via the Mercedes PRO Portal or infotainment system. In addition to a data contract with AT&T, either an MBUX multimedia system with 7-inch touchscreen and navigation or satellite radio or the MBUX multimedia system with 10.25-inch touchscreen is required for the Internet in the Car service. Additional costs may apply depending on the amount of data used.
20. In order for us to offer you this service, data is transferred from the vehicle to Mercedes-Benz/Freightliner Sprinter. This data includes the vehicle identification number, mileage, service code (A or B), as well as remaining time and mileage until the next service is due and information on the brake system and coolant.
21. The Online Map Update service is only available in conjunction with the MBUX multimedia system with 7-inch touchscreen and navigation or the MBUX multimedia system with 10.25-inch touchscreen. The service must first be activated and the region for the map update selected in the Mercedes PRO Portal.
22. You can only use the Navigation Functions service in conjunction with the MBUX multimedia system with 7-inch touchscreen and navigation or the MBUX multimedia system with 10.25-inch touchscreen. Before use, some of the applications must first be activated via the Mercedes PRO Portal.
23. You can only use the Multimedia Functions service in conjunction with the MBUX multimedia system with 7-inch touchscreen and navigation or the satellite radio or with the MBUX multimedia system with 10.25-inch touchscreen. Before use, some of the applications must first be activated via the Mercedes PRO Portal. For various functions (Internet Radio and Browser), additional data volume is necessary which can be purchased via the Internet in the Car service.
24. The Remote Control function via the Mercedes PRO connect App makes it possible for you to view the status of the doors and windows. The driver is also able to unlock the vehicle using a code via the Mercedes PRO connect App and also check the status of and operate the auxiliary heater. This function is only available in conjunction with an optional auxiliary heater (hot-water heater).
25. The available data can vary according to the vehicle model. The tire pressure can only be shown on certain model configurations. Display of the AdBlue® level is only available in conjunction with the optional SCR Generation 3 emissions control and only available with diesel models.
26. To safeguard the driver's privacy, he/she can switch off the vehicle tracking function via the Mercedes PRO connect App when making private journeys or traveling to and from work.
27. Messages from all drivers are visible to the fleet manager. Using the Vehicle Management Tool, he/she can, in turn, contact any driver individually with a message. If the Send2Car function is included in the subscription, a POI can be sent directly to the vehicle's navigation system. The Vehicle Operations service is additionally required to send POIs directly from the Vehicle Management Tool.
28. If you wish to use the Digital Driver's Log for your tax documentation, be sure to verify in advance whether the form and the information provided meets the fiscal requirements of your local tax authority. It provides three categories in which to categorize journeys: business journey, private journey, or commute.
29. The Theft Warning is shown in the chosen communication channel if the vehicle crosses preset geofences in a certain time period or if the optional Security alarm with interior motion sensor system sounds the alarm. Only in conjunction with the optional Security alarm with interior motion sensor.
30. In order to prevent distracted driving, the use of the Mercedes PRO connect App is not permitted while operating a motor vehicle. If used while operating a motor vehicle, there is an increased risk of endangering oneself and others. Please follow your local laws and restrictions.
31. After the Mercedes PRO connect go-live in The new Sprinter, there will be a Vehicle Management Tool for the factory equipped solution and Communication Module.
32. The availability of services in addition to the integrated Communication Module depends on the network coverage of the mobile network provider. The Communication Module (LTE) is not available in the US Virgin Islands or Puerto Rico.
33. Apple CarPlay® is a product of Apple Inc. Android™ Auto is a product of Google Inc. Device and app providers' terms and privacy statements apply. Requires connected compatible device and data plan. Apps, content and features are selected solely by their providers. Connection to apps and streaming services may be limited by the device's network connection. Data usage is routed through device and subject to fees, charges and restrictions in user's wireless plan. Vehicle's factory audio/information interface, including COMAND® navigation, may not be used simultaneously with Apple CarPlay® or Android™ Auto. When Apple CarPlay® or Android™ Auto is in use, the steering-wheel voice control button accesses Siri® or Google voice recognition software for voice commands.
34. Unsecured cargo can become hazardous in a collision. Always secure cargo.
35. Maximum permissible gross weight of the trailer, if the trailer is equipped with a separate functional braking system. Please make sure to comply with local trailer load regulations.
36. MasterSolutions™ program vehicles are custom, special-order only vehicles modified by the MasterSolutions™ provider of your choice. Although the MBUSA warranty does not apply to the modifications, separate warranties offered by the MasterSolutions™ provider may apply. Details are available from your local dealer.
37. Actual rates, terms, down payment, and program eligibility will be determined by the Mercedes-Benz Financial Services Credit Team based upon creditworthiness of customer.
38. TRAC leases are limited to motor vehicles leased to businesses and used at least 50% of the time for business purposes. Consult your tax or financial advisor for tax and accounting treatments.
39. The Mercedes-Benz Vans Roadside Assistance Program is available for vehicles covered under warranty and includes such services as towing, jump start in the event of a dead battery, and assistance with the installation of a spare tire. Service charges apply for out-of-warranty vehicles.
